APPENDIX B - KIOSK & PROMOTIONAL MATERIAL IMAGES	33
APPENDIX C - LIST OF CONTACTED POTENTIAL KIOSK LOCATIONS ON ISLANDS AND OUTSIDE POPULATION CENTERS	44
APPENDIX D - LIST OF MAILERS DISTRIBUTED BY ZIP CODE	46

Executive Summary

RCW 69.48.100(1) - By July 1st after the first full year of implementation, and each July 1st thereafter, a program operator must submit to the department a report describing implementation of the drug take-back program during the previous calendar year.

WAC 246-480-080(1) - Each program operator shall submit an annual report to the department by July 1st in the format provided by the department.

Inmar Rx Solutions, Inc., a wholly owned subsidiary of Inmar, Inc. (“Inmar”) operates a Product Stewardship Plan in Washington for Covered Drugs as approved by the Washington Department of Health (“Department”) on May 13, 2022, pursuant to Chapter 69.49 RCW and Chapter 246-480 WAC, the Drug Take-Back Laws. The Approved Plan (“Plan”) requires that Inmar submit to the Department an Annual Report on the development, implementation, and operation of the Drug Take-back Program (“Program”) for the previous year. This Annual Report describes collection and outreach activity between January 1, 2023 and December 31, 2023 (“Reporting Period”) pursuant to RCW 69.48.100. Capitalized terms used herein are the same as those used in the Approved Plan and the Drug Take-back Laws.

List of Covered Manufacturers

RCW 69.48.100(1) - The report must include: (a) A list of covered manufacturers participating in the drug take-back program;
WAC 246-480-080(2) - To ensure consistency of program operator reporting and ensure the department can accurately analyze the data, the annual program report must include: (a) A list of covered manufacturers participating with the program operator.

The following list of Covered Manufacturers were participating in Inmar's Plan during the Reporting Period.

Manufacture Name (Parent)	Company Name (Affiliates)
Accord Healthcare, Inc.	Accord Healthcare, Inc
Ascend Laboratories	Ascend Laboratories
ASO LLC	ASO LLC
Avet Pharmaceuticals, Inc.	Avet Pharmaceuticals, Inc
Camber Pharmaceuticals, Inc.	Ajes Pharmaceuticals; Annora Pharma Private Ltd.; Ascent Pharmaceuticals, Inc.; Aspiro Pharma Ltd.; Biological E. Ltd.; CorePharma, LLC; Cyndea Pharma; Hetero Labs Ltd.; Innogenix LLC; Vivimed Life Science Private Ltd.
Carlsbad Technology, Inc.	Carlsbad Technology, Inc.
CivicaScript, LLC	CivicaScript, LLC
Dr. Reddy's Laboratories Inc.	Dr. Reddy's Laboratories Inc.
Duchesnay USA, Inc.	Duchesnay USA, Inc.
Florida Pharmaceutical Products, LLC	Florida Pharmaceutical Products, LLC
Fosun Pharma USA, Inc.	Fosun Pharma USA, Inc.

Sun (Taro) Pharmaceutical Industries, Inc.	Sun (Taro) Pharmaceutical Industries, Inc.
TAGI Pharma, Inc.	TAGI Pharma, Inc.

Tri-Source Pharma, LLC	NextSource Biotechnology, LLC; Tri-Source Pharma, LLC
TruPharma, LLC	TruPharma, LLC
Unichem Laboratories Ltd.	Unichem Pharmaceuticals (USA), INC.
United Exchange Corp	United Exchange Corp
Upsher-Smith Laboratories, LLC	Upsher-Smith Laboratories, LLC
Westminster Pharmaceuticals, LLC	Westminster Pharmaceuticals, LLC

Covered Drug Collection & Total Weight

RCW 69.48.100(1)(b) - The amount, by weight, of covered drugs collected, including the amount by weight from each collection method used;
WAC 246-480-080(1)(b) - The amount, by weight, of covered drugs collected, including the amount by weight from each collection method used.

The amount, by weight, of Covered Drugs collected, including the amount by weight from each collection method used for this Reporting Period is provided below.

