

This crosswalk is a “living document” that is updated periodically to incorporate changes in credentialing requirements and the addition of new health professions. As with secretary-regulated professions, where applicable, health professions regulated by a board, commission and or committee retain final approval authority on the issuance of a credential.

Military Resources

Resource Information for Military Personnel and Their Spouses or Registered Domestic Partners

Washington State Department of Health recognizes the contributions of members of the [U.S. Armed Forces](#), their spouses, and or registered domestic partners, and encourage qualified individuals to seek out credentialing opportunities for employment purposes before, during, and after transition. Please see our [military resources](#) website for more information pertaining.

Health Systems Quality Assurance (HSQA) Division, Office of Health Professions provides regulatory oversight, including registrations, certifications and licensure for over 85 health professions or occupations. Military personnel may be deemed to have met some or all the credentialing requirements through prior military education, training, and experience in one or more listed occupations and may defer to this automated [matrix](#) for program specific information.

Note: “Military” refers to members of the U.S. Armed Forces, including U.S. Public Health Service Commissioned Corps and Space Force.

Licensure Portability for Military Spouses and Registered Domestic Partners of Military Personnel Transferring to Washington

Spouses or registered domestic partners of military personnel being assigned in Washington, who desire entering the workforce more quickly, may be eligible for certain credentials under the Servicemembers Civil Relief Act ([SCRA](#)) better known as the [Professional License or Federal Licensure Portability Act](#), or via Licensure [Compact](#); In addition, they may be eligible for a temporary practice permit ([TPP](#)) when certain credentialing criteria are met. To learn more about expedited application processing please refer to our Military Resources [Frequently Asked Questions \(FAQs\) webpages](#).

Interstate licensure compacts

If a servicemember or spouse of a servicemember is licensed and able to operate in multiple jurisdictions through an interstate licensure compact, with respect to services provided in the jurisdiction of the interstate licensure compact by a licensee covered by such compact, the servicemember or spouse of a servicemember shall be subject to the requirements of the compact or the applicable provisions of law of the applicable State and not this section.

Washington state Licensure Portability Legislation

Enacted state-specific laws previously implemented or currently in progress include codified [chapter 18.340 RCW](#), [Engrossed Substitute Senate Bill \(ESSB\) 5969 \(2011\)](#), [Engrossed Substitute Senate Bill \(ESSB\) 5307 \(2011\)](#), and [2nd Substitute House Bill 1009 \(2SHB\) \(2023\)](#). Finally, as the department continues to implement [2SHB 1724, Sec. 8](#), *Jurisprudence Examinations (JP exams)* may now be waived for certain health professions. Be sure to inquire if unsure.
