Section 2 PROJECT DESCRIPTION

1. Provide the name and address of the existing agency, if applicable.

The name of the existing agency is Continuum Care of Snohomish LLC and the address is:

1000 SE Everett Mall Way Suite 402 Everett, WA 98208

2. If an existing Medicare and Medicaid certified hospice agency, explain if/how this proposed project will be operated in conjunction with the existing agency.

Continuum is an existing Medicare certified and Medicaid eligible hospice agency, which has its main office in Everett. It is licensed to provide hospice services in Snohomish County. Under the ongoing Public Health Emergency (PHE)¹ Continuum has been providing temporary hospice services in Pierce and King Counties. The proposed expansion into Pierce County will be fully integrated into the existing Continuum operations. Additional clinical and administrative staff will be added to continue to serve Pierce County residents in need of hospice services.

3. Provide the name and address of the proposed agency. If an address is not yet assigned, provide the county parcel number and the approximate timeline for assignment of the address.

¹ As declared in Proclamation of Governor Jay Inslee, No. 20-36 (Wash. Mar. 30, 2020), *et. seq.*, and subsequent guidance regarding providing surge services during the ongoing COVID-19 public emergency.

4. Provide a detailed description of the proposed project.

Continuum is proposing to provide Medicare and Medicaid certified hospice services to Pierce County residents and their families so as to support persons with terminal illness in managing pain and maintaining dignity through the end of life. Continuum believes that no level of service is sufficient if those in need cannot access to it. Therefore, while we will provide exceptional, accessible care to the entirety of the general population we also intend to have a strong focus on improving access and reducing disparities in the underserved populations and special populations including but not limited to:

- Racial and ethnic populations
- Veterans
- LGTBQ populations
- Low-income persons (including the dual eligible Medicare/Medicaid)

As the CN Program is aware, Continuum's sister organization Continuum Care of Pierce LLC, which has shared ownership and leadership with Continuum, was one of six applicants that submitted CN applications in January 2021 (CN 21-46). In the CN Program's October 2021 evaluation, the Program concluded that application met all applicable criteria in WAC 246-310-210, 246-310-220 and 246-310-230. The application was only denied in tiebreakers/superiority in WAC 246-310-240.

Beginning in September 2021, Continuum expanded services to Pierce County residents under the PHE, following requests from Pierce County providers unable to locate sufficient and timely end-of-life care for Pierce County residents in need of hospice services. To date, Continuum has served about four patients in Pierce County.

In an effort to be responsive to the demand for hospice services in Pierce County, and in recognition of the efficiency of expanding existing operations rather than commencing services under a new provider entity, Continuum's leadership has elected to submit this application as an expansion of Continuum Care of Snohomish rather than renewing an application through Continuum Care of Pierce LLC. This will allow Continuum to simply add Pierce County to its service area and will not require the same startup time and costs associated with a new agency requiring separate licensure and certification. As such, Continuum will be able to serve Pierce County residents, without interruption, assuming the PHE continues through the 2022 concurrent review cycle and approval of this application in the fall of 2022.

² Continuum Care of Pierce LLC also applied for a certificate of need in January 2020 (CN 20-41). That application was denied. An adjudicative hearing request challenging that denial was filed and remains pending under DOH No. M2020-1077 (consolidated under M2020-1076).

³ Continuum Care of Pierce LLC filed an adjudicative hearing request challenging that denial. It remains pending under DOH No. M2021-924 (consolidated under M2021-922).

5. Confirm that this agency will be available and accessible to the entire geography of the county proposed to be served.

Continuum will be available and accessible to individuals regardless of where they reside in Pierce County.

6. With the understanding that the review of a Certificate of Need application typically takes at least six to nine months, provide an estimated timeline for project implementation, below:

Continuum's estimated timeline for project implementation is as follows:

Event	Anticipated Month/Year
CN Approval	September 2022
Design Complete (if applicable)	NA
Construction Commenced (if applicable)	NA
Construction Completed (if applicable)	NA
Agency Providing Medicare and Medicaid hospice services in the proposed county	January 2023

7. Identify the hospice services to be provided by this agency by checking all applicable boxes below. For hospice agencies, at least two of the services identified below must be provided.

The following services are currently provided by Continuum and will also be provided to Pierce County residents:

X Skilled Nursing	X Durable Medical Equipment (contracted)			
X Home Health/Care Aide	IV Services			
X Physical Therapy (contracted)	X Nutritional Counseling			
X Occupational Therapy (contracted)	X Bereavement Counseling			
X Speech Therapy (contracted)	X Symptom and Pain Management			
X Respiratory Therapy (contracted)	X Pharmacy Services (contracted)			
X Medical Social Services	X Respite Care			
X Palliative Care	X Spiritual Counseling			
X Other (please describe): Music Therapy, Equine Therapy, Virtual Reality Therapy, homemaker services, volunteer services, massage therapy, and pet				

therapy.

8. If this application proposes expanding an existing hospice agency, provide the county(ies) already served by the applicant and identify whether Medicare and Medicaid services are provided in the existing county(ies).

Continuum serves Snohomish County as a CN approved agency. In addition, Continuum is also serving King and Pierce Counties under the PHE.

9. If this application proposes expanding the service area of an existing hospice agency, clarify if the proposed services identified above are consistent with the existing services provided by the agency in other planning areas.

Continuum is CN approved to provide Medicare and Medicaid hospice services in Snohomish County and is serving King and Pierce Counties under the PHE. As noted in response to Question 8, the list of services Continuum proposes to provide in Pierce County is identical to the services provided in Snohomish County.

10. Provide a general description of the types of patients to be served by the agency at project completion (e.g. age range, diagnoses, special populations, etc).

Continuum will serve all patients in need of hospice desiring to be cared for by our Agency. Continuum provides and will continue to provide a full range of hospice services designed to meet the physiological, psychological, social, and spiritual needs of people and their families facing the end of life and bereavement in Pierce County. Continuum will have a special emphasis on serving traditionally underserved populations.

Continuum will initially serve adults, age 18 and over. That said, Continuum's members have both the interest in and proven expertise to provide care for pediatric patients and their families. If the demand exists, we will gladly establish such a program.

11. Provide a copy of the letter of intent that was already submitted according to WAC 246-310-080 and WAC 246-310-290(3).

A copy of the letter of intent is included in Exhibit 3.

12. Confirm that the agency will be licensed and certified by Medicare and Medicaid. If this application proposes the expansion of an existing agency, provide the existing agency's license number and Medicare and Medicaid numbers.

Continuum will amend its existing in-home services license (IHS.FS.61010090) to include Pierce County. Continuum is already Medicare certified (50-1545) and has an existing Medicaid contract (2155142).

Section 3 CERTIFICATE OF NEED REVIEW CRITERIA (WAC 246-310-210)

1. For existing agencies, using the table below, provide the hospice agency's historical utilization broken down by county for the last three full calendar years. Add additional tables as needed.

Continuum began serving patients in March 2020. Therefore, only two years of historical data is available.

⁵ Based on four months of Pierce County operations in 2021 (September through December).

⁶ Based on just over seven months of King County operations (May 21, 2020 through December).

2. Provide the projected utilization for the proposed agency for the first three full years of operation. For existing agencies, also provide the intervening years between historical and projected. Include all assumptions used to make these projections.

The projected utilization is detailed in Table 2:

Specific assumptions include:

ALOS: Continuum assumed the 2022 ALOS would be 57.0 based on current experience. For each subsequent year, the Washington State average from the CN Program's methodology has been assumed (62.12).

Admissions: Continuum will provide hospice care to any Pierce County resident that is eligible and is requesting services. The unmet ADC in Pierce County, per the CN Program's methodology is 111 in 2023, increasing to 165 in 2025. We have assumed a relatively modest share of that unmet need. In addition, this application details our commitment and intent to serve the traditionally underserved.

3. Identify any factors in the planning area that could restrict patient access to hospice services.

Pierce County's population is expected to approach 925,000 by 2022. The Department of Health's 2021 hospice need methodology (included in Exhibit 4) projects need for three additional hospice agencies by 2023, the CN Program's identified planning horizon.

Continuum is committed to serving the entirety of Pierce County, as required by the CN Program. Continuum's managing members have limited experience in Washington State, having just established a new agency in Snohomish County in March 2020. Despite establishing this program during COVID-19, the data to date demonstrates that Continuum Care of Snohomish has exceeded its year one estimates and as of January 2022 had an average daily census of 177; nearly three times the ADC it had in January 2021 (62). And, as noted in earlier sections of this application, Continuum has already served patients in Pierce County.

Pierce County's 2019 Community Health Needs Assessment (CHNA) documents that about a third of the population is nonwhite; 8% live in poverty and nearly 20% speak a language other than English. Life expectancy in Pierce County is slightly less than the State (79.0 vs. 80.3); and Black, American Indian or Alaska Native and Native Hawaiian or Pacific Islander all had life expectancies lower than Asian, Hispanic and white life expectancies. Not surprisingly, cancer is the leading cause of death. Other top causes of death include heart disease, COPD and Alzheimer's disease.

Today, some Pierce County residents, by virtue of payer or ethnicity/race or gender preference can be underserved, and therefore, by definition experience restricted access (perceived or real) —that is groups that have not accessed hospice care at the same rate as the general population. In 2019, our data estimates that had these underserved groups—which include at least the African American, Asian, Native American, dual-eligibles, LGBTQ and the homeless—been served at the same rate as the general population, the incremental patient volume could be as high as nearly 1,000 additional patients. To a lesser extent, it also includes the general Medicare population, as the penetration rate in Pierce County for Medicare is less than the State average.

Further data (2014-2018) from the CDC demonstrates that Pierce County ranks tenth highest (out of 39 Counties), so in the top quartile, for new cancer cases. As shown in Table 3, the Pierce County rate of 468.0 is nearly 6% higher than the State incidence rate of 442.0 (per 100,000). The higher incidence and death rates are compounded by lower use of Hospice. As shown in Table 3 below, Pierce County residents in general, have higher death rates from cancer. While blacks have a lower cancer incidence, they have a higher death rate from cancer. In general, Pierce County resident death rates from cancer are higher than the State as a whole. Yet, as depicted in Table 5 below, hospice use rates are lower for Pierce County residents in comparison to the State.

The WAC based methodology assumes that Pierce County's future utilization (rate per 1,000 residents) for all hospice patients will remain flat, it fundamentally fails to address the documented underservice for selected populations and communities that are described in more detail below.

A. Underserved Medicare populations in Pierce County

Continuum acquired 2019 and 2020 Medicare Fee-For-Service data for Pierce County that demonstrates that hospice utilization for the Medicare Fee for Service population is below the Washington State average and the National median. Table 4 demonstrates this fact. If Pierce County were to achieve the Washington State rate an additional 164 patients would have been served in 2019.

C. Dual eligible Medicare/Medicaid Enrollees

A March 2020 CMS report found that dual eligible individuals have high rates of chronic illness (60% have multiple chronic illnesses) and 18% reported 'poor' health status (compared to 6% of other Medicare beneficiaries)⁷. This report also demonstrates that while dual eligible are only 20% of the Medicare program enrollment, they account for 34% of the costs. There were similar findings for the Medicaid Program (15% of the enrollment but 30% of the cost).

Hospice data for Pierce County from 2019 Medicare FFS beneficiary data indicates that the rate of dual eligible Medicare/Medicaid enrollees electing hospice is 484 per 1,000 deaths; ranking it #19 in the State. In 2020, this rate dropped to 439.4. These rates are lower than the rate for non-dual eligible beneficiaries in Pierce County which was 512 per 1,000 deaths in 2019 and 498.4 in 2020. The dual eligible population, which typically has higher needs has been accessing hospice services at a lower rate for at least the past two years.

Not surprisingly, both Pierce County and Washington State's dual eligible rates were below the national average of 574 per 1,000 deaths in 2019 and this continued in 2020. Pierce County's rate was 85% of the national dual eligible rate in 2019 and 93% of the national rate in 2020 (the first year of COVID). If Pierce County achieved the 2019 national rate an additional 152 residents could have been served in hospice. Conversely, if the target were to achieve national rate for the non-duals, an even higher number would have been served.

While specific data is harder to quantify, Continuum knows from experience that both the homeless and LGBTQ communities are also often underserved. Continuum will have specific programs for both populations. Specific to the homeless population, as soon as Continuum receives CN approval, we will outreach and establish relationships with homeless agencies and the key providers of health care and social and housing supports to the homeless. In 2017, the City of Tacoma declared a public health emergency relating to homelessness. We will request that for any initial consult they attempt to retain the patient at their location until we can send a nurse so that we can assure that hospice is presented to them and they have the option to accept or decline the service.

As the managing members have done in Snohomish County, Continuum will, upon CN approval, also outreach to the LGBTQ community. Continuum is already a member of the Northwest LBGT Senior Care Providers Network (an informal coalition of Senior Care Providers working together to provide advocacy and quality of care for the LGBT seniors of Washington State and as such, is made aware of the need for service to this population in other communities, including Pierce County.

As has been discussed in previous Pierce County applications, Continuum's managing member and leadership team, based on their experience in other communities, know that there is no one size fits all. Continuum now has experience in Washington State. And while this is another county, Continuum will use and modify, as necessary, the tools and practices it successfully implemented in Snohomish County. In addition, Continuum will use its experience outside of Washington State to ensure that it addresses the cultural, health system and other impediments to hospice care that confront the historically underserved communities in Pierce County. Our proven tools deal with specific concrete obstacles long identified by health policy makers and researchers but frequently are not well addressed. Examples include the insensitivity to cultural variations in attitudes towards death and dying, and the frequent difficulty clinicians have communicating about end-of-life issues or the lack of culturally appropriate sources of information and resources within communities. Continuum has learned that these barriers can be confronted and overcome with constant, concerted effort with the application of common sense techniques. Through our best practices outreach model, we will make a difference.

We also know that the development of a racially and culturally diverse workforce is a crucial element in overcoming barriers to unmet needs. While this may appear obvious, it bears stating that workforce composition should reflect the composition of the community. This is a priority for us, and, in other communities in which the managing members established new agencies, we were able to reflect the community in our work force. It is important because it not only facilitates access to service but improves quality of care as well. Continuum will focus its workforce recruitment in Pierce County to be representative of the County's demographics.

Across the board, when Continuum is able to provide CN approved hospice care in Pierce County, Continuum will work directly with community organizations, places of worship and gathering, trusted physicians and other health care providers to deploy specific tools and outreach mechanisms that address populations with unmet needs. Such activities are part and parcel of our program model and our mission and will be employed to improve accessibility for all special populations. Our efforts will ensure that all persons who would benefit from hospice care will have the knowledge and opportunity to choose that option if they so desire. In this way we expect to contribute toward the improvement of the broader system of care in the County, while at the same time meeting the needs of specific persons.

