

Intérpretación al español

Para obtener acceso a la interpretación en español en Zoom: Haga clic en el icono de “Interpretation” en la barra de herramientas. Luego, haga clic en Spanish (español). Esto le conectará a la interpretación en español.

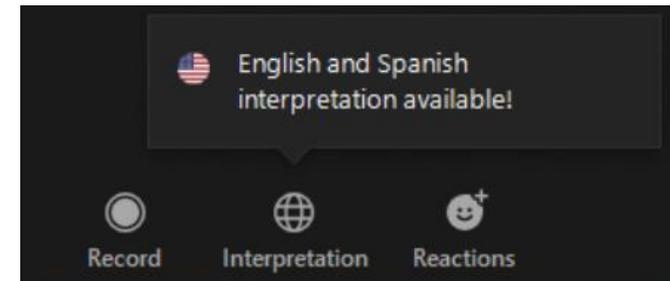

¿PREGUNTAS?

Por favor, envíe un mensaje a Bella Méndez, si tiene alguna pregunta

English Interpreter

To access English interpretation on Zoom: Click the “Interpretation” icon on the toolbar. Then click on English. This will connect you to the English interpretation. If you are not bilingual, please click on the English interpretation. You will still hear the English when spoken, and the interpretation in English when Spanish is spoken.

QUESTIONS?

Please message Bella Mendez
If you have any questions!

Workgroup Meeting Agenda

- Introductions in chat
- Group norms check-in
- Community Partner agenda items
- Review and provide feedback on infographics and messaging

Introductions

- Please share, in the chat or verbally, the following:
 - Name, preferred pronoun
 - Access Needs
 - Organization
 - Please share how you currently serve the Latino community
 - Visual description

Group Norms

- Be accountable for your impact (vs. your intention)
- Move up, move back
- Notice your own defensive reactions and attempt to use these reactions as entry points for gaining deeper self-knowledge, rather than as a rationale for closing off.
- Recognize how your own social positionality (e.g., race, class, gender, sexuality, ability) informs your perspectives and reactions to your colleagues and facilitators
- Acknowledge power differences between DOH employees and group participants.
- Accept and expect non-closure
- Ask about access needs

Group Norms

How are we feeling
about the norms today?

Community Partner Agenda Items

Please feel free to share verbally or in the chat

- Events
- Resources
- Emerging needs/items you would like to flag for DOH

DOH Updates

- Follow up with any questions regarding WA Portal.

Work Overview

Workgroup goals/objectives to work on together

1) Create data infographics that reflect the Latinx/Latino community that are simple to understand to share with community members

- **Using WA DOH Dashboard for easily sharing or demonstrating to Latinx/Latino community what is currently happening with COVID-19 cases, vaccines, boosters etc.**

2) Create COVID-19 messaging for late summer/early fall in Spanish and Indigenous languages that can easily be shared in audio

- **For example: podcast and**

3) Work on consent form for youth specifically tailored for the Hispanic community, youth and families

- Help youth understand rights to accessing medical services/vaccine and educating parents on why this exists in a culturally appropriate way
- Look into utilizing TicToc to reach younger age, population, and youth

4) Create directory of interpreters/translators for Indigenous languages of Latin America that are spoken in Washington state.

Objective #1: Create data infographics that reflect the Latinx/Latino community that are simple to understand to share with community members

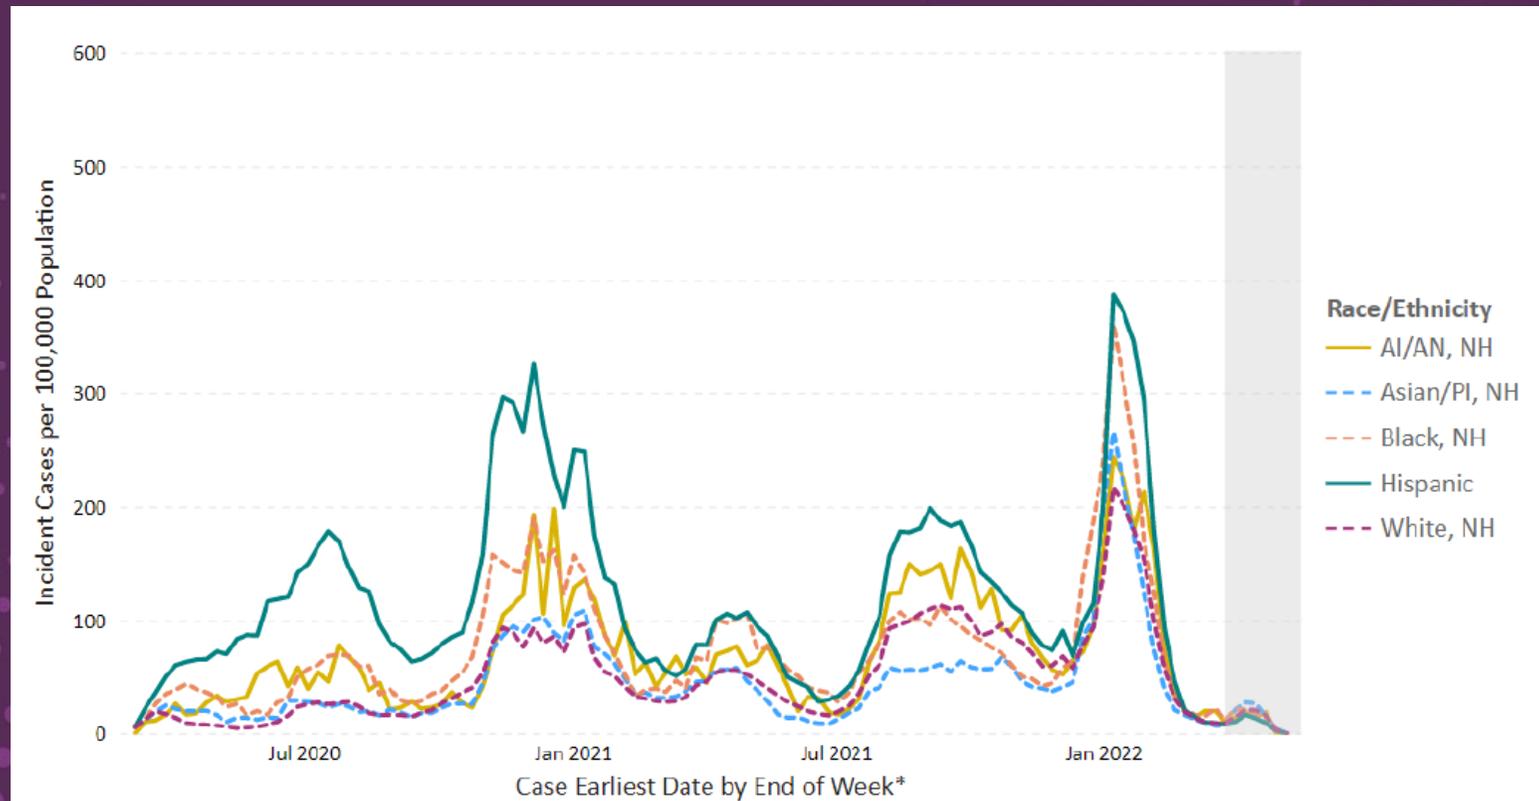

Last month we reviewed unvaccinated data for the Latino/Latinx community

- Review and provide feedback on *sample* infographics that have been created
- Create message to go along with infographics

Data for Infographics

1. How do you feel about these infographics?
2. How frequently should they be updated?
3. What other data would you like to see included?

Hispanic/Latino has the **highest case rates** compared to all other racial categories **in Washington.**

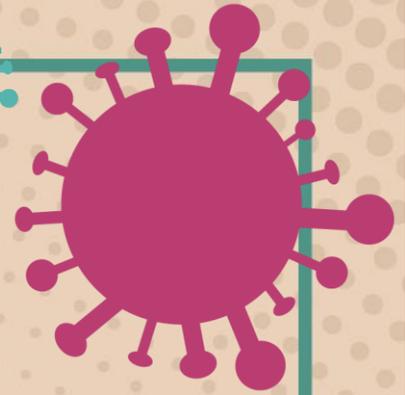

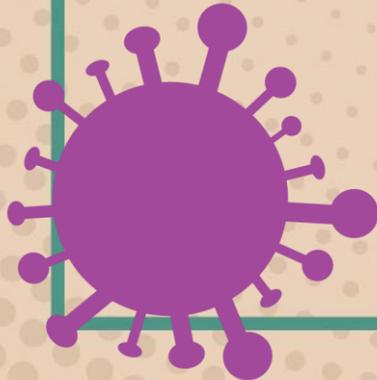

Hispanic/Latino populations have the lowest proportion of COVID-19 vaccination compared to all other racial categories.

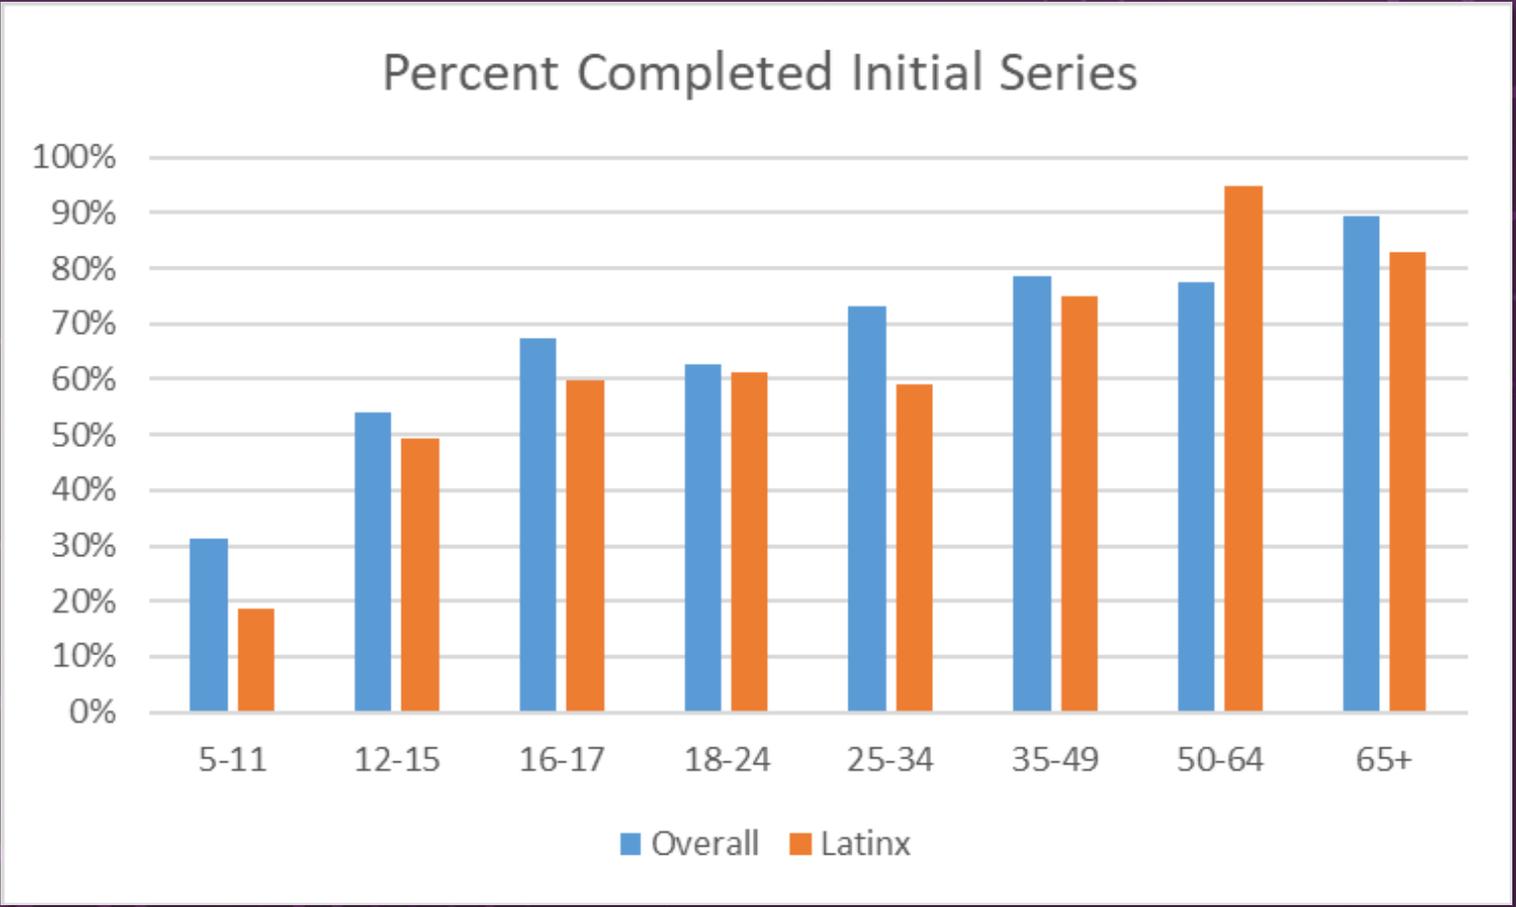

91.57% Non-Hispanic

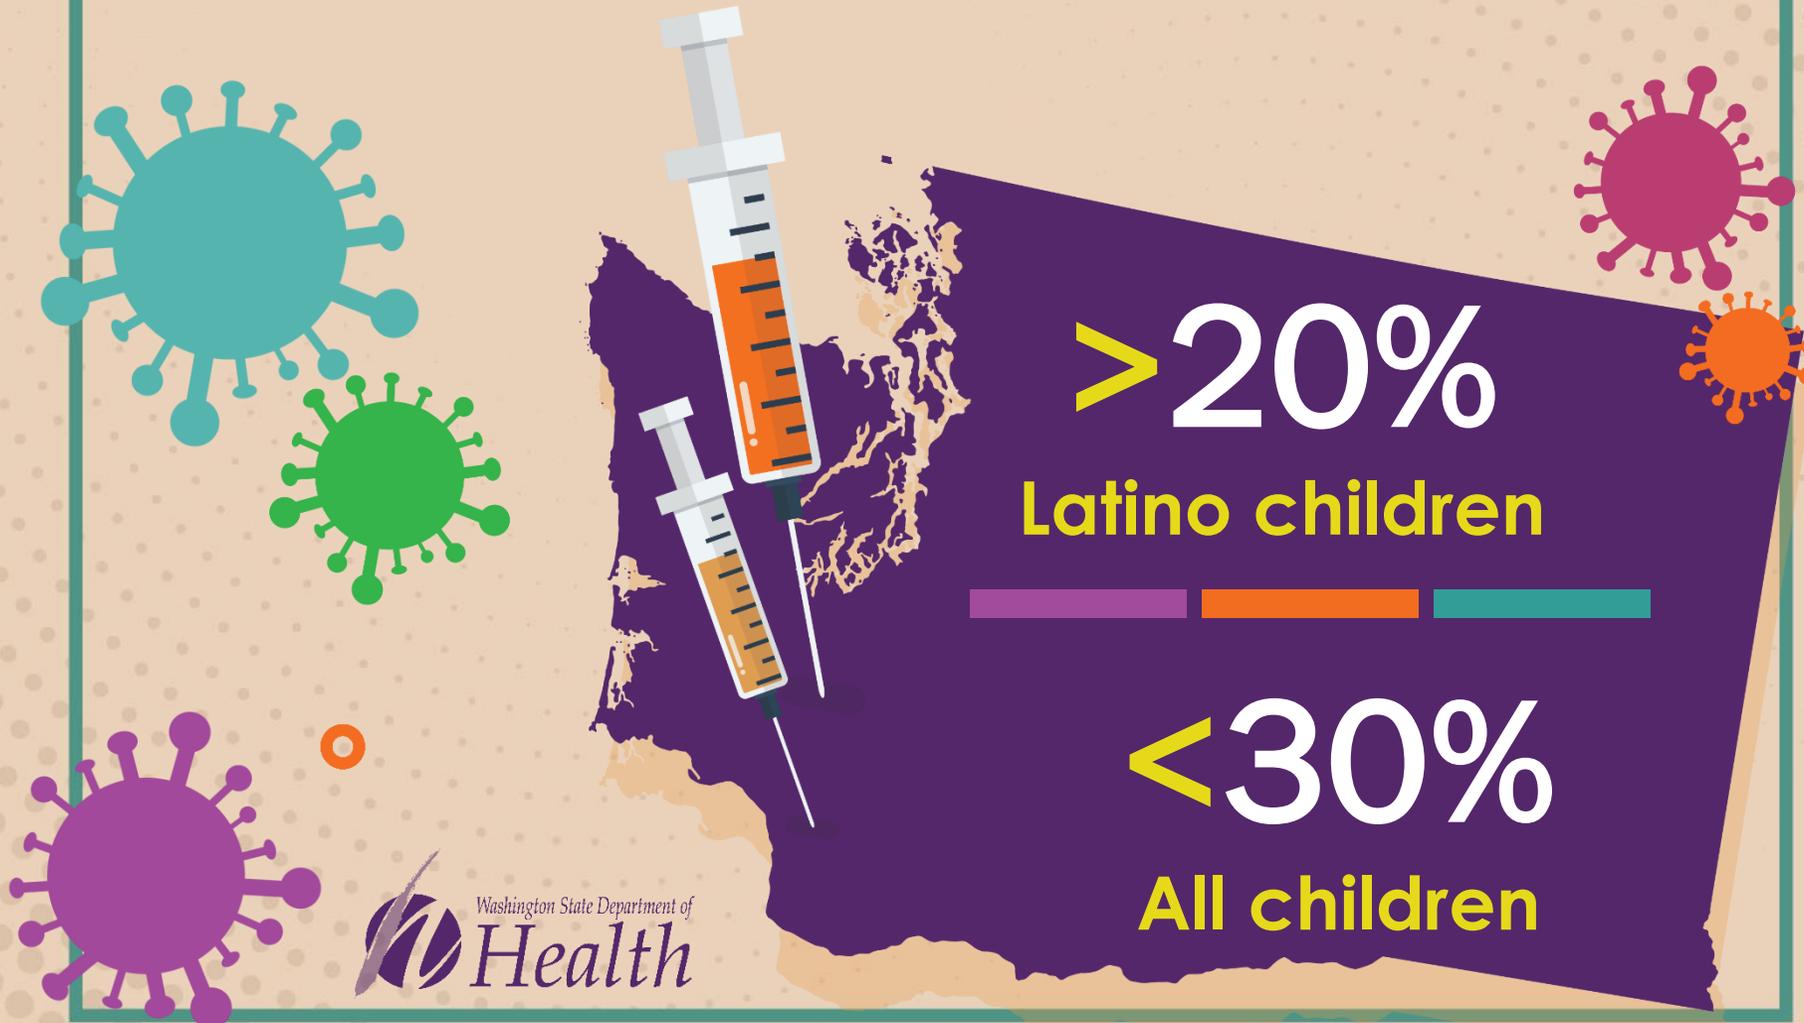

60.93% Hispanic

Hispanic/Latino Vaccination Across Age Groups

Hispanic/Latino 5-11 age group

Washington State Department of
Health

Outcome

- Deaths
- Cases

Rates of COVID-19 Deaths by Vaccination Status and Age Group

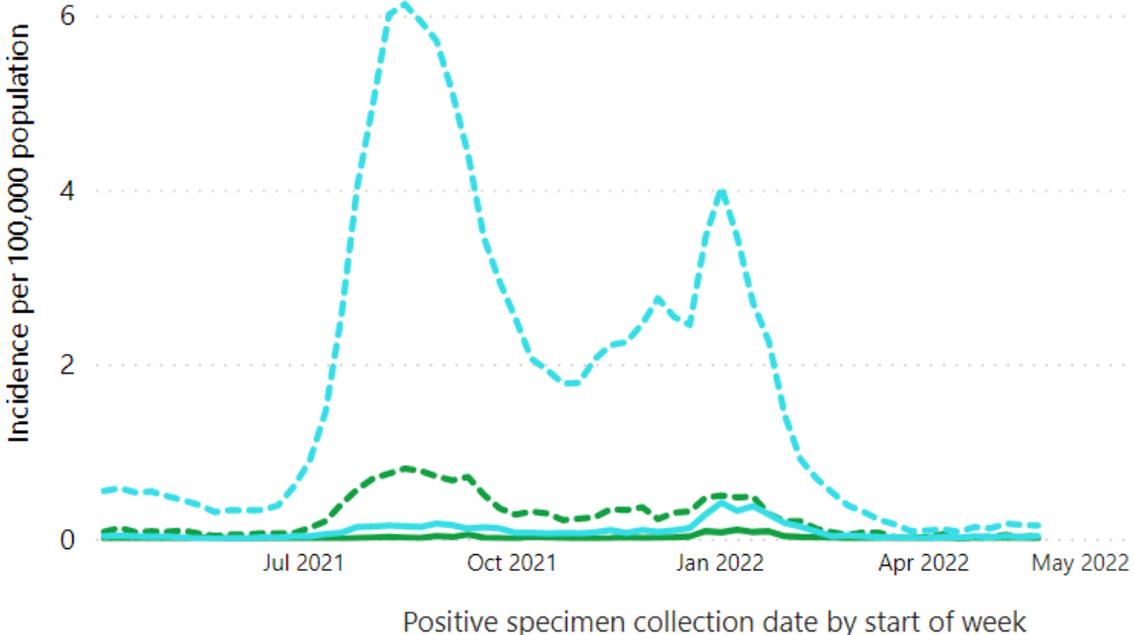

April 04, 2021–May 28, 2022 (30 U.S. jurisdictions)

Age Group

- Select all
- 18-29
- 30-49
- 50-64
- 65-79
- 80+

- Unvaccinated: 18-29
- Unvaccinated: 30-49
- Vaccinated with a primary series: 18-29
- Vaccinated with a primary series: 30-49

Deaths for ages 5-11 years and 12-17 years are not shown due to low numbers.

Disclaimer this data does not reflect the Hispanic/Latino Community rather "Overall" positive specimen data

Data updated May 2022

Data Infographic Next Steps

Objective #2: Create messaging for late summer/early fall in Spanish and Indigenous languages that can easily be shared in audio

Please share messages that will be important for late summer/fall in chat box or verbally.

- Testing
- Vaccine
- Boosters
- Treatment
- Protective behaviors

Creating Messaging & Next Steps

Identify messages
needed together

Get plain talked
DOH talking points

Together review and
tailor messaging for
community

**Thank you
for your
contribution
