

Intérpretación al español

Para obtener acceso a la interpretación en español en Zoom: Haga clic en el icono de “Interpretation” en la barra de herramientas. Luego, haga clic en Spanish (español). Esto le conectará a la interpretación en español.

¿PREGUNTAS?

Por favor, envíe un mensaje a Bella Méndez, si tiene alguna pregunta

English Interpreter

To access English interpretation on Zoom: Click the “Interpretation” icon on the toolbar. Then click on English. This will connect you to the English interpretation. If you are not bilingual, please click on the English interpretation. You will still hear the English when spoken, and the interpretation in English when Spanish is spoken.

QUESTIONS?

Please message Bella Mendez
If you have any questions!

Workgroup Meeting Agenda

- Introductions in chat
- Group norms check-in
- Community Partner agenda items
- Review and provide feedback on infographics and messaging

Introductions

- Please share, in the chat or verbally, the following:
 - Name, preferred pronoun
 - Access Needs
 - Organization
 - Please share how you currently serve the Latino community
 - Visual description

Group Norms

- Be accountable for your impact (vs. your intention)
- Move up, move back
- Notice your own defensive reactions and attempt to use these reactions as entry points for gaining deeper self-knowledge, rather than as a rationale for closing off.
- Recognize how your own social positionality (e.g., race, class, gender, sexuality, ability) informs your perspectives and reactions to your colleagues and facilitators
- Acknowledge power differences between DOH employees and group participants.
- Accept and expect non-closure
- Ask about access needs

Group Norms

How are we feeling
about the norms today?

Community Partner Agenda Items

Please feel free to share verbally or in the chat

- Events
- Resources
- Emerging needs/items you would like to flag for DOH

DOH Updates

- Health Equity Zones
- Update on Community Partners identified to be funding
- Update

Work Overview

Workgroup goals/objectives to work on together

1) Create data infographics that reflect the Latinx/Latino community that are simple to understand to share with community members

- **Using WA DOH Dashboard for easily sharing or demonstrating to Latinx/Latino community what is currently happening with COVID-19 cases, vaccines, boosters etc.**

2) Create COVID-19 messaging for late summer/early fall in Spanish and Indigenous languages that can easily be shared in audio

- **For example: podcast and**

3) Work on consent form for youth specifically tailored for the Hispanic community, youth and families

- Help youth understand rights to accessing medical services/vaccine and educating parents on why this exists in a culturally appropriate way
- Look into utilizing TicToc to reach younger age, population, and youth

4) Create directory of interpreters/translators for Indigenous languages of Latin America that are spoken in Washington state.

Objective #1: Create data infographics that reflect the Latinx/Latino community that are simple to understand to share with community members

Last month we reviewed unvaccinated data for the Latino/Latinx community

- Review and provide feedback on *sample* infographics that have been created
- Create message to go along with infographics

Data for Infographics

1. How do you feel about these infographics?
2. What modification do we need to do?
3. How should we refer to community? Latino, Latina, Latinx or Hispanic?
4. What messaging do you feel would be best to reach the Latino/Hispanic community?

