Introduction and Project Rationale

Inland Northwest Renal Care Group, LLC, parent company – Fresenius Medical Care Holdings, Inc (“FMC”), operates a certificate of need (“CN”) approved kidney dialysis facility named Fresenius Kidney Care Panorama (“FKC Panorama”) in Deer Park, WA within the Spokane 02 ESRD Planning Area. FKC Panorama is currently CN-approved to operate six (6) total in-center stations, inclusive of one (1) exempt isolation station.

FMC submits this nonspecial ESRD CN-application requesting to expand FKC Panorama by two (2) in-center stations. FMC requests approval for its proposed project under the standards established in WAC 246-310-824, “Kidney disease treatment centers—Exceptions.”

WAC 246-310-824

Kidney disease treatment centers—Exceptions.

The department will not approve new stations in a planning area if the projections in WAC [246-310-812](#)(4) show no net need, and will not approve more than the number of stations projected as needed unless:

- (1) The proposed project qualifies under WAC [246-310-818](#) for special circumstances one- or two-station expansions; or
- (2) All other applicable review criteria and standards have been met; and
- (3) One or more of the following have been met:
 - (a) The department finds the additional stations are needed to be located reasonably close to the people they serve; or
 - (b) Existing dialysis stations in the kidney disease treatment center requesting the exception are operating at 5.5 patients for a 4.8 planning area or, 3.7 patients per station for the 3.2 planning areas. Data used to make this calculation must be from the most recent quarterly modality report from the Network as of the letter of intent submission date; or
 - (c) The applicant documents a significant change in ESRD treatment practice has occurred, affecting dialysis station use in the planning area; and
- (4) The department finds that exceptional circumstances exist within the planning area and explains the approval of additional stations in writing.

WAC 246-310-824(1): The proposed project qualifies under WAC 246-310-818 for special circumstances one- or two-station expansions; or

This FKC Panorama request is submitted under 2024 Nonspecial Circumstances Cycle Two. Therefore, WAC 246-310-824(1) which pertains to special circumstances is not applicable.

WAC 246-310-824 (2): All other applicable review criteria and standards have been met; and

Please see the remainder of this application for materials to demonstrate FKC Panorama’s conformance to all other applicable review criteria and standards.

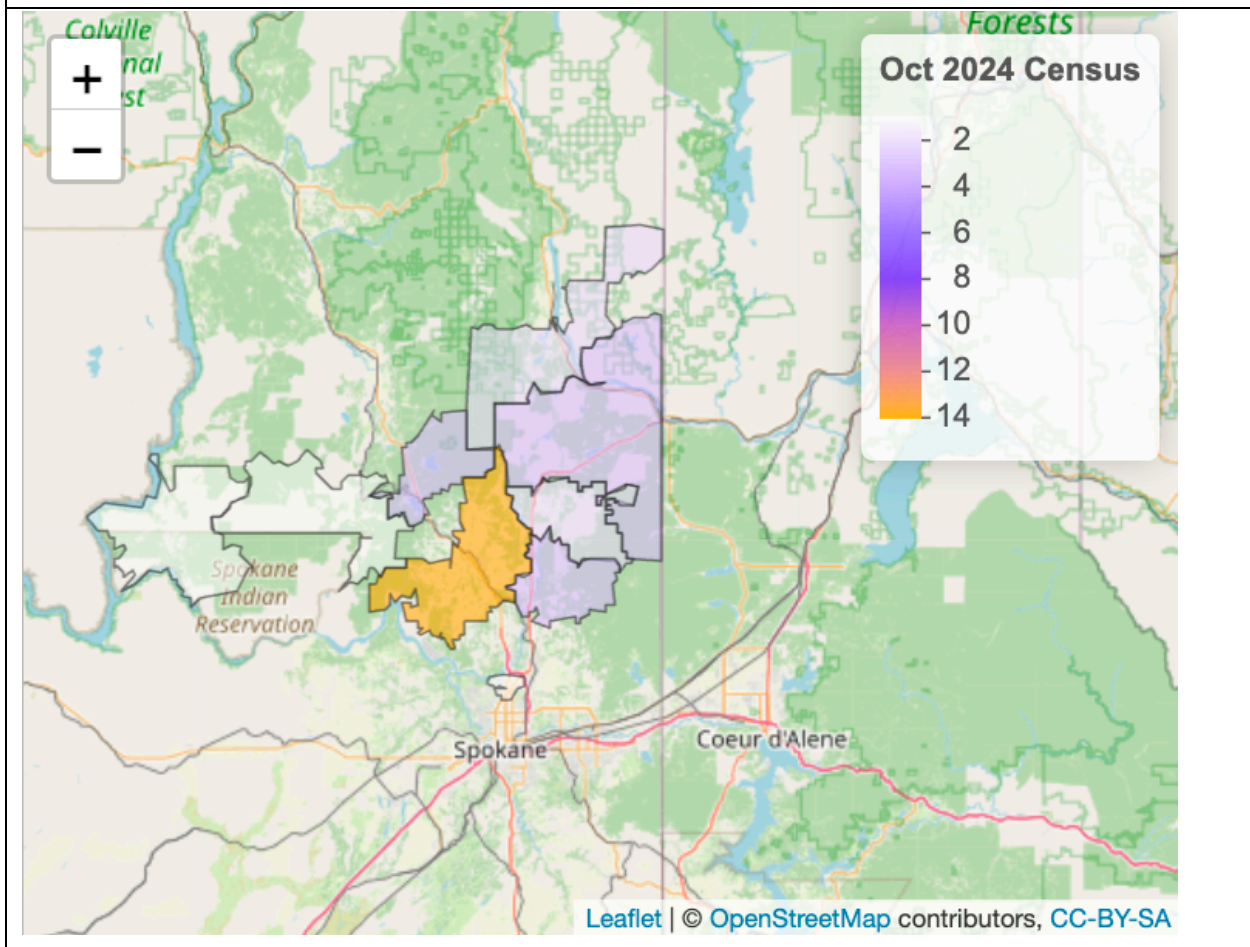

WAC 246-310-824(3): One or more of WAC 246-310-824(3)(a) – (c) have been met

Both criteria (3)(a) and (3)(b) apply to FKC Panorama.

(3)(a) is a criterion concerning whether additional stations are needed to be located reasonably close to the people they serve. See the following key findings that supports FKC Panorama’s request related to this criterion:

1. FKC Panorama, while technically situated in the Spokane 02 ESRD Planning Area, is located at Deer Park, WA which is more isolated from the rest of Spokane County.
2. Zip code 99006, which covers the Deer Park area, has experienced sizeable growth in recent years. According to the ESRD Network 16 modality reports, there were 10 in-center patients in zip code 99006 in 4Q2022, but this has increased to 15 in-center patients in 2Q2024 and 3Q2024. This is consistent with FKC Panorama’s service to residents living in zip code area 99006, which has increased from 8 patients in January 2023 to 14 patients as of October 2024.
3. FKC Panorama also consistently serves patients from the surrounding region such as Stevens County and Pend Oreille County. See Table 8 included in this application for patient origin data breaking down FKC Panorama’s in-center census by resident zip code for each month from January 2023 through October 2024.
4. See Figure 1 for a choropleth map of FKC Panorama’s October 2024 in-center patient census by patient zip code. The orange shaded zip code boundary represents zip code 99006 (Deer Park). The zip codes to the north shaded in purple include zip codes 99148 (Stevens County), 99180 (Pend Oreille County), and 99156 (Pend Oreille County).

Figure 1. FKC Panorama Patient Origin, October 2024

(3)(b) is a criterion concerning whether existing dialysis stations in the kidney disease treatment center requesting the exception are operating at high occupancy. See the following key findings that supports FKC Panorama's request related to this criterion:

1. FKC Panorama is located in the Spokane 02 ESRD Planning Area which is a planning area typically at a 4.8 occupancy. For criterion (3)(b), a 5.5 patient per station occupancy is used for 4.8 planning areas.
2. Criterion (3)(b) requires the occupancy calculation to be based on the most recent quarterly modality report from the Network as of the letter of intent submission date. LOIs for this cycle were due November 1, 2024. Therefore, the 2Q2024 ESRD Network 16 modality report was the most recent report at that time.
3. In the 2Q2024 ESRD Modality Report, FKC Panorama reported 28 patients. Therefore, at five (5) non-isolation in-center stations, this is equal to 5.6 patients per station.
4. In addition to the 2Q2024 ESRD Modality Report, we also wish to identify that FKC Panorama has continued to operate at a high occupancy. It served 28 patients from July – September 2024 and 30 patients in October 2024.

WAC 246-310-824(4): The department finds that exceptional circumstances exist within the planning area and explains the approval of additional stations in writing.

Please see the exceptional circumstances described in our project rationale related to WAC 246-310-824(3). FKC Panorama is effectively at 100% occupancy, running three shifts a day, six days a week. It is currently unable to serve any additional patients. Further, this schedule is very taxing on patients and staff alike. Additional stations will not only provide additional capacity to provide reasonable, local access to patients, but it will also enable more sustainable operations.

Washington State does not require licensing or accreditation for outpatient dialysis facilities. Each of our active facilities, however, is certified by CMS based on the applicable state guidelines, which sometimes includes accreditation through the National Dialysis Accreditation Commission ("NDAC"). In Washington State, the Department of Health Facility and Licensing Division maintains responsibility for CMS certification, and to date, the Department has certified all of FMC's dialysis facilities for Medicare in Washington State.

4. Identify any affiliates for this project, as defined in [WAC 246-310-800\(1\)](#).

This question is not applicable.

5. With the understanding that the review of a Certificate of Need application typically takes 6-9 months, provide an estimated timeline for project implementation, below:

| Event | Anticipated Month, Day, and Year |
|---------------------------------|---|
| Assumed Completion of CN Review | July 1, 2025 |
| Design Complete | August 1, 2025 |

Certificate of Need Review Criteria

A. Need (WAC 246-310-210)

[WAC 246-310-210](#) provides general criteria for an applicant to demonstrate need for healthcare facilities or services. [WAC 246-310-800 through WAC 246-310-833](#) provide specific criteria for kidney disease treatment center applications. Documentation provided in this section must demonstrate that the proposed facility will be needed, available, and accessible to the community it proposes to serve. Some of the questions below only apply to existing facilities proposing to expand. If this does not apply to your project, so state.

1. List all other dialysis facilities currently operating in the planning area, as defined in [WAC 246-310-800\(15\)](#).

Please see Table 1 that lists certificate of need approved stations in the Spokane 02 Dialysis Planning Area.

| FKC Northpointe | 24 |
| FKC Panorama | 5 |
| DVA North Spokane | 12 |
| DVA Indian Trails | 16 |

Note: station count excludes 1 isolation station

2. Provide utilization data for the facilities listed above, according to the most recent Northwest Renal Network / Comagine ESRD Network 16 modality report. Based on the standards in [WAC 246-310-812\(5\)](#) and [\(6\)](#), demonstrate that all facilities in the planning area either:
 - a) have met the utilization standard for the planning area;
 - b) have been in operation for three or more years; or
 - c) have not met the timeline represented in their Certificate of Need application.

Table 2 below presents the utilization reported by Spokane 02 Dialysis Planning Area provider(s) according to the most recent quarterly ESRD Network 16 modality report as of the letter of intent submission date as required in [WAC 246-310-812\(5\)-\(6\)](#).

FKC Panorama is pursuing this request under WAC 246-310-824 (see Introduction and Project Rationale section). Therefore, the standards under WAC 246-310-812(5) are not applicable to the proposed project. With that said, all facilities have operated their respective stations for longer than three years. The most recent approved project in the Spokane 02 ESRD Planning Area was DVA Indian Trails which reported a 1st treatment date of 02/24/2021.³

- 3. Complete the methodology outlined in [WAC 246-310-812](#). For reference, copies of the [ESRD Methodology](#) for every planning area are available on our website. Please note, under [WAC 246-310-812\(1\)](#), applications for new stations may only address projected station need in the planning area where the facility is to be located, unless there is no existing facility in an adjacent planning area. If this application includes an adjacent planning area, station need projections for each planning area must be calculated separately.

In-center dialysis station need was determined by applying the five-step methodology set forth in WAC 246-310-812. The specific methodology applied to the Spokane 02 Dialysis Planning Area is detailed below:

**Step (a)
Determine the Type of Regression Analysis to be Used**

Determine the type of regression analysis to be used to project resident in-center station need by calculating the annual growth rate in the planning area using the end-of-year number of resident in-center patients for each of the previous six consecutive years, concluding with the base year.

- (i) If the planning area has experienced less than six percent growth in any of the previous five annual changes calculations, use linear regression to project station need; or*
- (ii) If the planning area has experienced six percent or greater growth in each of the previous five annual changes, use nonlinear (exponential) regression to project station need.*

Table 3 details the year-end number of in-center hemodialysis patients in the Spokane 02 Dialysis Planning Area. As Table 3 demonstrates, every year has growth less than 6%. As such, a linear regression is to be used to project station need.

Table 3. Spokane 02 Dialysis Planning Area Year-End Resident In-Center Hemodialysis Patients and Annual Rate of Change from Prior Year.

| Year | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 |
|--------------------------------|------|-------|-------|-------|-------|-------|
| Number of Patients | 238 | 231 | 227 | 223 | 219 | 217 |
| Rate of Change from Prior Year | --- | -2.9% | -1.7% | -1.8% | -1.8% | -0.9% |

³ See April 2023 ESRD Operational Report

Step (b)
Project the Number of Resident In-Center Patients

Project the number of resident in-center patients in the projection year using the regression type determined in (a) of this subsection. When performing the regression analysis use the previous five consecutive years of end-of-year data concluding with the base year.

Per WAC, the projection year for dialysis station need is defined as the fifth year after the base year. The base year is defined as the most recent calendar year for which December 31 data is available as of the first day of the application submission period from the *Northwest Renal Network's Modality Report*. In this case, the base year is 2023 and the projection year is 2028. Accordingly, Table 4 details the number of projected in-center patients in the Spokane 02 Dialysis Planning Area in the years 2024 – 2028 using a linear regression.

Table 4. Spokane 02 Dialysis Planning Area Projected Year-End Resident In-Center Hemodialysis Patients. Linear Projection.

| Year | 2024 | 2025 | 2026 | 2027 | 2028 |
|--------------------|------|------|------|------|------|
| Number of Patients | 213 | 209 | 205 | 202 | 198 |

Source: Applicant. Please see <https://doh.wa.gov/sites/default/files/2024-04/KD2024Statewide-Updated.pdf>

Step (c)
Determine the Number of Dialysis Stations Needed

Determine the number of dialysis stations needed to serve resident in-center patients in the planning area in the projection year by dividing the result of (b) of this subsection by the appropriate resident in-center patient per station number from subsection (3) of this section. In order to assure access, fractional numbers are rounded up to the nearest whole number.

As noted above, the projection year is 2028. For the Spokane 02 Dialysis Planning Area, the appropriate resident in-center patient per station number is 4.8. Assuming 198 patients in 2028 (step b), dividing by 4.8 and rounding up yields forty-two (42) total stations needed in 2028.

Step (d)
Determine Net Station Need

To determine the net station need for a planning area, subtract the number calculated in (c) of this subsection from the total number of certificate of need approved stations located in the planning area. This number does not include the one department recognized exempt isolation station defined in WAC 246-310-800(9). For example, a kidney dialysis facility that is certificate of need approved and certified for eleven stations would subtract the one exempt isolation station and use ten stations for the methodology calculations.

Subtracting existing stations from 2028 need identifies a surplus of stations.

4. For existing facilities, provide the facility’s historical utilization for the last three fullcalendar years.

| Total home patients | 0 | 0 | 0 | 0 |
| Total home treatments | 0 | 0 | 0 | 0 |

*Station count excludes 1 isolation station.

5. Provide projected utilization of the proposed facility for the first three full years of operation. For existing facilities, also provide the intervening years between historical and projected. Include all assumptions used to make these projections.

| Total home patients | 0 | 0 | 0 | 0 |
| Total home treatments | 0 | 0 | 0 | 0 |

*Station count excludes 1 isolation station. Any patients included in table above requiring medically necessary isolation will have access to FKC Panorama’s one isolation room.

Table 7 presents the projected utilization at FKC Panorama. Given the stations are anticipated to become operational by January 2026, the first full year of operation will be 2026.

Utilization Forecast Methodology

Please see below for a description of the methodology used to construct the in-center and home patient projections.

In-Center Patients

Intervening in-center census (28 patients) is based on 2Q2024 census reported for FKC Panorama. Modest growth is assumed for 2026 – 2028 once the new stations are available, increasing the forecasted patient census for FKC Panorama to 30 patients in 2026, 31 patients in

2027, and 32 patients in 2028. Zip code 99006 is where FKC Panorama primarily draws patients from. See the introduction and project rationale section for key findings related to both zip code 99006 (Deer Park) and FKC Panorama. While 28 patients is assumed for the intervening period based on FKC Panorama’s census under the 2Q2024 modality report, it is currently serving 30 in-center patients as of October 2024. Therefore, the assumed utilization growth is very modest relative to the recent growth of the local market and FKC Panorama specifically. As documented in the introduction and project rationale, FKC Panorama is essentially running at 100% occupancy which is very challenging. The additional stations will provide additional capacity but also flexibility to enable more sustainable operations.

The number of in-center treatments is calculated at 143.3 treatments per year based on Jan-Oct 2024 (annualized) utilization.

Home Patients

FKC Panorama has not historically provided home training services. Therefore, home services are excluded from projections.

6. For existing facilities, provide patient origin zip code data for the most recent full calendar year of operation.

7. Identify any factors in the planning area that could restrict patient access to dialysis services. [WAC 246-310-210\(1\), \(2\)](#).

Patient access is critical to improving the health and quality of life of our patients. But patient access is multi-faceted and not simply represented by the aggregate number of stations available. Patients require access to the specific treatment modality and convenient hours of operation that meet their individual clinical and personal needs. Further, continuity of care with the same physician and dialysis care team is often integral to addressing patients' care needs.

Patients with limited financial means also face additional barriers to care due to the financial burden of out-of-pocket expenses. However, IN-RCG strives to address this issue for our patients when needed by providing charity. A copy of our charity care policy is contained in Exhibit 5.

8. Identify how this project will be available and accessible to low-income persons, racial and ethnic minorities, women, mentally handicapped persons, and other under-served groups. [WAC 246-310-210\(2\)](#)

All individuals identified as needing dialysis services will continue having access to FKC Panorama. FKC Panorama's admission policy prohibits discrimination on the basis of race, income, ethnicity, sex or handicap. A copy of the admission policy is contained in Exhibit 6.

A copy of our charity care policy is contained in Exhibit 5.

9. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the limitations of the current site consistent with [WAC 246-310-210\(2\)](#).

The proposed project is not a partial or full relocation. Therefore, this question is not applicable.

10. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the benefits associated with relocation consistent with [WAC 246-310-210\(2\)](#).

The proposed project is not a partial or full relocation. Therefore, this question is not applicable.

11. Provide a copy of the following policies:

- **Admissions policy**
- **Charity care or financial assistance policy**
- **Patient Rights and Responsibilities policy**
- **Non-discrimination policy**
- **Any other policies directly associated with patient access (example, involuntary discharge)**

Attached, please find the following exhibits applicable to the FKC Panorama clinic:

- Exhibit 5. Charity Care/Indigence Policy
- Exhibit 6A. Patient Admission Policy
- Exhibit 6B. Patient Rights and Responsibilities Policy
- Exhibit 6C. Patient Rights and Responsibilities List
- Exhibit 6D. Patient Acknowledgement of Receipt of Rights and Responsibilities
- Exhibit 6E. Patient Nondiscrimination

B. Financial Feasibility ([WAC 246-310-220](#))

Financial feasibility of a dialysis project is based on the criteria in [WAC 246-310-220](#) and [WAC 246-310-815](#).

1. **Provide documentation that demonstrates the immediate and long-range capital and operating costs of the project can be met. This should include but is not limited to:**
 - **Utilization projections.** These should be consistent with the projections provided under the Need section. Include all assumptions.
 - **Pro Forma financial projections for at least the first three full calendar years of operation.** Include all assumptions.
 - **For existing facilities proposing a station addition, provide historical revenue and expense statements, including the current year. Ensure these are in the same format as the pro forma projections. For incomplete years, identify whether the data is annualized.**

Please see Exhibit 7A for historical FKC Panorama expense and revenue statements. Exhibit 7B includes the required pro forma financial statements. Exhibit 7B also provides key financial pro forma assumptions and sources of information used to prepare the revenue and expense projections, including staffing and salaries, wages, and benefits assumptions.

Utilization projections, including the assumptions used to derive the forecasts, are presented and discussed in Table 7 above and surrounding text.

2. **Provide the following agreements/contracts:**
 - **Management agreement.**
 - **Operating agreement**
 - **Medical director agreement**
 - **Development agreement**
 - **Joint Venture agreement**

Note, all agreements above must be valid through at least the first three full years following completion or have a clause with automatic renewals. Any agreements in draft form must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

The medical director agreement is included in Exhibit 8. All other agreements listed above are not applicable to the current request.

3. **Provide documentation of site control. This could include either a deed to the site or a lease agreement for the site. If a lease agreement is provided, the terms must be for at least five years following project completion.**

Included in Exhibit 9A is a copy of the lease agreement between Inland Northwest Renal Care

Group, LLC (Tenant) and EON, Inc. (Landlord). Exhibit 9B contains a property summary report from the Spokane County Assessor’s Office for the applicable parcel where FKC Panorama is located.

Pursuant to Lease Section 2.2, Inland Northwest Renal Care Group, LLC has the four consecutive renewal options each for a period of 5-years. Inland Northwest Renal Care Group, LLC exercised its first renewal option to extend the current term to December 31, 2026. Inland Northwest Renal Care Group, LLC will have three additional renewal options of 5-years each.

4. Provide county assessor information and zoning information for the site. If zoning information for the site is unclear, provide documentation or letter from the municipal authorities showing the proposed project is allowable at the identified site.

FKC Panorama is an existing facility. The proposed expansion will be completed at the same site where it currently operates. Therefore, this question is not applicable to the proposed project.

5. Complete the table below with the estimated capital expenditure associated with this project. Capital expenditure for the purposes of dialysis applications is defined under [WAC 246-310-800\(3\)](#). If you have other line items not listed below, include the definition of the line item. Include all assumptions used to create the capital expenditure estimate.

Table 9. FKC Panorama Capital Expenditures, by Type

| Item | TOTAL |
|---|------------------|
| a. Land Purchase | |
| b. Utilities to Lot Line | |
| c. Land Improvements | |
| d. Building Purchase | |
| e. Residual Value of Replaced Facility | |
| f. Building Construction | \$59,747 |
| g. Fixed Equipment (not already included in the construction contract) | \$5,405 |
| h. Movable Equipment | \$37,027 |
| i. Architect and Engineering Fees | \$4,485 |
| j. Consulting Fees | |
| k. Site Preparation | |
| l. Supervision and Inspection of Site | |
| m. Any Costs Associated with Securing the Sources of Financing (include interim interest during construction) | |
| n. Washington Sales Tax | Included above |
| Total Estimated Capital Expenditure | \$106,663 |

6. Identify the entity responsible for the estimated capital costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for all.

The applicant is the sole entity responsible for the capital costs identified above.

7. Provide a non-binding contractor's estimate for the construction costs for the project.

FKC Panorama's existing treatment floor is able to accommodate one of the two proposed expansion stations. Minor construction is required to modify the treatment floor space to accommodate the second expansion station. Please see Exhibit 10 for the non-binding contractor estimate for the construction costs associated with the proposed project.

8. Provide a detailed narrative regarding how the project would or would not impact costs and charges for services. [WAC 246-310-220](#).

This project has no impact on either charges or payment, as reimbursement for kidney dialysis services is based on a prospective composite per diem rate. In the case of government payers, reimbursement is based on CMS (Center for Medicaid and Medicare) fee schedules which have nothing to do with capital expenditures by providers such as FMC. In the case of private sector payers, FMC negotiates national, state, and regional contracts with payers. These negotiated agreements include consideration/negotiation over a number of variables, including number of covered lives being negotiated; the provider's accessibility, including hours of operation; quality of care; the provider's patient education and outreach; its performance measures such as morbidity and/or mortality rates; and increasingly, consideration of more broad performance/quality measures, such as the CMS Quality Incentive Program ("QIP") Total Performance Score ("TPS").⁴

FMC does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Panorama project would have no impact on payer negotiations or levels of reimbursement. In this regard, facility-level activities, such as number of FTEs, operating expenses or capital expenditures have no effect on negotiated rates, since such negotiations do not consider facility-level operations. As such, the proposed FKC Panorama project will have no effect on rates FMC would receive in the Spokane 02 Dialysis Planning Area.

9. Provide documentation that the costs of the project, including any construction costs, will not result in an unreasonable impact on the costs and charges for healthservices in the planning area. [WAC 246-310-220](#).

See our response above for an explanation of the basis for FMC reimbursement. As described above, FMC does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Panorama project will have no impact on payer negotiations or levels of reimbursement.

As a follow-up to this question regarding impacts on costs, charges and reimbursement, and what elements make up reimbursement, which is what the question focuses on, it should be noted that

⁴ Please see: <http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/ESRDQIP/>

CMS has implemented QIP with the express purpose of linking payment for care directly to providers' performance on quality of care measures.⁵ Over time, all payers will adapt some or all of these same standards, and will increasingly tie reimbursement to TPS measures.

10. Provide the historical and projected payer mix by revenue and by patients using the example table below. If “other” is a category, define what is included in “other.”

