Introduction

With this application, Iron Bridge Healthcare Inc., d/b/a Columbia River Home Health is seeking a service area expansion in Walla Walla County. Columbia River Home Health is Medicare and Medicaid certified and has been serving Benton County for many years. Walla Walla County will join our established presence in Washington State with affiliate Home Health and Hospice agencies in several counties, including King, Pierce, Snohomish, San Juan, Aston, Garfield, Thurston, Grays Harbor, Mason and Franklin counties.

Columbia River Home Health will operate under the philosophy and model of all affiliates of its ultimate parent company, the Pennant Group (“Pennant”), and Pennant’s Home Health and Home Health company, Cornerstone Healthcare, Inc.¹ Specifically, that to provide the best outcomes to our patients’ health care must be a community-driven service—we must be able to adapt to the specific needs of the communities in which we operate, while simultaneously providing world-class care. This application sets forth in detail how Columbia River Home Health’s unique operating structure sets it apart as the applicant best situated to meet the home health care needs of the residents of Walla Walla County. Three facets of our structure are worth noting at the outset.

First, Pennant’s organizational structure is a “flat leadership” structure. Pennant does not operate as a heavy-handed, top-down corporate structure wherein programs are mandated regardless of whether they’re applicable or needed in each community. Local leaders of Pennant-affiliated agencies such as Columbia River Home Health are empowered to run their agency to meet the specific needs of their respective communities; in fact, not only are they empowered to do so, understanding, and meeting the specific needs of their community is an expectation.

Second, all Pennant affiliates, such as Columbia River Home Health, enjoy the support of a world class service center that includes experts in the field of home health. The Pennant Service Center will contract with Columbia River Home Health, to provide it with exceptional services such as quality monitoring and improvement, revenue cycle management and protection, legal services, accounting services, HR support, accounts payable, information technology support, EMR software support, business intelligence and operational data monitoring, clinical resource support including education and quality assessment, HIPAA compliance monitoring, clinical and billing compliance support and monitoring, Medicare, Medicaid and state licensing, regional operations resources, and more. This Service Center is comprised of individuals who have designated themselves as “Resources,” as opposed to “Corporate Headquarters.” What this means is agencies such as Columbia River Home Health have a team of home health experts who view themselves as partners and peers, dedicating their professional lives to the agency’s success.

Lastly, as a long-standing home health provider within the State of Washington, Pennant owned home health and hospice’s have become trusted community partners that provide diverse and unique care for thousands of patients that has resulted in clinical outcomes that rank among the best in the country. Our locally led care teams understand the home health needs of Walla Walla County, and they will make uncompromising strides to provide

¹ As referenced below, Cornerstone Healthcare, Inc. is a subsidiary of the Pennant Group, Inc., and wholly owns Iron Bridge Healthcare Inc.

comprehensive patient care and exceptional clinical quality outcomes for the patients in Walla Walla County. The Washington state average for home health skilled care is 3.5 stars. Our agencies have averaged 4.0 stars or above for clinical outcomes and patient survey results during the last several years, we are proud to know that our patients receive some of the best hands-on care in the state.²

With the addition of providing home health care in Walla Walla County, Iron Bridge will be able to provide more care along the spectrum of post-acute care as we build relationships with community partners in hospitals, physician networks, skilled nursing facilities, assisted living facilities, or home settings. This will allow us to provide patients with the right care, in the right place, at the right time. Iron Bridge's proposal set out in this application will demonstrate that Columbia River Home Health is uniquely situated to provide exceptional home health care in Walla Walla County.

These facets, along with others set out in this application, position Columbia River Home Health to provide a level of care that its competitors in Walla Walla County simply can't match; the exact type of community-based care that Washington's Certificate of Need program is designed to produce. As you will see in this application, the basis for our proposal as we have set out illustrates why Columbia River Home Health is the best choice to meet the home health care needs of the residents of Walla Walla County.

Project Description

1. Provide the name and address of the existing agency, if applicable.

Columbia River Home Health
7105 W. Hood Place, Suite B-201, Kennewick, WA 99336-6714

2. If an existing Medicare and Medicaid certified Home Health agency, explain how this proposed project will be operated in conjunction with the existing agency.

This application is proposing to expand an existing home health agency, namely Columbia River Home Health, which is currently serving patients in Benton County as a Medicare and Medicaid certified Home Health. If awarded the Walla Walla certificate of need, we will expand our services into Walla Walla County. This means that if this project is approved, Columbia River Home Health will be able to easily integrate serving patients in Walla Walla County into its existing operations. Numerous Pennant home health and hospice agencies have expanded their respective service areas successfully due to the experience and support of peer-agencies and Resources. Because of this, Pennant is confident Columbia River Home Health will be able to successfully expand its service area into Walla Walla County.

3. Provide the name and address of the proposed agency. If an address is not yet assigned, provide the county parcel number and the approximate timeline for assignment of the address.

This is not a proposed agency.

4. Provide a detailed description of the proposed project.

Columbia River Home Health is a state licensed and Medicare/Medicaid home health agency seeking to expand its services into Walla Walla County. If awarded the certificate of need, we look forward to supporting the residents of Walla Walla County and their long-term healthcare needs. Regardless of whether our patients' medical needs are complex or simple, our experienced, skilled professionals create a carefully crafted treatment plan with a focus on achieving the very best patient outcomes. We will work with community providers in Walla Walla County to ensure the care each home health patient needs is brought to them, wherever they reside. The delivery of care will be provided by an interdisciplinary team of experienced and specially trained home health professionals.

Columbia River Home Health's interdisciplinary staff will work in coordination with the patient, his or her family, and the patient's attending physician to establish personalized home health care goals. We will provide each patient with all necessary home health services and supplies, including skilled nursing care, physical therapy, home health aide services, speech therapy, occupational therapy, respiratory therapy and nutritional services.

As with all Pennant-affiliated home health agencies, Columbia River Home Health approaches home health care with the foundational belief that to produce the best patient outcomes, health care must be tailored to the unique needs of the residents of the

community in which we provide care. All Pennant-affiliated agencies accomplish this by adopting a model where local leaders are provided the opportunity and challenge to operate a community-centered agency. Pennant does not dictate mandatory practices that may or may not address specific community needs from a corporate headquarters. This project will operate no differently, and because of this, we are uniquely situated to be able to provide the residents of Walla Walla County with the best possible home health care.

5. Confirm that this agency will be available and accessible to the entire geography of the county proposed to be served.

Columbia River Home Health will be available and accessible to the entire geography of Walla Walla County. Columbia River Home Health has served the entire geography of Benton County for many years, and we intend to continue this level of coverage with the addition of Walla Walla County.

6. With the understanding that the review of a Certificate of Need application typically takes at least six to nine months, provide an estimated timeline for project implementation, below:

Event	Anticipated Month/Year
CN Approval	April 2024
Design Complete (if applicable)	N/A
Construction Commenced* (if applicable)	N/A
Construction Completed* (if applicable)	N/A
Agency Prepared for Survey	N/A
Agency Providing Medicare and Medicaid home health services in the proposed county.	July 2024

The period between the department's decision and commencing and completing the project is a conservative timeline that includes hiring, onboarding, and training staff, as well as nurturing and establishing relationships in the Walla Walla community prior to serving our first patients.

If no construction is required, commencement of the project is project completion, commencement of the project is defined in [WAC 246-310-010](#)(13) and project completion is defined in [WAC 246-310-010](#)(47).

7. Identify the Home Health services to be provided by this agency by checking all applicable boxes below. For Home Health agencies, at least two of the services identified below must be provided.

<input checked="" type="checkbox"/> Skilled Nursing	<input checked="" type="checkbox"/> Occupational Therapy
<input checked="" type="checkbox"/> Home Health Aide	<input checked="" type="checkbox"/> Nutritional Counseling

8. If this application proposes expanding the service area of an existing Home Health agency, clarify if the proposed services identified above are consistent with the existing services provided by the agency in other planning areas.

11. Provide a copy of the applicable letter of intent that was submitted according to [WAC 246-310-080](#).

Certificate of Need Review Criteria

A. Need (WAC 246-310-210)

[WAC 246-310-210](#) provides general criteria for an applicant to demonstrate need for healthcare facilities or services in the planning area. Documentation provided in this section must demonstrate that the proposed agency will be needed, available, and accessible to the community it proposes to serve. Some of the questions below only apply to existing agencies proposing to expand. For any questions that are not applicable to your project, explain why.

1. List all Home Health providers currently operating in the planning area.

The following list of all home health providers was given by the Department of Health public records department. We listed the home health agencies that are state licensed and active, and we noted those that: 1. are Medicare and Medicaid certified, 2. completed the most recent annual utilization survey, 3. appear to have the appropriate FTE's to cover the county, and 4. show the appropriate service area and required services offered on the website. These are the agencies that appear to qualify to be counted, according to our understanding of the qualifications. We found that there is **one** agency that is state licensed, and Medicare/Medicaid certified, and it appear to have an appropriate number of FTE's to cover the county. This agency completed the 2022 survey, and their website confirms the service area and home health services. We concluded that this agency should be counted against the need in Walla Walla County. The agency is highlighted in green in the chart below.

2. Complete the numeric methodology.

The Walla Walla County numeric need methodology, including the age cohort chart, is below. Considering the **one** home health agency that we concluded should be counted, the methodology shows a need of **one** new home health agency in Walla Walla County. The final chart includes 2026 and 2027 estimates, using the formula: $2025 + (2025 - 2024) = 2026$.

Step one: Project the population of the planning area, broken down by age

COUNTY cohort

WALLA WALLA	AGE COHORT	2023 POP	2024 POP	2025 POP
	0-64	51,121	51,168	51,215
	65-79	8,744	8,941	9,138
	80+	3,171	3,256	3,341

Step two: Project the number of home health patients: This is done by multiplying each projected population age cohort by its corresponding use rate identified in the SHP.

AGE COHORT	USE RATE	2023 # HH PT.	2024 # HH PT.	2025 # HH PT.
0-64	0.005	255.61	255.84	256.08
65-79	0.044	384.74	393.40	402.07
80+	0.183	580.22	595.81	611.40

Step three: Project number of patient visits: This is done by multiplying each age cohorts' projected number of home health patients (calculated in the previous step) by its corresponding number of visits identified in the SHP.

AGE COHORT	USE RATE	VISITS	2023 # HH VISITS	2024 # HH VISITS	2025 # HH VISITS
0-64	0.005	10	2556.07	2558.41	2560.75
65-79	0.044	14	5386.30	5507.66	5629.01
80+	0.183	21	12184.62	12512.04	12839.46

Step four: Determine the projected home health agencies needed: This is done by dividing the total projected number of visits by **10,000, which is the amount the SHP considers the “target minimum operating volume for a home health agency.”** The resulting number represents the maximum projected number of agencies needed in a planning area. The SHP specifies that fractions are rounded down to the nearest whole number.

AGE COHORT	USE RATE	VISITS	2023	2024	2025
0-64	0.005	10	2556.07	2558.41	2560.75
65-79	0.044	14	5386.30	5507.66	5629.01
80+	0.183	21	12184.62	12512.04	12839.46
TOTALS			20126.99	20578.11	21029.22
Target Minimum Operating Volume			10000.00	10000.00	10000.00
Number of Agencies			2.01	2.06	2.10
Number of Agencies Needed (round down)			2	2	2

Step five: Subtract the existing number of home health agencies in a planning area: The fifth and final step in the numeric methodology is to subtract the existing number of home health agencies providing services to a planning area from the projected number of agencies needed. This results in the net number of agencies needed for the planning area. Following is a brief description of how the department determines what agencies should be included or excluded from the numeric need methodology's supply. It is important to note is that the department adheres to the definition in the 1987 Washington State Health Plan (SHP) for a home health agency which states, "Home health agency means an entity coordinating or providing the organized delivery of home health services. Home health services means the provision of nursing services along with at least one other therapeutic service or with a supervised home health aide service to ill or disabled persons in their residences on a part-time or intermittent basis, as approved by a physician." [source: SHP, pB-34]

Number of Agencies Needed (round down)			2	2	2	2	2
Number of Existing Medicare & Medicaid Agencies			1	1	1	1	1
Net Agencies Needed			1	1	1	1	1

Below is the table we used to calculate the unmet visits and the number of visits available to our one new agency, using the formula *Total annual visits / number of agencies needed * net agencies needed*. The updated financials at **Exhibit 10** use this formula.

3. If applicable, provide a discussion identifying which agencies identified in response to Question 1 should be excluded from the numeric need methodology and why. Examples for exclusion could include but are not limited to: not serving the entire geography of the planning area, being exclusively dedicated to DME, infusion, or respiratory care, or only serving limited groups.

Please see our response to question 1 above. We noted all the agencies that should be included in the numeric need, as well as those that should be excluded.

4. Explain why this application is not considered an unnecessary duplication of services for the proposed planning area. Provide any documentation to support the response.

The Department's need methodology shows a need for **one** new Medicare and Medicaid certified agencies in Walla Walla County. While there is one existing Medicare and Medicaid agency in the county, the agency is not able to meet all the need. For example, the *Trella*

Health report at **Exhibit 11** shows that the CMS 48-hour requirement for initiating home health care is being met only 39% of the time.³ Stated another way, at admission, approximately 61% of the time, the existing agency in Walla Walla County fails to provide necessary home health care for multiple days.⁴ This trend is especially troubling given that many of these patients are returning home directly after being discharged from acute settings like emergency rooms and skilled nursing facilities where transitioning smoothly between care settings is crucial to producing positive care outcomes for the patient. Delays in providing skilled home health care after discharge from acute care settings threaten the health of these already vulnerable patients.

The addition of Columbia River Home Health will not result in a duplication of services, rather, it will strengthen Walla Walla County with more home health capacity that will allow patients to better access timely home health care, which in turn will translate to better care transitions and a better experience for the home health patients of Walla Walla County.

Below are the strategies Columbia River Home Health will use to ensure it is progressively reaching more of the patient population outside the 39% with timely admissions, while not duplicating services:

- With the use of advanced technologies and continuous improvement methods that have been developed at Columbia River and our other Washington State home health agencies, Columbia River Home Health's intake team has streamlined their processes and consistently admit patients within 48 hours. While we anticipate this consistency to be lower at first in Walla Walla County, as we learn the referral patterns and behaviors, we expect to increase the consistency over time.
- We work with our referral sources to streamline the entire referral process, and our community liaisons' (aka 'marketers') are trained to help move referrals to the intake team within the 48 hour timeline.
- We calculated a need for one new agency in Walla Walla County. Our projections for one new agency only include us serving the number of visits available for one agency, based on the 10,000 target minimum visits per agency, which leaves the other visits available for the existing agency. This will prevent duplication of service.

Finally, Columbia River Home Health notes that it's star rating in Benton County is 4.5 stars.⁵ This same level of quality care will be delivered to the patients in Walla Walla County.

5. For existing agencies, using the table below, provide the Home Health agency's historical utilization broken down by county for the last three full calendar years.

³ Please see Exhibit 11, which shows the home health start of care percentage is 39% in Walla Walla County, for all home health providers. See also <https://app.trellahealth.com/hha/dashboard/rep/homehealth>.

⁴ The Trella Health report data is the average for all home health agencies in the county, not per agency. The Facility names are the referral sources, not the individual home health agencies that the referrals go to. The report runs when a home health provider in the county is selected.

⁵ Please see Exhibit 11. See also <https://app.trellahealth.com/hha/explore/homehealth>.

6. Provide the projected utilization for the proposed agency for the first three full years of operation. For existing agencies, also provide the intervening years between historical and projected. Include all assumptions used to make these projections.

To arrive at these projections, we first divided the total number of patient visits per year by the 10,000 visit target minimum operating volume for a home health agency. We then rounded the number of agencies down and divided the total number of patient visits by the rounded down number to arrive at the number of visits to apply to each of the net agencies needed.

Example 2024: $20578.11 / 2 = 10289.1$ visits per one agency.

Please see our projected utilization for Columbia River Home Health + Walla Walla County in the table below. The total number of visits per year are conservative percentages of the visits per agency found in the example above, plus the existing agency. The percentages are shown in the table.

7. Identify any factors in the planning area that could restrict patient access to home health services.

Below are some of the home health factors that can restrict patient access to care, according to the Walla Walla Community Health Assessment⁶:

- Transportation: Lack of transportation can make it difficult for patients to get to and from medical appointments. This is especially a problem for people who live in rural areas or who do not have access to reliable public transportation. 20% of Walla Walla County residents do not have access to a vehicle.
- Financial resources: The cost of home health care can be a barrier for many patients. This is especially true for people who do not have health insurance or who have limited financial resources. 14% of Walla Walla County residents are uninsured.
- Language barriers: Language barriers can make it difficult for patients to communicate with their healthcare providers. This can lead to misunderstandings and can make it difficult for patients to get the care they need. 17% of Walla Walla County residents speak a language other than English at home.
- Cultural barriers: Cultural barriers can also make it difficult for patients to access home health care. This is especially true for people who come from different cultures or who have different beliefs about healthcare. Walla Walla County is home to a diverse population, including many people from Hispanic, Asian, and Native American backgrounds.
- Lack of caregiver support: Many people who need home health care also need help from family members or friends. However, not everyone has access to this type of support. This can make it difficult for people to get the care they need. 20% of Walla Walla County residents are age 65 or older.

These are just some of the home health factors that can restrict patient access to care. Columbia River Home Health is successful at minimizing these barriers in Benton County, and they will do the same in Walla Walla County.

8. Explain why this application is not considered an unnecessary duplication of services for the proposed planning area. Provide any documentation to support the response.

Please see our response to question 4. above, which appears to be a duplicate question.

9. Confirm the proposed agency will be available and accessible to the entire planning area.

Columbia River Home Health will be available and accessible to the entire planning area.

⁶ https://www.co.walla-walla.wa.us/bmrchp/chna_and_chip.php

10. Identify how this project will be available and accessible to underserved groups.

Walla Walla County will be served in its entirety by Columbia River Home Health. Columbia River Home Health's clinical staff will be available 24 hours a day, seven days a week to meet all patient and family needs. We plan to provide the full range of services for all residents of Walla Walla County, including the underserved groups, which are described below.

Below are some of the home health underserved groups in Walla Walla County⁷:

- People of color: People of color are more likely to be uninsured or underinsured, which can make it difficult for them to access home health care. Additionally, people of color may face language barriers or cultural barriers that make it difficult for them to access care. 23% of Walla Walla County residents are people of color, and they are more likely to be uninsured or underinsured than white residents.
- Low-income individuals: Low-income individuals are also more likely to be uninsured or underinsured, which can make it difficult for them to access home health care. Additionally, low-income individuals may not have access to transportation or caregiver support, which can also make it difficult for them to access care. 14% of Walla Walla County residents live below the poverty line, and they are more likely to be uninsured or underinsured than higher-income residents.
- Rural residents: Rural residents may face challenges accessing home health care due to distance and lack of transportation options. Additionally, rural residents may have limited access to healthcare providers, which can make it difficult for them to find the care they need. 40% of Walla Walla County residents live in rural areas, and they are more likely to be uninsured or underinsured than urban residents.
- People with disabilities: People with disabilities may face challenges accessing home health care due to physical limitations or transportation barriers. Additionally, people with disabilities may have difficulty communicating with healthcare providers, which can make it difficult for them to get the care they need. 15% of Walla Walla County residents have a disability, and they are more likely to be uninsured or underinsured than people without disabilities.
- Older adults: Older adults are more likely to need home health care, but they may also face challenges accessing care due to financial barriers, transportation barriers, or caregiver support. Additionally, older adults may have difficulty communicating with healthcare providers, which can make it difficult for them to get the care they need. 20% of Walla Walla County residents are age 65 or older, and they are more likely to need home health care than younger residents.

The data is clear that disparities in health stem from the lack of access to timely healthcare for people in certain demographics, and community members in Walla Walla County identified timely access to health care as a health priority. We believe we can help fix this problem. As mentioned above, we have a robust non-discrimination policy where

⁷ https://www.co.walla-walla.wa.us/bmrchp/chna_and_chip.php

demographic characteristics like race and income are not considered when making the decision to admit a patient. Columbia River Home Health will provide increased access to home health care to this underserved population as its non-discrimination policies do not consider these demographic statuses.

To meet the home health needs of indigent patients and underserved communities, Pennant home health agencies partner with community organizations, such as religious organizations, LGBTQ groups and homeless shelters. These organizations help identify eligible patients and promote our services. We will do the same in Walla Walla County. Some of the principles we practice include:

- Being culturally sensitive. When working with indigent patients and underserved communities, it is important to be sensitive to their cultural beliefs and practices. We are respectful of their language, customs, and traditions.
- Building trust. It is important to build trust with indigent patients and underserved communities. We do this by being reliable, honest, and transparent.
- Being flexible. We stay flexible to meet the needs of indigent patients and underserved communities.
- Being patient. It takes time to build relationships with indigent patients and underserved communities. We are patient and persistent in our efforts to reach these populations.

11. Provide a copy of the following policies:

- Admissions policy
- Charity care or financial assistance policy
- Patient Rights and Responsibilities policy
- Non-discrimination policy
- Any other policies directly related with patient access (involuntary discharge)

All the above policies are shown at **Exhibit 6**. All these policies are in use at Columbia River Home Health, and similar versions are in use at all Pennant home health agencies.

Note: The *Program Director* role found in our policies is a designee position which, in this case, the Director of Clinical Services fulfills. The title of *Program Director* is a standard term used by accrediting bodies and policy and procedure manual writers and publishers, such as Corridor.

B. Financial Feasibility ([WAC 246-310-220](#))

Financial feasibility of a Home Health project is based on the criteria in [WAC 246-310-220](#).

1. Provide documentation that demonstrates the immediate and long-range capital and operating costs of the project can be met. This should include but is not limited to:

- Utilization projections. These should be consistent with the projections provided under the Need section. **Include all assumptions.**
- Pro Forma revenue and expense projections for at least the first three full calendar years of operation using at a minimum the following Revenue and Expense categories identified at the end of this question. **Include all assumptions.**
- Pro Forma balance sheet for the current year and at least the first three full calendar years of operation. **Include all assumptions.**
- For existing agencies proposing addition of another county, provide historical revenue and expense statements, including the current year.

	Depreciation and Amortization
Non-operating revenue	Dues and Subscriptions
	Education and Training
	Employee Benefits
	Equipment Rental
	Information Technology/Computers
Deductions from Revenue:	Insurance
(Charity)	Interest
(Provision for Bad Debt)	Legal and Professional
(Contractual Allowances)	Licenses and Fees
	Medical Supplies
	Payroll Taxes
	Postage
	Purchased Services (utilities, other)
	Rental/Lease
	Repairs and Maintenance
	Salaries and Wages (DNS, RN, OT, clerical, etc.)
	Supplies
	Telephone/Pagers
	Travel (patient care, other)
	Other, detail what is included

All the above documents and items are shown at **Exhibit 10**. We are applying for home health certificates of need in multiple counties, the submitted financials include the income

statement and balance sheet for Cornerstone + all the counties. The Cornerstone + all other counties financials will vary slightly in each county's applications due to lease terms that have not been finalized for applications that are being submitted later. As an example, the Kitsap County application will be submitted first, and the Cornerstone + all other counties financials lease amount will not be exact, because we are waiting for two of the other counties lease terms to be finalized. We do not anticipate a significant difference between the estimates and the actual lease rates.

2. Provide the following agreements/contracts:

- ☐ Management agreement.
- ☐ Operating agreement
- ☐ Medical director agreement
- ☐ Joint Venture agreement

Note, all agreements above must be valid through at least the first three full years following completion or have a clause with automatic renewals.

Any agreements in draft form must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

The above applicable agreements/contracts are shown at **Exhibit 8** (operating agreements). There is no medical director, joint venture or management agreement. The operating agreements apply at the legal entity level, which means they apply to all home health agencies under the legal entity Iron Bridge Healthcare, Inc.

3. Provide documentation of site control. This could include either a deed to the site or a lease agreement for the site.

If this is an existing Home Health agency and the proposed services would be provided from an existing main or branch office, provide a copy of the deed or lease agreement for the site. If a lease agreement is provided, the agreement must extend through at least the third full year following the completion of the project. Provide any amendments, addenda, or substitute agreements to be created as a result of this project to demonstrate site control.

If this is a **new** Home Health agency site, documentation of site control includes one of the following:

- a. An **executed** purchase agreement or deed for the site.
- b. A **draft** purchase agreement for the site. The draft agreement must include a document signed by both entities committing to execute the agreement as submitted following CN approval.
- c. An **executed** lease agreement for at least three years with options to renew for not less than a total of two years.
- d. A draft lease agreement. For Certificate of Need purposes, draft agreements are acceptable if the draft identifies all entities entering into

the agreement, outlines all roles and responsibilities of the entities, identifies all costs associated with the agreement, includes all exhibits referenced in the agreement. The draft agreement must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

The lease agreement is shown at **Exhibits 3 and 4.**

4. Complete the table below with the estimated capital expenditure associated with this project. Capital expenditure is defined under [WAC 246-310-010\(10\)](#). If you have other line items not listed below, include the definition of the line item. Include all assumptions used to create the capital expenditure estimate.

a. Land purchase	\$ NA
b. Utilities to lot line	\$ NA
c. Land Improvements	\$ NA
d. Building Purchase	\$ NA
e. Residual Value of Replaced Facility	\$ NA
f. Building Construction	\$ NA
g. Fixed Equipment (not already included in the construction contract)	\$ NA
h. Movable Equipment	\$ NA
i. Architect and Engineering Fees	\$ NA
j. Consulting Fees	\$ NA
k. Site Preparation	\$ NA
l. Supervision and Inspection of Site	\$ NA
m. Any Costs Associated with Securing the Sources of Financing (include interim interest during construction)	\$ NA
1. Land	\$ NA
2. Building	\$ NA
3. Equipment	\$ 5,000
4. Other	\$ NA
n. Washington Sales Tax	\$ NA
Total Estimated Capital Expenditure	\$ 5,000

5. Identify the entity responsible for the estimated capital costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for each.

The Pennant Group Inc. is responsible for the capital expenditure for this project.

6. Identify the amount of start-up costs expected to be needed for this project. Include any assumptions that went into determining the start-up costs. Start-up costs should include any non-capital expenditure expenses incurred prior to the facility opening or initiating the proposed service. If no start-up costs are expected, explain why.

We expect the following start-up costs to total \$15,500.

Recruitment - \$5,000 estimated based on Pennant's experience with starting new operations. Includes external postings on job boards that include; LinkedIn, Indeed, Career Builder, and Glassdoor. We will also identify and attend any applicable and timely job fairs. We will also contact the local colleges and local healthcare professional associations.

Marketing/Advertising - \$4,000 estimated based on Pennant's experience with starting new operations. Advertisements in local media including print, notifying of our grand opening, including holding a meet and greet for local healthcare administrators and other community partners. We will also develop marketing brochures and patient packets.

Travel - \$6,500 estimated based on Pennant's past experience with starting new operations. This accounts for essential Resources traveling to and from the Pennant Service Center to provide necessary support, including HR, IT, and Clinical Resources. This will continue for a period of 60-90 days.

7. Identify the entity responsible for the start-up costs. If more than one entity is responsible, provide a breakdown of percentages and amounts for each.

