I. Executive Summary

MED-Project WA, LLC's ("MED-Project") Product Stewardship Plan for Covered Drugs from Households ("Approved Plan") was approved by the Washington State Department of Health (the "Department") on May 25, 2020. The Approved Plan requires that MED-Project submit Collection-Site specific weights for Covered Drugs collected in the State of Washington throughout the year. Due to the timing of when MED-Project receives weight collection data from the Vendor, the Final 2021 MED-Project Annual Collections Report ("Final Collections Report") complements the Preliminary 2021 MED-Project Annual Collections Report sent to the Department on January 28, 2022. The Final Collections Report contains Covered Drug collection weights for all four quarters of 2021.

Due to the timing of the unification of Clallam, King, Kitsap, Pierce, Skagit, Snohomish, and Whatcom Counties ("Grandfathered Counties") with the State of Washington in November of 2021, the data in the Final Collections Report has been separated into data for the State of Washington without the Grandfathered Counties in **Appendix A** and the data for the Grandfathered Counties without the State of Washington in **Appendix B**. The information provided in **Appendix C** contains combined December 1, 2021, through December 31, 2021, collections data for the State of Washington and the Grandfathered Counties.

The Final Collections Report includes the Collection Site-specific weights of Covered Drugs collected in the State of Washington from January 1, 2021, through November 30, 2021 ("State of Washington Reporting Period"), in **Appendix A**. Collection Site-specific weights of Covered Drugs collected in the Grandfathered Counties from January 1, 2021, through November 30, 2021 ("Grandfathered Counties Reporting Period"), is provided in **Appendix B**. Collection Site-specific weights of Covered Drugs collected in the State of Washington and the Grandfathered Counties from December 1, 2021, through December 31, 2021 ("State of Washington/Grandfathered Counties Reporting Period"), is provided in **Appendix C**.

The weight of collected Covered Drugs for the State of Washington Reporting Period was 35,408.7 pounds. See **Appendix A** for the State of Washington's detailed Collection Site-specific Covered Drugs weight collection data.

The weight of collected Covered Drugs for the Grandfathered Counties Reporting Period was 107,700.0 pounds. See **Appendix B** for the Grandfathered Counties' detailed Collection Site-specific Covered Drugs weight collection data.

The weight of collected Covered Drugs for the State of Washington/Grandfathered Counties Reporting Period was 13,874.3 pounds. See **Appendix C** for the State of Washington's and the Grandfathered Counties' detailed Collection Site-specific Covered Drugs weight collection data.
