Washington State does not require licensing or accreditation for outpatient dialysis facilities. Each of our active facilities, however, is certified by CMS based on the applicable state guidelines, which sometimes includes accreditation through the National Dialysis Accreditation Commission ("NDAC"). In Washington State, the Department of Health Facility and Licensing Division maintains responsibility for CMS certification, and to date, the Department has certified all of FMCNA's dialysis facilities for Medicare in Washington State.

For the purpose of responding to question 6, the applicant is responding to such questions with respect to dialysis clinics owned, operated or managed by Fresenius Medical Care Holdings, Inc. and its subsidiaries.

Project Description

1. Provide the name and address of the existing facility, if applicable.

The name of the existing facility related to the project is Fresenius Kidney Care Omak (“FKC Omak”).

The address of the existing facility, FKC Omak, is:

800 Jasmine St #1
Omak, WA 98841

2. Provide the name and address of the proposed facility. If an address is not yet assigned, provide the county parcel number and the approximate timeline for assignment of the address.

The parcel number of the proposed relocation site is 3426250199.

3. Provide a detailed description of the proposed project.

Pursuant to Washington Administrative Code (“WAC”) 246-310-806, for Nonspecial Circumstance Cycle 1, IN-RCG is requesting CN approval to relocate and expand its current CN-approved facility, FKC Omak, by three (3) additional stations.

4. Identify any affiliates for this project, as defined in [WAC 246-310-800\(1\)](#).

This question is not applicable.

5. With the understanding that the review of a Certificate of Need application typically takes 6-9 months, provide an estimated timeline for project implementation, below:

Event	Anticipated Month, Day, and Year
Assumed Completion of CN Review	January 1, 2024
Design Complete	03/04/24
Construction Commenced	06/10/24
Construction Completed	07/28/25
Facility Prepared for Survey	10/01/25

6. Identify the Month/Day/Year the facility is expected to be operational as defined in [WAC246-310-800\(12\)](#).

Assuming uncontested CN-approval on January 1, 2024, the stations are expected to be operational by October 1, 2025.

- 7. Provide a detailed description of the services represented by this project. For existing facilities, this should include a discussion of existing services and how these would or would not change as a result of the project. Services can include but are not limited to: in-center hemodialysis, home hemodialysis training, peritoneal dialysis training, a late shift (after 5:00 pm), etc.**

FKC Omak serves patients with end-stage renal disease. FKC Omak offers in-center hemodialysis, home hemodialysis and peritoneal dialysis training and support for dialysis patients. FKC Omak also offers an evening shift, beginning after 5 pm, for dialysis patients.²

- 8. Fill out the table below identifying the current (if applicable) and proposed configuration of dialysis stations. Note – an exempt isolation station defined under WAC 246-310-800(9) would not be counted in the methodology, but would be included in the total count of certified in-center stations.**

	Before		After	
	CMS Certified Stations	Stations Counted in the Methodology	CMS Certified Stations	Stations Counted in the Methodology

Exempt Isolation Station	0 ²	0	1	0
Isolation Station	0	0		
Total Stations	17	17	21	20

¹FKC Omak currently uses one of its stations as a non-exempt isolation station.
²FKC Omak has not yet operationalized/certified the one exempt isolation station it is CN-approved for under the one-time isolation adjustment.

- 9. Provide a general description of the types of patients to be served by the facility at project completion.**

This project requests relocation and expansion of FKC Omak’s existing services. Therefore, FKC Omak will continue to serve patients and provide services described above in response #7 as presently. FKC Omak will also operationalize the one exempt isolation station it is CN-approved for under the one-time isolation adjustment but has not yet been able to operate. The new site will allow FKC Omak to operate the full CN approved station count, inclusive of the exempt isolation station, as well as the three requested stations.

- 10. Provide a copy of the letter of intent that was already submitted according to [WAC246-310-080](#).**

A copy of the letter of intent is included in Exhibit 4.

² Patients will also have access to a bed station upon request.

- 11. Provide single-line drawings (approximately to scale) of the facility, both before and after project completion. Reference [WAC 246-310-800\(11\)](#) for the definition of maximum treatment area square footage. Ensure that stations are clearly labeled with their square footage identified, and specifically identify future expansion stations (if applicable)**

The single line drawing and corresponding square footage tables will be provided in screening.

- 12. Provide the gross and net square feet of this facility. Treatment area and non- treatment area should be identified separately (see explanation above re: maximum treatment area square footage).**

The single line drawing and corresponding square footage tables will be provided in screening.

- 13. Confirm that the facility will be certified by Medicare and Medicaid. If this application proposes the expansion of an existing facility, provide the existing facility's Medicare and Medicaid numbers.**

Medicaid #: 1003737

Certificate of Need Review Criteria

A. Need (WAC 246-310-210)

[WAC 246-310-210](#) provides general criteria for an applicant to demonstrate need for healthcare facilities or services. [WAC 246-310-800 through WAC 246-310-833](#) provide specific criteria for kidney disease treatment center applications. Documentation provided in this section must demonstrate that the proposed facility will be needed, available, and accessible to the community it proposes to serve. Some of the questions below only apply to existing facilities proposing to expand. If this does not apply to your project, so state.

1. List all other dialysis facilities currently operating in the planning area, as defined in [WAC 246-310-800\(15\)](#).

Please see Table 1 that lists certificate of need approved stations in the Okanogan County Dialysis Planning Area.

Table 1. Okanogan County Dialysis Planning Area Providers

NAME	Station Count

Note: station count excludes 1 isolation station

2. Provide utilization data for the facilities listed above, according to the most recent Northwest Renal Network / Comagine ESRD Network 16 modality report. Based on the standards in [WAC 246-310-812\(5\)](#) and [\(6\)](#), demonstrate that all facilities in the planning area either:
 - a) have met the utilization standard for the planning area;
 - b) have been in operation for three or more years; or
 - c) have not met the timeline represented in their Certificate of Need application.

Table 2 below presents the utilization reported by Okanogan County Dialysis Planning Area provider(s) according to the most recent quarterly ESRD Network 16 modality report as of the letter of intent submission date as required in WAC 246-310-812(5)-(6).

A description of planning area providers' conformance to standards under WAC 246-310-812(6) is provided below:

- FKC Omak is over the 3.2 patient per station standard.

3. Complete the methodology outlined in [WAC 246-310-812](#). For reference, copies of the [ESRD Methodology](#) for every planning area are available on our website. Please note, under [WAC 246-310-812\(1\)](#), applications for new stations may only address projected station need in the planning area where the facility is to be located, unless there is no existing facility in an adjacent planning area. If this application includes an adjacent planning area, station need projections for each planning area must be calculated separately.

In-center dialysis station need was determined by applying the five-step methodology set forth in WAC 246-310-812. The specific methodology applied to the Okanogan County Dialysis Planning Area is detailed below:

Step (a)
Determine the Type of Regression Analysis to be Used

Determine the type of regression analysis to be used to project resident in-center station need by calculating the annual growth rate in the planning area using the end-of-year number of resident in-center patients for each of the previous six consecutive years, concluding with the base year.

(i) If the planning area has experienced less than six percent growth in any of the previous five annual changes calculations, use linear regression to project station need; or

(ii) If the planning area has experienced six percent or greater growth in each of the previous five annual changes, use nonlinear (exponential) regression to project station need.

Table 3 details the year-end number of in-center hemodialysis patients in the Okanogan County Dialysis Planning Area. As Table 3 demonstrates, growth in years 2018, 2019, and 2022 were less than 6%. As such, a linear regression is to be used to project station need.

Table 3. Okanogan County Dialysis Planning Area Year-End Resident In-Center Hemodialysis Patients and Annual Rate of Change from Prior Year.

Year	2017	2018	2019	2020	2021	2022
Number of Patients	52	53	50	53	59	54
Rate of Change from Prior Year	--	1.9%	-5.7%	6.0%	11.3%	-8.5%

Source: Northwest Renal Network Modality Reports. Please see

<https://doh.wa.gov/sites/default/files/legacy/Documents/pubs/KDOkanogan.pdf>

Step (b)
Project the Number of Resident In-Center Patients

Project the number of resident in-center patients in the projection year using the regression type determined in (a) of this subsection. When performing the regression analysis use the previous five consecutive years of end-of-year data concluding with the base year.

Per WAC, the projection year for dialysis station need is defined as the fifth year after the base

year. The base year is defined as the most recent calendar year for which December 31 data is available as of the first day of the application submission period from the *Northwest Renal Network's Modality Report*. In this case, the base year is 2022 and the projection year is 2027. Accordingly, Table 4 details the number of projected in-center patients in the Okanogan County Dialysis Planning Area in the years 2023 – 2027 using a linear regression.

Table 4. Okanogan County Dialysis Planning Area Projected Year-End Resident In-Center Hemodialysis Patients. Linear Projection.

Year	2023	2024	2025	2026	2027
Number of Patients	57	58	59	60	62

Source: Applicant. Please see also

<https://doh.wa.gov/sites/default/files/legacy/Documents/pubs/KDOkanogan.pdf>

Step (c)

Determine the Number of Dialysis Stations Needed

Determine the number of dialysis stations needed to serve resident in-center patients in the planning area in the projection year by dividing the result of (b) of this subsection by the appropriate resident in-center patient per station number from subsection (3) of this section. In order to assure access, fractional numbers are rounded up to the nearest whole number.

As noted above, the projection year is 2027. For the Okanogan County Dialysis Planning Area, the appropriate resident in-center patient per station number is 3.2. Assuming 62 patients in 2027 (step b), dividing by 3.2 and rounding up yields twenty (20) total stations needed in 2027.

Step (d)

Determine Net Station Need

To determine the net station need for a planning area, subtract the number calculated in (c) of this subsection from the total number of certificate of need approved stations located in the planning area. This number does not include the one department recognized exempt isolation station defined in WAC 246-310-800(9). For example, a kidney dialysis facility that is certificate of need approved and certified for eleven stations would subtract the one exempt isolation station and use ten stations for the methodology calculations.

Subtracting existing stations from 2027 need identifies a net station need of three (3) stations.

4. For existing facilities, provide the facility’s historical utilization for the last three fullcalendar years.

Total home patients	6	8	9
Total home treatments	896	1,119	1,382

*Station count excludes 1 isolation station.

5. Provide projected utilization of the proposed facility for the first three full years of operation. For existing facilities, also provide the intervening years between historical and projected. Include all assumptions used to make these projections.

Table 7. FKC Omak Utilization Forecast

	2023	2024	Jan - Jul 2025	Oct - Dec 2025	2026	2027	2028

Total home treatments	1,536	1,152	384	1,689	1,689	1,689	1,536

*Station count excludes 1 isolation station. Any patients included in table above requiring medically necessary isolation will have access to FKC Omak’s one isolation room.

Table 7 presents the projected utilization at FKC Omak. Given the stations are anticipated to become operational by October 2025, the first full year of operation will be 2026.