The Pennant Group Inc. is responsible for the estimated capital costs identified above. Pennant's 10Q is shown at **Exhibit 9**.

8. Explain how the project would or would not impact costs and charges for healthcare services in the planning area.

This project will positively impact the costs and charges of health services in the planning area. Home health care has been shown to be cost-effective and is documented to reduce healthcare costs. This project proposes to address the home health agency shortage in the county and will improve access to care. Over time, this will reduce the cost of healthcare and benefit patients and their families.

9. Explain how the costs of the project, including any construction costs, will not result in an unreasonable impact on the costs and charges for healthcare services in the planning area.

The office equipment and start-up costs of this project are minimal, estimated at \$20,500 (\$5,000 office equipment, \$15,500 start-up). These costs will not have an unreasonable impact on the costs and charges of health services in the planning area. Home health care has been shown to be cost-effective and is documented to reduce healthcare costs. This

project proposes to address the home health agency shortage in the county and will improve access to care. Over time, this will reduce the cost of healthcare and benefit patients and their families.

10. Provide the projected payer mix by revenue and by patients by county as well as for the entire agency using the example table below. Medicare and Medicaid managed care plans should be included within the Medicare and Medicaid lines, respectively. If “other” is a category, define what is included in “other.”

When reviewing demographic data from the Walla Walla Community Health Needs Assessment to inform the projected payer mix, we compare age, sex, ethnicity, and median income demographics to other Washington Counties in which we serve home health patients.⁸ While this data is helpful, it can only lead to assumptions. We estimate conservatively, as the patient percentages and payer rates are not certain. The payer rates are negotiated with the insurance companies, and we will not know the exact rates until they are determined. Please note that the below percentages apply to 2025-2027. The percentages are different for July-December 2024. Please see the Jul-Dec ‘24 percentages at **Exhibit 10**, in the assumptions and calculations section, near the top.

Payer Mix	Percentage of Gross Revenue	Percentage by Patient
Medicare	84%	81%
Medicaid	2%	5%
Commercial	14%	14%
Self-pay	0%	0%
Total	100	100

11. If this project proposes the addition of a county for an existing agency, provide the historical payer mix by revenue and patients for the existing agency. The table format should be consistent with the table shown above.

Payer Mix	Percentage of Gross Revenue	Percentage by Patient
Medicare	85%	82%
Medicaid	3%	5%
Commercial	12%	13%
Self-pay	0%	0%
Total	100	100

⁸ https://www.co.walla-walla.wa.us/bmrchp/chna_and_chip.php

Please see the calculation for the Medicare PDGM revenue found in the updated financials at **Exhibit 10** below:

blended rate * average daily census * number of months * payer mix percentage

12. Provide a listing of equipment proposed for this project. The list should include estimated costs for the equipment. If no equipment is required, explain.

Item	Cost
Phone System	\$2,000
Computer/IT equipment	\$3,000
Total	\$5,000

13. Identify the source(s) of financing (loan, grant, gifts, etc.) and provide supporting documentation from the source. Examples of supporting documentation include: a letter from the applicant's CFO committing to pay for the project or draft terms from a financial institution.

The Pennant Group Inc. is the source of financing. The commitment of funds letter is shown at **Exhibit 12**.

14. If this project will be debt financed through a financial institution, provide a repayment schedule showing interest and principal amount for each year over which the debt will be amortized.

This project will not be debt financed through a financial institution.

15. Provide the most recent audited financial statements for:

- The applicant, and
- Any parent entity responsible for financing the project.

The most recent audited financial statement for Cornerstone Healthcare Inc., is shown at **Exhibit 10**. The 10Q of the applicant, The Pennant Group Inc., is shown at **Exhibit 9**.

C. Structure and Process (Quality) of Care ([WAC 246-310-230](#))

Projects are evaluated based on the criteria in WAC 246-310-230 for staffing availability, relationships with other healthcare entities, relationships with ancillary and support services, and compliance with federal and state requirements. Some of the questions within this section have implications on financial feasibility under WAC 246-310-220.

1. Provide a table that shows FTEs [full time equivalents] by category for the county proposed in this application. All staff categories should be defined.

WALLA WALLA COUNTY

2. If this application proposes the expansion of an existing agency into another county, provide an FTE table for the entire agency, including at least the most recent three full years of operation, the current year, and the first three full years of operation following project completion. There should be no gaps in years. All staff categories should be defined.

3. Provide the assumptions used to project the number and types of FTEs identified for this project.

The assumptions used to project the number and types of FTE's identified for this project are based upon the average numbers and types used across all Pennant-affiliated home health agencies, which include four Washington state home health agencies. The Washington state home health numbers are consistent with these averages.

4. Provide a detailed explanation of why the staffing for the agency is adequate for the number of patients and visits projected.

Columbia River Home Health is confident that our proposed staff to patient ratio is appropriate. First, Pennant-affiliated home health agencies, including our four Washington State home health agencies, have found that operating at these ratios is optimal to produce quality outcomes. Second, our staffing ratios are consistent with industry standards, which tend to be conservative.

5. If you intend to have a medical director, provide the name and professional license number of the current or proposed medical director. If not already disclosed under 210(1) identify if the medical director is an employee or under contract.

We do not intend to have a medical director, instead, we plan on working directly with each patient's attending physician.

6. If the medical director is/will be an employee rather than under contract, provide the medical director's job description.

We do not intend to have a medical director, instead, we plan on working directly with each patient's attending physician.

7. Identify key staff by name and professional license number, if known. If not yet known, provide a timeline for staff recruitment and hiring (nurse manager, clinical director, etc.)

8. For existing agencies, provide names and professional license numbers for current credentialed staff.

9. Describe your methods for staff recruitment and retention. If any barriers to staff recruitment exist in the planning area, provide a detailed description of your plan to staff this project.

In addition to Iron Bridge Healthcare Inc. operating a home health agency in Benton County, its ultimate parent company, Pennant, owns 134 healthcare organizations across 14 states, including a senior living home in Redmond, Washington, and home health agencies that operate in King, Pierce, Snohomish, San Juan, Aston, Garfield, and Franklin counties. Additionally, Pennant owns Washington-based hospice agencies that service Snohomish, Aston, Garfield, Thurston, Grays Harbor, Mason, King and Pierce counties. In the experience of Pennant- owned health care agencies, health care employees are drawn to the Pacific Northwest Region for its outdoor experiences, culture and vitality, making recruiting to locations like Walla Walla County generally easier than other parts of the country. Additionally, if Pennant-owned health care agencies have qualified and experienced staff in good standing that want to move to Walla Walla County, or to transition from long-term care or hospice to home health, we are able and willing to support that relocation or transition.

Both Iron Bridge Healthcare, Inc. and its affiliates also have proven histories of recruiting and retaining quality staff. We offer a competitive wage scale, a generous benefit package, and a professionally rewarding work setting, as well as the potential for financial assistance in furthering training and education.

Pennant has access to utilize a variety of recruitment resources, including the use of social media and internet recruitment platforms such as LinkedIn, Indeed, Monster and Glassdoor, among others, and due to our employees' high job satisfaction we have found great success in recruiting through our staff's network of other skilled healthcare professionals.

The following provides additional details as to Columbia River Home Health's approach to recruiting and retention.

Recruiting

Columbia River Home Health leaders will continually perform the following recruiting activities.

- Identify any opportunity to recruit at local job fairs and State and National associations websites and conferences.
- Maintain a liaison with career/placement staff at regional colleges, universities, and clinical certification organizations to actively recruit its students, including offering clinical shadowing and volunteer opportunities.
- Join applicable healthcare professional associations.
- Utilize national talent search companies.
- Meet community market wages, recruiting and sign on bonuses.
- Provide leadership and advancement opportunities for staff to elevate within Cornerstone.

- Post positions within Pennant's multistate organizations.

Columbia River Home Health's Administrator and DCS will continually identify open positions. They will create open positions based on staffing needs driven by home health IDG caseloads and ADC growth. This will be continuously assessed to ensure staff to patient ratios remain appropriate to maintain consistent delivery of quality patient care and ensure the IDT team/staff are not overburdened.

Once an open position has been identified the agency's leaders will do the following.

- Email HR/Payroll Group with the standard subject line: Recruiting Need Discipline.
The content of this email will set out the following information as to the open position:
- FTE
- Discipline
- Territory
- Rate Sets
- Urgency of fill: Immediate, moderate, low
- Potential Hire date
- Bonus – Sign on – automatic for urgent need, hard to fill.
- Post open position in Workday via human resource information system provided by Pennant Services.
- Post open position on job boards on LinkedIn, Indeed, Career Builder, Glassdoor.
- Share the job posting on agency social media.

Once a candidate has been identified the agency will follow its standard screening process:
Step 1. Conduct phone interview of candidate, screening for relevant experience, positive attitude, and discuss compensation.

Step 2. DCS in-person or video conference interview with clinical candidate; Administrator or DCS in-person or video conference interview with administrative candidate.

Step 3. Ride-along with clinical staff (only clinical candidates with little or no home health experience)

Step 4. Candidates interviewed by 2-4 agency staff.

Once agency leadership decide to extend the candidate an offer the agency will follow its standard process:

- Agency administrator or HR designee will:
- Provide the candidate with an offer letter setting out the duties of the position, rate of compensation, start date, and directions on how to accept the offer.
- Perform a background check compliant with state law, which will include primary source verification of licensure, if applicable.
- Instruct candidate as to how to perform drug screening.
- Perform reference checks for references identified by the candidate.
- Notify the candidate on necessary items to bring on start date for onboarding (e.g., identification documentation for I-9).
- Inform agency leaders and appropriate staff regarding the candidate's

acceptance/rejection of offer, candidate's start date, and any additional pertinent information.

Retention

- With retention even more important than recruitment, all Pennant-affiliates are provided resources and support from the Pennant Services Center to provide rigorous department orientation, clinical and safety training, initial and ongoing competencies assessments, and performance evaluations.
- Staff will be trained in our core values: Celebration, Accountability, Passion for Learning, Love One Another, Customer Second, Ownership. These core values will guide all of our decisions and will form the basis for the expectations of the staff.
- Agency will have weekly rounding/one-on-one sessions during first 90 days with director or designee. Quarterly thereafter.
- Staff will have 90-day and annual reviews, allowing open dialogue about the employee's performance, concerns, and feedback.
- We offer programs for CEU and tuition reimbursement.
- We offer competitive benefits, including health care, dental, vision, paid time off, and more.
- We conduct an anonymous employee satisfaction survey annually to gauge employee satisfaction.

We provide ongoing professional training based on needs identified in our QAPI program, annual compliance and profession-specific training, and regular in-service training.

10. Identify your intended hours of operation and explain how patients will have access to services outside the intended hours of operation.

Columbia River Home Health's office hours of operation will be 8 am to 5 pm, Monday through Friday, however, we will provide home health services 24 hours a day, 7 days a week. Columbia River Home Health's admissions packet will include instructions to the patient and family/caregiver as to how to reach the agency at all hours. During non-business hours, Columbia River Home Health's main phone number will be rolled to an on-call phone. This phone will be assigned to an on-call nurse.

Finally, in the event of being short staffed, Iron Bridge Healthcare, Inc. dba: Columbia River Home Health, has several options to ensure our patients receive the proper care throughout their time on services with us.

- Our first option would be to reach out to our affiliate partners in neighboring counties to float needed staff. We have home health agencies and staff in Pierce, King, and Snohomish that can help us if there is a staffing shortage.
- Second, we use incentives and floating days off to help ensure that patients are seen, and proper care is given when needed. We have the flexibility to offer this to our staff and have been successful in the past with using this method at many of our other agencies locally.

- Our third action would be to reach out to our contracting agencies. We have great working relationships with several local and national staff contracting agencies that have staff in our area that we can deploy to meet patient needs.
- Finally, we have many strong relationships with partner facilities in Kitsap County that we would collaborate with to transfer patients to other agencies if the previously listed methods were unsuccessful.

11. For **existing** agencies, clarify whether the applicant currently has a method for assessing customer satisfaction and quality improvement for the Home Health agency.

All Pennant home health agencies (and hospice agencies) have a method for assessing customer satisfaction and quality improvement. Each of these agencies has a robust process to ensure Federal, State, and local guidelines for customer satisfaction and quality improvement are met.

Customer Satisfaction is a critical element for our quality program and reflects the patient and family experience. We partner with Strategic Healthcare Programs (SHP) for this process. SHP mails the Consumer Assessment of Healthcare Providers and System (CAHPS) survey to the appropriate designee identified by our electronic medical record (EMR) system vendor, Home Care Home Base (HCHB), and collects the data from the responses. Those responses are then summarized into useable data for use in interdisciplinary meetings (IDG) and quality assurance/performance improvement (QAPI) programs to address customer perceptions and improve community relationships.

To help drive our quality improvement, we have partnered with SHP. Through SHP we can view our quality metrics in real time. We also utilize partnership with HCHB to provide data and reporting based on direct patient contact and the patient record. These partners combined with our processes related to IDG meetings and QAPI programs drive patient satisfaction and quality improvement and help build a reputation within our communities of being a home health provider of choice.

Accurate documentation is a critical necessity supported by our internal compliance department and agency leadership with regular review intervals. HCHB helps ensure we have all required documentation at the initiation of service and subsequent visits in areas such as Symptom Management, and Service Intensity. HCHB is integrated with SHP to help us develop trends related to Home Health Quality Reporting Program elements. HCHB also provides an avenue to document opportunities for improving on avoidable events in areas like infection control, patient complaints, falls, and medication errors. We can then use this information to help focus the discussion in our IDG meetings and to drive areas of improvement in our QAPI programs.

Quality improvement is driven by our IDG. Our IDG meeting's main purpose is to bring together key home health professionals to review and discuss the needs for each patient and their family. We mentioned above, individualized care plans help drive the best patient outcomes. The IDG also establishes policies governing the day-to-day provision of services, which include agency programs to ensure our clinicians are skilled in providing care.

Lastly, our QAPI program is designed to drive great patient outcomes. Our QAPI program will be regularly reviewed by our leadership team and our governing body. More frequency reviews of performance improvement projects (PIP) developed through our QAPI program occur in the IDG meeting. One of the main purposes of our QAPI program is to measure, analyze and track quality indicators to drive the best quality outcomes and patient satisfaction possible.

12. For **existing** agencies, provide a listing of ancillary and support service vendors already in place.

13. Identify whether any of the existing ancillary or support agreements are expected to change as a result of this project.

None of the existing ancillary or support agreements are expected to change due to this project.

14. For **new** agencies, provide a listing of ancillary and support services that will be established.

This is not a new agency.

⁹ Note, the Applicant has contracts with many of these vendors as part of Pennant- or Cornerstone-wide enterprise contracts, which helps with cost containment.

15. For **existing** agencies, provide a listing of healthcare facilities with which the Home Health agency has documented working relationships.

Kadlec Regional Hospital
Trios Hospital
Lourdes Medical Center
Richland Rehabilitation--SNF
Life Care Center --Richland--SNF
Life Care Center --Kennewick--SNF
Avalon Rehabilitation--SNF
Canyon Lakes Rehabilitation--SNF
VA Hospital--Walla Walla
Park Manor--SNF--Walla Walla

16. Clarify whether any of the existing working relationships would change as a result of this project.

We expect our working relationships will grow stronger because of this project's approval.

17. For a **new** agency, provide the names of healthcare facilities with which the Home Health agency anticipates it would establish working relationships.

This is not a new agency.

18. Identify whether any facility or practitioner associated with this application has a history of the actions listed below. If so, provide evidence that the proposed or existing facility can and will be operated in a manner that ensures safe and adequate care to the public and conforms to applicable federal and state requirements. [WAC 246-310-230\(3\) and \(5\)](#)

- A criminal conviction which is reasonably related to the applicant's competency to exercise responsibility for the ownership or operation of a health care facility; or
- A revocation of a license to operate a healthcare facility; or
- A revocation of a license to practice as a health profession; or
- Decertification as a provider of services in the Medicare or Medicaid program because of failure to comply with applicable federal conditions of participation.

Neither Iron Bridge Healthcare Inc., Cornerstone, nor Pennant has any history of criminal convictions, denial or revocation of license to operate a health care facility, revocation of license to practice a health profession, or decertification as a provider of services in the Medicare or Medicaid program. Further, they have never been adjudged insolvent or bankrupt in any state or federal court. And none have been involved in court proceedings to make judgment of insolvency or bankruptcy with respect to the applicants.

19. Provide a discussion explaining how the proposed project will promote continuity in the provision of health care services in the planning area, and not result in an unwarranted fragmentation of services. [WAC 246-310-230](#)

Much like Community Health Assessment group, we are committed to collaboration through community engagement and data observation. Columbia River Home Health has established continuity in local health care by aligning with hospitals, health systems, and the post-acute care community to improve access to care for Benton County residents. Additionally, Columbia River Home Health has strong relationships with assisted living facilities, adult family homes and their in-house providers to help provide and advocate for the continuity of services. With these types of relationships in Walla Walla County, we believe we can improve the provision and continuity of care in the county.

20. Provide a discussion explaining how the proposed project will have an appropriate relationship to the service area's existing health care system as required in [WAC 246-310-230](#).

As a long-established provider in Benton County, Columbia River Home Health has strong, established relationships with existing healthcare systems in Benton County and surrounding counties. Columbia River Home Health works closely with community partners, local hospital systems, private duty providers, physicians, and in-home care physician groups. In fact, as mentioned above, Pennant's operational model is for each agency to engage in and seek market-specific care and opportunities within each county services are available. This is best accomplished through partnerships with other health care providers. This partnership takes many forms, including sharing of coordination of care, assisting, and coordinating appropriate admissions, mutually driven quality outcomes, preventing hospital readmissions, and patient satisfaction.

Columbia River Home Health has been involved in the community's ongoing efforts in Benton County and other counties to battle COVID-19 pandemic. Columbia River Home Health is the preferred provider of Trios Hospital and Lourdes Medical Center ACO's, and collaborates with each on emergency preparedness.

21. The department will complete a quality-of-care analysis using publicly available information from CMS. If any facilities or agencies owned or operated by the applicant reflect a pattern of condition-level findings, provide applicable plans of correction identifying the facilities current compliance status.

We are proud to share that none of Pennant's 63 home health and hospice agencies have exhibited a pattern of conditional level findings.

22. If information provided in response to the question above show a history of condition-level findings, provide clear, cogent and convincing evidence that the applicant can and will operate the proposed project in a manner that ensures safe and adequate care and conforms to applicable federal and state requirements.

This question is inapplicable based on the answer to the question immediately preceding

this one.

D. Cost Containment ([WAC 246-310-240](#))

Projects are evaluated based on the criteria in [WAC 246-310-240](#) in order to identify the best available project for the planning area.

1. Identify all alternatives considered prior to submitting this project. At a minimum include a brief discussion of this project versus no project.

Please see our response to question 2 below for the discussion.

2. Provide a comparison of the project with alternatives rejected by the applicant. Include the rationale for considering this project to be superior to the rejected alternatives. Factors to consider can include, but are not limited to: patient access to healthcare services, capital cost, legal restrictions, staffing impacts, quality of care, and cost or operation efficiency.

Alternative A: Take no Action	
Criteria	Results
Access to Health Care Services	There is no advantage to taking no action in terms of improving access. The disadvantage is that taking no action does nothing to address the need for additional agencies. Therefore, this option does not address the access to care problem that exists.
Quality of Care	There is no advantage to taking no action regarding quality of care. The disadvantage of taking no action is driven by shortages in access to services. With time, access would tighten and there would be adverse impacts on quality of care.
Cost and Operating Efficiency	With this option, there would be no impact on costs. The disadvantage is that there would be no improvements to cost efficiencies.
Staffing Impacts	The advantage is not hiring/employing additional staff. There are no disadvantages from a staffing perspective.
Legal Considerations	No Legal considerations.
Decision	This alternative was not chosen; it does not improve access to health care services and could negatively impact the quality of care.
Alternative B: Apply for and Receive CN	
Criteria	
Access to Health Care Services	This project meets current and future access issues. It will increase access to care. With this project, there are no disadvantages to access to health care services.
Quality of Care	This project meets and promotes quality of care. There are no disadvantages.
Cost and Operating Efficiency	The agency can leverage fixed costs, such as the lease, by spreading them over the health services. Cost and operational efficiency will be affected by minimal operating expenses during the initial startup period before it achieves volume that covers fixed and variable costs.

Staffing Impacts	This project will create new jobs that benefit the county. These new jobs also provide paths for staff dedicated to efficient delivery of services. There are no disadvantages; Cornerstone Healthcare Inc. has a proven track record of hiring and retaining quality staff.
Legal Considerations	The advantage: Our staff will be able to provide services to the county's residents. This will improve access, quality, and continuation of care. The disadvantage: CN approval is required; this requires time and expense.
Decision	This alternative was selected because it will improve access to health care services, enhance quality and continuation of care, it leverages existing fixed costs and has no negative impacts on staffing. Finally, this project will quickly be executed, and it does not require undue legal or regulatory requirements.
Alternative C: Purchase Existing Home Health	
Criteria	
Access to Health Care Services	The disadvantage is that an acquisition may not add additional capacity for services in the county when compared to alternative A and alternative B. Also, at present, we do not know of an agency for sale.
Quality of Care	The advantage: This option could enhance quality and continuation of care. There are no apparent disadvantages to this option.
Cost and Operating Efficiency	The disadvantage: The acquisition of an existing agency requires considerable up-front cost and time to purchase and complete due diligence.
Staffing Impacts	The advantage of staffing is that the staff from the existing agency already exist. This option potentially creates no new jobs, which does not benefit the county.
Legal Considerations	There are no advantages. The disadvantage is that an acquisition takes considerable time and resources to conduct due diligence.
Decision	This alternative was not chosen; it does not improve access to health care services, it may add additional costs and effort related to acquiring an existing agency, and it requires considerable time and resources related to legal and due diligence requirements. Finally, we are not aware of any agencies for sale.

3. If the project involves construction, provide information that supports conformance with WAC 246-310-240(2):
 - The costs, scope, and methods of construction and energy conservation are reasonable; and
 - The project will not have an unreasonable impact on the costs and charges to the public of providing health services by other persons.

This project does not involve construction.

4. Identify any aspects of the project that will involve appropriate improvements or innovations in the financing and delivery of health services which foster cost containment and which promote quality assurance and cost effectiveness.

The following are some examples of the ways we use innovations in the delivery of care, effectively increasing efficiency in the delivery of care, promoting quality assurance, and fostering cost effectiveness.

- *HomeCare HomeBase (HCHB)*. This platform is the leading electronic medical records system in the nation specific to home health and hospice agencies. HCHB was designed by home health and hospice industry leaders and integrates compliance measures and tools to ensure the requirements of pertinent regulations are met. We are also able to customize HCHB to meet any other specific needs we may have (compliance with state specific regulations, meeting the needs of patient populations, addressing a certain payer mix, etc.).
- *HCHB Analytics*. Analytics is the tableau (visualization of data software) reporting platform that is built by HCHB and integrates all the HCHB data into tableau. HCHB supplies a stock set of reports that can be used for preparation for upcoming regulation changes, productivity management/regulation and quality reporting management. The reports can be built and customized by a certain tableau report builder for all our specific reporting needs.
- *Forcura*. Forcura is a totally HIPAA compliant document management, referral management, order tracking, and wound measurement/management solution that integrates directly with HCHB to allow the transmission of patient data between the two platforms. Forcura is available to office workers via a dashboard and field workers via mobile application for each use. This application provides our users with a more seamless referral acceptance for quicker processing, more accurate wound measurement tracking tools for more accurate documentation between multiple caregivers, order tracking, and automatic processing of orders out and back in with auto populated details for quicker, more seamless order processing.

In Addition to these innovative tools, we believe we are a partner of choice to payors, providers, patients, and employees in the healthcare communities we serve. As a partner, we focus on improving care outcomes and the quality of life of our patients in home or home-like settings. Our local leadership approach facilitates strong professional relationships, allowing us to better understand and meet our partners' needs. We believe our emphasis on working closely with other providers, payors and patients yields unique, customized solutions and programs that meet local market needs and improve clinical outcomes, which in turn accelerates revenue growth and profitability.

We are a trusted partner to, and work closely with, payors and other acute and post-acute providers to deliver innovative healthcare solutions in lower cost settings. In the markets we serve, we have developed formal and informal preferred provider relationships with key referral sources and transitional care programs that result in better coordination within the care continuum. These partnerships have resulted in significant benefits to payors, patients and other providers including reduced hospital readmission rates, appropriate transitions within the care continuum, overall cost savings, increased patient satisfaction and improved quality outcomes. Positive, repeated interactions and data-sharing result in strong local relationships and encourage referrals from our acute and post-acute care partners. As we continue to strengthen these formal and informal relationships and expand our referral base,

we believe we will continue to drive cost effectiveness and quality outcomes.

Home Health Agency Tie Breakers (1987 State Health Plan, Volume II, pages B35-36)

If two or more applicants meet all applicable review criteria and there is not enough need projected for all applications to be approved, the department will approve the agency that better improves patient care, reduces costs, and improves population health through increased access to services in the planning area. Ensure that sufficient documentation and discussion of these items is included throughout the application under the relevant sections.