4. Explain why this application is not considered an unnecessary duplication of services for the proposed planning area. Provide any documentation to support the response.

Numeric need for three additional agencies has been identified by the CN Program's methodology and our ADC represents only a percentage of that defined need. Continuum has already begun to meet some of that need through expansion of services under the PHE. And, in fact, Continuum has become aware of the delays in care and other challenges for Pierce County hospice patients as existing agencies are unable to timely meet their needs. Continuum understands that some patients are having to wait up to a week for existing agencies to be able to serve them. To improve access to hospice services, Continuum has admitted all Pierce County patients that it has received referrals for (confirm that this is true). To ensure that Pierce County residents continue to have access to our services, Continuum is seeking CN approval.

Further, Continuum's commitment to outreach to underserved populations and communities described in earlier sections of this application, will result in better end of life care, not unnecessary duplication. We know this work is hard but have realized measurable increases in other communities in which the Members have operated hospice services. This has been accomplished by consistent efforts to break down barriers and educate communities about hospice services in general.

5. Confirm the proposed agency will be available and accessible to the entire planning area.

Continuum will be available and accessible to residents residing throughout the entire County. In fact, Continuum is presently prepared to serve residents throughout the County under the PHE and for as long as the current emergency lasts.

6. Identify how this project will be available and accessible to under-served groups.

The need for additional providers is demonstrated via WAC and the data on Pierce County disparities is both compelling and documented. While serving all, Continuum will focus on the reduction of disparities in access to and use of hospice among certain historically underserved ethnicities, races, and other underserved populations. We will do so by outreach, building trust, developing culturally appropriate services and by assuring our staff is trained and respectful of culture, values, and beliefs.

As outlined in earlier sections of this application, Continuum's Members with their interest and experience establishing new agencies in other communities in the Country, has specifically targeted the underserved. Specifically, Continuum points to its experience in Northern California and Rhode Island (both of which had segments of the population that were underserved.

Related to the African American community, the italic paragraphs below restate information that was included in Continuum's November 30, 2017 application for Snohomish County:

Since Continuum Care Hospice established hospice services in the city of Oakland, California, within just two years of operation, in 2016, the percentage of African American admissions in its Agency was nearly twice that of other hospice providers in the region. Most of its success stems from certain outreach efforts that Continuum Care Hospice has developed and employed, referred to as the "Oakland Program". Specifically, through its Oakland Program, Continuum Care Hospice has cultivated a set of tools and practices to address the cultural, health systems, and other impediments to hospice care that confront underserved populations. These mechanisms deal with specific concrete obstacles long identified by health policy makers and researchers but frequently not well addressed. Examples of common barriers to accessibility include an insensitivity to cultural variations in attitudes towards death and dying, the difficulties clinicians face when communicating about end-of-life issues, and the lack of culturally appropriate sources of information and resources within communities.

While we are aware that these mechanisms will need to be modified to best support Snohomish County, Continuum intends to introduce these same learned proficiencies in Snohomish County. In doing so, we will focus on building trust in African American

population centers and partner with existing community resources that service the African American community i.e. Local chapter NAACP, Churches and Community Centers. For the American Indian community, we will focus on gaining the trust and support of tribal leadership and program staff and embedding tribal consultation into our programs. Cultural sensitivity training will also be a key focus for our staff.

In addition, in other communities Continuum's Members have supported community-based social service organization that advocate and provides program for Western African Immigrants, refugees and other marginalized communities. The Members have also worked with American Indian communities to break down barrier and provide service to their members.

Historically, to evaluate this requirement, the CN Program has evaluated an applicant's admission policies, willingness to serve Medicare and Medicaid patients, and to serve patients that cannot afford to pay for services. Continuum will seek both Medicare and Medicaid certification and has included a charity care allowance in its pro forma.

7. Provide a copy of the following policies:

- Admissions policy
- Charity care or financial assistance policy
- Patient Rights and Responsibilities policy
- Non-discrimination policy

Suggested additional policies include any others believed to be directly related to patient access (death with dignity, end of life, advanced care planning)

The requested policies are included in Exhibit 5.

- 8. If there is not sufficient numeric need to support approval of this project, provide documentation supporting the project's applicability under WAC 246-310-290(12). This section allows the department to approve a hospice agency in a planning area absent numeric need if it meets the following review criteria:
 - All applicable review criteria and standards with the exception of numeric need have been met;
 - The applicant commits to serving Medicare and Medicaid patients; and
 - A specific population is underserved; or
 - The population of the county is low enough that the methodology has not projected need in five years, and the population of the county is not sufficient to meet an ADC of thirty-five.

Note: The department has sole discretion to grant or deny application(s) submitted under this subsection.

There is more than sufficient need to support the approval of this project. Therefore, this question is not applicable.

Section 3 CERTIFICATE OF NEED REVIEW CRITERIA FINANCIAL FEASIBILITY (WAC 246-310-220)

- 1. Provide documentation that demonstrates the immediate and long-range capital and operating costs of the project can be met. This should include but is not limited to:
 - Utilization projections. These should be consistent with the projections provided under the Need section. Include all assumptions.
 - Pro Forma revenue and expense projections for at least the first three full calendar years of operation. Include all assumptions.
 - Pro Forma balance sheet for the current year and at least the first three full calendar years of operation. Include all assumptions.
 - For existing agencies proposing addition of another county, provide historical revenue and expense statements, including the current year. Ensure these are in the same format as the projections. For incomplete years, identify whether the data is annualized.

The requested information is included in Exhibit 6.

- 2. Provide the following agreements/contracts:
 - Management agreement
 - Operating agreement
 - Medical director agreement
 - Ioint Venture agreement

Note, all agreements above must be valid through at least the first three full years following completion or have a clause with automatic renewals. Any agreements in draft form must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

Continuum will not have a management agreement, operating agreement, or a joint venture agreement. However, it will have a medical director agreement and a shared services agreement. A copy of the executed medical director agreement currently in place for the Snohomish operations is included in Exhibit 7 and a copy of the shared services agreement is included in Exhibit 8.

3. Provide documentation of site control. This could include either a deed to the site or a lease agreement for the site.

If this is an <u>existing</u> hospice agency and the proposed services would be provided from an existing main or branch office, provide a copy of the deed or lease agreement for the site. If a lease agreement is provided, the agreement must extend through at least the projection year. Provide any amendments, addendums, or substitute agreements to be created as a result of this project to demonstrate site control.

If this is a new hospice agency at a new site, documentation of site control includes one of the following:

- a. An executed purchase agreement or deed for the site.
- b. A <u>draft</u> purchase agreement for the site. The draft agreement must include a document signed by both entities committing to execute the agreement as submitted following CN approval.
- c. An <u>executed</u> lease agreement for at least three years with options to renew for not less than a total of two years.
- d. A <u>draft</u> lease agreement. For Certificate of Need purposes, draft agreements are acceptable if the draft identifies all entities entering into the agreement, outlines all roles and responsibilities of the entities, identifies all costs associated with the agreement, includes all exhibits referenced in the agreement. The draft agreement must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

Continuum will use its existing site in Everett for its proposed expansion into Pierce County. Included in Exhibit 9 is a copy of the executed lease agreement for the Snohomish County office as well as confirmation that Continuum will be allowed to extend the lease through 2026. The additional years assume (based on the renewal notice in Exhibit 9), 3% escalation each year following the end of the lease. The rent expense has been allocated to the Pierce County operations on a square footage basis. An estimated 1,000 SF is assumed to be used for the Pierce County operations and the rent and operating expenses are allocated proportionately. Lease detail is included in Exhibit 6. Table 6 details the allocation:

Table 6 **Lease Expense Allocation**

Year	Annual Lease and Operating Expenses	Cost Per SF	Allocated Pierce Expense
2023	73,343.18	13.81	13,812.27
2024	77,137.59	14.53	14,526.85
2025	80,537.34	15.17	15,167.11

4. Complete the table on the following page with the estimated capital expenditure associated with this project. Capital expenditure is defined under WAC 246-310-010(10). If you have other line items not listed in the table, include the definition of the line item. Include all assumptions used to create the capital expenditure estimate.

There is no capital expenditure for this project. Therefore, this question is not applicable.

5. Identify the entity responsible for the estimated capital costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for each.

There is no capital expenditure for this project. Therefore, this question is not applicable.

6. Identify the amount of start-up costs expected to be needed for this project. Include any assumptions that went into determining the start-up costs. Start-up costs should include any non-capital expenditure expenses incurred prior to the facility opening or initiating the proposed service. If no start-up costs are expected, explain why.

Since this is the expansion of an existing agency, there are no start-up costs.

7. Identify the entity responsible for the estimated start-up costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for each.

This question is not applicable.

8. Explain how the project would or would not impact costs and charges for healthcare services in the planning area.

Continuum does not expect the project to affect the charges for its services and, importantly, this project will have no effect on billed rates to patients, providers, or payers. Continuum's charges for hospice services are not determined by its capital expenditures nor its initial pre-opening and operating deficits.

As noted in earlier sections of this application, Continuum will focus on the underserved populations. To the extent that these populations currently use higher-cost health care services (ED visits, hospitalizations) that are reduced when they are enrolled in a hospice program, overall costs and charges for health care services will decrease.

The establishment of a new hospice agency that will improve access and availability and target disparities is both the "right thing to do" and consistent with value-based care delivery, Washington's Medicaid transformation efforts (Healthier Washington) and Washington's 2018 *State Health Assessment*. In addition to better access and enhanced equity, studies demonstrate that patients enrolled in hospice were less likely to be hospitalized, admitted to intensive care, or undergo unnecessary invasive procedures.

As the Members have in other markets, Continuum will work with the patient and family to manage the use of aggressive therapies, i.e., radiation for pain management on a case-by-case basis. We also use music, equine, virtual reality, art, massage, aroma, and other therapies to manage pain and symptoms. All these programs have improved the quality of life of the patient and have supported the management of costs.

Further, while not in the pro forma, Continuum intends to establish a palliative care program in Pierce County and will work with existing health care providers to identify patients appropriate for palliative care.

Palliative care programs are designed to support patients that are not yet eligible for, or have not yet requested, hospice care, but have advanced chronic illnesses. Palliative care programs can and do also support patients engaged in curative treatment. The goal of a palliative care program is to keep patients stable and out of the hospital by providing home-based services.

Continuum's palliative care service will provide pain and non-pain symptom management, education to promote patient and family awareness of illness trajectory and treatment choices, and psychosocial and spiritual support. The typical disease group of patients enrolled in palliative care include cancer, COPD, heart failure and dementia. The palliative care team typically provides in-home medical consultation, caregiver support and advance care planning.

Research has found that patients enrolled in palliative care cost less than similar patients who are not in a palliative care program simply because they have fewer hospital visits⁸. Palliative care is also demonstrated to improve quality of life for both the patient and the family. Because of their success in reducing costs and improving patient and family satisfaction, they are increasingly sought out by insurers.

9. Explain how the costs of the project, including any construction costs, will not result in an unreasonable impact on the costs and charges for health services in the planning area.

There is no capital expenditure for this project. Therefore, this question is not applicable.

10. Provide the projected payer mix by revenue and by patients by county as well as for the entire agency using the example table below. Medicare and Medicaid managed care plans should be included within the Medicare and Medicaid lines, respectively. If "other" is a category, define what is included in "other."

Table 7 provides the requested information for Pierce County:

Table 7
Estimated Sources of Revenue by Payer

Payer	Percentage of Gross Revenue
Medicare/Medicare Advantage	88.6%
Medicaid	3.9%
Commercial/VA/TriCare	5.9%
Self-Pay/Other	1.6%
Total	100.0%

Source: Applicant-Assumes all GIP/RESPITE/Continuous is under Medicare

11. If this project proposes the addition of a county for an existing agency, provide the historical payer mix by revenue and patients for the existing agency. The table format should be consistent with the table shown above.

The existing payer mix for the existing Continuum operations is provided in Table 8:

Table 8
Existing Sources of Revenue by Payer

Payer	Percentage of Gross Revenue
Medicare/Medicare Advantage	91.75%
Medicaid	1.2%
Commercial/VA/TriCare	6.6%
Self-Pay/Private	0.45%
Total	100.0%

Source: Applicant-Assumes all GIP/RESPITE/Continuous is under Medicare

12. Provide a listing of equipment proposed for this project. The list should include estimated costs for the equipment. If no equipment is required, explain.

No new equipment is proposed for this project. Therefore, this question is not applicable.

13. Identify the source(s) of financing (loan, grant, gifts, etc.) and provide supporting documentation from the source. Examples of supporting documentation include: a letter from the applicant's CFO committing to pay for the project or draft terms from a financial institution.

This question is not applicable as there are no capital expenditures or start up costs associated with the expansion of services into Pierce County.

14. If this project will be debt financed through a financial institution, provide a repayment schedule showing interest and principal amount for each year over which the debt will be amortized.

There is no debt financing for this project. Therefore, this question is not applicable.

- 15. Provide the most recent audited financial statements for:
 - The applicant, and
 - Any parent entity responsible for financing the project.

No audited financial statements exist for Continuum. Historical financial information for Continuum's operations from March 2020 through November 2021 are included in Exhibit 6.

Section 3 CERTIFICATE OF NEED REVIEW CRITERIA Structure and Process (Quality) of Care (WAC 246-310-230)

1. Provide a table that shows FTEs [full time equivalents] by category for the county proposed in this application. All staff categories should be defined.

Table 9 details the projected FTEs for the first three years of operation for Pierce County only. **Table 9**

2. If this application proposes the expansion of an existing agency into another county, provide an FTE table for the entire agency, including at least the most recent three full years of operation, the current year, and the first three full years of operation following project completion. There should be no gaps in years. All staff categories should be defined.

Table 10 details the requested information for the existing Continuum Care of Snohomish. The years 2023-2025 include the staffing projected for Pierce County.

Table 10 Current and Projected FTEs

3. Provide the assumptions used to project the number and types of FTEs identified for this project.

Table 11 depicts the projected staff to patient ratio. The ratios included in the table are the average ratio across the three-year projection period. Please note that these staffing ratios were determined to be reasonable and consistent with Application requirements in the previous Pierce County applications. Further, these ratios have proven to be accurate and reasonable to date at Continuum Care of Snohomish.