Hispanic/Latinos have the lowest COVID-19 vaccination rate

91.57% Non-Hispanic

60.93% Hispanic

The Latino community have the lowest COVID-19 vaccination rate

91.57%

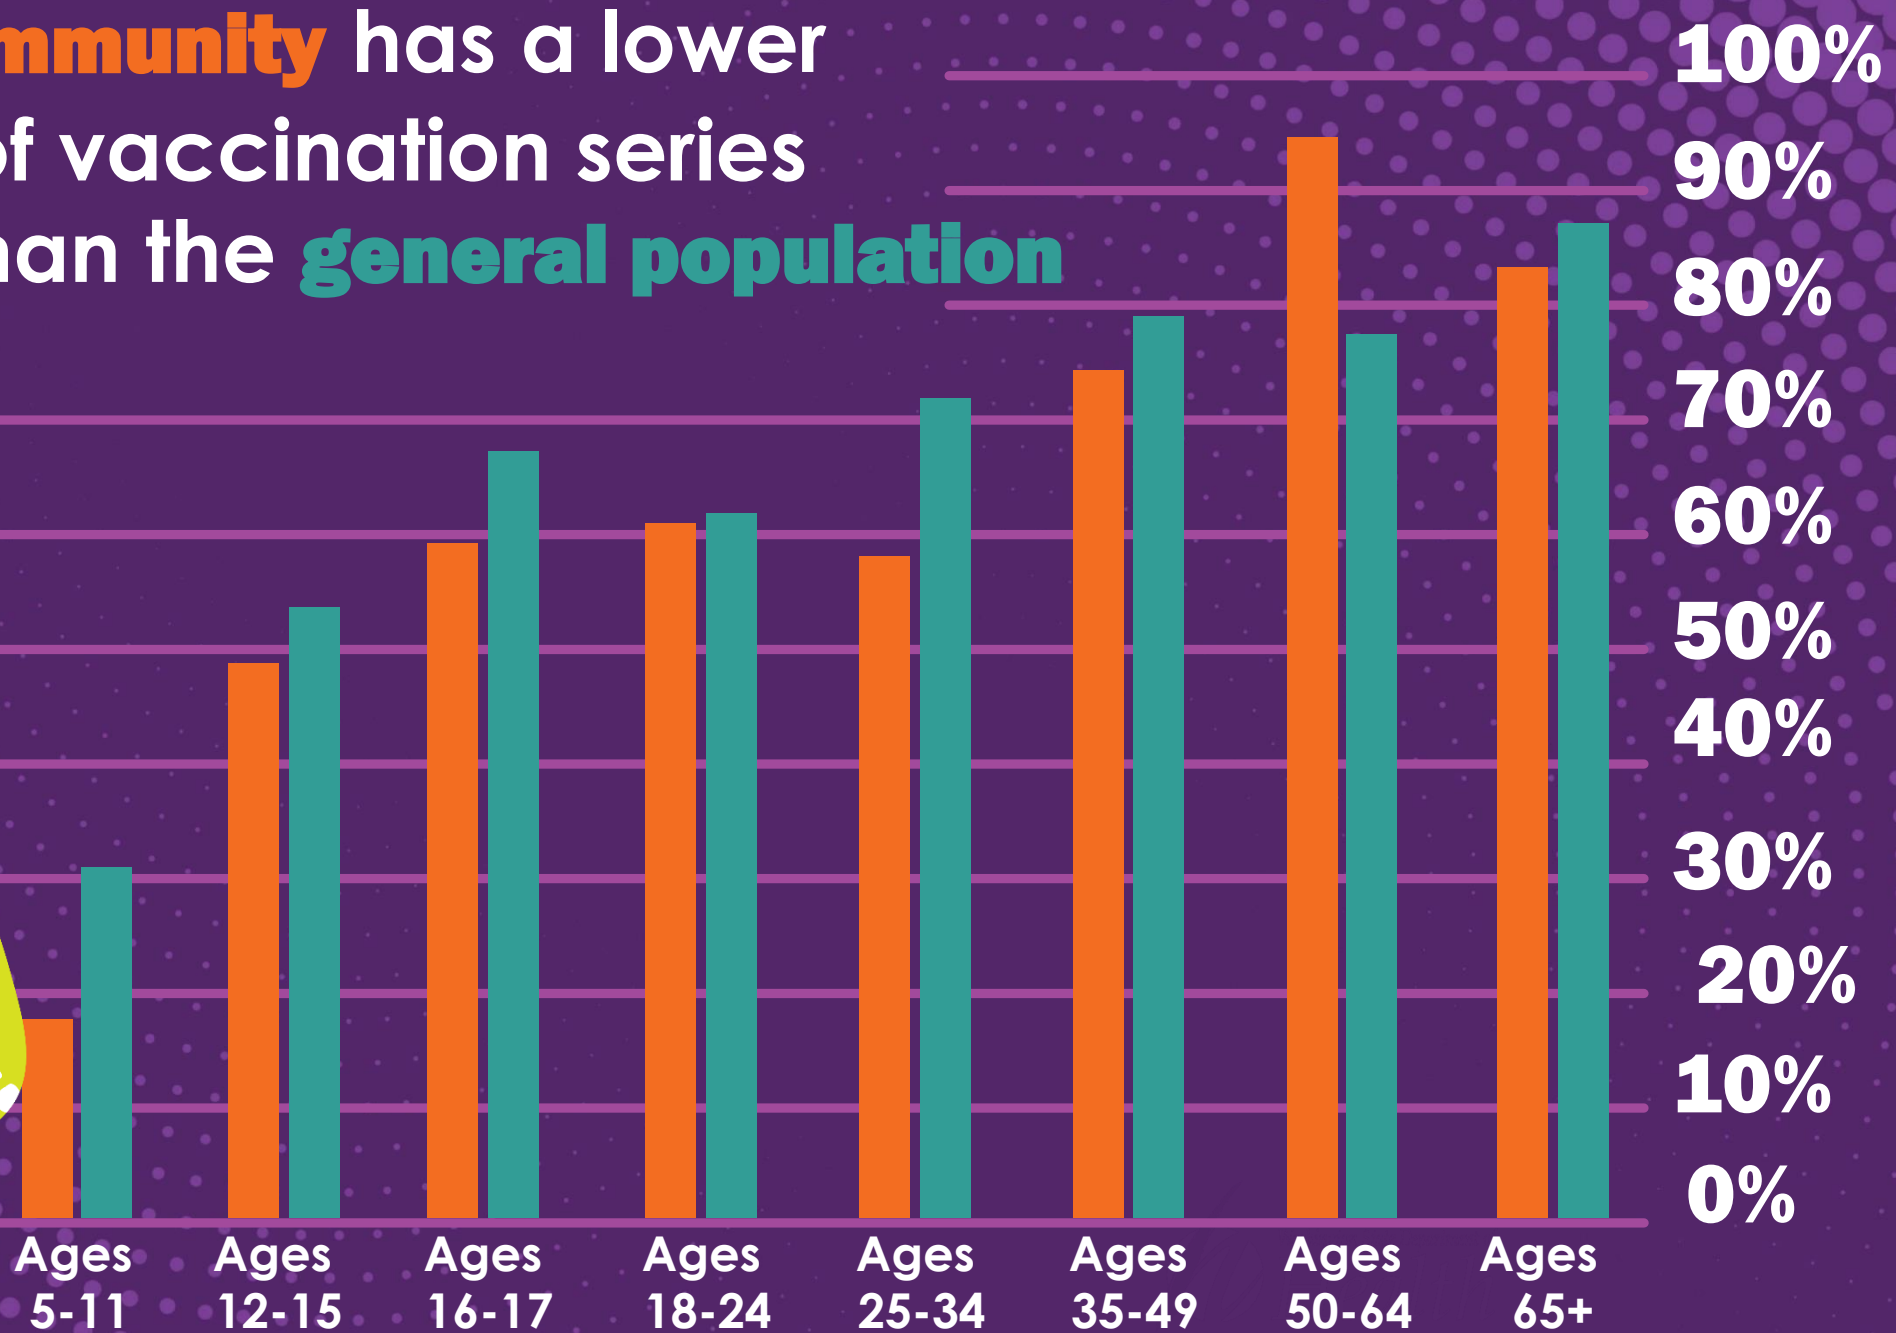

Non-Hispanic

60.93%

Hispanic

The **Latino community** has a lower percentage of vaccination series completion than the **general population**

Updated July 2022

The Latinx **5-11 age group** is far behind the state average for COVID-19 vaccination series

