

# Ta in Uno ñan Monoclonal Antibody?

---

Ñe kwōj pād ilo kauwōtata ñan nañinmej in COVID-19 im emōj an alikkar teej eo ñan COVID-19 ak ñe emōj am epāake juon armij emōj an alikkar teej eo an, kwōmāroñ in aikuj in bōk uno in monoclonal antibody (mAb). Kwōmāroñ in tōprak ñan mAb uno ñan jōlōk COVID-19 ekkar ñan joñan yiiō eo am, ejmour, im joñan to in an pād kakōlle ko ippām.

Uno in mAb emāroñ kabōjrak baerōj eo ej kōmman COVID-19 bwe en deļoñ ilo cell ko am ilo enbwinnim im lale joñan baerōj ilo enbwinnim. Ej melelein ediklak kakōlle ko am im emāroñ in kadiklak am māroñ in aikuj pād wōt ilowaan ojpitōl.

Juon mAb uno emāroñ in jibāñ armij ro rej:

- Pād ilo kauwōtata elap in bōk kakōlle ko relaploḱ **im**
- Alikkar COVID-19 teej ippān kakōlle iumin 7 raan ak ediklak **ak**
- Emōj an epāake joun armij im emōj an kār alikkar teej eo an

## • TA IN MONOCLONAL ANTIBODY?

Enbwinnim ej kōmman māke anitbody ñan irre ippān nañinmej eo. Bōtaab, enbwinnim emāroñ in ejelōk an antibody ko rej kōmman ñan kile juon (ak kāāl) baerōj āinwōt SARS-CoV-2, baerōj eo ej kōmman COVID-19. Monoclonol antibody, ak mAbs, rej kōmman ilo jikin jerbāl ko ñan irre ippān juon nañinmej (ilo case in, SARS-CoV-2) im rej lewaj ñan eok ilo juon uno rekar kārreiki. Uno in mAb emāroñ in jibāñ eok ñe kwōj pād ilo kauwōtata elap ñan kakōlle ko relap ak deļoñ ilowaan juon ojpitōl.

Uno in mAb ej ñan COVID-19 oktak jen juon COVID-19 wā. Wā eo ej kōmman an enbwinnim māroñ in uwaak, ak emāroñ in bōk wiik ñan an kōmman antibody ñan irre ippān juon baerōj. Innem, ñe ewōr am baerōj, uno in mAb ej lelak ñan enbwinnim antibody ko rej aikuj ñan kōjbaroke māke. Uno in mAb ejjab kakāāl aikuj ko ñan bōbrae jen wā eo ak emāroñ in jibāñ eok ñe kwōj pād ilo kauwōtata ñan bōk nañinmej in COVID-19.

## • MONOCLONAL ANTIBODY EMAROÑ IN KE KŌMMAN AŌ NAÑINMEJ?

Antibody uno ko ejelōk baerōj ko rej mour ie, innem ejelōk kauwōtata kwōnij bōk ñe kwōnij nañinmej in COVID-19 jen uno in mAb. Bōtaab, uno in antibody eo emāroñ in wōr men ej walok elikin. Jouj im kōnnaan ippān jikin taktō eo am kin ta emāroñ in walok elikin im ta eo kwōnij kōmmane ñe kwōj ion e.

## • ÑĒ IJJAB MĀROŃ IN TŌPRAK ÑĀN UNO EO EJ JOLŌK BAERŌJ?

Jikin taktō eo emāroŃ kelet ñe kwōjjab māroŃ in tōprak ñān uno eo kwōj idāāk ñān jolŌk baerōj im ejjab jimwe ñān eok. EmāroŃ wōr elōŃ unin ko ñān men in. KwōmāroŃ in jab tōbar aolep aikuj ko, emāroŃ in ewōr am naŃinmej im emāroŃ jab eman im ej kabōjrak am bōke uno in mAb. Kwōn kajjitōk ippān taktō eo aṃ kin bar jet uno.

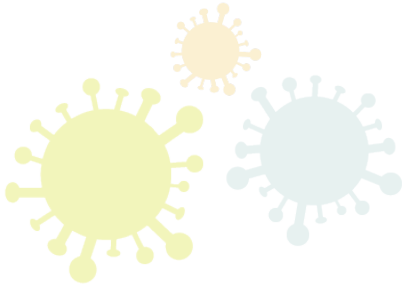

## • ELMEN AŌ MĀROŃ IN BŌK MONOCLONAL ANTIBODY?

BuŃtōn 1: Alikkar COVID-19 teej ippān kakōŃle iumin 7 raan ak ediklak.

BuŃtōn 2: Bōk juon rōjaŃ jen jikin taktō eo am.

BuŃtōn 3: Bukōt juon jikin uno eo ebellŌk.

Ñān bōk uno in mAb rej aikuj in lelak eok jen jikin taktō eo am im kajju ñān ijoko jikin uno ko rej bellŌk. Ñe ejelŌk am jikin taktō, kūrŌk Combat COVID Monoclonal Antibodies Call Center (Jikin Call eo ñān Irre COVID Monoclonal Antibodies) ilo 1-877-332-6585 ñān bukōt wōn eo kwōj kōnnaan ippān kin kakōŃle ko am im uno.

DOH 825-031 March 2022 Marshallese

Ñān kajitōk pepa in ilo juon bar wāwein, kūrŌk 1-800-525-0127. Ro rej jarroŃroŃ, jouj im kurŌk 711 (Washington Relay) ak email <mailto:ecivil.rights@doh.wa.gov>.
