## Certificate of Need Review Criteria

### A. Need (WAC 246-310-210)

[WAC 246-310-210](#) provides general criteria for an applicant to demonstrate need for healthcare facilities or services. [WAC 246-310-800 through WAC 246-310-833](#) provide specific criteria for kidney disease treatment center applications. Documentation provided in this section must demonstrate that the proposed facility will be needed, available, and accessible to the community it proposes to serve. Some of the questions below only apply to existing facilities proposing to expand. If this does not apply to your project, so state.

1. List all other dialysis facilities currently operating in the planning area, as defined in [WAC 246-310-800\(15\)](#).

Please see Table 1 that lists certificate of need approved stations in the Thurston Dialysis Planning Area.

- (5) FKC North Thurston: April 2024 ESRD Station Report (and earlier releases) reported FKC North Thurston's 1<sup>st</sup> treatment date as "05/31/21". All stations have been operational for 3+ years.

- 3. Complete the methodology outlined in [WAC 246-310-812](#). For reference, copies of the [ESRD Methodology](#) for every planning area are available on our website. Please note, under [WAC 246-310-812\(1\)](#), applications for new stations may only address projected station need in the planning area where the facility is to be located, unless there is no existing facility in an adjacent planning area. If this application includes an adjacent planning area, station need projections for each planning area must be calculated separately.**

In-center dialysis station need was determined by applying the five-step methodology set forth in WAC 246-310-812. The specific methodology applied to the Thurston Dialysis Planning Area is detailed below:

**Step (a)  
Determine the Type of Regression Analysis to be Used**

*Determine the type of regression analysis to be used to project resident in-center station need by calculating the annual growth rate in the planning area using the end-of-year number of resident in-center patients for each of the previous six consecutive years, concluding with the base year.*

- (i) If the planning area has experienced less than six percent growth in any of the previous five annual changes calculations, use linear regression to project station need; or
- (ii) If the planning area has experienced six percent or greater growth in each of the previous five annual changes, use nonlinear (exponential) regression to project station need.

Table 4 details the year-end number of in-center hemodialysis patients in the Thurston Dialysis Planning Area. As Table 4 demonstrates, growth in years 2019, 2020, 2021, and 2022 were less than 6%. As such, a linear regression is to be used to project station need.

**Table 4. Thurston Dialysis Planning Area Year-End Resident In-Center Hemodialysis Patients and Annual Rate of Change from Prior Year.**

Year	2018	2019	2020	2021	2022	2023
Number of Patients	241	229	232	245	242	265
Rate of Change from Prior Year		-5.0%	1.3%	5.6%	-1.2%	9.5%

Source: Northwest Renal Network Modality Reports. Please see <https://doh.wa.gov/sites/default/files/2024-04/KD2024Statewide-Updated.pdf>

**Step (b)  
Project the Number of Resident In-Center Patients**

*Project the number of resident in-center patients in the projection year using the regression type determined in (a) of this subsection. When performing the regression analysis use the previous five consecutive years of end-of-year data concluding with the base year.*

Per WAC, the projection year for dialysis station need is defined as the fifth year after the base year. The base year is defined as the most recent calendar year for which December 31 data is available as of the first day of the application submission period from the Northwest Renal Network's Modality Report. In this case, the base year is 2023 and the projection year is 2028. Accordingly, Table 5 details the number of projected in-center patients in the Thurston Dialysis Planning Area in the years 2024 – 2028 using a linear regression.

**Table 5. Thurston Dialysis Planning Area Projected Year-End Resident In-Center Hemodialysis Patients. Linear Projection.**

Year	2024	2025	2026	2027	2028
Number of Patients	267	275	284	292	300

Source: Applicant. Please see <https://doh.wa.gov/sites/default/files/2024-04/KD2024Statewide-Updated.pdf>

**Step (c)  
Determine the Number of Dialysis Stations Needed**

*Determine the number of dialysis stations needed to serve resident in-center patients in the planning area in the projection year by dividing the result of (b) of this subsection by the appropriate resident in-center patient per station number from subsection (3) of this section. In order to assure access, fractional numbers are rounded up to the nearest whole number.*

As noted above, the projection year is 2028. For the Thurston Dialysis Planning Area, the appropriate resident in-center patient per station number is 4.8. Assuming 300 patients in 2028 (step b), dividing by 4.8 and rounding up yields sixty-three (63) total stations needed in 2028.

**Step (d)  
Determine Net Station Need**

*To determine the net station need for a planning area, subtract the number calculated in (c) of this subsection from the total number of certificate of need approved stations located in the planning area. This number does not include the one department recognized exempt isolation station defined in WAC 246-310-800(9). For example, a kidney dialysis facility that is certificate of need approved and certified for eleven stations would subtract the one exempt isolation station and use ten stations for the methodology calculations.*

Subtracting existing stations from 2028 need identifies a net station need of two (2) stations.

**4. For existing facilities, provide the facility’s historical utilization for the last three fullcalendar years.**

\*Station count excludes 1 isolation station.

**5. Provide projected utilization of the proposed facility for the first three full years of operation. For existing facilities, also provide the intervening years between historical and projected. Include all assumptions used to make these projections.**

**Table 8. FKC Lacey Utilization Forecast**

\*Station count excludes 1 isolation station. Any patients included in table above requiring medically necessary isolation will have access to FKC Lacey’s one isolation room.

Table 8 presents the projected utilization at FKC Lacey. Given the stations are anticipated to become operational by October 2025, the first full year of operation will be 2026.

**Utilization Forecast Methodology**

Please see below for a description of the methodology used to construct the in-center and home patient projections.

In-Center Patients

The current supply of permanent CN-approved stations in the Thurston County planning area is 61 stations. At 4.8 patients per station, this is equivalent to a supply of 293 patients. Comparing this to the patient demand forecast for Thurston County under the Department’s model (Table 5), the current supply can accommodate patient demand through until 2027, but then in 2028 there are projected to be 300 patients. FKC Lacey is assumed to have its volumes held constant at 2023 levels (73 patients) until 2028 where the two additional stations requested will help it accommodate the incremental 7 patients. Therefore, in 2028, FKC Lacey is projected to serve 80 patients (73 + 7).

It is assumed the number of treatments per patient is 142.0 treatments per year based on CY2023 utilization.

Home Patients

FKC Lacey is not currently performing home training services. Therefore, home services are excluded from projections.

**6. For existing facilities, provide patient origin zip code data for the most recent full calendar year of operation.**

**7. Identify any factors in the planning area that could restrict patient access to dialysis services. [WAC 246-310-210\(1\), \(2\)](#).**

Patient access is critical to improving the health and quality of life of our patients. But patient access is multi-faceted and not simply represented by the aggregate number of stations available. Patients require access to the specific treatment modality and convenient hours of operation that meet their individual clinical and personal needs. Further, continuity of care with the same physician and dialysis care team is often integral to addressing patients' care needs.

Patients with limited financial means also face additional barriers to care due to the financial burden of out-of-pocket expenses. However, RCG strives to address this issue for our patients when needed by providing charity. A copy of our charity care policy is contained in Exhibit 5.

**8. Identify how this project will be available and accessible to low-income persons, racial and ethnic minorities, women, mentally handicapped persons, and other under-served groups. [WAC 246-310-210\(2\)](#)**

All individuals identified as needing dialysis services will continue having access to FKC Lacey. FKC Lacey's admission policy prohibits discrimination on the basis of race, income, ethnicity, sex or handicap. A copy of the admission policy is contained in Exhibit 6.

A copy of our charity care policy is contained in Exhibit 5.

**9. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the limitations of the current site consistent with [WAC 246-310-210\(2\)](#).**

The proposed project is not a partial or full relocation. Therefore, this question is not applicable.

**10. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the benefits associated with relocation consistent with [WAC 246-310-210\(2\)](#).**

The proposed project is not a partial or full relocation. Therefore, this question is not applicable.

**11. Provide a copy of the following policies:**

- **Admissions policy**
- **Charity care or financial assistance policy**
- **Patient Rights and Responsibilities policy**
- **Non-discrimination policy**
- **Any other policies directly associated with patient access (example, involuntary discharge)**

## **B. Financial Feasibility ([WAC 246-310-220](#))**

Financial feasibility of a dialysis project is based on the criteria in [WAC 246-310-220](#) and [WAC 246-310-815](#).

- 1. Provide documentation that demonstrates the immediate and long-range capital and operating costs of the project can be met. This should include but is not limited to:**
  - **Utilization projections.** These should be consistent with the projections provided under the Need section. Include all assumptions.
  - **Pro Forma financial projections for at least the first three full calendar years of operation.** Include all assumptions.
  - **For existing facilities proposing a station addition, provide historical revenue and expense statements, including the current year. Ensure these are in the same format as the pro forma projections. For incomplete years, identify whether the data is annualized.**

Please see Exhibit 7A for historical FKC Lacey expense and revenue statements. Exhibit 7B includes the required pro forma financial statements. Exhibit 7B also provides key financial pro forma assumptions and sources of information used to prepare the revenue and expense projections, including staffing and salaries, wages, and benefits assumptions.

Utilization projections, including the assumptions used to derive the forecasts, are presented and discussed in Table 8 above and surrounding text.

- 2. Provide the following agreements/contracts:**
  - **Management agreement.**
  - **Operating agreement**
  - **Medical director agreement**
  - **Development agreement**
  - **Joint Venture agreement**

**Note, all agreements above must be valid through at least the first three full years following completion or have a clause with automatic renewals. Any agreements in draft form must include a document signed by both entities committing to execute the agreement as submitted following CN approval.**

The medical director agreement is included in Exhibit 8. All other agreements listed above are not applicable to the current request.

- 3. Provide documentation of site control. This could include either a deed to the site or a lease agreement for the site. If a lease agreement is provided, the terms must be for at least five years following project completion.**

Included in Exhibit 9A is a copy of the lease agreement between Renal Care Group Northwest,

Inc. (Tenant) and Lacey Renal Construction LLC (Landlord). Exhibit 9B contains a property summary report from the Thurston County Assessor’s Office. Please note that the parcel property owner is listed as KB ESSENTIAL HEALTHCARE 25, DST who is successor-in-interest to Lacey Renal Construction, LLC.

As memorialized in the commencement data certificate, the commencement date is June 24, 2018 and the lease expiration date is June 30, 2033.

**4. Provide county assessor information and zoning information for the site. If zoning information for the site is unclear, provide documentation or letter from the municipal authorities showing the proposed project is allowable at the identified site.**

FKC Lacey is an existing facility. The proposed expansion will be completed at the same site where it currently operates. Therefore, this question is not applicable to the proposed project.