Table 10. FKC Panorama Dialysis Center, Payer Mix, by Revenue and by Patient

| Payor Class | Mix Based on Patients | Mix based on Revenue |
|--------------------|------------------------------|-----------------------------|
| Medicare | 67% | 73% |
| Commercial | 0% | 0% |
| Medicaid | 4% | 2% |
| Medicare Adv | 21% | 12% |
| Medicaid Risk | 0% | 3% |
| Misc. Ins | 8% | 10% |
| Self Pay | 0% | 0% |
| TOTAL | 100% | 100% |

*Based on FKC Panorama CY2023 actuals.

**Projected is assumed to be based on historical.

11. If this project anticipates changes in payer mix percentages from historical to project, provide a brief explanation of why the changes are anticipated and any underlying assumptions.

The project's projected payer mix is based on FKC Panorama's CY2023 actuals.

12. Provide a listing of all new equipment proposed for this project. The list should include estimated costs for the equipment. If no new equipment is required, explain.

Please see Exhibit 11 for a list of new equipment.

⁵ As stated on the CMS website, referenced above, the ESRD QIP will reduce payments to ESRD facilities that do not meet or exceed certain performance standards. The maximum payment reduction CMS can apply to any facility is two percent. This reduction will apply to all payments for services performed by the facility receiving the reduction during the applicable payment year (PY). Payment reductions result when a facility's overall score on applicable measures does not meet established standards. CMS publicly reports facility ESRD QIP scores; these scores are available online on [Dialysis Facility Compare](#).

13. Identify the source(s) of financing (loan, grant, gifts, etc.) and provide supporting documentation from the source. Examples of supporting documentation include: a letter from the applicant's CFO committing to pay for the project or draft terms from a financial institution.

IN-RCG will use existing reserves from its parent company, FMC, to fund this project. A letter of financial commitment will be provided in screening.

14. If this project will be debt financed through a financial institution, provide a repayment schedule showing interest and principal amount for each year over which the debt will be amortized. [WAC 246-310-220](#)

This is not applicable to the proposed project.

15. Provide the applicant's audited financial statements covering at least the most recent three years. [WAC 246-310-220](#)

Audited financial statements are included in Exhibit 12.

C. Structure and Process (Quality) of Care ([WAC 246-310-230](#))

- 1. Provide a table that shows FTEs [full time equivalents] by category for the proposed facility. If the facility is currently in operation, include at least the last three full years of operation, the current year, and the first three full years of operation following project completion. There should be no gaps in years. All staff categories should be defined.**

Historical and projected FTE staffing, by position and clinical setting, is provided below in Table 11.

Table 11. FKC Panorama, Historical and Proposed Staffing, by FTE and Position

- 2. Provide the assumptions used to project the number and types of FTEs identified for this project.**

Information and assumptions used to prepare Table 11 include:

- The wage and salary figures are based on FKC Panorama 2023 actuals. They are held constant over the forecast period.
- It is assumed a FTE (“full time equivalent”) employee works 2,080 hours per year.
- Non-productive hours are estimated at 10% of productive hours, based on FMC experience.
- Benefits are calculated at 38.36% of wages and salaries based on FKC Panorama’s 2023 actuals.
- FTEs for the intervening periods between historical actuals and project completion projections are based on current 2024 actuals.
- The staff to patient ratio matrix below was used to construct minimum FTE counts for the projection years based on future patient counts presented in Table 7.
- Projected FTEs are based on the greater of current 2024 actuals or minimum FTE counts pursuant to applicable ratios.

| | Staff to Patient Ratios (FTE Staff) |
|--------------------------|-------------------------------------|
| PCT (1) | 1:8 |
| RN (2) | 1:20 |
| Equipment Technician (3) | 1:125 |
| Social Worker (3) | 1:125 |
| Dietician (3) | 1:125 |
| Secretary (3) | 1:125 |
| Nurse Manager (4) | 1 |

- (1) A PCT works two shifts of patients each day, with 4 patients per shift.
- (2) A RN works two shifts of patients per day, with 10 patients per shift.
- (3) These FTEs are staffed based on staff-to-patient ratios identified in the table.
- (4) The Center for Medicare and Medicaid (“CMS”) requires that a dialysis facility be staffed with one FTE manager, irrespective of size of the facility or number of patients.

3. Identify the salaries, wages, and employee benefits for each FTE category.

Salary and benefit information, by FTE category and clinical setting, is contained in the pro forma financials (Exhibit 7B).

4. Provide the name and professional license number of the current or proposed medical director. If not already disclosed under 210(1) identify if the medical director is an employee or under contract.

FKC Panorama contracts with Sean Sanchez, MD for medical director services. Dr. Sanchez’s professional license number is MD60225608. A copy of the Medical Director agreement is included in Exhibit 8.

5. Identify key staff, if known. (nurse manager, clinical director, etc.)

FKC Panorama employs Travis Hansen as its clinic manager.

6. For existing facilities, provide names and professional license numbers for current credentialed staff.

Please see Table 12 below.

Table 12. Names and License Numbers of Current Staff at FKC Panorama

| Name | License Number | License Type |
|-------------------|----------------|-----------------------------|
| Travis Hansen | RN60300170 | Registered Nurse |
| Breanna Brockett | HT61551521 | Certified Hemodialysis Tech |
| Alayna Griffin | HT61520208 | Certified Hemodialysis Tech |
| Heidi Meijer | HT60704252 | Certified Hemodialysis Tech |
| Lindsay Westerman | RN00155264 | Registered Nurse |
| Ashley Sandygren | RN61291689 | Registered Nurse |
| Annette Rahn | DI00000697 | Registered Dietitian |
| Dan Harrington | SC61055308 | Licensed Social Worker |

7. Describe your methods for staff recruitment and retention. If any barriers to staff recruitment exist in the planning area, provide a detailed description of your plan to staff this project.

FKC Panorama is an operational dialysis facility, which is staffed with qualified clinical and support personnel. Table 11 provides the number of current and proposed FTEs, by type. By virtue of our geographic location, any additional staff would be expected to principally come from Spokane as well as from neighboring counties in the region. To be effective in staff recruitment and retention, IN-RCG offers competitive wage and benefit packages. Further, to ensure that we have adequate staff across all our facilities in Washington, we have built a local float pool of WA Licensed Patient Care Techs and RN's to ensure we have coverage for patient care. FMC also has an internal staffing agency, Fresenius Travel, in which we can request assistance. We also have the capability of using outside staffing agencies to fill critical needs.

8. Provide a listing of proposed ancillary and support agreements for the facility. For existing facilities, provide a listing of the vendors.

Please see Table 13 below.

Table 13. List of ancillary and support agreements for FKC Panorama

| NAME | DESCRIPTION |
|----------------------|-------------------|
| Staples | Water |
| Staples | Office Supplies |
| UPS | Carrier Service |
| Dell | Equipment |
| Henry Schein | Medical Supplies |
| Verizon (Per Travis) | Entertainment |
| MarCor | Equipment |
| Staples | Janitorial |
| Grainger | Linen, Gowns Etc. |

| | |
|-----------------|-------------------------|
| Sedgwick Claims | Benefits Services |
| SMS | Transportation Services |
| Cintas | Rugs |

9. For existing facilities, provide a listing of ancillary and support service vendors already in place.

Please see our response above for a list of ancillary and support service vendors already in place.

10. For new facilities, provide a listing of ancillary and support services that will be established.

FKC Panorama is an existing facility. Therefore, this question is not applicable.

11. Provide a listing of ancillary and support services that would be provided on site and those provided through a parent corporation off site.

All patient care and support services except senior management, financial, legal, planning, marketing, architectural/construction and research and development are provided on-site at each clinic.

12. Identify whether any of the existing ancillary or support agreements are expected to change as a result of this project.

There are no anticipated changes to the existing ancillary or support agreements as a result of this project.

13. If the dialysis center is currently operating, provide a listing of healthcare facilities with which the dialysis center has working relationships.

FKC Panorama has a transfer/affiliation agreement with Providence Holy Family Hospital (see Exhibit 13).

FKC Panorama also has working relationships with Avalon Care Center.

14. For new a new facility, provide a listing of healthcare facilities that the dialysis center would establish working relationships.

FKC Panorama is an existing facility. Therefore, this question is not applicable.

15. Provide a copy of the existing or proposed transfer agreement with a local hospital.

FKC Panorama has a transfer/affiliation agreement with Providence Holy Family Hospital (see Exhibit 13).

16. Clarify whether any of the existing working relationships would change as a result of this project.

There are no anticipated changes as a result of this project.

17. Fully describe any history in the last three calendar years of the applicant concerning the actions noted in Certificate of Need rules and regulations [WAC246-310-230\(5\)\(a\)](#). If there is such history, provide documentation that the proposed project will be operated in a manner that ensures safe and adequate care to the public to be served and in conformance with applicable federal and state requirements. This could include a corporate integrity agreement or plan of correction.

FMC is committed to conducting its business activities in compliance with applicable law. The company has long maintained a corporate compliance program which includes a Code of Ethics and Business Conduct, ongoing compliance related education and training for employees, a Compliance Department to support the company and its employees with compliance concerns, including a compliance line for anonymous reporting, and monitoring and auditing of business activities.

FMC, as one of the largest dialysis providers in the country, is routinely involved in claims, lawsuits, regulatory matters and investigations in the ordinary course of business. As for matters responsive to the application questions, FMC has no history of criminal convictions relating to the ownership or operation of a health care facility within the United States within the last three (3) calendar years.⁶ FMC also has no history of license revocations or decertifications within the last three (3) calendar years.

18. Identify whether any facility or practitioner associated with this application has a history of the actions listed below. If so, provide evidence that the proposed or existing facility can and will be operated in a manner that ensures safe and adequate care to the public and conforms to applicable federal and state requirements. WAC 246-310-230(3) and (5).

- **A criminal conviction which is reasonably related to the applicant's competency to exercise responsibility for the ownership or operation of a healthcare facility; or**
- **A revocation of a license to operate a healthcare facility; or**
- **A revocation of a license to practice as a health professional; or**

⁶ Fresenius Medical Care Holdings, Inc. d/b/a Fresenius Medical Care North America, the parent company of the applicant, is also the parent company to numerous other subsidiary companies which offer a range of health care services and products in North America. For the purpose of responding to questions 18 and 19, the applicant is responding to such questions with respect to dialysis clinics owned, operated or managed by Fresenius Medical Care Holdings, Inc. and its subsidiaries.

- **Decertification as a provider of services in the Medicare or Medicaid program because of a failure to comply with applicable federal conditions of participation.**

Please see response to question 17. Additionally, FMC performs background checks on all newly hired employees. FMC validates the professional licenses and/or certifications of certain employee categories as required by federal, state or local laws and regulations. FMC screens current and new employees, potential new employees, Medical Directors, attending physicians, physician extenders (e.g., NP's, PA's), independent contractors, and vendors against the Office of Inspector General's List of Excluded Individuals/Entities and the General Services Administration's List of Parties Excluded from Federal Programs, as well as state specific exclusion lists, OFAC, etc. FMC will not engage a person or company that is excluded from participating in federally funded health care programs such as Medicare.

As of the date of this application, to the best of the applicant's knowledge, no practitioner associated with this application has a history of the actions listed above.

19. Provide documentation that the proposed project will promote continuity in the provision of health care services in the planning area, and not result in an unwarranted fragmentation of services. [WAC 246-310-230](#)

The proposed project promotes continuity of care as it seeks to continue FKC Panorama's existing dialysis care services and is supported by the Department's numeric need methodology. FKC Panorama also has working relationships with Providence Holy Family Hospital.

20. Provide documentation that the proposed project will have an appropriate relationship to the service area's existing health care system as required in [WAC 246-310-230](#).

As an existing facility, FKC Panorama has an established relationship with the community. See Exhibit 13 for FKC Panorama's transfer agreement with Providence Holy Family Hospital.

D. Cost Containment ([WAC 246-310-240](#))

1. Identify all alternatives considered prior to submitting this project.

The following options evaluated in the alternatives analysis for the current nonspecial cycle include:

- Option One: Expand the existing facility by +2 stations —The Project
- Option Two: Do Nothing

2. Provide a comparison of the project with alternatives rejected by the applicant. Include the rationale for considering this project to be superior to the rejected alternatives. Factors to consider can include, but are not limited to: patient access to healthcare services, capital cost, legal restrictions, staffing impacts, quality of care, and cost or operation efficiency.

Please see Tables 14-17, respectively. They provide a summary of advantages and disadvantages of each of the options based on the following evaluative criteria: Promoting availability, or access to healthcare services; Promoting Quality of Care; Promoting Cost and Operating Efficiency; and Legal Restrictions.

| Option One +2 Station Expansion at Existing Facility — The Project | <ul style="list-style-type: none"> Approval of the current project request will allow for the facility to have greater flexibility for patient choice and staffing. This will alleviate significant occupancy pressures that are taxing on patient and staff. (A) |
| Option Two Do nothing | <ul style="list-style-type: none"> Capital and operating costs would be least under this option, since there would be none (A). Suffers from significant disadvantages by not promoting access and continuity of care. Does nothing to address current high occupancy which has a high operational burden (D). |

3. For existing facilities, identify your closest two facilities as required in [WAC 246-310-827\(3\)\(a\)](#).

The closest facilities to FKC Panorama include:

FKC Northpointe
1116 E Westview Ct
Spokane, WA 99218

FKC Spokane
610 S Sherman St Ste 101
Spokane, WA 99202

4. For new facilities, identify your closest three facilities as required in [WAC 246-310-827\(3\)\(b\)](#).

This question is not applicable as FKC Panorama is an existing facility.

- 5. Do any other applications you submitted under this concurrent review cycle rely on the same facilities listed in response to questions 3 or 4? If yes, identify the applications. [WAC 246-310-827\(3\)\(c\)](#). (Note: A maximum of two applications can rely on the same three facilities.)**

No, the applicant does not rely on the same three facilities for multiple applications this cycle.

- 6. Identify whether any aspects of the facility's design could lead to operational efficiency. This could include but is not limited to: LEED building, water filtration, or the methods for construction, etc. [WAC 246-310-240\(2\) and \(3\)](#).**

Any proposed changes would meet IN-RCG and FMC internal standards which have been engineered and tested to ensure that they support our high quality, efficient and patient-focused standards. Our standards also meet and or exceed all applicable state and local codes, including compliance with the State Energy Code, latest edition.

Patient Admission Policy

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

Purpose To guide facility management on the admission process for all patients being admitted to an FKC dialysis facility.

Responsibility Medical Director, Clinical Manager or Registered Nurse, Master’s Social Worker, Registered Dietitian and Facility Secretary as defined in this policy, Patient Admission Services and Central Verification

General Policy This policy applies to In-Center, Home, Permanent Transfer, Transient and Seasonal Patients.

When medically appropriate and consistent with this policy, facilities shall admit and treat patients needing dialysis.

Each patient admitted will be followed by an attending physician on the facility's medical staff or physician who has been granted temporary privileges at the facility.

All services offered by FKC facilities are available to all patients provided:

- They are medically suitable based on the clinical assessment of the physician,
 - and the willingness of the responsible party to pay for such services.
-

Consent The patient must sign the consent for dialysis (hemodialysis or peritoneal dialysis) prior to the first treatment at the facility.

If the patient is incompetent or incapable of making healthcare decisions, refer to the block titled “Patient Appears Unable to Consent for treatment” for additional information refer to the ***Informed Consent Policy***.

The patient (or if patient has been deemed incompetent by a physician, the patient’s representative) shall designate a person to be notified in case of emergency.

Types of Admissions: Definitions

New Patient: Permanent admission of a patient who is new to dialysis who are primarily referred by physician or hospital.

Transfer: A patient who is scheduled to receive ongoing and continued treatment at a dialysis facility (permanent or seasonal). A patient may be referred by his/her physician, a hospital, another dialysis facility, or as a self-referral.

Transient: A patient who is scheduled for only 1 to 13 treatments.

**Transient or
Seasonal
Admission
Requirements**

The accepting physician will medically clear the patient prior to admission. (See block on medical clearance). The attending physician or physician extenders will make all the medical, laboratory and pharmaceutical decisions for the patient while under the physician's care in accordance with the standard rules and procedures of the facility.

Dialyzers and/or supplies brought by a transient or seasonal patient will only be used in the rarest of circumstances. Use of a patient-provided item, such as a specialized dialyzer or medication, must be approved by the Medical Director and the P and T Committee **PRIOR** to the patient arriving for treatment at the facility.

- If approved for a specific dialyzer or medication, a seasonal/transient patient's home facility must ship the item to the transient facility following proper storage and shipment procedures.

**Admission
Process**

All admissions must be processed through Patient Admission Services (PAS). Patient Admission Services (PAS) will receive patient information and medical records from referral sources. The PAS will disseminate this information to the appropriate departments responsible for medically and financially clearing the patients. Upon receipt of the referral for admission, the facility will be notified of the pending admission by PAS to confirm placement.

Patient Admission Services will obtain medical records and collaborate with the verification office to financially clear the patient.

**Patient
Transfer to
another FKC
Facility**

The Clinical Manager or his/her designee must contact Patient Admission Services when the patient transfers to a different FKC facility. Patient Admission Services will initiate the transfer.

**Medical
Clearance**

A patient shall be medically cleared for treatment when dialysis treatment is deemed indicated and appropriate according to the clinical judgment of the patient's attending physician. In the case where the Medical Director determines the patient is too acutely ill or not appropriate for outpatient dialysis care, then the decision for admission to the facility shall be made by the Governing Body.

**Special
Circumstances
Admission
Requests**

Requests to admit a patient with an external device such as left ventricular assist device (LVAD), continuous medication infusion, or LifeVest Defibrillator or other non-routine request requires approval from the corporate Medical Office.

Staff must review the *Admission, Handling and Safe Movement of the Morbidly Obese Patient Policy* before admission to the facility to ensure the facility can safely care for a morbidly obese patient. The Governing Body will make the determination to accept or deny the patient based on special considerations outlined in the policy.

**Emergency
Admission -
Transfer**

Patients may need to be transferred emergently in situations related to unplanned emergencies caused by severe weather, fire or other serious facility operating problems such as water treatment failure or other unexpected problems leading to facility closure. An emergency transfer is not expected to extend beyond 30 days and patients are expected to return to their “home” facility to continue their treatments when operations are able to resume. The emergency data entry process may be used for emergency transfers.

Non-emergent situations such as a planned closure or an individual treatment at another facility after a missed a treatment, or unplanned after-hours admissions must be handled according to the current process of admitting a patient.

Click the link for additional information on entering data in the clinical systems during any emergency: *Guidelines for Emergency Preparedness Policy*.

**Medical
Record
Requirements**

Patient Admission Services will collect the required information needed to admit a patient.

At a minimum, the required documents to admit a patient include:

- History and Physical or nephrology consult note or discharge summary or the most recent physician progress note
- Hepatitis B panel (HBsAg, anti-HBs, anti-HBc)
 - If unable to obtain full panel:
 - For patients new to dialysis: at a minimum a Hepatitis B surface antigen (HBsAg) result obtained within 30 days prior to the admission date
 - For transient or transfer patients: All patients must have a documented hepatitis B antigen (HBsAg) **or** antibody

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

(HBsAb) result prior to admission to the facility. HBsAg results must have been reported within 30 days of admission. If the patient has hepatitis antibodies (HBsAb), the results must have been reported within the past 12 months. Any discrepancies or questions related to admitting a patient and/or a patient's hepatitis results should be reported by the Clinical Manager to their Corporate Clinical Quality Manager.

- Current medication list and allergies
- Dialysis orders or the last treatment sheet
- For transients/travelers only: A PPD Test or Chest X-ray within **one** year.

NOTE: On occasion, admitting facilities request additional medical information over the minimum required documents listed above. Patient Admission Services will attempt to get this information. However, inability to provide this information by the referring facility will not affect the admission of the patient.

**Patients with
Prior
Behavioral
Issues**

A referred patient who has exhibited behavioral issues in the hospital, at another FKC or non-FKC facility or during the admission process and could be a threat to the health and safety of patients or staff may be denied admission to the dialysis facility.

The decision to admit a patient who has exhibited behavioral issues shall be made by the facility management in collaboration with the patient's attending physician and the Medical Director.

**Who is
Authorized to
Sign
Admission
Documents?**

Patients must have the mental capacity/competency to consent to treatment and sign admission forms for treatment to be given in the facility, except as described below. The facility staff cannot make determinations regarding mental capacity and competency and must presume competence unless a physician has declared the patient incompetent.

If a patient has been deemed by a physician to lack the mental capacity/competency to consent to treatment, a Legally Authorized Person may consent to the patient's treatment and may sign the admission forms. In the rare instance that the legally authorized person is unavailable to sign the consent in person, the documents may be mailed, emailed, or faxed to the Legally Authorized Person for signature. The patient cannot be admitted and treated until the clinic receives the signed documents. The original signed

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

documents must be faxed or mailed back to the facility to maintain in the patient's medical record.

In the unusual instance when in person or fax options cannot be accomplished, the facility should reach out to their Division Legal Counsel or Compliance for additional guidance.

NOTE: State laws vary on who may consent to treatment on the patient's behalf if the patient lacks capacity or competency to consent.

In some states, family members or persons permitted by state law may consent to the patient's treatment and sign the admission forms even if such persons do not hold a power of attorney for healthcare or healthcare proxy as the Law Department will determine.

For purposes of this Policy, a 'Legally Authorized Person' is as follows:

- a) The patient's legal guardian or someone who holds a valid power of attorney for healthcare/healthcare proxy or who may sign on behalf of the patient under state law as determined by the Law Department.
- b) A parent or legal guardian if the patient is a minor.

NOTE: If there is any doubt the person is authorized to sign admission forms, contact the Law Department.

**Patient
Appears
Unable to
Consent for
Treatment**

If a patient comes for his or her first treatment and does not appear to have the mental capacity/competency to sign the admitting documents, the nurse:

- must notify the patient's attending physician of the patient's perceived incapacity to understand and his/her inability to consent, and
- should seek confirmation whether a medical determination of incompetency or lack of capacity has been made in the medical record consistent with state law.
- If the patient is deemed incompetent by the physician, the staff should attempt to contact any emergency contacts listed on the patient's admission paperwork in an attempt to find a family member who can
 - Provide proof of guardianship/power of attorney for healthcare or healthcare proxy (which must be provided at the time of admission, prior to treatment being provided), or
 - Assist in providing valid consent to treatment, if permitted under state law, or who can obtain legal authority/guardianship to represent the patient.
- The patient cannot be dialyzed if:
 - The patient has been deemed by a physician to be incompetent or to lack mental capacity consistent with state law, and

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

- The patient does not have an appropriate legal guardian or an agent with a valid healthcare power of attorney or healthcare proxy, and

The law department determines that state law does not permit family members to give consent.

Required Documents That Must Be Signed Prior to First Dialysis Treatment

The Clinical Manager or designee will conduct an admission interview with all new patients.

The following documents must be reviewed with and signed by the patient and/or the patient's Legally Authorized Person before or at the patient's first scheduled dialysis treatment:

- Admission Agreement
- Assignment of Benefits
- Consent for Dialysis
- Medicare Secondary Payor Questionnaire (MSPQ)
- Fresenius Rx Agent Designation form
- Consent to Receive, Use and Disclose Health Information for Treatment, Payment and Health Care Operations form
- Spectra form
- Notice of Privacy Practices/Acknowledgment of Notice of Privacy Practices

Note: Patients or their Legally Authorized Persons will not be asked to sign consent forms for services that are not being provided (ex. blood transfusion consent) until the actual service is needed. Blank consent forms should never be signed or used.

Approved Forms of Identification

Patient Admission Services will request the referring facility to provide 1 photo ID for the referral. Upon placement at the facility, staff will request 2 forms of identification. The two forms of ID must be provided within 6 treatments.

The two forms of identification can be:

- A driver's license, a state issued identification card, a passport, insurance cards or a birth certificate. (These documents will be copied and maintained in a separate folder for each patient. When the patient is discharged, they will be placed in the closed medical record.)
- If the patient does not bring in the required documents within 6 treatments, the Clinical Manager or Director of Operations must escalate to the Lead Social Worker who can review the situation and assist with obtaining the identification documents.

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

Failure to produce 2 forms of identification alone is not cause for discharge. Refer to the *Routine and Involuntary Patient Discharge Policy*, *Routine and Involuntary Patient Discharge Policy Addendum* and the *Routine and Involuntary Patient Discharge Procedure* for guidance on discharging a patient.

FKC Notice of Privacy Practice

A copy of the “FKC Notice of Privacy Practices (NPP)” must be given to each patient that is receiving direct care from an FKC provider prior to the patient’s first treatment (see *Privacy Notice Procedure*).

Patients have the right to review this Notice of Privacy Practices prior to signing the “Acknowledgement of Receipt of the NPP” form. The “Acknowledgement of Receipt of the NPP” form should be signed by the patient or Legally Authorized Person, prior to the patient’s first treatment from an FKC direct provider of care. This form serves as an acknowledgement of receipt of the FKC Notice of Privacy Practices.

NOTE: This form is **not** a condition for treatment. If the patient refuses to sign the acknowledgement form, the FKC staff should document the efforts that were made to obtain the patient’s or Legally Authorized Person’s signature and document that the FKC Notice of Privacy Practices was provided. This documentation should be made on the acknowledgement form and should be witnessed by another staff member. The acknowledgement form should be kept as part of the permanent active medical record.