Utilization Forecast Methodology

Please see below for a description of the methodology used to construct the in-center and home patient projections.

In-Center Patients

In-center patients are projected based on the assumption that FKC Omak will serve the additional patients forecasted in the Department’s need methodology. This is calculated by taking FKC Omak’s in-center patient census in the 4Q2022 modality report and adding projected increase in Okanogan patients through the Department’s forecast.³ It is assumed the number of treatments per patient is 143.7 treatments per year based on CY2022 utilization.

³ Because the third full year of operation is 2028, the Department’s patient demand projections were extended to 2028 using the linear forecast used to develop 2023-2027 estimates.

Home Patients

Home projections are forecasted at 15.25% of in-center patients, rounded to the nearest whole number, based on CY2022 utilization. It is assumed the number of home treatments per patient is 153.6 treatments per year based on CY2022 utilization..

6. For existing facilities, provide patient origin zip code data for the most recent full calendar year of operation.

7. Identify any factors in the planning area that could restrict patient access to dialysis services. [WAC 246-310-210\(1\), \(2\)](#).

Patient access is critical to improving the health and quality of life of our patients. But patient access is multi-faceted and not simply represented by the aggregate number of stations available. Patients require access to the specific treatment modality and convenient hours of operation that meet their individual clinical and personal needs. Further, continuity of care with the same physician and dialysis care team is often integral to addressing patients' care need.

Patients with limited financial means also face additional barriers to care due to the financial burden of out-of-pocket expenses. However, IN-RCG strives to address this issue for our patients when needed by providing charity. A copy of our charity care policy is contained in Exhibit 5.

8. Identify how this project will be available and accessible to low-income persons, racial and ethnic minorities, women, mentally handicapped persons, and other under-served groups. [WAC 246-310-210\(2\)](#)

All individuals identified as needing dialysis services will continue having access to FKC Omak. FKC Omak's admission policy prohibits discrimination on the basis of race, income, ethnicity, sex or handicap. A copy of the admission policy is contained in Exhibit 6.

A copy of our charity care policy is contained in Exhibit 5.

9. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the limitations of the current site consistent with [WAC 246-310-210\(2\)](#).

The current site is a dated facility with a layout that is not designed to current industry best practice. Further, it is limited in capacity, thus cannot accommodate further expansion necessary to meet future planning area need.

10. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the benefits associated with relocation consistent with [WAC 246-310-210\(2\)](#).

The proposed relocation clinic is located in a building that will provide the most state-of-the-art levels of patient care.

- a. All new clinic designed to the latest in patient care standards.
- b. Nurse and tech stations designed with patient observation in mind.
- c. Industry leading Water room and Central Water Processing equipment.
- d. Onsite parking and immediate access for patients, staff and Doctors.
- e. Home Therapies suites designed for the latest in PD and Home Hemo modalities.

11. Provide a copy of the following policies:

- **Admissions policy**
- **Charity care or financial assistance policy**
- **Patient Rights and Responsibilities policy**
- **Non-discrimination policy**
- **Any other policies directly associated with patient access (example, involuntary discharge)**

Attached, please find the following exhibits applicable to the FKC Omak clinic:

- Exhibit 5. Charity Care/Indigence Policy
- Exhibit 6A. Patient Admission Policy
- Exhibit 6B. Patient Rights and Responsibilities Policy
- Exhibit 6C. Patient Rights and Responsibilities List
- Exhibit 6D. Patient Acknowledgement of Receipt of Rights and Responsibilities
- Exhibit 6E. Patient Nondiscrimination

B. Financial Feasibility ([WAC 246-310-220](#))

Financial feasibility of a dialysis project is based on the criteria in [WAC 246-310-220](#) and [WAC 246-310-815](#).

- 1. Provide documentation that demonstrates the immediate and long-range capital and operating costs of the project can be met. This should include but is not limited to:**
 - **Utilization projections.** These should be consistent with the projections provided under the Need section. Include all assumptions.
 - **Pro Forma financial projections for at least the first three full calendar years of operation.** Include all assumptions.
 - **For existing facilities proposing a station addition, provide historical revenue and expense statements, including the current year. Ensure these are in the same format as the pro forma projections. For incomplete years, identify whether the data is annualized.**

Please see Exhibit 7A for historical FKC Omak expense and revenue statements. Exhibit 7B includes the required pro forma financial statements. Exhibit 7B also provides key financial pro forma assumptions and sources of information used to prepare the revenue and expense projections, including staffing and salaries, wages, and benefits assumptions.

Utilization projections, including the assumptions used to derive the forecasts, are presented and discussed in Table 7 above and surrounding text.

- 2. Provide the following agreements/contracts:**
 - **Management agreement.**
 - **Operating agreement**
 - **Medical director agreement**
 - **Development agreement**
 - **Joint Venture agreement**

Note, all agreements above must be valid through at least the first three full years following completion or have a clause with automatic renewals. Any agreements in draft form must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

The medical director agreement is included in Exhibit 8. All other agreements listed above are not applicable to the current request.

- 3. Provide documentation of site control. This could include either a deed to the site or a lease agreement for the site. If a lease agreement is provided, the terms must be for at least five years following project completion.**

Site control documentation will be provided in screening.

4. Provide county assessor information and zoning information for the site. If zoning information for the site is unclear, provide documentation or letter from the municipal authorities showing the proposed project is allowable at the identified site.

Site control documentation will be provided in screening.

5. Complete the table below with the estimated capital expenditure associated with this project. Capital expenditure for the purposes of dialysis applications is defined under [WAC 246-310-800\(3\)](#). If you have other line items not listed below, include the definition of the line item. Include all assumptions used to create the capital expenditure estimate.

Total Estimated Capital Expenditure	\$4,252,265

6. Identify the entity responsible for the estimated capital costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for all.

The applicant is the sole entity responsible for the capital costs identified above.

7. Provide a non-binding contractor's estimate for the construction costs for the project.

A non-binding contractor letter will be provided in screening.

8. Provide a detailed narrative regarding how the project would or would not impact costs and charges for services. [WAC 246-310-220](#).

This project has no impact on either charges or payment, as reimbursement for kidney dialysis services is based on a prospective composite per diem rate. In the case of government payers, reimbursement is based on CMS (Center for Medicaid and Medicare) fee schedules which have nothing to do with capital expenditures by providers such as FMCNA. In the case of private sector payers, FMCNA negotiates national, state, and regional contracts with payers. These negotiated agreements include consideration/negotiation over a number of variables, including number of covered lives being negotiated; the provider's accessibility, including hours of operation; quality of care; the provider's patient education and outreach; its performance measures such as morbidity and/or mortality rates; and increasingly, consideration of more broad performance/quality measures, such as the CMS Quality Incentive Program ("QIP") Total Performance Score ("TPS").⁴

FMCNA does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Omak project would have no impact on payer negotiations or levels of reimbursement. In this regard, facility-level activities, such as number of FTEs, operating expenses or capital expenditures have no effect on negotiated rates, since such negotiations do not consider facility-level operations. As such, the proposed FKC Omak project will have no effect on rates FMCNA would receive in the Okanogan County Dialysis Planning Area.

9. Provide documentation that the costs of the project, including any construction costs, will not result in an unreasonable impact on the costs and charges for healthservices in the planning area. [WAC 246-310-220](#).

See our response above for an explanation of the basis for FMCNA reimbursement. As described above, FMCNA does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Omak project will have no impact on payer negotiations or levels of reimbursement.

As a follow-up to this question regarding impacts on costs, charges and reimbursement, and what elements make up reimbursement, which is what the question focuses on, it should be noted that CMS has implemented QIP with the express purpose of linking payment for care directly to

⁴ Please see: <http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/ESRDQIP/>

providers' performance on quality of care measures.⁵ Over time, all payers will adapt some or all of these same standards, and will increasingly tie reimbursement to TPS measures.

10. Provide the historical and projected payer mix by revenue and by patients using the example table below. If “other” is a category, define what is included in “other.”

Table 10. FKC Omak Dialysis Center, Payer Mix, by Revenue and by Patient

Payor Class	Mix Based on Patients	Mix based on Revenue
Medicare	65%	39%
Commercial	6%	41%
Medicaid	8%	3%

Medicaid Risk	6%	3%
Misc. Ins	4%	4%
Self Pay	0%	0%
TOTAL	100%	100%

*Based on FKC Omak CY2022 actuals.

**Projected is assumed to be based on historical.

11. If this project anticipates changes in payer mix percentages from historical to project, provide a brief explanation of why the changes are anticipated and any underlying assumptions.

The project's projected payer mix is based on FKC Omak's CY2022 actuals.

12. Provide a listing of all new equipment proposed for this project. The list should include estimated costs for the equipment. If no new equipment is required, explain.

Please see Exhibit 9 for a list of new equipment.

⁵ As stated on the CMS website, referenced above, the ESRD QIP will reduce payments to ESRD facilities that do not meet or exceed certain performance standards. The maximum payment reduction CMS can apply to any facility is two percent. This reduction will apply to all payments for services performed by the facility receiving the reduction during the applicable payment year (PY). Payment reductions result when a facility's overall score on applicable measures does not meet established standards. CMS publicly reports facility ESRD QIP scores; these scores are available online on [Dialysis Facility Compare](#).

13. Identify the source(s) of financing (loan, grant, gifts, etc.) and provide supporting documentation from the source. Examples of supporting documentation include: a letter from the applicant's CFO committing to pay for the project or draft terms from a financial institution.

IN-RCG will use existing reserves from its parent company, FMCNA, to fund this project. Exhibit 10 includes a letter from Mr. Mark Fawcett, Senior Vice President and Treasurer, attesting to the availability of funds and a commitment to this project

14. If this project will be debt financed through a financial institution, provide a repayment schedule showing interest and principal amount for each year over which the debt will be amortized. [WAC 246-310-220](#)

This is not applicable to the proposed project.

15. Provide the applicant's audited financial statements covering at least the most recent three years. [WAC 246-310-220](#)

Audited financial statements are included in Exhibit 11.

C. Structure and Process (Quality) of Care ([WAC 246-310-230](#))

- 1. Provide a table that shows FTEs [full time equivalents] by category for the proposed facility. If the facility is currently in operation, include at least the last three full years of operation, the current year, and the first three full years of operation following project completion. There should be no gaps in years. All staff categories should be defined.**

Historical and projected FTE staffing, by position and clinical setting, is provided below in Table 11.

- 2. Provide the assumptions used to project the number and types of FTEs identified for this project.**

Information and assumptions used to prepare Table 11 include:

- The wage and salary figures are based on FKC Omak 2022 actuals. They are held constant over the forecast period.
- It is assumed a FTE (“full time equivalent”) employee works 2,080 hours per year.
- Non-productive hours are estimated at 10% of productive hours, based on FMCNA experience.
- Benefits are calculated at 28.6% of wages and salaries based on FKC Omak’s 2022 actuals.
- FTEs for the intervening periods between historical actuals and project completion projections are based on 2022 actuals.
- The staff to patient ratio matrix below was used to construct minimum FTE counts for the projection years based on future patient counts presented in Table 7.

