Request for Midwife Implant License Extension

List and submit all documentation of training you have successfully completed:

1. The requirements for a limited prescriptive license extension;
2. Completion of training as required by the implant manufacturer; and
3. Completion of additional training that includes a clinical experience.

In accordance with [RCW 18.50.040](#), a midwife licensed under this chapter may apply for a medical devices license extension upon completion of the training listed below.

The Training Program must include the following (see [WAC 246-834-165](#)):

- Requirements for the limited prescriptive license extension. See [application](#) for training requirements;
- Submit evidence of completion of training as required by the implant manufacturers, or an equivalent. The training must include at least three simulated implant removals under direct supervision; and
- Submit evidence of completion of a clinical experience of one inserted implant and three implant removals under direct supervision.