Table 11
Proposed Staff to Patient ADC Ratio

4. Provide a detailed explanation of why the staffing for the agency is adequate for the number of patients and visits projected.

Continuum's staffing was based on a review of the literature, national staffing data, and Continuum's own operating experience. The National Hospice and Palliative Care Organization (NHPCO) provides its members with many tools related to standards and practices for operating a community hospice agency. Continuum's direct patient staffing ratios (RN, HHA, chaplain and MSW) are consistent with, or in most cases better, than the NHPCO national averages. Continuum also depends upon their members' and leaders' experiences in markets when establishing staffing ratios including Continuum Care of Snohomish's recent experience.

5. Provide the name and professional license number of the current or proposed medical director. If not already disclosed under 210(1) identify if the medical director is an employee or under contract.

Continuum's Medical Director will be Don Nguyen, MD. Dr. Nguyen's professional license number is MD60957806.

6. If the medical director is/will be an employee rather than under contract, provide the medical director's job description.

Medical Director Services will be contracted. A copy of the agreement is included as Exhibit 7.

7. Identify key staff by name and professional license number, if known. If not yet known, provide a timeline for staff recruitment and hiring (nurse manager, clinical director, etc.)

Table 12 provides the key clinical staff for Continuum.

Table 12 Key Staff

8. For existing agencies, provide names and professional license numbers for current credentialed staff.

The requested information is included in Exhibit 10.

9. Describe your methods for staff recruitment and retention. If any barriers to staff recruitment exist in the planning area, provide a detailed description of your plan to staff this project.

As has been discussed in earlier sections of this application, while Continuum has begun serving Pierce County under the PHE, it has not begun to fully implement its staff recruitment and retention methods for Pierce County and proposes the following:

In support of our commitment to serving traditionally underserved groups, Continuum also seeks to recruit, employ, and develop a diverse staff of clinicians and caregivers with skill levels appropriate to the functions they will perform. Continuum's members have historically been successful in recruiting using multiple strategies and tools. Each local agency completes daily searches for qualified candidates through the major employment sites, LinkedIn, and their website. We also have hosted job fairs and partnered with job fairs to extend opportunities, and we allow/support staff interested in only part time employment. In markets where there is high demand for positions, we engage with recruiters that specialize in the positions we are hiring for and are familiar with the local market. We have also provided signing bonuses to attract the "in-demand" staff.

Continuum will offer competitive compensation packages (including 401K plans with generous matches), paid time off, a wide selection of health insurance options, dental insurance, vision insurance, life insurance, and excellent work/life balance. Continuum will also offer excellent in-service training and professional development opportunities with the main objective to enable and incentivize staff to work together to benefit patients and their families.

If Continuum is unable to recruit staff with our current tools and normal strategies, we are prepared to use staffing agencies, temporarily borrow staff from other agencies, use traveling staff and/or rely on recruiters to cast a search nationally and relocate nurses to the area.

New staff are provided with training and orientation and work under direct supervision during their initial period of employment. The length of direct supervision is related to their existing level of experience and the judgment of their supervisors.

As a means of employing and supporting citizens of high character, Continuum will focus on employing members of our National Guard and Reserve. In the past, our Members' agencies have been recognized by the Department of Defense and honored with a Patriotic Employer award for these efforts. The award recognizes sustained support (minimum 3 years) of the Guard and Reserve.

Volunteers will also be a critical part of the hospice team. Volunteer recruitment will commence immediately upon receipt of our State license and will include the following:

- We will post on VolunteerMatch.org and Craigslist.org for volunteers interested in making friendly visits to patients to provide companionship and socialization, as well as volunteers who are able to provide art therapy, pet therapy, massage, hair cutting and styling, designing and delivery of flower bouquets, making lap blankets, teddy bears, etc. Presentations will be made to community service organizations regarding Continuum and the volunteer program.
- Depending on the community, we have worked with local colleges and university websites that connect students to volunteer opportunities, particularly for pre-med students, nursing programs, chaplaincy programs, and social work programs.
- In the larger assisted living facilities, volunteer opportunities will be provided to the independent-living residents.

All applicants that apply will be thoroughly screened, undergo a full background check (using a vendor named SappHire Check), and will receive a personal interview. Once selected, volunteer orientation and training will occur as soon as the volunteer is able to schedule.

Upon award of the CN, Continuum will begin recruiting clinical staff. As this is the expansion of an existing agency, Continuum anticipates that it will recruit a clinical director by January 2023. Other staff will be added, as needed, proportionate to patients served. In addition, Continuum has an implementation team set up to help with training and onboarding of new staff. If available, existing Washington State staff will be used to assure a smooth transition.

Finally, Continuum notes for the record that in the October 2021 Pierce County evaluation, the CN Program concluded that Continuum demonstrated the ability and expertise to recruit and retain a sufficient supply of qualified staff.

10. Identify your intended hours of operation and explain how patients will have access to services outside the intended hours of operation.

Continuum's business hours are Monday through Friday from 8:30 a.m. to 5:00 p.m. In addition, a Hospice RN will be available 24 hours a day/7 days per week. Families are able to access the hospice nurse after hours by calling the 24/7/365 triage phone line. Response time is programmed to be 30 minutes or less. This RN will have access to the patient's record and will assist them with any concerns and help manage their symptoms and facilitate any needed additional care.

11. For existing agencies, clarify whether the applicant currently has a method for assessing customer satisfaction and quality improvement for the hospice agency.

Continuum uses a Quality Assessment and Performance Improvement (QAPI) Committee to oversee patient/family/caregiver satisfaction and quality improvement. Continuum will use a similar process for identifying and addressing quality issues and implementing corrective action plans, as necessary. The Administrator will be the chairperson for the Committee and responsible for creating the QAPI culture, environment for change and facilitating quality assessment and performance improvement process. Committee members include:

- Administrator (serves as chairperson)
- Clinical Director
- Medical Director
- 3-5 members of the agency staff

Ad hoc teams may be appointed by the QAPI Committee to participate in quality projects. Team members will be selected depending on the Performance Improvement Project (PIP) problem or issue identified.

The QAPI Committee has the overall responsibility and authority to conduct a confidential review of information for the identification of concerns and trends for negative findings. The completion of tasks may be accomplished through designated individuals or quality project teams. Specific responsibilities include:

- Identify trends in clinical outcomes.
- Evaluation of data related to systems and services offered to patients.
- Monitor new systems and services.
- Monitor customer and patient satisfaction.

12. For existing agencies, provide a listing of ancillary and support service vendors already in place.

Continuum directly provides most of the ancillary and support services needed. But, for other services, it also offers:

- Inpatient Care
- PT/OT/ST/RT/IV therapy
- X-Ray
- Pharmacy
- Durable Medical Equipment
- Medical Supplies
- Laboratory
- Dietary/Nutritionist
- Ambulance
- Biowaste removal
- Specialty therapies

13. Identify whether any of the existing ancillary or support agreements are expected to change as a result of this project.

No existing ancillary or support agreements are expected to change as a result of this project.

14. For new agencies, provide a listing of ancillary and support services that will be established.

Continuum is not a new agency, therefore, this question is not applicable.

15. For existing agencies, provide a listing of healthcare facilities with which the hospice agency has working relationships.

The following is a list of the types of health care facilities that Continuum has working relationships with in Snohomish County and will work with the same types of organizations in Pierce County:

- County Area Agency on Aging.
- Home Care Association of Washington and the National Association for Home Care
- DSHS, Aging and Disability Services
- Home Health and home care agencies
- Nursing Homes, Assisted Living and Adult Family Homes
- VA
- HMOs and other payers
- Washington State and County Veteran's Programs
- County Health Departments
- Area hospitals
- Preferred provider for Aegis Living

16. Clarify whether any of the existing working relationships would change as a result of this project.

No existing working relationships are expected to change as a result of this project. However, Continuum does anticipate that it will expand the entities in Pierce County with which it has working relationships with.

17. For a new agency, provide a listing of healthcare facilities with which the hospice agency would establish working relationships.

Continuum is not a new agency. Therefore, this question is not applicable.

- 18. Identify whether any facility or practitioner associated with this application has a history of the actions listed below. If so, provide evidence that the proposed or existing facility can and will be operated in a manner that ensures safe and adequate care to the public and conforms to applicable federal and state requirements. WAC 246-310-230(3) and (5)
 - a. A criminal conviction which is reasonably related to the applicant's competency to exercise responsibility for the ownership or operation of a hospice care agency; or
 - b. A revocation of a license to operate a health care facility; or
 - c. A revocation of a license to practice a health profession; or
 - d. Decertification as a provider of services in the Medicare or Medicaid program because of failure to comply with applicable federal conditions of participation.

Neither Continuum, its managing members nor the proposed medical director has any history with respect to the items noted in Q18.

19. Provide a discussion explaining how the proposed project will promote continuity in the provision of health care services in the planning area, and not result in an unwarranted fragmentation of services. WAC 246-310-230

There is a need for additional providers demonstrated via WAC and, as noted in other sections of this application, Continuum already serves Pierce County under the PHE. In addition, and consistent with the previous 2021 application, Continuum has provided updated data on Pierce County disparities that continues to be both compelling and documented. While serving all, Continuum will focus on the reduction of disparities in access to and use of hospice among certain historically underserved ethnicities and races. We will do so by outreach, building trust, developing culturally appropriate services and by assuring our staff is trained and respectful of culture, values, and beliefs.

Across the board, when providing hospice care in Pierce County, Continuum has and will continue to work directly with community organizations, places of worship and gathering, trusted physicians and other health care providers to deploy specific tools and outreach mechanisms that address populations with unmet needs. Such activities are part and parcel of our program model and our mission and will be employed to improve accessibility for all special populations. Our efforts will ensure that all persons who would benefit from hospice care will have the knowledge and opportunity to choose that option if they so desire. In this way we expect to contribute toward the improvement of the broader system of care in the County and support collaboration and coordination and reduce fragmentation of services, particularly for the most underserved in our community.

20. Provide a discussion explaining how the proposed project will have an appropriate relationship to the service area's existing health care system as required in <u>WAC</u> <u>246-310-230</u>.

As detailed in Question 16, Continuum will work directly with the existing health and social services systems in Pierce County to ensure to ensure patients' comprehensive medical, social, and spiritual needs are met.

21. The department will complete a quality of care analysis using publicly available information from CMS. If any facilities or agencies owned or operated by the applicant reflect a pattern of condition-level findings, provide applicable plans of correction identifying the facility's current compliance status.

Continuum has previously been advised by CN Program staff the quality of care analysis will use QCOR data. QCOR data is an online data system produced by the Centers for Medicare and Medicaid Services. It includes survey and certification data collected by CMS to track and oversee providers of Medicare and Medicaid services. This information includes provider information such as name, address, size, ownership, and inspection (survey) results. Under QCOR Continuum does not have any existing complaint surveys or terminations listed since at least 2017. None of the agencies operated by Continuum's managing members have any consistent pattern of condition level negative findings.

22. If information provided in response to the question above shows a history of condition-level findings, provide clear, cogent and convincing evidence that the applicant can and will operate the proposed project in a manner that ensures safe and adequate care, and conforms to applicable federal and state requirements.

This question is not applicable.

Section 3 CERTIFICATE OF NEED REVIEW CRITERIA Cost Containment (WAC 246-310-240)

Projects are evaluated based on the criteria in WAC 246-310-240 in order to identify the best available project for the planning area.

1. Identify all alternatives considered prior to submitting this project. At a minimum include a brief discussion of this project versus no project.

Continuum considered the following options:

- Do nothing,
- Establish a licensed only agency,
- Establish a separate hospice agency in Pierce County only
- Undertake the project described in this application.
- 2. Provide a comparison of the project with alternatives rejected by the applicant. Include the rationale for considering this project to be superior to the rejected alternatives. Factors to consider can include, but are not limited to patient access to healthcare services, capital cost, legal restrictions, staffing impacts, quality of care, and cost or operation efficiency.

Table 13 provides a comparison of the options considered.

Table 13
Advantages and Disadvantages of Options Considered

	No Action	Licensed Only Hospice Agency	New Hospice Agency in Pierce County	Expand Existing Medicare Certified/Medicaid Eligible Hospice Agency
Patient Access to Health Care Services	No ability to improve access, especially for the underserved described in earlier section of this application.	Won't increase access to the majority of patients needing hospice services, and particularly the underserved, because won't be accessible to Medicare and Medicaid patients.	Ability to serve the entire underserved population but requires additional regulatory steps to be operational and serving the community.	Greatest ability to immediately address current gaps, especially related to underserved populations and meeting need per methodology in WAC 246-310-290.
Capital Cost	No capital	No capital	Capital cost for Pierce County separate office location for independent agency.	No capital
Legal Restrictions	None	None	Certificate of Need required	Certificate of Need required.
Staffing Impacts	None	Requires additional staff, but fewer than a Medicare certified agency would.	Requires highest level of additional staff, but still a relatively small number.	Allows for the most efficiency, through staff sharing, joint staff training, supervision and management.
Quality of Care	No improvement	Not able to enhance access or quality to the majority of patient in need of services	Ability to provide a high quality hospice option for Pierce County residents.	Ability to provide a high quality hospice option for Pierce County residents. Utilizes existing QI/QI program.
Cost or Operation Efficiency	None	Low volumes; cannot provide the same level of service as a Medicare/ Medicaid certified agency, so will have difficulty maintaining financial viability.	Will allow for the provision of services to all patients needing services but does not allow for efficiencies/ shared operations.	Allows for the most efficient and coordinated program, through shared staffing, management administrative staff, and Medical Directorship.

- 3. If the project involves construction, provide information that supports conformance with WAC 246-310-240(2):
 - The costs, scope, and methods of construction and energy conservation are reasonable; and
 - The project will not have an unreasonable impact on the costs and charges to the public of providing health services by other persons.

This project does not involve any construction. Therefore, this question is not applicable.

4. Identify any aspects of the project that will involve appropriate improvements or innovations in the financing and delivery of health services which foster cost containment and which promote quality assurance and cost effectiveness.

Hospice care has been demonstrated to be a cost-effective service. Patients that choose to enroll in hospice largely forego curative treatment and opt for comfort care and symptom management, which are significantly lower cost options that produce better care for patients. A study published in the March 2013 *Health Affairs* found that hospice enrollment saves money for Medicare and improves care quality for Medicare beneficiaries. Researchers at the Department of Geriatrics and Palliative Medicine at the Icahn School of Medicine at Mt. Sinai looked at the most common hospice enrollment periods: 1 to 7 days, 8 to 14 days, 15 to 30 days, and 53 to 105 days. Within all enrollment periods studied, hospice patients had significantly lower rates of hospital and intensive care use, hospital readmissions, and in-hospital death when compared to the matched non-hospice patients. The study found savings to Medicare for both cancer patients and non-cancer patients. It also found that savings grow as the period of hospice enrollment lengthens. In terms of staffing, hospice fosters efficiency by allocating scarce RN and other resources to those most in need. For example, instead of a patient requiring a 1:1 ratio in the ICU, the patient is at home with nursing resources to provide comfort care.