- b. **Acceptance of Premises.** Except as specified elsewhere in this Lease, Landlord makes no representations or warranties to Tenant regarding the Premises, including the structural condition of the Premises or the condition of all mechanical, electrical, and other systems on the Premises. Except for any tenant improvements to be completed by Landlord as described on attached Exhibit B (the "Landlord's Work"), Tenant shall be responsible for performing any work necessary to bring the Premises into a condition satisfactory to Tenant. By signing this Lease, Tenant acknowledges that it has had an adequate opportunity to investigate the Premises; acknowledges responsibility for making any corrections, alterations and repairs to the Premises (other than the Landlord's Work); and acknowledges that the time needed to complete any such items shall not delay the Commencement Date.
- c. **Tenant Improvements.** Attached Exhibit B sets forth all Tenant's Work IMPROVEMENTS/LANDLORD'S WORK, if any, and all tenant improvements to be completed by Tenant (the "Tenant LANDLORD (THE "LANDLORD'S Work"), if any, that will be performed on the Premises. Responsibility for design, payment and performance of all such work shall be as set forth on attached Exhibit B. If Tenant fails to notify Landlord of any defects in the Landlord's Work within thirty (30) days of delivery of possession to Tenant, Tenant shall be deemed to have accepted the Premises in their then condition. If Tenant discovers any major defects in the Landlord's Work during this 30-day period that would prevent Tenant from using the Premises for the Permitted Use, Tenant shall notify Landlord in writing and the Commencement Date shall be delayed until after Landlord has notified Tenant that Landlord has corrected the major defects and Tenant has had five (5) days to inspect and approve the Premises. The Commencement Date shall not be delayed if Tenant's inspection reveals minor defects in the Landlord's Work that will not prevent Tenant from using the Premises for the Permitted Use. Tenant shall prepare a punch list of all minor defects in Landlord's Work and provide the punch list to Landlord, which Landlord shall promptly correct.
3. **TERM.** The term of this Lease shall commence on the Commencement Date specified in Section 1, or on such earlier or later date as may be specified by notice delivered by Landlord to Tenant advising Tenant that the Premises are ready for possession and specifying the Commencement Date, which shall not be less than ____ days (thirty (30) days if not filled in) following the date of such notice.
- a. **Early Possession.** If Landlord permits Tenant to possess or occupy the Premises prior to the Commencement Date specified in Section 1, then such early occupancy shall not advance the Commencement Date or the Termination Date set forth in Section 1, but otherwise all terms and conditions of this Lease shall nevertheless apply during the period of early occupancy before the Commencement Date. TENANT SHALL HAVE EARLY OCCUPANCY AND ACCESS TO THE SPACE STARTING ON JUNE 21, 2019. UTILITIES TO BE TRANSFERRED OVER TO TENANT ON OR BEFORE JUNE 21, 2019. TENANT MUST HAVE CERTIFICATE OF INSURANCE IN PLACE AND PROVIDE PROOF OF INSURANCE PRIOR TO EARLY OCCUPANCY.
- b. **Delayed Possession.** Landlord shall act diligently to make the Premises available to Tenant; provided, however, neither Landlord nor any agent or employee of Landlord shall be liable for any damage or loss due to Landlord's inability or failure to deliver possession of the Premises to Tenant as provided in this Lease. If possession is delayed, the Commencement Date set forth in Section 1 shall also be delayed. In addition, the Termination Date set forth in Section 1 shall be modified so that the length of the Lease term remains the same. If Landlord does not deliver possession of the Premises to Tenant within ____ days (sixty (60) days if not filled in) after the Commencement Date specified in Section 1, Tenant may elect to cancel this Lease by giving written notice to Landlord within ten (10) days after such time period ends. If Tenant gives such notice of cancellation, the Lease shall be cancelled, all prepaid rent and security deposits shall be refunded to Tenant, and neither Landlord nor Tenant shall have any further obligations to the other. The first "Lease year" shall commence on the Commencement Date and shall end on the date which is twelve (12) months from the end of the month in which the Commencement Date occurs. Each successive Lease year during the initial term and any extension terms shall be twelve (12) months, commencing on the first day following the end of the preceding Lease year. To the extent that the tenant improvements are not completed in time for the Tenant to occupy or take possession of the Premises on the Commencement Date due to the failure of Tenant to fulfill any of its obligations under this Lease, the Lease shall nevertheless commence on the Commencement Date set forth in Section 1.

4. RENT.

- a. **Payment of Rent.** Tenant shall pay Landlord without notice, demand, deduction, or offset, in lawful money of the United States, the monthly Base Rent stated in Section 1 in advance on or before the first day of each month during the Lease term beginning on (check one): ☒ the Commencement Date, or ☐ _____ (if no date specified, then on the Commencement Date), and shall also pay any other additional payments due to Landlord ("Additional Rent"), including Operating Costs (collectively the "Rent") when required under this Lease. Payments for any partial month at the beginning or end of the Lease shall be prorated. All payments due to Landlord under this Lease, including late fees and interest, shall also constitute Additional Rent, and upon failure of Tenant to pay any such costs, charges or expenses, Landlord shall have the same rights and remedies as otherwise provided in this Lease for the failure of Tenant to pay rent.
 - b. **Triple Net Lease.** This Lease is what is commonly called a "Net, Net, Net" or "triple-net" Lease, which means that, except as otherwise expressly provided herein, Landlord shall receive all Base Rent free and clear of any and all other impositions, taxes, liens, charges or expenses of any nature whatsoever in connection with the ownership and operation of the Premises. In addition to Base Rent, Tenant shall pay to the parties respectively entitled thereto, or satisfy directly, all Additional Rent and other impositions, insurance premiums, repair and maintenance charges, and any other charges, costs, obligations, liabilities, requirements, and expenses, which arise with regard to the Premises or may be contemplated under any other provision of the Lease during its term, except for costs and expenses expressly made the obligation of Landlord in this Lease.
 - c. **Late Charges; Default Interest.** If any sums payable by Tenant to Landlord under this Lease are not received within five (5) business days after their due date, Tenant shall pay Landlord an amount equal to the greater of \$100 or five percent (5%) of the delinquent amount for the cost of collecting and handling such late payment in addition to the amount due and as Additional Rent. All delinquent sums payable by Tenant to Landlord and not paid within five (5) business days after their due date shall, at Landlord's option, bear interest at the rate of fifteen percent (15%) per annum, or the highest rate of interest allowable by law, whichever is less (the "Default Rate"). Interest on all delinquent amounts shall be calculated from the original due date to the date of payment.
 - d. **Less Than Full Payment.** Landlord's acceptance of less than the full amount of any payment due from Tenant shall not be deemed an accord and satisfaction or compromise of such payment unless Landlord specifically consents in writing to payment of such lesser sum as an accord and satisfaction or compromise of the amount which Landlord claims. Any portion that remains to be paid by Tenant shall be subject to the late charges and default interest provisions of this Section 4.
5. **SECURITY DEPOSIT.** Upon execution of this Lease, Tenant shall deliver to Landlord the security deposit specified in Section 1 above. Landlord's obligations with respect to the security deposit are those of a debtor and not of a trustee, and Landlord may commingle the security deposit with its other funds. If Tenant breaches any covenant or condition of this Lease, including but not limited to the payment of Rent, Landlord may apply all or any part of the security deposit to the payment of any sum in default and any damage suffered by Landlord as a result of Tenant's breach. Tenant acknowledges, however, that the security deposit shall not be considered as a measure of Tenant's damages in case of default by Tenant, and any payment to Landlord from the security deposit shall not be construed as a payment of liquidated damages for Tenant's default. If Landlord applies the security deposit as contemplated by this Section, Tenant shall, within five (5) days after written demand therefore by Landlord, deposit with Landlord the amount so applied. If Tenant complies with all of the covenants and conditions of this Lease throughout the Lease term, the security deposit shall be repaid to Tenant without interest within thirty (30) days after the surrender of the Premises by Tenant in the condition required hereunder by Section 11 of this Lease.
6. **USES.** The Premises shall be used only for the Permitted Use specified in Section 1 above, and for no other business or purpose without the prior written consent of Landlord. No act shall be done on or around the Premises that is unlawful or that will increase the existing rate of insurance on the Premises, or cause the cancellation of any insurance on the Premises. Tenant shall not commit or allow to be committed any waste

upon the Premises, or any public or private nuisance. Tenant shall not do or permit anything to be done on the Premises which will obstruct or interfere with the rights of other tenants or occupants of the Premises, or their employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees or to injure or annoy such persons.

7. **COMPLIANCE WITH LAWS.** Tenant shall not cause or permit the Premises to be used in any way which violates any law, ordinance, or governmental regulation or order. Landlord represents to Tenant that, as of the Commencement Date, to Landlord's knowledge, but without duty of investigation, and with the exception of any Tenant's Work, the Premises comply with all applicable laws, rules, regulations, or orders, including without limitation, the Americans With Disabilities Act, if applicable, and Landlord shall be responsible to promptly cure at its sole cost any noncompliance which existed on the Commencement Date. Tenant shall be responsible for complying with all laws applicable to the Premises as a result of the Permitted Use, and Tenant shall be responsible for making any changes or alterations as may be required by law, rule, regulation, or order for Tenant's Permitted Use at its sole cost and expense. Otherwise, if changes or alterations are required by rule, law, regulation, or order unrelated to the Permitted Use, Landlord shall make changes and alterations at its expense.
8. **UTILITIES.** Landlord shall not be responsible for providing any utilities to the Premises and shall not be liable for any loss, injury or damage to person or property caused by or resulting from any variation, interruption, or failure of utilities due to any cause whatsoever, and rent shall not abate as a result thereof, except to the extent due to the intentional misconduct or gross negligence of Landlord. Tenant shall be responsible for determining whether available utilities and their capacities will meet Tenant's needs. Tenant shall install and connect, if necessary, and directly pay for all water, sewer, gas, janitorial, electricity, garbage removal, heat, telephone, and other utilities and services used by Tenant on the Premises during the term, whether or not such services are billed directly to Tenant. Tenant will also procure, or cause to be procured, without cost to Landlord, all necessary permits, licenses or other authorizations required for the lawful and proper installation, maintenance, replacement, and removal on or from the Premises of wires, pipes, conduits, tubes, and other equipment and appliances for use in supplying all utilities or services to the Premises. Landlord, upon request of Tenant, and at the sole expense and liability of Tenant, shall join with Tenant in any reasonable applications required for obtaining or continuing such utilities or services.
9. **TAXES.** Tenant shall pay all Taxes (defined below) applicable to the Premises during the Lease term. All payments for Taxes shall be made at least ten (10) days prior to their due date. Tenant shall promptly furnish Landlord with satisfactory evidence that Taxes have been paid. If any Taxes paid by Tenant cover any period of time before or after the expiration of the term, Tenant's share of those Taxes paid will be prorated to cover only the period of time within the tax fiscal year during which this Lease was in effect, and Landlord shall promptly reimburse or credit Tenant to the extent required. If Tenant fails to timely pay any Taxes, Landlord may pay them, and Tenant shall repay such amount to Landlord upon demand. Landlord may also elect to pay all such Taxes directly to the appropriate taxing authority/ies and receive reimbursement thereof from Tenant within ten (10) days after invoice, either of the full amount paid or at Landlord's election in equal monthly installments.

The term "Taxes" shall mean: (i) any form of tax or assessment imposed on the Premises by any authority, including any city, county, state or federal government, or any improvement district, as against any legal or equitable interest of Landlord or Tenant in the Premises or in the real property of which the Premises are a part, or against rent paid for leasing the Premises; and (ii) any form of personal property tax or assessment imposed on any personal property, fixtures, furniture, tenant improvements, equipment, inventory, or other items, and all replacements, improvements, and additions to them, located on the Premises, whether owned by Landlord or Tenant. "Taxes" shall exclude any net income tax imposed on Landlord for income that Landlord receives under this Lease.

Tenant may, upon reasonable prior notice to Landlord, contest the amount or validity, in whole or in part, of any Taxes at its sole expense, only after paying such Taxes or posting such security as Landlord may reasonably require in order to protect the Premises against loss or forfeiture. Upon the termination of any such proceedings, Tenant shall pay the amount of such Taxes or part of such Taxes as finally determined, together with any costs, fees, interest penalties, or other related liabilities. Landlord shall reasonably cooperate with

Tenant in contesting any Taxes, provided Landlord incurs no expense or liability in doing so.

10. **ALTERATIONS.** Tenant may make alterations, additions or improvements to the Premises, including any Tenant Work identified on attached Exhibit GB (the "Alterations"), only with the prior written consent of Landlord, which, with respect to Alterations not affecting the structural components of the Premises or utility systems therein, shall not be unreasonably withheld, conditioned, or delayed. Landlord shall have thirty (30) days in which to respond to Tenant's request for any Alterations so long as such request includes the name of Tenant's contractors and reasonably detailed plans and specifications therefore. The term "Alterations" shall not include the installation of shelves, movable partitions, Tenant's equipment, and trade fixtures that may be performed without damaging existing improvements or the structural integrity of the Premises and Landlord's consent shall not be required for Tenant's installation or removal of those items. Tenant shall perform all work at Tenant's expense and in compliance with all applicable laws and shall complete all Alterations in accordance with plans and specifications approved by Landlord, using contractors approved by Landlord. Tenant shall pay, when due, or furnish a bond for payment (as set forth in Section 18) all claims for labor or materials furnished to or for Tenant at or for use in the Premises, which claims are or may be secured by any mechanics' or materialmen's liens against the Premises or any interest therein. Tenant shall remove all Alterations at the end of the Lease term unless Landlord conditioned its consent upon Tenant leaving a specified Alteration at the Premises, in which case Tenant shall not remove such Alteration, and it shall become Landlord's property. Tenant shall immediately repair any damage to the Premises caused by removal of Alterations.
11. **REPAIRS AND MAINTENANCE; SURRENDER.** Tenant shall, at its sole expense, maintain the entire Premises ~~including without limitation the roof surface and normal repairs and maintenance to all heating, ventilation, and air conditioning ("HVAC") equipment at the Premises,~~ in good condition and promptly make all repairs and replacements, whether structural or non-structural, necessary to keep the Premises in safe operating condition, including all utilities and other systems serving the Premises, but excluding the roof structure, subfloor, foundation, exterior walls, and capital repairs and replacements to the HVAC system (collectively, "Landlord's Repair Items"), which Landlord shall maintain in good condition and repair at Landlord's expense, provided that Tenant shall not damage any Landlord's Repair Items and shall promptly repair any damage or injury done thereto caused by Tenant or its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees. Notwithstanding anything in this Section to the contrary, Tenant shall not be responsible for any repairs to the Premises made necessary by the negligence or willful misconduct of Landlord or its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees therein. If Tenant fails to perform Tenant's obligations under this Section, Landlord may at Landlord's option enter upon the Premises after ten (10) days' prior notice to Tenant and put the same in good order, condition and repair and the cost thereof together with interest thereon at the default rate set forth in Section 4 shall be due and payable as Additional Rent to Landlord together with Tenant's next installment of Base Rent. Upon expiration of the Lease term, whether by lapse of time or otherwise, Tenant shall promptly and peacefully surrender the Premises, together with all keys, to Landlord in as good condition as when received by Tenant from Landlord or as thereafter improved, reasonable wear and tear and insured casualty excepted.
12. **ACCESS AND RIGHT OF ENTRY.** After twenty-four (24) hours' notice from Landlord (except in cases of emergency, when no notice shall be required), Tenant shall permit Landlord and its agents, employees and contractors to enter the Premises at all reasonable times to make repairs, inspections, alterations or improvements, provided that Landlord shall use reasonable efforts to minimize interference with Tenant's use and enjoyment of the Premises. This Section shall not impose any repair or other obligation upon Landlord not expressly stated elsewhere in this Lease. After reasonable notice to Tenant, Landlord shall have the right to enter the Premises for the purpose of (a) showing the Premises to prospective purchasers or lenders at any time, and to prospective tenants within one hundred eighty (180) days prior to the expiration or sooner termination of the Lease term; and, (b) for posting "for lease" signs within one hundred eighty (180) days prior to the expiration or sooner termination of the Lease term.
13. **SIGNAGE.** Tenant shall obtain Landlord's written consent as to size, location, materials, method of attachment, and appearance, before installing any signs upon the Premises. Tenant shall install any approved signage at Tenant's sole expense and in compliance with all applicable laws. Tenant shall not

damage or deface the Premises in installing or removing signage and shall repair any injury or damage to the Premises caused by such installation or removal.

14. DESTRUCTION OR CONDEMNATION.

- a. **Damage and Repair.** If the Premises are partially damaged but not rendered untenable, by fire or other insured casualty, then Landlord shall diligently restore the Premises to the extent required below and this Lease shall not terminate. The Premises shall not be deemed untenable if twenty-five percent (25%) or less of the Premises are damaged. Landlord shall have no obligation to restore the Premises if insurance proceeds are not available to pay the entire cost of such restoration. If insurance proceeds are available to Landlord but are not sufficient to pay the entire cost of restoring the Premises, or if Landlord's lender shall not permit all or any part of the insurance proceeds to be applied toward restoration, then Landlord may elect to terminate this Lease and keep the insurance proceeds, by notifying Tenant within sixty (60) days of the date of such casualty. IF THE PREMISES ARE PARTIALLY DAMAGED BUT NOT RENDERED UNFIT FOR OCCUPANCY THEN RENT SHALL BE ABATED IN SAME PROPORTION AS THE UNFIT PORTION OF THE PREMISES BEARS TO THE WHOLE PREMISES UNTIL SUCH TIME THAT THE LANDLORD REPAIRS THE UNFIT PORTION OR THE LEASE IS TERMINATED. IF THE PREMISES ARE DAMAGED BUT NOT RENDERED UNFIT FOR OCCUPANCY AND THE LANDLORD DOES NOT RESTORE, OR BEGIN RESTORATION, WITHIN SIXTY (60) DAYS OF CASUALTY THEN TENANT MAY ELECT TO TERMINATE THE LEASE BY PROVIDING THIRTY (30) DAYS WRITTEN NOTICE TO THE LANDLORD.

If the Premises are entirely destroyed, or partially damaged and rendered untenable, by fire or other casualty, Landlord may, at its option: (a) terminate this Lease as provided herein, or (b) restore the Premises to their previous condition to the extent required below; provided, however, if such casualty event occurs during the last six (6) months of the Lease term (after considering any option to extend the term timely exercised by Tenant) then either Tenant or Landlord may elect to terminate the Lease. If, within sixty (60) days after receipt by Landlord from Tenant of written notice that Tenant deems the Premises untenable, Landlord fails to notify Tenant of its election to restore the Premises, or if Landlord is unable to restore the Premises within six (6) months of the date of the casualty event, then Tenant may elect to terminate the Lease upon twenty (20) days' written notice to Landlord unless Landlord, within such twenty (20) day period, notifies Tenant that it will in fact restore the Premises or actually completes such restoration work to the extent required below, as applicable.

If Landlord restores the Premises under this Section 14, Landlord shall proceed with reasonable diligence to complete the work, and the base monthly rent shall be abated in the same proportion as the unfit portion of the Premises bears to the whole Premises, provided that there shall be a rent abatement only if the damage or destruction of the Premises did not result from, or was not contributed to directly or indirectly by the act, fault or neglect of Tenant, or Tenant's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees. No damages, compensation or claim shall be payable by Landlord for inconvenience, loss of business or annoyance directly, incidentally or consequentially arising from any repair or restoration of any portion of the Premises. Landlord shall have no obligation to carry insurance of any kind for the protection of Tenant or any alterations or improvements paid for by Tenant; any Tenant Improvements identified in Exhibit B (regardless of who may have completed them); Tenant's furniture; or on any fixtures, equipment, improvements or appurtenances of Tenant under this Lease, and Landlord's restoration obligations hereunder shall not include any obligation to repair any damage thereto or replace the same.

- b. **Condemnation.** If the Premises are made untenable by eminent domain, or conveyed under a threat of condemnation, this Lease shall automatically terminate as of the earlier of the date title vests in the condemning authority or the condemning authority first has possession of the Premises and all Rents and other payments shall be paid to that date. If the condemning authority takes a portion of the Premises that does not render the Premises untenable, then this Lease shall continue in full force and effect and the base monthly rent shall be equitably reduced based on the proportion by which the floor area of any structures is reduced. The reduction in Rent shall be effective on the earlier of the date the condemning authority first has possession of such portion or title vests in the condemning authority. Landlord shall be entitled to the entire award from the condemning authority attributable to the value of the Premises and Tenant shall make no claim for the value of its leasehold. Tenant shall be permitted to make a separate

claim against the condemning authority for moving expenses, provided that in no event shall Tenant's claim reduce Landlord's award.

15. INSURANCE.

- a. **Tenant's Liability Insurance.** During the Lease term, Tenant shall pay for and maintain commercial general liability insurance with broad form property damage and contractual liability endorsements. This policy shall name Landlord, its property manager (if any), and other parties designated by Landlord as additional insureds using an endorsement form acceptable to Landlord, and shall insure Tenant's activities and those of Tenant's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees with respect to the Premises against loss, damage or liability for personal injury or bodily injury (including death) or loss or damage to property with a combined single limit of not less than ~~\$2,000,000~~ \$1,000,000.00 PER CLAIM AND \$3,000,000.00 AGGREGATE, and a deductible of not more than \$10,000. Tenant's insurance will be primary and noncontributory with any liability insurance carried by Landlord. Landlord may also require Tenant to obtain and maintain business income coverage for at least six (6) months, business auto liability coverage, and, if applicable to Tenant's Permitted Use, liquor liability insurance and/or warehouseman's coverage.
- b. **Tenant's Property Insurance.** During the Lease term, Tenant shall pay for and maintain special form clauses of loss coverage property insurance (with coverage for earthquake if required by Landlord's lender and, if the Premises are situated in a flood plain, flood damage) for all of Tenant's personal property, fixtures and equipment in the amount of their full replacement value, with a deductible of not more than \$10,000.
- c. **Miscellaneous.** Tenant's insurance required under this Section shall be with companies rated A-/VII or better in Best's Insurance Guide, and which are admitted in the state in which the Premises are located. No insurance policy shall be cancelled or reduced in coverage and each such policy shall provide that it is not subject to cancellation or a reduction in coverage except after thirty (30) days prior written notice to Landlord. Tenant shall deliver to Landlord upon commencement of the Lease and from time to time thereafter, copies of the insurance policies or evidence of insurance and copies of endorsements required by this Section. In no event shall the limits of such policies be considered as limiting the liability of Tenant under this Lease. If Tenant fails to acquire or maintain any insurance or provide any policy or evidence of insurance required by this Section, and such failure continues for three (3) days after notice from Landlord, Landlord may, but shall not be required to, obtain such insurance for Landlord's benefit and Tenant shall reimburse Landlord for the costs of such insurance upon demand. Such amounts shall be Additional Rent payable by Tenant hereunder and in the event of non-payment thereof, Landlord shall have the same rights and remedies with respect to such non-payment as it has with respect to any other non-payment of rent hereunder.
- d. **Waiver of Subrogation.** Landlord and Tenant hereby release each other and any other tenant, their agents or employees, from responsibility for, and waive their entire claim of recovery for any loss or damage arising from any cause covered by property insurance required to be carried or otherwise carried by each of them. Each party shall provide notice to the property insurance carrier or carriers of this mutual waiver of subrogation, and shall cause its respective property insurance carriers to waive all rights of subrogation against the other. This waiver shall not apply to the extent of the deductible amounts to any such property policies or to the extent of liabilities exceeding the limits of such policies.

16. INDEMNIFICATION.

- a. **Indemnification by Tenant.** Tenant shall defend, indemnify, and hold Landlord and its property manager, if any, harmless against all liabilities, damages, costs, and expenses, including attorneys' fees, for personal injury, bodily injury (including death) or property damage arising from any negligent or wrongful act or omission of Tenant or Tenant's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees on or around the Premises, or arising from any breach of this Lease by Tenant. Tenant shall use legal counsel reasonably acceptable to Landlord in defense of any action within Tenant's defense obligation.

- b. **Indemnification by Landlord.** Landlord shall defend, indemnify and hold Tenant harmless against all liabilities, damages, costs, and expenses, including attorneys' fees, for personal injury, bodily injury (including death) or property damage arising from any negligent or wrongful act or omission of Landlord or Landlord's employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees on or around the Premises, or arising from any breach of this Lease by Landlord. Landlord shall use legal counsel reasonably acceptable to Tenant in defense of any action within Landlord's defense obligation.
 - c. **Waiver of Immunity.** Landlord and Tenant each specifically and expressly waive any immunity that each may be granted under the Washington State Industrial Insurance Act, Title 51 RCW. Neither party's indemnity obligations under this Lease shall be limited by any limitation on the amount or type of damages, compensation, or benefits payable to or for any third party under the Worker Compensation Acts, Disability Benefit Acts or other employee benefit acts.
 - d. **Exemption of Landlord from Liability.** Except to the extent of claims arising out of Landlord's gross negligence or intentional misconduct, Landlord shall not be liable for injury to Tenant's business or assets or any loss of income therefrom or for damage to any property of Tenant or of its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees, or any other person in or about the Premises.
 - e. **Survival.** The provisions of this Section 16 shall survive expiration or termination of this Lease.
17. **ASSIGNMENT AND SUBLETTING.** Tenant shall not assign, sublet, mortgage, encumber or otherwise transfer any interest in this Lease (collectively referred to as a "Transfer") or any part of the Premises, without first obtaining Landlord's written consent which shall not be unreasonably withheld, conditioned, or delayed. No Transfer shall relieve Tenant of any liability under this Lease notwithstanding Landlord's consent to such Transfer. Consent to any Transfer shall not operate as a waiver of the necessity for Landlord's consent to any subsequent Transfer. In connection with each request for consent to a Transfer, Tenant shall pay the reasonable cost of processing same, including attorneys' fees, upon demand of Landlord, up to a maximum of \$1,250.
- If Tenant is a partnership, limited liability company, corporation, or other entity, any transfer of this Lease by merger, consolidation, redemption or liquidation, or any change in the ownership of, or power to vote, which singularly or collectively represents a majority of the beneficial interest in Tenant, shall constitute a Transfer under this Section.
- As a condition to Landlord's approval, if given, any potential assignee or sublessee otherwise approved by Landlord shall assume all obligations of Tenant under this Lease and shall be jointly and severally liable with Tenant and any guarantor, if required, for the payment of Rent and performance of all terms of this Lease. In connection with any Transfer, Tenant shall provide Landlord with copies of all assignments, subleases and assumption agreement or documents.
18. **LIENS.** Tenant is not authorized to subject the Landlord's assets to any liens or claims of lien. Tenant shall keep the Premises free from any liens created by or through Tenant. Tenant shall indemnify and hold Landlord harmless from liability for any such liens including, without limitation, liens arising from any Alterations. If a lien is filed against the Premises by any person claiming by, through or under Tenant, Tenant shall, within 10 days after Landlord's demand, at Tenant's expense, either remove the lien or furnish to Landlord a bond in form and amount and issued by a surety satisfactory to Landlord, indemnifying Landlord and the Premises against all liabilities, costs and expenses, including attorneys' fees, which Landlord could reasonably incur as a result of such lien.
19. **DEFAULT.** The following occurrences shall each constitute a default by Tenant (an "Event of Default):
- a. **Failure To Pay.** Failure by Tenant to pay any sum, including Rent, due under this Lease following five (5) days' notice from Landlord of the failure to pay.

- b. **Vacation/Abandonment.** Vacation by Tenant of the Premises (defined as an absence for at least fifteen (15) consecutive days without prior notice to Landlord), or abandonment of the Premises (defined as an absence of five (5) days or more while Tenant is in breach of some other term of this Lease). Tenant's vacation or abandonment of the Premises shall not be subject to any notice or right to cure.
- c. **Insolvency.** Tenant's insolvency or bankruptcy (whether voluntary or involuntary), or appointment of a receiver, assignee or other liquidating officer for Tenant's business; provided, however, that in the event of any involuntary bankruptcy or other insolvency proceeding, the existence of such proceeding shall constitute an Event of Default only if such proceeding is not dismissed or vacated within sixty (60) days after its institution or commencement.
- d. **Levy or Execution.** The taking of Tenant's interest in this Lease or the Premises, or any part thereof, by execution or other process of law directed against Tenant, or attachment of Tenant's interest in this Lease by any creditor of Tenant, if such attachment is not discharged within fifteen (15) days after being levied.
- e. **Other Non-Monetary Defaults.** The breach by Tenant of any agreement, term or covenant of this Lease other than one requiring the payment of money and not otherwise enumerated in this Section or elsewhere in this Lease, which breach continues for a period of thirty (30) days after notice by Landlord to Tenant of the breach.
- f. **Failure to Take Possession.** Failure by Tenant to take possession of the Premises on the Commencement Date or failure by Tenant to commence any Tenant's Work in a timely fashion.