**5. Complete the table below with the estimated capital expenditure associated with this project. Capital expenditure for the purposes of dialysis applications is defined under [WAC 246-310-800\(3\)](#). If you have other line items not listed below, include the definition of the line item. Include all assumptions used to create the capital expenditure estimate.**

There are no capital expenditures required for the proposed expansion. The existing footprint can accommodate the +2 stations and FKC Lacey already has equipment available, thus, no new equipment is required.

**6. Identify the entity responsible for the estimated capital costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for all.**

There are no capital expenditures required for the proposed project. Therefore, this question is not applicable.

**7. Provide a non-binding contractor’s estimate for the construction costs for the project.**

There is no construction proposed. Therefore, this question is not applicable.

**8. Provide a detailed narrative regarding how the project would or would not impact costs and charges for services. [WAC 246-310-220](#).**

This project has no impact on either charges or payment, as reimbursement for kidney dialysis services is based on a prospective composite per diem rate. In the case of government payers, reimbursement is based on CMS (Centers for Medicaid and Medicare Services) fee schedules which have nothing to do with capital expenditures by providers such as FMC. In the case of private sector payers, FMC negotiates national, state, and regional contracts with payers. These negotiated agreements include consideration/negotiation over a number of variables, including number of covered lives being negotiated; the provider’s accessibility, including hours of operation; quality of care; the provider’s patient education and outreach; its performance measures such as morbidity and/or mortality rates; and increasingly, consideration of more broad performance/quality measures, such as the CMS Quality Incentive Program (“QIP”) Total Performance Score (“TPS”).<sup>3</sup>

FMC does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Lacey project would have no impact on payer negotiations or levels of reimbursement. In this regard, facility-level activities, such as number of FTEs, operating expenses or capital expenditures have no effect on negotiated rates, since such negotiations do not consider facility-level operations. As such, the proposed FKC Lacey project will have no effect on rates FMC would receive in the Thurston Dialysis Planning Area.

**9. Provide documentation that the costs of the project, including any construction costs, will not result in an unreasonable impact on the costs and charges for healthservices in the planning area. [WAC 246-310-220](#).**

See our response above for an explanation of the basis for FMC reimbursement. As described

<sup>3</sup> Please see: <http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/ESRDQIP/>

above, FMC does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Lacey project will have no impact on payer negotiations or levels of reimbursement.

As a follow-up to this question regarding impacts on costs, charges and reimbursement, and what elements make up reimbursement, which is what the question focuses on, it should be noted that CMS has implemented QIP with the express purpose of linking payment for care directly to providers’ performance on quality of care measures.<sup>4</sup> Over time, all payers will adapt some or all of these same standards, and will increasingly tie reimbursement to TPS measures.

**10. Provide the historical and projected payer mix by revenue and by patients using the example table below. If “other” is a category, define what is included in “other.”**

**Table 11. FKC Lacey Dialysis Center, Payer Mix, by Revenue and by Patient**

<b>Payor Class</b>	<b>Mix Based on Patients</b>	<b>Mix based on Revenue</b>
Medicare	39%	30%

\*Based on FKC Lacey CY2023 actuals.  
 \*\*Projected is assumed to be based on historical.

**11. If this project anticipates changes in payer mix percentages from historical to project, provide a brief explanation of why the changes are anticipated and any underlying assumptions.**

The project’s projected payer mix is based on FKC Lacey’s CY2023 actuals.

**12. Provide a listing of all new equipment proposed for this project. The list should include estimated costs for the equipment. If no new equipment is required, explain.**

There is no new equipment required. FKC Lacey already has spare equipment for the proposed +2 station expansion.

---

<sup>4</sup> As stated on the CMS website, referenced above, the ESRD QIP will reduce payments to ESRD facilities that do not meet or exceed certain performance standards. The maximum payment reduction CMS can apply to any facility is two percent. This reduction will apply to all payments for services performed by the facility receiving the reduction during the applicable payment year (PY). Payment reductions result when a facility’s overall score on applicable measures does not meet established standards. CMS publicly reports facility ESRD QIP scores; these scores are available online on [Dialysis Facility Compare](#).

**13. Identify the source(s) of financing (loan, grant, gifts, etc.) and provide supporting documentation from the source. Examples of supporting documentation include: a letter from the applicant's CFO committing to pay for the project or draft terms from a financial institution.**

There are no capital expenditures required for the proposed project. Therefore, this question is not applicable.

**14. If this project will be debt financed through a financial institution, provide a repayment schedule showing interest and principal amount for each year over which the debt will be amortized. [WAC 246-310-220](#)**

This is not applicable to the proposed project.

**15. Provide the applicant's audited financial statements covering at least the most recent three years. [WAC 246-310-220](#)**

Audited financial statements are included in Exhibit 10.

**C. Structure and Process (Quality) of Care ([WAC 246-310-230](#))**

- 1. Provide a table that shows FTEs [full time equivalents] by category for the proposed facility. If the facility is currently in operation, include at least the last three full years of operation, the current year, and the first three full years of operation following project completion. There should be no gaps in years. All staff categories should be defined.**

Historical and projected FTE staffing, by position and clinical setting, is provided below in Table 12.

**Table 12. FKC Lacey, Historical and Proposed Staffing, by FTE and Position**

- 2. Provide the assumptions used to project the number and types of FTEs identified for this project.**

Information and assumptions used to prepare Table 12 include:

- The wage and salary figures are based on FKC Lacey 2023 actuals. They are held constant over the forecast period.
- It is assumed a FTE (“full time equivalent”) employee works 2,080 hours per year.
- Non-productive hours are estimated at 10% of productive hours, based on FMC experience.
- Benefits are calculated at 38.6% of wages and salaries based on FKC Lacey’s 2023 actuals.
- FTEs for the intervening periods between historical actuals and project completion projections are based on 2023 actuals.
- The staff to patient ratio matrix below was used to construct minimum FTE counts for the projection years based on future patient counts presented in Table 8.
- Projected FTEs are based on the greater of current 2024 actuals or minimum FTE counts pursuant to applicable ratios.

	Staff to Patient Ratios (FTE Staff)
PCT (1)	1:8
RN (2)	1:20
Equipment Technician (3)	1:125
Social Worker (3)	1:125
Dietician (3)	1:125
Secretary (3)	1:125
Nurse Manager (4)	1

- (1) A PCT works two shifts of patients each day, with 4 patients per shift.
- (2) A RN works two shifts of patients per day, with 10 patients per shift.
- (3) These FTEs are staffed based on staff-to-patient ratios identified in the table.
- (4) The Center for Medicare and Medicaid (“CMS”) requires that a dialysis facility be staffed with one FTE manager, irrespective of size of the facility or number of patients.

**3. Identify the salaries, wages, and employee benefits for each FTE category.**

Salary and benefit information, by FTE category and clinical setting, is contained in the pro forma financials (Exhibit 7B).

**4. Provide the name and professional license number of the current or proposed medical director. If not already disclosed under 210(1) identify if the medical director is an employee or under contract.**

FKC Lacey contracts with Hetal Shah, MD for medical director services. Dr. Shah’s professional license number is MD61209807. A copy of the Medical Director agreement is included in Exhibit 8.

**5. Identify key staff, if known. (nurse manager, clinical director, etc.)**

FKC Lacey employs Vonnesia Killpatrick as its manager/administrator.

**6. For existing facilities, provide names and professional license numbers for current credentialed staff.**

Please see Table 13 below.

**7. Describe your methods for staff recruitment and retention. If any barriers to staff recruitment exist in the planning area, provide a detailed description of your plan to staff this project.**

FKC Lacey is an operational dialysis facility, which is staffed with qualified clinical and support personnel. Table 12 provides the number of current and proposed FTEs, by type. By virtue of our geographic location, any additional staff would be expected to principally come from Thurston as well as from neighboring counties in the region. To be effective in staff recruitment and retention, RCG offers competitive wage and benefit packages. Further, to ensure that we have adequate staff across all our facilities in Washington, we have built a local float pool of WA Licensed Patient Care Techs and RN's to ensure we have coverage for patient care. FMC also has an internal staffing agency, Fresenius Travel, in which we can request assistance. We also have the capability of using outside staffing agencies to fill critical needs.

**8. Provide a listing of proposed ancillary and support agreements for the facility. For existing facilities, provide a listing of the vendors.**

Please see Table 14 below.

**Table 14. List of ancillary and support agreements for FKC Lacey**

<b>NAME</b>	<b>DESCRIPTION</b>

**9. For existing facilities, provide a listing of ancillary and support service vendors already in place.**

Please see our response above for a list of ancillary and support service vendors already in place.

**10. For new facilities, provide a listing of ancillary and support services that will be established.**

FKC Lacey is an existing facility. Therefore, this question is not applicable.

**11. Provide a listing of ancillary and support services that would be provided on site and those provided through a parent corporation off site.**

All patient care and support services except senior management, financial, legal, planning, marketing, architectural/construction and research and development are provided on-site at each clinic.

**12. Identify whether any of the existing ancillary or support agreements are expected to change as a result of this project.**

There are no anticipated changes to the existing ancillary or support agreements as a result of this project.

**13. If the dialysis center is currently operating, provide a listing of healthcare facilities with which the dialysis center has working relationships.**

FKC Lacey has a transfer/affiliation agreement with Providence St. Peter Hospital (see Exhibit 11).

**14. For new a new facility, provide a listing of healthcare facilities that the dialysis center would establish working relationships.**

FKC Lacey is an existing facility. Therefore, this question is not applicable.

**15. Provide a copy of the existing or proposed transfer agreement with a local hospital.**

FKC Lacey has a transfer/affiliation agreement with Providence St. Peter Hospital (see Exhibit 11).

**16. Clarify whether any of the existing working relationships would change as a result of this project.**

There are no anticipated changes as a result of this project.

**17. Fully describe any history in the last three calendar years of the applicant concerning the actions noted in Certificate of Need rules and regulations [WAC246-310-230\(5\)\(a\)](#). If there is such history, provide documentation that the proposed project will be operated in a manner that ensures safe and adequate care to the public to be served and in conformance with applicable federal and state requirements. This could include a corporate integrity agreement or plan of correction.**

FMC is committed to conducting its business activities in compliance with applicable law. The company has long maintained a corporate compliance program which includes a Code of Ethics and Business Conduct, ongoing compliance related education and training for employees, a Compliance Department to support the company and its employees with compliance concerns, including a compliance line for anonymous reporting, and monitoring and auditing of business activities.