A copy of this notice must also be posted in a clear and prominent location readily visible to patients in each FKC physical service delivery site. This notice will also be posted on the FKC web site. In addition, whenever the notice is revised, the FKC direct provider must make the notice available upon request.

Additional Information Provided During Admission and Orientation Process

All new admissions will also receive additional information if applicable per policy that includes:

- Benefit Plan Book
- Catheter Access Plan
- Consent Form
- DNR Instruction and Form
- Home Therapy Consultation Form
- Important Numbers

**Advance
Directive/DNR
Status**

All new admissions to the facility will be asked if they have an Advance Directive and/or a valid state specific Do Not Resuscitate Order prior to or at their first treatment and during their comprehensive interdisciplinary assessment.

For more information, refer to the *Do Not Resuscitate Policy*.

**Information

Patient Rights and Responsibilities Policy

Purpose To comply with Federal Regulations that require dialysis facilities to:

- Educate staff regarding the rights of dialysis patients.
- Inform and educate all dialysis patients about their rights and responsibilities as a patient at the dialysis facility.
- Ensure that patients’ rights are respected and protected by the facility

Responsibility The FMCNA Patient Rights and Responsibilities patient brochures may be distributed to patients by any Fresenius Kidney Care (FKC) staff. Additional information or discussion must be provided by the Nurse or Social Worker.

All facility staff are responsible for ensuring that patients’ rights are respected and protected by the facility.

Conditions for Coverage: Patients’ Rights The Conditions for Coverage, §494.70 Condition: Patients’ Rights require dialysis facilities to inform patients or their representatives of their rights (including their privacy rights) and responsibilities when they begin their treatment and must protect and provide for the exercise of those rights. Patients’ rights as stated in the Conditions for Coverage:

- The patient has the right to –
1. Respect, dignity, and recognition of his or her individuality and personal needs, and sensitivity to his or her psychological needs and ability to cope with ESRD;

 3. Privacy and confidentiality in all aspects of treatment;

 7. Be informed about all treatment modalities and settings, including but not limited to transplantation, home dialysis modalities (home hemodialysis, intermittent peritoneal dialysis, continuous ambulatory peritoneal dialysis, continuous cycling peritoneal dialysis), and in-facility hemodialysis.  8. Be informed of facility policies regarding patient care, including, but not limited to isolation patients;
 9. Be informed of facility policies regarding the reuse of dialysis supplies, including hemodialyzers;
 10. Be informed by the physician, nurse practitioner, clinical nurse specialist, or physician’s assistant treating the patient for ESRD of his or

- her own medical status as documented in the patient's medical record, unless the medical record contains a documented contraindication;

 12. Receive the necessary services outlined in the patient plan of care;
 13. Be informed of the rules and expectations of the facility regarding patient conduct and responsibilities;
 14. Be informed of the facility's internal grievance process;
 15. Be informed of external grievance mechanisms and processes, including how to contact the ESRD Network and the State survey agency;
 16. Be informed of his or her right to file internal grievances or external grievances, without reprisal or denial of services; and
 17. Be informed that he or she may file internal grievances or external grievances personally, anonymously or through a representative of the patient's choosing.
 18. Be informed of the facility's policies for transfer, routine or involuntary discharge, and discontinuation of services to patients;
 19. Receive written notice 30 days in advance of an involuntary discharge, if discharge is justified and not due to an immediate threat to the health and safety of others.

Policy

All patients and/or their representatives will be informed of their rights (including privacy rights) and responsibilities.

Patient rights and the ability to exercise these rights must be protected by the facility.

The FMCNA Patient Rights and Responsibilities brochure explains the rights patients can expect to have while receiving treatment at this facility. The brochure also provides guidance as to certain responsibilities that are expected of the patient.

Each patient will be informed of their rights and given a copy of the FMCNA Patient Rights and Responsibilities within the first six (6) treatments in the facility. More in-depth discussions with patients about their rights and responsibilities are expected. These discussions may occur over a longer period of time.

Facilities should ensure that this information is provided to patients in a manner they can understand. For example, providing the FMCNA Patient Rights and Responsibilities brochure in the patient's primary language or having it interpreted based on assessment of the patient's language and

reading preferences, or enlisting the aid of communication aids or interpreters for patients who are blind or have low vision, or are deaf or hard of hearing.

Dialysis facilities must prominently display a copy of the patient's rights in a visible and accessible area in the facility and must include contact information for the State survey agency and ESRD Network.

The FMCNA Patient Rights and Responsibilities brochures are available in English and Spanish. They may be purchased from the FMS Marketing Online Ordering Center. Audio versions in English and Spanish may also be ordered through the FMS Marketing Online Ordering Center.

**Policy:
Privacy
Rights**

Patients have the right to privately discuss their condition and treatment. There should be ready access to a room in the facility where patient and/or family meetings may be held in private.

Patients have the right to privacy during activities that may require the exposure of private body parts while in the dialysis facility. Privacy screens or curtains may be used to provide privacy. Blankets may also be used as long as staff are able to observe the patient's vascular access, bloodline connections, and face at all times.

Patients or their representatives must be provided unbiased education about transplantation and all dialysis treatment options regardless of whether these options are available in the current facility.

**Failure to
Protect
Patients'
Rights**

Evidence of failure to treat patients with respect and dignity, provide an opportunity for private communication, or prevent exposure of private body areas resulting in emotional discomfort for the patient, and evidence that cognizant patients/designees are not aware of their options for treatment or available grievance mechanisms could result in the facility receiving a Condition level citation.

Fresenius Kidney Care Panorama *Pro Forma Assumptions*

Patient Volumes

Utilization projections, including the assumptions used to derive the forecasts, are presented in the application.

It is assumed the number of treatments per patient is 143.3/year for in-center based on annualized Jan - Oct 2024 annualized actuals.

Revenues

In-center revenues are based on FKC Panorama 2023 actuals, given it is an existing facility. Payer mix statistics have also been obtained from FKC Panorama actuals. Revenues are calculated by payer and treatment. Bad debt and charity care are subtracted from revenues to yield net revenue figures.

Charity Care

Calculated at 0.88% of revenue based on the experience of Fresenius' facilities in Washington State.

Bad Debt

Calculated on a per treatment basis from FKC Panorama actuals.

Expenses

Unless otherwise noted, expenses have been calculated on a on a per treatment basis based on FKC Panorama actuals.

Personnel expenses are based on identified patient to staff ratios and incorporates a 10% non-productive factor. Wage figures are based on 2023 rates at FKC Panorama facility.

Rent Expense estimated based on Lease Section 3.2. The estimated rental rate for calendar year 2026 is \$10,789.17 per month (First Option Term, Year 5). The estimated rental rate for calendar year 2027 and 2028 are described in Lease Section 3.2 for Second Option Term, Years 1-2.

Other Property is no longer applicable. The rent expense described above is fully inclusive.

Existing depreciation/amortization and interest expense are based on 2023 Panorama actuals, including accounting adjustments applicable under International Financial Reporting Standards (IFRS). Please see below for discussion of project-related depreciation.

Project-related depreciation is straight-line; assumes 15 year useful-life on for construction and A&E fees and 10 year useful-life for equipment.

Physician Compensation: based on MDA 1st Amendment Section 3, there is a 2% annual escalator. As shown in the historical financial data, 2023 physician compensation was \$65,990. This is increased at 2% per year.

WITNESSETH

WHEREAS, Company will establish a dialysis treatment at 830 South Main Street, Building #3, Deer Park, Washington, 99006 (a "Facility"), or at such address as a Facility may be relocated to from time to time; and

WHEREAS, Consultant, through Member Physicians, specializes in the treatment of kidney disease and is experienced in the medical administration of dialysis facilities and home dialysis programs; and

WHEREAS, Company desires to retain Consultant to provide, through Member Physicians, certain administrative services with respect to the Facility and Consultant desires to provide such services in such capacity to Company; and

WHEREAS, the parties acknowledge that Company intends to or has established a master list of contracts that is maintained and updated centrally which cross references contracts between the parties and which shall be made available to the Secretary of the Department of Health and Human Services upon request.

NOW, THEREFORE, in consideration of the mutual covenants herein contained and further good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be bound hereby, the parties hereto agree as follows:

1. ENGAGEMENT

Company engages Consultant to provide certain administrative services and Consultant agrees to provide such services upon the terms and conditions set forth herein.

2. TERM

The term of this Agreement shall begin on the date the facility commences treating patients (the "Commencement Date") and shall continue for a term of three (3) years unless sooner terminated as herein provided.

3. DESIGNATION OF MEDICAL DIRECTORS; OBLIGATIONS OF CONSULTANT

3.01 Designation of Medical Directors; Requirements for Physicians Providing Services Hereunder

3.01.1 Consultant shall at all times designate in writing for the Facility a qualified physician who shall be primarily responsible for performing the services under this Agreement with respect to the Facility. The Medical Director of the Facility shall be accountable for the Medical Director services rendered with respect to the Facility. Consultant understands and agrees that any of the aforementioned designations, whether now or in the future, is subject to the prior written approval of Company. The physicians so designated by Consultant with respect to the Facility shall be deemed the "Medical Director" for such Facility. Consultant further understands that, barring any unforeseen circumstances, each physician designated as Medical Director of the Facility shall serve in such capacity for at least one (1) year before another physician may be designated as the new Medical Director for the Facility (subject to Company's prior written approval as set forth in this Section).

3.01.2 Company and Consultant agree that the initial Medical Directors of the Facility shall be the physicians set forth on Schedule A, attached hereto and incorporated herein by reference. Any physician who at any time is designated as a Medical Director shall also be deemed a "Member Physician" for purposes of this Agreement. The term "Member Physician" as it is used throughout this Agreement is defined in Section 6.01.5. If a physician is designated a Medical Director who has not already executed this Agreement as a Member Physician on the signature page, then, prior to rendering services hereunder as a Medical Director, such physician shall be required to execute a Joinder Agreement in a form acceptable to Company pursuant to which such physician agrees to abide by the terms and conditions of this Agreement including, but not limited to, the provisions of Section 6. While it is agreed that the Medical Director shall remain primarily responsible for performing the duties hereunder with respect to the Facility, other Member Physicians may assist such Medical Director in the performance of such duties.

3.01.3 Company may reject or remove any Medical Director designated by Consultant:

- a. immediately, upon (1) indictment for, or conviction of, any felony or violation of a federal or state health care law by such Medical Director or (2) failure of the Medical Director to meet any of the requirements as set forth in Section 3.01.4; or
- b. upon 30 days written notice to Consultant at Company's sole discretion.

3.01.4 During the term of this Agreement, each Medical Director and all Member Physicians providing services hereunder shall, at all times, meet the following requirements:

- a. Remain licensed as a physician in the state in which the Facility is located and at which such physician is providing Medical Director services hereunder; and

- b. Remain board certified in nephrology, internal medicine, pediatrics or pediatric nephrology, have completed a board-approved training program in nephrology and have at least 12 months of experience providing care to patients receiving dialysis; and
- c. Unless FMCNA's Chief Medical Officer specifically agrees otherwise in writing, remain a member in good standing of the Medical Staff of the Facility at which physician is providing Medical Director services hereunder; and
- d. Maintain a current registration with the Drug Enforcement Administration; and
- e. Maintain a current state controlled substances registration (or equivalent), as applicable; and
- f. Maintain malpractice liability insurance coverage of not less than \$1,000,000 per occurrence and \$3,000,000 annual aggregate and further maintain, for a period of not less than three (3) years following the termination of this Agreement, any such malpractice liability insurance if underwritten on a claims-made basis; and
- g. Not be excluded, suspended, sanctioned or otherwise restricted from participating in federal health care programs, including but not limited to, Medicare or Medicaid; and
- h. Remain otherwise qualified to act as a medical director of a dialysis treatment facility that is certified to participate in Medicare; and
- i. Maintain any additional requirements as a physician as may be required in order for the Facility to be licensed as a dialysis facility, or the equivalent, in the state in which the Facility is located.

3.01.5 In the event that a Medical Director for the Facility (a) no longer meets the requirements above, (b) resigns from or is terminated by Consultant, or (c) is unavailable to serve as Medical Director for a period greater than two (2) months or such shorter time as Company in its sole discretion determines may affect the quality of care provided at the Facility, or (d) is convicted of a felony, then (unless Company agrees otherwise in writing) Consultant shall immediately terminate such physician as Medical Director of the Facility and shall designate for the Facility, a new Medical Director who meets the requirements set forth in this Agreement, including but not limited to, the requirements in this Section 3.

3.01.6 Company shall allow Consultant to designate a temporary Medical Director ("Temporary Medical Director") for a period of time as shall be approved in advance, in writing, by Company. A Temporary Medical Director shall be considered a "Medical Director" and "Member Physician" for all purposes under this Agreement, except as otherwise explicitly set forth herein. Each Temporary Medical Director must meet requirements set forth in Section 3.01.4 above and shall have executed this Agreement as a Member Physician or a Joinder Agreement in a form acceptable to Company pursuant to which such physician agrees to abide by all the terms and conditions of this Agreement including, but not limited to, the provisions of Section 6. Notwithstanding the foregoing, for a period of up to 60 (sixty) days, Consultant may

designate as Temporary Medical Director a physician who was not previously a Member Physician (prior to designation as Temporary Medical Director) and who has not specifically agreed to be bound by the provisions of Section 6; provided, however, that such physician will no longer be able to continue to provide services hereunder or receive compensation for such services after such 60 (sixty) day period if he or she has not executed the aforementioned Joinder Agreement by such date. Consultant shall ensure that services provided by a Temporary Medical Director are in accordance with all terms and conditions contained in this Agreement.

3.01.7 If a state or federal regulatory or licensing authority ("Authority") finds deficiencies at the Facility related to or caused by Consultant's, a Medical Director's or a Member Physician's failure to satisfy the requirements of a Medical Director pursuant to the Conditions for Coverage for End-Stage Renal Disease, 42 C.F.R. § 494.1 *et seq.*, or successor regulations, and the Interpretive Guidelines thereto promulgated by the Centers for Medicare & Medicaid Services ("CMS") (collectively, the "Conditions for Coverage") and such Authority requires the appointment of a physician monitor to assist the Facility in achieving compliance with applicable licensing rules and regulations and supervise the implementation of a corrective action plan, Consultant agrees to pay for the cost of such monitor until the Authority has determined that any deficiencies are cured.

3.02 Medical Director Services

During the term of this Agreement, Consultant agrees to provide, through the Medical Directors and its other Member Physicians, for the Facility, all services as described in Schedule B, attached hereto and incorporated herein by reference, and as may be otherwise set forth in this Agreement, which shall include, but not be limited to the following:

a. Consultant shall ensure that Medical Directors provide all services at the Facility that are required to be performed by a Medical Director pursuant to the Conditions for Coverage and, in coordination with Company, Consultant shall ensure that Medical Directors supervise the compliance of the Facility with the requirements of the Conditions for Coverage.

b. Neither Consultant, nor any Medical Director nor any Member Physician shall participate in, directly or indirectly, or permit others to conduct, any clinical research study ("Study") at the Facility without first obtaining the prior express written approval of Company. If Company approves such Study, which approval shall be at Company's sole and absolute discretion, Consultant, Medical Directors and/or Member Physicians shall conduct such approved Study in accordance with all applicable federal, state and local laws and regulations, the Study protocol (which shall also be subject to Company's prior review and approval), applicable Company policies, and Good Clinical Practice (in accordance with the Guidance for Industry E6 Good Clinical Practice: Consolidated Guidance by the U.S. Department of Health and Human Services, Food and Drug Administration, April 1996 (ICH), as it may be amended or revised from time to time). Consultant, Medical Directors and Member Physicians agree and acknowledge that they shall comply with all Company policies and procedures in seeking Company approval of the Study and, if approval is granted, in conducting such Study.

c. Consultant, Medical Directors and Member Physicians shall cooperate and, in a timely manner, provide any and all information and make such disclosures with respect to the Facility and the services provided by Consultant, Medical Directors and/or each Member Physician pursuant to this Agreement as Company may request: (a) in connection with administration of the Facility, and/or (b) in connection with implementation of this Agreement, and/or (c) for Company's use in submissions or disclosures to governmental agencies, specifically including but not limited to the completion of all necessary information to allow Company's submission of cost reports to CMS. Consultant, Medical Directors and Member Physicians represent and warrant that all such information and/or disclosures shall be truthful and accurate to the best of their knowledge. In the event that Consultant, Medical Directors or any Member Physician fails to provide in a timely manner all information and disclosures required under this Section 3.02, including but not limited to, completion of all necessary information to allow Company's submission of cost reports to CMS, Consultant hereby acknowledges and agrees that Company may retain the Fee due Consultant for services rendered hereunder until such time as Consultant, Medical Directors and Member Physicians provide the necessary information or disclosures as required herein. Once Consultant, Medical Directors and Member Physicians have provided such information or disclosures, Company shall pay Consultant the Fee under this Agreement retained pursuant to this paragraph, such payment to be made the month following the month in which such information or disclosures were provided in conjunction with payment of Consultant's regular monthly installment of the Fee.

d. Consultant, Medical Directors and Member Physicians shall coordinate the provision of medical director services at the Facility, and shall communicate with FMCNA's Chief Medical Officer as appropriate. The coordination of services and communication shall specifically include, but not be limited to, attendance of any medical director meetings or conferences held by FMCNA.

e. Consultant, Medical Directors and Member Physicians hereby covenant that they shall in good faith use best efforts to assist Company and actively participate in developing, implementing and monitoring any and all plans of correction (or the equivalent) developed in response to any one or more deficiencies, citations, or other instances of non-compliance identified through any survey, inspection or review conducted by a local, state or federal governmental agency or accreditation body (including, but not limited to, Medicare, Medicaid or state licensing agencies).

f. Consultant, Medical Directors and Member Physicians shall actively assist Company in pursuing and achieving its goal to control/reduce health care costs while continuing to provide quality care to its patients, and Consultant, Medical Directors and Member Physicians also shall, in good faith, cooperate and work collaboratively with Company and Company staff in pursuing this goal.

g. Consultant, Medical Directors and Member Physicians shall use all best efforts to assist the Facility to achieve the quality goals as set forth in Schedule C, attached hereto and incorporated herein by reference, and as such quality goals may be updated from time to time; provided that such updated quality goals (including but not limited to periodic updates to the FMCNA Quality Metrics) are provided to Consultant in writing.

h. Consultant, Medical Directors and Member Physicians, in cooperation with Company, shall actively and diligently direct each attending physician to order items and/or services for his/her patients only when the physician is able to document accurate and reasonably detailed medical justifications for such items and/or services. Consultant, Medical Directors and Member Physicians shall, in cooperation with Company, monitor each attending physician's compliance with the foregoing directive and take appropriate corrective action where necessary and consistent with the Medical Staff Bylaws.

i. Consultant, Medical Directors and Member Physicians shall abide by the all of the bylaws, policies, procedures, rules and regulations of Company, and the Facility.

j. Consultant shall ensure that Medical Directors and Member Physicians devote best efforts, skill and sufficient time to carry out these responsibilities by being available during all hours of operation of the Facility by being on-call and working such additional time at or away from the Facility, as is necessary to fulfill Consultant's responsibilities under this Agreement.

k. Medical Directors and Member Physicians shall remain as practicing physicians in the communities that the Facility serves and shall be available for visits to and consultation regarding the Facility.

l. It is understood and agreed, however, that Consultant is an independent contractor and that Medical Directors and Member Physicians are not employees of Company and that Medical Directors and Member Physicians shall not be required to devote the entire working day to duties hereunder (with the exception of "on-call" responsibilities), but will continue the practice of medicine independently of Company which practice is a wholly separate professional activity of Consultant, Medical Directors and Member Physicians.

m. Consultant shall provide Company with an e-mail address. Consultant may provide this information to the applicable Regional Vice President. Such e-mail address shall be updated by Consultant as necessary to ensure Company has a valid e-mail for Consultant or its designee at all times.

3.03 Consultant's Representation Regarding Referral Source Relationships

Consultant hereby represents and warrants to the Company that Schedule D hereto sets forth a complete and accurate list of the full names and, as applicable, the National Provider Identifiers ("NPI"), of all of (i) Consultant's physician owners, partners, members, shareholders or the equivalent, and the immediate family members thereof (i.e., husband or wife; birth or adoptive parent, child, or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild) who are a source of patient referrals to Company or FMCNA, a purchaser of items or services from FMCNA that are reimbursable by a federal or state healthcare program, or a seller to Company or FMCNA of items or services for which Company or FMCNA makes claims for reimbursement under any federal or state

healthcare program; and (ii) physicians assigned by Consultant to provide Medical Director services pursuant to this Agreement, and the immediate family members thereof who are a source of patient referrals to Company or FMCNA, a purchaser of items or services from FMCNA that are reimbursable by a federal or state healthcare program, or a seller to Company or FMCNA of items or services for which Company or FMCNA makes claims for reimbursement under any federal or state healthcare program. Consultant agrees to notify Company, in writing, of additions or deletions from Schedule D within thirty (30) days of such addition or deletion thereto.

4. OBLIGATIONS OF COMPANY

4.01 Except as specifically delegated by this Agreement to Consultant, Company shall retain all management and administrative prerogatives and responsibilities as owner of the Facility. Without limiting the foregoing, Company agrees as follows:

4.01.1 For the time period that the Facility is in operation, to operate the Facility in compliance with the Conditions for Coverage and, to the extent applicable, with state laws regulating licensed medical facilities.

4.01.2 To provide all necessary equipment, personnel, supplies and services (other than medical services) required for the operation of the Facility, including a business manager or administrator.

4.01.3 To establish, modify and implement, policies and procedures concerning the administration of the Facility, including purchasing, personnel staffing, inventory control, equipment maintenance, accounting, legal, data processing, medical record keeping, laboratory, billing, collection, public relations, insurance, cash management, scheduling and hours of operation.

4.01.4 To provide Consultant, Medical Directors and Member Physicians with the use of one office at the Facility provided solely for the purpose of assisting in the performance of the services described herein. Consultant, Medical Directors and Member Physicians agree they shall not use such office space for any other purpose including use by Consultant, Medical Directors, and Member Physicians for their private medical practice. Notwithstanding the foregoing, Consultant, a Medical Director or a Member Physician may enter into a sublease with Company, at Company's sole discretion, to use such space for purposes related to Consultant's, a Medical Director's or a Member Physician's private medical practice or for other lawful purposes; provided that such sublease is at fair market value, in compliance with applicable law and Company policies.

4.01.5 To provide Consultant, Medical Directors and Member Physicians with professional liability insurance or self-insurance purchased or maintained by Company in an amount not less than \$1 million combined single limit per occurrence for bodily injury and property damage and \$3 million in the aggregate, covering bodily injury and property damage claims (including the cost of defense) arising out of errors and omissions caused or alleged to be caused by Consultant, Medical Directors or Member Physicians within the scope of this

Agreement, but not for errors or omissions caused or alleged to be caused by Consultant, Medical Directors or Member Physicians providing services as a treating physician. The insurance or self-insurance required to be maintained by Company hereunder shall be subject to and limited by the terms and conditions of insurance policies, primary, excess or otherwise, maintained by Company.

4.02 All of the foregoing responsibilities of Company shall be fulfilled with a view towards adopting policies and procedures designed to provide high quality, cost-efficient care to the patients at the Facility. Company may consult with Consultant when fulfilling such responsibilities.

5. COMPENSATION

The amount of compensation due Consultant during the term of this Agreement shall be determined as follows:

5.01 Medical Director Fee

5.01.1 For services hereunder during the term of the Agreement, Company shall pay Consultant, and Consultant shall accept as full and sufficient compensation therefor, an annual Medical Director Fee ("Fee") of Fifty Five Thousand Dollars (\$55,000) prorated for partial years. Company shall pay the Fee in equal monthly installments, in arrears, on or before the last day of each month during the term of this Agreement.

5.01.2 The parties acknowledge and agree that the Fee payable hereunder shall be in consideration for all services to be provided hereunder and all covenants herein including, but not limited to, the restrictive covenants set forth in Section 6.

5.01.3 Consultant agrees that Company may set-off from the Fee payable hereunder any overdue amounts owed to Company by Consultant, Medical Directors or Member Physicians under any sublease or other agreement, arrangement or understanding ("Subleasing Arrangement"), related to the use by Consultant, Medical Directors or Member Physicians of any space at the Facility or the supplies, equipment and/or time/services of any personnel of the Facility, or any other item or service furnished by the Facility (collectively, "Facility Resources") for Consultant's, a Medical Director's or a Member Physician's private medical practice or any other purpose not expressly set forth herein. If no Subleasing Arrangement exists, then Consultant agrees that Company may set-off from the Fee payable hereunder the fair market value of Facility Resources used by Consultant, a Medical Director or a Member Physician for its/his/her medical practice or any other purpose not expressly set forth herein. Company shall only set-off the aforesaid amounts if: (a) Consultant receives at least fifteen (15) days prior written notice of the amount due and the basis thereof, and (b) Company has not received payment of such amount due during the above specified fifteen (15) day period.

5.02 Tax Treatment

The parties agree that the payments under this Agreement are payments for services rendered to Company by Consultant. Consultant is an independent contractor and will be responsible for the payment of all local, state and federal income, self-employment and so-called payroll taxes on the fees paid to Consultant by Company.

5.03 Method of Payment

Company shall pay the Fee by wire transfer pursuant to the instructions of Schedule E, attached hereto and incorporated herein by reference.

