	Johnson & Johnson Tallaal denovirus (Viral vector)	**Pfizer – BioNTech** Labadaba Pfizer iyo Moderna waa talaalada mRNA	**Moderna**	**Novavax** Tallaalada unugyo hoosaadka borutiinka ah
Imisa kuuro ayaan uga baahanahay taxaneyaasha koowaad ee talaalka? **Waxaad si buuxda u dhameystiraysaa hab difaacaaga 2 todobaad kaddib marka aad dhammaystirato taxaneyaashaada koowaad**	Inta badan dadka **18 sano jirada ah iyo kuwa kasii weyn - 1 kuuro**	Dadka da'doodu tahay **6 bilood-4 sanno - 3 kuuro,** 3 todobaad kaddib midka 1[aad], 8 todobaad kaddib kan 2[aad] Dadka intooda badan **5 jirada iyo wixii kasii weyn - 2 kuuro,** 3-8 todobaad isu jira	**Dadka intooda badan 6 bilood iyo kasii weyn - 2 kuuro,** 4-8 todobaad kala fog	Dadka intooda badan **18 jirada iyo wixii kasii weyn - 2 kuuro,** 3-8 todobaad isu jira
	Dadka **18 sani jirada ah iyo wixii kasii weyn ee difaacooda jirku liito - 2 kuuro,** 1 kuuro oo Johnson & Johnson ah, oo uu daba socdo tallaalka mRNA ugu yaraan 4 todobaad kaddib kuurada koowaad	Dadka **5 sano jirada ah iyo wixii kasii weyn ee difaacooda jirku liito - 3 kuuro,** kuurada labaad 3 todobaad isu jira, kuurada saddexaad oo ugu yaraan 4 todobaad kaddib kan labaad	Dadka **6 sano jirada ah iyo wixii kasii weyn ee difaacooda jirku liito - 3 kuuro,** kuurada labaad 4 todobaad kaddib tan koowaad, kuurada saddexaad oo ugu yaraan 4 todobaad kaddib kan labaad	Dadka **18 sano jirada ah iyo wixii kasii weyn ee difaacooda jirku liito - 2 kuuro,** kuurada labaad 3 todobaad kan koowaad kaddib
Immisa jir ayaan ahada si aan u helo tallaalkan?	18 sano ama ka weyn	6 billood jir ama kasii weyn	6 billood jir ama kasii weyn	18 sano ama ka weyn
Goormee ayaan qaadanayaa kuurada xoojinta ah?	2 bilood kadib kuuradii ugu dambeysay - 18 sanno ama kasii weyn	5 bilood kadib kuuradii ugu dambeysay – inta badan dadka 5 sanno ama kasii weyn	5 bilood kadib kuuradii ugu dambeysay – inta badan dadka 18 sanno ama kasii weyn	Xoojiye looma ogola wakhti xaadirkaan
Cidda ay tahay iney qaadato tallaalka xoojiyaha labaad?	Qof kasta oo da'diisu 18 sanno tahay ama kasii weyn ayaa u qalma xoojiyaha tallaalka mRNA afar bilood kaddib xoojiyaha koowaad	Dadka da'doodu tahay 50+ ama difaacoodu liito - 4 bilood kaddib xoojiyaha koowaad		Xoojiye labaad lama ogola wakhti xaadirkaan
Tallaalkaanu ma kaa difaacayaa noocyada cudurka?	Haa. Ilaa hadda, daraasaduhu waxay muujinayaan in tallaalada la isticmaalayo ay kaa difaacayaan noocyada wareegaya ee cudurka. Saynisyahanadu waxay sii wadi doonaan in ay daraaseeyaan noocyada cudurka ee cusub.
