

**Spokane Treatment Center Response to Community Concerns**  
**82 E. Francis Avenue, Spokane, WA 99208**

Thank you for the feedback regarding security at Spokane Treatment Center.

At our organization safety and security is paramount, and we continuously evaluate mechanisms to promote the safety and security of our patients, team members and community members both internal and external to our facilities. Spokane Treatment Center will hire a Treatment Center Maintenance and Monitor Team Member prior to opening. The Treatment Center Maintenance and Monitor position is responsible for monitoring the day-to-day operations of the treatment services as it relates to visitors and patients. He/she will monitor the exterior doors and perimeter and inform person(s) of rule infractions and/or violations and evict violators from premises. Spokane Treatment Center will periodically re-evaluate the position and hire additional team members or contracted security, if needed.