Landlord shall not be in default unless Landlord fails to perform obligations required of Landlord within a reasonable time, but in no event less than thirty (30) days after notice by Tenant to Landlord. If Landlord fails to cure any such default within the allotted time, Tenant's sole remedy shall be to seek actual money damages (but not consequential or punitive damages) for loss arising from Landlord's failure to discharge its obligations under this Lease. Nothing herein contained shall relieve Landlord from its duty to perform of any of its obligations to the standard prescribed in this Lease.

Any notice periods granted herein shall be deemed to run concurrently with and not in addition to any default notice periods required by law.

- 20. **REMEDIES.** Landlord shall have the following remedies upon an Event of Default. Landlord's rights and remedies under this Lease shall be cumulative, and none shall exclude any other right or remedy allowed by law.
 - a. **Termination of Lease.** Landlord may terminate Tenant's interest under the Lease, but no act by Landlord other than notice of termination from Landlord to Tenant shall terminate this Lease. The Lease shall terminate on the date specified in the notice of termination. Upon termination of this Lease, Tenant will remain liable to Landlord for damages in an amount equal to the Rent and other sums that would have been owing by Tenant under this Lease for the balance of the Lease term, less the net proceeds, if any, of any reletting of the Premises by Landlord subsequent to the termination, after deducting all of Landlord's Reletting Expenses (as defined below). Landlord shall be entitled to either collect damages from Tenant monthly on the days on which rent or other amounts would have been payable under the Lease, or alternatively, Landlord may accelerate Tenant's obligations under the Lease and recover from Tenant: (i) unpaid rent which had been earned at the time of termination; (ii) the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of rent loss that Tenant proves could reasonably have been avoided; (iii) the amount by which the unpaid rent for the balance of the term of the Lease after the time of award exceeds the amount of rent loss that Tenant proves could reasonably be avoided (discounting such amount by the discount rate of the Federal Reserve Bank of San Francisco at the time of the award, plus 1%); and (iv) any other amount necessary to compensate Landlord for all the detriment proximately caused by Tenant's failure to perform its obligations under the Lease, or which in the ordinary course would be likely to result from the Event of Default, including without limitation Reletting Expenses described in Section 20(b) below.

- b. **Re-Entry and Reletting.** Landlord may continue this Lease in full force and effect, and without demand or notice, re-enter and take possession of the Premises or any part thereof, expel the Tenant from the Premises and anyone claiming through or under the Tenant, and remove the personal property of either. Landlord may relet the Premises, or any part of them, in Landlord's or Tenant's name for the account of Tenant, for such period of time and at such other terms and conditions as Landlord, in its discretion, may determine. Landlord may collect and receive the rents for the Premises. To the fullest extent permitted by law, the proceeds of any reletting shall be applied: first, to pay Landlord all Reletting Expenses (defined below); second, to pay any indebtedness of Tenant to Landlord other than rent; third, to the rent due and unpaid hereunder; and fourth, the residue, if any, shall be held by Landlord and applied in payment of other or future obligations of Tenant to Landlord as the same may become due and payable, and Tenant shall not be entitled to receive any portion of such revenue. Re-entry or taking possession of the Premises by Landlord under this Section shall not be construed as an election on Landlord's part to terminate this Lease, unless a notice of termination is given to Tenant.

Landlord reserves the right following any re-entry or reletting, or both, under this Section to exercise its right to terminate the Lease. Tenant will pay Landlord the Rent and other sums which would be payable under this Lease if repossession had not occurred, less the net proceeds, if any, after reletting the Premises and after deducting Landlord's Reletting Expenses. "Reletting Expenses" is defined to include all expenses incurred by Landlord in connection with reletting the Premises, including without limitation, all repossession costs, brokerage commissions and costs for securing new tenants, attorneys' fees, remodeling and repair costs, costs for removing persons or property, costs for storing Tenant's property and equipment, and costs of tenant improvements and rent concessions granted by Landlord to any new Tenant, prorated over the life of the new lease.

- c. **Waiver of Redemption Rights.** Tenant, for itself, and on behalf of any and all persons claiming through or under Tenant, including creditors of all kinds, hereby waives and surrenders all rights and privileges which they may have under any present or future law, to redeem the Premises or to have a continuance of this Lease for the Lease term, or any extension thereof.
- d. **Nonpayment of Additional Rent.** All costs which Tenant is obligated to pay to Landlord pursuant to this Lease shall in the event of nonpayment be treated as if they were payments of Rent, and Landlord shall have the same rights it has with respect to nonpayment of Rent.
- e. **Failure to Remove Property.** If Tenant fails to remove any of its property from the Premises at Landlord's request following an uncured Event of Default, Landlord may, at its option, remove and store the property at Tenant's expense and risk. If Tenant does not pay the storage cost within five (5) days of Landlord's request, Landlord may, at its option, have any or all of such property sold at public or private sale (and Landlord may become a purchaser at such sale), in such manner as Landlord deems proper, without notice to Tenant. Landlord shall apply the proceeds of such sale: (i) to the expense of such sale, including reasonable attorneys' fees actually incurred; (ii) to the payment of the costs or charges for storing such property; (iii) to the payment of any other sums of money which may then be or thereafter become due Landlord from Tenant under any of the terms hereof; and (iv) the balance, if any, to Tenant. Nothing in this Section shall limit Landlord's right to sell Tenant's personal property as permitted by law or to foreclose Landlord's lien for unpaid rent.
21. **MORTGAGE SUBORDINATION AND ATTORNMEN**. This Lease shall automatically be subordinate to any mortgage or deed of trust created by Landlord which is now existing or hereafter placed upon the Premises including any advances, interest, modifications, renewals, replacements or extensions ("Landlord's Mortgage"). Tenant shall attorn to the holder of any Landlord's Mortgage or any party acquiring the Premises at any sale or other proceeding under any Landlord's Mortgage provided the acquiring party assumes the obligations of Landlord under this Lease. Tenant shall promptly and in no event later than fifteen (15) days after request execute, acknowledge and deliver documents which the holder of any Landlord's Mortgage may reasonably require as further evidence of this subordination and attornment. Notwithstanding the foregoing, Tenant's obligations under this Section to subordinate in the future are conditioned on the holder of each Landlord's Mortgage and each party acquiring the Premises at any sale or other proceeding under any such

Landlord's Mortgage not disturbing Tenant's occupancy and other rights under this Lease, so long as no uncured Event of Default by Tenant exists.

22. **NON-WAIVER.** Landlord's waiver of any breach of any provision contained in this Lease shall not be deemed to be a waiver of the same provision for subsequent acts of Tenant. The acceptance by Landlord of Rent or other amounts due by Tenant hereunder shall not be deemed to be a waiver of any previous breach by Tenant.
23. **HOLDOVER.** If Tenant shall, without the written consent of Landlord, remain in possession of the Premises and fail to return them to Landlord after the expiration or termination of the term, the tenancy shall be a holdover tenancy and shall be on a month-to-month basis, which may be terminated according to Washington law. During such tenancy, Tenant agrees to pay to Landlord 150% of the rate of rental last payable under this Lease, unless a different rate is agreed upon by Landlord. All other terms of the Lease shall remain in effect. Tenant acknowledges and agrees that this Section does not grant any right to Tenant to holdover, and that Tenant may also be liable to Landlord for any and all damages or expenses which Landlord may have to incur as a result of Tenant's holdover.
24. **NOTICES.** All notices under this Lease shall be in writing and effective (i) when delivered in person or via overnight courier to the other party, (ii) three (3) days after being sent by registered or certified mail to the other party at the address set forth in Section 1; or (iii) upon confirmed transmission by facsimile to the other party at the facsimile numbers set forth in Section 1. The addresses for notices and payment of rent set forth in Section 1 may be modified by either party only by written notice delivered in conformance with this Section. FOR A NOTICE FROM LANDLORD TO TENANT TO BE EFFECTIVE, LANDLORD SHALL SIMULTANEOUSLY SEND SUCH NOTICE TO: CORNERSTON SERVICE CENTER, ATTN: GENERAL COUNSEL, 1675 E. RIVERSIDE DRIVE, SUITE 200, EAGLE, ID 83616.
25. **COSTS AND ATTORNEYS' FEES.** If Tenant or Landlord engage the services of an attorney to collect monies due or to bring any action for any relief against the other, declaratory or otherwise, arising out of this Lease, including any suit by Landlord for the recovery of Rent or other payments, or possession of the Premises, the losing party shall pay the prevailing party a reasonable sum for attorneys' fees in such action, whether in mediation or arbitration, at trial, on appeal, and in any bankruptcy proceeding.
26. **ESTOPPEL CERTIFICATES.** Tenant shall, from time to time, upon written request of Landlord, execute, acknowledge and deliver to Landlord or its designee a written statement specifying the following, subject to any modifications necessary to make such statements true and complete: (i) the total rentable square footage of the Premises; (ii) the date the Lease term commenced and the date it expires; (iii) the amount of minimum monthly Rent and the date to which such Rent has been paid; (iv) that this Lease is in full force and effect and has not been assigned, modified, supplemented or amended in any way; (v) that this Lease represents the entire agreement between the parties; (vi) that all obligations under this Lease to be performed by either party have been satisfied; (vii) that there are no existing claims, defenses or offsets which the Tenant has against the enforcement of this Lease by Landlord; (viii) the amount of Rent, if any, that Tenant paid in advance; (ix) the amount of security that Tenant deposited with Landlord; (x) if Tenant has sublet all or a portion of the Premises or assigned its interest in the Lease and to whom; (xi) if Tenant has any option to extend the Lease or option to purchase the Premises; and (xii) such other factual matters concerning the Lease or the Premises as Landlord may reasonably request. Tenant acknowledges and agrees that any statement delivered pursuant to this Section may be relied upon by a prospective purchaser of Landlord's interest or assignee of any mortgage or new mortgagee of Landlord's interest in the Premises. If Tenant shall fail to respond within ten (10) days to Landlord's request for the statement required by this Section, Landlord may provide the statement and Tenant shall be deemed to have admitted the accuracy of the information provided by Landlord.
27. **TRANSFER OF LANDLORD'S INTEREST.** This Lease shall be assignable by Landlord without the consent of Tenant. In the event of any transfer or transfers of Landlord's interest in the Premises, other than a transfer for collateral purposes only, upon the assumption of this Lease by the transferee, Landlord shall be automatically relieved of obligations and liabilities accruing from and after the date of such transfer, including any liability for any retained security deposit or prepaid rent, for which the transferee shall be liable, and

Tenant shall attorn to the transferee.

28. **LANDLORD'S LIABILITY.** Anything in this Lease to the contrary notwithstanding, covenants, undertakings and agreements herein made on the part of Landlord are made and intended not as personal covenants, undertakings and agreements for the purpose of binding Landlord personally or the assets of Landlord but are made and intended for the purpose of binding only the Landlord's interest in the Premises, as the same may from time to time be encumbered. In no event shall Landlord or its partners, shareholders, or members, as the case may be, ever be personally liable hereunder.
29. **RIGHT TO PERFORM.** If Tenant shall fail to timely pay any sum or perform any other act on its part to be performed hereunder, Landlord may make any such payment or perform any such other act on Tenant's behalf. Tenant shall, within ten (10) days of demand, reimburse Landlord for its expenses incurred in making such payment or performance. Landlord shall (in addition to any other right or remedy of Landlord provided by law) have the same rights and remedies in the event of the nonpayment of sums due under this Section as in the case of default by Tenant in the payment of Rent.
30. **HAZARDOUS MATERIAL.** As used herein, the term "Hazardous Material" means any hazardous, dangerous, toxic or harmful substance, material or waste including biomedical waste which is or becomes regulated by any local governmental authority, the State of Washington or the United States Government, due to its potential harm to the health, safety or welfare of humans or the environment. Landlord represents and warrants to Tenant that, to Landlord's knowledge without duty of investigation, there is no Hazardous Material on, in, or under the Premises as of the Commencement Date except as may otherwise have been disclosed to Tenant in writing before the execution of this Lease. If there is any Hazardous Material on, in, or under the Premises as of the Commencement Date which has been or thereafter becomes unlawfully released through no fault of Tenant, then Landlord shall indemnify, defend and hold Tenant harmless from any and all claims, judgments, damages, penalties, fines, costs, liabilities or losses including without limitation sums paid in settlement of claims, attorneys' fees, consultant fees and expert fees, incurred or suffered by Tenant either during or after the Lease term as the result of such contamination.

Tenant shall not cause or permit any Hazardous Material to be brought upon, kept, or used in or about, or disposed of on the Premises by Tenant, its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees, except with Landlord's prior consent and then only upon strict compliance with all applicable federal, state and local laws, regulations, codes and ordinances. If Tenant breaches the obligations stated in the preceding sentence, then Tenant shall indemnify, defend and hold Landlord harmless from any and all claims, judgments, damages, penalties, fines, costs, liabilities or losses including, without limitation, diminution in the value of the Premises; damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises, or elsewhere; damages arising from any adverse impact on marketing of space at the Premises; and sums paid in settlement of claims, attorneys' fees, consultant fees and expert fees incurred or suffered by Landlord either during or after the Lease term. These indemnifications by Landlord and Tenant include, without limitation, costs incurred in connection with any investigation of site conditions or any clean-up, remedial, removal or restoration work, whether or not required by any federal, state or local governmental agency or political subdivision, because of Hazardous Material present in the Premises, or in soil or ground water on or under the Premises. Tenant shall immediately notify Landlord of any inquiry, investigation or notice that Tenant may receive from any third party regarding the actual or suspected presence of Hazardous Material on the Premises.

Without limiting the foregoing, if the presence of any Hazardous Material brought upon, kept or used in or about the Premises by Tenant, its employees, officers, agents, servants, contractors, customers, clients, visitors, guests, or other licensees or invitees, results in any unlawful release of any Hazardous Materials on the Premises or any other property, Tenant shall promptly take all actions, at its sole expense, as are necessary to return the Premises or any other property to the condition existing prior to the release of any such Hazardous Material; provided that Landlord's approval of such actions shall first be obtained, which approval may be withheld at Landlord's sole discretion. The provisions of this Section shall survive expiration or termination of this Lease.

31. **QUIET ENJOYMENT.** So long as Tenant pays the Rent and performs all of its obligations in this Lease,

Tenant's possession of the Premises will not be disturbed by Landlord or anyone claiming by, through or under Landlord.

32. **MERGER.** The voluntary or other surrender of this Lease by Tenant, or a mutual cancellation thereof, shall not work a merger and shall, at the option of Landlord, terminate all or any existing subtenancies or may, at the option of Landlord, operate as an assignment to Landlord of any or all of such subtenancies.

33. **GENERAL.**

- a. **Heirs and Assigns.** This Lease shall apply to and be binding upon Landlord and Tenant and their respective heirs, executors, administrators, successors and assigns.
- b. **Brokers' Fees.** Tenant represents and warrants to Landlord that except for Tenant's Broker, if any, described or disclosed in Section 35 of this Lease, it has not engaged any broker, finder or other person who would be entitled to any commission or fees for the negotiation, execution or delivery of this Lease and shall indemnify and hold harmless Landlord against any loss, cost, liability or expense incurred by Landlord as a result of any claim asserted by any such broker, finder or other person on the basis of any arrangements or agreements made or alleged to have been made by or on behalf of Tenant. Landlord represents and warrants to Tenant that except for Landlord's Broker, if any, described and disclosed in Section 35 of this Lease, it has not engaged any broker, finder or other person who would be entitled to any commission or fees for the negotiation, execution or delivery of this Lease and shall indemnify and hold harmless Tenant against any loss, cost, liability or expense incurred by Tenant as a result of any claim asserted by any such broker, finder or other person on the basis of any arrangements or agreements made or alleged to have been made by or on behalf of Landlord.
- c. **Entire Agreement.** This Lease contains all of the covenants and agreements between Landlord and Tenant relating to the Premises. No prior or contemporaneous agreements or understandings pertaining to the Lease shall be valid or of any force or effect and the covenants and agreements of this Lease shall not be altered, modified or amended to except in writing signed by Landlord and Tenant.
- d. **Severability.** Any provision of this Lease which shall prove to be invalid, void or illegal shall in no way affect, impair or invalidate any other provision of this Lease.
- e. **Force Majeure.** Time periods for either party's performance under any provisions of this Lease (excluding payment of Rent) shall be extended for periods of time during which the party's performance is prevented due to circumstances beyond such party's control, including without limitation, fires, floods, earthquakes, lockouts, strikes, embargoes, governmental regulations, acts of God, public enemy, war or other strife.
- f. **Governing Law.** This Lease shall be governed by and construed in accordance with the laws of the State of Washington.
- g. **Memorandum of Lease.** Neither this Lease nor any memorandum or "short form" thereof shall be recorded without Landlord's prior consent.

Summary of Nondiscrimination in Health Programs and Activities

The Department of Health and Human Services (HHS) issued the Final Rule implementing the prohibition of discrimination under Section 1557 of the Affordable Care Act (ACA) of 2010. The Final Rule, Nondiscrimination in Health Programs and Activities, was issued to advance equity and reduce health disparities by protecting some of the populations that have been most vulnerable to discrimination in the health care context. The final rule provides consumers' rights under the law and provides covered entities important guidance about their obligations.

Section 1557 builds on long-standing and familiar Federal civil rights laws: Title VI of the Civil Rights Act of 1964 (Title VI), Title IX of the Education Amendments of 1972 (Title IX), Section 504 of the Rehabilitation Act of 1973 (Section 504), and the Age Discrimination Act of 1975 (Age Act). Most notably, Section 1557 is the first Federal civil rights law to prohibit discrimination on the basis of sex in all health programs and activities receiving Federal financial assistance.

The rule covers:

- Any health program or activity, any part of which receives funding from HHS (such as hospitals that accept Medicare or doctors who accept Medicaid);
- Any health program that HHS itself administers;
- Health Insurance Marketplaces and all plans offered by issuers that participate in those Marketplaces

Protections under the rule

Section 1557 builds on prior Federal civil rights laws to prohibit sex discrimination in health care. The final rule requires that women be treated equally with men in the health care they receive and also prohibits the denial of health care or health coverage based on an individual's sex, including discrimination based on pregnancy, gender identity, and sex stereotyping. The final rule also requires covered health programs and activities to treat individuals consistent with their gender identity.

For individuals with disabilities, the final rule requires covered entities to make all programs and activities provided through electronic and information technology accessible; to ensure the physical accessibility of newly constructed or altered facilities; and to provide appropriate auxiliary aids and services for individuals with disabilities. Covered entities are also prohibited from using marketing practices or benefit designs that discriminate on the basis of disability and other prohibited bases.

Covered entities must take reasonable steps to provide meaningful access to each individual with limited English proficiency eligible to be served or likely to be encountered in their health programs and activities.

Enforcement

The existing enforcement mechanisms under Title VI, Title IX, Section 504 and the Age Act apply for redress of violations of Section 1557. These mechanisms include: requiring covered entities to keep records and submit compliance reports to OCR, conducting compliance reviews and complaint investigations, and providing technical assistance and guidance.

The U.S. Department of Health and Human Services (HHS), Office for Civil Rights (OCR) enforces Section 1557. When OCR finds violations, a health care provider will need to take corrective actions, which may include revising policies and procedures, and/or implementing training and monitoring programs. Health care providers may also be required to pay monetary damages. Section 1557 also allows individuals to sue health care providers in court for discrimination.

Where noncompliance be corrected by informal means, available enforcement mechanisms include suspension of, termination of, or refusal to grant or continue Federal financial assistance; referral to the Department of Justice with a recommendation to bring proceedings to enforce any rights of the United States; and any other means authorized by law.

While Section 1557 pertains to operations receiving state or federal funds, it is recommended that 100% private pay communities initiate this plan as well.

ELEMENT 1: Assessment of Needs and Capacity

Operation shall have processes to regularly identify and assess the language assistance needs of its current and potential patients/residents, as well as processes to assess the capacity to meet these needs according to the elements of this plan.

Description

Operation shall assess the language assistance needs of their current and potential patients/residents in order to drive processes necessary to implement language assistance services that increase access to their respective programs and services for all populations. This assessment may include identifying the non-English languages spoken by the population likely to be accessing the operation's services, and whether barriers – including literacy barriers – exist that hinder effective oral and written communication with individuals with LEP and/or disabilities.

Operation shall also assess its capacity to meet the needs of its current and potential patients/residents in order to fulfill its commitment to provide competent language assistance at no cost and in a timely manner to individuals with LEP and/or disabilities.

Operation shall perform self-assessments to provide meaningful access to and an equal opportunity to participate fully in their services, activities, programs or other benefits. This includes effective communication between individuals with LEP and/or disabilities and staff members and contractors.

The following steps illustrate the actions operation shall take to implement Element 1. Operations have flexibility in how these steps are implemented.

PROCEDURE

Operation shall;

- a. Consult internal experts, advocacy organizations, individuals with LEP and/or disabilities, subject matter experts, and applicable research to determine effective practices for assessing and implementing language assistance needs of current and projected patients/residents with respect to all public interface mechanisms, including but not limited to: marketing and outreach; technical assistance; face-to-face and over-the-phone customer service; ombudsman activities; websites; and multilingual survey and other patient/resident assessment instruments.

ADMISSION CRITERIA AND PROCESS
Policy No. 2-003.1

PURPOSE

To establish standards and a process by which a patient can be evaluated and accepted for admission.

POLICY

A patient will be accepted for care without discrimination on the basis of race, color, religion, age, gender, sexual orientation, disability (mental or physical), communicable disease, or place of national origin.

A patient will be accepted for care based on consideration. Consideration will be given to the adequacy and suitability of organization personnel, resources to provide the required services, and the reasonable expectation that the patient's medical, nursing, rehabilitative, and social needs can be adequately met in the patient's place of residence.

While a patient will be accepted for services based on his/her medical needs, the patient's ability to pay for such services, either through state or federal assistance programs, private insurance, or personal assets are factors that will be considered.

The organization reserves the right not to accept a patient who does not meet the admission criteria.

A patient will be referred to other resources if the organization cannot meet his/her needs.

Once a patient is admitted to service, the organization is responsible for providing care and services within its financial and service capabilities, mission, and applicable law and regulations.

Admission Criteria

1. The patient must be under the care of a physician (or other authorized licensed independent practitioner). The patient's physician (or other authorized licensed independent practitioner) must order and approve the provision of any service. A skilled service must be ordered.
2. The patient must desire home care services.
3. Columbia River Home Health will consider for acceptance any patient who is appropriate for home care, regardless of payment source.
4. The patient must reside within the geographical area which the Columbia River Home Health services.

5. The physical facilities and equipment in the patient's home must be adequate for safe and effective care.
6. Services may be provided to a patient insured by Medicare who has a primary need for skilled nursing, physical and/or speech therapy on an intermittent basis and is homebound. (A patient is considered to be homebound if he/she has a condition that restricts his/her ability to leave his/her place of residence except with the aid of supportive devices, the use of special transportation, the assistance of another person, or if he/she has a condition which is such that leaving his/her home is medically contraindicated.)
7. Acceptance for home care services will be realistically based on the patient's willingness and ability to function in a noninstitutional environment, and the willingness, ability, and availability of family/caregiver or significant individuals to participate in the care.
8. Eligibility will not be based on the patient's race, color, religion, age, gender, sexual orientation, disability (mental or physical), communicable disease, or place of national origin.

PROCEDURE

1. The organization will utilize referral information provided by the family/caregiver, health care clinicians from acute care facilities, skilled or intermediate nursing facilities, other agencies, and physician offices in the determination of eligibility for admission to the program. If the patient's physician (or other authorized licensed independent practitioner) does not make the request for service, he/she will be contacted for start of care orders prior to the evaluation visit and initiation of services.
 - A. If the patient resides in an assisted living facility, it will be determined the type of state license the facility holds, if any, and the required services the facility is obligated to provide.
 - B. A copy of the patient's service agreement with the facility will be viewed to ensure that home health services ordered and provided are not duplicative of those services or required to be provided by the facility.
2. The Clinical Supervisor will assign clinical organization personnel to conduct initial assessments of eligibility for services within seven (7) days of receipt and acceptance of referral information and/or discharge from referring facility.
 - A. The initial assessment visit must then be performed either within seven (7) days of the referral, or within 48 hours of the patient's return home, or on the start of care date ordered by the physician (or other authorized licensed independent practitioner).
 - B. The patient's most critical needs for home care services must be identified during the initial assessment and must be met in a timely fashion.

- C. The initial assessment and comprehensive assessment must be conducted by a registered nurse unless physical therapy or speech language pathology is the only requested service for that patient. In those cases, the physical therapist or speech therapist may conduct the initial assessment and the comprehensive assessment. These assessments may be conducted by the occupational therapist if the need for occupational therapy establishes program eligibility.
- 3. Assignment of appropriate clinical personnel to conduct the initial assessment of patient's eligibility for admission will be based on:
 - A. Patient's geographical location
 - B. Complexity of the patient's medical needs and level of care required
 - C. Organization personnel's education and experience
 - D. Organization personnel's special training and their competence to meet patient's needs
 - E. Urgency of identified need for assessment
- 4. In the event that the time frame for assessment cannot be met, the patient's physician (or other authorized licensed independent practitioner), the referral source, and the patient, will be notified for approval of the delay.
 - A. Such notification and approval will be documented.
 - B. If approval is not obtained for the delay, the patient will be referred to another organization for services.
 - C. Approved delays may occur based on the request of patient, designated family member, legal representative, or referral source, or the patient's physician or practitioner
 - D. Approved delays may occur when the agency has challenges in contacting the patient, designated family member, or legal representative.
- 5. A nurse or therapist will attempt to make an initial contact prior to the patient's hospital discharge if possible or appropriate. The initial home visit will be made within 48 hours after the patient's discharge from a facility or as ordered by the physician (or other authorized licensed independent practitioner).
- 6. During the initial assessment visit, the admitting clinician will assess the patient's eligibility for home care services according to the admission criteria to determine or confirm:

If a face-to-face encounter has not been completed prior to admission, the clinician will explain the requirement that a face-to-face encounter visit with their physician (or other authorized licensed independent practitioner) must be completed within 30 days of admission.
9. The admitting clinician will document that the above information has been furnished to the patient and family/caregiver, and they will also document any information not understood by the patient and family/caregiver.

Policy No. 2-003.5

11. The patient or his/her representative will sign the required forms indicating acceptance of services and receipt of patient rights and privacy information.

13. The admitting clinician will consult with the Clinical Supervisor concerning the patient's condition following the initial visit. Based on the clinical personnel's assessment of the patient's eligibility for admission, the patient will be admitted for services or referred to alternate sources for care.
14. If the patient is accepted for home health care, an initial plan of care will be developed in consultation with the physician (or other authorized licensed independent practitioner) and the patient and then submitted to the physician for signature.

THIS CONSULTING, PROFESSIONAL, AND OPERATIONAL SUPPORT SERVICES AGREEMENT ("Agreement") is made and entered into by and between the above-named Consultant and Agency as of the Effective Date, with respect to the following facts and intentions:

A. Agency is an independently operated, licensed and certified Home Health, Hospice and/or Home Care Agency operating from the address set forth above (the "Agency Primary Location");

B. Consultant is a provider of centralized consulting, professional, and operational support designed to aid the efficient, competitive, and sound operation of entities like Agency;

C. Agency desires to engage the services of Consultant to assist Agency personnel with aspects of Agency's operations and activities, in order to facilitate Agency personnel's focus on Agency's primary mission of rendering superior hospice services to the Agency's patients and clients.

