November 21, 2024

Greetings Honorable Tribal Leaders, Partners, and Professionals,

RE: Collaboration – Workgroup on the Risk of High Potency Synthetic Opioids to Children and Youth

In accordance with chapter [43.376 RCW](#), the [Washington State Centennial Accord of 1989](#), and [DOH Consultation and Collaboration Procedure](#), we invite collaboration with Tribes and Tribal organizations in the development of policies, agreements, and program implementation that directly affects Tribes and Tribal people, regarding the risk of high-potency synthetic opioids to children and youth.

[Senate Bill 6109 Child Welfare and Dependency – High-Potency Synthetic Opioids \(2024\)](#) requires the Department of Health, in collaboration with WA Department of Children, Youth and Family and the poison information centers, to convene a workgroup on exposure of children to fentanyl that will provide information for child welfare workers, juvenile courts, caregivers, and families regarding the risks of fentanyl exposure for children receiving child welfare or child protective services.

We invite you to actively collaborate as a participant in this workgroup as we develop materials regarding the risk of fentanyl to children and youth. We anticipate this workgroup will meet up to 4 times between now and June 2025. The first meeting will be held:

Friday, December 20, 2024 9am to 10:30 am [Zoom Meeting](#) ID: 813 2048 5238 Passcode: 380576

Please direct your written comments or requests for additional information Katie Eilers, Director of Office of Family and Community Health at katie.eilers@doh.wa.gov or 360-489-5910, or Office of Tribal Public Health and Relations Executive Director Candice Wilson-Quatz'teanut at candice.wilson@doh.wa.gov or 360-819-7626.

Sincerely,

A handwritten signature in blue ink, appearing to read "Lacy M. Fehrenbach".

Lacy M. Fehrenbach, MPH, CPH
