Yes  No If Yes, explain:

**Purpose:** The Pharmacy Quality Assurance Commission (commission) adopted new sections in chapter 246-945 WAC for the implementation of Substitute Senate Bill (SSB) 6526 (Chapter 264, Laws of 2020), an act relating to the reuse and donation of unexpired prescription drugs passed by the 2020 Washington state legislature. SSB 6526 permits the Department of Corrections (DOC) pharmacy to accept returns of prescription drugs in unit dose packages. The law also allows the commission to adopt rules to allow the safe donation of prescription drugs under chapter 69.70 RCW including, but not limited to, allowing pharmacy to pharmacy donation of unexpired prescription drug stock.

WAC 246-945-486 specifically allows the DOC pharmacy to accept for return and reuse noncontrolled unexpired legend drugs in unit dose packages, or full or partial multiple dose medication cards from the facilities it serves. The DOC pharmacy must ensure product integrity by adhering to RCW 69.70.050(1), (2), and (5).

WAC 246-945-488 adopts the required conditions for donated prescription drugs outlined in chapter 69.70 RCW, but also adds a requirement that participating pharmacies must submit an additional form to the commission as notification of participation in the program. They must also notify the commission when terminating participation in the program. The rule also directs participating pharmacies to develop policies and procedures that facilitate compliance with the statutory requirements. The policies and procedures must also include an additional requirement to notify the prescriber when donated medications are dispensed to a patient.

In addition, WAC 246-945-488 contains measures to ensure patient safety and product integrity such as separating the donated drugs from the rest of the pharmacy's drug stock and maintaining a separate inventory. Finally, the rule also adds the clarification that practitioners, pharmacists, medical facilities, manufacturers, wholesalers, or persons to whom a prescription drug was prescribed are not required to obtain a wholesaler license when donating drugs to a pharmacy.

**Statutory authority for adoption:** RCW 18.64.005; SSB 6526 (chapter 264, Laws of 2020) codified as RCW 18.64.610 and RCW 69.70.110

**PERMANENT RULE (Including Expedited Rule Making)**

Adopted under notice filed as WSR 23-03-109 on 1/18/2023 (date).

Describe any changes other than editing from proposed to adopted version: None. The rules were originally proposed under notice filed as WSR 22-20-100 on October 4, 2022. Following the public rules hearing held on November 17, 2022 the commission determined that the proposed rule language required an amendment to WAC 246-945-488(2)(h)(i) to remove a prescriber notification requirement that was deemed unnecessary in order to provide donated prescription drugs to patients with a valid, standing prescription. The commission re-proposed the rules under notice filed as WSR 23-03-109 on January 18, 2023 and there were no changes made between this supplemental proposed rule and the final rule.
