Agency: Department of Health- Dental Quality Assurance Commission

Subject of possible rule making: Dental provider health equity continuing education requirements. The Dental Quality Assurance Commission (commission) is considering amending WAC 246-817-440 (Dental continuing education requirements) and WAC 246-817-445 (Dental anesthesia assistant continuing education requirements) to adopt the health equity continuing education (CE) model rules, WAC 246-12-800 through 246-12-830, to comply with RCW 43.70.613. The commission will also consider whether additional CE hours and course topics should be included.

Statutes authorizing the agency to adopt rules on this subject: RCW 18.32.022, RCW 43.70.040, Engrossed Substitute Senate Bill 5229 (Chapter 276, Laws of 2021) codified as RCW 43.70.613, and RCW 18.130.040.

Reasons why rules on this subject may be needed and what they might accomplish: By January 1, 2024, RCW 43.70.613(1) requires each health profession credentialed under RCW 18.130.040 with a CE requirement to adopt rules requiring completion of health equity CE training at least once every four years.

RCW 43.70.613(3)(b) also directed the department to create model rules establishing minimum standards for health equity CE programs. The department adopted health equity CE models rules on November 23, 2022, under WSR 22-23-167 establishing minimum standards. Any rules developed by the department must meet or exceed the minimum standards found in WAC 246-12-800 through 246-12-830.

The goal of health equity CE training is to ensure that health care professionals complete health equity training and that the content of the health equity trainings include instruction on skills to address structural factors, such as bias, racism, and poverty, which manifest as health inequities. The objective of requiring health equity training is to enable health care professionals to care effectively for patients from diverse cultures, groups, and communities, varying race, ethnicity, gender identity, sexuality, religion, age, ability, socioeconomic status, and other categories of identity.