Updated July 2022

The Latino **25-34**

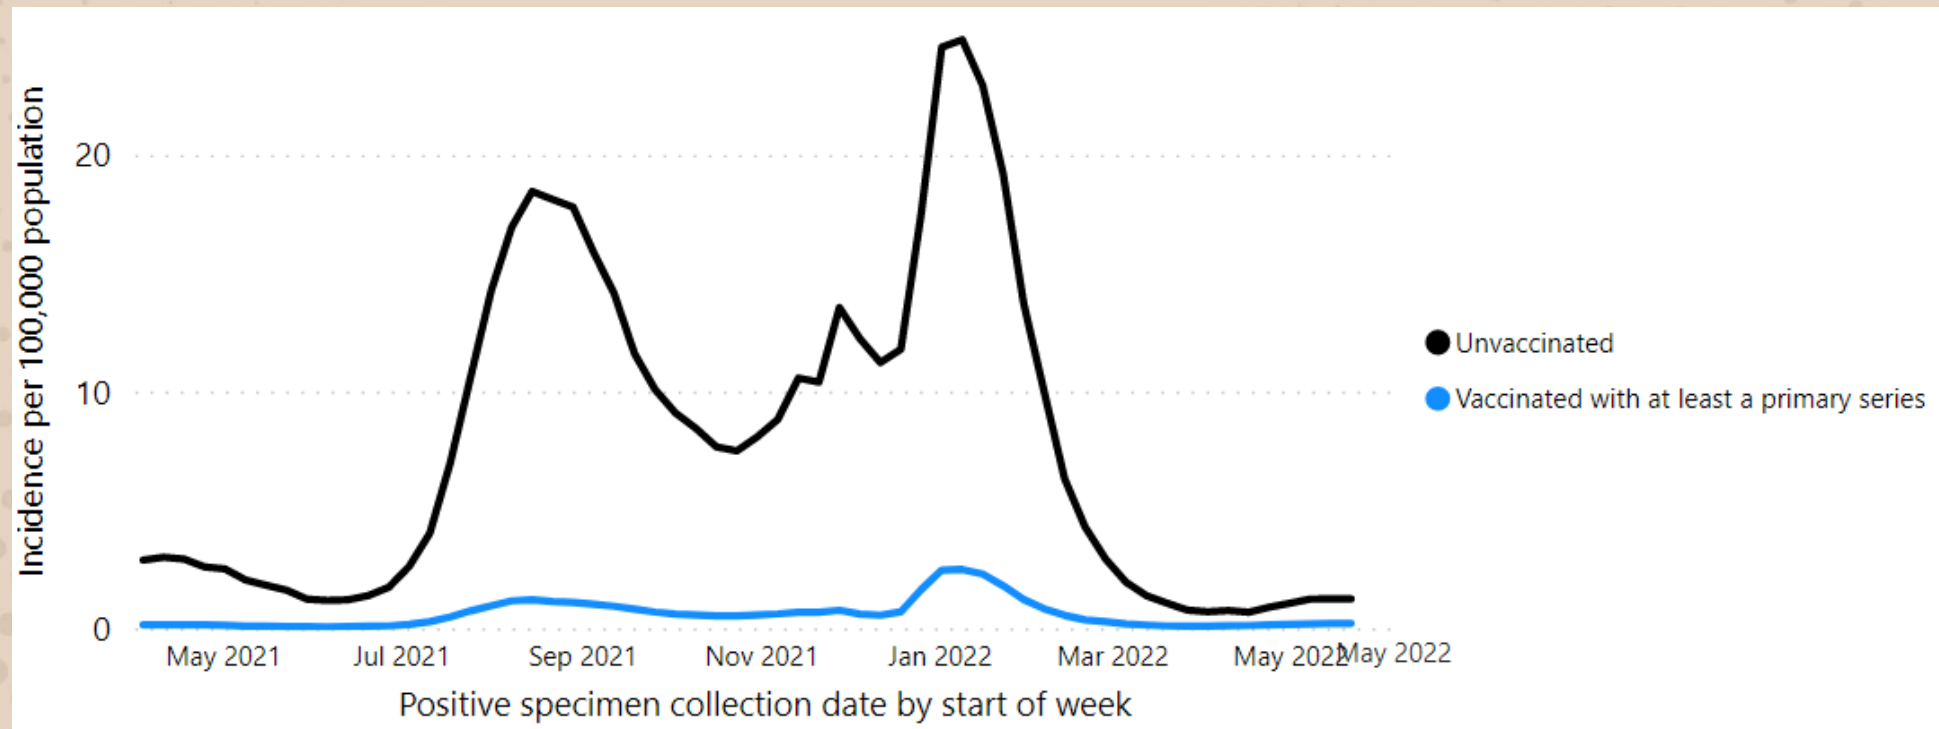

age group is far behind the state average for COVID-19 vaccination series

Updated July 2022

Rates of **COVID-19 Deaths** by **Vaccination Status** in **Ages 5+ Years**

April 4, 2021 – May 28, 2022 (30 U.S. jurisdictions)

