## Trauma Rehabilitation Scope of Service

The intent is to present an overall picture of consistent resources and capabilities available for trauma rehabilitation care, and compliance with WAC standards. The facility is requested to include related capabilities beyond the WAC requirements available for trauma patient care to contribute to the statewide composition. Check all that apply.

Standard:

A designated trauma rehabilitation service must:

Be a licensed hospital as defined in chapter [246-320](#) WAC that treats pediatric, adolescent, and adult patients in inpatient and outpatient settings regardless of disability, level of severity or complexity within the facility's capability, and as specified in the facility's admission criteria.

### Section Item 1:

Adult Level I:

- Yes  No Does the trauma rehabilitation service treat adult and adolescent trauma patients in inpatient and outpatient regardless of disability or level of severity or complexity.

Adult Level II Only:

- Yes  No The trauma rehabilitation service treats adult and adolescent trauma patients in inpatient and outpatient settings with disabilities or level of severity or complexity within the facility's capability, and as specified in the facility's admission criteria.

Pediatric Designation Only:

- Yes  No Does the trauma rehabilitation service treat pediatric and adolescent patients in inpatient and outpatient settings regardless of disability or level of severity or complexity.

**Section Item 2:** If Item 1 is no, explain (limit response to 200 characters): \_\_\_\_\_.

**Section Item 3:**  Yes  No For adolescent patients (about 12 to 18 years of age), does the trauma rehabilitation service consider whether physical development, educational goals, pre-injury learning, or developmental status, social or family needs, and other factors indicate treatment in an adult or pediatric rehabilitation service.

**Section Item 4:** If Item 3 is no, explain (limit response to 200 characters): \_\_\_\_\_.

**Section Item 5:**  Yes  No Does the trauma rehabilitation service house patients on a

designated rehabilitation nursing unit.

Pediatric Designation Only:

- Yes  No Does the trauma rehabilitation service house patients in a designated pediatric area, providing an environment appropriate to the age and development status of the patient.

**Section Item 6:** If Item 5 is no, explain (limit response to 200 characters): \_\_\_\_\_.

**Section Item 7:**  Yes  No Does the trauma rehabilitation service have a physiatrist in-house or on-call 24 hours every day and responsible for the day-to-day clinical management and the treatment plan of trauma patients.

**Section Item 8:** If Item 7 is no, explain (limit response to 200 characters): \_\_\_\_\_.

**Section Item 9:** Does the trauma rehabilitation service provide rehabilitation nursing personnel 24 hours every day, with:

- Yes  No The initial care plan and weekly update reviewed and approved by a CRRN.
- Yes  No A minimum of 6 clinical nursing care hours, per patient day, for each trauma patient.

Level I Adult/Pediatric Only:

- Yes  No At least one CRRN on duty, each day and evening shift, when a trauma patient is present.

Level II Adult Only:

- Yes  No At least one CRRN on duty, one shift each day, when a trauma patient is present.
