## Executive Summary

MED-Project WA, LLC's ("MED-Project") Product Stewardship Plan for Covered Drugs from Households ("Plan") was approved by the Washington State Department of Health (the "Department") on May 25, 2020. The Plan requires that MED-Project submit an annual collection amount report to the Department that provides the total amount by weight of Covered Drugs collected from each Collection Site during the prior year. Due to the timing of when MED-Project receives collection data from Vendor, the report contains final collection data for the first three quarters of the previous year and preliminary data for the fourth quarter of the previous year. This 2020 Annual Collection Report describes Collection Site collection between January 1, 2020 and December 31, 2020 ("Reporting Period"). MED-Project implemented full operation during the Reporting Period on November 21, 2020. The total amount collected for the entire collection period was 5,336.0 pounds of Unwanted Medicine. See Appendix A for site specific collection data.