Type	No. of Returned Items	Total Weight (pounds)
Kiosk Inner Liners	1389	31,289.77
Mailers	3136	1260.53
Collection Events	0	0
Total	4,525	32,550.30

Collection Method Locations

RCW 69.48.100(1)(c) - The following details regarding the program's collection system: A list of collection sites with addresses; the number of mailers provided; locations where mailers were provided, if applicable; dates and locations of collection events held, if applicable; and the transporters and disposal facility or facilities used;

WAC 246-480-080(1)(c) - The list of collection sites with addresses must:

- (i) Indicate collection sites added since previous annual report was submitted to the department;
- (ii) Also be provided as a map; and
- (iii) Identify any retail pharmacy, hospital or clinic with an on-site pharmacy, or law enforcement agency that offered to participate and was not included as an authorized collector within 90 days of the program operator receiving offer.
 - (A) If potential authorized collector was included later, describe reason for delay.
 - (B) If potential authorized collector was not included, describe reason for exclusion.
- (d) A description of prompt collection, maintenance, and kiosk inner liner supply requests.
 - (i) Describe whether agreements with collection sites include requirement for collection site to report need for prompt collection, maintenance, or inner liner supplies.
 - (ii) Describe any instances where program operator identified issues related to collection receptacle (kiosk) not being available to accept covered drugs when collection site was open for business, including issues identified during program operator inspection of receptacles; number of requests for prompt collection, maintenance, or inner liner supplies; and average number of days between request and collection or response.
 - (iii) Describe any instances where requests for prompt collection, maintenance, or inner liner supplies were not provided by the program operator as described in their approved plan. The description shall include the reason prompt collection, maintenance, or inner liner supplies were not provided and the number of days between request and collection or response.
- (e) The number of mailers provided must be reported by zip code and must include the number of mailers provided for each of the following categories:
 - (i) Directly to individuals as the result of requests made through website or toll-free telephone number;
 - (ii) Directly to households without anyone requesting them;
 - (iii) To retail pharmacies that are not mail-back distribution locations;
 - (iv) To other businesses or organizations that are not mail-back distribution locations; and
 - (v) To mail-back distribution locations.
- (f) The locations where mailers were provided must include a list of:
 - (i) Zip codes where individuals requested mailers from the single website, single toll-free telephone number, program operator specific website, or program operator specific telephone number;

600-103 Non-DOH: To request this document in another format, call 1-800-525-0127. Deaf or hard of hearing customers, please call 711 (Washington Relay) or email doh.information@doh.wa.gov.