FMC, as one of the largest dialysis providers in the country, is routinely involved in claims, lawsuits, regulatory matters and investigations in the ordinary course of business. As for matters responsive to the application questions, FMC has no history of criminal convictions relating to the ownership or operation of a health care facility within the United States within the last three (3) calendar years.<sup>5</sup> FMC also has no history of license revocations or decertifications for facilities in the past three (3) years.

**18. Identify whether any facility or practitioner associated with this application has a history of the actions listed below. If so, provide**

---

<sup>5</sup> Fresenius Medical Care Holdings, Inc. d/b/a Fresenius Medical Care North America, the parent company of the applicant, is also the parent company to numerous other subsidiary companies which offer a range of health care services and products in North America. For the purpose of responding to questions 18 and 19, the applicant is responding to such questions with respect to dialysis clinics owned, operated or managed by Fresenius Medical Care Holdings, Inc. and its subsidiaries.

**evidence that the proposedor existing facility can and will be operated in a manner that ensures safe and adequate care to the public and conforms to applicable federal and state requirements. WAC 246-310-230(3) and (5).**

- **A criminal conviction which is reasonably related to the applicant’s competency to exercise responsibility for the ownership or operation of a healthcare facility; or**
- **A revocation of a license to operate a healthcare facility; or**
- **A revocation of a license to practice as a health professional; or**
- **Decertification as a provider of services in the Medicare or Medicaid program because of a failure to comply with applicable federal conditions of participation.**

Please see response to question 17. Additionally, FMC performs background checks on all newly hired employees. FMC validates the professional licenses and/or certifications of certain employee categories as required by federal, state or local laws and regulations. FMC screens current and new employees, potential new employees, Medical Directors, attending physicians, physician extenders (e.g., NP’s, PA’s), independent contractors, and vendors against the Office of Inspector General’s List of Excluded Individuals/Entities and the General Services Administration’s List of Parties Excluded from Federal Programs, as well as state specific exclusion lists, OFAC, etc. FMC will not engage a person or company that is excluded from participating in federally funded health care programs such as Medicare.

As of the date of this application, to the best of the applicant’s knowledge, no practitioner associated with this application has a history of the actions listed above.

**19. Provide documentation that the proposed project will promote continuity in the provision of health care services in the planning area, and not result in an unwarranted fragmentation of services. [WAC 246-310-230](#)**

The proposed project promotes continuity of care as it seeks to continue FKC Lacey’s existing dialysis care services and is supported by the Department’s numeric need methodology. FKC Lacey also has working relationships with Providence St. Peter Hospital (see Exhibit 11).

**20. Provide documentation that the proposed project will have an appropriate relationship to the service area’s existing health care system as required in [WAC 246-310-230](#).**

As an existing facility, FKC Lacey has an established relationship with the community. See Exhibit 12 for FKC Lacey’s transfer agreement with Providence St. Peter Hospital (see Exhibit 11).

## D. Cost Containment ([WAC 246-310-240](#))

### 1. Identify all alternatives considered prior to submitting this project.

The following options evaluated in the alternatives analysis for the current nonspecial cycle include:

- Option One: Expand the existing facility by +2 stations —The Project
- Option Two: Do Nothing

### 2. Provide a comparison of the project with alternatives rejected by the applicant. Include the rationale for considering this project to be superior to the rejected alternatives. Factors to consider can include, but are not limited to: patient access to healthcare services, capital cost, legal restrictions, staffing impacts, quality of care, and cost or operation efficiency.

Please see Tables 15-18, respectively. They provide a summary of advantages and disadvantages of each of the options based on the following evaluative criteria: Promoting availability, or access to healthcare services; Promoting Quality of Care; Promoting Cost and Operating Efficiency; and Legal Restrictions.

**Table 15. Alternatives Analysis: Promoting Access to Healthcare Services.**

<b>Option Two</b> Do nothing	<ul style="list-style-type: none"><li>• Would do nothing to improve access (Disadvantage ("D")).</li><li>• Outmigration would increase (D).</li></ul>

<b>Option Two</b> Do nothing	<ul style="list-style-type: none"> <li>• Planning Area residents will need to out-migrate to receive care and do so in increasing numbers without added capacity. As such, patient care will be fragmented, which harms access and quality of care (D)</li> </ul>

**Table 17. Alternatives Analysis: Promoting Cost and Operating Efficiency.**

Option:	Advantages/Disadvantages:
<b>Option One</b> +2 Station Expansion at Existing Facility — The Project	<ul style="list-style-type: none"> <li>• Approval of the current project request will allow for the facility to optimize its capacity and achieve corresponding economies of scale. (A)</li> <li>• Existing footprint and spare equipment available to accommodate expansion. (A)</li> </ul>
<b>Option Two</b> Do nothing	<ul style="list-style-type: none"> <li>• Suffers from significant disadvantages by not promoting access and continuity of care. Forces patients to continue to out-migrate, which is inefficient and costly for planning area residents. Does not allow FKC Lacey to capture economies of scale through greater utilization of existing capacity. (D)</li> </ul>

**Table 18. Alternatives Analysis: Legal Restrictions.**

Option:	Advantages/Disadvantages:

**3. For existing facilities, identify your closest two facilities as required in [WAC 246-310-827\(3\)\(a\)](#).**

The closest facilities to FKC Lacey include:

**FKC North Thurston**  
 8770 Tallon Ln Ne  
 Lacey, WA 98516

**FKC Shelton**  
1872 N 13th Loop Rd  
Shelton, WA 98584

- 4. For new facilities, identify your closest three facilities as required in [WAC 246-310-827\(3\)\(b\)](#).**

This question is not applicable as FKC Lacey is an existing facility.

- 5. Do any other applications you submitted under this concurrent review cycle rely on the same facilities listed in response to questions 3 or 4? If yes, identify the applications. [WAC 246-310-827\(3\)\(c\)](#). (Note: A maximum of two applications can rely on the same three facilities.)**

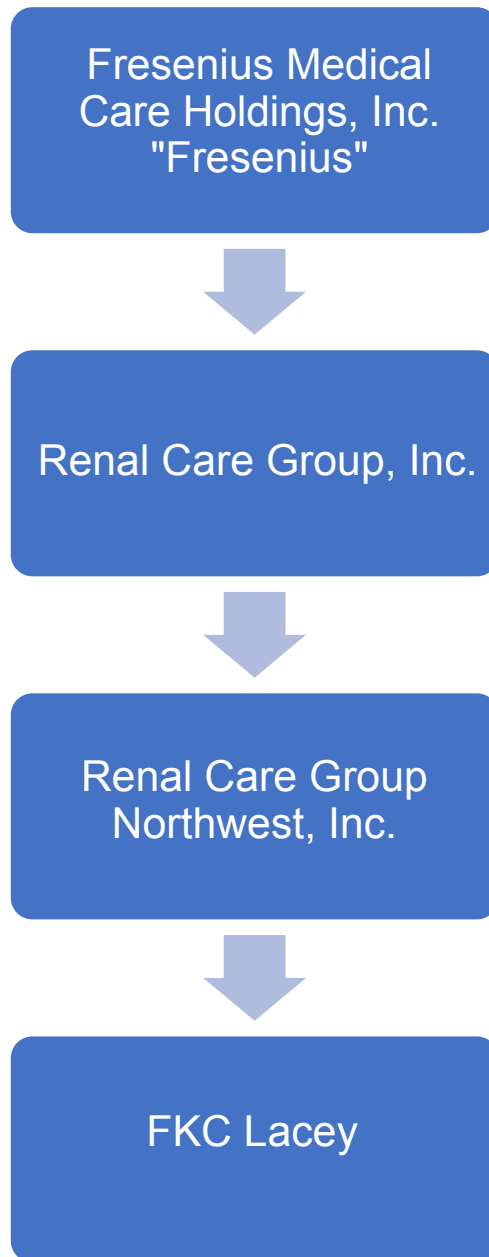

No, the applicant does not rely on the same three facilities for multiple applications this cycle.

- 6. Identify whether any aspects of the facility's design could lead to operational efficiency. This could include but is not limited to: LEED building, water filtration, or the methods for construction, etc. [WAC 246-310-240\(2\) and \(3\)](#).**

Any proposed changes would meet RCG and FMC internal standards which have been engineered and tested to ensure that they support our high quality, efficient and patient-focused standards. Our standards also meet and or exceed all applicable state and local codes, including compliance with the State Energy Code, latest edition.

**Patient Admission Policy**

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

**Purpose** To guide facility management on the admission process for all patients being admitted to an FKC dialysis facility.

---

**Responsibility** Medical Director, Clinical Manager or Registered Nurse, Master’s Social Worker, Registered Dietitian and Facility Secretary as defined in this policy, Patient Admission Services and Central Verification

---

**General Policy** This policy applies to In-Center, Home, Permanent Transfer, Transient and Seasonal Patients.

When medically appropriate and consistent with this policy, facilities shall admit and treat patients needing dialysis.

Each patient admitted will be followed by an attending physician on the facility's medical staff or physician who has been granted temporary privileges at the facility.

All services offered by FKC facilities are available to all patients provided:

- They are medically suitable based on the clinical assessment of the physician,
  - and the willingness of the responsible party to pay for such services.
- 

**Consent** The patient must sign the consent for dialysis (hemodialysis or peritoneal dialysis) prior to the first treatment at the facility.

If the patient is incompetent or incapable of making healthcare decisions, refer to the block titled “Patient Appears Unable to Consent for treatment” for additional information refer to the ***Informed Consent Policy***.

The patient (or if patient has been deemed incompetent by a physician, the patient’s representative) shall designate a person to be notified in case of emergency.

---

**Types of Admissions: Definitions**

**New Patient:** Permanent admission of a patient who is new to dialysis who are primarily referred by physician or hospital.

**Transfer:** A patient who is scheduled to receive ongoing and continued treatment at a dialysis facility (permanent or seasonal). A patient may be referred by his/her physician, a hospital, another dialysis facility, or as a self-referral.

**Transient:** A patient who is scheduled for only 1 to 13 treatments.

**Transient or  
Seasonal  
Admission  
Requirements**

The accepting physician will medically clear the patient prior to admission. (See block on medical clearance). The attending physician or physician extenders will make all the medical, laboratory and pharmaceutical decisions for the patient while under the physician's care in accordance with the standard rules and procedures of the facility.

Dialyzers and/or supplies brought by a transient or seasonal patient will only be used in the rarest of circumstances. Use of a patient-provided item, such as a specialized dialyzer or medication, must be approved by the Medical Director and the P and T Committee **PRIOR** to the patient arriving for treatment at the facility.

- If approved for a specific dialyzer or medication, a seasonal/transient patient's home facility must ship the item to the transient facility following proper storage and shipment procedures.

