**Agency:** Department of Health

**Title of rule and other identifying information:** (describe subject) Chapter 246-71 WAC, Medical Marijuana Authorization Database and 246-72 WAC, Medical Marijuana Consultant Certificate. The Department of Health (department) is proposing replacing the term "marijuana" with "cannabis" in response to passage of Second Substitute House Bill 1210 (chapter 16, Laws of 2022). The department is also proposing other clarifying changes such as changing terms such as "gender," citations, and spellings throughout both chapters.

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:** Second Substitute House Bill 1210 changed the term "marijuana" to "cannabis" in state law. This proposed rule change will update chapters 246-71 and 246-72 WAC to reflect the term "cannabis." The department is proposing this rule change as a part of bill implementation.

The department is proposing other updates are general corrections for accuracy and readability. Additional technical changes not referenced in the bill include removing gender pronouns as well as the requirement to identify gender in the medical marijuana authorization database.

The proposed changes will not affect the intent or meaning of the rule.

**Reasons supporting proposal:** Second Substitute House Bill 1210 made technical changes to replace the term "marijuana" with "cannabis" throughout the Revised Code of Washington. The legislature finds that the use of the term "marijuana" in the United States has discriminatory origins and should be replaced with the more scientifically accurate term "cannabis."

Reasons for removing gender pronouns as well as no longer requiring gender be identified in rule is to ensure the rule language reflects the current state of the authorization database. In addition, left unchanged, requiring gender to be identified is not mandated by statute and would not be something that would result in a violation of law or rule.

This act is technical in nature and no substantive legal changes are intended or implied.

**Statutory authority for adoption:** RCW 69.51A.290 and RCW 69.51A.230

**Statute being implemented:** RCW 69.51A.290, RCW 69.51A.230, and Second Substitute House Bill 1210 (chapter 16, Laws of 2022)

**Is rule necessary because of a:**

 Corrects typographical errors, make address or name changes, or clarify language of a rule without changing its effect;  
 Content is explicitly and specifically dictated by statute;  
 Have been the subject of negotiated rule making, pilot rule making, or some other process that involved substantial participation by interested parties before the development of the proposed rule; or  
 Is being amended after a review under RCW 34.05.328.

**Expedited Repeal - Which of the following criteria was used by the agency to file notice:**  
 The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;  
 The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;  
 The rule is no longer necessary because of changed circumstances; or  
 Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

**Explanation of the reason the agency believes the expedited rule-making process is appropriate pursuant to RCW 34.05.353(4):** The department is proposing this rule change as a part of bill implementation. Other proposed changes are clarifying. Changes will not affect the intent or meaning of the rule.

(1) "Authorization" means a form developed by the department that is completed and signed by a qualifying patient's health care professional and printed on tamper-resistant paper approved by the Washington pharmacy quality assurance commission.

(2) "Compassionate care renewal" means a renewal of an authorization by a health care practitioner through the use of telemedicine if the health care practitioner determines that requiring the qualifying patient to attend an in-person physical examination would likely result in severe hardship to the qualifying patient because of the qualifying patient's physical or emotional condition. A compassionate care renewal of a qualifying patient's registration and recognition card also allows the qualifying patient's designated provider to renew the qualifying patient's registration in the database and recognition card without the qualifying patient being physically present at a retailer and without a new photograph being taken.

(3) "Consultant" means a person who holds a valid medical ((marijuana)) cannabis consultant certificate issued by the secretary under chapter 246-72 WAC and who is employed by a retail outlet with a medical ((marijuana)) cannabis endorsement.

(4) "Credential for access" or "credentials" means information, electronic device, or certificate provided by the department or the department's designee to a data requestor to electronically access the database. The authentication may include, but is not limited to, a user name, password, or an identification electronic device or certificate.

(5) "Database" means the medical ((marijuana)) cannabis authorization database established under RCW 69.51A.230.

(13) "Recognition card" means a card issued to qualifying patients and designated providers by a ~~((marijuana))~~ cannabis retailer with a medical ~~((marijuana))~~ cannabis endorsement that has entered them into the medical ~~((marijuana))~~ cannabis authorization database.

(14) "Retail outlet with a medical ~~((marijuana))~~ cannabis endorsement" or "endorsed outlet" means a location licensed by the WSLCB under RCW 69.50.325 for the retail sale of usable ~~((marijuana and marijuana-infused))~~ cannabis and cannabis-infused products to the public, and under RCW 69.50.375 to qualifying patients and designated providers for medical use.

(15) "Telemedicine" has the same meaning as the definition of that term adopted by the authorizing health care practitioner's disciplining authority, whether defined in rule or policy.

(16) "Valid photographic identification" means:

(a) A driver's license or instruction permit issued by any state of the United States or province of Canada. If the patient's driver's license has expired, the patient must also show a valid temporary driver's license with the expired card.

Except for patients under the age of ~~((eighteen))~~ 18, or qualifying patients renewing under a compassionate care renewal as authorized in RCW 69.51A.030, a person cannot be entered into the database without valid photographic identification.

(7) In the event of an inexact match of names on the identification and the authorization, the consultant shall ensure that the patient or designated provider named on the authorization form is the same person presenting the authorization for entry into the database.

(8) The consultant shall check the database to ensure that a designated provider is not currently associated with a different patient in the database before associating the designated provider with a new patient in the database. (10) All requests for, uses of, and disclosures of information from the database by authorized persons must be consistent with chapter 69.51A RCW and this chapter.
