#### Fee

Check the <u>fee page</u> for the current inspection fee.

All application fees are nonrefundable

#### Pharmacy Remodel Application

An application for remodel is required for any modification or alteration of a pharmacy's location that includes changes to a previously approved area, room or pharmacy building. Alterations include any physical or functional changes, additions, or modifications to an existing pharmacy or a portion of an existing pharmacy. Pharmacies must complete and submit the remodel application, pay a fee, and undergo inspection. This application and fee will also cover the inspection of a temporary location due to the remodel, if applicable.

Pharmacies that are under a DOH health care facility license are also required to obtain construction approval through the department's Construction Review program. DOH health care facility licenses include acute care hospitals, psychiatric hospitals, alcoholism hospitals, ambulatory surgery facilities, and hospices. If you have questions as to whether your pharmacy is required to obtain a construction review approval, or you would like to begin the application process, please contact the Construction Review program at: <a href="mailto:crs@doh.wa.gov.">crs@doh.wa.gov.</a>

An application for remodel is required for modification or alteration of all other PQAC licensed facilities (HCE, HPACs, wholesalers, manufacturers, etc.) that undergo a change of the facility as it relates to compounding or a negative impact on security (e.g., increased diversion risk). Licensees must complete and submit the remodel application, pay a fee, and undergo inspection.

Questions surrounding the remodel process and related inspection(s) may be directed to the PQAC general inbox at: <a href="mailto:wspqac@doh.wa.gov">wspqac@doh.wa.gov</a>
