Purpose: WAC 246-282-990(4), Sanitary control of shellfish - Fees, Annual paralytic shellfish poisoning (PSP) testing fee redistribution. The adopted rule equitably assesses the cost of PSP testing by following the annual redistribution formula, which is based on the number of PSP tests done in the previous year. PSP testing is essential to public health as it is the only means available to determine if dangerous levels of PSP exist in commercial geoduck so that toxic shellfish do not reach consumers.