	Staff to Patient Ratios (FTE Staff)
PCT (1)	1:8
RN (2)	1:20
Equipment Technician (3)	1:125
Social Worker (3)	1:125
Dietician (3)	1:125
Secretary (3)	1:125
Nurse Manager (4)	1

- (1) A PCT works two shifts of patients each day, with 4 patients per shift.
(2) A RN works two shifts of patients per day, with 10 patients per shift.
(3) These FTEs are staffed based on staff-to-patient ratios identified in the table.
(4) The Center for Medicare and Medicaid (“CMS”) requires that a dialysis facility be staffed with one FTE manager, irrespective of size of the facility or number of patients.

3. Identify the salaries, wages, and employee benefits for each FTE category.

Salary and benefit information, by FTE category and clinical setting, is contained in the pro forma financials (Exhibit 7B).

4. Provide the name and professional license number of the current or proposed medical director. If not already disclosed under 210(1) identify if the medical director is an employee or under contract.

FKC Omak contracts with Joseph Anzalone, MD for medical director services. Dr. Anzalone’s professional license number is MD00030828. A copy of the Medical Director agreement is included in Exhibit 8.

5. Identify key staff, if known. (nurse manager, clinical director, etc.)

FKC Omak employs Misty Hickman as its manager/administrator.

6. For existing facilities, provide names and professional license numbers for current credentialed staff.

Please see Table 12 below.

7. Describe your methods for staff recruitment and retention. If any barriers to staff recruitment exist in the planning area, provide a detailed description of your plan to staff this project.

FKC Omak is an operational dialysis facility, which is staffed with qualified clinical and support personnel. Table 11 provides the number of current and proposed FTEs, by type. By virtue of our geographic location, any additional staff would be expected to principally come from Okanogan County as well as from neighboring counties in the region. To be effective in staff recruitment and retention, IN-RCG offers competitive wage and benefit packages. Further, to ensure that we have adequate staff across all our facilities in Washington, we have built a local float pool of WA Licensed Patient Care Techs and RN's to ensure we have coverage for patient care. FMCNA also has an internal staffing agency, Fresenius Travel, in which we can request assistance. We also have the capability of using outside staffing agencies to fill critical needs.

8. Provide a listing of proposed ancillary and support agreements for the facility. For existing facilities, provide a listing of the vendors.

Please see Table 13 below.

Table 13. List of ancillary and support agreements for FKC Omak

NAME	DESCRIPTION
Staples	Office Supplies
Henry Schein	Medical Supplies
MarCor	Equipment

Comcast	Entertainment

9. For existing facilities, provide a listing of ancillary and support service vendors already in place.

Please see our response above for a list of ancillary and support service vendors already in place.

10. For new facilities, provide a listing of ancillary and support services that will be established.

FKC Omak is an existing facility. Therefore, this question is not applicable.

11. Provide a listing of ancillary and support services that would be provided on site and those provided through a parent corporation off site.

All patient care and support services except senior management, financial, legal, planning, marketing, architectural/construction and research and development are provided on-site at each clinic.

12. Identify whether any of the existing ancillary or support agreements are expected to change as a result of this project.

There are no anticipated changes to the existing ancillary or support agreements as a result of this project.

13. If the dialysis center is currently operating, provide a listing of healthcare facilities with which the dialysis center has working relationships.

FKC Omak has a transfer/affiliation agreement with Central Washington Hospital (see Exhibit 12).

FKC Omak also has working relationships with Valley Care Center, an assisted living facility.

14. For new a new facility, provide a listing of healthcare facilities that the dialysis center would establish working relationships.

FKC Omak is an existing facility. Therefore, this question is not applicable.

15. Provide a copy of the existing or proposed transfer agreement with a local hospital.

FKC Omak has a transfer/affiliation agreement with Central Washington Hospital (see Exhibit 12).

16. Clarify whether any of the existing working relationships would change as a result of this project.

There are no anticipated changes as a result of this project.

17. Fully describe any history in the last three calendar years of the applicant concerning the actions noted in Certificate of Need rules and regulations [WAC246-310-230\(5\)\(a\)](#). If there is such history, provide documentation that the proposed project will be operated in a manner that ensures safe and adequate care to the public to be served and in conformance with applicable federal and state requirements. This could include a corporate integrity agreement or plan of correction.

FMCNA is committed to conducting its business activities in compliance with applicable law. The company has long maintained a corporate compliance program which includes a Code of Ethics and Business Conduct, ongoing compliance related education and training for employees, a Compliance Department to support the company and its employees with compliance concerns, including a compliance line for anonymous reporting, and monitoring and auditing of business activities.

FMCNA, as one of the largest dialysis providers in the country, is routinely involved in claims, lawsuits, regulatory matters and investigations in the ordinary course of business. As for matters responsive to the application questions, FMCNA has no history of criminal convictions relating to the ownership or operation of a health care facility within the United States within the last three (3) calendar years.⁶ FMCNA also has no history of license revocations or decertifications for facilities in Washington State. In the past three (3) years, a dialysis facility located in Coeur D Alene, Idaho (Fresenius Kidney Care North Idaho) was decertified on November 22, 2019. After another survey in which there were zero deficiencies and completion of the reassurance period, the FKCN Idaho facility received accreditation by the National Dialysis Accreditation Commission on August 23, 2021. Additionally, a dialysis facility in San Francisco did not receive a license on October 21, 2021 as part of an initial survey (Fresenius Kidney Care South San Francisco) but that license was ultimately granted after additional consultation and review.

18. Identify whether any facility or practitioner associated with this application has a history of the actions listed below. If so, provide evidence that the proposed or existing facility can and will be operated in a manner that ensures safe and adequate care to the public and conforms to applicable federal and state requirements. WAC 246-310-230(3) and (5).

- **A criminal conviction which is reasonably related to the applicant's competency to exercise responsibility for the ownership or operation of a healthcare facility; or**
- **A revocation of a license to operate a healthcare facility; or**
- **A revocation of a license to practice as a health professional; or**
- **Decertification as a provider of services in the Medicare or**

⁶ Fresenius Medical Care Holdings, Inc. d/b/a Fresenius Medical Care North America, the parent company of the applicant, is also the parent company to numerous other subsidiary companies which offer a range of health care services and products in North America. For the purpose of responding to questions 18 and 19, the applicant is responding to such questions with respect to dialysis clinics owned, operated or managed by Fresenius Medical Care Holdings, Inc. and its subsidiaries.

Medicaid program because of a failure to comply with applicable federal conditions of participation.

Please see response to question 17. Additionally, FMCNA performs background checks on all newly hired employees. FMCNA validates the professional licenses and/or certifications of certain employee categories as required by federal, state or local laws and regulations. FMCNA screens current and new employees, potential new employees, Medical Directors, attending physicians, physician extenders (e.g., NP's, PA's), independent contractors, and vendors against the Office of Inspector General's List of Excluded Individuals/Entities and the General Services Administration's List of Parties Excluded from Federal Programs, as well as state specific exclusion lists, OFAC, etc. FMCNA will not engage a person or company that is excluded from participating in federally funded health care programs such as Medicare.

Individuals or entities may be excluded for committing healthcare fraud or committing other crimes with impact on the federal government. Individuals may also be excluded for things like defaulting on federal school loans. In some situations, an individual may be reinstated from their exclusion. However, while the individual or entity is on the exclusion list, FMCNA will not hire or allow them to perform work for the company.

As of the date of this application, to the best of the applicant's knowledge, no practitioner associated with this application has a history of the actions listed above.

19. Provide documentation that the proposed project will promote continuity in the provision of health care services in the planning area, and not result in an unwarranted fragmentation of services. [WAC 246-310-230](#)

The proposed project promotes continuity of care as it seeks to continue FKC Omak's existing dialysis care services and is supported by the Department's numeric need methodology. FKC Omak also has working relationships with Central Washington Hospital and Valley Care Center.

20. Provide documentation that the proposed project will have an appropriate relationship to the service area's existing health care system as required in [WAC 246-310-230](#).

As an existing facility, FKC Omak has an established relationship with the community. See Exhibit 12 for FKC Omak's transfer agreement with Central Washington Hospital.

1. Identify all alternatives considered prior to submitting this project.

The following options evaluated in the alternatives analysis for the current nonspecial cycle include:

- Option One: Relocate and expand existing facility —The Project
- Option Two: Relocate the facility only.
- Option Three: Postponing the request—Do Nothing

2. Provide a comparison of the project with alternatives rejected by the applicant. Include the rationale for considering this project to be superior to the rejected alternatives. Factors to consider can include, but are not limited to: patient access to healthcare services, capital cost, legal restrictions, staffing impacts, quality of care, and cost or operation efficiency.

Please see Tables 14-17, respectively. They provide a summary of advantages and disadvantages of each of the options based on the following evaluative criteria: Promoting availability, or access to healthcare services; Promoting Quality of Care; Promoting Cost and Operating Efficiency; and Legal Restrictions.

3. For existing facilities, identify your closest two facilities as required in [WAC 246-310-827\(3\)\(a\)](#).

The closest facilities to FKC Omak include:

FKC Colville
147 Garden Homes Dr
Colville, WA 99114

FKC Moses Lake
847A E Broadway Ave
Moses Lake, WA 98837

4. For new facilities, identify your closest three facilities as required in [WAC 246-310-827\(3\)\(b\)](#).

This question is not applicable as FKC Omak is an existing facility.

5. Do any other applications you submitted under this concurrent review cycle rely on the same facilities listed in response to questions 3 or 4? If yes, identify the applications. [WAC 246-310-827\(3\)\(c\)](#). (Note: A maximum of two applications can rely on the same three facilities.)

No, the applicant does not rely on the same three facilities for multiple applications this cycle.

6. Identify whether any aspects of the facility's design could lead to operational efficiency. This could include but is not limited to: LEED building, water filtration, or the methods for construction, etc. [WAC 246-310-240\(2\) and \(3\)](#).

Any proposed changes would meet IN-RCG and FMCNA internal standards which have been engineered and tested to ensure that they support our high quality, efficient and patient-focused standards. Our standards also meet and or exceed all applicable state and local codes, including compliance with the State Energy Code, latest edition.

Patient Admission Policy

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

Purpose To guide facility management on the admission process for all patients being admitted to an FKC dialysis facility.

Responsibility Medical Director, Clinical Manager or Registered Nurse, Master’s Social Worker, Registered Dietitian and Facility Secretary as defined in this policy, Patient Admission Services and Central Verification

General Policy This policy applies to In-Center, Home, Permanent Transfer, Transient and Seasonal Patients.

When medically appropriate and consistent with this policy, facilities shall admit and treat patients needing dialysis.

Each patient admitted will be followed by an attending physician on the facility's medical staff or physician who has been granted temporary privileges at the facility.

