Novavax COVID-19 Vaccine Available in Washington State

COVID-19 Vaccine from the Food and Drug Administration (FDA) is now available in Washington State! Novavax COVID-19 vaccine is now available for persons 18 years and older. This vaccine is an alternative to the Pfizer and Moderna vaccines and is a two-dose series. Novavax vaccine is similar to the mRNA vaccine, but is different in the approach and technology used. It is approved for use by the FDA under Emergency Use Authorization (EUA) for people 18 years and older.

For more information and to find a vaccination clinic near you, please visit the Washington State Department of Health's website: [Washington State Department of Health](https://www.doh.wa.gov/HealthTopics/Covid19/Novavax). For questions about the Novavax vaccine, please contact the DOH at 1-800-525-0127 or civil.rights@doh.wa.gov.