**Admission  
Process**

All admissions must be processed through Patient Admission Services (PAS). Patient Admission Services (PAS) will receive patient information and medical records from referral sources. The PAS will disseminate this information to the appropriate departments responsible for medically and financially clearing the patients. Upon receipt of the referral for admission, the facility will be notified of the pending admission by PAS to confirm placement.

Patient Admission Services will obtain medical records and collaborate with the verification office to financially clear the patient.

**Patient  
Transfer to  
another FKC  
Facility**

The Clinical Manager or his/her designee must contact Patient Admission Services when the patient transfers to a different FKC facility. Patient Admission Services will initiate the transfer.

**Medical  
Clearance**

A patient shall be medically cleared for treatment when dialysis treatment is deemed indicated and appropriate according to the clinical judgment of the patient's attending physician. In the case where the Medical Director determines the patient is too acutely ill or not appropriate for outpatient dialysis care, then the decision for admission to the facility shall be made by the Governing Body.

**Special  
Circumstances  
Admission  
Requests**

Requests to admit a patient with an external device such as left ventricular assist device (LVAD), continuous medication infusion, or LifeVest Defibrillator or other non-routine request requires approval from the corporate Medical Office.

Staff must review the *Admission, Handling and Safe Movement of the Morbidly Obese Patient Policy* before admission to the facility to ensure the facility can safely care for a morbidly obese patient. The Governing Body will make the determination to accept or deny the patient based on special considerations outlined in the policy.

**Emergency  
Admission -  
Transfer**

Patients may need to be transferred emergently in situations related to unplanned emergencies caused by severe weather, fire or other serious facility operating problems such as water treatment failure or other unexpected problems leading to facility closure. An emergency transfer is not expected to extend beyond 30 days and patients are expected to return to their “home” facility to continue their treatments when operations are able to resume. The emergency data entry process may be used for emergency transfers.

Non-emergent situations such as a planned closure or an individual treatment at another facility after a missed a treatment, or unplanned after-hours admissions must be handled according to the current process of admitting a patient.

Click the link for additional information on entering data in the clinical systems during any emergency: *Guidelines for Emergency Preparedness Policy*.

**Medical  
Record  
Requirements**

Patient Admission Services will collect the required information needed to admit a patient.

At a minimum, the required documents to admit a patient include:

- History and Physical or nephrology consult note or discharge summary or the most recent physician progress note
- Hepatitis B panel (HBsAg, anti-HBs, anti-HBc)
  - If unable to obtain full panel:
    - For patients new to dialysis: at a minimum a Hepatitis B surface antigen (HBsAg) result obtained within 30 days prior to the admission date
    - For transient or transfer patients: All patients must have a documented hepatitis B antigen (HBsAg) **or** antibody

**Printed copies are for reference only. Please refer to the electronic copy for the latest version.**

(HBsAb) result prior to admission to the facility. HBsAg results must have been reported within 30 days of admission. If the patient has hepatitis antibodies (HBsAb), the results must have been reported within the past 12 months. Any discrepancies or questions related to admitting a patient and/or a patient's hepatitis results should be reported by the Clinical Manager to their Corporate Clinical Quality Manager.

- Current medication list and allergies
- Dialysis orders or the last treatment sheet
- For transients/travelers only: A PPD Test or Chest X-ray within **one** year.

**NOTE: On occasion, admitting facilities request additional medical information over the minimum required documents listed above. Patient Admission Services will attempt to get this information. However, inability to provide this information by the referring facility will not affect the admission of the patient.**

### **Patients with Prior Behavioral Issues**

A referred patient who has exhibited behavioral issues in the hospital, at another FKC or non-FKC facility or during the admission process and could be a threat to the health and safety of patients or staff may be denied admission to the dialysis facility.

The decision to admit a patient who has exhibited behavioral issues shall be made by the facility management in collaboration with the patient's attending physician and the Medical Director.

### **Who is Authorized to Sign Admission Documents?**

Patients must have the mental capacity/competency to consent to treatment and sign admission forms for treatment to be given in the facility, except as described below. The facility staff cannot make determinations regarding mental capacity and competency and must presume competence unless a physician has declared the patient incompetent.

If a patient has been deemed by a physician to lack the mental capacity/competency to consent to treatment, a Legally Authorized Person may consent to the patient's treatment and may sign the admission forms. In the rare instance that the legally authorized person is unavailable to sign the consent in person, the documents may be mailed, emailed, or faxed to the Legally Authorized Person for signature. The patient cannot be admitted and treated until the clinic receives the signed documents. The original signed

**Printed copies are for reference only. Please refer to the electronic copy for the latest version.**

documents must be faxed or mailed back to the facility to maintain in the patient's medical record.

In the unusual instance when in person or fax options cannot be accomplished, the facility should reach out to their Division Legal Counsel or Compliance for additional guidance.

NOTE: State laws vary on who may consent to treatment on the patient's behalf if the patient lacks capacity or competency to consent.

In some states, family members or persons permitted by state law may consent to the patient's treatment and sign the admission forms even if such persons do not hold a power of attorney for healthcare or healthcare proxy as the Law Department will determine.

For purposes of this Policy, a 'Legally Authorized Person' is as follows:

- a) The patient's legal guardian or someone who holds a valid power of attorney for healthcare/healthcare proxy or who may sign on behalf of the patient under state law as determined by the Law Department.
- b) A parent or legal guardian if the patient is a minor.

NOTE: If there is any doubt the person is authorized to sign admission forms, contact the Law Department.

**Patient  
Appears  
Unable to  
Consent for  
Treatment**

If a patient comes for his or her first treatment and does not appear to have the mental capacity/competency to sign the admitting documents, the nurse:

- must notify the patient's attending physician of the patient's perceived incapacity to understand and his/her inability to consent, and
- should seek confirmation whether a medical determination of incompetency or lack of capacity has been made in the medical record consistent with state law.
- If the patient is deemed incompetent by the physician, the staff should attempt to contact any emergency contacts listed on the patient's admission paperwork in an attempt to find a family member who can
  - Provide proof of guardianship/power of attorney for healthcare or healthcare proxy (which must be provided at the time of admission, prior to treatment being provided), or
  - Assist in providing valid consent to treatment, if permitted under state law, or who can obtain legal authority/guardianship to represent the patient.
- The patient cannot be dialyzed if:
  - The patient has been deemed by a physician to be incompetent or to lack mental capacity consistent with state law, and

**Printed copies are for reference only. Please refer to the electronic copy for the latest version.**

- The patient does not have an appropriate legal guardian or an agent with a valid healthcare power of attorney or healthcare proxy, and

The law department determines that state law does not permit family members to give consent.

**Required Documents That Must Be Signed Prior to First Dialysis Treatment**

The Clinical Manager or designee will conduct an admission interview with all new patients.

The following documents must be reviewed with and signed by the patient and/or the patient's Legally Authorized Person before or at the patient's first scheduled dialysis treatment:

- Admission Agreement
- Assignment of Benefits
- Consent for Dialysis
- Medicare Secondary Payor Questionnaire (MSPQ)
- Fresenius Rx Agent Designation form
- Consent to Receive, Use and Disclose Health Information for Treatment, Payment and Health Care Operations form
- Spectra form
- Notice of Privacy Practices/Acknowledgment of Notice of Privacy Practices

Note: Patients or their Legally Authorized Persons will not be asked to sign consent forms for services that are not being provided (ex. blood transfusion consent) until the actual service is needed. Blank consent forms should never be signed or used.

**Approved Forms of Identification**

Patient Admission Services will request the referring facility to provide 1 photo ID for the referral. Upon placement at the facility, staff will request 2 forms of identification. The two forms of ID must be provided within 6 treatments.

The two forms of identification can be:

- A driver's license, a state issued identification card, a passport, insurance cards or a birth certificate. (These documents will be copied and maintained in a separate folder for each patient. When the patient is discharged, they will be placed in the closed medical record.)
- If the patient does not bring in the required documents within 6 treatments, the Clinical Manager or Director of Operations must escalate to the Lead Social Worker who can review the situation and assist with obtaining the identification documents.

**Printed copies are for reference only. Please refer to the electronic copy for the latest version.**

Failure to produce 2 forms of identification alone is not cause for discharge. Refer to the *Routine and Involuntary Patient Discharge Policy*, *Routine and Involuntary Patient Discharge Policy Addendum* and the *Routine and Involuntary Patient Discharge Procedure* for guidance on discharging a patient.

**FKC Notice of Privacy Practice** A copy of the “FKC Notice of Privacy Practices (NPP)” must be given to each patient that is receiving direct care from an FKC provider prior to the patient’s first treatment (see *Privacy Notice Procedure*).

Patients have the right to review this Notice of Privacy Practices prior to signing the “Acknowledgement of Receipt of the NPP” form. The “Acknowledgement of Receipt of the NPP” form should be signed by the patient or Legally Authorized Person, prior to the patient’s first treatment from an FKC direct provider of care. This form serves as an acknowledgement of receipt of the FKC Notice of Privacy Practices.

NOTE: This form is **not** a condition for treatment. If the patient refuses to sign the acknowledgement form, the FKC staff should document the efforts that were made to obtain the patient’s or Legally Authorized Person’s signature and document that the FKC Notice of Privacy Practices was provided. This documentation should be made on the acknowledgement form and should be witnessed by another staff member. The acknowledgement form should be kept as part of the permanent active medical record.

A copy of this notice must also be posted in a clear and prominent location readily visible to patients in each FKC physical service delivery site. This notice will also be posted on the FKC web site. In addition, whenever the notice is revised, the FKC direct provider must make the notice available upon request.

**Additional Information Provided During Admission and Orientation Process**

All new admissions will also receive additional information if applicable per policy that includes:

- Benefit Plan Book
- Catheter Access Plan
- Consent Form
- DNR Instruction and Form
- Home Therapy Consultation Form
- Important Numbers
- Patient Grievance
- Pt Rights & Responsibility Handout and Acknowledgement Form

**Advance  
Directive/DNR  
Status**

All new admissions to the facility will be asked if they have an Advance Directive and/or a valid state specific Do Not Resuscitate Order prior to or at their first treatment and during their comprehensive interdisciplinary assessment.

For more information, refer to the *Do Not Resuscitate Policy*.

**Information  
Regarding  
Modalities

---

**Policy**

All patients and/or their representatives will be informed of their rights (including privacy rights) and responsibilities.

Patient rights and the ability to exercise these rights must be protected by the facility.