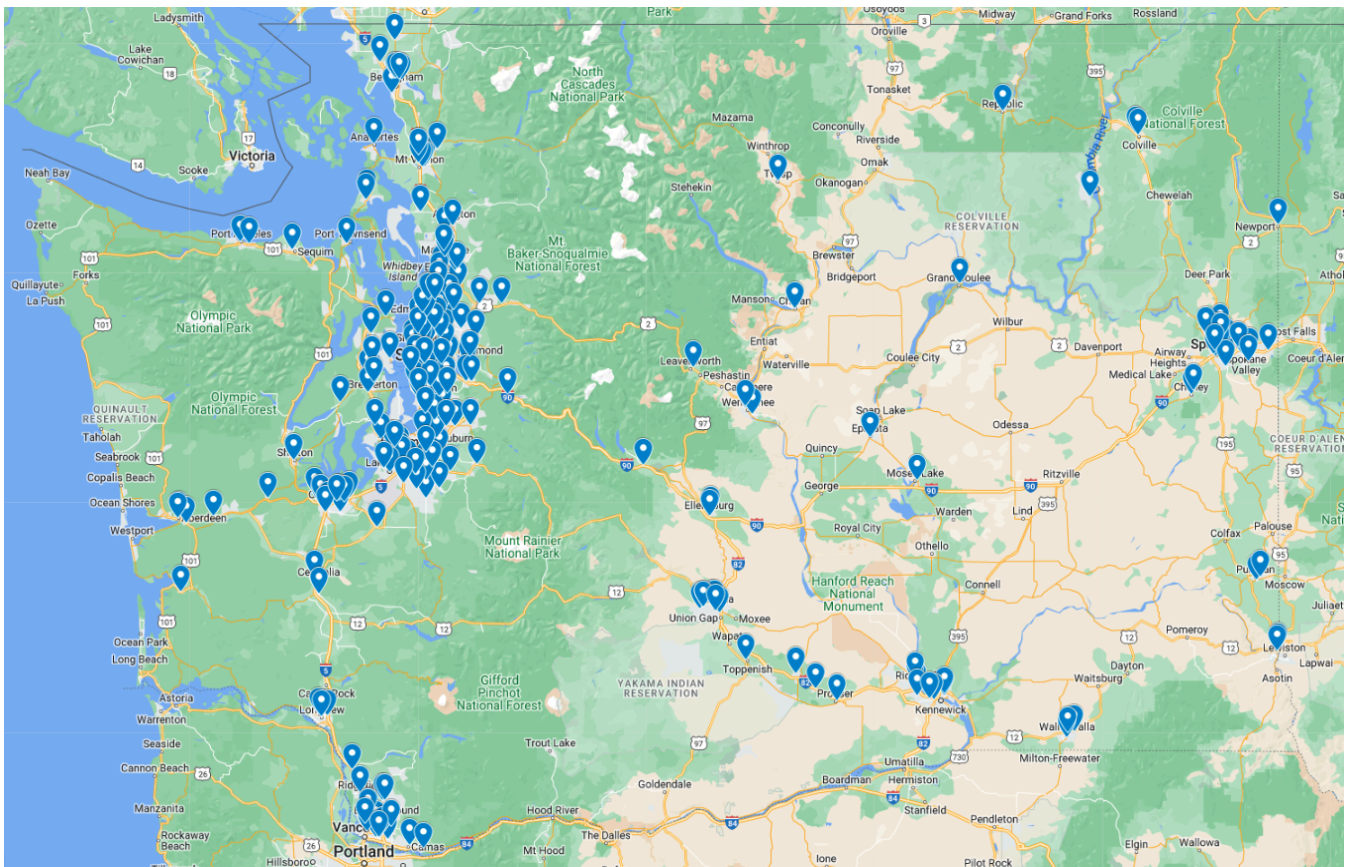

- (ii) Zip codes where households were sent mailers directly without requesting them. This list must indicate the percentage of households per zip codes that were sent mailers;
- (iii) Nonresidential locations that are not mail-back distribution locations with addresses; and
- (iv) Mail-back distribution locations with addresses.
- (g) Dates and locations of collection events held.
- (h) A description of collection sites, mail-back distribution locations, take-back events, and other methods for accessing safe medication return in areas outside of population centers.
- (i) List all law enforcement, retail pharmacies, and hospitals or clinics with on-site pharmacies on islands and outside population centers and indicate whether they are authorized collectors.
- (ii) For each law enforcement facility, retail pharmacy, and hospital or clinic with on-site pharmacy that is not an authorized collector, describe the reason they are not participating. Include recruitment efforts and the result of those efforts.
- (i) Transporters and disposal facilities used.

Collection Sites Added During the Reporting Period

A map of all Collection Sites across the state is provided below:

Information regarding a list of Collection Sites with addresses and locations where Mailers were provided can be found in “Appendix A - Collection Site and Mail-back Distribution Site List.” 25 mailers were sent to nonresidential locations that are not mail-back distribution locations.

Any qualified potential Authorized Collector that offered to participate in the program through Inmar was included in the program within 90 days.

During this program year, agreements with Collection Sites did not stipulate a formal requirement to report a need for prompt collection, maintenance, or Inner Liner supplies. Kiosk locations possess the necessary contact information and are instructed to reach out to Inmar regarding any issues related to prompt collection, maintenance, or Inner Liner supplies.

600-103 Non-DOH: To request this document in another format, call 1-800-525-0127. Deaf or hard of hearing customers, please call 711 (Washington Relay) or email doh.information@doh.wa.gov.

There were 9 instances of prompt collection issues in this program year. This includes third party transportation miscommunication, pickup scheduling, or Authorized Collector staff turnover resulting in a delay of Kiosk operation. The average amount of time between when Inmar was alerted to prompt collection issues and when a response was sent back to the Authorized Collector was 2 days.

