

Public Water Systems

All systems except those serving only one single-family residence or four or fewer service connections on the same farm.

Group A

Systems that regularly serve:

- 15 or more service connections or
- 25 or more people per day for 60 or more days per year.

Group B

Systems that regularly serve:

- less than 15 service connections or
- less than 25 people per day or
- 25 or more people per day during fewer than 60 days per year.

Community

System that regularly serves:

- 15 or more year-round service connections or
- 25 or more year-round residents (180 or more days per year)

Non-Community

Any system that is not a community system.

Non-Transient (NTNC)

System that serves:

- 25 or more of the same people per day for 180 or more days per year.

Transient (TNC)

System that serves:

- 25 or more different people per day during 60 or more days per year, or
- 25 or more of the same people per day for less than 180 days per year during 60 or more days per year, or
- 1,000 or more people for two or more consecutive days.