The FMCNA Patient Rights and Responsibilities brochure explains the rights patients can expect to have while receiving treatment at this facility. The brochure also provides guidance as to certain responsibilities that are expected of the patient.

Each patient will be informed of their rights and given a copy of the FMCNA Patient Rights and Responsibilities within the first six (6) treatments in the facility. More in-depth discussions with patients about their rights and responsibilities are expected. These discussions may occur over a longer period of time.

Facilities should ensure that this information is provided to patients in a manner they can understand. For example, providing the FMCNA Patient Rights and Responsibilities brochure in the patient's primary language or having it interpreted based on assessment of the patient's language and

reading preferences, or enlisting the aid of communication aids or interpreters for patients who are blind or have low vision, or are deaf or hard of hearing.

Dialysis facilities must prominently display a copy of the patient's rights in a visible and accessible area in the facility and must include contact information for the State survey agency and ESRD Network.

The FMCNA Patient Rights and Responsibilities brochures are available in English and Spanish. They may be purchased from the FMS Marketing Online Ordering Center. Audio versions in English and Spanish may also be ordered through the FMS Marketing Online Ordering Center.

---

**Policy:  
Privacy  
Rights**

Patients have the right to privately discuss their condition and treatment. There should be ready access to a room in the facility where patient and/or family meetings may be held in private.

Patients have the right to privacy during activities that may require the exposure of private body parts while in the dialysis facility. Privacy screens or curtains may be used to provide privacy. Blankets may also be used as long as staff are able to observe the patient's vascular access, bloodline connections, and face at all times.

Patients or their representatives must be provided unbiased education about transplantation and all dialysis treatment options regardless of whether these options are available in the current facility.

---

**Failure to  
Protect  
Patients'  
Rights**

Evidence of failure to treat patients with respect and dignity, provide an opportunity for private communication, or prevent exposure of private body areas resulting in emotional discomfort for the patient, and evidence that cognizant patients/designees are not aware of their options for treatment or available grievance mechanisms could result in the facility receiving a Condition level citation.

## **Fresenius Kidney Care Lacey** *Pro Forma Assumptions*

### **Patient Volumes**

Utilization projections, including the assumptions used to derive the forecasts, are presented in the application.

It is assumed the number of treatments per patient is 142.0/year for in-center based on 2023 actuals.

### **Revenues**

In-center revenues are based on FKC Lacey 2023 actuals, given it is an existing facility. Payer mix statistics have also been obtained from FKC Lacey actuals. Revenues are calculated by payer and treatment. Bad debt and charity care are subtracted from revenues to yield net revenue figures.

### **Charity Care**

Calculated at 0.88% of revenue based on the experience of Fresenius' facilities in Washington State.

### **Bad Debt**

Calculated on a per treatment basis from FKC Lacey actuals.

### **Expenses**

Unless otherwise noted, expenses have been calculated on a on a per treatment basis based on FKC Lacey actuals.

Personnel expenses are based on identified patient to staff ratios and incorporates a 10% non-productive factor. Wage figures are based on 2023 rates at FKC Lacey facility.

Rent Expense estimated based Lease Amendment 2, Section 2. Lease Year 1 began July 1, 2018.

Other Property is set to 7.83% of base rent based on 2023 actuals and includes other lease related expenses such as tax, insurance, common area maintenance, etc.

Existing depreciation/amortization and interest expense are based on 2023 Lacey actuals, including accounting adjustments applicable under International Financial Reporting Standards (IFRS). Please see below for discussion of project-related depreciation.

Project-related depreciation is not applicable, as there are no new capital expenditures.

Physician Compensation: Section 5.01.1 of the Medical Director Agreement (MDA) presented the starting lump sum fee for multiple Fresenius facilities encompassing the MDA. Further, it states that the fee will increase by 2% each year thereafter. Fresenius allocates the MDA fee based on a treatment basis. The projected physician compensation fee is calculated based on 2023 actuals per-treatment expenses, with an annual 2% escalator, that is then multiplied by the projected number of treatments.

Consultant further agrees that, barring any unforeseen circumstances, each nephrologist designated as Medical Director of a Facility, a Home Program or an Inpatient Services Program shall serve in such capacity for at least one (1) year before another nephrologist may be designated as the new Medical Director for such Facility, Home Program or Inpatient Services Program. Consultant acknowledges that Company strongly favors Medical Directors serving for tenures longer than one (1) year.

3.01.3 Any nephrologist who at any time is designated a Medical Director shall also be deemed a Member Physician for purposes of this Agreement. The term Member Physician is defined in Section 6.01.5, below. The parties agree that while the designated Medical Director shall remain responsible for performing the duties hereunder with respect to the applicable Facility, Home Program or Inpatient Services Program, other Member Physicians may assist such Medical Director in the performance of the duties hereunder from time to time, including but not limited to any time the designated Medical Director is on vacation; provided, however, that such Member Physician, at all times when providing such assistance to the Medical Director, meets the requirements in Section 3.01.4, below.

3.01.5 In the event that a Medical Director (i) is indicted for (x) any felony, or (y) any violation of a federal or state health care law; or (ii) fails to meet any of the requirements set forth in Section 3.01.4; or (iii) is terminated by Consultant, Company shall terminate such physician's designation as Medical Director upon same day notice to Consultant, and Consultant, within that same day period, shall designate a new Medical Director who meets the requirements set forth in this Agreement.

3.01.6 In the event that a Medical Director is unavailable to serve as Medical Director for a period greater than two (2) months, or such shorter time as Company in its reasonable discretion determines may affect the quality of care provided at a Facility, a Home Program or an Inpatient Services Program, then, unless Company agrees otherwise in writing, Company shall terminate such physician's designation as Medical Director upon five (5) business day's prior notice to Consultant and Consultant, within that same five (5) business day period, shall designate a new Medical Director who meets the requirements set forth in this Agreement.

3.01.8 If Consultant is unable to designate an alternative nephrologist to serve as the Medical Director of a Facility, a Home Program and/or an Inpatient Services Program pursuant to the provisions of Sections 3.01.5, 3.01.6 and 3.01.7, as applicable, Company shall have the right to terminate this Agreement.

3.01.9 With Company's prior written approval, Consultant may designate a temporary Medical Director ("Temporary Medical Director") for a Facility, a Home Program or an Inpatient Services Program who shall serve in the role for such period of time as agreed upon by Company in its prior written approval. A Temporary Medical Director shall be considered a Medical Director and a Member Physician for all purposes under this Agreement, except as otherwise explicitly set forth herein. Each Temporary Medical Director shall at all times meet the requirements set forth in Section 3.01.4, above, when providing services hereunder and shall have executed this Agreement as a Member Physician or shall have executed a Joinder Agreement. Notwithstanding anything to the contrary in the foregoing sentence, for a period of up to thirty (30) days, Consultant may designate as Temporary Medical Director a nephrologist who was not previously a Member Physician (prior to designation as Temporary Medical Director) and who has not specifically agreed to be bound by the provisions of Section 6; provided, however, that such nephrologist will no longer be able to continue to provide services hereunder or receive compensation for such services after such thirty (30) day period if he or she has not executed a Joinder Agreement by such date. Consultant shall ensure that the services provided by a Temporary Medical Director are in accordance with all terms and conditions contained in this Agreement.

3.01.10 If a state or federal regulatory or licensing authority ("Authority") finds deficiencies at a Facility, a Home Program and/or an Inpatient Services Program related to or caused by a Medical Director's failure to satisfy the requirements of a Medical Director pursuant to the Conditions for Coverage or to any other applicable federal or state laws and/or regulations, and such Authority requires the appointment of a physician monitor to assist the Facility, the Home Program and/or the Inpatient Services Program in achieving compliance with applicable licensing rules and regulations and to supervise the implementation of a corrective action plan, Consultant agrees to pay for the cost of such monitor until the Authority has determined that all such deficiencies are cured.

The coordination of services and communication may include, but is not limited to, (i) participation in conference calls scheduled by FMCNA's Medical Advisory Board members in their region; and (ii) attendance at any medical director meetings or conferences held by FMCNA.

e. Medical Directors shall serve as the chairpersons of the Medical Staff of the Facilities and the Home Programs, as applicable, and, as chairperson, shall supervise the attending physicians and other members of the Medical Staff and, in coordination with Company, shall monitor on an on-going basis the compliance of the attending physicians and other members of the Medical Staff with (i) the requirements of the Conditions for Coverage governing the provision of care to dialysis patients; (ii) any other applicable federal, state or local requirements governing the provision of care to dialysis patients; and (iii) all of the bylaws, policies, procedures, rules and regulations of Company, the Facilities and the Home Programs, as applicable. Such supervision shall include, but not be limited to, ensuring that the attending physicians and other members of the Medical Staff (i) order items and/or services for patients only when documented with accurate and reasonably detailed medical justifications for such items and/or services; (ii) participate in a timely manner in patient care plan meetings at the Facilities and the Home Programs, as applicable; (iii) complete in a timely manner patients' medical records, including patient care plans, at the Facilities and the Home Programs, as applicable; (iv) provide to Company staff in a timely manner copies of (x) patients' hospital

In instances of non-compliance by the attending physicians or other members of the Medical Staff with these requirements, Medical Directors shall, in coordination with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

f. Medical Directors of the Inpatient Services Programs shall, in coordination with Company, monitor on an on-going basis the compliance of physicians who order inpatient services with (i) the requirements of The Joint Commission governing the provision of care to inpatient dialysis and/or apheresis patients; (ii) any other applicable federal, state or local requirements governing the provision of care to inpatient dialysis and/or apheresis patients; and (iii) all of the bylaws, policies, procedures, rules and regulations of the Inpatient Services Programs and the applicable hospitals.

g. Medical Directors shall cooperate and work collaboratively with Company, Company staff and each attending physician at the Facilities and the Home Programs to achieve the goals of the Facilities' and the Home Programs' Quality Program, as such program is described in Schedule C, attached hereto and incorporated herein by reference, and as such program may be updated from time to time; provided that such updated program, including but not limited to periodic updates to the individual goals that comprise the UltraScore, the calculation of the UltraScore and its components and any other FMCNA quality metrics or guidelines on quality outcomes, are provided to Medical Directors in writing.

