Yes  No If Yes, explain:

**Purpose:** Health equity continuing education (CE) rules for the audiologists, hearing aid specialists, speech-language pathologists, and speech-language pathologist assistants professions. The Board of Hearing and Speech (board) is adopting a new rule WAC 246-828-505 and amending WAC 246-828-510 to implement Engrossed Substitute Senate Bill (ESSB) 5229 (chapter 276, Laws of 2021). The board is adopting and exceeding the health equity model rule minimum standards, WAC 246-12-800 through 246-12-830, for audiologist, hearing aid specialist, speech-language pathologist, and speech-language pathologist assistant professions to comply with RCW 43.70.613.

RCW 43.70.613(3)(b) directs the rule-making authority for each health profession licensed under Title 18 RCW that is subject to CE to adopt rules requiring a licensee to complete health equity CE at least once every four years. The statute also directs the Department of Health (department) to create model rules establishing the minimum standards for health equity CE programs. The department filed model rules for health equity CE minimum standards on November 23, 2022, under WSR 22-23-167. The model rules require two hours of training every four years. Any rules developed by the board must meet or exceed the minimum standards in the model rules in WAC 246-12-800 through 246-12-830.

The board's adopted rules require two hours of health equity education be completed every three years as part of the current CE requirements for the professions. The adopted rules do not increase total CE hours but require two hours of health equity CE be absorbed into the existing CE hour requirements. This exceeds the minimum two hours of health equity education required every four years in the model rules.