All services offered by FKC facilities are available to all patients provided:

- They are medically suitable based on the clinical assessment of the physician,
 - and the willingness of the responsible party to pay for such services.
-

Consent The patient must sign the consent for dialysis (hemodialysis or peritoneal dialysis) prior to the first treatment at the facility.

If the patient is incompetent or incapable of making healthcare decisions, refer to the block titled “Patient Appears Unable to Consent for treatment” for additional information refer to the ***Informed Consent Policy***.

The patient (or if patient has been deemed incompetent by a physician, the patient’s representative) shall designate a person to be notified in case of emergency.

Types of Admissions: Definitions **New Patient:** Permanent admission of a patient who is new to dialysis who are primarily referred by physician or hospital.

Transfer: A patient who is scheduled to receive ongoing and continued treatment at a dialysis facility (permanent or seasonal). A patient may be referred by his/her physician, a hospital, another dialysis facility, or as a self-referral.

Transient: A patient who is scheduled for only 1 to 13 treatments.

**Transient or
Seasonal
Admission
Requirements**

The accepting physician will medically clear the patient prior to admission. (See block on medical clearance). The attending physician or physician extenders will make all the medical, laboratory and pharmaceutical decisions for the patient while under the physician's care in accordance with the standard rules and procedures of the facility.

Dialyzers and/or supplies brought by a transient or seasonal patient will only be used in the rarest of circumstances. Use of a patient-provided item, such as a specialized dialyzer or medication, must be approved by the Medical Director and the P and T Committee **PRIOR** to the patient arriving for treatment at the facility.

- If approved for a specific dialyzer or medication, a seasonal/transient patient's home facility must ship the item to the transient facility following proper storage and shipment procedures.

**Admission
Process**

All admissions must be processed through Patient Admission Services (PAS). Patient Admission Services (PAS) will receive patient information and medical records from referral sources. The PAS will disseminate this information to the appropriate departments responsible for medically and financially clearing the patients. Upon receipt of the referral for admission, the facility will be notified of the pending admission by PAS to confirm placement.

Patient Admission Services will obtain medical records and collaborate with the verification office to financially clear the patient.

**Patient
Transfer to
another FKC
Facility**

The Clinical Manager or his/her designee must contact Patient Admission Services when the patient transfers to a different FKC facility. Patient Admission Services will initiate the transfer.

**Medical
Clearance**

A patient shall be medically cleared for treatment when dialysis treatment is deemed indicated and appropriate according to the clinical judgment of the patient's attending physician. In the case where the Medical Director determines the patient is too acutely ill or not appropriate for outpatient dialysis care, then the decision for admission to the facility shall be made by the Governing Body.

**Special
Circumstances
Admission
Requests**

Requests to admit a patient with an external device such as left ventricular assist device (LVAD), continuous medication infusion, or LifeVest Defibrillator or other non-routine request requires approval from the corporate Medical Office.

Staff must review the *Admission, Handling and Safe Movement of the Morbidly Obese Patient Policy* before admission to the facility to ensure the facility can safely care for a morbidly obese patient. The Governing Body will make the determination to accept or deny the patient based on special considerations outlined in the policy.

**Emergency
Admission -
Transfer**

Patients may need to be transferred emergently in situations related to unplanned emergencies caused by severe weather, fire or other serious facility operating problems such as water treatment failure or other unexpected problems leading to facility closure. An emergency transfer is not expected to extend beyond 30 days and patients are expected to return to their “home” facility to continue their treatments when operations are able to resume. The emergency data entry process may be used for emergency transfers.

Non-emergent situations such as a planned closure or an individual treatment at another facility after a missed a treatment, or unplanned after-hours admissions must be handled according to the current process of admitting a patient.

Click the link for additional information on entering data in the clinical systems during any emergency: *Guidelines for Emergency Preparedness Policy*.

**Medical
Record
Requirements**

Patient Admission Services will collect the required information needed to admit a patient.

At a minimum, the required documents to admit a patient include:

- History and Physical or nephrology consult note or discharge summary or the most recent physician progress note
- Hepatitis B panel (HBsAg, anti-HBs, anti-HBc)
 - If unable to obtain full panel:
 - For patients new to dialysis: at a minimum a Hepatitis B surface antigen (HBsAg) result obtained within 30 days prior to the admission date
 - For transient or transfer patients: All patients must have a documented hepatitis B antigen (HBsAg) **or** antibody

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

(HBsAb) result prior to admission to the facility. HBsAg results must have been reported within 30 days of admission. If the patient has hepatitis antibodies (HBsAb), the results must have been reported within the past 12 months. Any discrepancies or questions related to admitting a patient and/or a patient's hepatitis results should be reported by the Clinical Manager to their Corporate Clinical Quality Manager.

- Current medication list and allergies
- Dialysis orders or the last treatment sheet
- For transients/travelers only: A PPD Test or Chest X-ray within **one** year.

NOTE: On occasion, admitting facilities request additional medical information over the minimum required documents listed above. Patient Admission Services will attempt to get this information. However, inability to provide this information by the referring facility will not affect the admission of the patient.

Patients with Prior Behavioral Issues

A referred patient who has exhibited behavioral issues in the hospital, at another FKC or non-FKC facility or during the admission process and could be a threat to the health and safety of patients or staff may be denied admission to the dialysis facility.

The decision to admit a patient who has exhibited behavioral issues shall be made by the facility management in collaboration with the patient's attending physician and the Medical Director.

Who is Authorized to Sign Admission Documents?

Patients must have the mental capacity/competency to consent to treatment and sign admission forms for treatment to be given in the facility, except as described below. The facility staff cannot make determinations regarding mental capacity and competency and must presume competence unless a physician has declared the patient incompetent.

If a patient has been deemed by a physician to lack the mental capacity/competency to consent to treatment, a Legally Authorized Person may consent to the patient's treatment and may sign the admission forms. In the rare instance that the legally authorized person is unavailable to sign the consent in person, the documents may be mailed, emailed, or faxed to the Legally Authorized Person for signature. The patient cannot be admitted and treated until the clinic receives the signed documents. The original signed

documents must be faxed or mailed back to the facility to maintain in the patient's medical record.

In the unusual instance when in person or fax options cannot be accomplished, the facility should reach out to their Division Legal Counsel or Compliance for additional guidance.

NOTE: State laws vary on who may consent to treatment on the patient's behalf if the patient lacks capacity or competency to consent.

In some states, family members or persons permitted by state law may consent to the patient's treatment and sign the admission forms even if such persons do not hold a power of attorney for healthcare or healthcare proxy as the Law Department will determine.

For purposes of this Policy, a 'Legally Authorized Person' is as follows:

- a) The patient's legal guardian or someone who holds a valid power of attorney for healthcare/healthcare proxy or who may sign on behalf of the patient under state law as determined by the Law Department.
- b) A parent or legal guardian if the patient is a minor.

NOTE: If there is any doubt the person is authorized to sign admission forms, contact the Law Department.

**Patient
Appears
Unable to
Consent for
Treatment**

If a patient comes for his or her first treatment and does not appear to have the mental capacity/competency to sign the admitting documents, the nurse:

- must notify the patient's attending physician of the patient's perceived incapacity to understand and his/her inability to consent, and
- should seek confirmation whether a medical determination of incompetency or lack of capacity has been made in the medical record consistent with state law.
- If the patient is deemed incompetent by the physician, the staff should attempt to contact any emergency contacts listed on the patient's admission paperwork in an attempt to find a family member who can
 - Provide proof of guardianship/power of attorney for healthcare or healthcare proxy (which must be provided at the time of admission, prior to treatment being provided), or
 - Assist in providing valid consent to treatment, if permitted under state law, or who can obtain legal authority/guardianship to represent the patient.
- The patient cannot be dialyzed if:
 - The patient has been deemed by a physician to be incompetent or to lack mental capacity consistent with state law, and

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

- The patient does not have an appropriate legal guardian or an agent with a valid healthcare power of attorney or healthcare proxy, and

The law department determines that state law does not permit family members to give consent.

Required Documents That Must Be Signed Prior to First Dialysis Treatment

The Clinical Manager or designee will conduct an admission interview with all new patients.

The following documents must be reviewed with and signed by the patient and/or the patient's Legally Authorized Person before or at the patient's first scheduled dialysis treatment:

- Admission Agreement
- Assignment of Benefits
- Consent for Dialysis
- Medicare Secondary Payor Questionnaire (MSPQ)
- Fresenius Rx Agent Designation form
- Consent to Receive, Use and Disclose Health Information for Treatment, Payment and Health Care Operations form
- Spectra form
- Notice of Privacy Practices/Acknowledgment of Notice of Privacy Practices

Note: Patients or their Legally Authorized Persons will not be asked to sign consent forms for services that are not being provided (ex. blood transfusion consent) until the actual service is needed. Blank consent forms should never be signed or used.

Approved Forms of Identification

Patient Admission Services will request the referring facility to provide 1 photo ID for the referral. Upon placement at the facility, staff will request 2 forms of identification. The two forms of ID must be provided within 6 treatments.

The two forms of identification can be:

- A driver's license, a state issued identification card, a passport, insurance cards or a birth certificate. (These documents will be copied and maintained in a separate folder for each patient. When the patient is discharged, they will be placed in the closed medical record.)
- If the patient does not bring in the required documents within 6 treatments, the Clinical Manager or Director of Operations must escalate to the Lead Social Worker who can review the situation and assist with obtaining the identification documents.

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

Failure to produce 2 forms of identification alone is not cause for discharge. Refer to the *Routine and Involuntary Patient Discharge Policy*, *Routine and Involuntary Patient Discharge Policy Addendum* and the *Routine and Involuntary Patient Discharge Procedure* for guidance on discharging a patient.

FKC Notice of Privacy Practice A copy of the “FKC Notice of Privacy Practices (NPP)” must be given to each patient that is receiving direct care from an FKC provider prior to the patient’s first treatment (see *Privacy Notice Procedure*).

Patients have the right to review this Notice of Privacy Practices prior to signing the “Acknowledgement of Receipt of the NPP” form. The “Acknowledgement of Receipt of the NPP” form should be signed by the patient or Legally Authorized Person, prior to the patient’s first treatment from an FKC direct provider of care. This form serves as an acknowledgement of receipt of the FKC Notice of Privacy Practices.

NOTE: This form is **not** a condition for treatment. If the patient refuses to sign the acknowledgement form, the FKC staff should document the efforts that were made to obtain the patient’s or Legally Authorized Person’s signature and document that the FKC Notice of Privacy Practices was provided. This documentation should be made on the acknowledgement form and should be witnessed by another staff member. The acknowledgement form should be kept as part of the permanent active medical record.

A copy of this notice must also be posted in a clear and prominent location readily visible to patients in each FKC physical service delivery site. This notice will also be posted on the FKC web site. In addition, whenever the notice is revised, the FKC direct provider must make the notice available upon request.