Hospice Agency Superiority

In the event that two or more applications meet all applicable review criteria and there is not enough need projected for more than one approval, the department uses the criteria in WAC 246-310-290(11) to determine the superior proposal.

WAC 246-310-290(11)(a) provides a set of five criteria the Department uses to compare two or more competing applications where the number of meritorious applicants exceeds the projected need. In applying the superiority rule, the Department must "compare" the applications in a meaningful way as required by WAC 246-310-290(11)(a). That comparison properly incorporates a quantitative comparison of publicly available quality data, under WAC 246-310-290(11)(a)(v). Based on conversations with Department staff, we understand that comparison will be made on the basis of the most recent CMS quality data publicly available as of the beginning of review.

But the rule also requires the Department to make qualitative comparisons. Thus the Department should make a full comparison to determine: under WAC 246-310-290(11)(a)(i), which applicant offers the most "improved service" to the planning area including not only improved quality, but improved access and/or improved programming; under WAC 246-310-290(11)(a)(ii), which applicant provides services best targeted to serve specific populations that improve access to underserved communities or demographic groups, in a way that does not duplicate WAC 246-310-210(2); under WAC 246-310-290(11)(a)(iii), which applicant proposes a project with the most "minimum impact" on existing programs, in a way that does not duplicate WAC 246-310-210(1); and under WAC 246-310-290(11)(a)(iv), which applicant proposes the "greatest" breadth and depth of services beyond the minimum services required for licensed and certified hospice care. To the extent the Department requires any additional detail on Continuum's proposal in order to complete that full comparison, we are happy to provide it in response to screening questions.

Continuum believes its application will compare favorably against any other applicant and will provide additional comments on the applicability of the WAC criteria to this application cycle after reviewing any competing applications.

Multiple Applications in One Year

In the event you are preparing more than one application for different planning areas under the same parent company – regardless of how the proposed agencies will be operated – the department will require additional financial information to assess conformance with WAC 246-310-220. The type of financial information required from the department will depend on how you propose to operate the proposed projects. Related to this, answer the following questions:

1. Is the applicant (defined under WAC 246-310-010(6)) submitting any other hospice applications under either of this year's concurrent review cycles? This could include the same parent corporation or group of individuals submitting under separate LLCs under their common ownership.

If the answer to this question is no, there is no need to complete further questions under this section.

Neither Continuum, nor any entity with a qualifying ownership interest in Continuum, is submitting any other applications in either of this year's concurrent review cycles.

- 2. If the answer to the previous question is yes, clarify:
 - Are these applications being submitted under separate companies owned by the same applicant(s); or
 - Are these applications being submitted under a single company/applicant?
 - Will they be operated under some other structure? Describe in detail.

This question is not applicable.

3. Under the financial feasibility section, you should have provided a pro forma balance sheet showing the financial position of this project in the first three full calendar years of operation. Provide pro forma balance sheets for the applicant, assuming approval of this project showing the first three full calendar years of operation. In addition, provide a pro forma balance sheet for the applicant assuming approval of all proposed projects in this year's review cycles showing the first three full calendar years of operation.

This question is not applicable.

- 4. In the event that the department can approve more than one county for the same applicant, further pro forma revenue and expense statements may be required.
 - If your applications propose operating multiple counties under the same license, provide combined pro forma revenue and expense statements showing the first three full calendar years of operation assuming approval of all proposed counties.
 - If your applications propose operating multiple counties under separate licenses, there is no need to provide further pro forma revenue and expense statements.

This question is not applicable.

Calculate the following two statewide predicted hospice use rates using department of health survey and vital statistics data:

WAC 246-310-290(8)(a)(i) The percentage of patients age sixty-five and over who will use hospice services. This percentage is calculated by dividing the average number of unduplicated admissions over the last three years for patients sixty five and over by the average number of past three years statewide total deaths age sixty-five and over.

WAC246-310-290(8)(a)(ii) The percentage of patients under sixty-five who will use hospice services. This percentage is calculated by dividing the average number of unduplicated admissions over the last three years for patients under sixty-five by the average number of past three years statewide total of deaths under sixty-five.

WAC246-310-290(8)(d) Step 4:

Using the projected patients calculated in Step 3, calculate a use rate by dividing projected patients by the three-year historical average population by county. Use this rate to determine the potential volume of hospice use by the projected population by age cohort using Office of Financial Management (OFM) data.

Use this rate to determine the potential volume of hospice use by the projected population by age conort using Office of Financial Management (OFM) data. 65+

Exhibit 5 Continuum Care of Snohomish Policies

ADMISSION CRITERIA AND PROCESS	Effective: 3/1/2019
Patient Services	Policy No.:

PURPOSE

To establish standards and a process by which a patient can be evaluated and accepted for admission.

POLICY

Continuum will admit any patient with a life-limiting illness that meets the admission criteria.

MA State specific: Limited life expectancy is defined as a prognosis of six (6) months or less life expectancy if the disease runs its normal course and is determined by the Hospice Medical Director and the patient's Attending Physician, if they have chosen one.

Patients will be accepted for care without discrimination on the basis of race, color, religion, age, gender, sexual orientation, disability (mental or physical), communicable disease, or place of national origin.

<u>FL State specific:</u> In no case shall a hospice patient be refused for admission or hospice services discontinued based on the inability of the patient to pay for such services.

Patients will be accepted for care based on need for hospice services. Consideration will be given to the adequacy and suitability of hospice personnel, resources to provide the required services, and a reasonable expectation that the patient's hospice care needs can be adequately met in the patient's place of residence.

Continuum's admission policy includes the review of the patient's primary insurance plan, such as Medicare, Medicaid, Managed Care, Private Insurance, Worker's Comp or other payment sources including private pay. Continuum's review process includes, but is not limited to, insurance verification of coverage, in-network vs. out-of-network requirements, authorization requirements, deductible amount met and unmet, co-pay, patient liability, and patient's ability to pay as determined by Continuum's Charity Care policy. See Fiscal Management Policy: Charity Care.

The patient's life-limiting illness and prognosis of six (6) months or less will be determined by utilizing standard clinical prognosis criteria developed by the Medicare Contractor's Local

Coverage Determinations (LCDs).

Continuum reserves the right not to accept any patient who does not meet the admission criteria, within the limitations of applicable law and regulations.

A patient will be referred to other resources if Continuum cannot meet his/her needs.

Once a patient is admitted to service, the organization will be responsible for providing care and services within its financial and service capabilities, mission, and applicable law and regulations. *Admission Criteria (See Patient Services Policy: Intake and Referral Process)*

- 1. The patient must be under the care of a physician. The patient's physician (or other authorized independent practitioner) must order and approve the provision of hospice care, be willing to sign or have a representative who is willing to sign the death certificate, and be willing to discuss the patient's resuscitation status with the patient and family/caregiver.
- 2. The patient must identify a family member/caregiver or legal representative who agrees to be a primary support care person if and when needed. Persons without such an identified individual and who are independent in their activities of daily living (ADLs) will require a specific plan to be developed at time of admission with the social worker.
- 3. The patient must have a life-limiting illness with a life expectancy of six (6) months or less, as determined by the attending physician, if one has been chosen by the patient/legal representative, and hospice Medical Director, utilizing the standard clinical prognosis criteria found in the Local Coverage Determination guidelines approved by the Medicare Contractor in the region. Medicare-Administrative-Contractors/Who-are-the-MACs
- 4. The patient/legal representative must desire hospice services, and the focus of care desired must be palliative versus curative.
- 5. The patient and family/caregiver agree to the hospice plan of care, understand their right to participate in developing the plan of care and sign the consent form for hospice care.
- 6. The patient and family/caregiver agree that patient care will be provided primarily in the patient's residence, which could be his/her private home, a family member's home, a skilled nursing facility, or other living arrangements.

Fiscal Management

Policy No.:

PURPOSE

To identify the criteria to be applied when accepting patients for charity care.

POLICY

Patients without third-party payer coverage and who are unable to pay for medically necessary care will be accepted for charity care admission, per established criteria.

Continuum will establish objective criteria and financial screening procedures for determining eligibility for charity care.

The organization will consistently apply the charity care policy.

PROCEDURE

When it is identified that the patient has no source for payment of services and requires medically necessary care/service, the patient must provide personal financial information upon which the determination of charity care will be made.

A social worker, as available, will meet with the patient to determine potential eligibility for financial assistance from other community resources.

The Executive Director/Administrator, with the appropriate program director, will review all applicable patient information, including financial declarations, physician (or other authorized licensed independent practitioner) orders, initial assessment information, and social work notes to determine acceptance for charity care.

All documentation utilized in the determination for acceptance for charity care will be maintained in the patient's billing record.

When financial declarations reveal the patient is able to make partial payment for services, the Executive Director/Administrator, with the appropriate program director, will determine the sliding-fee schedule to be implemented.

The revised sliding-fee schedule will be presented to the patient for agreement and signature.

After acceptance for charity care, the patient's ability to pay will be reassessed every 60–90 days.

When the organization is unable to admit the patient or to continue charity care, every effort will be made to refer the patient for appropriate care/service with an alternate provider.

Attachment 5 Charity Care Criteria

CHARITY CARE CRITERIA

Continuum is committed to the provision of medically necessary health care services to all persons in need of such services regardless of ability to pay. To protect the integrity of operations and fulfill this commitment, the following criteria for the provision of Charity Care/Financial assistance. Continuum also recognizes there are state legislation which establishes guidance for hospitals to develop sliding fee schedules; however, this same guidance is not applicable to hospices. When state specific legislation exists for hospices in regard to indigent policies, Continuum conforms to state standards. In absence of such legislation, Continuum follows the following set of criteria for Charity Care:

Eligibility Criteria

Charity Care/Financial Assistance is secondary to all other financial resources available to the patient, including but not limited to group or individual medical plans, worker's compensation, Medicare, Medicaid or medical assistance programs, other state, federal, or military programs, or any other situation in which another person or entity may have a legal responsibility to pay for the costs of medical services. The medically indigent patient will be granted Charity Care/Financial Assistance regardless of race, national origin, or immigration status.

In those situations where appropriate primary payment sources are not available or for balances after payments from other sources, patients shall be considered for Charity Care/Financial Assistance under Continuum's policy based on the following criteria:

- 1. The full amount of Continuum's charges will be determined to be Charity Care/Financial Assistance for patients where their gross family income is at or below 200% of the current federal poverty level.
- 2. The following sliding fee schedule shall be used to determine the amount that shall be written off for patient with incomes between 201% and 400% of the current federal poverty level. Family is defined as a group of two or more persons related by birth, marriage, or adoption that live together; all such related persons are considered as members of one family.
- 3. The amount an individual is personally responsible for paying after all discounts, deductions, and reimbursements are applied (including those from insurance and the hospital facility's financial assistance policy shall not be more than the amounts generally billed to individuals who have insurance covering such care ("AGB"). Continuum has elected to use the Medicare Rate in effect for the dates of services to determine the AGB.
- 4. The responsible party's financial obligation remaining after the application of any sliding fee schedule shall be payable in monthly installments over a reasonable period of time, which Continuum considers no more than two (2) years. The responsible party's account shall not be turned over to a collection agency unless payments are missed or there is some period of inactivity on the account, and there is no satisfactory contact with the patient.
- 5. Income is defined as total cash receipts before taxes derived from wages and salaries, welfare payments, Social Security payments, strike benefits, unemployment or disability benefits, child support, alimony, and net earnings from business and investment activities.

Charity/Financial Assistance Percentage Discount

% of Federal Poverty Level	Patient Discount %
0-200%	100%
201-300%	75%
301-350%	50%
351-400%	25%

- 6. For accounts where we have enough information to accurately assess income levels, Continuum will determine if a patient falls below 200% of the federal poverty limits. If so, we will have the accounts scanned for possible DSHS coverage and will presumptively write off the outstanding balances to Financial Assistance for those accounts that do not meet DSHS requirements.
- 7. Continuum may offer Catastrophic Charity, which means Continuum may write off as Charity Care/Financial Assistance amounts for patients with family income more than 200% of the federal poverty level when circumstances indicate severe financial hardship or personal loss that goes beyond the Charity Care/Financial Assistance discount as outlined above. In these cases, patients should submit a written request for a further review along with the details of the catastrophic situation. The decision to grant Catastrophic Charity and the amount to be written off shall lie with a member of Continuum's Governing Body.
- 8. All requests for financial assistance will be made on the Charity Care/Financial Assistance forms with instructions, and written applications shall be furnished to patients when Charity Care/Financial Assistance is requested, when need is indicates, or when financial screening indicates potential need. All applicants for financial assistance must file with DHHS (if they meet Medicaid eligibility requirements) and be cooperative with DHHS.

Process for Eligibility Determination

A. Initial Determination:

- Continuum shall use an application process for determining eligibility for Charity Care/Financial
 Assistance. Requests to provide Charity Care/Financial Assistance will be accepted from sources
 such as physicians, community/religious groups, social services, financial services staff, patient's
 family, and the patient.
- 2. During the patient registration process, or at any time after the patient has been notified of the existence and availability of Charity Care/Financial Assistance, Continuum will make an initial determination of eligibility based on verbal or written application for Charity Care/Financial Assistance.
- If Continuum becomes aware of factors which might qualify the patient for Charity Care/Financial
 Assistance under this policy, it shall advise the patient of this potential and make an initial
 determination that such account is to be treated as Charity Care/Financial Assistance.
- 4. Determination of coverage will be dependent upon financial need at the time services were rendered.
- 5. Continuum will allow a patient to apply for Charity Care/Financial Assistance at any point from preadmission through discharge recognizing that a patient's ability to pay over an extended period may be substantially altered due to illness or financial hardship, resulting in the need for charity services. If the change in financial status is temporary, Continuum may choose to suspend payments temporarily rather than initiate Charity Care/Financial Assistance.
- 6. Patient will receive a letter indicating final determination of Charity Care/Financial Assistance. If the patient is denied assistance, the letter will detail the reason for the denial, the date of decision and instructions to appeal or reconsider decision. Governing body shall review all second level appeals.

