

**Unexpired Prescription Drugs Donation Program** – The unexpired prescription drug donation program is optional. WAC 246-945-488 adopts the required conditions for donated prescription drugs outlined in [chapter 69.70 RCW](#), but also adds a requirement that participating pharmacies must submit an additional form to the commission as notification of participation in the program. The commission will post a list of the facilities participating in the drug donation program under chapter 69.70 RCW. When donating medications under the unexpired prescription drug donation program, the participating pharmacy must complete a drug donation form which must accompany the donated medications. For more information, please visit our website: [Unexpired Prescription Drugs Donation Program](#).