- Benefit Plan Book
- Catheter Access Plan
- Consent Form
- DNR Instruction and Form
- Home Therapy Consultation Form

**Advance

For more information, refer to the *Do Not Resuscitate Policy*.

Patient rights and the ability to exercise these rights must be protected by the facility.

The FMCNA Patient Rights and Responsibilities brochure explains the rights patients can expect to have while receiving treatment at this facility. The brochure also provides guidance as to certain responsibilities that are expected of the patient.

Each patient will be informed of their rights and given a copy of the FMCNA Patient Rights and Responsibilities within the first six (6) treatments in the facility. More in-depth discussions with patients about their rights and responsibilities are expected. These discussions may occur over a longer period of time.

Facilities should ensure that this information is provided to patients in a manner they can understand. For example, providing the FMCNA Patient Rights and Responsibilities brochure in the patient's primary language or having it interpreted based on assessment of the patient's language and

reading preferences, or enlisting the aid of communication aids or interpreters for patients who are blind or have low vision, or are deaf or hard of hearing.

Dialysis facilities must prominently display a copy of the patient's rights in a visible and accessible area in the facility and must include contact information for the State survey agency and ESRD Network.

The FMCNA Patient Rights and Responsibilities brochures are available in English and Spanish. They may be purchased from the FMS Marketing Online Ordering Center. Audio versions in English and Spanish may also be ordered through the FMS Marketing Online Ordering Center.

**Policy:
Privacy
Rights**

Patients have the right to privately discuss their condition and treatment. There should be ready access to a room in the facility where patient and/or family meetings may be held in private.

Patients have the right to privacy during activities that may require the exposure of private body parts while in the dialysis facility. Privacy screens or curtains may be used to provide privacy. Blankets may also be used as long as staff are able to observe the patient's vascular access, bloodline connections, and face at all times.

Patients or their representatives must be provided unbiased education about transplantation and all dialysis treatment options regardless of whether these options are available in the current facility.

**Failure to
Protect
Patients'
Rights**

Evidence of failure to treat patients with respect and dignity, provide an opportunity for private communication, or prevent exposure of private body areas resulting in emotional discomfort for the patient, and evidence that cognizant patients/designees are not aware of their options for treatment or available grievance mechanisms could result in the facility receiving a Condition level citation.

FKC Omak
Pro Forma Assumptions

Patient Volumes

Utilization projections, including the assumptions used to derive the forecasts, are presented in the application and screening responses.

It is assumed the number of treatments per patient is 143.7/year for in-center and 153.6/year for home based on annualized full year 2022 actuals ("2022 actuals", "actuals").

Revenues

In-center revenues are based on FKC Omak 2022 actuals, given it is an existing facility. Payer mix statistics have also been obtained from FKC Omak actuals. Revenues are calculated by payer and treatment. Bad debt and charity care are subtracted from revenues to yield net revenue figures.

Charity Care

Calculated at 0.88% of revenue based on the experience of Fresenius' facilities in Washington State.

Bad Debt

Calculated on a per treatment basis from FKC Omak actuals.

Expenses

Unless otherwise noted, expenses have been calculated on a per treatment basis from FKC Omak actuals.

Personnel expenses are based on identified patient to staff ratios and incorporates a 10% non-productive factor. Wage figures have been compiled from current rates as of screening at the FKC Omak facility.

Rent Expense assumed to be \$500,000 per year. This will be updated in screening when the lease agreement is developed.

Other Property is set to 10% of base rent based on general experience of Fresenius' facilities in Washington State.

Existing depreciation/amortization and interest expense are based on 2022 Omak actuals, including accounting adjustments applicable under International Financial Reporting Standards (IFRS). It is assumed that approximately 10% of the 2022 depreciation/amortization and interest ($\$187,556 * 10\% = \$18,756$) will decrease per year over the forecast as many of the existing assets will be past their useful life. Please see below for discussion of project-related depreciation.

Project-related depreciation is straight-line; assumes 15 year useful-life on for construction and A&E fees and 10 year useful-life for equipment.

Physician Compensation: set to the equivalent of 2022 expenses.

Medical Director Agreement

MEDICAL DIRECTOR AGREEMENT
Confluence Health

This Medical Director Agreement (“**Agreement**”) dated as of the last date of signature by a party hereto (“**Effective Date**”), is between Inland Northwest Renal Care Group, LLC, a Washington business entity (“**Company**”), Confluence Health, a business entity organized in Washington (“**Consultant**”), and for the limited purposes stated herein, Member Physicians who become parties hereto from time to time. This Agreement memorializes the terms on which Consultant has agreed to provide Medical Director Services to certain dialysis operations of Company.

Company and Consultant were parties to that Medical Director Agreement dated August 4, 2008, as amended, and as modified by that Assignment of Medical Director dated September 18, 2013 (collectively, the “**Prior Agreement**”), which expired as of the Commencement Date hereunder. The parties acknowledge and agree that the Prior Agreement shall be superseded in its entirety by this Agreement as of the Commencement Date hereunder.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be bound hereby, the parties hereto agree as follows:

Capitalized terms used herein and not otherwise defined shall have the meanings set forth on **Exhibit A**.

1. ENGAGEMENT. Company hereby engages Consultant to provide Medical Director Services to the Dialysis Operations, and Consultant agrees to provide such Medical Director Services on the terms and conditions set forth herein.
2. TERM. The term of this Agreement shall begin on the Commencement Date and shall continue through August 31, 2023, unless sooner terminated as provided herein.
3. COMPENSATION.
 - 3.01 Fee. During the term, and subject to, this Agreement and commencing as of September 1, 2018 (the “**Commencement Date**”), Company shall pay Consultant based on the rates (“**Fee**”) as set forth below. The Fee shall increase by 2% over the Fee then in effect, on each anniversary of the Commencement Date. Any rates described as an annual rate shall be prorated for partial years and shall be payable in equal monthly installments. All Fees shall be payable in arrears on or before the last day of each month.

Omak (inclusive of Home Program)..... \$60,840.75/year

3.02 Adjustments.

3.02.1 Upon any Partial Termination (as such term is defined below), the Fee shall be reduced by the Fee amount specifically allocated to the Dialysis Operation to which the Partial Termination applies, or if no such specific allocation is provided herein, by an amount that

reflects the reduction in workload of Consultant due to the Partial Termination as agreed by the parties. Upon any Temporary Suspension, the Fee may be reduced as agreed by the parties to reflect the reduction in workload and subject to a maximum reduction equal to the Fee amount specifically allocated to the Dialysis Operation to which the Temporary Suspension applies. If, as of the first Fee payment due date after a Partial Termination or Temporary Suspension, the parties are required hereunder to reach agreement on the Fee reduction but have not agreed, Company may reduce the Fee by an amount reasonably determined by it to reflect the reduction in Medical Director Services required hereunder and such amount shall be held as cash reserves until such time as the parties agree. Company may make adjustments to the payments due to Consultant hereunder at any time to true up any adjustments in the Fee permitted hereunder.

3.02.2 In addition, the obligation to pay the Fee or a portion thereof related to the applicable Dialysis Operation may be temporarily suspended and not paid or accrued for any period of time during which a substitute Medical Director is required to be designated and approved hereunder but is not actually designated or approved and providing services.

3.03 General. The parties agree that the Fee payable hereunder shall be in consideration for all services to be provided hereunder and all covenants herein including, but not limited to, the restrictive covenants set forth in **Section 6**. The parties represent that, as of the date this Agreement is signed, the Fee is fair market value for services rendered based upon arm's length bargaining and is consistent with the value of similar services. Furthermore, the parties represent that the Fee is not and has not been determined in a manner that takes into account the volume or value of any referrals or business otherwise generated between the parties for which payment may be made in whole or in part under any other public healthcare program. Upon receipt by Company from Consultant of W-9 (available at www.irs.gov) and wire transfer instructions (form available in Medical Director Handbook), Company shall pay the Fee by wire transfer pursuant to such instructions. To the extent otherwise unpaid and overdue, Company may deduct from the Fee the fair market value of Company space, facilities, supplies, equipment, staff time or any other item or service actually utilized by Consultant or any of its affiliated physicians for any purpose not reasonably related to the performance of Medical Director Services hereunder. Consultant represents and warrants to Company that its affiliated physicians, if any, are not compensated by Consultant based on the volume or value of their referrals to any Dialysis Operation. Consultant also represents and warrants to Company that Consultant has not been formed for the sole purpose of entering into this Agreement.

4. OBLIGATIONS OF CONSULTANT.

4.01 Initial Designation and Qualifications of Medical Directors

4.01.1 *Designation*. Consultant shall designate a physician at each Dialysis Operation who shall perform the Medical Director Services on behalf of Consultant at such Dialysis Operation and who shall be deemed the Medical Director for such Dialysis Operation; provided, however if Consultant party to this Agreement is an individual, such individual shall be the Medical Director. Consultant acknowledges and agrees that if a Facility has different designated Medical Directors for the in-center and home dialysis programs operated at or administered by same Facility, the Medical Director of the home dialysis program shall report to the Medical

At all times, each physician designated as a Medical Director, and each physician providing coverage for a Medical Director in accordance herewith, (a) shall at all times meet the requirements of this **Section 4** when providing services hereunder, (b) shall be designated in writing in advance and (c) shall be subject to Company's prior written approval. Company hereby approves the initial Medical Director designations set forth on **Exhibit B**. 4.01.2 *Coverage*. If unavailable, the Medical Director shall arrange for coverage by a physician who meets the requirements hereunder and shall provide the Director of Operations/Area Manager and the Clinical or Facility Manager with prior notice as to the physician providing such coverage and the duration of such coverage. A Medical Director shall not be required to devote the entire working day to duties hereunder (with the exception of on-call responsibilities), but will continue the practice of medicine independently of Company.

- c. Remain a member in good standing of the Medical Staff of the Facilities at which physician is providing Medical Director Services.

h. Satisfy Legal Requirements regarding the qualifications of a medical director and remain otherwise qualified to act as a medical director of a Dialysis Operation that is certified to participate in public healthcare programs.

j. Be a party to this Agreement as a Member Physician pursuant to a written instrument substantially in the form attached hereto as (the “**Joinder Requirement**”).

k. Comply with the Company’s medical director training requirements and any additional requirements applicable to physicians as may be required for the Dialysis Operation to maintain required state licensure, certification or its equivalent.

l. Maintain any additional requirements as a physician as may be required for any Inpatient Services Programs so that the program operates consistently with the accreditation and other standards of The Joint Commission or other accrediting body.

4.02 Substitute Medical Director.

4.02.1 If a Medical Director (a) is indicted for any felony or any violation of a federal or state health care law; (b) fails to meet any of the requirements set forth in this **Section 4**; or (c) ceases to have Member Physician status, Consultant shall immediately notify Company and, whether or not such notice is provided, Company may immediately terminate such physician’s designation as Medical Director by written notice. Consultant shall, as of the date of such termination, designate a new Medical Director who meets the requirements set forth in this Agreement.