6.07 Joinder Requirement for New Member Physicians

Except as explicitly set forth with respect to a Temporary Medical Director as described in Section 3.01, Consultant agrees that it shall cause each Member Physician upon the execution of this Agreement or on the date that such physician becomes employed or affiliated with Consultant, whichever is later, to promptly execute this Agreement as a Member Physician or to promptly execute a Joinder Agreement in a form acceptable to Company pursuant to which such physician agrees to abide by the terms and conditions of this Agreement including, but not

Any Member Physician who ceases to qualify as a Member Physician hereunder (e.g., by leaving the employ, or no longer being affiliated with, Consultant) during the term or Restricted Period of this Agreement shall be deemed a "Former Member Physician." Such extension of the term of the Restricted Period shall be in addition to, and not in lieu of, any other remedies available to Company.

6.09 Remedies; Survival

6.09.1 Consultant and Member Physicians have carefully considered the nature and extent of the restrictions placed upon them and the rights and remedies conferred upon Company and its Affiliates under this Agreement, and Consultant and Member Physicians hereby acknowledge and agree that such restrictions, rights and remedies are reasonable with respect to time, scope and territory, are designed to eliminate competition which otherwise would be unfair to Company and its Affiliates, would not prevent Consultant or Member Physicians from practicing medicine or nephrology in the community where they currently practice, are fully required to protect the legitimate interests of Company, and do not confer a benefit upon Company and its Affiliates disproportionate to the detriment to Consultant or Member Physicians.

6.09.2 Consultant and Member Physicians acknowledge and agree that the restrictive covenants as described in this Section 6 (collectively, "Restrictive Covenants") are reasonable and necessary for the protection of the business interests of Company and its Affiliates, that irreparable injury will result to Company and its Affiliates if Consultant or Member Physicians breach any of the terms of said Restrictive Covenants, and that in the event of Consultant's or

Member Physicians' actual or threatened breach of any such Restrictive Covenant, Company and its Affiliates will have no adequate remedy at law. Consultant and Member Physicians accordingly agree that in the event of any actual or threatened breach by them of any of the Restrictive Covenants, Company and its Affiliates, as appropriate, shall be entitled to injunctive and other equitable relief, without bond and without the necessity of showing actual monetary damages, including without limitation, immediate temporary injunctive relief. Nothing contained herein shall be construed as prohibiting Company and its Affiliates from pursuing other remedies available to it for such breach or threatened breach, including, but not limited to, the recovery of any damages which it is able to prove.

6.09.3 In the event a court of competent jurisdiction determines that any portion of the foregoing Restrictive Covenants are unreasonable, then restrictions contained in the Restrictive Covenants shall be reduced and any other modifications shall be made by the court to the extent necessary for this Section 6 to be enforced by the court.

6.09.4 The provisions of this Section 6 shall survive the expiration or termination of this Agreement.

7. TERMINATION

7.01 The Agreement shall terminate: (1) at the expiration of the period above provided in Section 2, (2) upon Company's becoming insolvent, upon a petition in bankruptcy being filed designating Company as bankrupt or upon Company's being adjudged a bankrupt, or (3) upon mutual agreement between Consultant and Company.

7.02 Company, at its option, may terminate this Agreement for any of the reasons set forth below (an "Event of Default"), such termination to be effective upon written notice to Consultant or such later date as Company may specify in such notice:

7.02.1 A material breach of this Agreement by Consultant or Member Physicians which shall not be cured by Consultant within thirty (30) days of receipt of notice from Company describing such breach.

7.02.2 Indictment for, or conviction of, any felony or violation of a federal or state health care or criminal law by Consultant or any Member Physician.

7.02.3 Exclusion or suspension of Consultant or any Member Physician from participating in federal health care programs, including but not limited to Medicare or Medicaid.

7.02.4 Misconduct of either a personal or professional nature of Consultant or Member Physicians which, in Company's reasonable opinion: (a) interferes with Consultant's ability to fulfill the obligations hereunder, (b) interferes with the normal conduct of the operations of a Facility or a Home Program, as applicable, in accordance with the policies and procedures of such Facility or Home Program, or (c) endangers patient care.

7.02.5 If Consultant fails to immediately remove a Medical Director providing services hereunder in the event:

- a. the Medical Director fails to meet any of the requirements in Section 3; or
- b. of misconduct of either a personal or professional nature of the Medical Director which, in Company's reasonable opinion: (a) interferes with the Medical Director's ability to fulfill the obligations hereunder, (b) interferes with the normal conduct of the operations of the Facility, in accordance with the policies and procedures of the Facility (c) endangers patient care; or
- c. a material physical disability of a permanent nature of Medical Director occurs and renders the Medical Director, in the reasonable opinion of Company, unable to satisfactorily perform duties as contemplated herein. Consultant shall notify Company at the onset of any material physical disability of the Medical Director; or
- d. Consultant fails to cause Medical Director to cease performing duties required under this Agreement upon 10 (ten) days' written notice by Company to Consultant that Company is not satisfied with Medical Director's performance.

7.02.6 In the event that a physician ceases to serve as Medical Director of a Facility or a Home Program, as applicable, on whatever basis, and Consultant fails within a reasonable time (as determined in Company's sole discretion) to find a physician reasonably satisfactory to Company to serve as the new Medical Director for the Facility. Payment of the Fee (prorated for partial months) shall be discontinued as of the date the Medical Director last provided services.

7.03 Upon the occurrence of an Event of Default, Company shall be entitled to pursue such legal or equitable remedies as may be available to it to collect, inter alia, its actual and consequential damages suffered as a result thereof.

7.04 Closure of the Facility

7.04.1 This Agreement may be terminated by Company upon thirty (30) days prior written notice to Consultant in the event that Company in its sole discretion decides it will no longer operate the Facility. The parties acknowledge and agree that Company shall use its independent business judgment when determining whether or not to cease operating the Facility. Such independent judgment may be based upon various factors including, but not be limited to, the following operational considerations:

- a. Ability of the Facility to cover reasonable expenses and maintain a reasonable profit;
- b. Concentration of other dialysis facilities in the area and prevalence of viable substitutes for dialysis services provided at an outpatient clinic (e.g., home dialysis) in the area; and/or

c: Total population of patients with ESRD in the geographic area and anticipated growth in the demographics of such population.

7.04.2 Notwithstanding any provision herein to the contrary, a decision by Company to terminate this Agreement pursuant to this Section 7.04 will not be determined in a manner that will take into account the volume or value of any referrals or other business generated between the parties.

7.05 Termination by Consultant

7.05.1 Consultant may terminate this Agreement: (1) in the event of a material breach of this Agreement by Company which is not cured by Company within thirty (30) days of receipt of notice from Consultant describing such breach, (2) upon conviction of a felony by Company, or (3) upon exclusion or suspension of Company from participating in federal health care programs, including but not limited to Medicare or Medicaid.

7.05.2 Company shall only compensate Consultant for services rendered through the date of termination.

8. EXCLUSIVE USE OF FACILITY RESOURCES

Consultant and Member Physicians acknowledge that the space at the Facility, and the supplies, equipment and time/services of the employees of the Facility shall be utilized by Consultant and Member Physicians exclusively (a) for the provision of dialysis services to patients of the Facility, and (b) for the provision of services hereunder. No portion of any space at the Facility, nor the supplies, the equipment or the time/services of any employee of the Facility shall at any time be utilized by Consultant or Member Physicians for their private medical practice or for any other purpose not expressly set forth in this Agreement. Notwithstanding the foregoing, Consultant or Member Physicians may enter into an agreement with Company (at fair market value and in accordance with all applicable law) to use Company space, equipment or personnel for purposes related to Consultant's or Member Physicians' private medical practice or for other lawful purposes.

9. ASSIGNABILITY

Consultant and Member Physicians shall not assign or subcontract this Agreement or assign or subcontract any of their rights hereunder without Company's prior written consent, which may be withheld in Company's sole discretion. The parties hereto agree that Company may assign this Agreement to any of Company's Affiliates without the consent of any of the other parties hereto. Company shall not assign this Agreement or assign any of its rights hereunder to any person or entity, other than an Affiliate, without Consultant's prior written consent, which shall not be unreasonably withheld. This Agreement shall be enforceable by or against any permitted assigns hereunder. Any attempted assignment of this Agreement in violation of the provisions of this section is void.

10. ENTIRE AGREEMENT

This Agreement contains the entire agreement of the parties with respect to its subject matter and as of the date this Agreement is fully executed, supersedes all previous and contemporaneous agreements and understandings, inducements or conditions, expressed or implied, oral or written, between the parties with respect to the subject matter hereof.

11. WAIVER OF BREACH

The failure of the parties to insist on strict performance of the provisions of this Agreement shall not be construed as a waiver of such provision or of any other default of the same or similar nature. No waiver, modification or change of any of its provisions shall be valid unless in writing and signed by the parties against whom such claimed waiver, modification or change is sought to be enforced. One party's waiver of any default by the other party of any provision of this Agreement is not a waiver of any other default and shall not affect the right of that party to require performance of the defaulted provision at any future time.

12. SEVERABILITY; HEADINGS

If any term or provision of this Agreement or application to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected and each term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law. The headings of sections in this Agreement are for convenience only and shall not affect or limit the interpretation of its provisions.

13. LEGAL COMPLIANCE

13.01 This Agreement shall be construed in a manner consistent with any and all applicable federal and state laws, including, without limitation, Medicare, Medicaid, the Health Insurance Portability and Accountability Act of 1996 and other Federal and State statutes and regulations and the principles and interpretations related thereto. The parties intend to comply with the provisions of 42 U.S.C. 1395nn(a)(1) and 42 U.S.C. 1320a-7b(b), as such provisions may be amended from time to time. The parties intend that this Agreement meet the requirements of (i) the Personal Services and Management contract "Safe Harbor" to the Medicare and Medicaid Anti-Kickback statute as set forth in 42 C.F.R. Part 1001.952(d); and (ii) the Personal Services Arrangement exception to the Physician Ownership and Referral legislation as set forth in 42 U.S.C. 1395nn(e)(3) and the corresponding regulations, if any.

13.02 The parties represent that as of the date this Agreement is executed the Fee negotiated and agreed upon is fair market value for services rendered based upon arm's length bargaining and is consistent with the value of similar services. Furthermore, the parties represent that the Fee is not and has not been determined in a manner that takes into account the volume or value of any referrals or business otherwise generated for or with respect to a Facility or a Home Program or between the parties for which payment may be made in whole or in part under Medicare or any other federal health care program.

14. LIMITED RENEGOTIATION

14.01 Notwithstanding anything to the contrary in this Agreement, (a) in the event that the performance of either party of any term, covenant, condition or provision of this Agreement should jeopardize the licensure or certification of either party or (b) if there is a future change in Medicare, Medicaid, or other Federal or State statutes or regulations or written governmental interpretations thereof ("New Law") which renders any of the material terms of this Agreement unlawful or unenforceable, then (i) the unaffected provisions of this Agreement shall continue in full force and effect and (ii) either party, upon written notice to the other party ("Renegotiation Notice"), shall have the right to immediately initiate good faith renegotiation of the affected terms of this Agreement in order to restore, if possible, the intent and purpose of the affected provisions in the Agreement and to modify the Agreement as necessary so that such Agreement does not jeopardize the licensure or certification of either party, is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations.

14.02 If the parties are unable in good faith to come to a mutually satisfactory resolution regarding the affected terms of the Agreement and have failed to amend the Agreement (or enter into a new Agreement) within 90 days from date the Renegotiation Notice was received, then, unless the parties mutually agree otherwise in writing, the parties shall utilize binding arbitration in accordance with this Section to modify the Agreement as necessary so that such Agreement does not jeopardize the licensure or certification of either party, is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations.

14.03 The above referenced arbitration shall be triggered by one party providing the other party written notice of the arbitration required under this Section. Upon the other party's receipt of such written notice, both parties shall promptly appoint an arbitrator of choice from a list of arbitrators recognized by the American Health Lawyers Association (AHLA) Alternative Dispute Resolution Services. In accordance with the rules of the AHLA Alternative Dispute Resolution Service then in effect, such appointed arbitrators will appoint a third arbitrator from the list and they shall hear the parties and make the determination as to necessary modifications to the Agreement so that the Agreement does not jeopardize the licensure or certification of either party and is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations. If AHLA or the AHLA Alternative Dispute Resolution Service is no longer in effect, then such arbitrators shall be chosen from a list provided by the American Arbitration Association in the same manner as set forth above and such arbitration shall be conducted in accordance with the Commercial Rules of the American Arbitration Association then in effect. The parties shall irrevocably grant the arbitrators the authority to determine the modifications necessary to the Agreement so that such Agreement does not jeopardize the licensure or certification of either party and is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations. Arbitration shall be binding for settlement of the modifications necessary to the Agreement as stated in the foregoing sentence. The parties agree to immediately execute any amendment, addendum or new agreement as is necessary to memorialize such modifications to the Agreement. The parties shall share the costs of such arbitrators equally between them. Each party shall bear its own expenses of preparation for arbitration.

15. APPLICABLE LAW

This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Washington.

16. BOOKS AND RECORDS OF CONSULTANT

If required by regulations now or hereafter issued by CMS pursuant to Section 952 of the Omnibus Reconciliation Act of 1980 (Section 1861(v)(l)(I) of the Social Security Act), as amended, and the regulations promulgated thereunder, the books and records of Consultant necessary to certify the nature and extent of costs associated with Consultant's performance of services under this contract shall be maintained and preserved by Consultant for such period of time as provided by law so as to be available for and subject to inspection and review by appropriate agencies of the United States. In addition, if and to the extent that Consultant uses the services of a related organization to provide services hereunder, Consultant will require such related organization to maintain, preserve and make available its books and records to the same extent that Consultant is so required. In the event that this Agreement is not subject to the provisions of Section 952 or regulations promulgated hereunder, this section of the Agreement shall be null and void. The provisions of this Section shall survive the expiration or termination of this Agreement.

18. COMPLIANCE TRAINING AND CODE OF CONDUCT

18.01 Pursuant to Company's compliance program and this Agreement, each Member Physician providing services hereunder shall be required to devote at least (i) two (2) hours to initial compliance and privacy training (if not already completed prior to the execution of this Agreement), which initial training shall occur no later than thirty (30) days after the Effective Date of this Agreement and (ii) one (1) hour to supplemental compliance training during each year of the term of this Agreement. 18.02 In the event any Member Physician providing services hereunder fails to complete the compliance training as required in this Section, Consultant hereby acknowledges and agrees that Company may retain the Fee due Consultant for services rendered hereunder until such time as every Member Physician providing services hereunder completes the required training. Once every Member Physician has completed the required training, Company shall pay Consultant the Fee due under this Agreement retained pursuant to this paragraph, such payment to be made the month following the month in which the last training was completed in conjunction with payment of Consultant's regular monthly installment of the Fee.

18.03 Consultant and each Member Physician acknowledge having received a copy of the Code of Conduct and understand that the Code of Conduct, and any revisions to it, is applicable to the position of Medical Director of the Facility and the provision of services hereunder. Consultant and each Member Physician hereby agree to complete promptly any reasonable certification regarding the Code of Conduct as reasonably requested by Company or FMCNA.

19. THIRD PARTY BENEFICIARY

Company's present and future parent corporations, including but not limited to National Medical Care, Inc. and Fresenius Medical Care Holdings, Inc., are intended third party beneficiaries of this Agreement and shall independently have the right to enforce each of the provisions of this Agreement, including, but not limited to, the restrictive covenants contained in Section 6.

20. INDEMNIFICATION

20.01 Company shall be free from all liability and claims for damages by reason of any injury to any persons, including without limitation, Member Physicians and their agents and employees, and any property of any kind whatsoever, and to whomsoever belonging, from any causes whatsoever arising out of or through the negligence or other misconduct of Consultant or Member Physicians, or their agents or employees. Consultant hereby covenants and agrees to indemnify, defend and hold harmless Company and its Affiliates from any and all liability, claims, damages, losses, costs, obligations and expenses (including but not limited to reasonable

attorneys' fees) which it may incur as a result of either the negligence or willful misconduct of Consultant and/or Member Physicians, or the agents or employees of either, or the breach by Consultant or Member Physicians of the provisions of this Agreement. The provisions of this Section shall survive the expiration or termination of this Agreement.

20.02 Consultant shall be free from all liability and claims for damages by reason of any injury to any persons, including without limitation, Company and its Affiliates and employees, and any property of any kind whatsoever, and to whomsoever belonging, from any causes whatsoever arising out of or through the negligence or other misconduct of Company, or its Affiliates or employees. Company hereby covenants and agrees to indemnify, defend and hold harmless Consultant and Member Physicians from any and all liability, claims, damages, losses, costs, obligations and expenses (including but not limited to reasonable attorneys' fees) which it may incur as a result of either the negligence or willful misconduct of Company, or its Affiliates or employees, or the breach by Company of the provisions of this Agreement. The provisions of this Section shall survive the expiration or termination of this Agreement.

21. NO CONFLICTS

Consultant hereby represents and warrants to Company the following: (a) that Consultant and Member Physicians are under no obligation or commitment, contractual or otherwise, that would prohibit or prevent them from entering into this Agreement and (b) that each is free to enter into and perform under this Agreement.

22. JOINT EFFORT

The preparation of this Agreement has been the joint effort of the parties, and the resulting document shall not be construed more severely against one of the parties than the other.

23. ATTACHMENTS; PRIORITY OF DOCUMENTS

All attachments (including but not limited to Schedules) to this Agreement are incorporated herein by reference and made a part of this Agreement. Notwithstanding the foregoing, to the extent that any provision of any attachment hereto conflicts or is contrary to this Agreement, then the provisions in this Agreement shall govern.

24. AUTHORIZED SIGNATURE

This Agreement shall not be deemed accepted by Company unless and until an authorized officer of Company has signed this Agreement. No other act or writing by an agent, officer or manager of Company shall cause this Agreement to be a valid, effective or binding contract on Company.

25. FORCE MAJEURE

Neither party shall be liable nor deemed in default for any delay or failure to perform any of its duties or obligations under this Agreement resulting directly or indirectly from any acts of

God, civil or military authority, acts of a public enemy, terrorism, war, civil disobedience, riots, accidents, fires, explosions, earthquakes, floods, failure of transportation, machinery or supplies, vandalism, strikes or other work interruptions by its employees or independent contractors or any similar cause beyond its reasonable control. Notwithstanding the foregoing, each party shall, at all times, use commercially reasonable efforts to perform its duties and obligations under this Agreement.

26. COUNTERPARTS; FACSIMILE EXECUTION

This Agreement may be executed in any number of counterparts with the same effect as if all the parties had signed the same document. Such executions may be transmitted to the parties by facsimile (such facsimile may also be transmitted via e-mail) and such facsimile execution shall have the full force and effect of an original signature. All fully executed counterparts, whether original or facsimile executions or a combination of both, shall be construed together and shall constitute one and the same agreement.

SCHEDULE A

MEDICAL DIRECTOR DESIGNATIONS

FACILITY

FMC Deer Lake

MEMBER PHYSICIAN

John Musa, M.D.

SCHEDULE B

FRESENIUS MEDICAL SERVICES (“FMS”) MEDICAL DIRECTOR DUTIES AND RESPONSIBILITIES

The Medical Director is directly responsible for the creation and preservation of high quality professional care of patients at a Facility. A Facility refers to all of the outpatient dialysis services provided by or administered out of an outpatient dialysis facility (including, for example, any and all nocturnal in-center programs, and any and all home dialysis programs)¹ which is owned or operated by a subsidiary or affiliate of Fresenius Medical Care North America (“FMCNA” or “Company”). The Medical Director is responsible for planning, organizing, conducting and directing the professional services of a Facility, and to that end, has specific duties and authorities as set forth (a) in the contract of medical director services, (b) as required under the Conditions for Coverage for End-Stage Renal Disease, 42 C.F.R. § 494.1 *et seq.*, and Interpretive Guidelines thereto promulgated by the Centers for Medicare & Medicaid Services (“CMS”) (collectively, the “Conditions for Coverage”), (c) as required under state licensing or other applicable laws, and (d) as assigned to him/her in the Governing Body and Medical Staff Bylaws.

While the Governing Body is responsible for overall management of such Facility and the Area Manager (or other appointed Facility Chief Executive Officer) exercises responsibility for the management of a Facility, the Medical Director shall be responsible for the delivery of patient care and outcomes in the Facility and is accountable to the Governing Body for the quality of medical care provided to patients at the Facility.² As such, it is often stated in this document that the Medical Director shall “ensure” that a particular task is completed. Where the Medical Director is to “ensure” a task is completed, it is expected that the Medical Director will perform such task personally or, through appropriate and reasonable delegation, oversee that such task is properly completed.

Medical Director responsibilities include, but are not limited to, those set forth below.

I. GENERAL MEDICAL DIRECTOR DUTIES (CONDITIONS FOR COVERAGE RELATED ISSUES)

A. On-Call Availability

¹If a home dialysis program has a Medicare provider number different from the Medicare provider number of an outpatient dialysis facility, then such home dialysis program is a separate “Facility” for purposes of this document.

²A Facility must have a single Medical Director who meets the qualifications under the Conditions for Coverage. The Governing Body and such Medical Director may designate other physician(s) to direct the home hemodialysis or peritoneal dialysis programs, provided that it is understood that any such home dialysis medical director reports to the Medical Director of the Facility who remains ultimately accountable for such programs, and that all home dialysis programs are under the same Governing Body and quality assessment and performance improvement program oversight as the in-center dialysis services.

1. Assist in ensuring that each attending physician (including the Medical Director if he/she is an attending physician) provides the Facility with instructions that clearly explain how he/she is to be contacted, including office and other telephone numbers, as well as any applicable pager or mobile phone numbers, and updates to any changes to such numbers. Such requirement is due to the fact (a) that the health care of every patient must be under the continuing supervision of a physician who is available for situations involving the Facility, patients or staff and (b) the Facility must have a written plan for physician coverage during illness, vacation and holidays. The Medical Director shall ensure that Facility staff and patients are provided written instructions for obtaining emergency medical care.
2. If an attending physician cannot be located or contacted and no coverage is available or responding, provide guidance, as Medical Director, to Facility staff on how to address patient issues (e.g., refer patient to hospital, etc.) until the attending or covering physician can be contacted. The Medical Director is to follow-up with unresponsive attending physicians and take appropriate action, in conjunction with the Governing Body as necessary, to prevent future occurrences.
3. Be on-call to fulfill Medical Director functions including, but not limited to, responding to any emergency involving the Facility, patients or staff that might impact patient care, whether during operating hours or when the Facility is not open. If not available (e.g., on vacation or otherwise not available), arrange for Medical Director coverage in accordance with the Medical Staff Bylaws by a qualified physician and provide the Area Manager with prior notice as to the physician providing such coverage and the duration of such coverage.

B. Clinical Management

Policies and Procedures

1. Participate, as a member of the Governing Body, in the development, by means of periodic review and approval, of the Company's patient care policies and procedures manual(s) for the Facility. The Medical Director may suggest changes to such policies and procedures consistent with FMCNA Clinical Policy 138-010-005 -- FMCNA Policy and Procedure Guidelines (as amended) ("Procedure to Modify Policies"). This policy requires the Medical Director and the Clinical Manager to correspond in writing with the FMS Chief Medical Officer and Vice President of Clinical Quality Management to establish agreement on any changes in the policy and procedure that might be relevant to local issues.
2. Ensure that all policies and procedures relative to patient admissions, patient care, infection control, and safety, are made available to Facility staff, attending physicians and non-physician providers granted privileges to care for patients in the Facility ("non-physician providers"). The Medical Director shall further ensure that such policies and procedures are adhered to by all such individuals who treat patients in the Facility. Such efforts may include, but not be limited to, working cooperatively with the Area Manager and the Clinical Manager who shall assist the Medical Director in the oversight and review, monitoring and implementation of policies and procedures relating to:

- Patient care and the delivery of high-quality, safe and effective dialysis.
- Facility's quality assessment and performance improvement program ("QAI program").
- Interdisciplinary team participation in comprehensive patient assessments and reassessments, patient plans of care, and the QAI program.
 - REMINDER: The Medical Director is not a member of the interdisciplinary team (except in the capacity as attending physician for his/her own patients). The Medical Director's involvement is to oversee that each attending physician and other interdisciplinary team member participate per Facility policies. The Medical Director is expected to get involved if the interdisciplinary team members fail to appropriately participate, complete documentation, respond to QAI activities, etc.
- Patient rights, admission, grievances and discharge.
- Prevention, treatment, and safe contact with patients with hepatitis and other contagious diseases.
- Compliance with standards and regulations issued by CMS, AAMI, OSHA, CDC, regarding infection control and water and dialysate quality as specified in the Conditions for Coverage and prevalent in the industry.
- Timely and appropriate referral of patients for transplant evaluation;
- Disaster preparedness plan.
- FMCNA compliance programs, policies and procedures.

3. Ensure that Facility staff have educated patients on options regarding all treatment modalities and settings including transplantation, home dialysis (e.g., intermittent peritoneal dialysis, CAPD, CCPD, home hemodialysis) and in-center hemodialysis. If the Facility does not offer a specific modality, then ensure such patients are informed regarding other facilities which provide such modalities.

Tracking Interdisciplinary Team Participation – Patient Comprehensive Assessments and Patient Plans of Care

4. Ensure, with the assistance of Facility management, that appropriate qualified Facility staff are participating on each patient's interdisciplinary team. The interdisciplinary team members include, at a minimum, a patient's treating physician (who serves as the leader), the patient or the patient's designee (if the patient chooses), a registered nurse, a social worker, and a dietitian ("interdisciplinary team"). Each patient's interdisciplinary team is responsible for developing for such patient an individualized and comprehensive assessment of his/her needs which is used to develop the patient's treatment plan and expectations for care (i.e., patient plan of care). A physician extender who serves in lieu of the attending physician to the extent that state practice laws, Facility policies and the Conditions for Coverage so allow, may participate in the assessment and development of the plan of care.