NOW THEREFORE, IN CONSIDERATION OF THE PREMISES and for other good and valuable consideration, the receipt and sufficiency of which the parties hereby mutually acknowledge, the parties agree to the following:

TERMS AND CONDITIONS

1. Incorporation of Exhibits and Recitals. The Recitals set forth above, as well as the exhibits attached hereto, are incorporated herein by this reference as if fully set forth herein.

2. Consultant's Duties. The Consultant agrees to provide such of the following services ("Services") as Agency, at Agency's option and request from time to time, desires to obtain from Consultant during the term of this Agreement, and to perform its duties hereunder in a good, professional and workmanlike manner. Such duties shall include, without limitation (herein the "Services"):

2.1. General Consultant's Duties, Generally.

2.1.1. Consultant will provide Services in substantial conformance to applicable federal and state laws and the established policies of Consultant and Agency in effect from time to time, and Consultant will conduct periodic self-audit/compliance reviews in order to ensure that Consultant substantially complies with federal, state and local statutes and regulations applicable to the provision of the Services. Agency hereby grants to Consultant a limited power of attorney to act in Agency's name and stead for the convenience of Agency and/or Consultant, provided that this power shall not be used except in conjunction with the enumerated Services under this Agreement.

2.1.2. Consultant shall make clear to all parties with whom it deals in the course of rendering the Services that it is an independent contractor and not an employer, employee, partner, co-venturer, or management Agency of Agency. At all times while in the Agency and while with Agency's patients, Consultant's employees and representatives shall wear uniforms and/or badges clearly indicating their affiliation with Consultant.

2.2. Specific Duties of Consultant. During the term of this Agreement, Consultant shall provide to Agency the specific Services listed in Exhibit A at the request of the Agency. In the event of any conflict between the terms of Exhibit A and the terms contained in the main body of this Agreement, the terms of Exhibit A shall control. Consultant's duties shall specifically not include (i) the rendition of any direct care to patients or residents, (ii) maintenance or handling of patient trust property, or (iii) any other service not specifically enumerated herein as a part of the Services and requested by Agency, all of which shall be the sole duty and domain of Agency, its administrators, caregivers and other staff.

3. Agency's Duties. Agency shall:

3.1. Operate its business in and from the Agency in substantial compliance with applicable laws and regulations, and maintain all federal and state licenses and certifications required to operate the Agency and provide Services to patients (collectively the "Licenses"). Agency shall perform all duties required of a licensee and provider under applicable local, state and federal laws, codes, regulations and provider agreements affecting the operation of the Agency. Within five (5) days of receipt, Agency shall deliver to Consultant notification of any actual revocation or suspension of its Licenses.

3.2. Not unreasonably restrict or limit the Consultant's right to exercise its independent professional judgment, including its right to recommend Services to be rendered

and to render such Services using such methods, technologies and procedures as Consultant deems appropriate.

3.3. Timely furnish Consultant with such information and materials as might ordinarily be expected for Consultant to perform its duties hereunder. Agency shall be solely responsible to assure the accuracy and completeness of all information provided by Agency and its personnel to Consultant, and Consultant shall be entitled to rely thereon without inquiry or diligence of any kind.

3.4. As and to the extent that Consultant's employees and agents require access to the Agency to perform the Services, Agency shall provide adequate working space, equipment and access to Agency's staff for the provision of Services. Equipment and materials placed at the Agency by Consultant shall be used exclusively for the purposes of this Agreement. Upon termination or at Consultant's request, Agency shall return equipment and materials, in the same condition as when delivered to Agency, reasonable wear and tear excepted.

3.5. In addition to the foregoing, during the term of this Agreement, Agency shall cooperate with Consultant and Consultant's other client agencies and businesses as more fully set forth in Exhibit A.

4. Compensation.

4.1. For and in consideration of the Services to be provided under this Agreement, the Agency shall pay to the Consultant as the "Consultant Compensation" a monthly consulting fee equal to five percent (5.0%) of Agency's gross revenue from all sources. A reasonable estimate of anticipated monthly Consultant Compensation shall be paid on or before the first (1st) day of each month during the Term hereof, and shall be "trued up" at the beginning of the next following month with such following month's estimated payment. Payment for any partial month of the Term shall be prorated based on the number of days during the month that Consultant served under this Agreement. In the event Agency closes during any month during the Term, the Consultant Compensation for any such month or partial month shall be calculated, at Consultant's option, based on historical revenues and patient mix. At Consultant's option Consultant shall be entitled to deduct the Consultant Compensation from sums collected for Agency by Consultant, and shall provide Agency with invoices (or if paid by deduction accountings) for the monthly fee by the last day of the month following the month of service.

4.2. In addition to and not as part of the Consultant Compensation, Agency shall reimburse Consultant for all costs and expenses advanced, incurred, or paid by Consultant in the rendition of Services.

5. Insurance.

5.1. Both Consultant and Agency agree to maintain general and professional liability insurance during the term of this agreement in an amount not less than One Million Dollars (\$1,000,000) per claim and Three Million Dollars (\$3,000,000) in the aggregate.

5.2. Both parties agree to maintain such other and further insurance as may be required by law or the terms of any agreement to which they are parties, including without

limitation worker's compensation insurance (where required by law), crime insurance, directors and officers coverage, automobile and similar liability, and property and casualty insurance, and will list Agency as named insured on all obtained policies.

5.3. All insurance policies shall be issued by insurance companies with a policyholder rating of at least "B+" in the most recent version of Best's Key Rating Guide.

6. Term and Termination. The Term of this Agreement shall commence on the Effective Date and continue thereafter for a period of one (1) year. This Agreement shall automatically extend for additional periods of one (1) year each unless written notice of termination is given not less than sixty (60) days prior to the end of the then-current term. Notwithstanding anything contained herein to the contrary, either party may terminate this Agreement and the Term hereof at any time during the Term upon sixty (60) days written notice; further, in the event of (i) abandonment by a party of its duties hereunder, (ii) nonpayment of any Consultant Compensation within five (5) days after delivery of invoice or other written demand therefor; (iii) any breach or violation of this Agreement (other than non-payment of Consultant Compensation) which is not cured within thirty (30) days following delivery of written notice of such breach or violation, (iv) any material violation of law or regulations, or loss or failure of license or licensure, or violation of the eligibility requirements for reimbursement under any government program by a party, or (v) the occurrence or existence of any condition, practice, procedure, action, inaction or omission of, by or involving a party which, in the reasonable opinion of the other party constitutes either a threat to the health, safety, and welfare of any patient or client or a violation of any law, regulation, requirement, Licenses, eligibility or material agreement governing Agency's or Consultant's operation, then the other party shall have the right to summarily and immediately terminate this Agreement upon written notice to the first party.

7. Regulatory Changes. Agency and Consultant mutually agree that in the event local, state or federal government agencies promulgate regulations which materially affect the terms of this Agreement, including but not limited to changes affecting the cost of providing Services hereunder, this Agreement shall be immediately subject to renegotiation upon the initiative of either party.

8. Warranties.

8.1. Agency's Warranties. Agency hereby makes the following warranties and representations to Consultant in connection with Consultant's entry into this Agreement, which warranties shall survive the termination of this Agreement:

8.2.2. Consultant is authorized to consummate the transactions covered by this Consulting Agreement.

9.1. Consultant acknowledges that its activities under this Agreement may be governed by, *inter alia*, the United States Department of Health and Human Services' Office of the Inspector General's ("OIG") Compliance Program Guidance for Home Health Agencies and/or the OIG's Compliance Program Guidance for Hospices. Consultant represents and warrants that neither Consultant nor any individual or entity with a direct or indirect ownership or control interest of five percent (5%) or more in Consultant, nor any director, officer, agent or employee of such party, is debarred, suspended or excluded under any state or federal healthcare program it is currently eligible to participate in Medicare, Medicaid, and all other federally funded health care programs and is not subject to any sanction or exclusion by any of those programs. Consultant further represents and warrants that it is not currently sanctioned under any applicable state or federal fraud and abuse statutes, including exclusion from any state or federal health care program. If, during the term of this Agreement, Consultant, its parent, or any officer, director or owner receives such a sanction, or notice of proposed sanction, Consultant shall provide notice of and a full explanation of such sanction or proposed sanction and the period of its duration within ten (10) days of receipt. Agency reserves the right to terminate the Agreement immediately upon receipt of notice that Consultant has been sanctioned under fraud and abuse statutes and/or any other federal, state or local regulation.

9.2. If the Agency Primary Location is located in the state of Texas, Consultant agrees to complete, execute and deliver to Agency upon request a Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion for Covered Contracts on Form 2046 as promulgated by the Texas Department of Protective & Regulatory Services.

9.3. Consultant acknowledges that it has received a copy of Agency's Code of Conduct, and agrees to abide by the provisions thereof governing Vendors and Vendor services.

10. Consultant's Schedule and Availability.

10.1. Consultant shall be reasonably available on an on-call basis to the Agency to fulfill Consultant's duties hereunder.

10.2. Nothing in this Agreement shall be construed as limiting or restricting in any manner Consultant's right to render the same or similar services to other individuals or entities, including but not limited to, other hospice and in-home care during or subsequent to the Term of this Agreement; similarly, nothing in this Agreement shall require Agency to exclusively use all of Consultant's services in the Agency during the Term of this Agreement.

10.3. Consultant's employees and representatives are entitled to be reasonably absent for annual vacations, sick leave, continuing education, and personal reasons; provided that in the event of any absence Consultant shall consult with the Agency concerning the impending absence and cooperate with the Agency in providing alternate resources to Agency to temporarily fulfill Consultant's duties during the period of absence.

11. Contractual Relationship.

11.1. Independent Contractor. It is expressly acknowledged by both parties that Consultant is an independent contractor. Nothing herein is intended to be construed to create an employer-employee, partnership, joint venturer or other relationship between Consultant and the Agency. Agency has and shall retain all statutory liability and responsibility for the continued operation of the Agency as the licensee under Agency's Licenses. No provision of this Agreement shall create any right in the Agency to exercise control or direction over the manner or method by which Consultant performs its duties or renders Services hereunder, nor shall Consultant exercise control or direction over the manner or method by which Agency operates or serves its patients and clients; provided always, that services shall be provided in a manner consistent with all applicable laws, rules and regulations of all governmental authorities, and Agency's Code of Conduct. Agency will not withhold from compensation payable to Consultant hereunder, or be in any way responsible for, any sums for income tax, employment insurance, Social Security, or any other agency and Consultant agrees that the payment of all such amounts as may be required by law are and shall be the sole responsibility of Consultant.

11.2. Fair Market Value. The amounts to be paid to Consultant hereunder have been determined by the parties through good faith and arms-length bargaining to be the fair market value of the services to be rendered hereunder. No amount paid or to be paid hereunder is intended to be, nor will it be construed as, an offer, inducement or payment, whether directly or indirectly, overtly or covertly, for the referral of patients by Consultant to Agency, or by Agency to Consultant, or for the recommending or arranging of the purchase, lease or order of any item or service. For purposes of this section, Consultant and Agency will include each such entity and any affiliate thereof. No referrals are required under this Agreement.

11.3. Work Product. The work product created in the course of Consultant's services under this agreement shall be the exclusive property of Consultant, and all manuals, forms, and documents (including without limitation, all writings, drawings, blueprints, pictures, recordings, computer or machine readable data, and all copies or reproductions thereof) which result from, describe or relate to the services performed or to be performed pursuant to this agreement or the results thereof, including without limitation all notes, data, reports or other information received or generated in the performance of this Agreement (excepting data incorporated in medical records required to be kept and maintained by Agency), shall be the exclusive property of Consultant and shall be delivered to Consultant upon request.

11.4. Non-Solicitation of Consultant's Employees. During the term of this Agreement, Agency shall not solicit the services of, or hire as an employee or independent contractor at the Agency, any Consultant employee, agent or representative who provided, managed or otherwise was involved in the provision of Services to Agency within the previous twelve (12) months (a "Restricted Employee"). Nothing herein shall preclude Agency from advertising available positions or opportunities by posting in the Agency or through newspaper ads or other generally accepted recruiting mediums. The parties acknowledge that the restrictions set forth in this Article are reasonable in scope and important to Consultant's business interests, and that the enforcement of this Article does not restrict Agency from engaging in Services for its own account. In the event that Agency hires a Restricted Employee, Agency shall pay a recruiting fee to Consultant in the amount of Seven Thousand Five Hundred and No/100 Dollars (\$7,500.00) per Restricted Employee hired.

12. Indemnification.

12.1. Agency agrees to defend, indemnify, and hold Consultant, its parent, subsidiaries, affiliated and related companies, directors, officers, employees, and agents, wholly harmless from and against any and all costs (including reasonable attorney's fees) liabilities, claims, losses, lawsuits, settlements, demands, causes, judgments and expenses arising from the performance of this Agreement to the extent that such costs and liabilities result from the negligence or willful misconduct of Agency.

12.2. Consultant agrees to defend, indemnify, and hold Agency, its parent, subsidiaries, affiliated and related companies, directors, officers, employees, and agents, wholly harmless for, from and against any and all costs (including reasonable attorney's fees), liabilities, claims, losses, lawsuits, settlements, demands, causes, judgments and expenses arising from or connected with Consultant's acts or omissions or the performance of this Agreement, to the extent that such costs and liabilities are alleged to result from the negligence or willful misconduct of Consultant.

12.3. A party receiving notice of a claim or potential claim shall send written notice to the other within ten (10) business days, and shall fully cooperate in the defense thereof by counsel mutually acceptable to the parties. The parties' rights to indemnification set forth in this Article are non-exclusive and are not intended to affect in any way any other rights of the parties to indemnification under applicable federal, state or local laws and regulations.

13. Access to Books and Records. Pursuant to 42 U.S.C. §1395x(V)(1)(I), during the four (4) year period after completion of services hereunder, the Agency will, upon written request, make available to the Secretary of Health and Human Services or to the Comptroller General, or their duly authorized representatives, this Agreement, books, documents, and

records that are necessary to certify the nature and extent of costs incurred by the Agency under the provisions of this Agreement. This provision shall be in force for any twelve (12) month period during which the total value of services provided or goods delivered hereunder is Ten Thousand Dollars (\$10,000) or more. This section shall have no effect unless Consultant is deemed a "subcontractor" under any regulation adopted under the provision of the United States Code cited above.

In the course of performing Consultant's services, duties and obligations herein, Consultant may receive, create or obtain access to PHI. Consultant agrees to maintain the security and confidentiality of PHI, as required of Agency by applicable laws and regulations, including without limitation the HIPAA Rules, and to execute and deliver such additional documentation and assurances as Agency may reasonably request to comply with HIPAA and any amendments thereto and related laws and regulations, including, but not limited to, the Business Associate Agreement attached hereto as Exhibit B.

14.2. Correlation of Record Handling Requirements. In the event of any conflict between the requirements of this Article 14 and/or between the various laws, statutes, ordinances and regulations relating to or otherwise affecting the subject matter thereof, the requirement or applicable law that that presents the most stringent standard for compliance, as reasonably determined by Agency, shall be followed, such that compliance is achieved or maximized in all cases.

14.3. Confidential Information. Consultant shall preserve the confidentiality of all private, confidential and/or proprietary information disclosed to or discovered by Consultant in connection with this Agreement, including, without limitation, nonpublic financial information, manuals, protocols, policies, procedures, marketing, and strategic information, Agency lists, computer software, training materials, resident/patient health information, resident/patient records, and resident/patient care and outcomes data ("Confidential Information") as and to the extent required by law. Consultant shall not use for its own benefit or disclose or otherwise disseminate to third parties, directly or indirectly, any Confidential Information without prior written consent from Agency, provided however that if Consultant grants Agency access to, and Agency uses, Consultant's databases or information sharing mechanisms, Agency's information may be provided to similar agencies and Agency hereby grants Agency's consent to such information sharing as a condition to Agency's receipt of access to such mechanisms and the data they contain from time to time. Upon termination of this Agreement, all Confidential Information and copies thereof shall be returned to Agency. Consultant and Agency shall comply with applicable federal, state and local laws and regulations with respect to all Confidential Information, including, but not limited to, any disclosures thereof pursuant to this section.

16. Arbitration.

16.1. Any controversy, dispute or claim arising in connection with the interpretation, performance or breach of this Lease, including any claim based on contract, tort or statute, shall be determined by final and binding, confidential arbitration with Judicial Mediation and Arbitration Service ("JAMS/Endispute") in Ada County, Idaho, provided that if JAMS/Endispute (or any successor organization thereto) no longer exists, then such arbitration shall be administered by the American Arbitration Association ("AAA") in accordance with its then-existing Commercial Arbitration Rules, and the sole arbitrator shall be selected in accordance with such AAA rules. Any arbitration hereunder shall be governed by the United States Arbitration Act, 9 U.S.C. 1-16 (or any successor legislation thereto), and judgment upon the award rendered by the arbitrator may be entered by any state or federal court having jurisdiction thereof. Neither Agency, Consultant, nor the arbitrator shall disclose the existence, content or results of any arbitration hereunder without the prior written consent of all parties; provided, however, that either party may disclose the existence, content or results of any such arbitration to its partners, officers, directors, employees, agents, attorneys and accountants and to any other Person to whom disclosure is required by applicable Legal Requirements, including pursuant to an order of a court of competent jurisdiction. Unless otherwise agreed by the parties, any arbitration hereunder shall be held at a neutral location selected by the arbitrator in Ada County, Idaho. If the steps are unsuccessful, the Non-Breaching Party must terminate the Agreement if feasible. The Non-Breaching Party shall provide written notice to the Breaching Party of any pattern of activity or practice of the Breaching Party that the Non-Breaching Party believes constitutes a material breach or violation of the Breaching Party's obligations under this Agreement within three (3) days of discovery and shall meet with the Breaching Party's Privacy Coordinator to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

THIS CONSULTING, PROFESSIONAL, AND OPERATIONAL SUPPORT SERVICES AGREEMENT ("Agreement") is made and entered into by and between the above-named Consultant and Agency as of the Effective Date, with respect to the following facts and intentions:

R E C I T A L S

A. Agency is an independently operated, licensed and certified Home Health, Hospice and/or Home Care Agency operating from the address set forth above (the "Agency Primary Location");

B. Consultant is a provider of centralized consulting, professional, and operational support designed to aid the efficient, competitive, and sound operation of entities like Agency;

C. Agency desires to engage the services of Consultant to assist Agency personnel with aspects of Agency's operations and activities, in order to facilitate Agency personnel's focus on Agency's primary mission of rendering superior hospice services to the Agency's patients and clients.

NOW THEREFORE, IN CONSIDERATION OF THE PREMISES and for other good and valuable consideration, the receipt and sufficiency of which the parties hereby mutually acknowledge, the parties agree to the following:

TERMS AND CONDITIONS

1. Incorporation of Exhibits and Recitals. The Recitals set forth above, as well as the exhibits attached hereto, are incorporated herein by this reference as if fully set forth herein.

2. Consultant's Duties. The Consultant agrees to provide such of the following services ("Services") as Agency, at Agency's option and request from time to time, desires to obtain from Consultant during the term of this Agreement, and to perform its duties hereunder in a good, professional and workmanlike manner. Such duties shall include, without limitation (herein the "Services"):

2.1. General Consultant's Duties, Generally.

2.1.1. Consultant will provide Services in substantial conformance to applicable federal and state laws and the established policies of Consultant and Agency in effect from time to time, and Consultant will conduct periodic self-audit/compliance reviews in order to ensure that Consultant substantially complies with federal, state and local statutes and regulations applicable to the provision of the Services. Agency hereby grants to Consultant a limited power of attorney to act in Agency's name and stead for the convenience of Agency and/or Consultant, provided that this power shall not be used except in conjunction with the enumerated Services under this Agreement.

2.1.2. Consultant shall make clear to all parties with whom it deals in the course of rendering the Services that it is an independent contractor and not an employer, employee, partner, co-venturer, or management Agency of Agency. At all times while in the Agency and while with Agency's patients, Consultant's employees and representatives shall wear uniforms and/or badges clearly indicating their affiliation with Consultant.

2.2. Specific Duties of Consultant. During the term of this Agreement, Consultant shall provide to Agency the specific Services listed in Exhibit A at the request of the Agency. In the event of any conflict between the terms of Exhibit A and the terms contained in the main body of this Agreement, the terms of Exhibit A shall control. Consultant's duties shall specifically not include (i) the rendition of any direct care to patients or residents, (ii) maintenance or handling of patient trust property, or (iii) any other service not specifically enumerated herein as a part of the Services and requested by Agency, all of which shall be the sole duty and domain of Agency, its administrators, caregivers and other staff.

3. Agency's Duties. Agency shall:

3.1. Operate its business in and from the Agency in substantial compliance with applicable laws and regulations, and maintain all federal and state licenses and certifications required to operate the Agency and provide Services to patients (collectively the "Licenses"). Agency shall perform all duties required of a licensee and provider under applicable local, state and federal laws, codes, regulations and provider agreements affecting the operation of the Agency. Within five (5) days of receipt, Agency shall deliver to Consultant notification of any actual revocation or suspension of its Licenses.

3.2. Not unreasonably restrict or limit the Consultant's right to exercise its independent professional judgment, including its right to recommend Services to be rendered

and to render such Services using such methods, technologies and procedures as Consultant deems appropriate.

3.3. Timely furnish Consultant with such information and materials as might ordinarily be expected for Consultant to perform its duties hereunder. Agency shall be solely responsible to assure the accuracy and completeness of all information provided by Agency and its personnel to Consultant, and Consultant shall be entitled to rely thereon without inquiry or diligence of any kind.

3.4. As and to the extent that Consultant's employees and agents require access to the Agency to perform the Services, Agency shall provide adequate working space, equipment and access to Agency's staff for the provision of Services. Equipment and materials placed at the Agency by Consultant shall be used exclusively for the purposes of this Agreement. Upon termination or at Consultant's request, Agency shall return equipment and materials, in the same condition as when delivered to Agency, reasonable wear and tear excepted.

3.5. In addition to the foregoing, during the term of this Agreement, Agency shall cooperate with Consultant and Consultant's other client agencies and businesses as more fully set forth in Exhibit A.

4. Compensation.

4.1. For and in consideration of the Services to be provided under this Agreement, the Agency shall pay to the Consultant as the "Consultant Compensation" a monthly consulting fee equal to five percent (5.0%) of Agency's gross revenue from all sources. A reasonable estimate of anticipated monthly Consultant Compensation shall be paid on or before the first (1st) day of each month during the Term hereof, and shall be "trued up" at the beginning of the next following month with such following month's estimated payment. Payment for any partial month of the Term shall be prorated based on the number of days during the month that Consultant served under this Agreement. In the event Agency closes during any month during the Term, the Consultant Compensation for any such month or partial month shall be calculated, at Consultant's option, based on historical revenues and patient mix. At Consultant's option Consultant shall be entitled to deduct the Consultant Compensation from sums collected for Agency by Consultant, and shall provide Agency with invoices (or if paid by deduction accountings) for the monthly fee by the last day of the month following the month of service.

4.2. In addition to and not as part of the Consultant Compensation, Agency shall reimburse Consultant for all costs and expenses advanced, incurred, or paid by Consultant in the rendition of Services.

5. Insurance.

5.1. Both Consultant and Agency agree to maintain general and professional liability insurance during the term of this agreement in an amount not less than One Million Dollars (\$1,000,000) per claim and Three Million Dollars (\$3,000,000) in the aggregate.

5.2. Both parties agree to maintain such other and further insurance as may be required by law or the terms of any agreement to which they are parties, including without

limitation worker's compensation insurance (where required by law), crime insurance, directors and officers coverage, automobile and similar liability, and property and casualty insurance, and will list Agency as named insured on all obtained policies.

5.3. All insurance policies shall be issued by insurance companies with a policyholder rating of at least "B+" in the most recent version of Best's Key Rating Guide.

6. Term and Termination. The Term of this Agreement shall commence on the Effective Date and continue thereafter for a period of one (1) year. This Agreement shall automatically extend for additional periods of one (1) year each unless written notice of termination is given not less than sixty (60) days prior to the end of the then-current term. Notwithstanding anything contained herein to the contrary, either party may terminate this Agreement and the Term hereof at any time during the Term upon sixty (60) days written notice; further, in the event of (i) abandonment by a party of its duties hereunder, (ii) nonpayment of any Consultant Compensation within five (5) days after delivery of invoice or other written demand therefor; (iii) any breach or violation of this Agreement (other than non-payment of Consultant Compensation) which is not cured within thirty (30) days following delivery of written notice of such breach or violation, (iv) any material violation of law or regulations, or loss or failure of license or licensure, or violation of the eligibility requirements for reimbursement under any government program by a party, or (v) the occurrence or existence of any condition, practice, procedure, action, inaction or omission of, by or involving a party which, in the reasonable opinion of the other party constitutes either a threat to the health, safety, and welfare of any patient or client or a violation of any law, regulation, requirement, Licenses, eligibility or material agreement governing Agency's or Consultant's operation, then the other party shall have the right to summarily and immediately terminate this Agreement upon written notice to the first party.

7. Regulatory Changes. Agency and Consultant mutually agree that in the event local, state or federal government agencies promulgate regulations which materially affect the terms of this Agreement, including but not limited to changes affecting the cost of providing Services hereunder, this Agreement shall be immediately subject to renegotiation upon the initiative of either party.

8. Warranties.

8.1. Agency's Warranties. Agency hereby makes the following warranties and representations to Consultant in connection with Consultant's entry into this Agreement, which warranties shall survive the termination of this Agreement:

8.1.1. Agency is properly licensed by the State in which the Agency's operation(s) is located by the proper licensing and certification authorities for such State, and all permits and licenses required for the operation of Agency's business(es) have been received and are now currently effective.

8.1.2. As of the Effective Date, except as specifically disclosed on Schedule 1 attached hereto and incorporated herein, there is no litigation, administrative proceedings, event, or hold or similar lien on State or Federal payments to Agency, either underway or threatened, nor are there arbitration proceedings or governmental investigations relating to the Agency, or the business conducted thereon underway or threatened against Agency or brought by the Agency

8.1.4. Agency has been duly formed in the state of its domicile and remains in good standing in such state, and (if operating in a state other than its domicile) has been duly registered and authorized to do business in the state where its business operation(s) is located and is in good standing in that state as well.

8.1.5. Agency is authorized to consummate the transactions covered by this Agreement.

8.2. Consultant's Warranties. Consultant hereby makes the following warranties and representations to Agency in connection with Agency's entry into this Agreement, which warranties shall survive the termination of this Agreement:

8.2.1. Consultant is a Nevada corporation in good standing, and is registered to do business in, and is in good standing with, the State of Idaho.