PURPOSE

To provide general guidelines for supporting hospice patients who live in a state with legal medical aid in dying regulations and who express interest in this option or who acquire life-ending medication per their state regulations.

POLICY

Continuum Care Hospice recognizes the patient's right to make choices that fit his/her personal goals of care, values and beliefs. That right extends to the legal right under various state laws such as California's End of Life Option Act and Washington State's Death with Dignity Act to end their lives with prescribed medication. No patient will be denied Continuum Care Hospice services based on interest or active participation in these Acts.

Current hospice patients who express interest in these Acts will be given the opportunity to explore their reasons further with the interdisciplinary team. Hospice staff members and volunteers will be helped to explore their own beliefs and values and will be educated in responding respectfully to patients.

Staff members or volunteers who prefer for their own personal reasons not to work with patients who intend to pursue or participate in a state's medical aid in dying act will be allowed to opt out of providing care.

PROCEDURE

- 1. All staff will be provided education on their state's respective medical aid in dying act and the agency's policy. The following will be reviewed with all staff:

 - B. Agency position
 - C. Continuum Care Hospice physician involvement
 - D. Employee/Volunteer rights
- 2. Continuum Care Hospice's management team recognizes that each individual employee/volunteer will need to thoughtfully consider whether it is within their personal ability, values and beliefs to provide care for patients who are requesting medication to hasten death. It is not the intent of Continuum Care to assume staff/volunteer involvement. It is the employees' or volunteers' responsibility to inform their manager of concerns or reluctance around caring for patients who are requesting to participate in their state's respective medical aid in dying act.
- Employees/volunteers who choose to opt out of providing care will request a reassignment from their supervisor. These employees/volunteers will work to ensure patients do not feel devalued or abandoned.

4. No employee or volunteer shall attempt to influence in any way another employee or volunteer in his/her beliefs or opinions regarding their state's respective medical aid in dying act. The agency will fully respect the personal beliefs of all employees and volunteers without question or discrimination.

- Hospice team members may offer general information and education about the Death with Dignity Act upon patient or family request.
- Upon patient or family request, hospice team members may choose to be present at time of the self-administration of the medication and remain to support the patient and family through the death. If the team member chooses not to be present, Continuum will offer the patient and family other team members to be present so there will always be support as the patient and family desire.

Room and Board rate assumed to be \$284.36 and is based on the State of Washington, DSHS/Aging and Disability Services Administration Current Rate Report Run Date: Jan 19, 2022 using Pierce County average nursing home Medicaid rate. j. Tenant's Pro Rata Share. Landlord and Tenant agree that Tenant's Pro Rata Share is <u>1.55%</u>, based on the ratio of the agreed rentable area of the Premises to the agreed rentable area of the Building and all other buildings on the Property as of the date of this Lease. Any adjustment to the Premises' or Building's rentable floor area measurements will be reflected in an adjustment to Tenant's Base Rent or Pro Rata Share.

2. PREMISES.

- a. Lease of Premises. Landlord leases to Tenant, and Tenant leases from Landlord, the Premises upon the terms specified in this Lease.
- b. Acceptance of Premises. Except as specified elsewhere in this Lease, Landlord warrants the structural condition of the Premises and condition of the mechanical, electrical and other systems serving the Premises are in good working order as of the Lease Commencement Date. Except for any tenant improvements to be completed by Landlord as described on attached Exhibit C (the "Landlord's Work"), Tenant shall be responsible for performing any work necessary to bring the Premises into a condition satisfactory to Tenant. By signing this Lease, Tenant acknowledges that

(Multi-Tenant Triple Net (NNN) Lease)
(Continued)

it has had an adequate opportunity to investigate the Premises; acknowledges responsibility for making any corrections, alterations and repairs to the Premises (other than the Landlord's Work); and acknowledges that the time needed to complete any such items shall not delay the Commencement Date.

- c. Tenant Improvements. Attached Exhibit C sets forth procedures for all tenant improvements to be completed by Tenant (the "Tenant's Work"), if any, that will be performed on the Premises. Tenant shall be responsible for design, payment and performance of all such work
- 3. TERM. The term of this Lease shall commence on the earlier of (i) the Commencement Date specified in Section 1 (i.e., <u>February 1, 2019</u>), or (ii) on the date of a certificate of occupancy denoting that the Premises are ready for occupancy.
 - a. Early Possession. If Landlord permits Tenant to possess and occupy the Premises prior to the Commencement Date specified in Section 1, then such early occupancy shall not advance the Commencement Date or the Termination Date set forth in Section 1, but otherwise all terms and conditions of this Lease shall nevertheless apply during the period of early occupancy before the Commencement Date.
 - b. Delayed Possession. Landlord shall act diligently to make the Premises available to Tenant; provided, however, neither Landlord nor any agent or employee of Landlord shall be liable for any damage or loss due to Landlord's inability or failure to deliver possession of the Premises to Tenant as provided in this Lease. If possession is delayed, the Commencement Date set forth in Section 1 shall also be delayed. In addition, the Termination Date set forth in Section 1 shall be modified so that the length of the Lease term remains the same. If Landlord does not deliver possession of the Premises to Tenant within __ days (sixty (60) days if not filled in) after the Commencement Date specified in Section 1, Tenant may elect to cancel this Lease by giving written notice to Landlord within ten (10) days after such time period ends. If Tenant gives such notice of cancellation, the Lease shall be cancelled, all prepaid rent and security deposits shall be refunded to Tenant, and neither Landlord nor Tenant shall have any further obligations to the other. The first "Lease year" shall commence on the Commencement Date and shall end on the date which is twelve (12) months from the end of the month in which the Commencement Date occurs. Each successive Lease year during the initial term and any extension terms shall be twelve (12) months, commencing on the first day following the end of the preceding Lease year. To the extent that the tenant improvements are not completed in time for the Tenant to occupy or take possession of the Premises on the Commencement Date due to the failure of Tenant to fulfill any of its obligations under this Lease, the Lease shall nevertheless commence on the Commencement Date set forth in Section 1.

Early Termination. Tenant shall be permitted to terminate this Lease without cause, effective at any time after the sixth (6th) Lease month upon providing notice of termination to the Landlord together with a true and correct copy of a denial of a Certificate of Need for the Premises from the Salabonish-County Department of Health (the "County"), provided however, that Tenant's right to terminate this Lease hereunder shall lapse upon the issuance of a Certificate of Need for the Premises by the County.

4. RENT.

a. Payment of Rent. Tenant shall pay Landlord without notice, demand, deduction or offset, in lawful money of the United States, the monthly Base Rent stated in Section 1 in advance on or before the first day of each month during the Lease term beginning on (check one): ⊠the Commencement

Date, or	(if no date specified, then on the Commencement Date), and shall
also pay any other additional	payments due to Landlord ("Additional Rent"), including Operating
Costs (collectively the "Rent")	when required under this Lease. Payments for any partial month at
the beginning or end of the Le	ase shall be prorated. All payments due to Landlord under this Lease,
including late fees and interes	t, shall also constitute Additional Rent, and upon failure of Tenant to
pay any such costs, charges	or expenses. Landlord shall have the same rights and remedies as
otherwise provided in this Lea	se for the failure of Tenant to pay rent.

- b. Triple Net Lease. This Lease is what is commonly called a "Net, Net, Net" or "triple-net" Lease, which means that, except as otherwise expressly provided herein, Landlord shall receive all Base Rent free and clear of any and all other impositions, taxes, liens, charges or expenses of any nature whatsoever in connection with the ownership and operation of the Premises. In addition to Base Rent, Tenant shall pay to the parties respectively entitled thereto, or satisfy directly, all Additional Rent and other impositions, insurance premiums, repair and maintenance charges, and any other charges, costs, obligations, liabilities, requirements, and expenses, including without limitation the Operating Costs described in Section 8, which arise with regard to the Premises or may be contemplated under any other provision of the Lease during its term, except for costs and expenses expressly made the obligation of Landlord in this Lease. The 2019 estimated NNN expenses are \$9.66 per rentable square foot per year.
- c. Late Charges; Default Interest. If any sums payable by Tenant to Landlord under this Lease are not received within five (5) business days after their due date, Tenant shall pay Landlord an amount equal to the greater of \$100 or five percent (5%) of the delinquent amount for the cost of collecting and handling such late payment in addition to the amount due and as Additional Rent. All delinquent sums payable by Tenant to Landlord and not paid within five (5) business days after their due date shall, at Landlord's option, bear interest at the rate of ten percent (10%) per annum, or the highest rate of interest allowable by law, whichever is less (the "Default Rate"). Interest on all delinquent amounts shall be calculated from the original due date to the date of payment.
- d. Less Than Full Payment. Landlord's acceptance of less than the full amount of any payment due from Tenant shall not be deemed an accord and satisfaction or compromise of such payment unless Landlord specifically consents in writing to payment of such lesser sum as an accord and satisfaction or compromise of the amount which Landlord claims. Any portion that remains to be paid by Tenant shall be subject to the late charges and default interest provisions of this Section 4.
- 5. SECURITY DEPOSIT. Upon execution of this Lease, Tenant shall deliver to Landlord the security deposit specified in Section 1 above. Landlord's obligations with respect to the security deposit are those of a trustee and not of a debtor, and Landlord may commingle the security deposit with its other funds. If Tenant breaches any covenant or condition of this Lease, including but not limited to the payment of Rent, Landlord may apply all or any part of the security deposit to the payment of any sum in default and any damage suffered by Landlord as a result of Tenant's breach. Tenant acknowledges, however, that the security deposit shall not be considered as a measure of Tenant's damages in case of default by Tenant, and any payment to Landlord from the security deposit shall not be construed as a payment of liquidated damages for Tenant's default. If Landlord applies the security deposit as contemplated by this Section, Tenant shall, within five (5) days after written demand therefore by Landlord, deposit with Landlord the amount so applied. If Tenant complies with all of the covenants and conditions of this Lease throughout the Lease term, the security deposit shall be repaid to Tenant with interest within thirty (30) days after the surrender of the Premises by Tenant in the condition required hereunder by Section 13 of this Lease.
- 6. USES. The Premises shall be used only for the Permitted Use specified in Section 1 above, and for no other business or purpose without the prior written consent of Landlord. No act shall be done on or around

the Premises that is unlawful or that will increase the existing rate of insurance on the Premises, the Building, or the Property, or cause the cancellation of any insurance on the Premises, the Building, or the Property. Tenant shall not commit or allow to be committed any waste upon the Premises, or any public or private nuisance. Tenant shall not do or permit anything to be done on the Premises, the Building, or the Property which will obstruct or interfere with the rights of other tenants or occupants of the Property, or their employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees or to injure or annoy such persons.

7. COMPLIANCE WITH LAWS. Tenant shall not cause or permit the Premises to be used in any way which violates any law, ordinance, or governmental regulation or order. Landlord represents to Tenant that, as of the Commencement Date, to Landlord's knowledge, but without duty of investigation, and with the exception of any Tenant's Work, the Premises comply with all applicable laws, rules, regulations, or orders, including without limitation, the Americans With Disabilities Act, if applicable, and Landlord shall be responsible to promptly cure at its sole cost any noncompliance which existed on the Commencement Date. Tenant shall be responsible for complying with all laws applicable to the Premises as a result of the Permitted Use, and Tenant shall be responsible for making any changes or alterations as may be required by law, rule, regulation, or order for Tenant's Permitted Use at its sole cost and expense. Otherwise, if changes or alterations are required by law, rule, regulation, or order unrelated to the Permitted Use, Landlord shall make changes and alterations at its expense.

8. OPERATING COSTS.

a. Definition. As used herein, "Operating Costs" shall mean all costs of operating, maintaining and repairing the Premises, the Building, and the Property, determined in accordance with generally accepted accounting principles, and including without limitation the following: all taxes and assessments (including, but not limited to, real and personal property taxes and assessments, local improvement district assessments and other special purpose assessments, and taxes on rent or gross receipts); insurance premiums paid by Landlord and (to the extent used) deductibles for insurance applicable to the Property; water, sewer and all other utility charges (other than utilities separately metered and paid directly by Tenant or other tenants); janitorial and all other cleaning services; refuse and trash removal; supplies, materials, tools, and equipment used in the operation, repair, and maintenance of the Property; refurbishing and repainting; carpet replacement; to the extent serving areas other than just the Premises, heating, ventilation and air conditioning ("HVAC") service and repair and replacement of HVAC when necessary; elevator service and repair and replacement of elevators when necessary; pest control; lighting systems, fire detection and security services; landscape maintenance; management (fees and/or personnel costs); parking lot, road, sidewalk and driveway patching, resurfacing and maintenance; snow and ice removal; repair, maintenance, and, where reasonably required, replacement of signage; amortization of capital improvements as Landlord may in the future install to comply with governmental regulations and rules or undertaken in good faith with a reasonable expectation of reducing operating costs (the useful life of which shall be a reasonable period of time as determined by Landlord); costs of legal services (except those incurred directly relating to a particular occupant of the Building); and accounting services, labor, supplies, materials and tools. Landlord and Tenant agree that if the Building is not ninety-five percent (95%) occupied during any calendar year (including the Base Year, if applicable), on a monthly average, then those portions of the Operating Costs that are driven by occupancy rates, as reasonably determined by Landlord, shall be increased to reflect the Operating Costs of the Building as though it were ninety-five percent (95%) occupied and Tenant's Pro Rata Share of Operating Costs shall be based upon Operating Costs as so adjusted. Operating Costs shall not include: Landlord's income tax or general corporate overhead; depreciation on the Building or equipment therein; loan payments; real estate broker's commissions; capital improvements to or major repairs of the Building shell (i.e., the Building structure, exterior walls, roof, and structural floors and foundations), except as described above; or any costs regarding the

operation, maintenance and repair of the Premises, the Building, or the Property paid directly by Tenant or other tenants in the Building, or otherwise reimbursed to Landlord. If Tenant is renting a pad separate from any other structures on the Property for which Landlord separately furnishes the services described in this paragraph, then the term "Operating Costs" shall not include those costs of operating, repairing, and maintaining the enclosed mall which can be separately allocated to the tenants of the other structures. Operating Costs which cannot be separately allocated to the tenants of other structures may include but are not limited to: insurance premiums; taxes and assessments; management (fees and/or personnel costs); exterior lighting; parking lot, road, sidewalk and driveway patching, resurfacing and maintenance; snow and ice removal; and costs of legal services and accounting services.