The Medical Director shall:

- Ensure that an interdisciplinary team provides each patient an individualized and comprehensive assessment (and reassessment) of his/her needs with the components and frequency as set forth in the Conditions for Coverage.

- Ensure that an interdisciplinary team completes the patient's plan of care with the components and frequency as set forth in the Conditions for Coverage.
- Ensure that an interdisciplinary team appropriately tracks each patient's transplantation referrals consistent with the Conditions for Coverage.
- Assist in resolving any conflict among interdisciplinary team members (e.g., between an attending physician and Facility staff) regarding patient care issues and, as necessary, elevate such conflicts consistent with Facility policies (e.g., Medical Advisory Board).
- Ensure that all patients have a current, properly signed, patient comprehensive assessment and patient plan of care for stable and unstable patients, as applicable, and that all standing orders are current.
- Support efforts of Facility staff to ensure patient adherence to the dialysis schedule and other treatments.

Quality Assessment and Performance Improvement

5. Have operational responsibility for the QAI Program. The Medical Director shall provide leadership of the Facility's QAI Program by serving as the chair of the QAI Committee, which is appointed by and accountable to the Governing Body. The QAI Program is designed and implemented to objectively, systematically, and comprehensively monitor, evaluate, and improve the quality and appropriateness of patient care and services by identifying opportunities and resolving identified problems through the use of continuous quality improvement (CQI) methodology to achieve measurable improvement of health outcomes and reduce medical errors. The goal of the QAI Program is to maximize the number of patients who achieve each patient target as outlined in the Measures Assessment Tool (MAT) which CMS indicates is the current professionally-accepted clinical standards (based on current CMS Clinical Performance Measures (CPMs), the National Kidney Foundation Kidney Disease Outcomes Quality Initiative ("KDOQI") guidelines, etc.), and on the FMS Quality Status Reports (QSRs). The Medical Director shall:

- Prepare for, attend and, as Chair, lead the monthly QAI Committee meetings.
- Periodically review and approve the Facility's QAI Program (and the Medical Director may suggest changes consistent with the Procedure to Modify Policies).
- Review overall quality indicators related to improved patient health outcomes in the categories set forth in the Conditions for Coverage, inclusive of the target levels in the MAT. If the quality indicators do not meet such target levels, assist in developing and oversee the corrective action plan (including, but not limited to, communications from the Medical Director to attending physician individually, through Medical Staff meetings, etc. on the relevant issues) to bring such quality indicators in conformity with the MAT target levels. If an attending physician does not agree with the target levels set forth in the MAT, then ensure that such attending physician documents his/her disagreement with such target levels in the applicable patient's medical record and provide rationale and new targets that the QAI Committee is informed.
- Educate Facility staff, attending physicians and non-physician providers in the QAI Program objectives.
- Review the method of prioritizing the importance of improvement projects.

- Include and encourage all staff to participate towards achieving QAI Program goals.
- Communicate with the Governing Body regarding the status of QAI Program activities and regarding needs identified by the QAI team, particularly when resources are required to address QAI Program improvements.
- Provide clinical guidance regarding the development of performance improvement plans/activities.
- Participate in the evaluation of the effectiveness of performance improvement plans/activities.
- Oversee infection control and water and dialysate quality which duties are set forth in more detail below.

6. Review Clinical Variance Reports (CVRs) (adverse events) with Clinical Manager and QAI Committee to ensure appropriate intervention.

7. Monitor, with the Clinical Manager and QAI Committee, CVRs and assist in submission of MDRs when appropriate to do so.

Infection Control

8. Assume accountability, as the leader of the QAI Committee, for oversight of infection control issues. The Medical Director shall:

- Reassesses the patient consistent with the comprehensive patient assessment process.
- Documents the problem and ongoing efforts to resolve the problem.
- Obtains a written discharge or transfer order signed by the attending physician and Medical Director.
- Documents efforts to place the patient in another facility.

The use of the UltraScore as a quality measure has resulted in significant improvement in the quality outcome components of the UltraScore, the "SubScore" (% of patients with $eKt/V \geq 1.2$, Hemoglobin between 11-12 g/dl, no catheters, Albumin ≥ 4.0 g/dl and Phosphorus between 3.5 – 5.5 mg/dl) as well as patient mortality.

As you know, the calculation of the UltraScores for 2007 & 2008 were derived based on an average or baseline crude mortality in 2006 of 18%. Since the crude mortality has actually decreased over the past two years, it has become necessary to change the UltraScore calculation using a proper baseline mortality.

We propose to implement the following changes in the calculation of the UltraScore, as it relates to mortality:

1. Use of the Standardized Mortality Ratio (SMR)

The use of the SMR will automatically adjust for differences in patients' age, gender, race and presence or absence of a diabetic diagnosis and, thus make comparisons of mortality more accurate. SMR is a case mix adjustment tool used both by CMS, USRDS and the industry at large. In addition, use of the SMR instead of the "crude mortality" which was used in previous years, will not obviate a change in the calculation of the UltraScore in the future, since the average SMR will always be 1.0.

2. Impact of SMR

Facilities with mortality better than the average (SMR less than 1.0) will get credit (i.e. additional UltraScore points) and those with SMR > 1.0 will have points deducted.

We have analyzed various methods of accounting for changes in SMR and propose the following methodology:

- The SMR will be calculated and used only for HD facilities with greater than 25 patients, and for PD programs greater than 10 patients. Calculation of mortality and SMR for smaller facilities results in wide swings from quarter to quarter and year to year. For such facilities (i.e. smaller than 25 HD and 10 PD patients) the UltraScore will consist only of the sum of the 5 quality outcomes and will not be influenced by SMR or mortality calculations. Should facilities or PD programs increase their census to above these thresholds, they will then have the mortality component calculated.
- In all other facilities the UltraScore will be calculated using SMR and the formula: "UltraScore = total score + 100 (1-SMR).
- For example, if the SMR is 1.0 (that is the average mortality) there will be no addition or subtraction to the calculation of the 5 quality outcomes. If the SMR is 1.3, (i.e. a facility with mortality 30% higher than the average) there will be a subtraction of 30 points [$100 (1-1.3) = -0.3 \times 100 = -30$] from the SubScore. Similarly if the SMR is 0.8 (a mortality rate 20% lower than average) there will be a bonus of 20 points to the SubScore. In other words, add 10 points for every 0.1 SMR below 1, and subtract 10 points for every 0.1 SMR above 1.0.
- In order to avoid negative UltraScore values, or abnormally high UltraScore values, facilities with $SMR \geq 2.0$ (twice the average mortality), will be limited to a subtraction of -100 points, and facilities with $SMR < 0.5$ will be limited to a bonus of +100 points.

3. Advantages of SMR Calculation

This methodology results in the same distribution of UltraScore as we currently have (mean score of 303 and SD of 54). (See figure 1). Therefore most of you, except for small facilities, should not see major changes in your UltraScore. This calculation will also avoid the need to make yearly changes as average mortality improves.

Following a two day intensive "Quality Summit" with leaders of the FMS Quality Program and members of the FMS Medical Advisory Board held in October 2007, we have made substantial changes to our Quality Enhancement Program. The major conclusions of the meeting were to increase emphasis on a limited number of quality outcomes specifically those having the highest impact on patient survival; and to develop an "UltraScore" that will allow the recognition of outstanding facilities and, equally important, recognize facilities that are improving. The specific Indicators, Patient Targets, outcomes of facilities in the highest 10% and outcomes of facilities in the lowest 10% (Critical Action Thresholds) are outlined in Table 1.

| TABLE 1 2008 Primary Quality Targets and Action Thresholds Hemodialysis | | | | |
|---|----------------------|----------------|-------------------------------------|--|
| Category | Indicator or Outcome | Patient Target | Highest 10 th Percentile | Lowest 10 th Percentile (Critical Action Threshold) |
| Dialysis dose | eKt/V | 1.2 | > 97% | < 80% |
| | Monthly Kt/V | 100%* | TBD | TBD |
| Anemia Management | Hgb | 11 – 12 g/dL | > 49% | < 26% |
| Nutrition/Inflammation | Albumin | > 4.0 g/dL | > 48% | < 27% |
| Vascular Access | Catheters | No Catheter | > 91% | < 65% |
| Mineral Metabolism | Phosphorus | 3.5 –5.5 mg/dL | > 65% | < 43% |
| Major Outcome | Crude Mortality | n/a | < 9 deaths/100 pat years | > 27 deaths/100 pat years |
| | SMR | n/a | < 0.3 | > 1.6 |
| | Hospitalization Rate | n/a | < 6.5 days/pat year | >18 days/pat year |

In addition to reducing the number of key indicators to 5, we have also changed the “patient targets” to the optimal outcomes. For example, since most observational and research information indicates that an albumin of 4.0 g/dL results in better mortality and hospitalization outcomes than 3.8 g/dL, we have increased the albumin target to 4.0 g/dL. Similar reasoning went into our selection of a hemoglobin target of 11.0-12.0 g/dL.

The dialysis adequacy outcome will now focus on the equilibrated Kt/V (eKt/V). We will no longer utilize URR or single pool Kt/V (spKt/V) as a quality target or goal, although both those values will be available on routine laboratory reports.

We are also moving to a new initiative utilizing measurement of a Monthly Dialysis Dose (MKt/V) to more easily take into account “no show” and shortened dialysis. This is possible because we measure clearance with each and every dialysis with On-Line Clearance (OLC). Although outcome data with a monthly measure is not currently available, over the coming year we will report the total dialysis therapy received as a percentage of the ideal target – e.g. for months in which there are 13 treatments, the goal will be 13 times an eKt/V of 1.2. If patients miss treatments or if treatment time is reduced, the percentage Kt/V achieved over the entire month will be accordingly less than the targeted MKt/V. We believe this will be a more accurate measure of treatment adequacy and will illustrate to patients the adverse effects of reducing time and skipping dialysis treatments. Facility target and critical action thresholds will be developed over the coming year based on subsequent correlations of this Monthly Kt/V (MKT/V) with mortality and hospitalization.

As noted above, another change is in the hemoglobin target from greater than 11.0 g/dL to a target of 11.0-12.0 g/dL. Obviously, the percent of patients achieving this much narrower target will be less. However, based on current literature and guidance from the FDA and CMS, we believe this is a more appropriate target in anemia management, and again the comparison will be to that achieved by the highest 10% of facilities.

The literature suggests that the presence of a central venous catheter is deleterious (in terms of increased sepsis and mortality) starting from the date of insertion. Therefore, we will count all catheters (not just those after 90 days) in the facility goal and critical action threshold.

Phosphorus will be our principal measure for the bone/mineral metabolism category. We believe an elevated serum phosphorus is the major measurable driver of bone and mineral dysmetabolism.

Similarly, Table 2 provides information on the 5 major targets for peritoneal dialysis patients which include dialysis dose (Weekly KT/V), inflammation/nutrition (Albumin), anemia management (Hemoglobin), mineral metabolism (Phosphorus) and peritonitis rate.

TABLE 2
2008 Primary Quality Targets and Action Thresholds
Peritoneal Dialysis

| Category | Indicator or Outcome | Patient Target | Highest 10th Percentile | Lowest 10th Percentile (Critical Action Threshold) |
|------------------------|-----------------------------|--------------------------|---|--|
| Dialysis Dose | WKT/V | ≥ 2.0 | > 85% | < 42% |
| Inflammation/Nutrition | Albumin | ≥ 4.0 g/dL | > 40% | < 8% |
| Anemia Management | Hgb | 11 – 12 g/dL | > 49% | < 18% |
| Mineral Metabolism | Phosphorus | 3.5 – 5.5 mg/dL | > 79% | < 40% |
| Peritonitis* Rate | | ≤ 0.5 episodes/12 months | < 0.12 episodes / 12 months | > 0.88 episodes/12 months |
| Major Outcome | Crude Mortality | n/a | < 7 deaths/100 patient years | > 26 deaths/100 patient years |
| | SMR | n/a | 0 | > 2.5 |
| | Hospitalization Rate | n/a | < 3 days/patient year | >16 days/patient year |

You will note that we have increased the weekly Kt/V (WKT/V) target to 2.0. Last year we lowered this target to 1.7 as a minimum target based on recent literature. Unfortunately, many PD programs focused on the 1.7 as a target rather than a minimum dose and our adequacy outcomes dropped. As a result of this, the consensus was to return to a Weekly KT/V target value of 2.0.

Although achieving an albumin target of 4.0 g/dL is considerably more difficult in PD patients, we believe this to be a more appropriate inflammatory/nutritional goal. With PD patients we have likewise changed the hemoglobin goal to 11.0-12.0 g/dL.

We have identified several process measures which we believe are important but have less impact on patient survival than the 5 major outcomes noted above. These 6 process measures include foot checks in diabetics, fistula rate (hemodialysis only), vaccination for hepatitis B, influenza, and pneumococcal pneumonia, and documentation that the patient has been educated on the option of renal transplantation. They are in a category which we denote as Secondary Quality Metrics (Table 3).

| TABLE 3 2008 Secondary Indicators or Processes | |
|--|---------------|
| Indicators | Facility Goal |
| Footchecks | 100% |
| Fistula Rate (HD only) | 60% |
| Hepatitis B Vaccination | 100% |
| Influenza vaccination (previous year) | 100% |
| Pneumococcal vaccination (q 5 yrs) | 100% |
| Transplant Education Documentation (annual) | 100% |

If any of these indicators or outcomes were achieved outside an FMS facility, the date and the name of the responsible party should be recorded in the patient's chart and will be counted towards the facility goal. We will notify staff later as to how this information will be recorded in Proton and AML.

You will note that some of the previous parameters or indicators which we used in the Quality program are no longer being pursued as quality goals in 2008. That does not mean they are not important clinical issues and will require your continued diligence in management. For the 6 laboratory outcomes - potassium, PTH, bicarbonate, ferritin, calcium and transferrin saturation, we have elected not to identify a "Target" value, but rather have identified as a reference the 10th and the 90th percentile values from the most recent patient data (Table 4).

| TABLE 4 Parameters or Outcomes being removed from Quality Program | | |
|--|--------------------------|---------------|
| | *10th to 90th Percentile | Facility Goal |
| Potassium | 3.9 – 5.6 mEq/L | None |
| PTH | 100 – 800 pg/mL | None |
| Bicarbonate | 20.1 – 27.9 mEq/L | None |
| Ferritin | 100 – 1100 pg/mL | None |
| Calcium | 8.4 – 10.0 mg/dL | None |
| TSAT | 16 – 43% | None |

We will not report results of these tests as part of the Quality Status Report (QSR) but in the future hope to give you distribution of outcomes of these various tests.

As we mentioned at the beginning, a major change to our quality program is the development of an **UltraScore**, both for hemodialysis and peritoneal dialysis. The UltraScore will be determined by adding the percentage of patients achieving the target for each of the 5 primary parameters to obtain a point score. The absolute maximum UltraScore for the 5 parameters would be 500 since the ultimate would be to have 100% of patients achieve each of these goals. Although the focus of the new quality improvement metrics is to reduce mortality, many of us are aware that occasionally, patient mortality is an outcome that may not necessarily reflect these 5 process

variables. Therefore, we propose to modulate the UltraScore by the facility mortality rate such that for each 1% increase in gross mortality above 18% (the current mean), we will subtract 2% of the achieved UltraScore. Similarly, for each 1% decrease in gross mortality below 18% we will add 2% of the achieved UltraScore. This will then lead to the final UltraScore. Thus, a single quality value will be determined for each facility, physician, and medical group practice which can be compared. Examples of the hemodialysis UltraScore and the PD UltraScore are illustrated below:

| Facility A (HD) | % of Patients Achieving Goal | Facility B (HD) | % of Patients Achieving Goal |
|-------------------------------|------------------------------|---------------------------------|------------------------------|
| Hemodialysis Adequacy | 91 | Peritoneal Dialysis Adequacy | 69 |
| Anemia | 38 | Anemia | 34 |
| Nutrition/Inflammation | 39 | Nutrition/Inflammation | 23 |
| Vascular Access – No catheter | 79 | Mineral Metabolism | 42 |
| Mineral Metabolism | <u>54</u> | Peritonitis Rate (% mtg Target) | <u>87</u> |
| Subtotal | 301 | Subtotal | 255 |
| Gross Mortality 20% | -6 | Gross Mortality 16% | +5 |
| HD UltraScore | 295 | PD UltraScore | 260 |

To emphasize the need for continuous improvement one final addition to our Quality Enhancement Program will be the awarding of a “Most Improved” award for any facility, at whatever level they start, if their UltraScore increases by 30 points during the course of the year.

One area that has not been resolved is whether this UltraScore will be applicable to small facilities or small practices (less than 25 patients), since larger fluctuations are expected in the outcome of small facilities and practices. At present, we intend to apply the UltraScore to all facilities and practices, but will review data and this decision periodically.

These targets, outcomes, and critical action thresholds have been reviewed and discussed with the Medical Director Advisory Board. They are in agreement and have signed off on these changes to our quality program.

We believe this new program will provide focus in those parameters that have the greatest impact on mortality and hospitalization and will be in the best interest of patients entrusted to our care. We welcome any recommendations or suggestions that you have. Thanks for your continued support of our quality program.

WHEREAS, Company and Consultant are parties to that certain Medical Director Agreement dated September 22, 2009 (the "Agreement"), pursuant to which Consultant provides medical director services to Company's dialysis treatment center located at 822 South Main Street, Deer Park, WA 99006 ("Facility"); and

WHEREAS, the parties wish to amend the Agreement on the following terms and conditions.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and further good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Company and Consultant agree to amend the Agreement as follows:

1. DEFINITIONS. The parties agree that the terms used herein without definition shall have the same meaning ascribed to them in the Agreement.
2. TERM. Section 2 of the Agreement is amended by extending the term of the Agreement through February 26, 2025.
3. COMPENSATION. As of the Effective Date, Section 5.01.1 of the Agreement is amended by deleting it in its entirety and replacing it with the following:

"For services hereunder during the term of the Agreement, Company shall pay Consultant, and Consultant shall accept as full and sufficient compensation therefor, an annual Medical Director Fee ("Fee") of Fifty Six Thousand Five Hundred and 00/100 Dollars (\$56,500.00), prorated for partial years. Company shall pay the Fee in equal monthly installments, in arrears, on or before the last day of each month during the term of this Agreement. The Fee shall increase on each anniversary of the Effective Date by two percent (2%) of the Fee then in effect. Consultant represents and warrants to Company that it does not and shall not compensate Medical Directors, Member Physicians based on the volume or value of referrals to the Facilities and/or the Home Programs.

Upon written request by either party, beginning no later than 90 days prior to February 27, 2018, the parties agree to meet and, in good faith, negotiate a Fee ("New Fee") which represents fair market value for the services to be provided by Consultant during the remainder of the term of the Agreement. Such New Fee shall be payable to Consultant beginning on the later of February 27, 2018 or the first day of the month after the amendment

reflecting the new compensation has been executed by the parties hereto. If, within 60 (sixty) days of the commencement of negotiations, the parties are unable to agree upon a New Fee that both parties in good faith consider fair market value, then each party shall appoint an arbitrator of choice from a list of arbitrators recognized by the American Health Lawyers Association (AHLA) Alternative Dispute Resolution Services and such appointed arbitrators will appoint a third arbitrator from the list to hear the parties and determine the New Fee in accordance with the rules of the AHLA Alternative Dispute Resolution Service then in effect. If AHLA or the AHLA Alternative Dispute Resolution Service is no longer in effect, then such arbitrators shall be chosen from a list provided by the American Arbitration Association in the same manner as set forth above and such arbitration shall be conducted in accordance with the Commercial Rules of the American Arbitration Association then in effect. The parties shall irrevocably grant the arbitrators the authority to determine the New Fee based on any and all data and information available to the arbitrators. Arbitration shall be binding for settlement of the determination of the New Fee. The parties shall share the costs of such arbitrators equally between them. Each party shall bear its own expenses of preparation for arbitration.

If the final decision in the arbitration is not rendered on or before February 27, 2018, the terms and conditions of the Agreement, including the amount of the Fee then in effect payable under the Agreement, shall continue until the final decision in the arbitration. The New Fee, as determined during the arbitration, shall be payable beginning on the later of the February 27, 2018 or the first day of the month after the amendment reflecting the new compensation has been executed by the parties hereto.

6. COUNTERPARTS. This Amendment may be executed in counterparts that when taken together shall constitute one and the same agreement. The parties agree that this Amendment may be executed by the parties by exchanging signed copies via facsimile (such facsimile which may also be forwarded by email). ("LANDLORD")

AND

**INLAND NORTHWEST RENAL CARE GROUP, LLC,
A WASHINGTON LIMITED LIABILITY COMPANY
("TENANT")**

DATED: June 28, 2009

LEASE AGREEMENT

THIS LEASE AGREEMENT (this "Lease") is made as of this 28th day of June, 2009 (the "Effective Date"), by and between Eon, Inc., a Washington corporation ("Landlord"), and Inland Northwest Renal Care Group, LLC, a Washington limited liability company ("Tenant").

ARTICLE 1. - PROPERTY, PREMISES AND COMMON AREAS

1.1 Construction of Shell Building and Leasehold Improvements. Using an architect with experience in outpatient dialysis design selected by Landlord and reasonably acceptable to Tenant (the "Architect"), Landlord shall, at Landlord's sole cost and expense, construct a building, together with any applicable site work, ("Building") and certain leasehold improvements ("Leasehold Improvements") in substantial accordance with the specifications shown and detailed in Exhibit B ("Landlord's Work").

The Building shall contain approximately 4,280 square feet to be leased hereunder to Tenant (the "Premises") on the property commonly known as 830 South Main Street, Bldg. #3, located within Tract C-1 (the "Property"), said Property which is a part of that certain shopping center located generally on the corner of Main Street and Highway 395, Deer Park, Washington (the "Shopping Center"), all as more particularly described and shown on Exhibit A attached hereto and made a part hereof. Tenant hereby leases the Premises from Landlord, together with the nonexclusive right to use and a nonexclusive easement in, over and through the parking areas, access areas and any other common areas of the Shopping Center, for parking and pedestrian and vehicular ingress and egress to and from the Premises, and the public streets adjacent to the Shopping Center during the term of the Lease.

1.1.1 Common Areas. The "Common Areas" within the Shopping Center shall consist of all access areas, parking areas and driveways, utility lines and areas and drainage areas within the Shopping Center, loading areas, service corridors, exterior walks, subsurface storm and sanitary sewers and drains, landscaped areas, and other public facilities. During the Lease Term of this Lease, Tenant shall have the non-exclusive right to use all of the Common Areas within the Shopping Center.

1.2 Commercially Reasonable Efforts Required; Substantial Completion.

Landlord shall hire the contractor ("Contractor") from among four (4) qualified contractors, two (2) of whom will be identified by Landlord and two (2) of whom will be identified by Tenant, to complete the Leasehold Improvements provided for herein. Selection of the Contractor shall be based on the completeness of the bid, experience with constructing outpatient dialysis clinics, and the price of the bid. Landlord's selection of the Contractor is subject to Tenant's approval, which approval shall not be unreasonable withheld. Landlord shall be responsible for submitting and obtaining all permits, including any tenant improvement building permits, and certificates of occupancy for the Premises.

Landlord shall use its best efforts and take all commercially reasonable steps to Substantially Complete (as hereinafter defined) Landlord's Work per Landlord's Work schedule set forth below. For purposes of this Lease, "Substantial Completion" of Landlord's Work shall occur

when (i) Landlord's work is sufficiently complete in accordance with Tenant's specifications so that Tenant can occupy or utilize the Premises for its intended use, as detailed in Section 4.1 of this Lease, (ii) the applicable local governmental authority issues a Certificate of Occupancy, (iii) Landlord secures all other required permits and approvals from governmental authorities having jurisdiction over the Premises, and (iv) Landlord corrects all punch list items noted by Tenant's project manager.

Landlord's Work Schedule

| Date | Work |
|--|---|
| Within 75 days from the CON Notice Date (as defined in Section 27.21) ("CD Delivery Date") | Landlord's Completion of Construction Drawings for Landlord's Work and presentation to Tenant |
| Within 10 business days of CD Delivery Date ("CD Approval Date") | Tenant approval of Construction Drawings |
| Within 5 days of Tenant approval | Landlord shall apply for a building permit from the City of Deer Park, which permit shall allow Landlord to commence construction of Landlord's Work ("the Permit") |
| Within 210 days of the date that the Permit is issued by the City of Deer Park | Landlord substantially completes Landlord's Work |

Landlord shall correct all punch list items noted by Tenant's project manager within thirty (30) days of receipt of the punch list items from Tenant's project manager. As part of determining whether Landlord has Substantially Completed all of Landlord's Work, Tenant shall have the right to test and inspect in accordance with the terms of Section 1.3 of this Lease.

1.3 Tenant's Right to Inspect and Test. Within ten (10) business days after the date the Building is Substantially Complete (the "Delivery Date"), Tenant shall be allowed entry into the Premises in order to inspect and test all mechanical, electrical and utility systems servicing the Premises in order to insure proper installation and use thereof.