8.2.2. Consultant is authorized to consummate the transactions covered by this Consulting Agreement.

9. Licensure, Eligibility and Compliance.

9.1. Consultant acknowledges that its activities under this Agreement may be governed by, *inter alia*, the United States Department of Health and Human Services' Office of the Inspector General's ("OIG") Compliance Program Guidance for Home Health Agencies and/or the OIG's Compliance Program Guidance for Hospices. Consultant represents and warrants that neither Consultant nor any individual or entity with a direct or indirect ownership or control interest of five percent (5%) or more in Consultant, nor any director, officer, agent or employee of such party, is debarred, suspended or excluded under any state or federal healthcare program it is currently eligible to participate in Medicare, Medicaid, and all other federally funded health care programs and is not subject to any sanction or exclusion by any of those programs. Consultant agrees to immediately disclose any actual or threatened federal, state or local investigations or imposed sanctions of any kind, in progress or initiated subsequent to the date of entering into this Agreement. Consultant further represents and warrants that it is not currently sanctioned under any applicable state or federal fraud and abuse statutes, including exclusion from any state or federal health care program. If, during the term of this Agreement, Consultant, its parent, or any officer, director or owner receives such a sanction, or notice of proposed sanction, Consultant shall provide notice of and a full explanation of such sanction or proposed sanction and the period of its duration within ten (10) days of receipt. Agency reserves the right to terminate the Agreement immediately upon receipt of notice that Consultant has been sanctioned under fraud and abuse statutes and/or any other federal, state or local regulation.

9.2. If the Agency Primary Location is located in the state of Texas, Consultant agrees to complete, execute and deliver to Agency upon request a Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion for Covered Contracts on Form 2046 as promulgated by the Texas Department of Protective & Regulatory Services.

9.3. Consultant acknowledges that it has received a copy of Agency's Code of Conduct, and agrees to abide by the provisions thereof governing Vendors and Vendor services.

10. Consultant's Schedule and Availability.

10.1. Consultant shall be reasonably available on an on-call basis to the Agency to fulfill Consultant's duties hereunder.

10.2. Nothing in this Agreement shall be construed as limiting or restricting in any manner Consultant's right to render the same or similar services to other individuals or entities, including but not limited to, other hospice and in-home care during or subsequent to the Term of this Agreement; similarly, nothing in this Agreement shall require Agency to exclusively use all of Consultant's services in the Agency during the Term of this Agreement.

10.3. Consultant's employees and representatives are entitled to be reasonably absent for annual vacations, sick leave, continuing education, and personal reasons; provided that in the event of any absence Consultant shall consult with the Agency concerning the impending absence and cooperate with the Agency in providing alternate resources to Agency to temporarily fulfill Consultant's duties during the period of absence.

11. Contractual Relationship.

11.1. Independent Contractor. It is expressly acknowledged by both parties that Consultant is an independent contractor. Nothing herein is intended to be construed to create an employer-employee, partnership, joint venturer or other relationship between Consultant and the Agency. Agency has and shall retain all statutory liability and responsibility for the continued operation of the Agency as the licensee under Agency's Licenses. No provision of this Agreement shall create any right in the Agency to exercise control or direction over the manner or method by which Consultant performs its duties or renders Services hereunder, nor shall Consultant exercise control or direction over the manner or method by which Agency operates or serves its patients and clients; provided always, that services shall be provided in a manner consistent with all applicable laws, rules and regulations of all governmental authorities, and Agency's Code of Conduct. Agency will not withhold from compensation payable to Consultant hereunder, or be in any way responsible for, any sums for income tax, employment insurance, Social Security, or any other agency and Consultant agrees that the payment of all such amounts as may be required by law are and shall be the sole responsibility of Consultant.

11.2. Fair Market Value. The amounts to be paid to Consultant hereunder have been determined by the parties through good faith and arms-length bargaining to be the fair market value of the services to be rendered hereunder. No amount paid or to be paid hereunder is intended to be, nor will it be construed as, an offer, inducement or payment, whether directly or indirectly, overtly or covertly, for the referral of patients by Consultant to Agency, or by Agency to Consultant, or for the recommending or arranging of the purchase, lease or order of any item or service. For purposes of this section, Consultant and Agency will include each such entity and any affiliate thereof. No referrals are required under this Agreement.

11.3. Work Product. The work product created in the course of Consultant's services under this agreement shall be the exclusive property of Consultant, and all manuals, forms, and documents (including without limitation, all writings, drawings, blueprints, pictures, recordings, computer or machine readable data, and all copies or reproductions thereof) which result from, describe or relate to the services performed or to be performed pursuant to this agreement or the results thereof, including without limitation all notes, data, reports or other information received or generated in the performance of this Agreement (excepting data incorporated in medical records required to be kept and maintained by Agency), shall be the exclusive property of Consultant and shall be delivered to Consultant upon request.

11.4. Non-Solicitation of Consultant's Employees. During the term of this Agreement, Agency shall not solicit the services of, or hire as an employee or independent contractor at the Agency, any Consultant employee, agent or representative who provided, managed or otherwise was involved in the provision of Services to Agency within the previous twelve (12) months (a "Restricted Employee"). Nothing herein shall preclude Agency from advertising available positions or opportunities by posting in the Agency or through newspaper ads or other generally accepted recruiting mediums. The parties acknowledge that the restrictions set forth in this Article are reasonable in scope and important to Consultant's business interests, and that the enforcement of this Article does not restrict Agency from engaging in Services for its own account. In the event that Agency hires a Restricted Employee, Agency shall pay a recruiting fee to Consultant in the amount of Seven Thousand Five Hundred and No/100 Dollars (\$7,500.00) per Restricted Employee hired.

12. Indemnification.

12.1. Agency agrees to defend, indemnify, and hold Consultant, its parent, subsidiaries, affiliated and related companies, directors, officers, employees, and agents, wholly harmless from and against any and all costs (including reasonable attorney's fees) liabilities, claims, losses, lawsuits, settlements, demands, causes, judgments and expenses arising from the performance of this Agreement to the extent that such costs and liabilities result from the negligence or willful misconduct of Agency.

12.2. Consultant agrees to defend, indemnify, and hold Agency, its parent, subsidiaries, affiliated and related companies, directors, officers, employees, and agents, wholly harmless for, from and against any and all costs (including reasonable attorney's fees), liabilities, claims, losses, lawsuits, settlements, demands, causes, judgments and expenses arising from or connected with Consultant's acts or omissions or the performance of this Agreement, to the extent that such costs and liabilities are alleged to result from the negligence or willful misconduct of Consultant.

12.3. A party receiving notice of a claim or potential claim shall send written notice to the other within ten (10) business days, and shall fully cooperate in the defense thereof by counsel mutually acceptable to the parties. The parties' rights to indemnification set forth in this Article are non-exclusive and are not intended to affect in any way any other rights of the parties to indemnification under applicable federal, state or local laws and regulations.

13. Access to Books and Records. Pursuant to 42 U.S.C. §1395x(V)(1)(I), during the four (4) year period after completion of services hereunder, the Agency will, upon written request, make available to the Secretary of Health and Human Services or to the Comptroller General, or their duly authorized representatives, this Agreement, books, documents, and

records that are necessary to certify the nature and extent of costs incurred by the Agency under the provisions of this Agreement. This provision shall be in force for any twelve (12) month period during which the total value of services provided or goods delivered hereunder is Ten Thousand Dollars (\$10,000) or more. This section shall have no effect unless Consultant is deemed a "subcontractor" under any regulation adopted under the provision of the United States Code cited above.

14. Privacy.

14.1. HIPAA Applicability and Compliance. Agency may be a "Covered Entity" under, and required to comply with, the applicable provisions of the Health Insurance Portability and Accountability Act of 1996 as amended ("HIPAA") and the regulations and guidelines pertaining thereto (collectively with HIPAA the "HIPAA Rules"), and to obtain sufficient assurances that its contracting parties will appropriately safeguard patients' "Protected Health Information" ("PHI") as defined in the HIPAA Rules. In the course of performing Consultant's services, duties and obligations herein, Consultant may receive, create or obtain access to PHI. Consultant agrees to maintain the security and confidentiality of PHI, as required of Agency by applicable laws and regulations, including without limitation the HIPAA Rules, and to execute and deliver such additional documentation and assurances as Agency may reasonably request to comply with HIPAA and any amendments thereto and related laws and regulations, including, but not limited to, the Business Associate Agreement attached hereto as Exhibit B.

14.2. Correlation of Record Handling Requirements. In the event of any conflict between the requirements of this Article 14 and/or between the various laws, statutes, ordinances and regulations relating to or otherwise affecting the subject matter thereof, the requirement or applicable law that that presents the most stringent standard for compliance, as reasonably determined by Agency, shall be followed, such that compliance is achieved or maximized in all cases.

14.3. Confidential Information. Consultant shall preserve the confidentiality of all private, confidential and/or proprietary information disclosed to or discovered by Consultant in connection with this Agreement, including, without limitation, nonpublic financial information, manuals, protocols, policies, procedures, marketing, and strategic information, Agency lists, computer software, training materials, resident/patient health information, resident/patient records, and resident/patient care and outcomes data ("Confidential Information") as and to the extent required by law. Consultant shall not use for its own benefit or disclose or otherwise disseminate to third parties, directly or indirectly, any Confidential Information without prior written consent from Agency, provided however that if Consultant grants Agency access to, and Agency uses, Consultant's databases or information sharing mechanisms, Agency's information may be provided to similar agencies and Agency hereby grants Agency's consent to such information sharing as a condition to Agency's receipt of access to such mechanisms and the data they contain from time to time. Upon termination of this Agreement, all Confidential Information and copies thereof shall be returned to Agency. Consultant and Agency shall comply with applicable federal, state and local laws and regulations with respect to all Confidential Information, including, but not limited to, any disclosures thereof pursuant to this section.

15. Notices. All notices which are required or which may be given pursuant to the terms of this Agreement shall be in writing and shall be sufficient in all respects if given in writing and delivered personally or by registered or certified mail, return receipt requested, or

by a comparable commercial delivery system, and notice shall be deemed to be given on the date hand-delivered or on the date which is three (3) business days after the date deposited in United States mail, or with a comparable commercial delivery system, with postage or other delivery charges thereon prepaid, at the addresses first set forth above or such other addresses as Agency and Consultant may designate by written notice to the other from time to time.

16. Arbitration.

16.1. Any controversy, dispute or claim arising in connection with the interpretation, performance or breach of this Lease, including any claim based on contract, tort or statute, shall be determined by final and binding, confidential arbitration with Judicial Mediation and Arbitration Service ("JAMS/Endispute") in Ada County, Idaho, provided that if JAMS/Endispute (or any successor organization thereto) no longer exists, then such arbitration shall be administered by the American Arbitration Association ("AAA") in accordance with its then-existing Commercial Arbitration Rules, and the sole arbitrator shall be selected in accordance with such AAA rules. Any arbitration hereunder shall be governed by the United States Arbitration Act, 9 U.S.C. 1-16 (or any successor legislation thereto), and judgment upon the award rendered by the arbitrator may be entered by any state or federal court having jurisdiction thereof. Neither Agency, Consultant, nor the arbitrator shall disclose the existence, content or results of any arbitration hereunder without the prior written consent of all parties; provided, however, that either party may disclose the existence, content or results of any such arbitration to its partners, officers, directors, employees, agents, attorneys and accountants and to any other Person to whom disclosure is required by applicable Legal Requirements, including pursuant to an order of a court of competent jurisdiction. Unless otherwise agreed by the parties, any arbitration hereunder shall be held at a neutral location selected by the arbitrator in Ada County, Idaho. The cost of the arbitrator and the expenses relating to the arbitration (exclusive of legal fees) shall be borne equally by Agency and Consultant unless otherwise specified in the award of the arbitrator, in which case such fees and costs paid or payable to the arbitrator shall be included in "reasonable costs and attorneys' fees" for purposes of Section 17.2, and the arbitrator shall specifically have the power to award to the prevailing party pursuant to such Section 17.2 such party's costs and expenses, including fees and costs paid to the arbitrator.

16.2. To the extent that Covered Entity determines that such examination is necessary to comply with Covered Entity's legal obligation pursuant to HIPAA, the HIPAA Regulations, and the HITECH Act, Covered Entity or its authorized agents or contractors may, at Covered Entity's expense, examine Business Associate's facilities, systems, procedures (including but not limited to review of training procedures for Business Associate's staff) and records as may be necessary for such agents or contractors to certify to Covered Entity the extent to which Business Associate's security safeguards comply with HIPAA, the HIPAA Regulations, the HITECH Act, and this Agreement.

9 **Indemnification.**

Notwithstanding any contrary provision in the Services Agreement, Business Associate agrees to indemnify, defend and hold harmless Covered Entity, its shareholders, directors, officers, employees, affiliates, and agents ("Indemnified Party") against all actual and direct losses suffered by the Indemnified Party from any breach of this Agreement, negligence or wrongful acts or omissions, including, without limitation, failure to perform its obligations under this Agreement or Breach of Unsecured PHI, by Business Associate or its employees, directors, officers, subcontractors, agents or other members of its workforce. Accordingly, on demand, Business Associate shall reimburse the Indemnified Party for any and all actual and direct losses, liabilities, lost profits, fines, penalties, costs or expenses (including reasonable attorneys' fees) which may for any reason be incurred by Indemnified Party or imposed upon the Indemnified Party by reason of any suit, claim, action, proceeding or demand by any third party, as a result of the Business Associate's breach hereunder.

10 **Compliance With State Law.**

Business Associate acknowledges that Business Associate and Covered Entity may have confidentiality and privacy obligations under applicable State law. If any provisions of this Agreement or HIPAA/HIPAA Regulations/HITECH Act conflict with state law regarding the degree of protection provided for PHI and patient medical records, then Business Associate shall comply with the more restrictive requirements.

11 **Miscellaneous.**

- 11.1 *Amendment.* Business Associate and Covered Entity agree to take such action as is necessary to amend this Agreement from time to time to enable Covered Entity to comply with the requirements of HIPAA, the HIPAA Regulations and the HITECH Act. This Agreement may not be modified, nor shall any provision hereof be waived or amended, except in a writing duly signed and agreed to by Business Associate and Covered Entity.
- 11.2 *Interpretation.* The provisions of this Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HIPAA Regulations, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Agreement shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HIPAA Regulations, the HITECH Act, the Privacy Rule and the Security Rule.
- 11.3 *No Third Party Beneficiaries.* Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than Business Associate and Covered Entity, and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.
- 11.4 *Notices.* All notices or other communications required or permitted hereunder shall be in writing and shall be deemed given or delivered (i) when delivered personally, against written receipt; (ii) if sent by registered or certified mail, return receipt requested, postage prepaid, when received; (iii) when received by facsimile transmission; or (iv) when delivered by a nationally recognized overnight courier service, prepaid, and shall be sent to the addresses set forth on the signature page of this Agreement or at such other address as each party may designate by written notice to the other by following this notice procedure.
- 11.5 *Regulatory References.* A reference in this Agreement to a section in the HIPAA Regulations or the HITECH Act means the section as in effect or as amended, and for which compliance is required.
- 11.6 *Assistance in Litigation or Administrative Proceedings.* Business Associate shall make itself, and any subcontractors, employees or agents, available to Covered Entity, at no cost to Covered Entity, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being

commenced against Covered Entity, its directors, officers or employees based upon a claimed violation of HIPAA, the HIPAA Regulations, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where Business Associate or its subcontractor, employee or agent is a named adverse party.

- 11.7 *Subpoenas.* In the event that Business Associate receives a subpoena or similar notice or request from any judicial, administrative or other party arising out of or in connection with this Agreement, including, but not limited to, any unauthorized use or disclosure of PHI, Business Associate shall promptly forward a copy of such subpoena, notice or request to Covered Entity and afford Covered Entity the opportunity to exercise any rights it may have under law.
- 11.8 *Survival.* The respective rights and obligations of Business Associate under Section 3 et seq. of this Agreement shall survive the termination of this Agreement. In addition, Section 5.5 (Effect of Termination), Section 7 (Disclaimer), Section 9 (Indemnification), Section 10 (Compliance with State Law), Section 11.4 (Notices), Section 11.6 (Assistance in Litigation and Administrative Proceedings), Section 11.7 (Subpoenas), and Section 11.9 (Governing Law) shall survive the termination of this Agreement.
- 11.9 *Governing Law.* This Agreement shall be governed by and construed in accordance with the laws of the state in which the covered entity is principally located to the extent that the provisions of HIPAA, the HIPAA Regulations or the HITECH Act do not preempt the laws of that state.
- 11.10 *Independent Contractors.* Covered Entity and Business Associate shall be independent contractors and nothing in this Agreement is intended nor shall be construed to create an agency, partnership, employer-employee, or joint venture relationship between them.

THE PENNANT GROUP INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(In thousands, except per share data and operational senior living units)

1. DESCRIPTION OF BUSINESS

The Pennant Group, Inc. (herein referred to as “Pennant,” the “Company,” “it,” or “its”), is a holding company with no direct operating assets, employees or revenue. The Company, through its independent operating subsidiaries, provides healthcare services across the post-acute care continuum. As of March 31, 2023, the Company’s subsidiaries operated 96 home health, hospice and home care agencies and 51 senior living communities located in Arizona, California, Colorado, Idaho, Iowa, Montana, Nevada, Oklahoma, Oregon, Texas, Utah, Washington, Wisconsin and Wyoming.

Certain of the Company’s subsidiaries, collectively referred to as the Service Center, provide accounting, payroll, human resources, information technology, legal, risk management, and other services to the operations through contractual relationships.

Each of the Company’s affiliated operations are operated by separate, independent subsidiaries that have their own management, employees and assets. References herein to the consolidated “Company” and “its” assets and activities is not meant to imply, nor should it be construed as meaning, that Pennant has direct operating assets, employees or revenue, or that any of the subsidiaries are operated by Pennant.

2. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying unaudited condensed consolidated financial statements of the Company (the “Interim Financial Statements”) reflect the Company’s financial position, results of operations and cash flows of the business. The Interim Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) and pursuant to the regulations of the Securities and Exchange Commission (“SEC”). Management believes that the Interim Financial Statements reflect, in all material respects, all adjustments which are of a normal and recurring nature necessary to present fairly the Company’s financial position, results of operations, and cash flows for the periods presented in conformity with GAAP. The results reported in these Interim Financial Statements are not necessarily indicative of results that may be expected for the entire year.

The Condensed Consolidated Balance Sheet as of December 31, 2022 is derived from the Company’s annual audited Consolidated Financial Statements for the fiscal year ended December 31, 2022, which should be read in conjunction with these Interim Financial Statements. Certain information in the accompanying footnote disclosures normally included in annual financial statements was condensed or omitted for the interim periods presented in accordance with GAAP.

All significant intercompany transactions and balances between the various legal entities comprising the Company have been eliminated in consolidation. The Company presents noncontrolling interests within the equity section of its Condensed Consolidated Balance Sheets and the amount of consolidated net income that is attributable to the Company and the noncontrolling interest in its Condensed Consolidated Statements of Income.

The Company consists of various limited liability companies and corporations established to operate home health, hospice, home care, and senior living operations. The Interim Financial Statements include the accounts of all entities controlled by the Company through its ownership of a majority voting interest.

Certain prior quarter amounts have been reclassified from cost of sales to loss on asset dispositions and impairment of assets, net for consistency with the current period presentation. These reclassifications had no effect on the reported results of operations in the current period or prior period.

Estimates and Assumptions - The preparation of the Interim Financial Statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Interim Financial Statements and the reported amounts of revenue and expenses during the reporting periods. The most significant estimates in the Interim Financial Statements relate to revenue, intangible assets and goodwill, right-of-use assets and lease liabilities for leases greater than 12 months, self-insurance reserves, and income taxes. Actual results could differ from those estimates.

CARES Act: The Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was enacted on March 27, 2020 in the United States. The CARES Act allowed for deferred payment of the employer-paid portion of social security taxes through the end of 2020, with 50% due on December 31, 2021 and the remainder due on December 31, 2022. The Company deferred approximately \$7,836 of the employer-paid portion of social security taxes, all of which was repaid by December 31,

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

2022. The CARES Act also expanded the Centers for Medicare & Medicaid Services' ("CMS") ability to provide accelerated/advance payments intended to increase the cash flow of healthcare providers and suppliers impacted by COVID-19. During 2020, the Company applied for and received \$27,997 in funds under the Accelerated and Advance Payment ("AAP") Program, all of which was recouped as of June 23, 2022.

3. TRANSACTIONS WITH ENSIGN

On October 1, 2019, The Ensign Group, Inc. ("Ensign") completed the separation of Pennant (the "Spin-Off"). Pennant and Ensign continue to partner in the provision of services along the healthcare continuum.

The Company incurred costs of \$273 for the three months ended March 31, 2023 and \$643 for the three months ended March 31, 2022, that related primarily to shared services at proximate operations.

Expenses related to room and board charges at Ensign skilled nursing facilities for hospice patients were \$940 for the three months ended March 31, 2023 and \$574 for the three months ended March 31, 2022, and are included in cost of services.

The Company's independent operating subsidiaries leased 29 and 32 communities from subsidiaries of Ensign under a master lease arrangement as of March 31, 2023 and March 31, 2022, respectively. See further discussion below at Note 8, Leases.

On January 27, 2022, affiliates of the Company entered into certain operations transfer agreements (collectively, the "Transfer Agreements") with affiliates of Ensign, providing for the transfer of the operations of five senior living communities (the "Transaction"). The Transfer Agreements required one of the transferors to place \$6,500 in escrow to cover post-closing capital expenditures and operating losses related to one of the communities, and such escrow was funded by an initial payment by the transferor at closing followed by eight equal monthly installments. The Transaction closed in April 2022.

4. NET INCOME PER COMMON SHARE

Basic net income per share is computed by dividing net income attributable to stockholders of the Company by the weighted average number of outstanding common shares for the period. The computation of diluted net income per share is similar to the computation of basic net income per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the dilutive potential common shares had been issued.

The following table sets forth the computation of basic and diluted net income per share for the periods presented:

	Three Months Ended March 31,	
	2023	2022
Numerator:		
Net income attributable to The Pennant Group, Inc.	\$ 1,850	\$ 1,014
Denominator:		
Weighted average shares outstanding for basic net income per share	29,751	28,572
Plus: assumed incremental shares from exercise of options and assumed conversion or vesting of restricted stock ^(a)	396	1,571
Adjusted weighted average common shares outstanding for diluted income per share	30,147	30,143
Earnings Per Share:		
Basic net income per common share	\$ 0.06	\$ 0.04
Diluted net income per common share	\$ 0.06	\$ 0.03

(a) The diluted per share amounts do not reflect common equivalent shares outstanding of 2,002 for the three months ended March 31, 2023 and 1,690 for the three months ended March 31, 2022, because of their anti-dilutive effect.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

5. REVENUE AND ACCOUNTS RECEIVABLE

Revenue is recognized when services are provided to the patients at the amount that reflects the consideration to which the Company expects to be entitled from patients and third-party payors, including Medicaid, Medicare, Commercial and managed care programs (Medicare Advantage and Managed Medicaid plans), in exchange for providing patient care. The healthcare services in home health and hospice patient contracts include routine services in exchange for a contractual agreed-upon amount or rate. Routine services are treated as a single performance obligation satisfied over time as services are rendered. As such, patient care services represent a bundle of services that are not capable of being distinct within the context of the contract. Additionally, there may be ancillary services which are not included in the rates for routine services, but instead are treated as separate performance obligations satisfied at a point in time, if and when those services are rendered.

Revenue recognized from healthcare services are adjusted for estimates of variable consideration to arrive at the transaction price. The Company determines the transaction price based on contractually agreed-upon amounts or rate, adjusted for estimates of variable consideration. The Company uses the expected value method in determining the variable component that should be used to arrive at the transaction price, using contractual agreements and historical reimbursement experience within each payor type. The amount of variable consideration which is included in the transaction price may be constrained, and is included in the net revenue only to the extent that it is probable that a significant reversal in the amount of the cumulative revenue recognized will not occur in a future period. If actual amounts of consideration ultimately received differ from the Company's estimates, the Company adjusts these estimates, which would affect net service revenue in the period such variances become known.

Revenue from the Medicare and Medicaid programs accounted for 62.0% of the Company's revenue for the three months ended March 31, 2023, and 61.9% for the three months ended March 31, 2022. The Company records revenue from these governmental and managed care programs as services are performed at their expected net realizable amounts under these programs. The Company's revenue from governmental and managed care programs is subject to audit and retroactive adjustment by governmental and third-party agencies. Consistent with healthcare industry accounting practices, any changes to these governmental revenue estimates are recorded in the period the change or adjustment becomes known based on final settlement.

Disaggregation of Revenue

The Company disaggregates revenue from contracts with its patients by reportable operating segments and payors. The Company has determined that disaggregating revenue into these categories achieves the disclosure objectives to depict how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors.

The Company's service specific revenue recognition policies are as follows:

Home Health Revenue

Medicare Revenue

Net service revenue is recognized in accordance with the Patient Driven Groupings Model ("PDGM"). Under PDGM, Medicare provides agencies with payments for each 30-day payment period provided to beneficiaries. If a beneficiary is still eligible for care after the end of the first 30-day payment period, a second 30-day payment period can begin. There are no limits to the number of periods of care a beneficiary who remains eligible for the home health benefit can receive. While payment for each 30-day payment period is adjusted to reflect the beneficiary's health condition and needs, a special outlier provision exists to ensure appropriate payment for those beneficiaries that have the most expensive care needs. The payment under the Medicare program is also adjusted for certain variables including, but not limited to: (a) a low utilization payment adjustment if the number of visits is below an established threshold that varies based on the diagnosis of a beneficiary; (b) a partial payment if the patient transferred to another provider or the Company received a patient from another provider before completing the period of care; (c) adjustment to the admission source of claim if it is determined that the patient had a qualifying stay in a post-acute care setting within 14 days prior to the start of a 30-day payment period; (d) the timing of the 30-day payment period provided to a patient in relation to the admission date, regardless of whether the same home health provider provided care for the entire series of episodes; (e) changes to the acuity of the patient during the previous 30-day payment period; (f) changes in the base payments established by the Medicare program; (g) adjustments to the base payments for case mix and geographic wages; and (h) recoveries of overpayments.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

The Company adjusts Medicare revenue on completed episodes to reflect differences between estimated and actual payment amounts, an inability to obtain appropriate billing documentation and other reasons unrelated to credit risk. Therefore, the Company believes that its reported net service revenue and patient accounts receivable will be the net amounts to be realized from Medicare for services rendered.

In addition to revenue recognized on completed episodes and periods, the Company also recognizes a portion of revenue associated with episodes and periods in progress. Episodes in progress are 30-day payment periods that begin during the reporting period but were not completed as of the end of the period. As such, the Company estimates revenue and recognizes it on a daily basis. The primary factors underlying this estimate are the number of episodes in progress at the end of the reporting period, expected Medicare revenue per period of care or episode of care and the Company's estimate of the average percentage complete based on the scheduled end of period and end of episode dates.

Non-Medicare Revenue

Episodic Based Revenue - The Company recognizes revenue in a similar manner as it recognizes Medicare revenue for episodic-based rates that are paid by other insurance carriers, including Medicare Advantage programs. These rates can vary based upon the negotiated terms.

Non-episodic Based Revenue - Revenue is recognized on an accrual basis based upon the date of service at amounts equal to its established or estimated per visit rates, as applicable.