There were 39 instances of regular maintenance requests in this program year. This includes mechanical issues that may or may not affect the operation of the Kiosk. None of these maintenance requests would be classified or resulted in a safety or security concern. The average amount of time between when Inmar was alerted to a maintenance issue and when the issue was resolved was 9.8 days.

There were 13 instances of inner liner requests in this program year. This includes reordering Inner Liners to ensure there is additional stock of Inner Liner supplies. The average amount of time between when Inmar was alerted of the need for more Inner Liners and when a response was sent back to the Authorized Collector was less than 1 day.

A list of potential Kiosk locations that Inmar reached out to throughout the program year on islands and outside population centers is located in Appendix C. During its efforts, Inmar was unable to determine the Kiosk status of each contacted potential location.

Mailer Distributed

Inmar distributed 21,102 Mailers during this Reporting Period. A complete list of Mailers distributed by zip code can be found in Appendix D.

Mailer Delivered Type	Number of Mailers
Request Through Website or Toll Free Number	3,058
Directly to Household Without Request	579
Retail pharmacies that are not mail-back distribution locations	0
Other businesses or organizations that are not mail-back distribution locations	25
Mail-back distribution locations	17,440

Collection Events

During the Reporting Period there were no collection events held.

Transporters and Disposal Facilities

Below is a list of the transporters and disposal facilities used during the Reporting Period.

Company Name	Contact Information
123 Compliant Logistics, LLC 2626 N 29th Avenue Phoenix, AZ 85009	Operations Manager (602) 612-4140
Indianapolis Resource Recovery Facility 2320 South Harding Street Indianapolis, IN 46221	Operations Manager (317) 378-8723
USPS	Account Manager (919) 501-9394

FedEx

(847) 346-6292

Safety or Security Concerns

RCW 69.48.100(1)(d) - Whether any safety or security problems occurred during collection, transportation, or disposal of covered drugs, and if so, completed and anticipated changes to policies, procedures, or tracking mechanisms to address the problem and improve safety and security; **WAC 246-480-080(1)(j)** - Safety or security problems including, but not limited to, all instances where collection, transportation, or disposal did not follow processes described in the approved plan, including processes for prompt collection and maintenance. Safety and security problems described must include any instances where a secure collection receptacle (kiosk) is opened for a reason other than packaging the inner liner for shipping, installing a new inner liner, or maintenance on a kiosk that does not contain an inner liner. The description of whether safety or security problems occurred during collection, transportation, or disposal of covered drugs must include:

- (i) Whether the problem occurred during collection, transportation, or disposal;
- (ii) Whether the problem met criteria for reporting to law enforcement, Washington state pharmacy quality assurance commission, United States Drug Enforcement Administration, or other entity and whether the operator can confirm that the reporting happened;
- (iii) If covered drugs were lost during transportation, whether transporter has policies for safely managing undeliverable packages that might include drugs;
- (iv) If transporter delivered covered drugs to the wrong address, description of attempts to retrieve covered drugs and whether those attempts were successful;
- (v) Program operator actions to ensure problem was reported, if required; appropriate investigation occurred; and risk of similar problem occurring in the future was minimized; and
- (vi) Changes to policies, procedures, or tracking mechanisms to address the problem and improve safety and security.

During the Reporting Period no safety or security concerns occurred.

Public Education & Outreach

RCW 69.48.100(1)(e) - A description of the public education, outreach, and evaluation activities implemented;

WAC 246-480-080(1)(k) - A description of public education, outreach, and evaluation activities implemented shall include the following.

"Promotional material" shall have the same definition as in WAC 246-480-070(4):