In addition, Landlord hereby grants Tenant permission to test, at Tenant's sole cost and expense, and at any time after the pouring of the slab of the Building, for vapor emissions from the concrete floor slab to ensure that such vapor emissions do not exceed five (5) pounds per one thousand (1,000) square feet for vinyl composition tile ("VCT") or three (3) pounds per one thousand (1,000) square feet for sheetgoods. If Tenant's inspection and/or testing reveals faults with any mechanical, electrical, or utility system, or if such inspection and/or testing reveals that the vapor emissions of the slab exceeds the five (5) pounds per one thousand (1,000) square feet for VCT, or the three (3) pounds per one thousand (1,000) square feet for sheetgoods, Landlord

shall, at its sole cost and expense, have thirty (30) days to repair such deficiencies. In the event that such faults are not properly fixed within such thirty (30) day time period, Tenant shall have the right to exercise its rights under Section 18.4 of this Lease upon written notice to Landlord.

1.4 Material Inducement. Landlord hereby recognizes and acknowledges that its obligation hereunder to Substantially Complete construction of Landlord's Work on or before the Delivery Date constitutes a material inducement to Tenant to enter into this Lease. As such, in the event that (i) Landlord fails to timely complete all of Landlord's Work as required under this Article 1 and (ii) if such failure is not caused by the acts contemplated under Article 23 of this Lease, Tenant shall have the option to exercise any and all of the following remedies:

- (a) Collect liquidated damages from Landlord in the amount of Five Hundred Dollars (\$500.00) per day beginning on the day following the Delivery Date and continuing until Landlord's Work is Substantially Complete. Liquidated damages collected pursuant to this Section 1.4(a) shall, at Tenant's option, be paid by Landlord to Tenant on a monthly basis or deducted from Tenant's payment of Base Rent (as defined in Section 3.1 of this Lease);
- (b) Exercise its rights under Section 18.4 of this Lease; and
- (c) Terminate the Lease if the Delivery Date has not occurred within 365 days following the date Tenant receives its CON (as defined in Section 27.21).

1.5 Leasehold Improvement Allowance. Landlord shall construct the Leasehold Improvements as part of the Landlord's Work and shall provide Tenant with an allowance equal to One Hundred Twenty Dollars (\$120.00) per square foot of the Premises ("Tenant Allowance"). Tenant shall be responsible for any costs to construct the Leasehold Improvements in excess of the Tenant Allowance. Within thirty (30) days following the Delivery Date, Landlord shall provide to Tenant a summary of the actual costs to construct the Leasehold Improvements (the "Actual Total Leasehold Improvement Costs"). At Tenant's request, Landlord shall provide appropriate supporting documentation (actual bids, invoices from subcontractors or other such supporting documents) to substantiate the Actual Total Leasehold Improvement Costs, which shall be approved by Tenant, such Tenant approval not to be unreasonably withheld, conditioned or delayed. Upon Tenant's approval of the Actual Total Improvement Costs, Tenant shall reimburse Landlord for any costs in excess of the Tenant Allowance.

ARTICLE 2. - LEASE TERM

2.1 Lease Term. The term of this Lease shall be for ten (10) years ("Initial Term") commencing on the date that is sixty (60) days after the Delivery Date (the "Commencement Date") and terminating on the last full month of the Initial Term. The parties shall execute and deliver the Commencement Date Certificate in the form set forth in Exhibit C attached to this Lease, in order to confirm and memorialize the Commencement Date.

2.2 Options to Extend Term. Landlord hereby grants to Tenant four (4) consecutive options to extend the term of this Lease (each a "Renewal Option") each for a period of five (5) years (each

an "Option Term"). The lease of the Premises for each Option Term shall be on the same terms and conditions contained in this Lease except that the Base Rent for each Option Term shall be determined pursuant to the terms and conditions of Section 3.2 of this Lease. Each Renewal Option may be exercised only by written notice delivered by Tenant to Landlord no later than one hundred twenty (120) days prior to the expiration of the then current term. Tenant may only exercise its Renewal Options if Tenant has not been in default beyond the expiration of any applicable cure period of a monetary covenant or a material non-monetary covenant under this Lease more than three (3) times during the Initial Term or any Option Term. The Initial Term and all Option Terms are hereby referred to collectively as the "Lease Term".

- (a) All Tax Expenses (as defined in Section 11.1) and insurance premiums (as set forth in Article 12) on the Property, including land, buildings and improvements thereon and other insurance requirements mandated by Landlord's mortgagee

(such as earthquake and loss-of-rents insurance), including the Common Areas within the Property. Said insurance shall include all insurance premiums for fire, extended coverage, liability and any and all other insurance that Landlord deems reasonably necessary on the Property as provided in Section 12; and all reasonable costs and expenses incurred by Landlord in attempts to obtain reductions in taxes and/or assessments affecting the Common Areas within the Property. Landlord agrees to pay any taxes in the maximum number of installments allowed by law and agrees to cooperate with Tenant and other Tenants in the Property in contesting any such taxes. Landlord shall allow Tenant to contest such taxes when Landlord, in its reasonable discretion, determines such a contest will not subject the Property or the Shopping Center to an unreasonable risk that the taxes will in fact be increased.

- (b) All costs reasonably paid or incurred in connection with the operation, management, maintenance and repair of the Common Areas of the Property, and all improvements and facilities situated thereon and required in connection therewith, such Common Area maintenance costs sometimes hereinafter referred to as "Maintenance Expenses" and which shall include, without limitation, all costs and expenses paid or incurred by Landlord with respect to the following:

(1) all necessary snow and ice removal and mitigation of every kind and description necessary for all Common Areas to facilitate access to the Property and the Premises, mitigate the risk of accident or injury, and protect the Premises from damage; such costs to include, without limitation, snow plowing, removal of surplus snow when necessary, sanding, de-icing, snow blowing, shoveling, and drain clearing from the parking areas, sidewalks, landings, stairways, roofs, and Common Areas;

(2) general maintenance and repairs to the Common Areas within the Property, including service calls, scheduled, decorative, and preventative maintenance.

(3) all necessary removal of debris and litter from the Common Areas within the Property;

(4) reasonable costs of electricity, water, and other utilities (including street utilities levied by the city, county or other governmental body) used with respect to the operation and maintenance of the Common Areas within the Property not separately metered or allocated to tenants of the Shopping Center, including garbage and refuse removal;

Subject to the terms of Article 8 of this Lease, Tenant covenants not to suffer any mechanic's liens to be filed against the Property, Building, or Premises by reason of any work, labor, services or materials performed at or furnished to the Premises by Tenant, or by anyone acting through or on behalf of Tenant related to the construction of any Alteration.

All of the foregoing in this Article 7 notwithstanding, neither Landlord nor Tenant shall be obligated to perform any maintenance, repair or replacement necessitated by the negligence, willful misconduct or intentional act of the other party, or of the other's employees, contractors, or agents. The party whose negligence, willful misconduct or intentional act caused the need for such maintenance, repair or replacement shall be responsible for same, at its sole cost. Neither party shall be in

default of its repair and maintenance obligations under this Article 7 if Landlord or Tenant, as the case may be, begins performing repairs and maintenance within ten (10 business days from the date of any damage and, due to the nature of the particular repair or maintenance obligation, more than thirty (30) days are reasonably required to complete such work and the responsible party is diligently prosecuting such work to completion.

In such event, Tenant shall be entitled to an abatement of Base Rent for the period of such interruption if Landlord does not make repairs and restore all interrupted services to the Premises within two (2) business days.

- (a) Any "hazardous substance," as that term is defined in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 United States Code sections 9601-9675);
- (b) "Hazardous waste," as that term is defined in the Resource Conservation and Recovery Act of 1976 (42 United States Code sections 6901-6992k);
- (c) Any pollutant, contaminant, or hazardous, dangerous, or toxic chemical, material, or substance, within the meaning of any other applicable federal, state, or local law, regulation, ordinance, or requirement;
- (d) Petroleum products, asbestos containing materials ("ACM's") in any form or condition, and polychlorinated biphenyls ("PCB's") and substances or compounds containing ACM's or PCB's; and
- (e) Radioactive material, including any source, special nuclear, or byproduct material as defined in 42 United States Code sections 2011-2297g-4;

13.2 *Representations and Warranties of Landlord.* Landlord hereby represents and warrants that (a) as of the date of this Lease it has no knowledge of any Hazardous Materials located in, on, or under the Property or the Premises, (b) Landlord has provided Tenant with a copy of all tests and reports that Landlord has conducted prior to the date of this Lease which relate to the existence of Hazardous Materials including, without limitation, a Phase I Study, and (c) Landlord has not received any notices or other notifications from any governmental entity that the Property or the Premises is in violation of any environmental law. In the event that a Hazardous Material of whatever kind or nature and wherever located, including, but not limited to, soil, water, building components, and above ground or below ground storage containers, is found to be present at the Premises or the Property, then so long as the presence of such Hazardous Material is not the fault of Tenant, or Tenant's employees, agents, contractors or invitees, Landlord will assume full responsibility and liability for treatment of same in accordance with all applicable Laws.

13.3 Tenant's Use of Hazardous Materials. Except as may be required in Tenant's ordinary course of business and as provided by law, Tenant shall not cause any Hazardous Materials to be generated, brought onto, used, stored, or disposed of in or about the Property or the Premises. Tenant shall comply at all times during the Lease Term with all Laws governing the use, storage, and disposal of Hazardous Materials, including those Laws cited in Section 13.1 of this Lease.

13.4 Notification to Other Party. During the Lease Term, if either Landlord or Tenant becomes aware of (a) any release of any Hazardous Material on, under, or about the Premises or the Property or (b) any investigation, proceeding, or claim by any governmental agency regarding the presence of Hazardous Material on, under, or about the Premises, that party shall give the other party written notice of the release or investigation within three (3) days after learning of it and shall simultaneously furnish to the other party copies of any claims, notices of violation, reports, or other writings received by the party providing notice that concern the release or investigation.

13.5 Remediation Obligations. If the presence of any Hazardous Material brought onto the Property or the Premises by either Landlord or Tenant or by Landlord's or Tenant's respective employees, agents, contractors, or invitees results in contamination of the Property or the Premises, that party shall promptly take all necessary actions, at its sole cost and expense, to return the Property or the Premises, as the case may be, to the condition that existed before the introduction of such Hazardous Material. If Landlord undertakes any cleanup, remediation, detoxification, or similar action pursuant to this Section 13.5 as a result of the presence, release, or disposal in or about the Property or the Premises of any Hazardous Material, and that action requires that Tenant be denied access or use of the Premises to conduct its business on the Premises for a period of greater than one (1) business day, Base Rent payable under this Lease shall be abated for the period that Tenant is unable to conduct its business in the Premises.

13.6 Indemnifications. Landlord and Tenant shall, at that party's sole expense and with counsel reasonably acceptable to the other party, indemnify, defend, and hold harmless the other party and the other party's shareholders, directors, officers, employees, partners, affiliates, agents, and successors with respect to all losses arising out of or resulting from the release of any Hazardous Material in, on, under or about the Property or the Premises, or the violation of any environmental law, by that party or that party's agents, assignees, subtenants, contractors, or invitees. This indemnification includes all losses, costs of characterization, costs of removal, remedial actions, repairs, liabilities, obligations, penalties, fines, claims, actions (including remedial or enforcement actions of any kind and administrative or judicial proceedings, orders, or judgments), damages (including consequential and punitive damages), and costs (including attorney, consultant, and expert fees and expenses) resulting from the release or violation. During the Lease Term, Tenant shall not dispose of Medical Waste in the trash receptacles provided by Landlord at the Property or Premises. Notwithstanding anything to the contrary contained in this Lease or any exhibit to this Lease, Tenant shall at all times during the Lease

Term have the right, in a manner consistent with applicable law, to (a) determine the kind of container in which to store Medical Waste in the Premises prior to its disposal, (b) dispose of Medical wWaste generated in the Premises, and/or (c) retain the services of a licensed independent contractor to dispose of the Medical Waste generated in the Premises.

ARTICLE 14. - INDEMNIFICATIONS

14.1 *Indemnification by Tenant.* Tenant agrees to indemnify and hold Landlord harmless against all claims, demands, costs and expenses, including reasonable attorney's fees for the defense thereof, arising from Tenant's conduct, management of Tenant's business, use and occupancy of the Premises, construction of Alterations, breach of any of the terms and conditions of this Lease, or the negligence or willful misconduct of Tenant, its agents, servants, contractors or employees. Notwithstanding anything to the contrary contained herein, the foregoing provision shall not be construed to hold Tenant responsible for any loss, damage, liability or expense resulting from injuries caused by any negligence or intentional misconduct of Landlord, its agents, servants, contractors or employees. In case of any action or proceeding brought against Landlord by reason of such claim as is described in the initial sentence of this paragraph, Tenant, upon written notice from Landlord, covenants to defend such action or proceeding by counsel reasonably acceptable to Landlord.

14.2 *Indemnification by Landlord.* Landlord agrees to indemnify and hold Tenant harmless against all claims, demands, costs and expenses, including reasonable attorney's fees for the defense thereof, arising from Landlord's conduct, management of Landlord's business, construction of improvements by Landlord including Landlord's Work, breach of any of the terms and conditions of this Lease, or the negligence or willful misconduct of Landlord, its agents, servants, contractors or employees. Notwithstanding anything to the contrary contained herein, the foregoing provision shall not be construed to hold Landlord responsible for any loss, damage, liability or expense resulting from injuries caused by any negligence or intentional misconduct of Tenant, its agents, servants, contractors or employees. In case of any action or proceeding brought against Tenant by reason of such claim as is described in the initial sentence of this paragraph, Landlord, upon written notice from Tenant, covenants to defend such action or proceeding by counsel reasonably acceptable to Tenant.

ARTICLE 15. - DAMAGE AND DESTRUCTION

15.1 *Partial Damage or Destruction.* If no more than thirty-five percent (35%) of the Premises or parking areas are partially destroyed from any cause and such damage or destruction renders the Premises partially inaccessible or unusable, Landlord shall promptly restore the Property, Premises or parking areas to substantially the same condition as they were in immediately before the destruction within three hundred sixty (360) days after the date of such partial destruction. Base Rent shall be abated for the portion of the Premises not occupied by Tenant during the time of such restoration and for any portion of the Premises which may be occupied by Tenant but which are unfit for the purposes permitted under this Lease. In the event that Landlord fails to restore the Premises or parking areas, as the case may be, within the three hundred sixty (360) day timeframe provided herein, Tenant shall have right to terminate this Lease upon ten (10) days written notice to Landlord or exercise its rights under Section 18.4 of this Lease. Notwithstanding the foregoing, Landlord shall not be required to make any repairs or restorations

that are prohibited by law, and Landlord shall not be liable for any inconvenience or annoyance to Tenant or its visitors, or injury to Tenant's business resulting in any way from such damage or the repair thereof.

15.2 *Complete Damage or Destruction.* If thirty-five percent (35%) or more of the Premises or parking areas are destroyed from any cause, such damage shall be deemed a complete destruction for purposes of this Lease. In such event, Tenant shall provide Landlord notice of such destruction. Not more than thirty (30) days following Landlord's receipt of Tenant's notice, Landlord may, at its option: (i) terminate this Lease as provided herein, or (ii) restore the Premises to its previous condition. If within thirty (30) days after receipt by Landlord of Tenant's written notice Landlord fails to notify Tenant of its election to restore the Premises then Tenant may elect to terminate this Lease. In addition, the following provisions shall apply in the event of a complete destruction:

- (a) Landlord and Tenant shall each have the right to terminate this Lease upon thirty (30) days written notice to the other party if Landlord's commercially reasonable determination of period for reconstruction will exceed two-hundred and seventy (270) days from the date of the casualty (the "Outside Reconstruction Date"), or to terminate the Lease upon five (5) days written notice at any time after the Outside Reconstruction Date if the Premises has not been restored by Landlord as provided within this Section;
- (b) Base Rent shall be fully abated during the period beginning on the date of the casualty and ending on the date of completion of Landlord's restoration obligations as provided in this Article 15, provided that there shall be an abatement only if the damage or destruction of the Premises did not result from, or was not contributed to directly or indirectly by the intentional act or negligence of Tenant. If Tenant occupies a portion of the Premises during Landlord's restoration of the Premises, Base Rent shall be abated only for the portion of the Premises not occupied by Tenant. Landlord will not carry insurance of any kind for the protection of Tenant or any improvements paid for by Tenant or on Tenant's furniture, fixtures, equipment or any Leasehold Improvements made by Tenant under this Lease, and Landlord shall not be obligated to repair any damage thereto or replace the same unless the damage is caused by Landlord's negligence or intentional misconduct.

15.3 *Damage Near End of Term.* Notwithstanding any other provision of this Article 15 to the contrary, if any portion of the Premises or parking areas are destroyed or damaged by a casualty during the last twelve (12) months of the Lease Term, Landlord and Tenant shall each have the option to terminate this Lease by giving ten (10) days written notice to the other party within thirty (30) days of the date of the casualty.

15.4 *Effective Date of Termination; Rent Apportionment.* If Landlord or Tenant elects to terminate this Lease under this Article 15 in connection with a casualty, Tenant shall pay Base Rent properly apportioned up to the date of the casualty. After the effective date of the termination, Landlord and Tenant shall be discharged of all future obligations under this Lease, except for those provisions that, by their terms, survive the expiration or earlier termination of the Lease.

ARTICLE 16. - CONDEMNATION

16.1 Condemnation. If all or substantially all of the Premises or the parking lot serving the Premises is taken or condemned by any competent authority for any public or quasi-public use or purpose or is sold to the condemning authority in lieu of condemnation, and such condemnation renders the Premises inaccessible or unusable, Landlord and Tenant shall each have the right to terminate this Lease upon thirty (30) days written notice to the other party. Tenant shall have the right to make such claims as may be available to Tenant under applicable law, provided such claims do not reduce the amount of condemnation proceeds available to Landlord.

16.2 Partial Condemnation. If less than all or substantially all of the Premises or the parking lot serving the Premises is condemned and Tenant is able to operate its business at the Premises, then this Lease shall continue in effect as to the remaining portion of the Leased Premises but shall terminate as to the portion so condemned as of the date of vesting of title in the condemning authority; provided, however, that (i) if twenty-five percent (25%) or more of the square footage of the Premises is condemned, (ii) if access to and egress from the Premises is permanently blocked by virtue of such condemnation, or (iii) if more than fifty percent (50%) of the parking areas serving the Premises is condemned, then, in any such case, either party may, at its option, terminate this Lease by giving written notice to the other party within thirty (30) days after Landlord shall have received notice of the vesting of title in the condemning authority, in which event this Lease shall terminate as of the date on which the title vests in the condemning authority.

16.3 Apportionment of Base Rent. If this Lease is terminated under this Article 16, Tenant shall only be obligated to pay Base Rent and Additional Rent for the period up to, but not including, the date on which the title vests in the condemning authority. Landlord shall return to Tenant any prepaid Base Rent allocable to any period on or after the Termination Date. If either party does not elect to terminate this Lease pursuant to Section 16.2 above, this Lease shall be and remain unaffected by such condemnation, except that the Base Rent and Additional Rent payable shall be abated effective as of the date of the vesting of title in the condemning authority in proportion to the reduction in the square footage of the Premises resulting from such condemnation. There shall be no abatement of Base Rent for a reduction in the parking areas serving the Premises, unless such reduction materially interferes with Tenant's use of the Premises. There shall be no abatement of Base Rent for a reduction in the parking areas serving the Premises, unless such reduction materially interferes with Tenant's use of the Premises.

16.4 Obligation to Repair, Restore. In the event of any partial condemnation or taking which does not result in a termination of this Lease, Landlord, at its expense, shall proceed with reasonable diligence to repair, alter and restore the remaining parts of the Premises to substantially their former condition to the extent that the same may be feasible except for Tenant's Leasehold Improvements, furniture, fixtures, equipment and decorations, which shall be repaired, altered and restored by Tenant at its expense.

ARTICLE 17. - ASSIGNMENT AND SUBLEASING

17.1 Restriction on Landlord's Right to Alienate Property. Prior to the Commencement Date, Landlord shall not be permitted to sell or otherwise transfer any portion of its interest in the

Property or under this Lease without first obtaining the written consent of Tenant, which Tenant may grant or withhold in its sole discretion.

17.2 Restricted Transfers by Tenant. Except as provided in Section 17.3 of this Lease, Tenant shall not voluntarily assign, sublease or otherwise encumber any part of its interest in this Lease or in the Premises without Landlord's prior written consent, which shall not be unreasonably withheld, conditioned or delayed. Concurrent with Tenant's written request for Landlord's consent to a transfer, Tenant shall provide Landlord with (a) information regarding the proposed transferee, including their name, address, and ownership profile, (b) the nature of the proposed transferee's business and anticipated use of the Premises; (c) current audited financial statements of the proposed transferee, and (d) all material terms of the proposed transfer, including the base rent to be paid by the proposed transferee for the term of the proposed assignment or sublease, the portion of the Premises to be transferred, a general description of any planned alterations or improvements to be made by the proposed transferee to the Premises, the effective date of the transfer, and copies of other relevant documentation concerning the proposed transfer to the extent then available.

17.2.1. Standard of Landlord's Reasonableness. It shall not be deemed unreasonable for Landlord to withhold consent to subletting or assignment by Tenant under this Lease if Landlord in its sole judgment determines that the proposed transferee (a) is of a character or is engaged in a business which is not in keeping with Landlord's standards for the Property, as determined solely by Landlord; (b) has a use which conflicts with the general character of the Property; (c) does not meet the then current commercially reasonable financial standards required by Landlord; (d) is unacceptable because Tenant is in default beyond any applicable cure period under this Lease at the time of the request for Landlord's consent; or (e) the proposed transferee's business violates any "exclusive use" provisions granted to other tenants of the Shopping Center, a list of which uses are attached hereto as Exhibit F and do not include Tenant's Permitted Use. Consent given by Landlord to any such assignment or subletting shall not operate as a waiver of the necessity for a consent to any subsequent assignment or subletting.

17.2.2. Release of Tenant. If Landlord consents to any transfer set forth within this Section 17.2, Tenant and any guarantor of this Lease shall thereafter be released from all liability under this Lease accruing after the date of the approved transfer.

17.3 Permitted Transfers by Tenant. Notwithstanding Section 17.1, Tenant may assign this Lease or sublease the Premises in whole or in part, upon written notice to Landlord, but without the consent of Landlord to:

- (a) any entity into which or with which Tenant has merged or consolidated;
- (b) any parent, subsidiary, successor, or wholly-owned affiliated entity of Tenant;
- (c) any entity which acquires all or substantially all of the assets or issued and outstanding shares of capital stock of Tenant;

- (d) any partnership, limited liability company or other entity, the majority interest of which shall be owned by Tenant or a parent, subsidiary, successor or wholly-owned affiliate entity of Tenant;
- (e) any purchaser of substantially all of Tenant's assets located at the Premises, provided that any such assignee or successor shall agree in writing to assume and perform all of the terms and conditions of this Lease on Tenant's part to be performed from and after the effective date of such assignment or subletting; or
- (f) any doctor or medical director associated with Tenant, provided that no more than ten percent (10%) of the Premises are transferred pursuant to this Section 17.3(f).
- (g) any other party, provided that Tenant and any guarantor of this Lease agree in writing to remain liable under this Lease.

17.4 Right to Collect Base Rent. If this Lease is assigned, Landlord shall collect Base Rent and Additional Rent directly from the assignee. If all or part of the Premises is subleased and Tenant defaults, Landlord shall have the right to collect the base rent payable by the sublessee to Tenant directly from the sublessee provided that Landlord shall apply all amounts collected to Tenant's monetary obligations under this Lease.

ARTICLE 18. - DEFAULTS AND REMEDIES

18.1 Default by Tenant. The occurrence of any of the following shall constitute a default by Tenant under this Lease:

- (a) Tenant's failure to pay when due any Base Rent, Additional Rent or any other monetary obligation required to be paid under this Lease if the failure continues for ten (10) days after Tenant's receipt of written notice of its failure from Landlord to Tenant;
- (b) Tenant's failure to perform any other obligation under this Lease if the failure continues for thirty (30) days after Tenant's receipt of written notice of its failure from Landlord to Tenant. If the required cure of the noticed default cannot be completed within thirty (30) days, Tenant's failure to perform shall not constitute a default under this Lease if Tenant has taken steps to cure the failure and is diligently and continuously attempting to complete the cure as soon as reasonably possible;
- (c) The entry of an order for relief with respect to Tenant or any guarantor of this Lease under any chapter of the Federal Bankruptcy Code, the dissolution or liquidation of Tenant or any guarantor of this Lease, the appointment of a trustee or receiver to take possession of all or substantially all of Tenant's or any guarantor's assets or Tenant's interest under this Lease that is not discharged within thirty (30) days; or
- (d) The execution by Tenant or any guarantor of this Lease of an assignment for the benefit of creditors.

