Purpose

The purpose of this rule revision is to update chapter 246-272A WAC, On-site sewage systems. Updates to the rule will reflect septic design, installation, operation and maintenance, and management.

Recent Issues and Activities

The On-Site Rule Review Committee (ORRC), comprised of industry experts, local health and other stakeholders, has been established and will meet throughout 2018 and into 2019 to discuss revisions to chapter 246-272A WAC. The ORRC has provided options and recommendations regarding rule revision for the State Board of Health to consider.

Next Steps

Conduct cost survey of impacted parties
Complete analysis documents
SBOH Briefing August 2023