- (i) List of languages that printed or downloadable public promotional material are available in, with description of any printed or downloadable promotional material not available in these languages. List or description of languages used in any television, radio, social media, or other nonprint promotional material;
- (ii) List or description of languages available on: the single website and program operator specific website; the single toll-free telephone number and program operator specific telephone number; and call centers associated with the single toll-free telephone number and program operator specific telephone number. This list or description must include the name of language service providers where applicable;
- (iii) Description of how these languages or language services meet the language needs of people in Washington;
- (iv) Copies of all promotional material, including signage and changes to websites and telephone number scripts, developed since last annual report;
- (v) Description of how education and outreach efforts were implemented including:
 - (A) Date, type, and description of all social media and email promotion activity;
 - (B) Date, frequency, reach, and description of outreach for radio, television, print, and digital media platforms;
 - (C) List of brochures and posters available from single website and program operator specific website, number of times each was viewed, and number of times each was downloaded;
 - (D) Name, address, facility type, and date of email or hard copy distribution of brochures and posters to nonresidential entities; and
 - (E) Total number of views and number of unique visitors for each page of single website and program operator specific website.
- (vi) Description of evaluation activities shall include:
 - (A) Evaluation of comments, questions, and concerns received from the public including evaluation of feedback themes and actions program operator has implemented or planned in response to feedback; and
 - (B) Evaluation of public education and outreach efforts, including evaluation of education and outreach implementation described in (g)(v) of this subsection.

Pursuant to RCW 69.48.070, Inmar executed a comprehensive and measurable public awareness and education strategy to drive awareness of the Program and maximize participation. The goal of Inmar's public awareness and education efforts was to ensure that Covered Entities and Authorized Collectors understood where and how to dispose of Covered Drugs.

To accomplish this comprehensive public awareness and education strategy, Inmar deployed a combination of outreach initiatives, including printed materials and media communication. Pursuant to RCW 69.48.070(1)(a)-(g), each initiative aimed to instruct Covered Entities by providing at least one, if not all, of the following key messages:

- Promote the safe storage of Legend Drugs and Non-legend Drugs by residents before secure disposal through the Drug Take-back Program.
- Discourage residents from disposing of Covered Drugs in solid waste collection, sewer, or septic systems.
- Promote the use of the Drug Take-back Program so that where and how to return Covered Drugs is widely understood by Covered Entities, pharmacists, retail pharmacies, health care facilities and providers, veterinarians, and veterinary hospitals.

Additionally, Inmar established a Program Toll-free Phone Number and Program Website that Covered Entities can utilize to find out more information about the Program. The Toll-free Phone Number can be translated into the below languages:

- Albanian, Armenian, Basque, Bulgarian, Catalan, Croatian, Czech, Danish, Dutch, Estonian, Finnish, Frech, German, Greek, Hungarian, Italian, Lithuanian, Macedonian, Norwegian, Polish, Portuguese, Romanian, Russian, Serbian, Slovak, Spanish, Swedish, Ukrainian, Yiddish, Fijan, Ilocano, Indonesian, Malay, Samoan, Tagalog, Tongan, Haitian Creole, Navajo, Bengali, Bhojpuri, Gujarati, Hindi, Malayalam, Nepali, Punjabi, Sinhalese, Tamil, Urdu, Amharic, Arabic, Bambara, Hausa, Somali, Swahili, Tigrinya,

600-103 Non-DOH: To request this document in another format, call 1-800-525-0127. Deaf or hard of hearing customers, please call 711 (Washington Relay) or email doh.information@doh.wa.gov.

Wolof, Yoruba, Dari, Farsi, Hebrew, Kurdish, Pashto, Turkish, Cantonese, Chaochow, Fukienese, Mandarin, Shanghai, Taiwanese, Burmese, Hmong, Indonesian, Japanese, Khmer, Korean, Laotian, Malay, Mien, Thai, Vietnamese.

A summary of each of the initiatives deployed as part of Inmar’s public awareness and education strategy is provided below.

During this program year no feedback was received from the public, outside of the 9 prompt collection issues called out in the “Collection Method Locations” section of this document. Inmar works to ensure any feedback evaluations, concerns, or suggestions from the public are assessed and effectively implemented to enhance our processes and services.

Educational and Outreach Materials

In accordance with RCW 69.48.070(1)(e), materials have been created and made available to Covered Entities. Educational materials promote the safe and secure storage of Covered Drugs while educating Covered Entities on best practices for disposal through the use of the Drug Take-back Program.

These materials:

- Provided instruction on how to safely store Covered Drugs at home.
- Informed of the risks of disposing of Covered Drugs in inappropriate waste streams (e.g., solid waste collection, sewer, or septic systems).
- Informed Covered Entities about Collection Sites and Mail-back Program services.
- Are translated into English, Vietnamese, Chinese, Tagalog, Spanish, Russian, and Korean.
 - Based on data pulled from the US Census Bureau, these 7 languages are the most commonly spoken in the state of Washington.