18.2 Landlord's Remedies on Tenant's Default. Upon the occurrence of any event of default by Tenant, Landlord shall have the following rights and remedies, each of which shall be cumulative and nonexclusive:

- (a) Terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord and, if Tenant fails to do so, Landlord may without prejudice to any other remedy which it may have for possession or arrearages under this Lease enter upon and take possession of the Premises and expel or remove Tenant from the Premises or any part thereof, without being liable for prosecution or any claim or damages therefore;
- (b) Recover from the following sums from Tenant:
- (i) any unpaid rent which has been earned at the time of such termination plus accrued interest thereon at the rate ten percent (10%) per annum; plus
 - (ii) the net present value, using a discount rate equal to (x) the "prime rate" as such rate is reported in the "Money Rates" section of *The Wall Street Journal*, as of the date of Tenant's default or (if not published on that date) on the next succeeding business day, plus (y) two hundred (200) basis points, of the unpaid rent for the balance of the Lease Term less any rental loss that Tenant proves could have been reasonably avoided; plus
 - (iii) any amounts reasonably expended by Landlord to restore the Premises to the condition the Premises were in as of the Commencement Date of this Lease;
- (c) Cure any default by Tenant by making any payment required to be made by Tenant (other than payments of Rent) or performing any of Tenant's other obligations under this Lease. Tenant shall repay any sums expended by Landlord pursuant to this Section within ten (10) days of Landlord's submission to Tenant of invoices and proof of payment. In the event that Tenant fails to reimburse Landlord hereunder, interest shall accrue on such sums at the rate of eighteen percent (18%) per annum unless such interest rate violates applicable usury laws, in which case interest shall accrue at the maximum allowable legal rate. No such payment or expenditure by Landlord shall be deemed a waiver of Tenant's default nor shall it affect any other remedy of Landlord by reason of such default; and
- (c) Accept any payments made by Tenant without waiving any rights under this Lease, including any rights that Landlord has to fully address and seek remedy for Tenant's default.

18.3 Default by Landlord. Landlord's failure to perform any its obligations under this Lease shall constitute a default by Landlord under the Lease if the failure continues for thirty (30) days after written notice of the failure from Tenant to Landlord. If the required cure of the noticed default cannot be completed within thirty (30) days, Landlord's failure to perform shall not constitute a default under this Lease if Landlord has taken steps to cure the failure within thirty (30) days and is diligently and continuously attempting to complete the cure as soon as reasonably possible.

Landlord hereby acknowledges that the infiltration of water into the Premises represents a health and safety hazard to Tenant, its employees, and its patients. Therefore, notwithstanding anything to the contrary contained in this Section 18.3, Tenant shall have the right to exercise its rights pursuant to Section 18.4 of this Lease in the event that Tenant provides Landlord with written

notice of a roof leak or other water infiltration into the Premises and Landlord fails to fully repair the same within five (5) business days.

18.4 Tenant's Right of Self Help. In the event of a default of this Lease by Landlord pursuant to Section 18.3, Tenant shall have the right, without waiving any claim of damages for breach of this Lease, at any time thereafter to cure such default for the account of Landlord. In exercising its self help rights pursuant to this Section 18.4, Tenant shall have the right to use contractors of its choosing. Landlord hereby grants to Tenant and Tenant's contractors a license, effective during the Lease Term, to enter those portions of the Property and Premises that are reasonably necessary for Tenant to take such action. Any reasonable amount paid or any liability reasonably incurred by Tenant in exercising its self help rights pursuant to this Section 18.4 shall be deemed paid or incurred for the account of Landlord and Landlord shall reimburse Tenant therefore within ten (10) days of Tenant's submission of invoices and proof of Tenant's payment of such invoices. In the event that Landlord fails to reimburse Tenant as provided herein, such failure shall be considered a material breach of this Lease and the following provisions shall apply:

- (i) Interest shall accrue on such unpaid amounts at the rate of eighteen percent (18%) per annum unless such interest rate violates applicable usury laws, in which case interest shall accrue at the maximum allowable legal rate; and
- (ii) Tenant may deduct the full cost incurred in curing Landlord's default and any accrued interest thereon pursuant to Section 18.4(i) of this Lease from future payments of Base Rent.

ARTICLE 19. - HOLDING OVER

19.1 Holdover Rent. If Tenant remains in possession of the Premises after the expiration or earlier termination of this Lease, Tenant's occupancy shall be deemed a month-to-month tenancy upon the same terms and conditions of this Lease except that (a) Base Rent shall be equal to One hundred twenty-five (125%) of the Base Rent paid by Tenant to Landlord for the month in which this Lease expired or was otherwise terminated, and (b) Tenant shall not have any right to extend the Lease Term.

ARTICLE 20. - SURRENDER OF PREMISES

20.1 Surrender of Premises. Upon the expiration or earlier termination of this Lease, Tenant, at its sole cost and expense, shall remove all debris and rubbish from the Premises. Tenant shall quit the Premises and surrender possession thereof to Landlord in broom clean condition except for reasonable wear and tear and damage caused by acts of God, Landlord, casualties, and/or condemnation.

20.2 Removal of Tenant's Trade Fixture and Personal Property. Tenant shall remove from the Premises all movable trade fixtures and personal property of Tenant including furniture, equipment, freestanding cabinetwork, and other articles of personal property owned by Tenant. Tenant's water treatment equipment and process piping shall be considered one of Tenant's trade fixtures for purposes of this Lease. Tenant shall repair all damage to the Premises resulting from such removal. If Tenant fails to remove any of its trade fixtures or personal property on or

before the expiration or earlier termination of this Lease, Landlord, at Tenant's sole cost and expense, shall have the right to remove and store Tenant's trade fixtures and personal property in an off-site storage facility. Landlord shall not be liable for any damage caused as a result of such removal, and Tenant shall pay Landlord for its removal and storage expenses within ten (10) days of Landlord's written demand for reimbursement of such expenses.

20.3 Removal of Tenant Improvements and Alterations. Tenant shall have the right, but not the obligation, to remove Alterations installed on or in the Premises by Tenant during the Lease Term pursuant to Article 6 of this Lease. In the event that Tenant removes any Alterations pursuant to this Section 20.3, Tenant shall, at Tenant's expense, repair all damage to the Premises resulting from such removal. In the event Tenant does not remove any Alterations prior to the expiration or earlier termination of this Lease, such Tenant Alterations not so removed shall be conclusively deemed abandoned by Tenant and title thereto shall pass to Landlord without any payment or credit to Tenant.

ARTICLE 21. - ESTOPPEL CERTIFICATES

21.1 Obligation to Provide Estoppel Certificates. Within twenty-one (21) days after receipt of a written request by Landlord, Tenant shall execute and deliver a commercially reasonable estoppel certificate or other form required by any existing or prospective lender, mortgagee, or purchaser of all or part of the Property. Tenant shall be permitted to indicate in the estoppel certificate any exceptions to the statements contained therein that may exist at the time Tenant executes the certificate. Tenant shall also execute and deliver such other documents or instruments may be reasonably required for the purpose of supporting Landlord's underlying transaction.

ARTICLE 22. - SUBORDINATION, NONDISTURBANCE, AND ATTORNMENT

22.1 Automatic Subordination of this Lease. This Lease shall at all times be subject and subordinate to the lien of any mortgages, deeds of trust, ground leases, or other encumbrances recorded now or subsequently against the Premises or the Property and all renewals, modifications, re-financings and extensions thereof (collectively, "Encumbrances"). This clause shall be self-operative, but within twenty-one (21) days after the receipt of a written request from Landlord or any Encumbrance holder, Tenant shall execute a commercially reasonable subordination agreement together with any customary additional documents evidencing the priority of the Encumbrance and the subordination of this Lease with respect to such Encumbrance. Notwithstanding the foregoing, Tenant shall not be required to execute any agreement or other documentation that materially increases Tenant's obligations during the remainder of the Lease Term or adversely alters or negates any of Tenant's rights and remedies granted under this Lease or applicable law.

22.2 Non-Disturbance and Attornment. Provided that Tenant's occupancy of the Premises is not disturbed and that the terms and conditions of this Lease are honored by the transferee of Landlord's interest in the Property, Tenant covenants and agrees to attorn to the transferee of Landlord's interest in the Property by foreclosure, deed in lieu of foreclosure, exercise of any remedy provided in any Encumbrance or underlying lease, or operation of law, and to recognize such transferee as the new landlord under this Lease. In the event any Encumbrance holder

notifies Tenant of such a transfer of Landlord's interest in the Property, Landlord agrees that Tenant shall not be liable for making payments of Base Rent or any other sums due pursuant the terms of this Lease directly to the transferee.

22.3 Modifications of Lease Required by Landlord's Lender. If any institutional lender of Landlord requests a modification of this Lease, Tenant shall endeavor in good faith to agree to that modification and to prepare and execute an amendment to this Lease so long as (a) Base Rent and any other amounts required to be paid under this Lease are not changed, (b) the time for and manner of payments under this Lease are not changed, (c) the Lease Term (including any Option Terms and the times governing Tenant's exercise of any options) is not changed, (d) Tenant's possession of the Premises and rights to possession and use of other parts of the Property are not changed, (e) Landlord's obligations to Tenant under this Lease are not reduced, (f) Tenant's obligations to Landlord under this Lease are not increased, and (g) the proposed modification does not materially or adversely change the other rights and obligations of Tenant under this Lease or applicable law. As a condition of Tenant's obligation to execute an amendment, Landlord shall reimburse Tenant for its costs, including reasonable attorney fees, that are incurred in connection with the review, negotiation, and preparation of the amendment.

ARTICLE 23. - FORCE MAJEURE

23.1 Force Majeure. Except for the payment of any monies due by one party to the other under the terms and conditions of this Lease, whenever a period of time is prescribed herein for the taking of an action by Landlord or Tenant, such party shall not be liable or responsible for, and there shall be excluded from the computation of any such period of time, any delays due to strikes, acts of God, shortages of labor or materials, war, terrorist acts, civil disturbances and other causes beyond the reasonable control of the performing party.

ARTICLE 24. - SIGNS

24.1 Premises Name; Landlord's Signage Rights and Obligations. Subject to Tenant's signage rights under this Article 24, Landlord may at any time change the name of the Premises and install, affix, and maintain all signs on the exterior of the Premises as Landlord may, in Landlord's sole discretion, desire. Tenant may use the name of the Premises or pictures or illustrations of the Premises in its advertising or other publicity during the Lease Term. Landlord shall, at Tenant's sole cost and expense, install Tenant's name and suite number on all signage located on the Property.

24.2 Tenant's Signage Rights. Tenant shall have the right, at its sole cost and expense, to erect, affix or display such signs or sign advertising its business as Tenant may consider necessary or desirable on the exterior or interior walls, doors, or windows of the Premises, and in locations on the Property and/or exterior monuments where other tenant's signs are located. In addition, Tenant shall have the right to install directional signs in the parking areas of the Property that indicate the location of the Premises. The installation and location of all signs installed by Tenant pursuant to this Section 24.2 shall be subject to applicable law, and to Landlord's consent, which shall not be unreasonably withheld, conditioned or delayed.

24.3 Compliance with Laws. Notwithstanding anything contained in this Article 24 to the contrary, Tenant's signage shall be subject to all governmental and quasi-governmental consents, approvals and permits as may be necessary in order for Tenant to erect its signage. Landlord agrees to cooperate with Tenant, at no cost to Landlord, in the filing any required applications for governmental approvals for signage.

24.4 Removal of Tenant's Signs Upon Lease Termination. Tenant shall promptly and permanently remove all of its signs installed pursuant to Section 24.2 of this Lease upon the termination or earlier expiration of this Lease.

ARTICLE 25. - PARKING

25.1 Grant of Parking Rights. Landlord, at no cost to Tenant, shall provide Tenant with sufficient parking for Tenant's employees and patients in a location adjacent to the Premises at a rate of no less than four and one-half (4.5) spaces per every 1,000 rentable square feet. Such parking shall be provided in accordance with all applicable federal, state and local laws, ordinances and regulations. Except for repaving and/or re-striping, Landlord shall not be permitted to make changes to any parking spaces located within seventy-five feet (75') of the Premises during the Lease Term. Tenant acknowledges that it is subject to Section 6.2 of the CC&Rs, which provide that all tenants (including, without limitation, their employees, agents, customers, licensees and business invitees) of the Shopping Center have the nonexclusive right to park anywhere within the Shopping Center.

ARTICLE 26. - BROKERS

26.1 Brokers. Landlord and Tenant each represent and warrant to the other that it has had no dealings with any real estate broker or agent in connection with the negotiation of this Lease, except for Kiemle & Hagood Company and Cornerstone Property Advisors ("Broker"), whose fees shall be paid by Landlord. Landlord and Tenant hereby represent to each other that they know of no other real estate broker or agent who is entitled to a commission or finder's fee in connection with this Lease. Each party shall indemnify, protect, defend, and hold harmless the other party against all claims, demands, losses, liabilities, lawsuits, judgments, and costs and expenses (including reasonable attorney fees) for any leasing commission, finder's fee, or equivalent compensation alleged to be owing on account of the indemnifying party's dealings with any real estate broker or agent other than Broker. BUILDING SHELL WITH INTERIOR BUILDOUT TURNKEY EXHIBIT

GENERAL INFORMATION

A "Building Shell with Interior Buildout Turnkey" construction project is one in which Landlord constructs a building shell structure, utilities, parking, landscaping, and site improvements with interior buildout improvements to Tenant's specifications. Tenant's specifications are intended to allow Landlord's completed project to function as a dialysis facility upon Tenant's addition of office and other furniture, dialysis machines and supplies, water treatment equipment, patient television equipment and telephone equipment (all of which shall be Tenant's responsibility to purchase and install).

Landlord is to provide the Tenant a site survey (ALTA) in an AUTOCAD file format which shall include but not limited to property boundaries, utility locations, roads curbing, sewers and topography. Landlord shall be responsible for hiring Registered Architects, Engineers, and any other persons necessary to prepare and present to Tenant the following (all of which shall be referred to collectively as the "Plans"): a complete set of construction documents for the building shell (which shall be based on the preliminary plan of the building shell and interior build-out prepared by the Tenant and approved by the Landlord, such approval not to be unreasonably withheld or delayed) and a site plan containing but not limited to the property boundaries, set backs, curb cuts, topography, parking layout, depiction of the location of incoming power, incoming domestic water supply, and the location of the waste line (sewer). It is highly recommended that the Landlord use a Tenant approved Architect. The Landlord's Architect/Engineers, after signing a confidentiality agreement, shall receive the Tenant's proprietary details and Master Specifications to incorporate into the Plans. The first set of Plans (the "Draft Plans") shall be 90% complete construction documents, and shall be presented to Tenant for Tenant's approval and/or modifications within thirty days of the Landlord receipt of the owners approved preliminary plan. The cost of any such modifications shall be the sole responsibility of the Landlord, provided all such modifications shall be consistent with the various descriptions of the anticipated construction contained in this Lease. A final set of Plans (the "Final Plans") shall be submitted to Tenant for Tenant's approval within fifteen days of Landlord's receipt of Tenant's modifications. Tenant's approval shall not be unreasonably withheld or delayed. The Landlord shall be responsible for hiring Tenant approved Registered Architects, Engineers, and other persons necessary to prepare and present to Tenant a complete set of construction documents for the interior build-out of the shell. If the shell Architect and interior build-out Architect are separate entities, the Landlord's shell Architect must coordinate designs with the interior build-out architect.

All plans and construction shall be completed in compliance with all applicable laws, codes, and regulations, including zoning requirements. Landlord will secure any/all required federal, state and/or local inspections for this Turnkey Project. The Landlord is required to have the Tenant's Project Manager involved in the design process, bidding process, selection of the General Contractor and the construction process of both the building shell and the interior build-out. Landlord and Tenant recognize that time is of the essence with respect to the Plans and construction described above, and each shall diligently proceed with their duties relative to such Plans and construction.

5.1 Grant and Declaration of Reciprocal Easements. The Declarant hereby grants to each and every Owner and their successors, assigns, mortgagees, lessees, sublessees, employees, agents, customers, licensees, and business invitees, and declares for the benefit of each of the respective Parcels within the Center permanent, mutual, reciprocal and non-exclusive access, parking, utility, drainage and signage easements and rights to use the Access Areas, Parking Areas, Utility Easement Areas, Drainage Easement Areas and Signage Easement Area for the purposes for which they are intended as provided in this Declaration.

5.2 Use of Easements. The easements established by this Declaration shall be for the benefit of and restricted solely to the use of the Owners and their successors, assigns, mortgagees, lessees, sublessees, employees, agents, customers, licensees and business invitees, and the same are not intended and shall not be construed as creating any right in or for the benefit of the general public.

5.3 Management and Maintenance of Easement Areas. The Owner of each Parcel in the Center shall, subject to the rights and duties set forth in this Declaration, be responsible, at such Owner's own expense, for the exclusive management and control of such Owner's Parcel (including the Easement Areas

within such Parcel) and all improvements and landscaping thereon. Each Owner shall keep the same or cause the same to be kept in good, clean, attractive, safe and sanitary condition, order and repair. No wall, fence or barrier of any kind shall be constructed or maintained on any Parcel or portion thereof which would prevent or unreasonably impair the use or exercise of any of the easements granted hereunder, or the free access to and movement between Parcels, including without limitation pedestrian and vehicular traffic between Parcels. The Owner of each Parcel within the Center and each tenant and subtenant leasing a Parcel within the Center shall have the right to exercise control over such Parcel (including the Easement Areas within such Parcel) to: (i) remove any person from such Parcel who is not a business invitee or customer; (ii) remove from such Parcel unauthorized vehicles, vendors, salespersons, and/or any individuals who engage in advertising, solicitation, leafletting, handbilling, patrolling, boycotting, picketing (including any "informational" picketing), distributing literature or written materials of any kind, or who otherwise attempt by any means to advise customers, employees or members of the general public of any political cause or candidate, any civil or fraternal organization or cause, or any other issue or dispute; and (iii) obtain assistance from any appropriate law enforcement agency and/or judicial authority in order to enforce the foregoing rights.

5.4 Liability Insurance. The Owner of each Parcel in the Center shall at all times maintain or cause to be maintained comprehensive general public liability insurance against claims for personal injury or death and property damage occasioned by accident occurring upon, in, or on any portion of such Owner's Parcel (including the Easement Areas within such Parcel). The limits of liability of such insurance shall be not less than Two Million and No/100 (\$2,000,000.00) Dollars combined single limit coverage for injury to person, loss of life, and damage to property arising out of any single occurrence. The dollar limit set forth above shall be increased on the commencement of the sixth (6th) year after the date of this Declaration and at five (5) year intervals by agreement of the Owner(s) or, in the absence of agreement, then by increases in the Consumer Price Index, All Urban

Consumers, U.S. City Average, All Items, as of the date or adjustment over such index as the first day of the preceding five (5) year period. Upon request, each Owner shall provide the other Owner(s) with a copy of a certificate of insurance evidencing such insurance.

5.5 Taxes. The Owner of each Parcel shall pay or cause to be paid, prior to delinquency, all real estate taxes and other taxes and assessments which may be levied or assessed against such Owner's Parcel (including the Easement Areas within such Parcel), subject to the right of any Owner, lessee or sublessee to contest such taxes and assessments in the manner provided by law.

5.6 Maintenance by Agent. Any two (2) or more Owners or tenants occupying portions of the Center may, by mutual agreement between them, appoint a third party as their agent to maintain the Easement Areas on their Parcels. In the event such third party is appointed, each Owner or tenant appointing such third party shall reimburse such third party for a proportionate share for the cost of such maintenance. Each Owner's or tenant's proportionate share of such maintenance expenses shall be determined by the ratio of the number of square feet of Easement Area within such Owner's or tenant's Parcel as compared to the total number of square feet of Easement Area so maintained by such third party.

ARTICLE 6 - PARKING AREAS

6.1 Designation of Parking Areas. The Owner of each Parcel within the Center shall have the right to determine the portion(s) of such Parcel to be designated as Parking Area and the right to change such designation from time-to-time; provided that at all times following completion of construction of any Building on a Parcel, the Owner thereof shall maintain or cause to be maintained thereon a paved Parking Area or paved Parking Areas, which include parking spaces thereon for not less than four and five-tenths (4.5) automobiles for each one thousand (1,000) square feet of Floor Area of all Buildings constructed on such Parcel, or such greater number of parking spaces as may from time-to-time be required by law. The Parking Area on Parcel "D" shall be generally as depicted on Exhibit "B" hereto and, notwithstanding the foregoing provisions, during the term of the RSM Lease there

shall be no change therein without the prior written consent of RSM and the then Owner of Parcel "D", which, if requested by either of them, shall not be unreasonably withheld by the other of them.

6.2 Use of Parking Areas. All such Parking Areas shall be available for the purpose of common use thereof by the Owners and their successors, assigns, mortgagees, lessees, sublessees, employees, agents, customers, licensees and business invitees for parking, related maneuvering and passage of passenger motor vehicles and for passage of pedestrians; however, the provisions of this Declaration shall not be construed to prohibit occasional use of Parking Areas for parking lot sales of seasonal goods, placement of shopping carts or other purposes, to the extent permitted by law, so long as such use does not unreasonably restrict availability of adequate parking within such Parking Areas or unreasonably restrict avenues of ingress and egress.

6.3 Parking Area Maintenance. All driving aisles, parking aisles, driveways and parking spaces contained within the Parking Areas shall be properly graded, leveled and paved with concrete or asphalt and shall also be properly marked with painted lines for the orderly flow of traffic and the parking of motor vehicles. All Parking Areas shall be provided with appropriate access to driving aisles, driveways of adequate width and Access Areas. The Owner of each Parcel in the Center shall at all times provide or cause to be provided in a timely manner: (i) all necessary snow and ice removal from the Parking Area(s) within such Owner's Parcel; (ii) all necessary removal of debris from the Parking Area(s) within such Owner's Parcel; and (iii) all necessary maintenance, repair and resurfacing of the Parking Area(s) within such Owner's Parcel, including any necessary repaving and restriping.

6.4 Parking Area Lighting. The Owner of each Parcel in the Center shall at all times after construction of any Building thereon cause the Parking Area(s) within such Owner's Parcel to be illuminated during business hours occurring during darkness, and for a reasonable period prior and subsequent thereto.

6.5 Changes in Parking Areas. Changes in the sizes, location and arrangement of those portions of each Parcel used for Parking Area and the traffic

circulation and flow pattern thereon may be made from time-to-time in a reasonable manner, so long as the required number of parking spaces is all times maintained on such Parcel and Access Areas are maintained on such Parcel, as herein required.

6.6 Rules and Regulations. The Owner of each Parcel in the Center or any tenant or subtenant leasing all or substantially all of any such Parcel may make reasonable rules and regulations governing the use of the Parking Area within such Parcel, including designation of portions thereof for the parking of employees of the occupant of such Parcel and including prohibition of parking on such Parcel by employees of any Owner or occupant of any other Parcel.

ARTICLE 7 - ACCESS AREAS

7.1 Designation of Access Areas. Subject to any required approval of the City of Deer Park, Washington and any other applicable legal requirements, the Owner of each Parcel within the Center shall have the right to determine the portion(s) of such Parcel to be designated as Access Area and the right to change such designation from time-to-time; provided that the Access Area shall include the forty (40) foot access road depicted on Exhibit "B" hereto, the center line of which is the boundary between Parcel "C" and Parcel "D"; and provided further that at all times following completion of construction of any Building on a Parcel, the Owner thereof shall maintain or cause to be maintained thereon an Access Area or Access Areas providing reasonable avenues of ingress and egress for pedestrians and motor vehicles from public roadways to the Center, across each Parcel and between contiguous Parcels. The Access Area on Parcel "D" shall be generally as depicted on Exhibit "B" hereto and, notwithstanding the foregoing provisions, during the term of the RSM Lease there shall be no change therein without the prior written consent of RSM and the then Owner of Parcel "D", which if requested by either of them, shall not be unreasonably withheld by the other of them.

7.2 Use of Access Areas. All such Access Areas shall be available for the purpose of common use thereof by the Owners and their successors, assignees, mortgagees, lessees, sublessees, employees, agents, customers, licensees and business invitees for ingress, egress and passage of pedestrians and motor vehicles.

7.3 Access Area Maintenance. All Access Areas shall be properly graded, leveled and paved with concrete or asphalt and shall also be properly marked with painted lines for the orderly flow of traffic. The Owner of each Parcel in the Center shall at all times provide or cause to be provided in a timely manner: (i) all necessary snow and ice removal from the Access Area within such Owner's Parcel; provided that the Owner or tenant of Parcel "D" shall be responsible for snow removal from the entire access road depicted in Exhibit "B" hereto; (ii) all necessary removal of debris from the Access Area within such Owner's Parcel; and (iii) all necessary maintenance, repair and resurfacing of the Access Area within such Owner's Parcel, including any necessary repaving and restriping.

7.4 Access Area Lighting. The Owner of each Parcel in the Center shall at all times after construction of any Building thereon cause the Access Area within such Owner's Parcel to be illuminated during business hours occurring during darkness, and for a reasonable period prior and subsequent thereto.

7.5 Changes in Access Areas. Changes in the sizes, location and arrangement of those portions of each Parcel used for Access Area and the traffic circulation and flow pattern thereon may be made from time-to-time in a reasonable manner, so long as reasonable avenues of ingress and egress are at all times maintained from public roadways to the Center, across each Parcel and between contiguous Parcels.

ARTICLE 8 - UTILITY EASEMENT AREAS

8.1 Designation of Utility Easement Areas. The Owner of each Parcel within the Center shall have the right to determine the portion(s) of such Parcel to be designated as Utility Easement Area and the right to change such designation from time-to-time; provided that at all times a Utility Easement Area or Utility Easement Areas shall be maintained on each Parcel to the extent necessary to provide electrical service to the Center Sign and reasonable utility services to all Parcels within the Center, including area on both sides of utility lines as is the ordinary custom and practice to provide for the installation, operation and maintenance of utility lines. The Utility Easement Areas shall be further defined

and placed of record in conjunction with installation of utility lines thereon. All Utility Easement Areas shall, to the extent possible, permit the following of the most direct route to tie into common transmission lines, except where such direct route would unnecessarily disrupt or damage Buildings or improvements or pass within fifteen (15) feet of the boundary of any Building Area on said Parcels. Notwithstanding the foregoing provisions, during the term of the RSM Lease the portions of Parcel "D" designated as Utility Easement Area shall be subject to the prior written consent of RSM and the then Owner of Parcel "D", which, if requested by either of them, shall not be unreasonably withheld by the other of them.

