

Skilled Nursing Facility Antimicrobial Stewardship Collaborative!

The **Antimicrobial Stewardship Skilled Nursing Facility Collaborative** is an invaluable opportunity for clinicians, pharmacists, and infection preventionists working in Skilled Nursing Facilities to enhance their knowledge and skills in antimicrobial stewardship.

Duration: September 2024 - May 2025

Format: Monthly 45-minute sessions

Cost: Free!

What to Expect:

Engaging Sessions: Participate in a 45-minute session each month featuring a concise didactic presentation, hands-on skill-building activities, and a Q&A segment.

Comprehensive Topics: Dive into crucial subjects such as:

- Antibiotic Time Outs
- Utilization of Antibiograms
- Resident and Family Communication
- Appropriateness Criteria for Common Infections
- Diagnostic Stewardship

Benefits:

- **Improved Antibiotic Use at your Facility**
- **Increased Survey Readiness**
- **Certification:** Earn a certificate upon completion, demonstrating your enhanced stewardship expertise.