During the program year educational materials were sent to 5,765 non-residential medical, law enforcement, and veterinary facilities across the state of Washington.

Kiosk Signage

Kiosk Signage was created and implemented to educate and assist Covered Entities in the proper storage and disposal of Covered Drugs. In accordance with RCW 69.48.070(1)(g) and in partnership with the other Program Operator, a common mark logo was created to provide a common symbol for Covered Entities to identify collection methods and educational materials that are part of the Program. Kiosk signage is available in English and Spanish.

During this program year, Inmar updated its Kiosk Signage. An image of the new kiosk can be found in Appendix B.

Welcome/Introduction Letter

A welcome/introduction letter was sent out to Police/Sheriff’s Departments, Hospitals, Medical Facilities, Treatment Centers, Pharmacy’s, and Indian Nations. The letter was to educate these locations on the importance of the Safe Medication Return Program and to invite them to participate in the program in a few ways: becoming a mail-back or kiosk location and being an educated voice around safe medication disposal and storage in their respective communities.

600-103 Non-DOH: To request this document in another format, call 1-800-525-0127. Deaf or hard of hearing customers, please call 711 (Washington Relay) or email doh.information@doh.wa.gov.

Newspaper/Print Advertisement

In accordance with RCW 69.48.070(1), Inmar worked with The Seattle Times to educate and inform Covered Entities of medtakebackwashington.org and toll-free phone number, as well as the location of Drop-off Sites, Mail-back Distribution Sites. The advertisement was included in the print versions of the newspaper and was also included in any online/digital version. Newspaper ads were printed in English.

Direct Mail

In accordance with RCW 69.48.070(1), Inmar utilized direct mail (5x7 postcard) to promote safe drug disposal and the utilization of medtakebackwashington.org. Direct mailings were translated and sent out in Spanish and English. Direct mail postcards highlighted important statistics, medtakebackwashington.org, the Program toll-free phone number, a visual of what the Kiosk looks like, and how to operate the Kiosk. Direct mail postcards were printed in English and Spanish.

Programmatic Media

In accordance with RCW 69.48.070(1), Inmar targeted Covered Entities through programmatic media that provides targeted display ads on browser sites on internet capable devices (smart phones, computers, tablets, etc.). Additionally, geo-targeting was used to focus the ads to increase awareness among Covered Entities in middle to smaller sized cities. Inmar ran ads across a prequalified list of over 200K domains including a variety of retail websites, Google, and Facebook. Impression metrics are reported directly from the individual websites where the ads are placed and are reported on a per-campaign basis. Programmatic ads were displayed in English.

Influencer Marketing

In accordance with RCW 69.48.070(1), Inmar worked with Influencers to create educational and inspirational content that Covered Entities could read and engage with. Influencer Marketing is a content creation tactic used to drive awareness and education to a targeted audience through blogs and social media outlets. Influencers create original, authentic content around their everyday lives and interests while weaving the story of safe medication return into their content. Influencer content is converted into paid ad units across social platforms and then targeted to community members across Washington. Paid advertisements for influencer content were run on a variety of platforms including Google, Facebook, and/or Instagram, and aimed to meet a specified impression goal. Influencer marketing content was displayed in English.

Public Awareness Campaign Results

Outreach Activity	Start Date	End Date	Results
Programmatic Spring 2023 Campaign	4/1/23	5/18/23	350,001 Impressions

Program Website and Program Toll-free Phone Number

Pursuant to RCW 69.48.070(1)(d), Inmar established an individually branded Program Website and Program Toll-free Phone Number within the Reporting Period. The URL for Inmar’s Program Website is www.SafeMedicineDrop.com and the Program Toll-free Phone Number is (844) 482-5322. The languages in which both websites can be translated into are listed below. The Program Website contains a map and list of Collection Sites for all Covered Entities in Washington. Covered Entities are able to request Mailers including Standard Mail-Back Envelopes, Inhaler Mail-back Envelopes, and/or Pre-filled Injector Mail-Back Packages, to be sent directly to their residence through the Program Website. The Program Website provides additional information on Inmar’s Program, including a Frequently Asked Questions (FAQ) section.