4.02.2 If a Medical Director is unavailable to serve as Medical Director for a period greater than one (1) month, or such shorter time as Company in its reasonable discretion determines may affect the quality of care provided at a Dialysis Operation, then Company may terminate such physician’s designation as Medical Director upon five (5) business days’ prior notice to Consultant, and Consultant, within that same five (5) business day period, shall designate a new Medical Director who meets the requirements set forth in this Agreement. The provisions of this paragraph do not modify or relieve Medical Director of obligations under Section 4.03.2, and Medical Director is obligated to provide coverage in accordance with this Agreement during periods of absence.

4.02.3 With Company’s prior written approval, Consultant may designate a temporary Medical Director (“**Temporary Medical Director**”) for a Dialysis Operation to serve in the role on such terms as agreed by Company. A Temporary Medical Director shall be considered a Medical Director and a Member Physician for all purposes under this Agreement, except as otherwise expressly set forth herein. Each Temporary Medical Director shall at all times meet the requirements set forth in this **Section 4** when providing Medical Director Services and all services provided by a Temporary Medical Director shall be in accordance with this Agreement.

4.03 Medical Director Services.

Medical Director shall provide the Medical Director Services for the Dialysis Operations for which he or she is appointed Medical Director in accordance with this Agreement. Consultant and Medical Directors shall devote commercially reasonable efforts, skill and sufficient time to carry out the requirements of this Agreement and to promote continuous improvement and high quality professional care within the Dialysis Operations. Medical Director Services include those duties and responsibilities set forth in and in conformity with the provisions of (a) this Agreement, (b) Legal Requirements, (c) Policies and (d) governing body resolutions. In addition, a Medical Director shall:

4.03.1 Coordinate the provision of Medical Director Services with FMCNA's Medical Office and shall communicate regularly with its applicable Chief Medical Officer and the members of its Medical Advisory Boards. The coordination of services and communication may include, without limitation, participation in conference calls, medical director training sessions and meetings subject to expense reimbursement by FMCNA in accordance with the Policies.

4.03.2 Be available during all hours of operation of the Dialysis Operations for visits to and consultation regarding the Dialysis Operations and be on-call and working such additional time at or away from the Dialysis Operations as necessary to fulfill Medical Director's responsibilities under this Agreement, it being understood that a Medical Director needs to be available by phone and in person, as needed, at all times. Consultant shall provide to Company an updated e-mail address, mobile phone number and other relevant information so that, at all times, Company has accurate contact information for each Medical Director. Consultant shall ensure that each Medical Director checks e-mail regularly.

4.03.3 Complete initial compliance and privacy training (if not already completed prior to the execution of this Agreement), within the timeframe established in the Company's compliance program and complete supplemental compliance training during each subsequent year of the term of this Agreement. If any Medical Director fails to complete the compliance training, Company may retain the Fee until such time as every Medical Director providing services hereunder completes the required training. Once every Medical Director has completed the required training, Company shall pay Consultant the retained Fee with the next payment of Consultant's regular installment of the Fee.

4.03.4 Cooperate and, in a timely manner, provide information regarding Dialysis Operations and the Medical Director Services as Company may request: (a) in connection with administration of the Dialysis Operations, (b) in connection with implementation of this Agreement and confirmation of the compliance by Consultant and Member Physicians with their obligations hereunder, and/or (c) for Company's use in submissions to Authorities, including without limitation cost reports to CMS. Consultant and Medical Directors represent and warrant that all such information and/or disclosures shall be truthful and accurate to the best of their knowledge. If Consultant or any Medical Director fails to provide in a timely manner all information required under this paragraph, Company may retain the Fee due Consultant hereunder until such time as the information is provided. Once the information is provided, Company shall pay Consultant the retained portion of the Fee with the next payment of Consultant's regular installment of the Fee.

4.03.5 Neither Consultant nor any Medical Director nor any Member Physician shall participate in, directly or indirectly, or permit others to conduct, any clinical research study (“Study”) at a Dialysis Operation without first obtaining the prior express written approval of Company. Any Study conducted with respect to any Inpatient Services Program must also be approved by the applicable hospital and conducted consistent with such hospital’s policies. If Company approves such Study, which approval shall be at Company’s sole and absolute discretion, Consultant, Medical Directors and/or Member Physicians shall conduct such approved Study in accordance with all Legal Requirements, Policies, the Study protocol (which shall also be subject to Company’s prior review and approval), and Good Clinical Practice (in accordance with the Guidance for Industry E6 Good Clinical Practice: Consolidated Guidance by the U.S. Department of Health and Human Services, Food and Drug Administration, April 1996 (ICH)).

4.03.6 If an Authority finds deficiencies at a Dialysis Operation caused by a Medical Director’s failure to satisfy the requirements of a Medical Director pursuant to any Legal Requirement, and such Authority requires the appointment of a physician monitor to assist the Dialysis Operation in achieving compliance with applicable law, Consultant shall pay for the cost of such monitor until the Authority has determined that all such deficiencies are cured.

4.03.7 Consultant hereby represents and warrants to Company that **Exhibit C** hereto sets forth a complete and accurate list of the full names and, as applicable, the National Provider Identifiers (“NPI”), of all of (i) Consultant’s and any Affiliated Medical Practice’s physician owners, and the immediate family members thereof (i.e., husband or wife; birth or adoptive parent, child, or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild), who are a source of patient referrals to Company or FMCNA, a purchaser of items or services from FMCNA that are reimbursable by a federal or state healthcare program, or a seller or lessor to Company or FMCNA of items, including real property, or services for which Company or FMCNA makes claims for reimbursement under any federal or state healthcare program; and (ii) physicians assigned by Consultant to provide Medical Director Services pursuant to this Agreement, and the immediate family members thereof, who are a source of patient referrals to Company or FMCNA, a purchaser of items or services from FMCNA that are reimbursable by a federal or state healthcare program, or a seller or lessor to Company or FMCNA of items, including real property, or services for which Company or FMCNA makes claims for reimbursement under any federal or state healthcare program. Consultant agrees to notify Company, in writing, of additions or deletions to **Exhibit C** within thirty (30) days of such change.

5. OBLIGATIONS OF COMPANY. Except as specifically delegated by this Agreement to Consultant, Company shall retain all management prerogatives and responsibilities as owner of the Dialysis Operations. Without limiting the foregoing, Company agrees (a) to operate the Dialysis Operations in compliance with Legal Requirements, (b) to provide all necessary equipment, personnel, supplies and services (other than medical services) required for the operation of the Dialysis Operations, (c) with Medical Director’s assistance as required hereunder, to establish, and implement Policies concerning the administration of the Dialysis

Operations, and (d) to provide Consultant with the use of one office at each Facility for the sole purpose of providing Medical Director Services.

6. COVENANTS PROTECTING BUSINESS INTERESTS OF COMPANY.

6.01 Covenant Not to Compete. In consideration of the compensation payable hereunder and in recognition of Company's proprietary interest in its Business, Consultant, Medical Directors and Member Physicians covenant and agree that they shall not, during the Restricted Period, directly or indirectly through Affiliates or otherwise, alone or in association with any person or entity:

a. engage, directly or indirectly, as a principal, owner, co-owner, agent, independent contractor, consultant, advisor, manager, medical manager, landlord, director, officer or employee of or participate in the Control of or otherwise assist or obtain any Financial Benefit from; or

b. take any action in preparation or anticipation of doing any of the foregoing with regard to, any operation, person or entity (other than with Company or any of its Affiliates) that engages or proposes to engage, in the Business in the Restricted Territory. Notwithstanding the foregoing, this **Section 6.01** (i) shall not limit Consultant, Medical Directors or Member Physicians from engaging in the practice of medicine and charging fees for administering such professional medical services to patients, (ii) shall not require Consultant, Medical Directors or Member Physicians to admit individuals to, or refer any other business to, any Dialysis Operation, Company or its Affiliates, (iii) shall not require Consultant, Medical Directors or Member Physicians to prescribe, utilize or purchase any items or services from any Dialysis Operation or Company or its Affiliates, and (iv) shall not restrict Consultant, Medical Directors or Member Physicians from admitting individuals to any other facility, program, or entity.

Consultant, Medical Directors and Member Physicians hereby represent, covenant and agree that they do not, and following the Commencement Date of this Agreement shall not, employ, contract, retain, engage, partner or joint venture with any person or entity that receives a Financial Benefit from any person or entity (other than Company and its Affiliates) which engages in the Business anywhere in the Restricted Territory, and that no such person or entity holds, or during the Restricted Period shall hold, a direct or indirect ownership interest in Consultant.

6.02 Covenant Regarding Confidential Information. Consultant and each Member Physician acknowledge that in the course of performing the duties contemplated by this Agreement, Consultant and each Member Physician will become privy to and/or have access to Confidential Information. Throughout the term of this Agreement and at any time thereafter, Consultant and each Member Physician shall not, and their employees and agents shall not, (a) disclose to any person, firm, corporation or entity any Confidential Information of Company or its Affiliates without the prior written consent of Company, except as may be required by law or legal process or (b) use any Confidential Information except in furtherance of the performance of their obligations owed to Company hereunder. If Consultant or any Member Physician is required by law to disclose any Confidential Information such person shall provide sufficient

notice to Company to enable Company to seek a protective order or other appropriate legal or equitable remedy to prevent such disclosure. The provisions of this paragraph shall not prohibit any disclosure of information to the extent (i) such information is or becomes publicly available or obtainable from independent, nonconfidential sources and not in breach of any party's obligations hereunder or any third person's obligations owed to Company or its Affiliate, (ii) such information is required to be disclosed by law or by Authorities having jurisdiction over the disclosing party, (iii) such information was known by Consultant and/or a Member Physician prior to any disclosure by Company hereunder and without any breach of an obligation owed to Company or its Affiliate, or (iv) disclosure is necessary for Consultant and/or a Member Physician to enforce any or all of its/his/her rights under this Agreement.

6.03 Improvements to Company's Services and Products. Consultant and each Medical Director and Member Physician hereby assign to Company or its designated Affiliate all rights, title and interest to any improvements or inventions related to Company's procedures, documents, products or services that it/he/she authors, discovers, designs, or perfects in the course of its/his/her work under this Agreement and hereby agree to execute such other documentation as Company or its designated Affiliate may reasonably require to confirm such assignment.

6.04 Nonsolicitation Covenant. During the Restricted Period, Consultant and each Medical Director and Member Physician agree not to, directly or indirectly, by or for themselves, as agent of another, or through others as their agent, (a) interfere with Company's relationship with any patient, employee, independent contractor, referral or reimbursement source, patient, supplier, insurer or other payor (a "**Constituent**"), (b) induce any Constituent to terminate, reduce or otherwise modify its relationship with Company or its Affiliates or (c) solicit any Constituent for any such purpose; provided however, to the extent any Member Physician practices medicine, nothing herein shall restrict the clinical medical advice provided by any Member Physician to patients or shall restrict any Member Physician from meeting ethical obligations owed to patients with regard to continuation of care, and each Member Physician is expressly permitted to fulfill such ethical obligations. Each Member Physician acknowledges that patients treated by Company are patients of Company and that Company has a legitimate and enforceable interest in retaining the goodwill of its business through the retention of its patients to the extent that their clinical needs can be fully met through Company resources.