h. Medical Directors shall cooperate and work collaboratively with Company, Company staff and each attending physician at the Facilities and the Home Programs in pursuing Company's goal to control health care costs while continuing to provide quality care to its patients consistent with the requirements of the Facilities' and the Home Programs' third party payors, including those requirements under the Bundle. Such cooperation shall include, but not be limited to, ensuring that each attending physician at the Facilities and the Home Programs, consistent with the Medical Staff Bylaws, abides by the formularies approved by the FMCNA Medical Department, FMCNA's Pharmaceutical and Therapeutics Committee (the "P&T Committee"), FMCNA's Medical Advisory Boards and/or any other authorized FMCNA committee or, alternatively, utilizes the exceptions process set forth in such formularies. Additionally, Medical Directors shall, in cooperation with Company, monitor on an on-going basis each attending physician's compliance with such formularies, or the exceptions processes set forth therein, and, with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

i. Such cooperation shall further include, but not be limited to, ensuring that each attending physician at the Facilities and the Home Programs, using his or her professional judgment, implements the algorithms developed and approved by the FMCNA Medical Department, FMCNA's P&T Committee, FMCNA's Medical Advisory Boards and/or any other authorized FMCNA committee (the "FMCNA Algorithms"), whenever he or she determines it to

be appropriate for the treatment of his or her patients. FMCNA Algorithms are a set of defined steps or processes that, once adopted by the attending physician, comprise that physician's order for an item or service. FMCNA Algorithms may include, but are not limited to, documents and processes referred to as guidelines, clinical pathways, standing orders, protocols and algorithms. Medical Directors shall, in cooperation with Company, ensure that if an attending physician chooses not to implement FMCNA Algorithms for a particular patient, such attending physician, consistent with the Medical Staff Bylaws, clearly and thoroughly documents in such patient's record the clinical justification for such decision. Medical Directors shall, in cooperation with Company, ensure that if an attending physician chooses not to implement such algorithms for the majority of his or her patients, such attending physician, consistent with the Medical Staff Bylaws, provides a written explanation to FMCNA's P&T Committee for such decision and cooperates with FMCNA's P&T Committee in the continuous improvement of the FMCNA Algorithms. Additionally, Medical Directors shall, in cooperation with Company, monitor on an on-going basis each attending physician's compliance with these requirements and, with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

j. Such cooperation shall further include, but not be limited to, ensuring that each attending physician at the Facilities and the Home Programs orders items and services required by the third party payor to be provided, directly or under arrangements, by the Facility or the Home Program (such as laboratory tests for ESRD-related conditions or medications included in the Facility's or the Home Program's Bundle payment) only through the Facility or the Home Program (e.g., using FMCNA or its subsidiaries or an entity contracted with FMCNA or its subsidiaries) in conformance with Company's policies and procedures. Additionally, Medical Directors shall, in cooperation with Company, monitor on an on-going basis each attending physician's compliance with such policies and procedures, or the exceptions processes set forth therein, and, with Company, take appropriate corrective action where necessary consistent with the Medical Staff Bylaws.

k. Medical Directors shall cooperate and work collaboratively with Company and Company staff in overseeing the receipt and storage of oral, non-narcotic medications for patients of the Facilities and the Home Programs from the applicable pharmacy and the delivery of such oral medications to such patients for self-administration outside the Facilities and the Home Programs. Such cooperation shall include, but not be limited to, reviewing and approving policies and procedures relating to the receipt, storage and delivery of such oral medications; reviewing on a periodic basis the Facilities' and the Home Programs' records and/or logs related to the receipt, storage and delivery of such oral medications; and taking such other actions, as members of the Governing Bodies of the Facilities and the Home Programs, to ensure the safety and security of the delivery of such oral medications to patients at the Facilities and the Home Programs. The parties agree that nothing in this Section 3.02.k shall require Medical Directors to be involved in issues related to reimbursement for such oral medications, including but not limited to, patients' payment of co-pays or deductibles for such oral medications.

l. Medical Directors shall use best efforts to assist Company and shall actively participate in the development, implementation and monitoring of all plans of correction (or the equivalent) developed in response to any one or more deficiencies, citations, or other instances of

non-compliance identified through any survey, inspection or review conducted by a local, state or federal governmental agency or accreditation body including, but not limited to, Medicare, Medicaid or state licensing agencies. Additionally, Medical Directors shall respond promptly to communications and requests for information from the FMCNA Medical Office regarding federal and/or state survey deficiencies.

m. Medical Directors shall devote best efforts, skill and sufficient time to carry out the requirements of this Agreement, including but not limited to being available all hours of operation of the Facilities, the Home Programs and the Inpatient Services Programs for visits to and consultation regarding the Facilities, the Home Programs and the Inpatient Services Programs, as applicable, and by being on-call and working such additional time at or away from the Facilities, the Home Programs or the Inpatient Services Programs, as applicable, as is necessary to fulfill Medical Directors' responsibilities under this Agreement.

n. It is understood and agreed, however, that Consultant is an independent contractor and that Medical Directors are not employees of Company and that Medical Directors shall not be required to devote the entire working day to duties hereunder (with the exception of on-call responsibilities), but will continue the practice of medicine independently of Company which practice is a wholly separate professional activity of Consultant and Medical Directors.

o. Consultant shall ensure that Medical Directors complete activity reports using the form attached hereto in Schedule D-1, and incorporated herein by reference, to document the provision of services hereunder at the Facilities and the Home Programs. Consultant shall ensure that Medical Directors submit such activity reports on a quarterly basis to Company. Additionally, Consultant shall ensure that Medical Directors complete activity reports using the form attached hereto in Schedule D-2, and incorporated herein by reference, to document the provision of services hereunder at the Inpatient Services Programs and, if applicable, the provision of other agreed-upon services. Consultant shall ensure that Medical Directors submit such activity reports on a quarterly basis to Company. Consultant shall ensure that Medical Directors represent and warrant that the information provided on the activity reports is truthful, accurate and complete to the best of their knowledge.

The term "ensure" as used in this Section 3 and in Schedule B of this Agreement and the requirement that a Medical Director perform the duties hereunder shall be construed to mean that the Medical Director shall perform the specified tasks directly himself or herself or, to the extent such tasks are delegable, that he or she may delegate such tasks to the appropriate qualified individuals of the Facility/Home Program(s), but that the ultimate responsibility for the performance of the tasks and all follow up remains with the Medical Director. If the Consultant reasonably believes that a Medical Director cannot fulfill his or her obligations under this Agreement because a Company employee is not performing a task properly delegated by the Medical Director to the Company employee in accordance with this Agreement, then Consultant shall have the right and obligation to bring the matter, in writing, to the attention of the Area Manager, Director of Operations or Regional Vice President and, if Consultant is not reasonably satisfied with resolution of the same, he or she shall further have the right and obligation to raise such concern in writing with the Governing Body, Group Vice President, Division President or Chief Medical Officer. By bringing the matter to the attention of any of the the persons specified

above and in the tiered approach outlined above, then Company shall recognize that Consultant and applicable Medical Director(s), while remaining responsible under the Conditions for Coverage for the performance of all services at the Facilities and the Home Programs that are required to be performed by a Medical Director, shall have fulfilled his or her contractual responsibilities under this Agreement with respect to that matter and that Consultant shall not be in breach of the Agreement; provided, however, that Consultant and the Medical Director continue to actively cooperate with the Company through to the equitable resolution of the issue.

### 3.03 Additional Obligations of Consultant

3.03.1 Neither Consultant, nor any Medical Director nor any Member Physician shall participate in, directly or indirectly, or permit others to conduct, any clinical research study ("Study") at a Facility, a Home Program or an Inpatient Services Program without first obtaining the prior express written approval of Company. If Company approves such Study, which approval shall be at Company's sole and absolute discretion, Consultant, Medical Directors and/or Member Physicians shall conduct such approved Study in accordance with all applicable federal, state and local laws and regulations, the Study protocol (which shall also be subject to Company's prior review and approval), applicable Company policies, and Good Clinical Practice (in accordance with the Guidance for Industry E6 Good Clinical Practice: Consolidated Guidance by the U.S. Department of Health and Human Services, Food and Drug Administration, April 1996 (ICH), as it may be amended or revised from time to time). Consultant, Medical Directors and Member Physicians acknowledge and agree that they shall comply with all Company policies and procedures in seeking Company approval of the Study and, if approval is granted, in conducting such Study. Consultant, Medical Directors and Member Physicians further acknowledge and agree that any Study conducted with respect to an Inpatient Services Program must also be approved by the applicable hospital and conducted consistent with such hospital's policies.

3.03.2 Consultant and Medical Directors shall cooperate and, in a timely manner, provide any and all information and make such disclosures with respect to the Facilities, the Home Programs and/or the Inpatient Services Programs and the services provided by Consultant and Medical Directors pursuant to this Agreement as Company may request: (a) in connection with administration of the Facilities, the Home Programs, and the Inpatient Services Programs, as applicable, and/or (b) in connection with implementation of this Agreement, and/or (c) for Company's use in submissions or disclosures to governmental agencies, specifically including but not limited to the completion of all necessary information to allow Company's submission of cost reports to CMS. Consultant and Medical Directors represent and warrant that all such information and/or disclosures shall be truthful and accurate to the best of their knowledge. In the event that Consultant or any Medical Director fails to provide in a timely manner all information and disclosures required under this Section 3.03.2, including but not limited to, completion of all necessary information to allow Company's submission of cost reports to CMS, Consultant hereby acknowledges and agrees that Company may retain the Fee due Consultant for services rendered hereunder until such time as Consultant and Medical Directors provide the necessary information or disclosures as required herein. Once Consultant and Medical Directors have provided such information or disclosures, Company shall pay Consultant the Fee under this Agreement retained pursuant to this paragraph, such payment to be made the month following

the month in which such information or disclosures were provided in conjunction with payment of Consultant's regular monthly installment of the Fee.

3.03.3 Consultant shall provide Company with an e-mail address, phone number and other relevant information for being able to contact each nephrologist designated as Medical Director of the Facilities, the Home Programs and the Inpatient Services Programs and shall ensure that each such nephrologist checks such e-mail on a regular and reasonably frequent basis. Consultant may provide this information to the applicable Regional Vice President. Such e-mail addresses and other contact information shall be updated by Consultant as necessary to ensure Company has a valid e-mail address at all times for each Medical Director.

#### 4. OBLIGATIONS OF COMPANY

4.01 Except as specifically delegated by this Agreement to Consultant, Company shall retain all management and administrative prerogatives and responsibilities as owner of the Facilities, the Home Programs and the Inpatient Services Programs, as applicable. Without limiting the foregoing, Company agrees as follows:

4.01.1 For the time period that the Facilities and the Home Programs are in operation, to operate the Facilities and the Home Programs in compliance with the Conditions for Coverage and, to the extent applicable, with state laws regulating licensed medical facilities. Additionally, for the time period that the Inpatient Services Programs are in operation, to operate such Inpatient Services Programs in compliance with applicable laws.

