Nursing Pool Registration Report

Please complete the annual survey by including the county the health or long-term care personnel performed their work in. You will also need to include the location type. For example, hospital, nursing home, assisted living facility, enhanced services facility, or adult family home. Please note that if you send workers to more than one county, you need to complete information on each county they are placed in. If you have questions, please contact Program Manager, Kristina Bell by email at kristina.bell@doh.wa.gov. Information collected will be published on the Department of Health website and made readily available to the public in accordance with RCW 45.56 (Public Records Act).
