Re: 22-01 Approval Letter Alternate Use Bed Banking

Soon Burnam:

Thank you for your Nursing Home Alternate Use Bed Banking Notice for the banking of 11 licensed beds at Bainbridge Island Health and Rehabilitation Center. Currently, Bainbridge Island Health and Rehabilitation Center is licensed for 69 nursing home beds and has no banked beds. The notice requests to bank 11 of the facility's licensed beds under the alternate use provisions of Revised Code of Washington (RCW) 70.38.111(9).

The table below shows the room number, the current number of beds in each room, and the proposed number of beds to be banked for the rooms that are being updated. The table below also shows the reason for the bed banking and the remaining number of beds in each of rooms after banking (if any).

Room Number	Current # of licensed Beds in Room	# of Beds to Bank	Purpose of Bed Banking	# of Beds Remaining After Banking
17	2	1	Make a private room	1
18	2	2	Add space for gym / restorative gym	0
19	2	1	Make a private room	1
20	2	2	Make space for gym	0
21	2	1	Make a private room	1
22	2	2	Make space for gym	0
23	2	2	Make space for gym	0
Total	14	11		3

Based on the information provided, the Certificate of Need Program approves your request to bank 11 beds at Bainbridge Island Health and Rehabilitation Center under the alternate use provisions of RCW 70.38.111(9). After the 11 beds are banked, Bainbridge Island Health and Rehabilitation Center's total number of licensed beds will be 58 beds with 11 beds banked under alternate use. To effectuate this bed banking, you must complete the de-licensing of the 11 beds with the Department of Social and Health Services.

RCW 70.38.111(9)(c) allows for a facility to bank beds for up to four years from the effective date. Once DSHS provides the CN Program with notification of the de-licensure of beds, our records will be updated to indicate that the 11 beds are banked for a term of four years from the effective date.

Note: Approval of this bed banking does not constitute approval under any other local, federal, or state statute implementing rules and regulations. Examples where additional approval may be necessary include, but are not limited to, construction plan approval through the Construction Review Section of the Department of Health, facility licensing/certification through the Department of Social and Health Services or Department of Health, and other federal or local jurisdiction permits.

Also Note: Under the nursing home licensing WAC 388-97-3400 and 388-97-2160 (2)(b), a change in the use of a room requires review and approval by the Construction Review Program of the Department of Health. The contact number for Construction Review is (360) 236-2944.

If Bainbridge Island Health and Rehabilitation Center decides to modify the room numbers or alternative uses for the beds that have been banked at Bainbridge Island Health and Rehabilitation Center, notification to the Certificate of Need Program is necessary under the provisions of WAC 246-310-395(4) to assure continued compliance with RCW 70.38.111(9)(a) and WAC 246-310-395.

If you have any questions or would like to arrange for a meeting to discuss our decision, please contact the Certificate of Need Program at (360) 236-2955.

Sincerely,

Eric Hernandez, Certificate of Need Program Manager
Office of Community Health Systems
