**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

On March 26, 2020, Governor Inslee signed proclamation 20-32 to help increase the number of healthcare workers available to meet the needs of patients during the coronavirus disease 2019 (COVID-19) pandemic. This proclamation included a provision that allows a pharmacist with a retired active pharmacist license status to practice pharmacy. Specifically, the proclamation waived "shall not be authorized to practice pharmacy and" from WAC 246-863-080(2) Retired pharmacist license. In other words, the proclamation amended WAC 246-863-080(2) to read: "The holder of a retired pharmacist license... need not comply with the continuing education requirements of chapter 246-861 WAC."

However, the commission recently updated and consolidated all rules under its authority into one new chapter (chapter 246-945 WAC). In this rewrite process, WAC 246-863-080 and the retired active pharmacist license was removed, effective July 1, 2020, as the retired active pharmacist status at the time did not allow for the practice of pharmacy in any capacity and was deemed unnecessary.

The novel coronavirus COVID-19 pandemic illustrated the need for additional qualified and licensed personnel in intermittent and emergency settings, and the commission chose to reinstate the retired active pharmacist license status. However, the interaction between the old rule language and proclamation 20-32 prompted the commission to approve new rule language to both accommodate the proclamation language and update the retired active pharmacist licensing requirements and fees.

In order to allow retired pharmacists to assist with the COVID-19 response with pharmacy services such as vaccine administration while permanent rulemaking was ongoing, the commission adopted an emergency rule on February 1, 2021 under WSR 21-04-116, temporarily creating a retired active pharmacy license status in the new chapter. This emergency rule has been continuously adopted to retain the licensure statutes until permanent rules could be adopted. Permanent rules are required to keep the retired active pharmacist license status in place. The proposed rule differs from the emergency rules in that it includes updated references to license application fees, license renewal fees, and the license renewal period in rule. The proposed language also adds a reference to continuing education requirements for licensees.

Governor Inslee announced on July 29, 2022 that multiple proclamations will be rescinded on October 27, 2022 including proclamation 20-32. However, should relevant proclamations be rescinded or the state of emergency end, this permanent rule will continue to provide guidance for prospective and current licensees should another state of emergency be declared in the future.

**Reasons supporting proposal:**

Additional qualified, experienced, and licensed personnel is needed to address public health needs during the state of emergency declared under Governor Inslee's proclamation 20-05. The retired active pharmacist license status created under proposed rule WAC 246-945-171 will help make available more health care providers during other states of emergency.