- b. Type of Payment. Options one and two below address the manner in which Operating Costs are paid under this Lease. To select the pure triple net option, check option 1. To select the base year option, check option 2.
 - ☑ OPTION ONE: TRIPLE NET. As additional Rent, Tenant shall pay to Landlord on the first of each month with payment of Tenant's base Rent one-twelfth of Tenant's Pro Rata Share of Operating Costs.
 - □ OPTION TWO: BASE YEAR. The Base Rent paid by Tenant under this Lease includes Tenant's Pro Rata Share of Operating Costs for the calendar year in which the Commencement Date occurs (the "Base Year"). As additional Rent, Tenant shall pay to Landlord on the first day of each month commencing on the first day of the first year after the Commencement Date, with Tenant's payment of

Base Rent, one-twelfth of the amount, if any, by which Tenant's Pro Rata Share of Operating Costs exceeds Tenant's annualized Pro Rata Share of Operating Costs for the Base Year.

- c. Method of Payment. Tenant shall pay to Landlord Operating Costs pursuant to the following procedure:
 - (i) Landlord shall provide to Tenant, at or before the Commencement Date, a good faith estimate of annual Operating Costs for the calendar year in which the Commencement Date occurs. Landlord shall also provide to Tenant, as soon as possible following the first day of each succeeding calendar year, a good faith estimate of Tenant's annual Pro Rata Share of Operating Costs for the then-current year.
- (ii) Each estimate of Tenant's annual Pro Rata Share of Operating Costs determined by Landlord, as described above, shall be divided into twelve (12) equal monthly installments. If Tenant pays Operating Costs under Option One, Tenant shall pay to Landlord such monthly installment of Operating Costs with each monthly payment of Base Rent. If Tenant pays Operating Costs under Option Two, Tenant shall pay to Landlord with each monthly payment of Base Rent the amount, if any, by which such monthly installments of Operating Costs exceed one twelfth of Tenant's annualized Pro Rate Share of Operating Costs for the Base Year. In the event the estimated amount of Tenant's Pro Rata Share of Operating Costs has not yet been determined for any calendar year, Tenant shall pay the monthly installment in the estimated amount determined for the preceding calendar year until the estimate for the current calendar year has been provided to Tenant. When the estimate for the current calendar year is received, Tenant shall then pay any shortfall or receive a credit for any surplus for the preceding months of the current calendar year and shall, thereafter, make the monthly installment payments in accordance with the current estimate.

- (iii) As soon as reasonably possible following the end of each calendar year of the Lease term, Landlord shall determine and provide to Tenant a statement (the "Operating Costs Statement") setting forth the amount of Operating Costs actually incurred and the amount of Tenant's Pro Rata Share of Operating Costs actually payable by Tenant with respect to such calendar year. In the event the amount of Tenant's Pro Rata Share of Operating Costs exceeds the sum of the monthly installments actually paid by Tenant for such calendar year, Tenant shall pay to Landlord the difference within thirty (30) days following receipt of the Operating Costs Statement. In the event the sum of the monthly installments actually paid by Tenant for such calendar year exceeds the amount of Tenant's Pro Rata Share of Operating Costs actually due and owing, the difference shall be applied as a credit to Tenant's future Pro Rata Share of Operating Costs payable by Tenant pursuant to this Section, or if the term has expired, the excess shall be refunded to Tenant within thirty (30) days after delivery of such Operating Costs Statement.
- (iv) Should Tenant dispute any amount shown on the Operating Costs Statement, Tenant may audit Landlord's books and records for the calendar year covered by such Operating Costs Statement upon written notice to Landlord given within ninety (90) days after Tenant's receipt of such Operating Costs Statement. If Tenant fails to provide notice of dispute within such ninety (90) day period, the Operating Costs Statement shall be final and conclusive. Any audit conducted by Tenant shall be completed within sixty (60) days after Tenant's request therefor. In the event the amount of Tenant's Pro Rata Share of Operating Costs exceeds the sum of the monthly installments actually paid by Tenant for such calendar year, Tenant shall pay to Landlord the difference within thirty (30) days following completion of the audit. In the event the sum of the monthly installments actually paid by Tenant for such calendar year exceeds the amount of Tenant's Pro Rata Share of Operating Costs actually due and owing, the difference shall be applied as a credit to Tenant's future Pro Rata Share of Operating Costs payable by Tenant pursuant to this Section, or if the term has expired, the excess shall be refunded to Tenant within thirty (30) days after completion of the audit. Landlord and Tenant shall cooperate as may be reasonably necessary in order to facilitate the timely completion of any audit. Nothing in this section shall in any manner modify Tenant's obligations to make payments as and when provided under this Lease.
- 9. UTILITIES AND SERVICES. Landlord shall provide the Premises the following services, the cost of which shall be included in the Operating Costs, to the extent not separately metered to the Premises: water, electricity, and HVAC from 7:00 a.m. to 6:00 p.m. Monday to Friday; and 8:00 a.m. to 1:00 p.m. on Saturday. Landlord shall provide janitorial service to the Premises and Building five (5) nights each week, exclusive of holidays, the cost of which shall also be included in Operating Costs. HVAC services will also be provided by Landlord to the Premises during additional hours on reasonable notice to Landlord, at Tenant's sole cost and expense, at an hourly rate reasonably established by Landlord from time to time and payable by Tenant, as and when billed, as Additional Rent. Notwithstanding the foregoing, if Tenant's use of the Premises incurs utility service charges which are above those usual and customary for the Permitted Use, Landlord reserves the right to require Tenant to pay a reasonable additional charge for such usage. Landlord shall not be liable for any loss, injury or damage to person or property caused by or resulting from any variation, interruption, or failure of utilities due to any cause whatsoever, and Rent shall not abate as a result thereof. Tenant shall furnish all other utilities (including, but not limited to, telephone, Internet, and cable service if available) and other services which Tenant requires with respect to the Premises, and shall pay, at Tenant's sole expense, the cost of all utilities separately metered to the Premises, and of all other utilities and other services which Tenant requires with respect to the Premises, except those to be provided by Landlord and included in Operating Costs as described above.
- 10. TAXES. Tenant shall pay all taxes, assessments, liens and license fees ("Taxes") levied, assessed or imposed by any authority having the direct or indirect power to tax or assess any such liens, related to or required by Tenant's use of the Premises as well as all Taxes on Tenant's personal property located on the

Premises. Landlord shall pay all taxes and assessments with respect to the Property, including any taxes resulting from a reassessment of the Building or the Property due to a change of ownership or otherwise, all of which shall be included in Operating Costs and subject to partial reimbursement by Tenant as set forth in Section 8.

11. COMMON AREAS.

- a. Definition. The term "Common Areas" means all areas, facilities and building systems that are provided and designated from time to time by Landlord for the general non-exclusive use and convenience of Tenant with other tenants and which are not leased or held for the exclusive use of a particular tenant. To the extent that such areas and facilities exist within the Property, Common Areas include hallways, entryways, stairs, elevators, driveways, walkways, terraces, docks, loading areas, restrooms, trash facilities, parking areas and garages, roadways, pedestrian sidewalks, landscaped areas, security areas, lobby or mall areas, common heating, ventilating and air conditioning systems, common electrical service, equipment and facilities, and common mechanical systems, equipment and facilities. Tenant shall comply with reasonable rules and regulations concerning the use of the Common Areas adopted by Landlord from time to time. Without advance notice to Tenant and without any liability to Tenant, Landlord may change the size, use, or nature of any Common Areas, erect improvements on the Common Areas or convert any portion of the Common Areas to the exclusive use of Landlord or selected tenants, so long as Tenant is not thereby deprived of the substantial benefit of the Premises. Landlord reserves the use of exterior walls and the roof, and the right to install, maintain, use, repair and replace pipes, ducts, conduits, and wires leading through the Premises in areas which will not materially interfere with Tenant's use thereof.
- b. Use of the Common Areas. Tenant shall have the non-exclusive right, in common with such other tenants to whom Landlord has granted or may grant such rights, to use the Common Areas. Tenant shall abide by rules and regulations adopted by Landlord from time to time and shall use its best efforts to cause its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees to comply with those rules and regulations, and not interfere with the use of Common Areas by others.
- c. Maintenance of Common Areas. Landlord shall maintain the Common Areas in good order, condition and repair. This maintenance cost shall be an Operating Cost chargeable to Tenant pursuant to Section 8. In performing such maintenance, Landlord shall use reasonable efforts to minimize interference with Tenant's use and enjoyment of the Premises.
- 12. ALTERATIONS. Tenant may make alterations, additions or improvements to the Premises, including any Tenant Work identified on attached Exhibit C (the "Alterations"), only with the prior written consent of Landlord, which, with respect to Alterations not affecting the structural components of the Premises or utility systems therein, shall not be unreasonably withheld, conditioned, or delayed. Landlord shall have thirty (30) days in which to respond to Tenant's request for any Alterations so long as such request includes the name of Tenant's contractors and reasonably detailed plans and specifications therefor. The term "Alterations" shall not include the installation of shelves, movable partitions, Tenant's equipment, and trade fixtures that may be performed without damaging existing improvements or the structural integrity of the Premises, the Building, or the Property, and Landlord's consent shall not be required for Tenant's installation or removal of those items. Tenant shall perform all work at Tenant's expense and in compliance with all applicable laws and shall complete all Alterations in accordance with plans and specifications approved by Landlord, using contractors approved by Landlord, and in a manner so as not to unreasonably interfere with other tenants. Tenant shall pay, when due, or furnish a bond for payment (as set forth in Section 20) all claims for labor or materials furnished to or for Tenant at or for use in the Premises, which

claims are or may be secured by any mechanics' or materialmens' liens against the Premises or the Property or any interest therein. Tenant shall remove all Alterations at the end of the Lease term unless Landlord conditioned its consent upon Tenant leaving a specified Alteration at the Premises, in which case Tenant shall not remove such Alteration, and it shall become Landlord's property. Tenant shall immediately repair any damage to the Premises caused by removal of Alterations.

- 13. REPAIRS AND MAINTENANCE; SURRENDER. Tenant shall, at its sole expense, maintain the entire Premises in good condition and promptly make all non-structural repairs and replacements necessary to keep the Premises safe and in good condition. Landlord shall maintain and repair the Building structure, foundation, subfloor, exterior walls, roof structure and surface, and HVAC components and other utilities and systems serving more than just the Premises, and the Common Areas, the costs of which shall be included as an Operating Cost. Tenant shall not damage any demising wall or disturb the structural integrity of the Premises, the Building, or the Property and shall promptly repair any damage or injury done to any such demising walls or structural elements caused by Tenant or its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees. Notwithstanding anything in this Section to the contrary, Tenant shall not be responsible for any repairs to the Premises made necessary by the negligence or willful misconduct of Landlord or its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees therein. If the Tenant notifies the Landlord of a repair or maintenance need for the Building structure, foundation, subfloor, exterior walls, roof structure and surface, and HVAC components and other utilities and systems serving more than just the Premises, and the Common Areas, the Landlord will acknowledge receipt of such notification and provide an anticipated repair schedule within five (5) business days. Repairs shall be accomplished within thirty (30) days of receipt of Tenant's notice, unless (i) an alternative repair completion date has been reasonably agreed upon by both parties in writing, or (ii) in the event the repair or maintenance is not reasonably able to be completed within thirty (30) days, Landlord has ordered or commenced the repair or maintenance within that time. If Tenant fails to perform Tenant's obligations under this Section, Landlord may at Landlord's option enter upon the Premises after ten (10) days' prior notice to Tenant and put the same in good order, condition and repair and the cost thereof together with interest thereon at the default rate set forth in Section 4 shall be due and payable as additional rent to Landlord together with Tenant's next installment of Base Rent. If Landlord fails to perform its obligations under this Section, the Tenant will have the right to withhold its next installment of Base Rent until such repairs are completed without being found in default or subject to the late fees in Section 4. Upon expiration of the Lease term, whether by lapse of time or otherwise, Tenant shall promptly and peacefully surrender the Premises, together with all keys, to Landlord in as good condition as when received by Tenant from Landlord or as thereafter improved, reasonable wear and tear and insured casualty excepted.
- 14. ACCESS AND RIGHT OF ENTRY. After twenty-four (24) hours' notice from Landlord (except in cases of emergency, when no notice shall be required), Tenant shall permit Landlord and its agents, employees and contractors to enter the Premises at all reasonable times to make repairs, inspections, alterations or improvements, provided that Landlord shall use reasonable efforts to minimize interference with Tenant's use and enjoyment of the Premises. This Section shall not impose any repair or other obligation upon Landlord not expressly stated elsewhere in this Lease. After reasonable notice to Tenant, Landlord shall have the right to enter the Premises for the purpose of (a) showing the Premises to prospective purchasers or lenders at any time, and to prospective tenants within one hundred eighty (180) days prior to the expiration or sooner termination of the Lease term; and (b) posting "for lease" signs within one hundred eighty (180) days prior to the expiration or sooner termination of the Lease term.
- 15. SIGNAGE. Tenant shall obtain Landlord's written consent as to size, location, materials, method of attachment, and appearance, before installing any signs upon the Premises. Tenant shall install any approved signage at Tenant's sole expense and in compliance with all applicable laws. Tenant shall not damage or deface the Premises in installing or removing signage and shall repair any injury or damage to

the Premises caused by such installation or removal. Landlord will provide building standard lobby and suite signage at Landlord's sole cost.

16. DESTRUCTION OR CONDEMNATION.

a. Damage and Repair. If the Premises or the portion of the Building or the Property necessary for Tenant's occupancy are partially damaged but not rendered untenantable, by fire or other insured casualty, then Landlord shall diligently restore the Premises and the portion of the Property necessary for Tenant's occupancy to the extent required below and this Lease shall not terminate. Tenant may, however, terminate the Lease if Landlord is unable to restore the Premises within six (6) months of the casualty event by giving twenty (20) days written notice of termination.

The Premises or the portion of the Building or the Property necessary for Tenant's occupancy shall not be deemed untenantable if twenty-five percent (25%) or less of each of those areas are damaged. If insurance proceeds are not available or are not sufficient to pay the entire cost of restoring the Premises, or if Landlord's lender does not permit all or any part of the insurance proceeds to be applied toward restoration, then Landlord may elect to terminate this Lease and keep the insurance proceeds, by notifying Tenant within sixty (60) days of the date of such casualty.