4.01.2 To provide all necessary equipment, personnel, supplies and services (other than medical services) required for the operation of the Facilities, the Home Programs and the Inpatient Services Programs, as applicable, including a business manager or administrator.

4.01.3 To establish, modify and implement, policies and procedures concerning the administration of the Facilities, the Home Programs and the Inpatient Services Programs, as applicable, including purchasing, personnel staffing, inventory control, equipment maintenance, accounting, legal, data processing, medical record keeping, laboratory, billing, collection, public relations, insurance, cash management, scheduling and hours of operation.

4.01.4 To provide Consultant, Medical Directors and Member Physicians with the use of one office at each Facility provided solely for the purpose of assisting in the performance of the services described herein. Consultant, Medical Directors and Member Physicians agree they shall not use such office space for any other purpose including use by Consultant, Medical Directors, and Member Physicians for their private medical practice. Notwithstanding the foregoing, Consultant, a Medical Director or a Member Physician may enter into a sublease with Company, at Company's sole discretion, to use such space for purposes related to Consultant's, a Medical Director's or a Member Physician's private medical practice or for other lawful purposes; provided that such sublease is at fair market value, in compliance with applicable law and Company policies.

4.01.5 To provide Consultant, Medical Directors and Member Physicians with professional liability insurance or self-insurance purchased or maintained by Company in an amount not less than \$1 million combined single limit per occurrence for bodily injury and property damage and \$3 million in the aggregate, covering bodily injury and property damage claims (including the cost of defense) arising out of errors and omissions caused or alleged to be caused by Consultant, Medical Directors or Member Physicians within the scope of this Agreement, but not for errors or omissions caused or alleged to be caused by Consultant, Medical Directors or Member Physicians providing services as a treating physician. The insurance or self-insurance required to be maintained by Company hereunder shall be subject to and limited by the terms and conditions of insurance policies, primary, excess or otherwise, maintained by Company.

4.02 All of the foregoing responsibilities of Company shall be fulfilled with a view towards adopting policies and procedures designed to provide high quality, cost-efficient care to the patients at the Facilities, the Home Programs and the Inpatient Services Programs. Company may consult with Consultant when fulfilling such responsibilities.

## 5. COMPENSATION

The amount of compensation due Consultant during the term of this Agreement shall be determined as follows:

### 5.01 Medical Director Fee

5.01.1 For services hereunder during the term of the Agreement, Company shall pay Consultant, and Consultant shall accept as full and sufficient compensation therefor, an annual Medical Director Fee ("Fee") of Three Hundred Fifty Thousand and 00/100 Dollars (\$350,000.00), prorated for partial years. Company shall pay the Fee in equal monthly installments, in arrears, on or before the last day of each month during the term of this Agreement. The Fee payable hereunder shall increase by two percent (2%) on each Anniversary of the Commencement Date. Consultant represents and warrants to Company that it does not and shall not compensate Medical Directors, Member Physicians based on the volume or value of referrals to the Facilities, the Home Programs and/or the Inpatient Services Programs.

5.01.2 If this Agreement applies to more than one Facility and is terminated with respect to one or more Facilities (each a "Terminated Facility" and, collectively, the "Terminated Facilities") or termination of a Home Program or an Inpatient Services Program but remains in full force and effect with respect to the remaining Facilities or Home Programs or Inpatient Services Programs, then the parties shall promptly and in good faith negotiate a new, adjusted Fee ("Adjusted Fee"), to be effective as of the date of termination of this Agreement with respect to the Terminated Facilities ("Facility Termination Date") or the termination date of the Home Program or the Inpatient Services Program. The Adjusted Fee is to reflect fair market value for the services rendered hereunder with respect to the remaining Facilities Home Programs/Inpatient Services Programs in light of the expected decrease in work load due to removal of the Terminated Facilities Home Programs/Inpatient Services Programs from the Agreement and/or an increase in workload, if any, at the remaining Facilities Home Programs/Inpatient Services Programs. The Adjusted Fee shall be considered the Fee for purposes of this Agreement as of the Facility Termination Date and thereafter or the termination date of the Home Program or the Inpatient Services Program.

5.01.3 If the parties are unable to reach agreement as to the Adjusted Fee as described in Section 5.01.2 above on or before (a) the Facility Termination Date or the termination date of the Home Program or the Inpatient Services Program or (b) sixty (60) days after commencement of negotiations between the parties regarding the Adjusted Fee, whichever is later, then Company may either: (i) terminate this Agreement upon written notice to Consultant, which notice shall specify the effective date of termination of this Agreement or (ii) unilaterally reset the Adjusted Fee in Company's sole reasonable judgment consistent with fair market value.

5.01.4 The parties acknowledge and agree that the Fee payable hereunder shall be in consideration for all services to be provided hereunder and all covenants herein including, but not limited to, the restrictive covenants set forth in Section 6.

5.01.5 Consultant agrees that Company may set-off from the Fee payable hereunder any overdue amounts owed to Company by Consultant, Medical Directors or Member Physicians under any sublease or other agreement, arrangement or understanding ("Subleasing Arrangement"), related to the use by Consultant, Medical Directors or Member Physicians of any space at a Facility or the supplies, equipment and/or time/services of any personnel of the Facilities, the Home Programs or the Inpatient Services Programs, or any other item or service furnished by the Facilities, the Home Programs or the Inpatient Services Programs (collectively, "Facility Resources") for Consultant's, a Medical Director's or a Member Physician's private

medical practice or any other purpose not expressly set forth herein. If no Subleasing Arrangement exists, then Consultant agrees that Company may set-off from the Fee payable hereunder the fair market value of Facility Resources used by Consultant, a Medical Director or a Member Physician for its/his/her medical practice or any other purpose not expressly set forth herein. Company shall only set-off the aforesaid amounts if: (a) Consultant receives at least fifteen (15) days prior written notice of the amount due and the basis thereof, and (b) Company has not received payment of such amount due during the above specified fifteen (15) day period.

#### 5.02 Tax Treatment

The parties agree that the payments under this Agreement are payments for services rendered to Company by Consultant. Consultant is an independent contractor and will be responsible for the payment of all local, state and federal income, self-employment and so-called payroll taxes on the fees paid to Consultant by Company.

#### 5.03 Method of Payment

Consultant agrees that it shall not be entitled to payment hereunder until such time as it completes and submits to Company the W-9 form attached hereto as Schedule F and incorporated herein by reference. Upon receipt of the W-9 form, and in accordance with the terms set forth in this Section 5, Company shall pay the Fee by wire transfer pursuant to the instructions of Schedule G, attached hereto and incorporated herein by reference.

Such extension of the term of the Restricted Period shall be in addition to, and not in lieu of, any other remedies available to Company.

6.01.7 Restricted Territory – shall mean the geographic area as depicted on the maps attached hereto as Schedule H.

#### 6.02 Permitted Activities

#### 6.03 Covenant Not to Compete

6.03.1 Subject to 6.02 above, in consideration of the compensation payable hereunder and in recognition of Company's proprietary interest in its Business, Consultant and Member Physicians covenant and agree that they shall not, during the Restricted Period, directly or indirectly, alone or in association with any firm, person, or entity:

- a. engage as a principal, agent, independent contractor, consultant, manager, partner, joint venturer, proprietor, landlord, shareholder, director, officer or employee of; or
- b. participate in the ownership, management, medical directorship, operation or control of; or

6.03.2 Consultant and Member Physicians hereby represent, covenant and agree that they do not, and following the Commencement Date of this Agreement shall not, employ, contract, retain, engage, partner or joint venture with any person or entity which receives a Financial Benefit from any person or entity which engages in the Business anywhere in the Restricted Territory, and that no such person or entity holds, or during the Restricted Period shall hold, a direct or indirect ownership interest in Consultant.

#### 6.04 Covenant Not to Disclose Confidential Information

Consultant and Member Physicians acknowledge that in the course of performing the duties contemplated by this Agreement, Consultant and Member Physicians will become privy to and/or have access to current and future Confidential Information of Company and its Affiliates. Throughout the term of this Agreement and at any time thereafter, Consultant and each Member Physician shall not, nor shall their respective employees and agents, use or disclose to any person, firm, corporation or entity any Confidential Information of Company or its Affiliates without the prior written consent of Company, except as may be required by law, lawful subpoena, court order or legal process. If Consultant or Member Physicians are so required to disclose any Confidential Information of Company or its Affiliates, Consultant and/or Member Physicians, as applicable, shall provide sufficient notice thereof to Company to enable Company to seek a protective order or other appropriate legal or equitable remedy to prevent such disclosure.

#### 6.05 Improvements to Company's Services and Products

Consultant and Member Physicians represent, covenant and agree that they hereby assign to Company or its designated Affiliate all rights, title and interest to any improvements or inventions related to Company's procedures, documents, products or services that it/he/she authors, discovers, designs, or perfects in the course of their work under this Agreement and hereby agree to execute such other documentation as Company or its designated Affiliate may reasonably require to confirm such assignment.

#### 6.06 Covenant Not to Solicit Employees

Consultant and Member Physicians agree that Company and its Affiliates have invested and will continue to invest substantial time and effort in assembling and training its personnel. In addition, as a result of employment by Company and its Affiliates, Company's personnel gain knowledge of the Business (e.g., business affairs, marketing, patients and methods of operation) of Company and its Affiliates which Consultant and Member Physicians agree represents Confidential Information of Company and its Affiliates. Accordingly, throughout the Restricted Period, Consultant and Member Physicians agree not to induce or solicit, directly or indirectly, by or for themselves, as agent of another, or through others as their agent, any individual who is at such time an employee or consultant of Company or its Affiliates to leave employment or any contractual relationship with Company or its Affiliates, as applicable.

#### 6.07 Joinder Requirement for New Member Physicians

Except as explicitly set forth with respect to a Temporary Medical Director as described in Section 3.01.9, Consultant agrees that it shall cause each Member Physician upon the execution of this Agreement or on the date that such physician becomes employed or affiliated with Consultant, whichever is later, to promptly execute this Agreement as a Member Physician or to promptly execute a Joinder Agreement. Notwithstanding the foregoing restriction, Consultant shall not be precluded from engaging the services of a locum tenens physician or other similar physician on a periodic and infrequent basis so long as such physician does not provide services for or on behalf of Consultant under this Agreement. The parties hereby acknowledge Company does not in any way encourage or support Consultant placing limitations or restrictions (in employment agreements or otherwise) on where Consultant's employed or affiliated physicians may refer patients or other business.