Hospice Revenue

Revenue is recognized on an accrual basis based upon the date of service at amounts equal to the estimated payment rates. The estimated payment rates are calculated as daily rates for each of the levels of care the Company delivers. Revenue is adjusted for an inability to obtain appropriate billing documentation or authorizations acceptable to the payor and other reasons unrelated to credit risk. Additionally, as Medicare hospice revenue is subject to an inpatient cap and an overall payment cap, the Company monitors its provider numbers and estimates amounts due back to Medicare if a cap has been exceeded. The Company regularly evaluates and records these adjustments as a reduction to revenue and an increase to other accrued liabilities.

Senior Living Revenue

The Company has elected the lessor practical expedient within ASC Topic 842, *Leases* ("ASC 842") and therefore recognizes, measures, presents, and discloses the revenue for services rendered under the Company's senior living residency agreements based upon the predominant component, either the lease or non-lease component, of the contracts. The Company has determined that the services included under the Company's senior living residency agreements each have the same timing and pattern of transfer. The Company recognizes revenue under ASC Topic 606, *Revenue from Contracts with Customers* for its senior residency agreements, for which it has determined that the non-lease components of such residency agreements are the predominant component of each such contract.

The Company's senior living revenue consists of fees for basic housing and assisted living care. Accordingly, the Company records revenue when services are rendered on the date services are provided at amounts billable to individual residents. Residency agreements are generally for a term of 30 days, with resident fees billed monthly in advance. For residents under reimbursement arrangements with Medicaid, revenue is recorded based on contractually agreed-upon amounts or rates on a per resident, daily basis or as services are rendered.

Balance Sheet Impact

Included in the Company's Condensed Consolidated Balance Sheets are contract assets, comprised of billed accounts receivable and unbilled receivables, which are the result of the timing of revenue recognition, billings and cash collections, as well as, contract liabilities, which primarily represent payments the Company receives in advance of services provided.

THE PENNANT GROUP, INC.

Accounts receivable, net as of March 31, 2023 and December 31, 2022 is summarized in the following table:

Accounts receivable, net	\$ 50,660	\$ 53,420

Concentrations - Credit Risk

The Company has significant accounts receivable balances, the collectability of which is dependent on the availability of funds from certain governmental programs, primarily Medicare and Medicaid. These receivables represent the only significant concentration of credit risk for the Company. The Company does not believe there are significant credit risks associated with these governmental programs. The Company believes that an appropriate allowance has been recorded for the possibility of these receivables proving uncollectible, and continually monitors and adjusts these allowances as necessary. The Company's gross receivables from the Medicare and Medicaid programs accounted for approximately 76.9% and 77.8% of its total gross accounts receivable as of March 31, 2023 and December 31, 2022, respectively. Revenue from reimbursement under the Medicare and Medicaid programs accounted for 62.0% for the three months ended March 31, 2023, and 61.9% of the Company's revenue for the three months ended March 31, 2022.

Practical Expedients and Exemptions

As the Company's contracts have an original duration of one year or less, the Company uses the practical expedient applicable to its contracts and does not consider the time value of money. Further, because of the short duration of these contracts, the Company has not disclosed the transaction price for the remaining performance obligations as of the end of each reporting period or when the Company expects to recognize this revenue. In addition, the Company has applied the practical expedient provided by ASC 340, *Other Assets and Deferred Costs* ("ASC 340"), and all incremental customer contract acquisition costs are expensed as they are incurred because the amortization period would have been one year or less.

6. BUSINESS SEGMENTS

The Company classifies its operations into the following reportable operating segments: (1) home health and hospice services, which includes the Company's home health, hospice and home care businesses; and (2) senior living services, which includes the operation of assisted living, independent living and memory care communities. The reporting segments are business units that offer different services and are managed separately to provide greater visibility into those operations. The Company's Chief Executive Officer, who is the Company's Chief Operating Decision Maker ("CODM"), reviews financial information at the operating segment level. The Company also reports an "all other" category that includes general and administrative expense from the Company's Service Center.

As of March 31, 2023, the Company provided services through 96 affiliated home health, hospice and home care agencies, and 51 affiliated senior living operations. The Company evaluates performance and allocates capital resources to each segment based on an operating model that is designed to maximize the quality of care provided and profitability. The Company's Service Center provides various services to all lines of business. The Company does not review assets by segment and therefore assets by segment are not disclosed below.

The CODM uses Segment Adjusted EBITDAR from Operations as the primary measure of profit and loss for the Company's reportable segments and to compare the performance of its operations with those of its competitors. Segment Adjusted EBITDAR from Operations is net income attributable to the Company's reportable segments excluding interest expense, provision for income taxes, depreciation and amortization expense, rent, and, in order to view the operations performance on a comparable basis from period to period, certain adjustments including: (1) costs at start-up operations, (2) share-based compensation, (3) acquisition related costs and credit allowances, (4) the costs associated with transitioning operations, (5) unusual, non-recurring or redundant charges, and (6) net income attributable to noncontrolling interest. General

and administrative expenses are not allocated to the reportable segments, and are included as “All Other”, accordingly the segment earnings measure reported is before allocation of corporate general and administrative expenses. The Company’s segment measures may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The following tables present certain financial information regarding the Company’s reportable segments, general and administrative expenses are not allocated to the reportable segments and are included in “All Other” for the three months ended March 31, 2023 and 2022:

The amount above represents the net operating impact attributable to the units in transition. The amounts reported exclude rent and depreciation and amortization expense related to such operations.

During January 2022, affiliates of the Company entered into Transfer Agreements with affiliates of Ensign, providing for the transfer of the operations of certain senior living communities (the “Transaction”) from affiliates of the Company to affiliates of Ensign. The amount above represents the net impact on revenue and cost of service attributable to all of the transferred entities. The amounts reported exclude rent and depreciation and amortization expense related to such operations.

7. ACQUISITIONS

The Company's is focused on acquiring operations that are complementary to the Company's current businesses, accretive to the Company's business or otherwise advance the Company's strategy. The results of all the Company's independent operating subsidiaries are included in the Interim Financial Statements subsequent to the date of acquisition. Acquisitions are accounted for using the acquisition method of accounting.

2023 Acquisitions

During the three months ended March 31, 2023, the Company expanded its operations with the addition of one home health agency as well as two senior living communities. In connection with the addition of the two senior living communities, the Company entered into a new long-term "triple-net" lease. A subsidiary of the Company entered into a separate operations transfer agreement with the prior operator of each acquired operation as part of each transaction.

The one home health agency acquired was a Medicare license and is considered an asset acquisition. The fair value of the home health license acquired was \$210 and was allocated to indefinite-lived intangible assets.

Subsequent Events

On May 1, 2023, the Company closed on the purchase of one home health agency that expands the Company's footprint in Colorado. The purchase of the home health agency was \$875. A subsidiary of the Company entered into an operations transfer agreement with the prior operator.

The Company measures certain assets at fair value on a non-recurring basis, including long-lived assets, which are evaluated for impairment. Long-lived assets include assets such as property and equipment, operating lease assets and certain intangible assets. The inputs used to determine the fair value of long-lived assets and a reporting unit are considered Level 3 measurements due to their subjective nature. Management has evaluated its long-lived assets and determined there were immaterial impairments recorded during the three months ended March 31, 2023 and 2022.

On February 23, 2021, Pennant entered into an amendment to its existing credit agreement (as amended, the “Credit Agreement”), which provides for an increased revolving credit facility with a syndicate of banks with a borrowing capacity of \$150,000 (the “Revolving Credit Facility”). The interest rates applicable to loans under the Revolving Credit Facility are, at the

Company's election, either (i) Adjusted LIBOR (as defined in the Credit Agreement) plus a margin ranging from 2.3% to 3.3% per annum or (ii) Base Rate plus a margin ranging from 1.3% to 2.3% per annum, in each case, based on the ratio of Consolidated Total Net Debt to Consolidated EBITDA (each, as defined in the Credit Agreement). In addition, Pennant pays a commitment fee on the undrawn portion of the commitments under the Revolving Credit Facility which ranges from 0.35% to 0.50% per annum, depending on the Consolidated Total Net Debt to Consolidated EBITDA ratio of the Company and its subsidiaries. The Company is not required to repay any loans under the Credit Agreement prior to maturity in 2026, other than to the extent the outstanding borrowings exceed the aggregate commitments under the Credit Agreement. As of March 31, 2023, the Company's weighted average interest rate on its outstanding debt was 7.53%. As of March 31, 2023, the Company had available borrowing on the Revolving Credit Facility of \$87,314, which is net of outstanding letters of credit of \$4,186.

The fair value of the Revolving Credit Facility approximates carrying value, due to the short-term nature and variable interest rates. The fair value of this debt is categorized within Level 2 of the fair value hierarchy based on the observable market borrowing rates.

The Credit Agreement is guaranteed, jointly and severally, by certain of the Company's independent operating subsidiaries, and is secured by a pledge of stock of the Company's material independent operating subsidiaries as well as a first lien on substantially all of each material operating subsidiary's personal property. The Credit Agreement contains customary covenants that, among other things, restrict, subject to certain exceptions, the ability of the Company and its independent operating subsidiaries to grant liens on their assets, incur indebtedness, sell assets, make investments, engage in acquisitions, mergers or consolidations, amend certain material agreements and pay certain dividends and other restricted payments. Financial covenants require compliance with certain levels of leverage ratios that impact the amount of interest. As of March 31, 2023, the Company was compliant with all such financial covenants.

12. OPTIONS AND AWARDS

Outstanding options and restricted stock awards of the Company were granted under the 2019 Omnibus Incentive Plan (the "OIP") and Long-Term Incentive Plan (the "LTIP", and together with the OIP, the "Pennant Plans").

Under the Pennant Plans, stock-based payment awards, including employee stock options, restricted stock awards ("RSA"), and restricted stock units ("RSU" and together with RSA, "Restricted Stock") are issued based on estimated fair value. The following disclosures represent share-based compensation expense relating to employees of the Company's subsidiaries and non-employee directors who have awards under the Pennant Plans.

Total share-based compensation expense for all Plans for the three months ended March 31, 2023 and 2022 was:

	Three Months Ended March 31,	
	2023	2022
Share-based compensation expense related to stock options	\$ 850	\$ 842
Share-based compensation expense related to Restricted Stock	177	1,519
Share-based compensation expense related to Restricted Stock to non-employee directors	340	79
Total share-based compensation	<u>\$ 1,367</u>	<u>\$ 2,440</u>

In future periods, the Company estimates it will recognize the following share-based compensation expense for unvested stock options and unvested Restricted Stock as of March 31, 2023:

	Unrecognized Compensation Expense	Weighted Average Recognition Period (in years)
Unvested Stock Options	\$ 12,339	3.5

Total unrecognized share-based compensation expense	<u>\$ 15,270</u>	

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

On July 25, 2022 the Company modified certain outstanding RSUs granted to the former chief executive officer of the Company in connection with the Spin-off. All the RSUs had an original vesting date of October 1, 2022. The modification resulted in the forfeiture of 250 outstanding RSUs and accelerated the vesting on the remaining 943 RSUs from October 1, 2022 to July 31, 2022. The modification of the award resulted in a net reduction of share-based compensation expense related to the awards of \$3,812 recorded in general and administrative expense in the third quarter of 2022.

Stock Options

Under the Pennant Plans, options granted to employees of the subsidiaries of Pennant generally vest over five years at 20% per year on the anniversary of the grant date. Options expire ten years after the date of grant.

The Company uses the Black-Scholes option-pricing model to recognize the value of stock-based compensation expense for share-based payment awards under the Plans. Determining the appropriate fair-value model and calculating the fair value of stock-based awards at the grant date requires considerable judgment, including estimating stock price volatility and expected option life. The Company develops estimates based on historical data and market information, which can change significantly over time.

The fair value of each option is estimated on the grant date using a Black-Scholes option-pricing model with the following weighted average assumptions for stock options granted as of March 31:

Grant Year	Options Granted	Risk-Free Interest Rate	Expected Life ^(a)	Expected Volatility ^(b)	Dividend Yield	Weighted Average Fair Value of Options
2023	467	4.1 %	6.5	41.5 %	— %	\$ 7.25
2022	213	1.9 %	6.5	40.0 %	— %	\$ 6.03

(a) Under the midpoint method, the expected option life is the midpoint between the contractual option life and the average vesting period for the options being granted. This resulted in an expected option life of 6.5 years for the options granted.

(b) Because the Company's equity shares have been traded for a relatively short period of time, expected volatility assumption was based on the volatility of related industry stocks.

The following table represents the employee stock option activity during the three months ended March 31, 2023:

	Number of Options Outstanding	Weighted Average Exercise Price	Number of Options Vested	Weighted Average Exercise Price of Options Vested
December 31, 2022	2,219	20.76	973	\$ 16.90

13. LEASES

The Company's independent operating subsidiaries lease 51 senior living communities and its administrative offices under non-cancelable operating leases, most of which have initial lease terms ranging from 15 to 25 years. Most of these leases contain renewal options, most involve rent increases and none contain purchase options. The lease term excludes lease renewals because the renewal rents are not at a bargain, there are no economic penalties for the Company to renew the lease, and it is not reasonably certain that the Company will exercise the extension options. The Company's independent operating subsidiaries leased 29 and 32 communities from subsidiaries of Ensign (the "Ensign Leases") under a master lease arrangement as of March 31, 2023 and March 31, 2022, respectively. Each of the leases have an initial term of between 14 and 20 years from the lease commencement date. The total amount of rent expense included in rent - cost of services paid to subsidiaries of Ensign was \$3,416 for the three months ended March 31, 2023 and \$3,484 for the three months ended March 31, 2022. In addition to rent, each of the operating companies are required to pay the following: (1) all impositions and taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor); (2) all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties; (3) all insurance required in connection with the leased properties and the business conducted on the leased properties; (4) all community maintenance and repair costs; and (5) all fees in connection with any licenses or authorizations necessary or appropriate for the leased properties and the business conducted on the leased properties.

Fourteen of the Company's affiliated senior living communities, excluding the communities that are operated under the Ensign Leases (as defined herein), are operated under three separate master lease arrangements. Under these master leases, a breach at a single community could subject one or more of the other communities covered by the same master lease to the same default risk. Failure to comply with Medicare and Medicaid provider requirements is a default under several of the Company's leases and master leases. With an indivisible lease, it is difficult to restructure the composition of the portfolio or economic terms of the master lease without the consent of the landlord.

As further described in Note 3, on January 27, 2022, affiliates of the Company entered into Transfer Agreements with affiliates of Ensign, providing for the transfer of the operations of five senior living communities. The closing of the Transaction was completed in two phases with the transfer of two operations on March 1, 2022 and the remainder transferred on April 1, 2022. As a result of the lease terminations, the Company reduced both the right of use assets and the lease liabilities by \$33,804. One of the terminated leases was part of a master lease agreement. As a result of the transferred leases being removed from master lease arrangement, the remaining lease components under the master lease arrangement was modified which resulted in a net increase to the lease liability and ROU asset balance of \$9,349 for the three months ended March 31, 2022.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

The components of operating lease cost, are as follows:

	Three Months Ended March 31,	
	2023	2022
Operating Lease Costs:		
Community Rent—cost of services	\$ 8,274	\$ 8,789
Office Rent—cost of services	1,323	1,262
Rent—cost of services	<u>\$ 9,597</u>	<u>\$ 10,051</u>
General and administrative expense	\$ 93	\$ 81
Variable lease cost ^(a)	\$ 1,730	\$ 1,575

(a) Represents variable lease cost for operating leases, which costs include property taxes and insurance, common area maintenance, and consumer price index increases, incurred as part of the Company's triple net lease, and which is included in cost of services for the three months ended March 31, 2023 and 2022.

The following table shows the lease maturity analysis for all leases as of March 31, 2023, for the years ended December 31:

Year	Amount
2023 (Remainder)	\$ 27,102
2024	35,658
2025	34,302
2026	33,249
2027	32,662
Thereafter	253,638
Total lease payments	416,611
Less: present value adjustments	(149,714)
Present value of total lease liabilities	266,897
Less: current lease liabilities	(16,856)
Long-term operating lease liabilities	<u>\$ 250,041</u>

Operating lease liabilities are based on the net present value of the remaining lease payments over the remaining lease term. In determining the present value of lease payments, the Company used its incremental borrowing rate based on the information available at each lease's commencement date to determine each lease's operating lease liability. As of March 31, 2023, the weighted average remaining lease term is 12.5 years and the weighted average discount rate is 7.6%.

14. INCOME TAXES

The Company recorded income tax expense of \$907 and \$542, or 31.2% and 31.9% of earnings before income taxes for the three months ended March 31, 2023 and 2022, respectively. The decrease in effective tax is primarily due to a decrease in non-deductible equity compensation.

15. COMMITMENTS AND CONTINGENCIES

Regulatory Matters - The Company provides services in complex and highly regulated industries. The Company's compliance with applicable U.S. federal, state and local laws and regulations governing these industries may be subject to governmental review and adverse findings may result in significant regulatory action, which could include sanctions, damages, fines, penalties (many of which may not be covered by insurance), and even exclusion from government programs. The Company is a party to various regulatory and other governmental audits and investigations in the ordinary course of business and cannot predict the ultimate outcome of any federal or state regulatory survey, audit or investigation. While governmental audits and investigations are the subject of administrative appeals, the appeals process, even if successful, may take several years to resolve and penalties subject to appeal may remain in place during such appeals, which may include suspension, termination, or revocation of participation in governmental programs for the payment of the services the Company provides. The Department of Justice, CMS, or other federal and state enforcement and regulatory agencies may conduct additional investigations related to the Company's businesses. The Company believes it is presently in compliance in all material respects with all applicable laws and regulations.

Cost-Containment Measures - Government and third-party payors have instituted cost-containment measures designed to limit payments made to providers of healthcare services, may propose future cost-containment measures, and there can be no assurance that future measures designed to limit payments made to providers will not adversely affect the Company.

Indemnities - From time to time, the Company enters into certain types of contracts that contingently require the Company to indemnify parties against third-party claims. These contracts primarily include (i) certain real estate leases, under which the Company may be required to indemnify property owners or prior operators for post-transfer environmental or other liabilities and other claims arising from the Company's use of the applicable premises, (ii) operations transfer agreements, in which the Company agrees to indemnify past operators of agencies and communities the Company acquires against certain liabilities arising from the transfer of the operation and/or the operation thereof after the transfer, (iii) certain Ensign lending agreements, and (iv) certain agreements with management, directors and employees, under which the subsidiaries of the Company may be required to indemnify such persons for liabilities arising out of their employment relationships. The terms of such obligations vary by contract and, in most instances, a specific or maximum dollar amount is not explicitly stated therein. Generally, amounts under these contracts cannot be reasonably estimated until a specific claim is asserted. Consequently, because no claims have been asserted, no liabilities have been recorded for these obligations on the Company's Condensed Consolidated Balance Sheets for any of the periods presented.

Litigation - The Company's businesses involve a significant risk of liability given the age and health of the patients and residents served by its independent operating subsidiaries. The Company, its operating companies, and others in the industry may be subject to a number of claims and lawsuits, including professional liability claims, alleging that services provided have resulted in personal injury, elder abuse, wrongful death or other related claims. Healthcare litigation (including class action litigation) is common and is filed based upon a wide variety of claims and theories, and the Company is routinely subjected to these claims in the ordinary course of business, including potential claims related to patient care and treatment, and professional negligence, as well as employment-related claims. If there were a significant increase in the number of these claims or an increase in amounts owing should plaintiffs be successful in their prosecution of these claims, this could materially adversely affect the Company's business, financial condition, results of operations and cash flows. In addition, the defense of these lawsuits may result in significant legal costs, regardless of the outcome, and may result in large settlement amounts or damage awards.

In addition to the potential lawsuits and claims described above, the Company is also subject to potential lawsuits under the False Claims Act (the "FCA") and comparable state laws alleging submission of fraudulent claims for services to any governmental healthcare program (such as Medicare) or commercial payor. A violation may provide the basis for exclusion from federally funded healthcare programs. Such exclusions could have a correlative negative impact on the Company's financial performance. Some states, including California, Arizona and Texas, have enacted similar whistleblower and false claims laws and regulations. In addition, the Deficit Reduction Act of 2005 created incentives for states to enact anti-fraud legislation modeled on the FCA, for which 18 states have qualified, including California and Texas, where we conduct business. As such, the Company could face increased scrutiny, potential liability and legal expenses and costs based on claims under state false claims acts in markets in which it conducts business.

Under the Fraud Enforcement and Recovery Act ("FERA") and its associated rules, healthcare providers face significant penalties for the knowing retention of government overpayments, even if no false claim was involved. Providers have an obligation to proactively exercise "reasonable diligence" to identify overpayments and return those overpayments to

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

CMS within 60 days of “identification” or the date any corresponding cost report is due, whichever is later. Retention of overpayments beyond this period may create liability under the FCA. In addition, FERA protects whistleblowers (including employees, contractors, and agents) from retaliation.

The Company cannot predict or provide any assurance as to the possible outcome of any litigation. If any litigation were to proceed, and the Company and its operating companies are subjected to, alleged to be liable for, or agree to a settlement of, claims or obligations under federal Medicare statutes, the FCA, or similar state and federal statutes and related regulations, the Company’s business, financial condition and results of operations and cash flows could be materially and adversely affected. Among other things, any settlement or litigation could involve the payment of substantial sums to settle any alleged civil violations, and may also include the assumption of specific procedural and financial obligations by the Company or its independent operating subsidiaries going forward under a corporate integrity agreement and/or other arrangement with the government.

Medicare Revenue Recoupments - The Company is subject to probe reviews relating to Medicare services, billings and potential overpayments by Unified Program Integrity Contractors (“UPIC”), Recovery Audit Contractors (“RAC”), Zone Program Integrity Contractors (“ZPIC”), Program Safeguard Contractors (“PSC”), Supplemental Medical Review Contractors (“SMRC”) and Medicaid Integrity Contributors (“MIC”) programs, each of the foregoing collectively referred to as “Reviews.”

As of March 31, 2023, nine of the Company’s independent operating subsidiaries had Reviews scheduled, on appeal or in dispute resolution process, both pre- and post-payment. If an operation fails an initial or subsequent Review, the operation could then be subject to extended Review, suspension of payment, or extrapolation of the identified error rate to all billing in the same time period. The Company, from time to time, receives record requests in reviews which have resulted in claim denials on paid claims. The Company has appealed substantially all denials arising from these reviews using the applicable appeals process. As of March 31, 2023, and through the filing of this Quarterly Report on Form 10-Q, the Company’s independent operating subsidiaries have responded to the Reviews that are currently ongoing, on appeal or in dispute resolution process. The Company cannot predict the ultimate outcome of any regulatory and other governmental reviews. While such reviews are the subject of administrative appeals, the appeals process, even if successful, may take several years to resolve. The costs to respond to and defend such reviews may be significant and an adverse determination in such reviews may subject the Company to sanctions, damages, extrapolation of damage findings, additional recoupments, fines, other penalties (some of which may not be covered by insurance), and termination from Medicare programs which may, either individually or in the aggregate, have a material adverse effect on the Company’s business and financial condition.

From June 2021 to May 2022, one hospice provider number was subject to a Medicare payment suspension imposed by a UPIC. As of March 31, 2023, the total amount due from the government payor impacted by the suspension was \$5,134 and was recorded in long-term other assets. The amounts suspended represent all Medicare payments due to the provider number during the suspension.

In May 2022, the Company received communication that the Medicare payment suspension was terminated and the UPIC’s review was complete. The UPIC reviewed 107 patient records covering a 10-month period to determine whether, in its view, a Medicare overpayment was made. Based on the results of the review, the UPIC has alleged sampled and extrapolated overpayments of \$5,134, and has withheld that amount through continued recoupment of Medicare payments. The Company is pursuing its appeal rights through the administrative appeals process, including contesting the methodology used by the UPIC to perform statistical extrapolation. At this stage of the review, based on the information currently available to the Company, the Company cannot predict the timing or the ultimate outcome of this review. As of March 31, 2023, we have an accrued liability that is immaterial for this review which was recorded as an offset to revenue.

Insurance - The Company retains risk for a substantial portion of potential claims for general and professional liability, workers’ compensation and automobile liability. The Company recognizes obligations associated with these costs, up to specified deductible limits in the period in which a claim is incurred, including with respect to both reported claims and claims incurred but not reported. The general and professional liability insurance has a retention limit of \$150 per claim with a \$500 corridor as an additional out-of-pocket retention we must satisfy for claims within the policy year before the carrier will reimburse losses. The workers’ compensation insurance has a retention limit of \$250 per claim, except for policies held in Texas and Washington which are subject to state insurance and possess their own limits.

The Company is self-insured for claims related to employee health, dental, and vision care. To protect itself against loss exposure, the Company has purchased individual stop-loss insurance coverage that insures individual health claims that exceed \$350 for each covered person for fiscal year 2023 and fiscal year 2022.

16. COMMON STOCK REPURCHASE PROGRAM

On December 12, 2022, the Board of the Directors of the Company approved a share repurchase program under which the Company may repurchase up to \$1,000 of its common stock. Under the share repurchase program, the Company may repurchase shares from time to time through open market purchases, including through the use of trading plans intended to comply with Rule 10b5-1 under the Securities Exchange Act of 1934. The timing and total amount of stock repurchases will depend upon business, economic and market conditions, corporate and regulatory requirements, prevailing stock prices, and other considerations. The authorization expires on December 12, 2023, and may be suspended or discontinued at any time and does not obligate the company to acquire any amount of common stock. No shares were repurchased during the three months ended March 31, 2023.

Overview

We are a leading provider of high-quality healthcare services to patients of all ages, including the growing senior population, in the United States. We strive to be the provider of choice in the communities we serve through our innovative operating model. We operate in multiple lines of businesses including home health, hospice and senior living services across Arizona, California, Colorado, Idaho, Iowa, Montana, Nevada, Oklahoma, Oregon, Texas, Utah, Washington, Wisconsin and Wyoming. As of March 31, 2023, our home health and hospice business provided home health, hospice and home care services from 96 agencies operating across these 14 states, and our senior living business operated 51 senior living communities throughout six states.

The following table summarizes our affiliated home health and hospice agencies and senior living communities as of:

	December 31,								March 31,
	2015	2016	2017	2018	2019	2020	2021	2022	2023
Home health and hospice agencies	32	39	46	54	63	76	88	95	96
Senior living communities	36	36	43	50	52	54	54	49	51
Senior living units	3,184	3,184	3,434	3,820	3,963	4,127	4,127	3,500	3,588
Total number of home health, hospice, and senior living operations	68	75	89	104	115	130	142	144	147

Recent Activities

Acquisitions. During the three months ended March 31, 2023, we expanded our operations with the addition of one home health agency, as well as two senior living communities. A subsidiary of the Company entered into a separate operations transfer agreement with the prior operator of the acquired operation as part of each transaction.

Trends

We have experienced modest senior living occupancy improvement through the first quarter of 2023, partly as a result of improving COVID-19 case trends and renewed consideration of senior living communities as a home-based care setting. Though we have seen steady improvements in occupancy throughout 2022 and the first quarter of 2023, we cannot be sure when the occupancy levels in our senior living communities will return to pre-pandemic levels.