If the Premises, the portion of the Building or the Property necessary for Tenant's occupancy, or fifty percent (50%) or more of the rentable area of the Property are entirely destroyed, or partially damaged and rendered untenantable, by fire or other casualty, Landlord may, at its option: (a) terminate this Lease as provided herein, or (b) restore the Premises and the portion of the Property necessary for Tenant's occupancy to their previous condition to the extent required below; provided, however, if such casualty event occurs during the last six (6) months of the Lease term (after considering any option to extend the term timely exercised by Tenant) then either Tenant or Landlord may elect to terminate the Lease. If, within sixty (60) days after receipt by Landlord from Tenant of written notice that Tenant deems the Premises or the portion of the Property necessary for Tenant's occupancy untenantable, Landlord fails to notify Tenant of its election to restore those areas, or if Landlord is unable to restore those areas within six (6) months of the date of the casualty event, then Tenant may elect to terminate the Lease upon twenty (20) days' notice to Landlord unless Landlord, within such twenty (20) day period, notifies Tenant that it will in fact restore the Premises or actually completes such restoration work to the extent required below, as applicable.

If Landlord restores the Premises or the Property under this Section, Landlord shall proceed with reasonable diligence to complete the work, and the Rent shall be abated in the same proportion as the untenantable portion of the Premises bears to the whole Premises, provided that there shall be a Rent abatement only if the damage or destruction of the Premises or the Property did not result from, or was not contributed to directly or indirectly by the act, fault or neglect of Tenant, or Tenant's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees. No damages, compensation or claim shall be payable by Landlord for inconvenience, loss of business or annoyance directly, incidentally or consequentially arising from any repair or restoration of any portion of the Premises or the Property. Landlord shall have no obligation to carry insurance of any kind for the protection of Tenant; any alterations or improvements paid for by Tenant; any Tenant's Work identified in Exhibit C (regardless of who may have completed them); Tenant's furniture; or on any fixtures, equipment, improvements or appurtenances of Tenant under this Lease, and Landlord's restoration obligations hereunder shall not include any obligation to repair any damage thereto or replace the same.

b. Condemnation. If the Premises, the portion of the Building or the Property necessary for Tenant's occupancy, or 50% or more of the rentable area of the Property are made untenantable by eminent domain, or conveyed under a threat of condemnation, this Lease shall terminate at the option of

either Landlord or Tenant as of the earlier of the date title vests in the condemning authority or the condemning authority first has possession of the Premises or the portion of the Property taken by the condemning authority. All Rents and other payments shall be paid to that date. If the condemning authority takes a portion of the Premises or of the Building or the Property necessary for Tenant's occupancy that does not render them untenantable, then this Lease shall continue in full force and effect and the Rent shall be equitably reduced based on the proportion by which the floor area of any structures is reduced. The reduction in Rent shall be effective on the earlier of the date the condemning authority first has possession of such portion or title vests in the condemning authority. The Premises or the portion of the Building or the Property necessary for Tenant's occupancy shall not be deemed untenantable if twenty-five percent (25%) or less of each of those areas are condemned. Landlord shall be entitled to the entire award from the condemning authority attributable to the value of the Premises or the Building or the Property and Tenant shall make no claim for the value of its leasehold. Tenant shall be permitted to make a separate claim against the condemning authority for moving expenses if Tenant may terminate the Lease under this Section, provided that in no event shall Tenant's claim reduce Landlord's award.

17. INSURANCE.

- a. Tenant's Liability Insurance. During the Lease term, Tenant shall pay for and maintain commercial general liability insurance. This policy shall name Landlord, its property manager (if any), and other parties designated by Landlord as additional insureds, and shall insure Tenant's activities and those of Tenant's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees with respect to the Premises against loss, damage or liability for personal injury or bodily injury (including death) or loss or damage to property with a combined single limit of not less than \$2,000,000,. Tenant's insurance will be primary and noncontributory with any liability insurance carried by Landlord. Landlord may also require Tenant to obtain and maintain business income coverage for at least six (6) months, business auto liability coverage, and, if applicable to Tenant's Permitted Use, liquor liability insurance and/or warehouseman's coverage.
- b. Tenant's Property Insurance. During the Lease term, Tenant shall pay for and maintain property insurance (with coverage for earthquake if required by Landlord's lender and, if the Premises are situated in a flood plain, flood damage) for all of Tenant's personal property, fixtures and equipment in the amount of their full replacement value.
- c. Miscellaneous. Tenant's insurance required under this Section shall be with companies rated A-VII or better in Best's Insurance Guide, and which are admitted in the State in which the Premises are located. No insurance policy shall be cancelled or reduced in coverage. Tenant shall deliver to Landlord upon commencement of the Lease and from time to time thereafter, certificates of insurance. In no event shall the limits of such policies be considered as limiting the liability of Tenant under this Lease. If Tenant fails to acquire or maintain any insurance or provide any policy or evidence of insurance required by this Section, and such failure continues for three (3) days after notice from Landlord, Landlord may, but shall not be required to, obtain such insurance for Landlord's benefit and Tenant shall reimburse Landlord for the costs of such insurance upon demand. Such amounts shall be Additional Rent payable by Tenant hereunder and in the event of non-payment thereof, Landlord shall have the same rights and remedies with respect to such non-payment as it has with respect to any other non-payment of Rent hereunder.
- d. Landlord's Insurance. Landlord shall carry special form clauses of loss coverage property insurance of the Building shell and core in the amount of their full replacement value, liability insurance with respect to the Common Areas, and such other insurance of such types and amounts as Landlord, in its discretion, shall deem reasonably appropriate. The cost of any such insurance

shall be included in the Operating Costs, and if such insurance is provided by a "blanket policy" insuring other parties or locations in addition to the Building, then only the portion of the premiums allocable to the Building and Property shall be included in the Operating Costs.

e. Waiver of Subrogation. Landlord and Tenant hereby release each other and any other tenant, their agents or employees, from responsibility for, and waive their entire claim of recovery for any loss or damage arising from any cause covered by property insurance required to be carried or otherwise carried by each of them. Each party shall provide notice to the property insurance carrier or carriers of this mutual waiver of subrogation, and shall cause its respective property insurance carriers to waive all rights of subrogation against the other. This waiver shall not apply to the extent of the deductible amounts to any such property policies or to the extent of liabilities exceeding the limits of such policies.

18. INDEMNIFICATION.

- a. Indemnification by Tenant. Tenant shall defend, indemnify, and hold Landlord and its property manager (if any) harmless against all liabilities, damages, costs, and expenses, including attorneys' fees, for personal injury, bodily injury (including death) or property damage arising from any negligent or wrongful act or omission of Tenant or Tenant's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees on or around the Premises or the Property, or arising from any breach of this Lease by Tenant. Tenant shall use legal counsel reasonably acceptable to Landlord in defense of any action within Tenant's defense obligation.
- b. Indemnification by Landlord. Landlord shall defend, indemnify and hold Tenant harmless against all liabilities, damages, costs, and expenses, including attorneys' fees, for personal injury, bodily injury (including death) or property damage arising from any negligent or wrongful act or omission of Landlord or Landlord's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees on or around the Premises or the Property, or arising from any breach of this Lease by Landlord. Landlord shall use legal counsel reasonably acceptable to Tenant in defense of any action within Landlord's defense obligation.
- c. Waiver of Immunity. Landlord and Tenant each specifically and expressly waive any immunity that each may be granted under the Washington State Industrial Insurance Act, Title 51 RCW. Neither party's indemnity obligations under this Lease shall be limited by any limitation on the amount or type of damages, compensation, or benefits payable to or for any third party under the Worker Compensation Acts, Disability Benefit Acts or other employee benefit acts.
- d. Exemption of Landlord from Liability. Except to the extent of claims arising out of Landlord's gross negligence or intentional misconduct, Landlord shall not be liable for injury to Tenant's business or assets or any loss of income therefrom or for damage to any property of Tenant or of its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees, or any other person in or about the Premises or the Property.
- e. Survival. The provisions of this Section 18 shall survive expiration or termination of this Lease.
- 19. ASSIGNMENT AND SUBLETTING. Tenant shall not assign, sublet, mortgage, encumber or otherwise transfer any interest in this Lease (collectively referred to as a "Transfer") or any part of the Premises, without first obtaining Landlord's written consent, which shall not be unreasonably withheld, conditioned, or delayed. No Transfer shall relieve Tenant of any liability under this Lease notwithstanding Landlord's consent to such Transfer. Consent to any Transfer shall not operate as a waiver of the necessity for

Landlord's consent to any subsequent Transfer. In connection with each request for consent to a Transfer, Tenant shall pay the reasonable cost of processing same, including attorneys' fees, upon demand of Landlord, in an amount not to exceed \$5,000.

If Tenant is a partnership, limited liability company, corporation, or other entity, any transfer of this Lease by merger, consolidation, redemption or liquidation, or any change in the ownership of, or power to vote, which singularly or collectively represents a majority of the beneficial interest in Tenant, shall constitute a Transfer under this Section.

As a condition to Landlord's approval, if given, any potential assignee or sublessee otherwise approved by Landlord shall assume all obligations of Tenant under this Lease and shall be jointly and severally liable with Tenant and any guarantor, if required, for the payment of Rent and performance of all terms of this Lease. In connection with any Transfer, Tenant shall provide Landlord with copies of all assignments, subleases and assumption agreement or documents.

20. LIENS. Tenant shall not subject the Landlord's assets to any liens or claims of lien. Tenant shall keep the Premises free from any liens created by or through Tenant. Tenant shall indemnify and hold Landlord harmless from liability for any such liens including, without limitation, liens arising from any Alterations. If a lien is filed against the Premises by any person claiming by, through or under Tenant, Tenant shall, within ten (10) days after Landlord's demand, at Tenant's expense, either remove the lien or furnish to Landlord a bond in form and amount and issued by a surety satisfactory to Landlord, indemnifying Landlord and the Premises against all liabilities, costs and expenses, including attorneys' fees, which Landlord could reasonably incur as a result of such lien.

21. DEFAULT. The following occurrences shall each constitute a default by Tenant (an "Event of Default"):

- Failure To Pay. Failure by Tenant to pay any sum, including Rent, due under this Lease following five (5) days' notice from Landlord of the failure to pay.
- b. Insolvency. Tenant's insolvency or bankruptcy (whether voluntary or involuntary); or appointment of a receiver, assignee or other liquidating officer for Tenant's business; provided, however, that in the event of any involuntary bankruptcy or other insolvency proceeding, the existence of such proceeding shall constitute an Event of Default only if such proceeding is not dismissed or vacated within sixty (60) days after its institution or commencement.
- c. Levy or Execution. The taking of Tenant's interest in this Lease or the Premises, or any part thereof, by execution or other process of law directed against Tenant, or attachment of Tenant's interest in this Lease by any creditor of Tenant, if such attachment is not discharged within fifteen (15) days after being levied.
- d. Other Non-Monetary Defaults. The breach by Tenant of any agreement, term or covenant of this Lease other than one requiring the payment of money and not otherwise enumerated in this Section or elsewhere in this Lease, which breach continues for a period of thirty (30) days after notice by Landlord to Tenant of the breach.
- e. Failure to Take Possession. Failure by Tenant to take possession of the Premises on the Commencement Date or failure by Tenant to commence any Tenant Improvement in a timely fashion. Landlord shall not be in default unless Landlord fails to perform obligations required of Landlord within a reasonable time, but in no event less than thirty (30) days after notice by Tenant to Landlord. If Landlord fails to cure any such default within the allotted time, Tenant's sole

remedy shall be to seek actual money damages (but not consequential or punitive damages) for loss arising from Landlord's failure to discharge its obligations under this Lease. Nothing herein contained shall relieve Landlord from its duty to perform of any of its obligations to the standard prescribed in this Lease. Any notice periods granted herein shall be deemed to run concurrently with and not in addition to any default notice periods required by law.

- f. Vacation/Abandonment. Vacation by Tenant of the Premises (defined as an absence for at least fifteen (15) consecutive days without prior notice to Landlord), or abandonment by Tenant of the Premises (defined as an absence of five (5) days or more while Tenant is in breach of some other term of this Lease). Tenant's vacation or abandonment of the Premises shall not be subject to any notice or right to cure.
- 22. REMEDIES. Landlord shall have the following remedies upon an Event of Default. Landlord's rights and remedies under this Lease shall be cumulative, and none shall exclude any other right or remedy allowed by law.
 - a. Termination of Lease. Landlord may terminate Tenant's interest under the Lease, but no act by Landlord other than notice of termination from Landlord to Tenant shall terminate this Lease. The Lease shall terminate on the date specified in the notice of termination. Upon termination of this Lease. Tenant will remain liable to Landlord for damages in an amount equal to the Rent and other sums that would have been owing by Tenant under this Lease for the balance of the Lease term, less the net proceeds, if any, of any reletting of the Premises by Landlord subsequent to the termination, after deducting all of Landlord's Reletting Expenses (as defined below). Landlord shall be entitled to either collect damages from Tenant monthly on the days on which rent or other amounts would have been payable under the Lease, or alternatively, Landlord may accelerate Tenant's obligations under the Lease and recover from Tenant: (i) unpaid rent which had been earned at the time of termination; (ii) the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of rent loss that Tenant proves could reasonably have been avoided; (iii) the amount by which the unpaid rent for the balance of the term of the Lease after the time of award exceeds the amount of rent loss that Tenant proves could reasonably be avoided (discounting such amount by the discount rate of the Federal Reserve Bank of San Francisco at the time of the award, plus 1%); and (iv) any other amount necessary to compensate Landlord for all the detriment proximately caused by Tenant's failure to perform its obligations under the Lease, or which in the ordinary course would be likely to result from the Event of Default, including without limitation Reletting Expenses described below.
 - b. Re-Entry and Reletting. Landlord may continue this Lease in full force and effect, and without demand or notice, re-enter and take possession of the Premises or any part thereof, expel the Tenant from the Premises and anyone claiming through or under the Tenant, and remove the personal property of either. Landlord may relet the Premises, or any part of them, in Landlord's or Tenant's name for the account of Tenant, for such period of time and at such other terms and conditions as Landlord, in its discretion, may determine. Landlord may collect and receive the rents for the Premises. To the fullest extent permitted by law, the proceeds of any reletting shall be applied: first, to pay Landlord all Reletting Expenses (defined below); second, to pay any indebtedness of Tenant to Landlord other than rent; third, to the rent due and unpaid hereunder; and fourth, the residue, if any, shall be held by Landlord and applied in payment of other or future obligations of Tenant to Landlord as the same may become due and payable, and Tenant shall not be entitled to receive any portion of such revenue. Re-entry or taking possession of the Premises

by Landlord under this Section shall not be construed as an election on Landlord's part to terminate this Lease, unless a notice of termination is given to Tenant. Landlord reserves the right following any re-entry or reletting, or both, under this Section to exercise its right to terminate the Lease. Tenant will pay Landlord the Rent and other sums which would be payable under this Lease if repossession had not occurred, less the net proceeds, if any, after reletting the Premises and after deducting Landlord's Reletting Expenses. "Reletting Expenses" is defined to include all expenses incurred by Landlord in connection with reletting the Premises, including without limitation, all repossession costs, brokerage commissions and costs for securing new tenants, attorneys' fees, remodeling and repair costs, costs for removing persons or property, costs for storing Tenant's property and equipment, and costs of tenant improvements and rent concessions granted by Landlord to any new Tenant, prorated over the life of the new lease.

