Washington State Methamphetamine Precursor Electronic Tracking System NPLeX Account Activation

In 2010 the Washington Legislature passed [RCW 69.43.110](#) to restrict the sale and purchase of non-prescription products containing ephedrine, pseudoephedrine, and phenylpropanolamine or their salts or isomers, or salts of isomers.

The law:

- Requires pharmacies to keep products containing methamphetamine precursors behind the counter where the public is not permitted or in a locked display case where it is not accessible to customers without assistance;
- Requires the retailer to record the name and address of the purchaser, the date and time of the sale, the name and the initials of the person conducting the transaction, the name of the product sold, and the total quantity in grams of the precursors being sold;
- Requires the customer to electronically or manually sign a record of any transactions when purchasing methamphetamine precursors;
- Updates the sales limits to match the federal restrictions-daily sales limit of 3.6 grams per purchaser and prohibits a purchaser from buying more than nine grams during a 30-day period; and
- Requires the Pharmacy Quality Assurance Commission to implement a real-time electronic sales tracking system.

* Rules: [WAC 246-945](#)

Note: If your pharmacy sells ephedrine, pseudoephedrine, and/or phenylpropanolamine over the counter, you will need to set up an account to access and report to the National Precursor Log Exchange (NPLeX) by visiting: <https://nplex.appriss.com>.

Washington Methamphetamine Precursor Electronic Retail Sales Tracking System Request for Exemption

Revised Code of Washington [69.43.110](#) provides an exemption from the Washington Methamphetamine Precursor Electronic Retail Sales Tracking System (NPLeX) reporting requirements for retailers that can show good cause why they cannot comply. Retailers who believe they are eligible under this provision may apply for an exemption with the Washington State Pharmacy Quality Assurance Commission. To request an exemption from compliance, complete **all** of the following information along with the signature of the retailer or person authorized by the retailer. The commission will review the request for exemption and will grant or deny the request within 15 business days from receipt.

Good cause conveys must show significant hardship to comply as prescribed by law. What constitutes a good cause will be determined on a case-by-case basis. Good cause, includes but is not limited to, situations where the installation of the necessary equipment to access the system is unavailable or cost prohibitive to the retailer.

No Dispensing of Controlled Substances Registration

If your pharmacy does not dispense controlled substances to Washington State residents, you can complete the No Dispensing of Controlled Substances registration online and submit it to the department. If the department approves your request, your pharmacy will not have to file zero reports for compliance purposes. You will need to resubmit the registration each year when you renew your pharmacy license. By submitting an NDCS registration you'll be certifying that:

- My pharmacy does not currently deliver any drugs covered by the program (schedule II, III, IV, or V controlled substances or any other drugs added by the Pharmacy Commission) to ultimate users who have a Washington State address.
- If our business practice changes regarding dispensing drugs covered by the program to ultimate users with a Washington State address, we will notify the Washington State Department of Health and begin data submission as required in [RCW 70.225](#).
- My pharmacy will resubmit this form every year with our pharmacy license renewal in order to re-certify that the pharmacy does not deliver any drugs covered by the program to ultimate users who have a Washington State address.

The NDCS registration can be accessed at www.wapmp.org. Look under the "WA Pharmacy/Prescriber Data Uploader" link in the menu on the left of the page and then the "No Dispensing of Controlled Substances" link.
