Emergency Rules

- Immediately upon filing.
- Later (specify)

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes No If Yes, explain:

Purpose: Amending the definition of mental health professional and creating certified agency affiliated counselor and licensed agency affiliated counselor credentials.

Amending WACs 246-341-0200 and 246-341-0515 in Chapter 246-341 WAC, Behavioral Health Agency Licensing and Certification Requirements, and WACs 246-810-010, 246-810-015, and 246-810-990 in Chapter 246-810 WAC, Counselors.

Second Substitute House Bill (2SHB) 1724 (Chapter 425, Laws of 2023) made several immediate changes to rules impacting behavioral health agencies, including amending the definition of “mental health professional” (MHP) and creating two new agency affiliated counselor (AAC) credentials. Because 2SHB 1724’s amendments to the MHP definition and AAC credentials went into effect immediately and are designated as necessary for the immediate preservation of the public health, safety, or general welfare, the Department of Health (department) is implementing these changes by emergency rule.

Amendments to Chapter 246-341 WAC address language that conflicts with 2SHB 1724, deleting an outdated definition of MHP requirements and updating an incorrect cross-reference.

Amendments to Chapter 246-810 WAC expand existing language to establish two new credentials, the certified agency affiliated counselor (C-AAC) and the licensed agency affiliated counselor (L-AAC). The amendments align rule language with statute and revising the registered AAC fees to apply to all AAC types.

The emergency rules will be continued while permanent rulemaking is in progress to implement 2SHB 1724.

Citation of rules affected by this order:

- New: None
- Repealed: None
- Amended: WACs 246-341-0200, 246-341-0515, 246-810-010, 246-810-015, 246-810-990
- Suspended: None

Statutory authority for adoption: RCW 18.19.050, RCW 71.24.037

Other authority: 2SHB 1724

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The legislature established in 2SHB 1724, Section 33 that many sections of the bill are “necessary for the immediate preservation of the public peace, health, or support of the state government and its existing public institutions, and take effect immediately.” Sections 13 through 20, which create the new AAC credentials and amend the definition of MHP, are among the sections that are effective immediately.

Under 2SHB 1724, RCW 71.05.020 is amended to define an MHP as an individual practicing within their credential’s scope of practice. Qualifying credentials include the certified and licensed AAC credential, but not the current AAC registration. Prior to the passage of 2SHB 1724, many MHPs performed assessments and made diagnoses with only a registration. After 2SHB 1724 is effective, however, they must obtain an AAC certification, AAC license, or other qualifying credential in order to continue providing these services. Establishing the new AAC credentials immediately by emergency rule allows MHPs to transition into the new credentials and continue providing essential behavioral health services.

If the department waited to make these amendments through standard rulemaking, MHPs with an AAC registration would be both unable to continue assessing and diagnosing due to the changed MHP definition and unable to obtain a higher AAC credential that would allow them to continue that work. These emergency rules will implement both changes immediately, allowing MHPs who are AACs to continue serving Washington residents with behavioral health needs.