6.05 Joinder Requirement for Member Physicians. Consultant shall cause each Member Physician upon the execution of this Agreement or on the date that such physician becomes a Member Physician, whichever is later, to execute a Joinder Agreement substantially in the form attached hereto as **Exhibit D** (the "**Joinder Requirement**"). Notwithstanding the foregoing restriction, Consultant shall not be precluded from engaging the services of a locum tenens physician or other similar physician on a periodic and infrequent basis so long as such physician does not provide services for or on behalf of Consultant under this Agreement. The parties hereby acknowledge Company does not in any way encourage or support Consultant's placing limitations or restrictions (in employment agreements or otherwise) on providers or entities to whom Consultant's employed or affiliated physicians may refer patients or other business.

6.06 Former Member Physicians. Any Member Physician who ceases to be a Member Physician during the Restricted Period shall be deemed a “**Former Member Physician.**” Each Member Physician agrees that, if that he or she becomes a Former Member Physician, the provisions of **Section 6** shall still apply to such physician as if he or she were still a Member Physician. Notwithstanding the foregoing, the parties agree that, if that a Member Physician becomes a Former Member Physician, then so long as no more than one Member Physician has become a Former Member Physician within the previous year, **Sections 6.01** and **6.04** of the Agreement shall only apply to such physician until the earlier of (a) expiration of the Restricted Period under the Agreement, or (b) two (2) years after the date on which such physician becomes a Former Member Physician. Company and each Member Physician agree that if such physician violates the covenants contained in this **Section 6** while he or she is a Former Member Physician, the Restricted Period applicable to the Former Member Physician shall be extended automatically for an additional period equal to the period from the date on which such violation commenced (x) until the date on which the Former Member Physician ceases such violation, or (y) through and including the date of the final determination of a court that Former Member Physician did violate such restrictions. Such extension of the term of the Restricted Period shall be in addition to, and not in lieu of, any other remedies available to Company.

6.07 Notice Obligations. If, during the term of this Agreement, Consultant (which term for purposes of this **Section 6.07** includes Consultant’s Affiliated Medical Practice if Consultant has an Affiliated Medical Practice) or any of its owners desires to be a participating provider or otherwise contract as a clinical provider to provide physician services within or to a Provider Network that services a patient population that is likely to include patients within the Restricted Territory, Consultant shall give Company written notice prior to engaging in any third party negotiations regarding such arrangement.

6.08 Nondisparagement. During the Restricted Period, Consultant and each Member Physician agree to take no action which is intended, or would reasonably be expected, to harm Company or its Affiliates or their reputations or which would reasonably be expected to lead to unwanted or unfavorable publicity to Company or its Affiliates; provided, however, that nothing herein shall restrict any communications between physicians and their patients regarding their clinical care or interfere with Consultant’s and each Member Physician’s ability to file a charge or complaint with a federal, state, or local regulatory or law enforcement agency and/or cooperate with or participate in an investigation or proceeding conducted by a federal, state, or local regulatory or law enforcement agency.

6.09 Remedies; Survival. Consultant and each Member Physician have carefully considered the nature and extent of the restrictive covenants as described in this **Section 6** (collectively, “**Restrictive Covenants**”). Nothing contained herein shall be construed as prohibiting Company and its Affiliates from pursuing other remedies available to them for such breach or threatened breach, including, but not limited to, the recovery of monetary damages. If a court of competent jurisdiction determines that any portion of the Restrictive Covenants are unreasonable, then restrictions contained in the Restrictive Covenants shall be reduced and any other modifications shall be made by the court to the extent necessary for this **Section 6** to be enforced by the court. (b) No payment or gift of money, goods, services, or anything of value has been made, offered or promised or will be made, offered or promised, directly by Consultant or indirectly through any third parties, to any individual for favorable treatment in obtaining, retaining, or directing business for, or to obtain any special concession on behalf of, Consultant or Company or its Affiliate(s) (collectively or individually, depending on the context, "**Fresenius Medical Care**"). This includes, but is not limited to, a prohibition on any facilitation payments to any government official to expedite a routine government action, whereas the term "government official" ("**Government Official**") shall be read broadly and includes not only (i) individuals acting on behalf of governments on a national, regional and local level (such as elected officials, customs officials, tax officials, etc.), but also: (ii) individuals acting on behalf of government-owned or government-controlled enterprises (such as doctors and staff of public hospitals and universities, etc.), and (iii) individuals acting for political parties or as or on behalf of candidates for public office.

(c) Neither Consultant nor any person or entity acting on Consultant's behalf has (to the best of Consultant's knowledge) accepted, received or agreed to accept or receive or will accept, receive or agree to accept or receive, directly or indirectly, any payment or gift of money, goods, services, or anything of value from any individual for favorable treatment in obtaining, retaining, or directing business for, or to obtain any special concession on behalf of, Consultant or Fresenius Medical Care.

(f) Consultant represents that Consultant is not in a position of conflict of interest or incompatibility of its/his/her engagement (or in a position that could result in a conflict of interest or incompatibility of his/her engagement) with Fresenius Medical Care. Consultant agrees that if, at any time during the term of this Agreement, a conflict of interest or incompatibility presents itself, Consultant will notify Company in writing within three (3) business days and agrees to promptly recuse itself/himself/herself from the situation, so as not to create even the appearance of impropriety.

(g) Consultant represents that Consultant undertakes, at all times, to refrain from any action or inaction that may constitute, directly or indirectly, a patient referral or other business opportunity towards Fresenius Medical Care, with the expectation of obtaining anything of value in return.

In particular, Consultant represents that Consultant has received the following internet link to Fresenius Medical Care Business Ethics & Principles for Business Parties ("**Anti-Corruption Principles**") (see <http://www.fmc-ag.com/5292.htm>) and agrees to abide by them. The Anti-Corruption Principles may be amended from time to time, in Fresenius Medical Care's sole discretion, and will be posted to its website.

(j) Consultant agrees to reasonably cooperate in any compliance investigation or audit that may be conducted by Fresenius Medical Care, its counsel, or its internal or external auditors related to this Agreement. Upon notice of an intended compliance investigation or audit, Consultant will, in a reasonable time, unless prohibited by law, make available to Fresenius Medical Care or a third party retained by Fresenius Medical Care (i) persons within the control of Consultant who Fresenius Medical Care or the third party wants to interview, and (ii) documents and data relating to the issue(s) under review related to the engagement with Company.

8.02 Compliance. This Agreement shall be construed in a manner consistent with any and all applicable federal and state laws, including, without limitation, Medicare, Medicaid, the Health Insurance Portability and Accountability Act of 1996 and other federal and state statutes and regulations and the principles and interpretations related thereto. The parties intend to comply with the applicable provisions of 42 U.S.C. 1395nn(a)(1) and 42 U.S.C. 1320a-7b(b), as such provisions may be amended from time to time. 8.03 Limited Renegotiation.

8.03.1 Notwithstanding anything to the contrary in this Agreement, if the terms of this Agreement (a) become unlawful or unenforceable, (b) materially and adversely affect a party's or its Affiliate's non-profit tax status, licensure, accreditation, certification, or ability to refer, accept any referral, bill, present a bill or claim, or receive payment from any payor or (c) subjects a party to a substantial risk of prosecution or civil monetary penalty, then (i) the unaffected provisions of this Agreement shall continue in full force and effect and (ii) either party, upon written notice ("**Renegotiation Notice**") to the other party may initiate renegotiation of the affected terms of this Agreement to restore, if possible, the intent and purpose of the affected provisions in the Agreement and to modify the Agreement as necessary so that such Agreement does not cause such adverse result.

8.03.2 If the parties are unable in good faith to come to a mutually satisfactory resolution regarding the affected terms of the Agreement and have failed to amend the Agreement (or enter into a new Agreement) within ninety (90) days from the date the Renegotiation Notice was received, then, unless the parties mutually agree otherwise in writing, the parties shall utilize binding arbitration in accordance with this Section to modify the Agreement as necessary so that such Agreement does not cause an adverse event.

8.03.3 The above referenced arbitration shall be triggered by one party's providing the other party written notice of the arbitration required under this Section. Upon a party's receipt of such written notice, both parties shall promptly appoint an arbitrator from a list of arbitrators recognized by the American Health Lawyers Association (AHLA) Alternative Dispute Resolution Services. In accordance with the rules of the AHLA Alternative Dispute Resolution Service then in effect, such appointed arbitrators will appoint a third arbitrator from the list and the three arbitrators shall hear the parties and make the determination as to necessary modifications to the Agreement to remedy the adverse event. If AHLA or the AHLA Alternative Dispute Resolution Service is no longer in effect, then such arbitrators shall be chosen from a list provided by the American Arbitration Association in the same manner as set forth above, and such arbitration shall be conducted in accordance with the Commercial Rules of the American Arbitration Association then in effect. The parties shall irrevocably grant the arbitrators the authority to determine the modifications necessary to the Agreement to remedy the adverse result. Arbitration shall be binding for settlement of the modifications necessary to the Agreement as stated in the foregoing sentence. The parties agree to execute any agreement immediately to memorialize such modifications to the Agreement. The parties shall share the costs of such arbitrators equally between them. Each party shall bear its own expenses of preparation for arbitration.

9. GENERAL.

9.01 Independent Contractor. The parties agree Consultant and Medical Directors have not been, and will not be chosen as an inducement or reward for any past, current or future Company business transaction, opportunity, or government approval or concession, and that the selection process has not been, and will not be based on the volume or value of referrals provided by, or anticipated from, Consultant, any Medical Director or any affiliated person or entity. Consultant is acting and performing services hereunder as an independent contractor, and each Medical Director is acting and performing the Medical Director Services on behalf of and as an employee or independent contractor of Consultant. No Medical Director shall be considered an employee for purposes of any Company employment policy or employment benefit plan, and will not be entitled to any benefits under any such policy or benefit plan. Except as expressly set forth herein or as may be required by applicable law, Company shall neither have nor exercise any control or direction over the methods by which Consultant shall perform the duties hereunder, and Company shall not control how Medical Director Services are accomplished hereunder, as long as such duties are performed as required by this Agreement. Consultant shall be solely responsible for, and shall indemnify and hold Company harmless for payment of, all taxes due on all amounts paid to Consultant hereunder and for all employment taxes for all employees of Consultant. Consultant and Member Physicians shall not assign or subcontract this Agreement or assign or subcontract any of their rights hereunder without Company's prior written consent, which may be withheld in Company's sole discretion. Company may assign this Agreement to any of Company's Affiliates or to any successor in interest to the assets and operations of Company without the consent of any other party hereto. This Agreement shall be

enforceable by or against any permitted assigns hereunder. Any attempted assignment of this Agreement in violation of the provisions of this section is void.

