Purpose: Establishing WAC 246-945-171 retired active pharmacist license status. On March 26, 2020, Governor Inslee signed proclamation 20-32 to help increase the number of healthcare workers available to meet the needs of patients during the coronavirus disease 2019 (COVID-19) pandemic. This proclamation included a provision that allows a pharmacist with a retired active pharmacist license status to practice pharmacy. Specifically, the proclamation waived the phrase "shall not be authorized to practice pharmacy and" from WAC 246-863-080(2) Retired pharmacist license. In other words, the proclamation amended WAC 246-863-080(2) to read: "The holder of a retired pharmacist license need not comply with the continuing education requirements of chapter 246-861 WAC."

However, the commission recently updated and consolidated all rules under its authority into one new chapter (chapter 246-945 WAC). In this rewrite process, WAC 246-863-080 and the retired active pharmacist license was removed, effective July 1, 2020, as the retired active pharmacist status at the time did not allow for the practice of pharmacy in any capacity and was deemed unnecessary.

The novel coronavirus COVID-19 pandemic illustrated the need for additional qualified and licensed personnel in intermittent and emergency settings, and the commission chose to reinstate the retired active pharmacist license status. However, the interaction between the old rule language and proclamation 20-32 prompted the commission to approve new rule language to both accommodate the proclamation language and re-establish the retired active pharmacist licensing requirements.

In order to allow retired pharmacists to assist with the COVID-19 response with pharmacy services such as vaccine administration while permanent rulemaking was ongoing, the commission adopted an emergency rule on February 1, 2021, under WSR 21-04-116, creating a retired active pharmacy license status in the new chapter. Permanent rules are necessary to keep the retired active pharmacist license status in place.

This rule differs from the emergency rules in that it includes updated references to license application fees, license renewal fees, and the license renewal period in rule. The rule language also adds a reference to continuing education requirements for licensees.

Governor Inslee rescinded proclamation 20-32 on October 27, 2022. Since that date, holders of the retired active pharmacist license must comply with continuing education requirements associated with the license status. However, this permanent rule will continue to provide guidance for prospective and current licensees should another state of emergency be declared in the future.