May 2022 **COVID-19 Deaths** by **Vaccination Status** in **Ages 5+ Years**

April 4, 2021 – May 28, 2022 (30 U.S. jurisdictions)

Unvaccinated

124,000
Deaths

**Vaccinated with at
least the same series**

20,000
Deaths

People who are **unvaccinated** are **2 times** more at likely to testing positive for COVID-19

COVID-19 Vaccination Record Card

Patient Name: _____ Date of Birth: _____ Sex: _____

Provider Name: _____ Date: _____

Vaccine	Lot Number	Date Administered	Healthcare Provider
COVID-19			
COVID-19			
Other			

Updated July 2022

(Data from June 2022, people ages 5+, as compared to people vaccinated with at least a primary series)

Unvaccinated people aged 5 years and older are **6 times** more at risk of dying from COVID-19 in May 2022

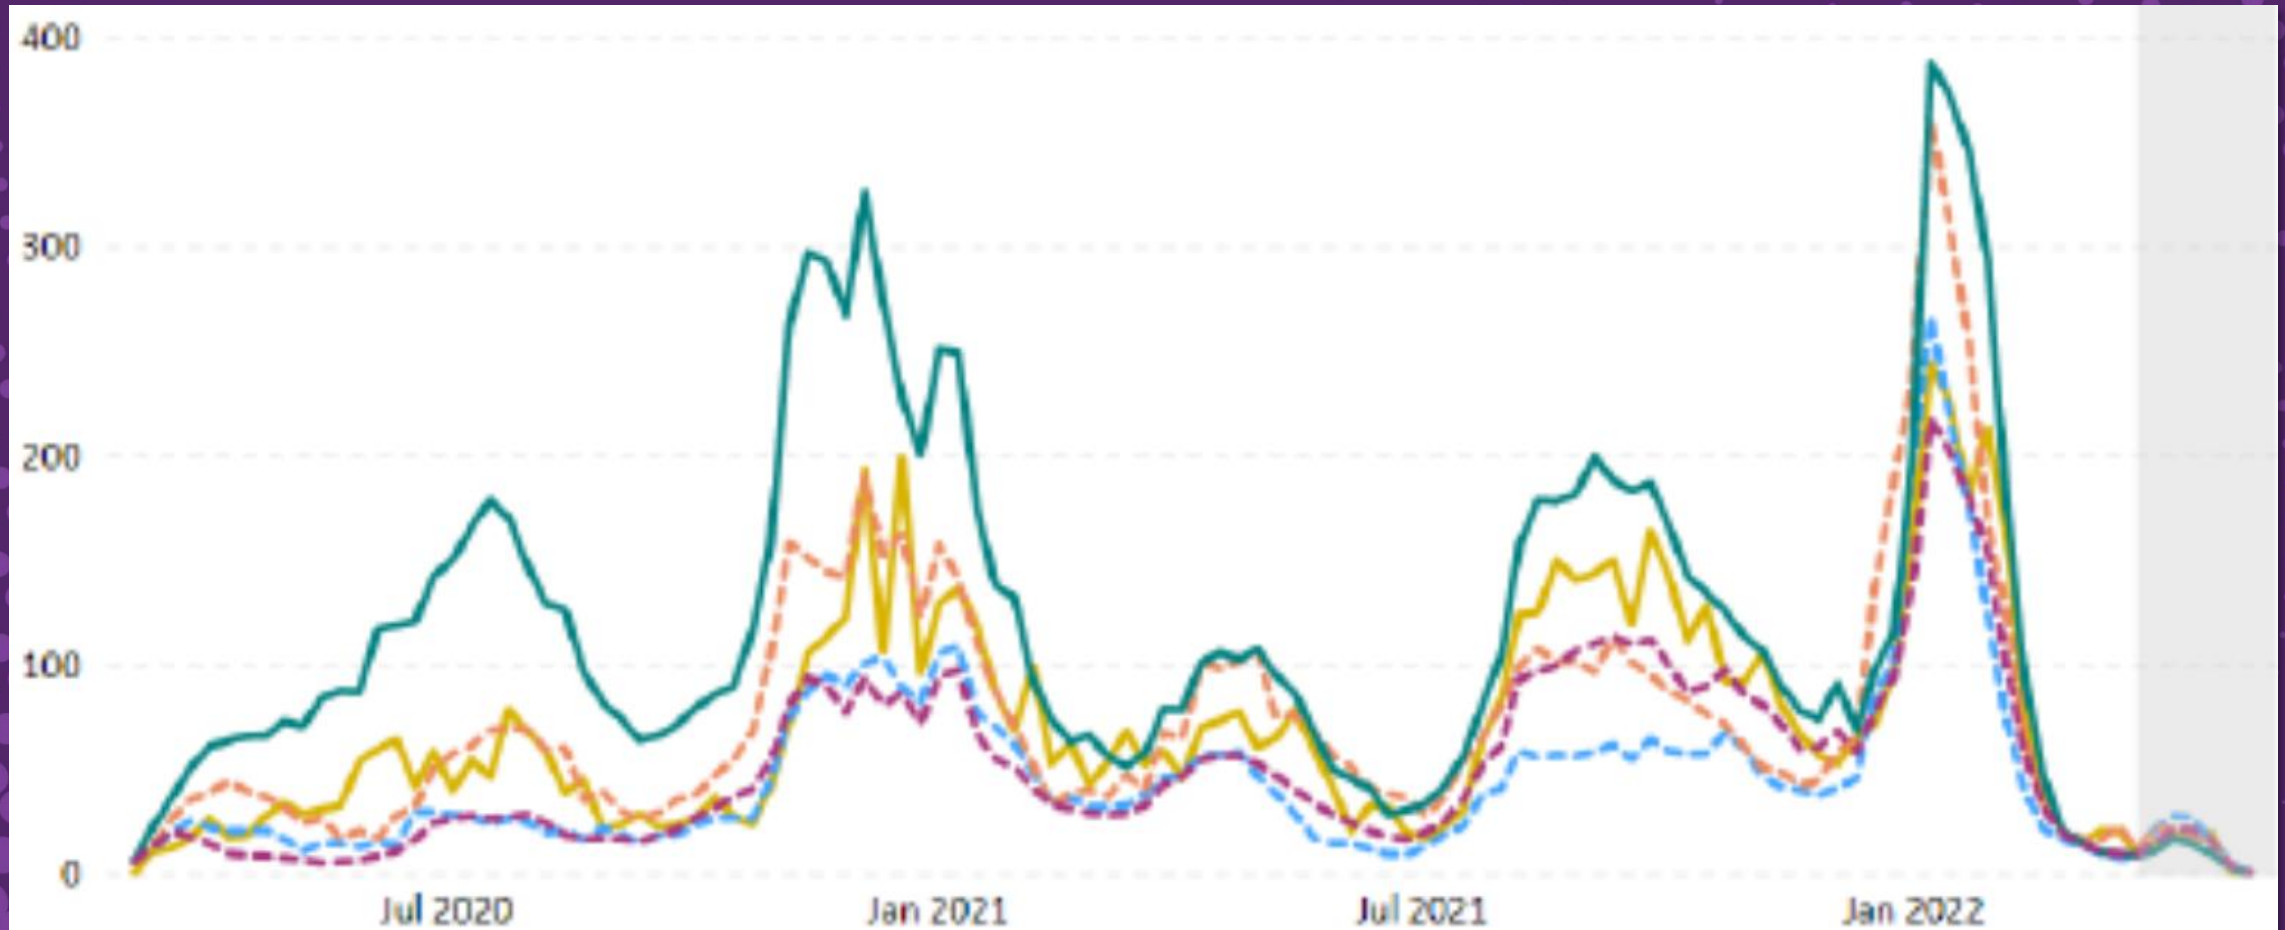

Updated July 2022

Unvaccinated people aged 5 years and older are **2.8 times** more at risk of Testing Positive for COVID-19

Since the start of the pandemic **Latinx have almost always had the highest COVID-19 case rates** of any race ethnicity in Washington