9.03 Merger, Modification and Waiver. This Agreement contains the entire agreement of the parties with respect to its subject matter and as of the date this Agreement is fully executed, supersedes all previous and contemporaneous agreements and understandings, expressed or implied, oral or written, between the parties with respect to the subject matter hereof. The failure of the parties to insist on strict performance of the provisions of this Agreement shall not be construed as a waiver of such provision or of any other default of the same or similar nature. No waiver, modification or change of any of its provisions shall be valid unless in writing and signed by the parties. One party's waiver of any default by the other party of any provision of this Agreement is not a waiver of any other default and shall not affect the right of that party to require performance of the defaulted provision at any future time. All representations herein survive the execution and delivery of this Agreement

9.04 Severability. If any term of this Agreement is determined to be invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be given effect to the fullest extent permitted by law; provided however, if the severed provision materially deprives a party of the benefits of this Agreement, including without limitation the benefits of Section 6, then such party may terminate this Agreement by notice to the other party.

9.05 Applicable Law. This Agreement shall be governed by and construed and enforced in accordance with the laws of the Washington.

9.06 Books and Records. In addition, if and to the extent that Consultant uses the services of a related organization to provide services hereunder, Consultant will require such related organization to preserve and make available its books and records to the same extent Consultant is so required. If this Agreement is not subject to the provisions of Section 952 or regulations promulgated thereunder, this section of the Agreement shall be null and void. The provisions of this Section shall survive the expiration or termination of this Agreement.

All notices pursuant to this Agreement shall be in writing and shall be deemed duly given and properly served: (a) when delivered personally (with written confirmation of receipt), (b) two (2) business days after being mailed to the addressee by registered or certified mail, postage prepaid, return receipt requested, or (c) when received by the addressee if sent by a recognized express delivery service, in each case, to a party at the address as set forth below or at such other address as may be furnished by such party in accordance with these notice requirements:

9.09 Indemnification.

(a) Consultant shall indemnify and hold harmless Company and its Affiliates from any and all liability, claims, damages, and expenses (including but not limited to reasonable attorneys' fees) which it may incur as a result of the negligence or willful misconduct of Consultant, a Medical Director and/or a Member Physician, or any of their Affiliates, agents or employees, or the breach by Consultant, a Medical Director or a Member Physician of a representation or covenant in this Agreement. 9.10 No Conflicts. Consultant and each Member Physician represent and warrant to Company that the execution, delivery and performance of this Agreement by Consultant and each Member Physician does not conflict with or result in a breach (or any event which with notice or lapse of time or both, would result in a breach) of any other obligation of Consultant or any Member Physician.

9.11 Joint Effort; Headings. The preparation of this Agreement has been the joint effort of the parties, and the resulting document shall not be construed more severely against one of the parties than the other. The headings of sections in this Agreement are for convenience only and shall not affect or limit the interpretation of its provisions.

9.12 Attachments; Priority of Documents. All attachments (including but not limited to Addenda and Exhibits) to this Agreement are incorporated herein by reference and made a

Notwithstanding the foregoing, each party shall, at all times, use commercially reasonable efforts to perform its obligations under this Agreement.

9.15 Counterparts; Electronic Execution. This Agreement may be executed in any number of counterparts with the same effect as if all the parties had signed the same document. Such executions may be transmitted by facsimile, e-signature, email or other electronic transmission and are to be deemed for all purposes to have been executed and delivered by that party to the other party.

Affiliation/Transfer Agreement

AFFILIATION AGREEMENT

This AGREEMENT made as of this 5th day of December, 2018 ("Effective Date"), between Confluence Health - Central Washington Hospital (hereinafter referred to as "Hospital") and Fresenius Medical Care d/b/a Omak Dialysis (hereinafter referred to as "Company").

WHEREAS, Company desires to assure the availability of the Hospital's facilities for its patients who are in need of inpatient treatment at a hospital and those residing in the hospital's distinct/part/skilled, intermediate care unit, in compliance with 42 C.F.R. Part 494.180(g), and the Hospital is equipped and qualified to provide hospital care on an inpatient basis for such patients; and

WHEREAS the Hospital desires to assure the availability of hemodialysis treatment for its patients who are in need of outpatient treatment, and Company is experienced and qualified to administer dialysis treatments and clinically manage patients with chronic renal failure on an outpatient basis;

1. The hospital agrees to make the facilities and personnel of its routine emergency service available for the treatment of acute life-threatening emergencies, which may occur to any of Company's patients. If, in the opinion of a member of the Company's medical staff, any patient requires emergency hospitalization, the hospital agrees that it will provide a bed for such a patient (or in the event a bed is not available at the Hospital, to arrange for the transfer of the patient to an affiliated hospital) and furnish all necessary medical services at its facility for such patient at the patient's expense. In the event of an emergency at Company, the responsible physician shall notify the patient's physician of record, as indicated in Company's files, and shall promptly notify the Emergency Room physician of the particular emergency. Company shall be responsible for arranging to have the patient transported to the Hospital and shall send appropriate interim medical records. There will be an interchange, within one working day, of medical and other information necessary or useful in the care and treatment of patients referred to the Hospital from Company, or in determining whether such patients can be adequately cared for otherwise than in either of the facilities. Admission to Hospital, and the continued treatment by Hospital shall be provided regardless of the patient's race, color, creed, sex, age, disability, or national origin.
2. In the event the patient must be transferred directly from the Company to the Hospital, Company shall provide for the security of, and be accountable for, the patient's personal effects during the transfer.
3. Company shall keep medical records of all treatments rendered to patients by Company. These medical records shall conform to applicable standards of professional practice. If requested by the Hospital, Company shall provide complete copies of all medical records of a patient treated by Company who is, at the time of the request, an inpatient at the Hospital.

4. The Hospital shall accept any patient of Company referred to the Hospital for elective reasons, subject to the availability of appropriate facilities after the Company attending physician has arranged for inpatient hospital physician coverage,
5. In addition to the services described above, the Hospital shall make the following services available to patients referred by Company either at the Hospital or an affiliated hospital:
 - a. Availability of a surgeon capable of vascular access insertion and long-term maintenance;
 - b. Inpatient care for any patient who develops complications or renal disease-related conditions that require hospital admission;
 - c. Kidney transplantation services, where appropriate, including tissue typing and cross-matching, surgical transplant capability, availability of surgeons qualified in the management of pre and post-transplant patients; and
 - d. Blood Bank services to be performed by the Hospital.
6. Company shall have no responsibility for any inpatient care rendered by the hospital. Once a patient has been referred by Company to the Hospital, Hospital agrees to indemnify Company against, and hold it harmless from any claims, expenses, or liability based upon or arising from anything done or omitted, or allegedly done or omitted, by the Hospital, its agents, or employees, in relation to the treatment or medical care rendered at the Hospital.
7. Company agrees to develop, maintain and operate, in all aspects, an outpatient hemodialysis facility, providing all physical facilities, equipment, and personnel necessary to treat patients suffering from chronic renal diseases. Company shall conform to standards not less than those required by the applicable laws and regulations of any local, state or federal regulatory body, as the same may be amended from time to time. In the absence of applicable laws and regulations, the Company shall conform to applicable standards of professional practice. Company shall treat such commitment as its primary responsibility and shall devote such time and effort as may be necessary to attain these objectives. Admission to Company and the continued treatment by Company shall be provided regardless of the patient's race, color, creed, sex, age, disability, or national origin.
8. The cost of such facilities, equipment, and personnel, shall be borne by Company. The location of such facilities shall be selected by Company, but shall be sufficiently close to the proximity to the Hospital to facilitate the transfer of patients, and communication between the facilities.

9. Company shall engage a medical director of Company's outpatient hemodialysis facility who shall have the qualifications specified in 42 C.F.R. Part 494.140(a). This individual must be a physician properly licensed in the profession by the state in which such facility is located. In accordance with 42 C.F.R. Part 494.140(b)-(f), Company shall employ such duly qualified and licensed nurses, technicians, and other personnel as shall be necessary to administer treatment at its facility, in accordance with applicable local, state, and federal laws and regulations.
10. The Hospital, acting through its appropriate medical staff members, shall, from time to time, evaluate its patients with chronic renal failure in accordance with its standard operating procedures. With the approval of the patient, the patient's physician shall consult with the Company Medical Director. If outpatient treatment is considered appropriate by the patient's physician and the Company Medical Director, said patient may be referred to Company for outpatient treatment at a facility operated by Company which is most convenient for the patient (or, in the event space is not available, to an affiliated unit). There will be an interchange, within one working day, of the Patient Long-Term Care Program and Patient Care Plan Team, and of medical and other information necessary or useful in the care and treatment of patients referred to Company from the Hospital, or in determining whether such patients can be adequately cared for otherwise than in either of the facilities.
11. With respect to all work, duties, and obligations hereunder, it is mutually understood and agreed that the parties shall own and operate their individual facilities wholly independent of each other. All patients treated at the facilities of Hospital or Company shall be patients of that facility. Each party shall have the sole responsibility for the treatment and medical care administered to patients in their respective facilities.
12. Company and Hospital shall each maintain in full force and effect throughout the term of this Agreement, at its own expense, a policy of comprehensive general liability insurance and professional liability insurance covering it and Company's Staff and Hospital staff and physicians, respectively, each having a combined single limit of not less than \$1,000,000 per occurrence, \$3,000,000 annual aggregate for bodily injury and property damage to insure against any loss, damage or claim arising out of the performance of each party's respective obligations under this Agreement. Each will provide the other with certificates evidencing said insurance, if and as requested. Company and Hospital further agree to maintain, for a period of not less than three (3) years following the termination of this Agreement, any insurance required hereunder if underwritten on a claims-made basis. Either party may provide for the insurance coverage set forth in this Section through self-insurance.
13. Each party agrees to indemnify and hold harmless the other, their officers, directors, shareholders, agents and employees against all liability, claims, damages, suits, demands, expenses and costs (including but not limited to, court costs and reasonable attorneys' fees) of every kind arising out of or in consequence of the party's breach of this Agreement, and of the negligent errors and omissions or willful misconduct of the

indemnifying party, its agents, servants, employees and independent contractors (excluding the other party) in the performance of or conduct related to this Agreement.

14. The Parties expressly agree to comply with all applicable patient information privacy and security regulations set for in the Health Insurance Portability and Accountability Act ("HIPAA") final regulations for Privacy of Individually Identifiable Health Information by the federal due date for compliance, as amended from time to time.
15. Whenever under the terms of this Agreement, written notice is required or permitted to be given by one party to the other, such notice shall be deemed to have been sufficiently given if delivered in hand or by registered or certified mail, return receipt requested, postage prepaid, to such party at the following address:
