Xaalada Shardiga ah

Carruurto waxay gali karaan ayna sii dhigan karaan dugsi ama xarun daryeelka carruurta bixisa oo leh shardi lagusoo galo haddii ay carruurtu helayaan tallaalada loogu baahan yahay galitaanka dugsiga ama daryeelka ilmaha. (Kuurooyinka taxanayaasha tallaalka waxaa lagu baxshaa mudada u dhaxaysa ee ugu yar, marka carruurtu qaarkood ayaa laga yaabaa inay sugaan muddo ka hor intaysan dhamaysan tallaalada. Tani waxay ka dhigan tahay inay gali karaan dugsiga intay sugayaan talaalkooda xiga ee qasabka ah). Si uu u galo dugsi ama daryeelka carruurta oo aqoonsi shardi ah leh, waxaa qasab ilmaha ku ah inuu qaato dhammaan kuurooyinka tallaalka uu xaqa u leeyahay ka hor intuusan bilaabin dugsiga ama xarunta daryeelka carruurta.

Ardyada ku jira xaalada shardiga ah waxay sii dhigan karaa dugsiga intay sugayaan taariikhda ugu yar ee uu ku dhacaayo tallaalku inta laga gaaraayo kuurada xigta ee tallaalka oo ay la socdaan 30 maalmood oo ah mudada ay ku keenayaan cadaynta tallaalka. Haddii ardaygu uu maraayo tallaalo badan, xaalada shardiga ah way sii soconaysaa qaab kii hore la mid ah ilaa dhammaan tallaalada loo baahan yahay ay dhamaystiran yihiin.

Haddii mudada 30 maalmood ee shardiga ah ay dhamaato aana la keenin dukumiintiyada dugsiga ama xarunta daryeelka, markaas waxaa qasab ah in ardayga laga saaro inuusan dugsiga sii dhigan, sida ku cad RCW 28A.210.120. Dukumiintiyada saxda ah waxaa ku jira cadaynta difaaca ka dhanka ah xanuunka muranku ka jiro, diiwaannada caafimaad ee muujinaaya tallaalka, ama Certificate of Exemption (COE, foomka shahaadada reebista tallaalka) oo la buuxshay.