When we acquire turnaround or start-up operations, we expect that our combined metrics may be impacted. We expect these metrics to vary from period to period based upon the maturity of the operations within our portfolio. We have generally experienced lower occupancy rates and higher costs at our senior living communities and lower census and higher costs at our home health and hospice agencies for recently acquired operations; as a result, we generally anticipate lower and/or fluctuating consolidated and segment margins during years of acquisition growth.

Government Regulation

We have disclosed under the heading “Government Regulation” in the 2022 Annual Report a summary of regulations that we believe materially affect our business, financial condition or results of operations. Since the time of the filing of the 2022 Annual Report, the following regulations have been updated.

On March 31, 2023, CMS issued the 2024 Hospice Payment Rate Update proposed rule (the “Hospice Payment Proposed Rule”). The Hospice Payment Proposed Rule requests information regarding increased levels of transparency regarding ownership of hospice agencies, seeks to make permanent the Hospice Quality Reporting program (“HQR”) data submission threshold policy adopted in the 2016 Hospice Payment Rule Update final rule, and identified concerns about fraud, waste, and abuse in the hospice space. This proposed rule’s hospice payment update percentage is 2.8%, which is an estimated increase of \$720 million in payments from fiscal year 2023. The payment update percentage of 2.8% is based on a 3.0% market basket percentage increase, which is reduced by a 0.2% productivity adjustment. Additionally, hospices that fail to meet quality reporting requirements will receive a 4% reduction to the annual hospice payment update percentage increase for that year, which would more than negate the payment update percentage for fiscal year 2024 contained in the Hospice Payment Proposed Rule for hospices that fail to submit required quality reporting data to CMS. The Hospice Payment Proposed Rule’s HQR provisions discuss how the data to be collected can be used to evaluate outcomes and patient evaluation, inform CMS’s quality measures for hospice providers, and measure health equity efforts. As this is a proposed rule, the final rule that is expected later in 2023 may contain significant changes, or even remove, the provisions contained within the Hospice Payment Proposed Rule.

On October 31, 2022, CMS issued the 2023 Home Health Prospective Payment System Rate Update Final Rule (“Home Health Payment Final Rule”). The rule implements a 3.9% decrease to the home health 30-day period standard payment rate in 2023, half of the 7.9% permanent decrease which CMS proposes to fully implement by 2024. This decrease is based on assumed behavior changes resulting from implementation of the Patient Driven Grouping Model (“PDGM”). Low Utilization Payment Adjustments (“LUPAs”) are excluded. Aside from these adjustments, CMS finalized a 2.9% basket increase for the home health payment update in calendar year 2023. CMS also recalibrated case-mix weights and low utilization payment adjustment thresholds using 2021 data. Additionally, the rule applies a permanent 5.0% cap on decreases in the wage index, meaning an agency’s wage index for any future year will not be less than 95.0% of the final wage index for the preceding year. For home health agencies that do not report required quality reporting data to CMS, their increase in payment will be 0.9%, rather than the full 2.9% contemplated in the rule. Overall, the Home Health Payment Final Rule estimates that Medicare payments to all home health agencies will increase in the aggregate by 0.7%, or \$125.0 million, based on its contents. The rule is effective beginning January 1, 2023. A proposed rule for the 2024 Home Health Prospective Payment System Rate Update is expected later this year, and its finalization is anticipated in the fourth quarter. Any changes to CMS’s payment for home health services in 2024 may be based upon behavioral data gathered and analyzed by CMS for the purposes of rate development, as explained in materials published by CMS on March 29, 2023.

Segments

We have two reportable segments: (1) home health and hospice services, which includes our home health, home care and hospice businesses; and (2) senior living services, which includes the operation of assisted living, independent living and memory care communities. Our Chief Executive Officer, who is our Chief Operating Decision Maker (“CODM”), reviews financial information at the operating segment level. We also report an “all other” category that includes general and administrative expense from our Service Center.

Common Stock Repurchase Program

On December 12, 2022, the Board of the Directors of the Company approved a share repurchase program under which the Company may repurchase up to \$1.0 million of its common stock. Under the share repurchase program, the Company may repurchase shares from time to time through open market purchases, including through the use of trading plans intended to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended. The timing and total amount of stock repurchases will depend upon business, economic and market conditions, corporate and regulatory requirements, prevailing stock prices, and other considerations. The authorization expires on December 12, 2023, and may be suspended or discontinued at any time and does not obligate the company to acquire any amount of common stock. No shares were repurchased during the three months ended March 31, 2023.

Revenue Sources

Home Health and Hospice Services

Home Health. We derive the majority of our home health revenue from Medicare and managed care. The Medicare payment is adjusted for differences between estimated and actual payment amounts, an inability to obtain appropriate billing documentation or authorizations acceptable to the payor and other reasons unrelated to credit risk. Net service revenue is recognized in accordance with the under the PDGM methodology. Under PDGM, Medicare provides agencies with payments for each 30-day period of care provided to beneficiaries. If a beneficiary is still eligible for care after the end of the first 30-day payment period, a second 30-day payment period can begin. There are no limits to the number of periods of care a beneficiary who remains eligible for the home health benefit can receive. While payment for each 30-day period of care is adjusted to reflect the beneficiary's health condition and needs, a special outlier provision exists to ensure appropriate payment for those beneficiaries that have the most expensive care needs. The payment under the Medicare program is also adjusted for certain variables including, but not limited to: (a) a low utilization payment adjustment if the number of visits is below an established threshold that varies based on the diagnosis of a beneficiary; (b) a partial payment if the patient transferred to another provider or the Company received a patient from another provider before completing the period of care; (c) adjustment to the admission source of claim if it is determined that the patient had a qualifying stay in a post-acute care setting within 14 days prior to the start of a 30-day payment period; (d) the timing of the 30-day payment period provided to a patient in relation to the admission date, regardless of whether the same home health provider provided care for the entire series of episodes; (e) changes to the acuity of the patient during the previous 30-day period of care; (f) changes in the base payments established by the Medicare program; (g) adjustments to the base payments for case mix and geographic wages; and (h) recoveries of overpayments. For further detail regarding PDGM see the *Government Regulation* section of our 2022 Annual Report.

Hospice. We derive the majority of our hospice business revenue from Medicare reimbursement. The estimated payment rates are calculated as daily rates for each of the levels of care we deliver. Rates are set based on specific levels of care, are adjusted by a wage index to reflect healthcare labor costs across the country and are established annually through federal legislation. The following are the four levels of care provided under the hospice benefit:

- **Routine Home Care ("RHC").** Care that is not classified under any of the other levels of care, such as the work of nurses, social workers or home health aides.
- **General Inpatient Care.** Pain control or acute or chronic symptom management that cannot be managed in a setting other than an inpatient Medicare-certified facility, such as a hospital, skilled nursing facility or hospice inpatient facility.
- **Continuous Home Care.** Care for patients experiencing a medical crisis that requires nursing services to achieve palliation and symptom control, if the agency provides a minimum of eight hours of care within a 24-hour period.
- **Inpatient Respite Care.** Short-term, inpatient care to give temporary relief to the caregiver who regularly provides care to the patient.

CMS has established a two-tiered payment system for RHC. Hospices are reimbursed at a higher rate for RHC services provided from days of service one through 60 and a lower rate for all subsequent days of service. CMS also provides for a Service Intensity Add-On, which increases payments for certain RHC services provided by registered nurses and social workers to hospice patients during the final seven days of life.

Medicare reimbursement is adjusted for an inability to obtain appropriate billing documentation or authorizations acceptable to the payor and other reasons unrelated to credit risk. Additionally, as Medicare hospice revenue is subject to an inpatient cap limit and an overall payment cap, we monitor our provider numbers and estimate amounts due back to Medicare to the extent that the cap has been exceeded.

Senior Living Services. As of March 31, 2023, we provided assisted living, independent living and memory care services in 51 communities. Within our senior living operations, we generate revenue primarily from private pay sources, with a portion earned from Medicaid or other state-specific programs.

Primary Components of Expense

Cost of Services (excluding rent, general and administrative expense and depreciation and amortization). Our cost of services represents the costs of operating our independent operating subsidiaries, which primarily consists of payroll and related benefits, supplies, purchased services, and ancillary expenses such as the cost of pharmacy and therapy services provided to patients. Cost of services also includes the cost of general and professional liability insurance and other general cost of services specifically attributable to our operations.

Rent—Cost of Services. Rent—cost of services consists solely of base minimum rent amounts payable under lease agreements to our landlords. Our subsidiaries lease and operate but do not own the underlying real estate at our operations, and these amounts do not include taxes, insurance, impounds, capital reserves or other charges payable under the applicable lease agreements.

General and Administrative Expense. General and administrative expense consists primarily of payroll and related benefits and travel expenses for our Service Center personnel, including training and other operational support. General and administrative expense also includes professional fees (including accounting and legal fees), costs relating to information systems, stock-based compensation and rent for our Service Center offices.

Depreciation and Amortization. Property and equipment are recorded at their original historical cost. Depreciation is computed using the straight-line method over the estimated useful lives of the depreciable assets (ranging from one to 40 years). Leasehold improvements are amortized on a straight-line basis over the shorter of their estimated useful lives or the remaining lease term.

Critical Accounting Policies and Estimates

Our discussion and analysis of our financial condition and results of operations are based on Interim Financial Statements, which have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). The preparation of the Interim Financial Statements and related disclosures requires us to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. On an ongoing basis we review our judgments and estimates, including but not limited to those related to self-insurance reserves, revenue, leases, intangible assets, goodwill, and income taxes. We base our estimates and judgments upon our historical experience, knowledge of current conditions and our belief of what could occur in the future considering available information, including assumptions that we believe to be reasonable under the circumstances. By their nature, these estimates and judgments are subject to an inherent degree of uncertainty, and actual results could differ materially from the amounts reported. While we believe that our estimates, assumptions, and judgments are reasonable, they are based on information available when the estimate was made. Refer to Note 2, *Basis of Presentation and Summary of Significant Accounting Policies*, within the 2022 Annual Report for further information on our critical accounting estimates and policies, which are as follows:

- **Self-insurance reserves** - The valuation methods and assumptions used in estimating costs up to retention amounts to settle open claims of insureds and an estimate of the cost of insured claims up to retention amounts that have been incurred but not reported;
- **Revenue recognition** - The estimate of variable considerations to arrive at the transaction price, including methods and assumptions used to determine settlements with Medicare and Medicaid payors or retroactive adjustments due to audits and reviews;
- **Leases** - We use our estimated incremental borrowing rate based on the information available at lease commencement date in determining the present value of future lease payments;
- **Acquisition accounting** - The assumptions used to allocate the purchase price paid for assets acquired and liabilities assumed in connection with our acquisitions; and
- **Income taxes** - The estimation of valuation allowance or the need for and magnitude of liabilities for uncertain tax position.

Recent Accounting Pronouncements

(a) Segment Adjusted EBITDAR from Operations is net income attributable to the Company's reportable segments excluding interest expense, provision for income taxes, depreciation and amortization expense, rent, and, in order to view the operations performance on a comparable basis from period to period, certain adjustments including: (1) costs at start-up operations, (2) share-based compensation, (3) acquisition related costs and credit allowances, (4) the costs associated with transitioning operations, (5) unusual, non-recurring or redundant charges, and (6) net income attributable to noncontrolling interest. General and administrative expenses are not allocated to the reportable segments, and are included as “All Other”, accordingly the segment earnings measure reported is before allocation of corporate general and administrative expenses. The Company's segment measures may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

(b) Represents results related to start-up operations. This amount excludes rent and depreciation and amortization expense related to such operations.

(c) Share-based compensation expense and related payroll taxes incurred. Share-based compensation expense and related payroll taxes are included in cost of services and general and administrative expense.

(d) Non-capitalizable costs associated with acquisitions and credit allowances for amounts in dispute with the prior owners of certain acquired operations.

- (e) During the three months ended March 31, 2023, an affiliate of the Company placed its memory care units into transition and is actively seeking to sublease the units to an unrelated third party. The amount above represents the net operating impact attributable to the units in transition. The amounts reported exclude rent and depreciation and amortization expense related to such operations.

During January 2022, affiliates of the Company entered into Transfer Agreements with affiliates of Ensign, providing for the transfer of the operations of certain senior living communities (the “Transaction”) from affiliates of the Company to affiliates of Ensign. The closing of the Transaction was completed in two phases with the transfer of two operations on March 1, 2022 and the remainder transferred on April 1, 2022. The amount above represents the net impact on revenue and cost of service attributable to all of the transferred entities. The amounts reported exclude rent and depreciation and amortization expense related to such operations.

- (f) Represents unusual or non-recurring charges for legal services, implementation costs, integration costs, and consulting fees in general and administrative expenses.

Costs identified as redundant or non-recurring incurred by the Company for additional services provided by Ensign. All amounts are included in general and administrative expense. Fees incurred were \$273 for the three months ended March 31, 2023, and \$643 for the three months ended March 31, 2022.

The following discussion includes references to certain performance and valuation measures, which are non-GAAP financial measures, including Consolidated EBITDA, Consolidated Adjusted EBITDA, Segment Adjusted EBITDA from Operations, and Consolidated Adjusted EBITDAR (collectively, “Non-GAAP Financial Measures”). Non-GAAP Financial Measures are used in addition to, and in conjunction with, results presented in accordance with GAAP and should not be relied upon to the exclusion of GAAP financial measures. Non-GAAP Financial Measures reflect an additional way of viewing aspects of our operations and company that, when viewed with our GAAP results and the accompanying reconciliations to corresponding GAAP financial measures, we believe can provide a more comprehensive understanding of factors and trends affecting our business.

We believe these Non-GAAP Financial Measures are useful to investors and other external users of our financial statements regarding our results of operations because:

- they are widely used by investors and analysts in our industry as a supplemental measure to evaluate the overall performance of companies in our industry without regard to items such as interest expense, rent expense and depreciation and amortization, which can vary substantially from company to company depending on the book value of assets, the method by which assets were acquired, and differences in capital structures;
- they help investors evaluate and compare the results of our operations from period to period by removing the impact of our asset base and capital structure from our operating results; and
- Consolidated Adjusted EBITDAR is used by investors and analysts in our industry to value the companies in our industry without regard to capital structures.

We use Non-GAAP Financial Measures:

- as measurements of our operating performance to assist us in comparing our operating performance on a consistent basis from period to period;
- to allocate resources to enhance the financial performance of our business;
- to assess the value of a potential acquisition;
- to assess the value of a transformed operation’s performance;
- to evaluate the effectiveness of our operational strategies; and
- to compare our operating performance to that of our competitors.

We typically use Non-GAAP Financial Measures to compare the operating performance of each operation from period to period. We find that Non-GAAP Financial Measures are useful for this purpose because they do not include such costs as interest expense, income taxes, depreciation and amortization expense, which may vary from period-to-period depending upon various factors, including the method used to finance operations, the date of acquisition of a community or business, and the tax law of the state in which a business unit operates.

We also establish compensation programs and bonuses for our leaders that are partially based upon the achievement of Consolidated Adjusted EBITDAR targets.

Non-GAAP Financial Measures have no standardized meaning defined by GAAP. Therefore, our Non-GAAP Financial Measures have limitations as analytical tools, and they should not be considered in isolation, or as a substitute for analysis of our results as reported in accordance with GAAP. Some of these limitations are:

- they do not reflect our current or future cash requirements for capital expenditures or contractual commitments;
- they do not reflect changes in, or cash requirements for, our working capital needs;
- they do not reflect the net interest expense, or the cash requirements necessary to service interest or principal payments, on our debt;
- in the case of Consolidated Adjusted EBITDAR, it does not reflect rent expenses, which are normal and recurring operating expenses that are necessary to operate our leased operations;
- they do not reflect any income tax payments we may be required to make;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and do not reflect any cash requirements for such replacements; and
- other companies in our industry may calculate the same Non-GAAP Financial Measures differently than we do, which may limit their usefulness as comparative measures.

We compensate for these limitations by using Non-GAAP Financial Measures only to supplement net income on a basis prepared in accordance with GAAP in order to provide a more complete understanding of the factors and trends affecting our business.

We strongly encourage investors to review the Interim Financial Statements, included in this Quarterly Report in their entirety and to not rely on any single financial measure. Because these Non-GAAP Financial Measures are not standardized, it may not be possible to compare these financial measures with other companies' non-GAAP financial measures having the same or similar names. These Non-GAAP Financial Measures should not be considered a substitute for, nor superior to, financial results and measures determined or calculated in accordance with GAAP. We strongly urge you to review the reconciliation of income from operations to the Non-GAAP Financial Measures in the table presented above, along with the Interim Financial Statements and related notes included elsewhere in this Quarterly Report.

We believe the following Non-GAAP Financial Measures are useful to investors as key operating performance measures and valuation measures:

Performance Measures:

Consolidated EBITDA

We believe Consolidated EBITDA is useful to investors in evaluating our operating performance because it helps investors evaluate and compare the results of our operations from period to period by removing the impact of our asset base (depreciation and amortization expense) from our operating results.

We calculate Consolidated EBITDA as net income, adjusted for net income attributable to noncontrolling interest prior to the Spin-Off, before (a) interest expense (b) provision for income taxes and (c) depreciation and amortization.

Consolidated Adjusted EBITDA

We adjust Consolidated EBITDA when evaluating our performance because we believe that the exclusion of certain additional items described below provides useful supplemental information to investors regarding our ongoing operating performance. We believe that the presentation of Consolidated Adjusted EBITDA, when considered with Consolidated EBITDA and GAAP net income is beneficial to an investor's complete understanding of our operating performance.

We calculate Consolidated Adjusted EBITDA by adjusting Consolidated EBITDA to exclude the effects of non-core business items, which for the reported periods includes, to the extent applicable:

- costs at start-up operations;
- share-based compensation expense;
- acquisition related costs and credit allowances;

- Costs associated with transitioning operations; and
- unusual, non-recurring, or redundant charges.

Segment Adjusted EBITDA from Operations

We calculate Segment Adjusted EBITDA from Operations by adjusting Segment Adjusted EBITDAR from Operations to include rent-cost of services. We believe that the inclusion of rent-cost of services provides useful supplemental information to investors regarding our ongoing operating performance for each segment.

Valuation Measure:

Consolidated Adjusted EBITDAR

We use Consolidated Adjusted EBITDAR as one measure in determining the value of prospective acquisitions. It is also a measure commonly used by us, research analysts and investors to compare the enterprise value of different companies in the healthcare industry, without regard to differences in capital structures. Additionally, we believe the use of Consolidated Adjusted EBITDAR allows us, research analysts and investors to compare operational results of companies with operating and finance leases. A significant portion of finance lease expenditures are recorded in interest, whereas operating lease expenditures are recorded in rent expense.

This measure is not displayed as a performance measure as it excludes rent expense, which is a normal and recurring operating expense and, as such, does not reflect our cash requirements for leasing commitments. Our presentation of Consolidated Adjusted EBITDAR should not be construed as a financial performance measure.

The adjustments made and previously described in the computation of Consolidated Adjusted EBITDA are also made when computing Consolidated Adjusted EBITDAR. We calculate Consolidated Adjusted EBITDAR by excluding rent-cost of services and rent related to start up operations from Consolidated Adjusted EBITDA.

Cost of services related to our Home Health and Hospice services segment increased \$10.5 million, or 15.6%, primarily due to the increased volume of services from growth in admissions and census. Cost of services as a percentage of revenue for the three months ended March 31, 2023 increased by 1.8% compared to the three months ended March 31, 2022 primarily due to increased wage rates, benefits, and contract labor cost.

Senior Living Services

	Three Months Ended March 31,		Change	% Change
	2023	2022		
Cost of service (in thousands)	\$ 25,196	\$ 23,324	\$ 1,872	8.0 %
Cost of services as a percentage of revenue	71.2 %	69.8 %	1.4 %	

Cost of services related to our Senior Living services segment increased \$1.9 million, or 8.0% during the three months ended March 31, 2023 in response to higher occupancy and wage rate increases. As a percentage of revenue, costs of service increased by 1.4% from 69.8% to 71.2% during the three months ended March 31, 2023 when compared to the three months ended March 31, 2022, due primarily to increased wage rates and benefits.

Rent—Cost of Services. Rent decreased 4.5% from \$10.1 million to \$9.6 million during the three months ended March 31, 2023 compared to the same period in the prior year, primarily as a result of the transfer of senior living communities to Ensign. As a percentage of revenue, rent—cost of services decreased 1.2% when compared to the three months ended March 31, 2022.

General and Administrative Expense. Our general and administrative expense decreased \$1.3 million or 13.2% from \$10.0 million to \$8.7 million for the three months ended March 31, 2023 when compared to the three months ended March 31, 2022. The decrease in general and administrative expense was due to a decrease of \$1.1 million in share-based compensation, for the three months ended March 31, 2023 when compared to the three months ended March 31, 2022.

Depreciation and Amortization. Depreciation and amortization expense increased by \$0.1 million and remained flat as a percentage of revenue for three months ended March 31, 2023 as compared to the three months ended March 31, 2022.

Loss on asset dispositions and impairment, net. Loss on asset dispositions and impairment, net decreased \$0.1 million for the three months ended March 31, 2023 when compared to the three months ended March 31, 2022.

Provision for Income Taxes. We recorded income tax expense of \$0.9 million and \$0.5 million, or 31.2% and 31.9% of earnings before income taxes, for the three months ended March 31, 2023 and 2022, respectively. The decrease in effective tax is primarily due to a decrease in non-deductible equity compensation.

Liquidity and Capital Resources

Our primary sources of liquidity are net cash provided by operating activities and borrowings under our revolving credit facility.

Revolving Credit Facility

On February 23, 2021, Pennant entered into an amendment to its existing credit agreement (as amended, the “Credit Agreement”), which provides for an increased revolving credit facility with a syndicate of banks with a borrowing capacity of \$150.0 million (the “Revolving Credit Facility”). The Revolving Credit Facility is not subject to interim amortization and the Company will not be required to repay any loans under the Revolving Credit Facility prior to maturity in 2026. The Company is permitted to prepay all or any portion of the loans under the Revolving Credit Facility prior to maturity without premium or penalty, subject to reimbursement of any LIBOR breakage costs of the lenders.

The Credit Agreement contains customary covenants that, among other things, restrict, subject to certain exceptions, the ability of the Company and its independent operating subsidiaries to grant liens on their assets, incur indebtedness, sell assets, make investments, engage in acquisitions, mergers or consolidations, amend certain material agreements and pay certain dividends and other restricted payments. Financial covenants require compliance with certain levels of leverage ratios that impact the amount of interest. As of March 31, 2023, the Company was compliant with all such financial covenants.

As of March 31, 2023, we had \$3.0 million of cash and \$87.3 million of available borrowing capacity on our Revolving Credit Facility.

We believe that our existing cash, cash generated through operations, and access to available borrowing capacity under our existing Credit Agreement, will be sufficient to provide adequate liquidity for the next twelve months for both our operating activities and opportunities for acquisition growth.

The following table presents selected data from our Condensed Consolidated Statement of Cash Flows for the periods presented:

Three Months Ended March 31, 2023 Compared to the Three Months Ended March 31, 2022

Our net cash flow from operating activities for the three months ended March 31, 2023 increased by \$13.1 million when compared to the three months ended March 31, 2022. The primary driver of this difference can be attributed to a \$0.8 million increase in Net income, a \$6.3 million increase in cash flows from improved cash collections of accounts receivable and a decrease in CARES fund repayments.

Our net cash used in investing activities for the three months ended March 31, 2023 decreased by \$0.3 million compared to the three months ended March 31, 2022, primarily driven by \$0.2 million less in cash used for restricted and other assets during the three months ended March 31, 2023 compared to the three months ended March 31, 2022.

Our net cash used in financing activities increased by approximately \$10.9 million for the three months ended March 31, 2023 compared to the three months ended March 31, 2022. The increase was primarily due to a net reduction in the balance on our line of credit during the three months ended March 31, 2023 compared to the three months ended March 31, 2022.

Contractual Obligations, Commitments and Contingencies

We continue to make draws and payments on our Revolving Credit Facility, as described in Note 11, *Debt*, to the Interim Financial Statements in Part I of this Quarterly Report. Additionally, we have right-of-use assets obtained in exchange for new operating lease obligations, as described in the supplemental disclosures of cash flow information in the Condensed Consolidated Statement of Cash Flows and in Note 13, *Leases*, to the Interim Financial Statements in Part I of this Quarterly Report.

Besides those transactions there have been no other material changes to our total obligations during the period covered by this Quarterly Report outside of the normal course of our business.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk. We are exposed to risks associated with market changes in interest rates. Our Revolving Credit Facility exposes us to variability in interest payments due to changes in LIBOR (and any benchmark replacement rate chosen after the completion of the phase-out of LIBOR in June 2023). A 1.0% interest rate change would cause interest expense to change by approximately \$0.6 million annually based upon our outstanding long-term debt as of March 31, 2023. We manage our exposure to this market risk by monitoring available financing alternatives.

LIBOR Phase-Out. LIBOR is in the process of being wound down and will be phased out by June 30, 2023. As of March 31, 2023 all CHF and EUR LIBOR settings, the 1 Week and 2 Months USD LIBOR settings, and the Overnight/Spot Next, 1 Week, 2 Months and 12 Months GBP and JPY LIBOR settings have ceased to be published. However, the Overnight and the 1-, 3-, 6- and 12-Months USD LIBOR settings will continue until June 2023. We are required to pay interest on borrowings under our Credit Facility at floating rates based on the 1-month LIBOR and thus, we do not expect to transition from the LIBOR benchmark until June 2023.

Future debt that we may incur may also require that we pay interest based upon LIBOR, or a “synthetic” benchmark equivalent such as the Standard Overnight Financing Rate or (“SOFR”). Our Credit Agreement provides a mechanism by which, when LIBOR is no longer published and available, the Administrative Agent and the Company may amend the Credit Agreement to replace LIBOR with a benchmark replacement rate (which may include term SOFR). We currently expect that the benchmark rate used to determine the interest rate applicable to borrowings under our Credit Agreement would be revised as provided under the agreement or amended as necessary to provide for an interest rate that approximates the existing interest rate as calculated in accordance with LIBOR for similar types of loans. Despite our current expectations, we cannot be sure that, when LIBOR is phased out, the changes to the benchmark rate used to determine the interest rate applicable to borrowings under our Credit Agreement would approximate the current calculation in accordance with LIBOR.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), as of the end of the period covered by this Quarterly Report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures were effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There were no material changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. *Legal Proceedings*

We are involved in various claims and lawsuits arising in the ordinary course of business, none of which, in the opinion of management, is expected to have a material adverse effect on our results of operations or financial condition. However, the results of such matters cannot be predicted with certainty and we cannot assure you that the ultimate resolution of any legal or administrative proceeding or dispute will not have a material adverse effect on our business, financial condition, results of operations and cash flows. See Note 15, *Commitments and Contingencies*, to the Interim Financial Statements for a description of claims and legal actions arising in the ordinary course of our business.

Item 1A. *Risk Factors*

We have disclosed under the heading “Risk Factors” in the 2022 Annual Report risk factors that materially affect our business, financial condition or results of operations. You should carefully consider the risk factors set forth in the 2022 Annual Report and the other information set forth elsewhere in this Quarterly Report. You should be aware that these risk factors and other information may not describe every risk facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.