Medtakebackwashington.org Website Performance/Results:

- Total Page views: 108,436
- Unique Users: 47,920

SafeMedicineDrop.com Website Performance/Results:

- Mail-Back Order Page:
 - Total Pageviews: 2,002
 - During this program year, Inmar was not set up to track overall unique pageviews or clicks/downloads of the educational materials. Process improvements for the website are ongoing and are reevaluated periodically.

Program Recycling

RCW 69.48.100(1)(f) - A description of how collected packaging was recycled to the extent feasible;

WAC 246-480-080(1)(l) - A description of how collected packaging was recycled to the extent feasible.

DEA § 1317.75(c) prohibits handling substances (opening, x-raying, analyzing, or otherwise penetrating mailers and inner liners) after they have been deposited into a Kiosk. For this reason, Inmar is unable to separate and recycle drug packaging. Inmar encourages Covered Entities to separate unwanted Covered Drugs from their packaging and recycle the packaging prior to disposal. Even though regulations prevent us from recycling drug packaging, Inmar has an interest in reducing waste and improving our environment. Through its Rx Returns and related business lines, Inmar has saved over 20,000 barrels of oil, recovered over 11,000 megawatts of clean energy, and powered over 900 homes in the past two years alone. We will continue to look for opportunities to expand our eco-friendly efforts in the state.

Plan Collection, Education & Promotion Goals

RCW 69.48.100(1)(g) - A summary of the program's goals for collection amounts and public awareness, the degree of success in meeting those goals, and if any goals have not been met, what effort will be made to achieve those goals the following year;

WAC 246-480-080(1)(m) - A summary of the program's goals for collection amounts and public awareness shall include:

- (i) Description of goals for the reporting year;*
 - (ii) Description of goals for the following year, including identification of any unmet goals carried forward; and*
 - (iii) Description of how program operator calculates or quantifies progress toward goals, including any percentages included in goals.*
- (n) A summary of degree of success in meeting goals shall include description of why goals were not met and what effort program operator will make to achieve those goals the following year.*

1. Establish an additional 21 Kiosks at Collection Sites in populations currently underserved by Kiosks for a total of 215 Collection Sites in the state.

- a. Inmar successfully added 34 kiosk locations during the Reporting Period, bringing the total number of kiosks to 233.

2. Continue providing service through Mail-back Distribution Locations and collection events in populations underserved by Collection Sites in coordination with the Department and local health jurisdictions.

- a. Inmar met this goal by operating 324 mail-back Distribution Locations during the Reporting Period.

600-103 Non-DOH: To request this document in another format, call 1-800-525-0127. Deaf or hard of hearing customers, please call 711 (Washington Relay) or email doh.information@doh.wa.gov.

- 3. Inmar sets a collection goal (for Collection Sites) of 20 pounds per month per Collection Site for a total of 4,300 pounds of Covered Drugs collected from 215 Kiosks monthly and 51,600 pounds in the first year after Plan approval.**
 - a. Inmar did not meet the goal of 20 pounds per month per drop-off site for a total of 51,600 pounds of drugs collected from 215 Kiosks in the first year. When setting these goals, Inmar used the best available data to estimate the amount of drugs typically collected in an average Kiosk among its existing national drug take-back network. Inmar believed these goals to be something to strive for and did not account for the necessary length of time and duration that a Kiosk should exist and build awareness in a community to collect the weights established.
 - i. Inmar has goals to increase the number of kiosk locations that it operates moving into its next program year. This would further expand the reach and collection total that Inmar's program provides to Covered Entities across the state.
 - ii. Increased awareness efforts were one factor that led to an increase of weight collected from program year 1 to program year 2. Inmar will continue to keep a diversified list of awareness tactics (digital and print) live throughout the program year providing opportunities to covered entities.
- 4. Inmar estimates approximately 342 pounds of Covered Drugs to be collected by Mailers in the first 12 months (5/13/22 - 5/12/23) of Plan operation and 125 pounds per collection event.**
 - a. Inmar successfully collected 502.75 lbs of medication during its first 12 months as a program operator. No collection events were run so there was no weight collected.
- 5. Continue public awareness and outreach campaign as described in Section IV of Plan with a goal of reaching 50% of Covered Entities in Washington by 12 months (5/13/22 - 5/12/23) after Plan approval.**
 - a. Inmar successfully reached more than 50% of covered entities based on the breakout of unique readers/viewers/residents. Below is a breakout of the percentage of reached Washington residents over the age of 18
 - i. Digital Media - 30.67%
 - ii. Newspaper - 31.54%
 - iii. Direct Mail - 10.18%
 - b. Public awareness and outreach tactics were run during the Reporting Period
 - c. The results of the outreach activity we ran in the Reporting Period can be found above in the Public Education & Outreach section of this document.
 - d. Inmar will utilize the data from DOH's public outreach survey to guide our strategies and initiatives aimed at enhancing public knowledge and awareness. The findings from this survey will be used to evaluate and benchmark the current effectiveness of our outreach efforts and inform future actions.
- 6. Increase collection weight by 10% each year. (i.e. Year 2 collection estimates of 22 pounds of Covered Drugs per Collection Site, 5.5 ounces per Mailer and 137.5 pounds per collection event.)**
 - a. Inmar collected 12,471.77 lbs in the first program year which lasted 7 and a half months, with our program operator status being approved on May 13th. To calculate what a projected full year 1

