QUARTERLY METRICS SNAPSHOT

October 1, 2021 – December 31, 2021

During the fourth quarter of 2021, our team saw a significant reduction in reactive ICARs, while maintaining a steady course of proactive ICAR visits. As we continue to provide ICAR services in the new year, we are excited to announce that in January of 2022, we will be expanding our services into dental settings, oncology, and dialysis.