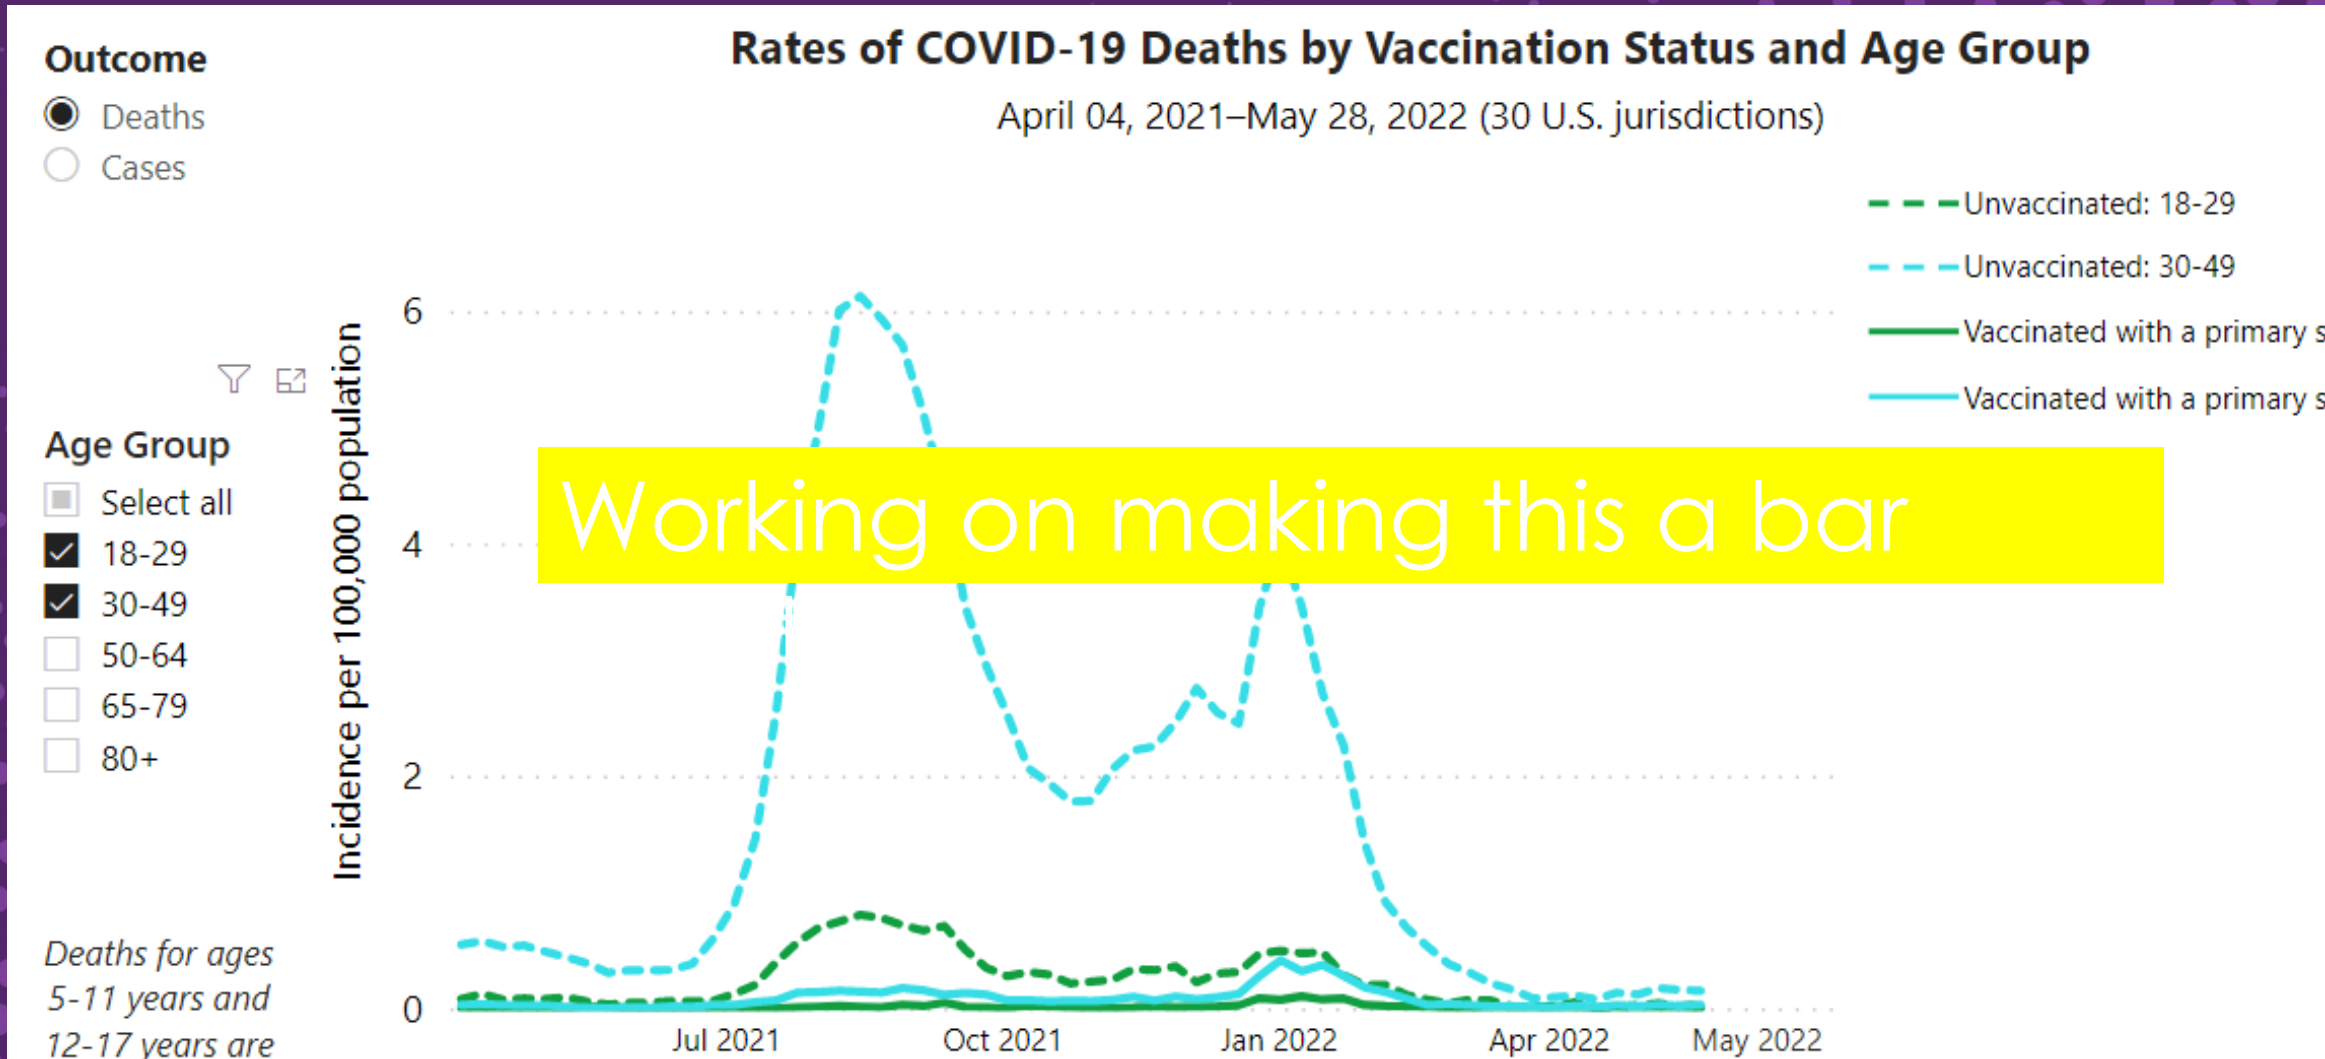

June 25, 2022 COVID-19 case rates by race ethnicity in Washington

Rates of COVID-19 Deaths by Vaccination Status and Age Group

Age Group April 4, 2021-May 28, 2022 (30 U.S. jurisdictions)

Data Infographic Next Steps

Objective #2: Create messaging for late summer/early fall in Spanish and Indigenous languages that can easily be shared in audio

Please share messages that will be important for late summer/fall in chat box or verbally.

- Testing
- Vaccine
- Boosters
- Treatment
- Protective behaviors

Creating Messaging & Next Steps

Identify messages
needed together

Get plain talked
DOH talking points

Together review and
tailor messaging for
community

**Thank you
for your
contribution
today!**