8.2 Use of Utility Easement Areas. All such Utility Easement Areas shall be available for the purpose of installation, maintenance and repair of utility lines servicing the individual Parcels within the Center. No Utility Easement Area shall be used as a Building Area and no Buildings shall be constructed thereon; however, the provisions of this Declaration shall not be construed to prohibit the use of Utility Easement Areas as Parking Areas or for other purposes so long as such use does not unreasonably restrict the availability of Utility Easement Areas for installation, maintenance and repair of utility lines. Such utility lines may, without limitation, include water lines, water sprinkler system lines, fire hydrant water lines, electrical lines, gas lines, sanitary storm and sewer lines, storm drains, telephone lines, cable television lines and lines for any other utility services from time-to-time available to the Center. Without limiting the generality of the foregoing, the Utility Easement Areas may be used for the installation, operation, maintenance, repair, relocation and removal of any vaults, manholes, meters, pipelines, valves, hydrants, sprinkler controls, conduits and related facilities required for the operation of such utility lines, all of which (except fire hydrants) shall, to the extent reasonably possible, be even with or below the surface of the ground.

8.3 Utility Installation, Maintenance and Repair. No Owner shall have any responsibility for installation, maintenance or repair of any utility line which provides service to any Parcel owned by any other Owner. If an Owner desires to enter onto any Utility Easement Area on any Parcel, which is not owned by such Owner, for

the purpose of installation, maintenance or repair of any utility line, such Owner shall provide two (2) weeks' written notice to the Owner of such Parcel of the intent to do so, except in the case of an emergency, in which case as much notice as is reasonably possible shall be given. All such work shall be done at the sole expense of the Owner of the Parcel serviced by such utility line and shall be done in such a manner as to cause as little disturbance as reasonably possible in the use of the Parcel or Parcels over which such utility line may run and in conformity with all applicable rules and regulations of the City of Deer Park, Washington. All damage caused by such installation, maintenance or repair shall be promptly repaired in a good workmanlike manner at the sole cost of the Owner of the Parcel serviced by such utility line, which repair shall include resurfacing any paved areas which may be disturbed thereby and replanting of any landscaped areas which may be disturbed thereby.

8.4 Changes in Utility Easement Areas. Changes in the sizes, location and arrangement of those portions of each Parcel used for Utility Easement Areas may be made from time-to-time in a reasonable manner; provided that if any such change requires relocation of any utility line: (i) the Owner desiring to make such change shall first provide thirty (30) days' written notice of the intent to do so to the Owner of each Parcel affected by any resulting relocation of a utility line; (ii) such change shall not unreasonably interfere with or diminish availability of utility services to any Parcel or the use of any Building Area or Easement Area on any Parcel; (iii) such change shall be performed at the sole cost of the Owner of the Parcel on which such change is made; and (iv) such change shall be made in accordance with and subject to all applicable municipal ordinances, building codes, requirements of the provider of such utility services and other applicable requirements of law.

ARTICLE 9 - DRAINAGE EASEMENT AREAS

9.1 Designation of Drainage Easement Areas. The Drainage Easement Areas shall consist of all of Parcels "B" and "C", except the Building Areas thereon. There shall be no obstruction of the free flow of surface water over and across the Center to the areas set aside on Parcels "B" and "C" for the retention and drainage

thereof. Drainage Easement Areas shall at all times be maintained on Parcels "B" and "C" in conformity of all requirements of law.

9.2 Drainage Easement Area Maintenance. The Owner of each Parcel in the Center shall at all times provide or cause to be provided in a timely manner all necessary maintenance of the Drainage Easement Areas within such Owner's Parcel.

9.3 Changes in Drainage Easement Areas. Changes in the sizes, location and arrangement of those portions of each Parcel used for the collection and drainage of surface water may be made from time-to-time in a reasonable manner so long as reasonable areas for the collection and drainage of surface water are at all times maintained on Parcels "B" and "C".

ARTICLE 10 - SIGNAGE

10.1 Designation of Signage Easement Area. The Signage Easement Area shall be of such size and configuration as is reasonably necessary for the Center Sign and shall be located on Parcel "C". The exact location and boundaries of the Signage Easement Area shall be determined by written agreement between the Declarant and RSM.

10.2 Center Sign. Subject to any required approval of the City of Deer Park, Washington and any other legal requirements, a pylon and sign(s) for the Center and its occupants ("Center Sign") shall be constructed on the Signage Easement Area. Design of the Center Sign shall be determined by written agreement between the Declarant and RSM. The cost of acquisition and construction of the Center Sign shall initially be paid by the Declarant, and RSM and each of the other occupants of the Center using the Center Sign shall reimburse the Declarant for a fair and equitable portion of the cost thereof. Entitlement to usage of the Center Sign, responsibility for the cost of electrical service thereto and responsibility for the cost of maintenance and repair thereof shall be determined by written agreement between the Declarant and RSM.

10.3 Additional Signage. The Center Sign established pursuant to the foregoing provisions shall be located in the Signage Easement Area, which is within the View Preservation Area. Except for directional signs for guidance upon the

Parking Areas and Access Areas, no other sign shall be located in the View Preservation Area. All signs in the Center shall conform to all applicable rules and regulations of the City of Deer Park, Washington and all other requirements of law, and be designed and located so as not to conflict with the easements granted hereunder.

ARTICLE 11 - LANDSCAPE AREAS

11.1 Designation of Landscape Areas. The Landscape Areas within the Center shall consist of the portions, if any, of the Center on which from time-to-time grass, shrubs, trees or other landscaping type items may be planted.

11.2 Landscape Area Maintenance. The Owner of each Parcel in the Center shall at all times provide or cause to be provided in a timely manner all necessary maintenance of the Landscape Area, if any, within such Owner's Parcel, including watering and the cutting of grass in a timely manner.

11.3 Changes in Landscape Areas. Changes in the sizes, location and arrangement of those portions of each Parcel used for Landscape Areas may, from time-to-time, be made and no Owner of any Parcel shall be required to establish any Landscape Area thereon unless required by law.

ARTICLE 12 - CONDEMNATION

12.1 Condemnation. If at any time all or any part of the Center is taken or condemned by any public authority under power of eminent domain, the provisions of this Article shall apply. A voluntary sale or conveyance of all or any part of the Center in lieu of condemnation, but under threat of condemnation, shall be deemed to be a taking by eminent domain.

12.2 Proceeds. All compensation, damages, and other proceeds from any such taking by power of eminent domain (hereinafter the "Condemnation Award") attributable to the value of any land within the Center shall be payable only to the Owner(s) thereof and no claim thereon shall be made by the other Owner(s); provided, however, that all other Owner(s) may file collateral claims with the condemning authority over and above the value of the land and improvements located within the Parcel(s) or portion(s) thereof so taken to the extent of any

damage suffered by their respective Building Area resulting from severance of the appurtenant portions of the Parcel(s) or Portion(s) thereof so taken. The Owner(s) of the portions of the Center so condemned shall promptly repair and restore the remaining portion of the Center so owned by such Owner(s) as near as practicable to the condition of the same immediately prior to the condemnation and without contribution from any other Owner(s); provided, however, that the obligations to repair or reconstruct shall be limited such that the cost thereof shall not exceed the amount of the condemnation award payable to the Owner(s) of the portion of the Center so condemned, less such Owner(s)' costs including, but not limited to, attorney's fees and court costs arising out of the condemnation proceedings.

ARTICLE 13 - APPROVALS

Upon receipt by an Owner(s) of a written request for any approval provided for or required by this Declaration, such Owner(s) shall, within thirty (30) days after receipt of such request for approval, notify in writing the party making such request of any objections thereto (such objections to be specifically stated) and such party may within fifteen (15) days thereafter resubmit its request for approval rectifying any such objections to the appropriate Owner(s). The Owner(s) shall then have an addition fifteen (15) days after receipt of such revisions to approve or disapprove same. Failure to give any written notice of disapproval within the periods provided for above shall constitute approval thereof by such Owner(s).

ARTICLE 14 - ENFORCEMENT

14.1 **Right to Enforce.** The right to enforce the terms, covenants and easements contained herein shall belong only to the Owner(s), lessees of the Owner(s), if any, mortgagees under Mortgages covering any of the Center and beneficiaries and trustees under Deeds of Trust covering any of the Center; provided that the Lease or Memorandum of Lease in favor of such lessee, Mortgage in favor of such mortgagee, or Deed of Trust in favor of such beneficiary and trustee is recorded in the office of the Auditor of Spokane County, State of Washington.

14.2 **Violation.** In the event of any violation or threatened violation of any term, covenant or provision of this Declaration, any person entitled to enforce this

Declaration shall, in addition to all remedies available at law in equity, have the right to enjoin such violation or threatened violation in a court of competent jurisdiction.

14.3 **Force Majeure.** If performance of any act or obligation of any person under this Declaration is prevented or delayed by an act of God, war, labor disputes or other cause or causes beyond the reasonable control of such person, the time for the performance of the act or obligation shall be extended for a period that such act or performance is actually so delayed or prevented.

14.4 **Attorney Fees.** If any suit is brought or legal action is taken for the enforcement of any provision of this Declaration or as the result of any alleged breach thereof or for a declaration of any right or duty hereunder, the party or parties who substantially prevail in such suit or legal action shall be entitled to collect reasonable attorney's fees from the party or parties who do not substantially prevail, and any judgment or decree rendered shall include an award thereof.

14.5 **Termination.** It is expressly agreed that no breach or violation of this Declaration will terminate this Declaration, but this limitation will not affect, in any manner, any rights or remedies for any other breach of this Declaration.

14.6 **Invalidation of Lien.** A breach or violation of any of the terms, covenants or restrictions of this Declaration will not defeat or render invalid the lien or any Mortgage or Deed of Trust, made in good faith and for value; but such terms, covenants or restrictions will be binding on and be effective against anyone whose title to any portion of the Center is acquired by foreclosure, trustee's sale or otherwise.

14.7 **Remedies.** The specified remedies to which any person entitled to enforce this Declaration may resort, under the terms of this Declaration, are cumulative and are not intended to be exclusive of any other remedies or means of redress to which any person entitled to enforce this Declaration must be lawfully entitled in case of any breach or threatened breach of any provision of this Declaration. Failure to insist in any one or more cases upon the strict performance of any of the provisions of this Declaration, or to exercise any remedy herein

contained, shall not be construed as a waiver or a relinquishment for the future of such covenant or remedy.

ARTICLE 15 - AMENDMENTS OR MODIFICATIONS

15.1 **Consent to Modification.** This Declaration and any provision, covenant or easement contained herein may be terminated, extended, modified or amended with the written consent of all of the then Owner(s), each mortgagee under Mortgages encumbering any of the Center and each beneficiary and trustee under Deeds of Trust encumbering any of the Center ; provided, however, that no termination, extension, modification or amendment of this Declaration shall be effective unless a written instrument setting forth the terms thereof has been executed as herein provided, acknowledged and recorded in the offices of the Auditor of Spokane County, State of Washington; and provided, further, that during the term of the RSM Lease no such termination, extension, modification or amendment of this Declaration shall be effective without the prior written consent of RSM and the then Owner of Parcel "D", which if requested by either of them, shall not be unreasonably withheld with the other of them.

15.2 **No Consent of Other Persons.** Anything in this Article to the contrary notwithstanding, no lessee or licensee or any other person having any interest in the Center other than those persons specifically designated in the foregoing Section need consent to any termination, extension, modification or amendment to this Declaration, or any part hereof.

ARTICLE 16 - MISCELLANEOUS

16.1 **Not a Public Dedication.** Nothing contained in this Declaration shall be deemed to be a dedication of any portion of the Center in the general public or for the general public or for any public purposes whatsoever, it being the intention that this Declaration will be strictly limited to and for the purposes expressed herein.

16.2 **Severability.** If any clause, sentence or other portion of the terms, covenants or restrictions of this Declaration becomes illegal, null or void for any reason, or is held by any court of competent jurisdiction to be so, the remaining portions shall remain in full force and effect.

16.3 Dominant and Servient Estates. Each and all of the easements and rights granted or created herein are appurtenances to be applicable portions of the Center, and none of such easements and rights may be transferred, assigned or encumbered, except as an appurtenance to such portions. For the purposes of such easements and rights, the property benefitted shall constitute the dominate estate, and the particular areas of the Center which respectively are burdened by such easements and rights shall constitute the servient estate.

16.4 Covenants Run with Land. Each and all of the covenants, restrictions and provisions contained in this Declaration (whether affirmative or negative in nature): (i) shall be deemed to be covenants which run with each Parcel of the Center; (ii) are made for the direct, mutual and reciprocal benefit of each such Parcel; (iii) will create mutual equitable servitude upon each Parcel in the Center; (iv) will bind every person having any fee, leasehold or other interest in any portion of the Center at any time or from time-to-time to the extent that such portion is affected or bound by the covenant, restriction or provisions to be performed on such portion; and (v) will inure to the benefit of the Declarant and its respective successors and assigns as to the respective Parcels in the Center and to the benefit of mortgagees under Mortgages covering the Center or any portion thereof and beneficiaries and trustees under Deeds of Trust covering the Center or any portion thereof.

16.5 Compliance with Laws. All Owner(s) shall comply promptly with all federal, state and municipal statutes and ordinances, and with all regulations, orders and directives of appropriate governmental agencies pertaining to the use or occupancy of the Center, as such statutes, ordinances, regulations, orders and directives now exist or may hereafter provide.

16.6 Benefit and Burden. The terms, covenants and conditions contained herein shall inure to the benefit of and shall be binding upon the Declarant, all Owner(s) and any other person having any interest in the Center and their respective legal representatives, successors and assigns.

16.7 Intent, Purpose and Waiver. The provisions of this Declaration, and any supplemental or amended Declaration, shall be liberally construed to effectuate

the purpose of creating a uniform plan for the development and operation of a shopping center. Failure to enforce any provision, restriction, covenant or condition in this Declaration, or in any supplemental or amended Declaration, shall not operate as a waiver of any such provision, restriction covenant or condition or of any other provisions, restrictions, covenants or conditions.

16.8 **Construction.** Wherever used herein, unless the context shall otherwise provide, the singular form shall include the plural, the plural shall include the singular, and the use of any gender will include all genders. The Articles and Section headings set forth herein are for convenience and reference only and are not intended to describe, interpret, define or otherwise affect the content, meaning or intent of this Declaration or any Article, Section or provision hereof. 16.9 **Effective Date.** This Declaration shall take effect immediately upon recording.

16.10 **Owner(s) Obligations.** All obligations of each Owner(s) under and by virtue of the provisions contained in this Declaration shall continue, notwithstanding that such Owner may be leasing, renting or selling such Owner's Parcel under contract. The Owner(s) shall have no obligation for expenses or other obligations accruing after such Owner conveys the fee title for such Parcel to another party.

16.11 **Not a Partnership.** The Owners hereto do not by this Declaration, in any way or for any purpose, become partners or joint venturers of the other Owners in the conduct of their respective businesses or otherwise.

16.12 **Lender Protection.** This Declaration and the rights, privileges, covenants, agreements and easements hereunder, with respect to each Owner and all Parcels, shall be superior and senior to any lien or encumbrance placed on any Parcel; however, no breach of this Declaration shall defeat, render invalid, diminish or impair the encumbrance of any Mortgage or Deed of Trust made in good faith and for value. The provisions of this Declaration shall be binding upon any person

or entity (including any mortgagee or beneficiary under a Deed of Trust) who acquires title to any Parcel or any portion thereof by foreclosure, trustee's sale, Deed in lieu of foreclosure, or otherwise.

Each Owner ("Indemnifying Owner") hereby agrees to defend, indemnify, and hold harmless the other Owners and other Owner's tenants from and against all demands, claims, causes of action, or judgments, and all reasonable expenses incurred in investigating or resisting the same, for injury to person, loss of life, or damage to property: (i) occurring on the Indemnifying Owner's Parcel, except if caused by the negligence or willful act or omission in whole or in part of any other Owner or the tenants of such other Owner or the employees, contractors, or agents of such other Owner or tenants; or (ii) occurring on another Owner's Parcel if caused by the sole negligence, willful act, or omission of the Indemnifying Owner or the tenants of the Indemnifying Owner or the employees, contractors or agents of such Indemnifying Owner or its tenants.

Nonsignificance (MDNB)

FILE NO: 95:1:19-1

DESCRIPTION OF PROPOSAL: Short Plat and development of four parcels ranging in size from .97 acres to 6.35 acres will be created on a 15.34 acres site west of Main Street and south of "H" Street to accommodate a grocery store, commercial building lease area, fast food restaurant, tire shop, gas station and convenience mart with car wash.

APPLICANT: E.O.N. Inc. and URM Stores Inc.
Mr. George Hanson Mr. Rick Neal
c/o Shamrock Investments P.O. Box 3365
P.O. Box 2210 Spokane, WA 99220
Spokane, WA 99210

LOCATION OF PROPOSAL: The parcel occupies approximately 13.34 acres at the southwest corner of Main Street and "H" Street with portions abutting SR 395, within the City of Deer Park, Washington in Section 10, Township 28 North, Range 42 East, Willamette Meridian.

LEAD AGENCY: City of Deer Park - Mayor Robert Dano

A traffic study, dated February 10, 1995, and Supplement to the study dated March 13, 1995, was submitted as an attachment to the SEPA checklist. The study identified certain impacts to the intersections between City and State transportation facilities which can be mitigated. Those mitigation measures were identified in the study, and were acceptable to the City of Deer Park and Washington State Department of Transportation (WSDOT). Without mitigation the proposal would affect S. Main Street and the intersection of SR 395, West "H" Street and the intersection of SR 395. The below listed mitigating measures have been adopted in order to alleviate the impacts of the proposal.

Review of the City's Water Master Plan and water main transmission system at this location identified certain deficiencies in available water capacity to the site. Mitigation measures including offsite installation of larger capacity water mains were acceptable to the City of Deer Park. The below listed mitigating measures have been adopted in order to alleviate the impacts of the proposal.

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment if mitigated as stipulated below. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after a review of a completed environmental checklist and other information on file with the lead agency. The information is available to the public on request.

Yoke's SEPA - MDNS
April 18, 1995

This MDNS is issued under WAC 197-11-340 (2); the lead agency will not act on this proposal for at least 15 days from the date issued (below). Comments regarding this MDNS must be submitted no later than 4:00 P.M., May 4, 1995, if they are intended to alter the MDNS.

MITIGATING MEASURES:

Street / Highway Improvements

1. The westbound approach to the intersection of Main Street and SR 395 shall be restriped and pavement added to accommodate an exclusive right turn lane; and,
2. A northbound right turn taper at SR 395 and "E" Street shall be provided for vehicles turning East bound onto "E" Street; and,
3. The continuous southbound left turn lane on Main Street shall be restriped to accommodate northbound left turns on Main Street after completion of water main and sewer main installations; and,
4. The traffic study shall be amended upon a request of the Lead Agency or WSDOT, should a higher volume of traffic or use of the site be proposed for any area on the site than as originally planned for under the study submitted.

Water Transmission Main Improvements

1. A Engineering firm acceptable to the Lead Agency shall complete a water flow analysis of the transmission system of the City in the area of development; and,
2. Installation of utility improvements recommended in the analysis to provide the required flow of water for each parcel and improvements on the site shall be completed prior to occupancy of any buildings within the development.

1. Guaranty. Guarantor, as a material inducement to and in consideration of Landlord entering into a written Lease Agreement with Tenant, dated June 28th, 2009 ("Lease") pursuant to which Landlord has leased to Tenant, and Tenant has leased from Landlord, the Premises located in the City of Deer Park, County of Spokane, State of Washington, in the Building located in Tract C-1 within that certain Shopping Center on the corner of Main Street and Highway 395, unconditionally guarantees and promises to and for the benefit of Landlord the full, prompt, and complete performance, payment, observance, and fulfillment by Tenant of each and every obligation, provision, term, covenant, and condition of the Lease that Tenant is to perform and the payment as and when due of all installments of rent and other monetary obligations payable under the Lease (collectively "Obligations"). Affiliation/Transfer Agreement

PATIENT TRANSFER AGREEMENT
(Providence Transferee)

This Patient Transfer Agreement ("Agreement") is entered into this 10th day of April, 2014 (the "Effective Date"), between Providence Health & Services – Washington, d/b/a **Providence Holy Family Hospital** ("Hospital"), and Inland Northwest Renal Care Group, LLC, d/b/a **Panorama Dialysis** ("Transferring Facility").

To facilitate continuity of patient care and the timely transfer of patients and records from Transferring Facility to Hospital, the parties agree as follows:

1. If a determination is made by the attending physician that a patient requires transfer from the Transferring Facility to the Hospital, Hospital agrees to admit the patient as promptly as possible, as long as it has the available space, qualified personnel and appropriate services for the treatment of the patient, and the requirements of (i) Hospital's applicable policies/protocols, and (ii) applicable federal and state laws and regulation are met.

2. Transferring Facility has the responsibility for transferring the patient to the Hospital and agrees to use qualified personnel and necessary equipment, including medically appropriate life support measures, during the transfer.

3. Transferring Facility agrees to provide the Hospital with appropriate documentation as necessary to ensure continuity of patient care. This information should include, as a minimum, the patient's medical record (i.e., summary of physician findings, nursing notes, flow sheets, lab and radiological findings, including films or underlying studies, copy of EKG, relevant transfer forms, signed consent for transfer, etc.). This documentation will be sent to the Hospital at the time of transfer unless doing so would jeopardize the patient; in which case, the documentation will be sent as promptly as possible after the transfer.

4. To the extent possible, patients will be stabilized prior to transfer to ensure the transfer will not, within reasonable medical probability, result in harm to the patient or jeopardize their survival.

5. All transfers will be done in accordance with (i) Hospital's applicable policies/protocols, (ii) applicable federal and state laws and regulations and (iii) in accordance with the standards of The Joint Commission.

6. Transferring Facility will be responsible for the transfer or other appropriate disposition of the patient's personal effects, particularly money and valuables.

7. Charges for services performed by either party shall be collected by the party rendering the service from the patient, third party payor, or other sources normally billed by the party. Neither party shall have any liability to the other for such charges, except to the extent such liability would exist separate from this Agreement. The parties shall cooperate with each other in exchanging information about financial responsibility for services rendered by them to patients transferred to the Hospital.

8. Transferring Facility shall indemnify, hold harmless and defend the Hospital, its agents and employees from and against any claim, loss damage, cost, expense or liability, including reasonable attorney's fees, arising out of or related to the performance or nonperformance by the Transferring Facility, its agents and employees of any duty or obligation of the Transferring Facility under this Agreement.

9. Hospital shall indemnify, hold harmless and defend the Transferring Facility, its agents and employees from and against any claim, loss damage, cost, expense or liability, including reasonable attorney's fees, arising out of or related to the performance or nonperformance by the Hospital, its agents and employees of any duty or obligation of the Hospital under this Agreement.

10. The parties shall maintain at their own expense comprehensive general and professional liability insurance and property damage insurance adequate to insure them against risks arising out of this Agreement, with limits no less than those customarily carried by similar facilities. Upon request, each party shall furnish the other party with evidence of such insurance. During the term of this Agreement, each party shall immediately notify the other of any material change in such insurance.

11. Nothing in this Agreement shall be construed as limiting the rights of either party to contract with any other facility or entity on a limited or general basis.

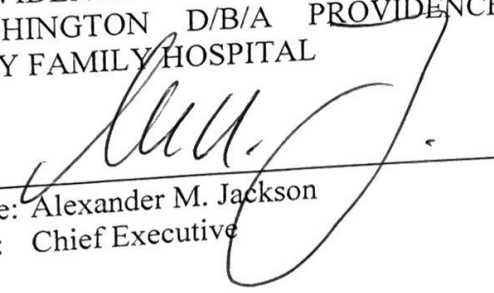

12. Transferring Facility represents and warrants that neither Transferring Facility nor Transferring Facility's shareholders, owners, principals, partners or members (if applicable) are presently debarred, suspended, proposed for debarment, declared ineligible, or excluded from participation in any federally funded health care program, including Medicare and Medicaid. Transferring Facility agrees to immediately notify Hospital of any threatened, proposed, or actual debarment, suspension, or exclusion from any federally funded health care program, including Medicare and Medicaid.

13. This Agreement shall be in effect on the date it is signed by both parties and shall continue until terminated as follows: (i) either party may terminate this Agreement immediately upon a breach of its terms by the other party, or (ii) either party may terminate this Agreement without cause by giving the other party not less than ninety (90) days written notice.

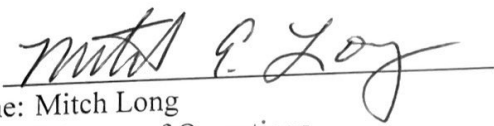

14. This Agreement may be signed in counterparts each of which will be considered an original.

15. This Agreement shall be interpreted and construed in accordance with laws of the state in which Hospital is located. Venue for any action to enforce its terms shall be in the county in which Hospital is located. This Agreement embodies the entire agreement of the parties relating to transfer of patients from Transferring Facility to Hospital, and supercedes all prior agreements, representations and understandings of the parties. This Agreement may only be modified or amended in writing. Amendments and modifications must be signed by both parties to be effective.
