- Yes  No If Yes, explain:

**Purpose:** WAC 246-945-171 Retired active pharmacist license status, establishing a new section of rule. This adopted emergency rule will extend WSR 22-04-062 filed on January 28, 2022 without change. On March 26, 2020, Governor Inslee signed proclamation 20-32 to help increase the number of healthcare workers available to meet the needs of patients during the coronavirus disease 2019 (COVID-19) pandemic. This proclamation included a provision that allows a pharmacist with a retired active pharmacist license status to practice pharmacy. Specifically, the proclamation amended WAC 246-863-080(2), which was effective at that time, to allow holders of a retired active pharmacist license status to practice pharmacy while the proclamation remains in effect.

The Pharmacy Quality Assurance Commission (commission) updated and consolidated all rules under its authority into one new chapter (chapter 246-945 WAC), effective July 1, 2020. In this rewrite process the requirements from WAC 246-863-080 and the retired active pharmacist license status were repealed. Beginning July 1, 2020 chapter 246-945 WAC took effect and the commission no longer enforces WAC 246-863-080. In order to allow retired pharmacists to assist with the COVID response with pharmacy services such as vaccine administration, the commission is reinstating the retired active pharmacist license in rule. The adopted rule will reinstate the retired active pharmacist credential and allow a pharmacist to apply for a retired active pharmacist license status. The holder of a retired active pharmacist license is allowed to practice during emergent or intermittent circumstances and assist with the COVID-19 response. This emergency rule also establishes the criteria for returning to active status.

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.  
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** The immediate adoption of WAC 246-945-171 is necessary for the preservation of public health, safety, and general welfare. This rule allows retired pharmacists to assist in the response during public health emergencies such as the COVID-19 pandemic. This emergency rule allows retired pharmacists to help meet the needs of patients during the COVID-19 pandemic through performing pharmacy services such as vaccine administration. Observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

The commission authorized permanent rules and the CR-101 (WSR 21-09-063) was filed April 19, 2021, but will not be completed by the time the current emergency rules expire. Proposed rule language for a permanent rule was recently approved by the commission and the CR-102 will be filed soon.
