

# ICAR

Infection Control  
Assessment and Response

# QUARTERLY METRICS SNAPSHOT

January 1, 2021 - March 31, 2021

During the first quarter of 2021, our team added 5 new Infection Preventionists allowing us to increase our capacity to conduct Infection Control Assessments and Response (ICARs) in long-term care settings. Additionally, we greatly increased our proactive outreach, resulting in fewer reactive ICAR visits scheduled. As we continue to schedule ICARS, our team hopes to incorporate more onsite ICAR opportunities.

## ASSESSMENTS - Overall Totals

**310**  
Scheduled

**279**  
Completed

**31**  
Canceled