- weight could have been we will take the total weight and divide it by the number of months, then multiply that by 12 $\{(12,471.77 / 7.5 = 1,662.90) (1,662.90 \times 12 = 19,954.83)\}$.
- b. Inmar collected 32,550.30 lbs in the second program year which is an increase of 63.12% from the projected full first program year weight collected.

Inmar's 2024 Collection and Education/Awareness Goals

- Collection Goals:
 - Increase collection weight by 10% each year.
 - 35,805.33 pounds collected across all collection methods
- Education/Awareness Goals:
 - Continue public awareness and outreach campaign as described in Section IV of Plan with a sustained reach of 50% of Washington residents.

Total Plan Annual Expenditure

RCW 69.48.100(1)(h) - The program's annual expenditures, itemized by program category.

WAC 246-480-080(1)(o) - The program's annual expenditures, itemized by program category shall be organized using the criteria described in WAC 246-480-040(5).

Category	Annual Expenditure
Administrative Cost	\$325,824.59*
Collection and Disposal Cost	\$392,639.09
Communication and Promotion Cost	\$391,749.65
Total	\$1,110,213.33

* Administrative Cost include DOH's annual program administrative fee

SAFELY DISPOSE OF UNUSED MEDICATION

Protect Your Families, Communities And The Environment

WHAT SHOULD YOU DO WITH EXPIRED OR UNWANTED MEDICATION INTENDED FOR YOU AND YOUR PETS?

There are a number of ways to dispose of expired or unwanted medication.

Go to www.medtakebackwashington.org to learn more.

CONVENIENT KIOSK LOCATIONS

MAIL-BACK

TAKE-BACK EVENTS

For more information about the program, go to www.medtakebackwashington.org or call 1-844-482-5322

WHY IS SAFE MEDICATION DISPOSAL IMPORTANT FOR PUBLIC HEALTH?

Proper disposal of unused medication saves lives and protects the environment.

- Unused or expired medication can lead to accidental poisoning, overdose, and abuse.
- Unused medication thrown in the trash can be retrieved and abused or illegally sold.
- Unused medication that is flushed contaminates the water supply.

SAFELY DISPOSE OF UNUSED MEDICATION

Protect Your Families, Communities And The Environment

Why Safe Medication Return?
What's Accepted and What's Not?

("Why Safe Medication Return?" Popout)

✕

Why Safe Medication Return?

Medications help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. You should dispose of these medications safely when they are no longer needed to prevent accidental ingestion or misuse by others, including children and pets. Learn more about your free options to safely and securely dispose of household unwanted medication in Washington state.

Take-Back Events

Local take-back events offer residents a safe, free, and convenient way to dispose of expired or unwanted household medication. The local authorities and MED-Project or Inmar Intelligence may also sponsor local drug take-back events in your area. To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicine.

There are no upcoming take-back events at this time. Please check back later.