- c. Waiver of Redemption Rights. Tenant, for itself, and on behalf of any and all persons claiming through or under Tenant, including creditors of all kinds, hereby waives and surrenders all rights and privileges which they may have under any present or future law, to redeem the Premises or to have a continuance of this Lease for the Lease term, or any extension thereof.
- d. Nonpayment of Additional Rent. All costs which Tenant is obligated to pay to Landlord pursuant to this Lease shall in the event of nonpayment be treated as if they were payments of Rent, and Landlord shall have the same rights it has with respect to nonpayment of Rent.
- e. Failure to Remove Property. If Tenant fails to remove any of its property from the Premises at Landlord's request following an uncured Event of Default, Landlord may, at its option, remove and store the property at Tenant's expense and risk. If Tenant does not pay the storage cost within five (5) days of Landlord's request, Landlord may, at its option, have any or all of such property sold at public or private sale (and Landlord may become a purchaser at such sale), in such manner as Landlord deems proper, without notice to Tenant. Landlord shall apply the proceeds of such sale: (i) to the expense of such sale, including reasonable attorneys' fees actually incurred; (ii) to the payment of the costs or charges for storing such property; (iii) to the payment of any other sums of money which may then be or thereafter become due Landlord from Tenant under any of the terms hereof; and (iv) the balance, if any, to Tenant. Nothing in this Section shall limit Landlord's right to sell Tenant's personal property as permitted by law or to foreclose Landlord's lien for unpaid rent.
- 23. MORTGAGE SUBORDINATION AND ATTORNMENT. This Lease shall automatically be subordinate to any mortgage or deed of trust created by Landlord which is now existing or hereafter placed upon the Premises including any advances, interest, modifications, renewals, replacements or extensions ("Landlord's Mortgage"). Tenant shall attorn to the holder of any Landlord's Mortgage or any party acquiring the Premises at any sale or other proceeding under any Landlord's Mortgage provided the acquiring party assumes the obligations of Landlord under this Lease. Tenant shall promptly and in no event later than fifteen (15) days after request execute, acknowledge and deliver documents which the holder of any Landlord's Mortgage may reasonably require as further evidence of this subordination and attornment. Notwithstanding the foregoing, Tenant's obligations under this Section to subordinate in the future are conditioned on the holder of each Landlord's Mortgage and each party acquiring the Premises at any sale or other proceeding under any such Landlord's Mortgage not disturbing Tenant's occupancy and other rights under this Lease, so long as no uncured Event of Default by Tenant exists.
- 24. NON-WAIVER. Landlord's waiver of any breach of any provision contained in this Lease shall not be deemed to be a waiver of the same provision for subsequent acts of Tenant. The acceptance by Landlord of Rent or other amounts due by Tenant hereunder shall not be deemed to be a waiver of any previous breach by Tenant.

- 25. HOLDOVER. If Tenant shall, without the written consent of Landlord, remain in possession of the Premises and fail to return them to Landlord after the expiration or termination of this Lease, the tenancy shall be a holdover tenancy and shall be on a month-to-month basis, which may be terminated according to Washington law. During such tenancy, Tenant agrees to pay to Landlord 200% of the rate of rental last payable under this Lease, unless a different rate is agreed upon by Landlord. All other terms of the Lease shall remain in effect. Tenant acknowledges and agrees that this Section does not grant any right to Tenant to holdover, and that Tenant may also be liable to Landlord for any and all damages or expenses which Landlord may have to incur as a result of Tenant's holdover.
- 26. NOTICES. All notices under this Lease shall be in writing and effective (i) when delivered in person or via overnight courier to the other party, (ii) three (3) days after being sent by registered or certified mail to the other party at the address set forth in Section 1; or (iii) upon confirmed transmission by facsimile to the other party at the facsimile numbers set forth in Section 1. The addresses for notices and payment of rent set forth in Section 1 may be modified by either party only by written notice delivered in conformance with this Section.
- 27. COSTS AND ATTORNEYS' FEES. If Tenant or Landlord engage the services of an attorney to collect monies due or to bring any action for any relief against the other, declaratory or otherwise, arising out of this Lease, including any suit by Landlord for the recovery of Rent or other payments, or possession of the Premises, the losing party shall pay the prevailing party a reasonable sum for attorneys' fees in such action, whether in mediation or arbitration, at trial, on appeal, or in any bankruptcy proceeding.
- 28. ESTOPPEL CERTIFICATES. Tenant shall, from time to time, upon written request of Landlord, execute, acknowledge and deliver to Landlord or its designee a written statement specifying the following, subject to any modifications necessary to make such statements true and complete: (i) the total rentable square footage of the Premises; (ii) the date the Lease term commenced and the date it expires; (iii) the amount of minimum monthly Rent and the date to which such Rent has been paid; (iv) that this Lease is in full force and effect and has not been assigned, modified, supplemented or amended in any way; (v) that this Lease represents the entire agreement between the parties; (vi) that all obligations under this Lease to be performed by either party have been satisfied; (vii) that there are no existing claims, defenses or offsets which the Tenant has against the enforcement of this Lease by Landlord; (viii) the amount of Rent, if any, that Tenant paid in advance; (ix) the amount of security that Tenant deposited with Landlord; (x) if Tenant has sublet all or a portion of the Premises or assigned its interest in the Lease and to whom; (xi) if Tenant has any option to extend the Lease or option to purchase the Premises; and (xii) such other factual matters concerning the Lease or the Premises as Landlord may reasonably request. Tenant acknowledges and agrees that any statement delivered pursuant to this Section may be relied upon by a prospective purchaser of Landlord's interest or assignee of any mortgage or new mortgagee of Landlord's interest in the Premises. If Tenant shall fail to respond within ten (10) days to Landlord's request for the statement required by this Section, Landlord may provide the statement and Tenant shall be deemed to have admitted the accuracy of the information provided by Landlord.
- 29. TRANSFER OF LANDLORD'S INTEREST. This Lease shall be assignable by Landlord without the consent of Tenant. In the event of any transfer or transfers of Landlord's interest in the Premises, other than a transfer for collateral purposes only, upon the assumption of this Lease by the transferee, Landlord shall be automatically relieved of obligations and liabilities accruing from and after the date of such transfer, including any liability for any retained security deposit or prepaid rent, for which the transferee shall be liable, and Tenant shall attorn to the transferee.
- 30. LANDLORD'S LIABILITY. Anything in this Lease to the contrary notwithstanding, covenants, undertakings and agreements herein made on the part of Landlord are made and intended not as personal covenants, undertakings and agreements for the purpose of binding Landlord personally or the assets of Landlord but are made and intended for the purpose of binding only the Landlord's interest in the Premises,

as the same may from time to time be encumbered. In no event shall Landlord or its partners, shareholders, or members, as the case may be, ever be personally liable hereunder.

- 31. RIGHT TO PERFORM. If Tenant shall fail to timely pay any sum or perform any other act on its part to be performed hereunder. Landlord may make any such payment or perform any such other act on Tenant's behalf. Tenant shall, within ten (10) days of demand, reimburse Landlord for its expenses incurred in making such payment or performance. Landlord shall (in addition to any other right or remedy of Landlord provided by law) have the same rights and remedies in the event of the nonpayment of sums due under this Section as in the case of default by Tenant in the payment of Rent.
- 32. HAZARDOUS MATERIAL. As used herein, the term "Hazardous Material" means any hazardous, dangerous, toxic or harmful substance, material or waste including biomedical waste which is or becomes regulated by any local governmental authority, the State of Washington or the United States Government, due to its potential harm to the health, safety or welfare of humans or the environment. Landlord represents and warrants to Tenant that, to Landlord's knowledge without duty of investigation, there is no Hazardous Material on, in, or under the Premises as of the Commencement Date except as may otherwise have been disclosed to Tenant in writing before the execution of this Lease. If there is any Hazardous Material on, in, or under the Premises as of the Commencement Date which has been or thereafter becomes unlawfully released through no fault of Tenant, then Landlord shall indemnify, defend and hold Tenant harmless from any and all claims, judgments, damages, penalties, fines, costs, liabilities or losses including without limitation sums paid in settlement of claims, attorneys' fees, consultant fees and expert fees, incurred or suffered by Tenant either during or after the Lease term as the result of such contamination.

Tenant shall not cause or permit any Hazardous Material to be brought upon, kept, or used in or about, or disposed of on the Premises or the Property by Tenant, its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees, except with Landlord's prior consent and then only upon strict compliance with all applicable federal, state and local laws, regulations, codes and ordinances. If Tenant breaches the obligations stated in the preceding sentence, then Tenant shall indemnify, defend and hold Landlord harmless from any and all claims, judgments, damages, penalties, fines, costs, liabilities or losses including, without limitation, diminution in the value of the Premises or the Property; damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises or the Property, or elsewhere; damages arising from any adverse impact on marketing of space at the Premises or the Property; and sums paid in settlement of claims, attorneys' fees, consultant fees and expert fees incurred or suffered by Landlord either during or after the Lease term. These indemnifications by Landlord and Tenant include, without limitation, costs incurred in connection with any investigation of site conditions or any clean-up, remedial, removal or restoration work, whether or not required by any federal, state or local governmental agency or political subdivision, because of Hazardous Material present in the Premises, or in soil or ground water on or under the Premises. Tenant shall immediately notify Landlord of any inquiry, investigation or notice that Tenant may receive from any third party regarding the actual or suspected presence of Hazardous Material on the Premises.

Without limiting the foregoing, if the presence of any Hazardous Material brought upon, kept or used in or about the Premises or the Property by Tenant, its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees, results in any unlawful release of any Hazardous Materials on the Premises or the Property, Tenant shall promptly take all actions, at its sole expense, as are necessary to return the Premises or the Property to the condition existing prior to the release of any such Hazardous Material; provided that Landlord's approval of such actions shall first be obtained, which approval may be withheld at Landlord's sole discretion. The provisions of this Section 32 shall survive expiration or termination of this Lease.

33. QUIET ENJOYMENT. So long as Tenant pays the Rent and performs all of its obligations in this Lease, Tenant's possession of the Premises will not be disturbed by Landlord or anyone claiming by, through or under Landlord.

34. MERGER. The voluntary or other surrender of this Lease by Tenant, or a mutual cancellation thereof, shall not work a merger and shall, at the option of Landlord, terminate all or any existing subtenancies or may, at the option of Landlord, operate as an assignment to Landlord of any or all of such subtenancies.

35. GENERAL.

- Heirs and Assigns. This Lease shall apply to and be binding upon Landlord and Tenant and their respective heirs, executors, administrators, successors and assigns.
- b. Brokers' Fees. Tenant represents and warrants to Landlord that except for Tenant's Broker, if any, described and disclosed in Section 39 of this Lease, it has not engaged any broker, finder or other person who would be entitled to any commission or fees for the negotiation, execution or delivery of this Lease and shall indemnify and hold harmless Landlord against any loss, cost, liability or expense incurred by Landlord as a result of any claim asserted by any such broker, finder or other person on the basis of any arrangements or agreements made or alleged to have been made by or on behalf of Tenant. Landlord represents and warrants to Tenant that except for Landlord's Broker, if any, described and disclosed in Section 37 of this Lease, it has not engaged any broker, finder or other person who would be entitled to any commission or fees for the negotiation, execution or delivery of this Lease and shall indemnify and hold harmless Tenant against any loss, cost, liability or expense incurred by Tenant as a result of any claim asserted by any such broker, finder or other person on the basis of any arrangements or agreements made or alleged to have been made by or on behalf of Landlord.
- c. Entire Agreement. This Lease contains all of the covenants and agreements between Landlord and Tenant relating to the Premises. No prior or contemporaneous agreements or understandings pertaining to the Lease shall be valid or of any force or effect and the covenants and agreements of this Lease shall not be altered, modified or amended except in writing, signed by Landlord and Tenant.
- d. Severability. Any provision of this Lease which shall prove to be invalid, void or illegal shall in no way affect, impair or invalidate any other provision of this Lease.
- e. Force Majeure. Time periods for either party's performance under any provisions of this Lease (excluding payment of Rent) shall be extended for periods of time during which the party's performance is prevented due to circumstances beyond such party's control, including without limitation, fires, floods, earthquakes, lockouts, strikes, embargoes, governmental regulations, acts of God, public enemy, war or other strife.
- Governing Law. This Lease shall be governed by and construed in accordance with the laws of the State of Washington.
- g. Memorandum of Lease. Neither this Lease nor any memorandum or "short form" thereof shall be recorded without Landlord's prior consent.
- h. Submission of Lease Form Not an Offer. One party's submission of this Lease to the other for review shall not constitute an offer to lease the Premises. This Lease shall not become effective and binding upon Landlord and Tenant until it has been fully signed by both of them.

- i. No Light, Air or View Easement. Tenant has not been granted an easement or other right for light, air or view to or from the Premises. Any diminution or shutting off of light, air or view by any structure which may be erected on or adjacent to the Building shall in no way effect this Lease or the obligations of Tenant hereunder or impose any liability on Landlord.
- j. Authority of Parties. Each party signing this Lease represents and warrants to the other that it has the authority to enter into this Lease, that the execution and delivery of this Lease has been duly authorized, and that upon such execution and delivery, this Lease shall be binding upon and enforceable against the party on signing.
- k. Time. "Day" as used herein means a calendar day and "business day" means any day on which commercial banks are generally open for business in the state where the Premises are situated. Any period of time which would otherwise end on a non-business day shall be extended to the next following business day. Time is of the essence of this Lease
- I. Counterpart Execution. This Lease may be executed in any number of separate identical counterparts (each of which may contain fewer than all required signatures) with the same effect as if all parties had signed the same document. Thereafter, signature pages may be detached from one counterpart and added to another counterpart so that any set of identical counterparts containing original signatures for each of the parties, or any counterpart containing original signatures for all of the parties, shall constitute an original Lease for all purposes.