#### 6.08 Former Member Physicians

Any Member Physician who ceases to be a Member Physician as defined hereunder (e.g., by leaving the employ of, or no longer being affiliated with, Consultant) during the Restricted Period shall be deemed a "Former Member Physician." Each Member Physician agrees that, in the event that he or she becomes a Former Member Physician, the provisions of Section 6 shall still apply to such physician as if he or she was still a Member Physician. Notwithstanding the foregoing, the parties agree that, in the event that a Member Physician becomes a Former Member Physician, Sections 6.03 and 6.06 of the Agreement shall only apply to such physician until the earlier of (a) expiration of the Restricted Period under the Agreement, or (b) two (2) years after the date on which such physician becomes a Former Member Physician. Company and each Member Physician agree that if such physician violates the covenants contained in this Section 6 while he or she is a Former Member Physician, the Restricted Period shall be extended automatically for an additional period equal to the period from the date on which such violation commenced (a) until the date on which the Former Member Physician ceases such violation, or (b) through and including the date of the final determination of a court that Former Member Physician did violate such restrictions. Such extension of the term of the Restricted Period shall be in addition to, and not in lieu of, any other remedies available to Company.

#### 6.09 Remedies; Survival

6.09.1 Consultant and Member Physicians have carefully considered the nature and extent of the restrictions placed upon them and the rights and remedies conferred upon Company and its Affiliates under this Agreement, and Consultant and Member Physicians hereby acknowledge and agree that such restrictions, rights and remedies are reasonable with respect to time, scope and territory, are designed to eliminate competition which otherwise would be unfair to Company and its Affiliates, would not prevent Consultant or Member Physicians from practicing medicine or nephrology in the community where they currently practice, are fully required to protect the legitimate interests of Company, and do not confer a benefit upon Company and its Affiliates disproportionate to the detriment to Consultant or Member Physicians.

6.09.2 Consultant and Member Physicians acknowledge and agree that the restrictive covenants as described in this Section 6 (collectively, "Restrictive Covenants") are reasonable and necessary for the protection of the business interests of Company and its Affiliates, that irreparable injury will result to Company and its Affiliates if Consultant or Member Physicians breach any of the terms of said Restrictive Covenants, and that in the event of Consultant's or Member Physicians' actual or threatened breach of any such Restrictive Covenant, Company and its Affiliates will have no adequate remedy at law. Consultant and Member Physicians accordingly agree that in the event of any actual or threatened breach by them of any of the Restrictive Covenants, Company and its Affiliates, as appropriate, shall be entitled to injunctive and other equitable relief, without bond and without the necessity of showing actual monetary damages, including without limitation, immediate temporary injunctive relief. Nothing contained herein shall be construed as prohibiting Company and its Affiliates from pursuing other remedies available to it for such breach or threatened breach, including, but not limited to, the recovery of any damages which it is able to prove.

6.09.3 In the event a court of competent jurisdiction determines that any portion of the foregoing Restrictive Covenants are unreasonable, then restrictions contained in the Restrictive Covenants shall be reduced and any other modifications shall be made by the court to the extent necessary for this Section 6 to be enforced by the court.

6.09.4 The provisions of this Section 6 shall survive the expiration or termination of this Agreement.

## 7. TERMINATION

7.01 The Agreement shall terminate: (1) at the expiration of the period provided in Section 2; (2) upon Company's becoming insolvent, upon a petition in bankruptcy being filed designating Company as bankrupt or upon Company's being adjudged a bankrupt; or (3) upon mutual agreement between Consultant and Company.

7.02 Company, at its option, may terminate this Agreement for any of the reasons set forth below (an "Event of Default"), such termination to be effective upon written notice to Consultant or such later date as Company may specify in such notice:

7.02.1 A material breach of this Agreement by Consultant or any Member Physician which shall not be cured by Consultant within thirty (30) days of receipt of notice from Company describing such breach.

7.02.2 Indictment for any felony or any violation of a federal or state health care law by Consultant, any Medical Director or any Member Physician.

7.02.3 Exclusion or suspension of Consultant, any Medical Director or any Member Physician from participating in federal health care programs, including but not limited to Medicare or Medicaid.

7.02.4 If Consultant fails to immediately remove a Medical Director providing services hereunder in the event:

- a. the Medical Director fails to meet any of the requirements in Section 3; or
- b. of misconduct of either a personal or professional nature of the Medical Director which, in Company's reasonable opinion: (a) interferes with the Medical Director's ability to fulfill the obligations hereunder; (b) interferes with the normal conduct of the operations of a Facility, a Home Program and/or an Inpatient Services Program, as applicable, in accordance with the policies and procedures of such Facility, Home Program or Inpatient Services Program; or (c) endangers patient care; or
- c. a material physical disability of a permanent nature of Medical Director occurs and renders the Medical Director, in the reasonable opinion of Company, unable to satisfactorily perform duties as contemplated herein. Consultant shall notify Company at the onset of any material physical disability of the Medical Director; or
- d. Consultant fails to cause Medical Director to cease performing duties required under this Agreement upon ten (10) days' written notice by Company to Consultant that Company is not satisfied with Medical Director's performance.

7.02.5 In the event that a nephrologist ceases to serve as Medical Director of a Facility, a Home Program or an Inpatient Services Program, as applicable, on whatever basis, and Consultant fails within a reasonable time (as determined in Company's sole discretion) to find a nephrologist reasonably satisfactory to Company to serve as the new Medical Director for such Facility, Home Program or Inpatient Services Program. Payment of the Fee (prorated for partial months) shall be discontinued as of the date the Medical Director last provided services.

7.03 Upon the occurrence of an Event of Default, Company shall be entitled to pursue such legal or equitable remedies as may be available to it to collect, inter alia, its actual and consequential damages suffered as a result thereof.

7.04 Company may terminate this Agreement upon thirty (30) days prior written notice to Consultant in the event it decides to sell a Facility, Home Program and/or an Inpatient Services Program. If this Agreement applies to more than one Facility or Home Program, then

termination under this Section 7.04 shall operate only to terminate this Agreement with respect to the Facility, Home Program and/or Inpatient Services Program that is sold and the Agreement shall continue in full force and effect with respect to the remaining Facilities, Home Programs and/or Inpatient Services Programs. In such an instance, the Fee shall be adjusted as described in the pertinent provisions of Section 5.01.

#### 7.05 Closure of a Facility

7.05.1 Company may terminate this Agreement upon thirty (30) days prior written notice to Consultant in the event that Company in its sole discretion decides it will close a Facility. The parties acknowledge and agree that Company shall use its independent business judgment when determining whether to close a Facility. Such independent judgment may be based upon various factors including, but not be limited to, the following operational considerations:

- a. Ability of the Facility to cover reasonable expenses and maintain a reasonable profit; or
- b. Concentration of other dialysis facilities in the area and prevalence of viable substitutes for in-center dialysis services in the area; or
- c. Total population of patients with ESRD in the geographic area and anticipated growth in the demographics of such population.

7.05.2 Notwithstanding any provision herein to the contrary, a decision by Company to terminate this Agreement pursuant to this Section 7.05 will not be determined in a manner that will take into account the volume or value of any referrals or other business generated between the parties.

7.05.3 If this Agreement applies to more than one Facility, then termination under this Section 7.05 shall operate only to terminate this Agreement with respect to the Facility that has closed, and the Agreement shall continue in full force and effect with respect to the remaining Facilities. In such an instance, the Fee shall be adjusted as described in the pertinent provisions of Section 5.01.

#### 7.06 Closure of a Home Program and/or an Inpatient Services Program

7.06.1 Company may terminate this Agreement with respect to a Home Program and/or an Inpatient Services Program, as applicable, upon thirty (30) days prior written notice to Consultant in the event that Company in its sole discretion decides it will close a Home Program and/or an Inpatient Services Program, as applicable. The parties acknowledge and agree that Company shall use its independent business judgment when determining whether to close a Home Program and/or an Inpatient Services Program. Such independent judgment may be based upon various factors including, but not be limited to, the following operational considerations:

- a. Ability of the Home Program and/or the Inpatient Services Program, as applicable, to cover reasonable expenses and maintain a reasonable profit; or

b. Concentration of other home dialysis programs or inpatient dialysis services programs, as applicable, in the area; or

c. With respect to an Inpatient Services Program, Company's no longer holding the contract to provide inpatient services at a hospital or other medical facility; or

d. Total population of patients with ESRD in the geographic area and anticipated growth in the demographics of such population.

7.06.2 Notwithstanding any provision herein to the contrary, a decision by Company to terminate this Agreement with respect to a Home Program and/or an Inpatient Services Program pursuant to this Section 7.06 will not be determined in a manner that will take into account the volume or value of any referrals or other business generated between the parties.

7.06.3 If this Agreement applies to more than one Home Program or Inpatient Services Program, as applicable, then termination under this Section 7.06 shall operate only to terminate this Agreement with respect to the Home Program or Inpatient Services Program that has closed, and the Agreement shall continue in full force and effect with respect to the remaining Home Programs or Inpatient Services Programs. In such an instance, the Fee shall be adjusted as described in the pertinent provisions of Section 5.01.

#### 7.07 Termination by Consultant

7.07.1 Consultant may terminate this Agreement: (1) in the event of a material breach of this Agreement by Company which is not cured by Company within thirty (30) days of receipt of notice from Consultant describing such breach, (2) upon conviction of a felony by Company, or (3) upon exclusion or suspension of Company from participating in federal health care programs, including but not limited to Medicare or Medicaid.

7.07.2 Company shall only compensate Consultant for services rendered through the date of termination.

### 8. EXCLUSIVE USE OF FACILITY RESOURCES

Consultant and Member Physicians acknowledge that the space at the Facilities and the Home Programs, and the supplies, equipment and time/services of the employees of the Facilities, the Home Programs and/or the Inpatient Services Programs shall be utilized by Consultant, Medical Directors and Member Physicians exclusively (a) for the provision of dialysis services to patients of such Facility, Home Program or Inpatient Services Program, as applicable, and (b) for the provision of services hereunder. No portion of any space at any Facility or Home Program, nor the supplies, the equipment or the time/services of any employee of a Facility, a Home Program or an Inpatient Services Program, shall at any time be utilized by Consultant, Medical Directors or Member Physicians for their private medical practice or for any other purpose not expressly set forth in this Agreement. Notwithstanding the foregoing, Consultant, Medical Directors or Member Physicians may enter into an agreement with

Company (at fair market value and in accordance with all applicable law) to use Company space, equipment or personnel for purposes related to Consultant's, Medical Directors' or Member Physicians' private medical practice or for other lawful purposes.

9. ASSIGNABILITY

Consultant and Member Physicians shall not assign or subcontract this Agreement or assign or subcontract any of their rights hereunder without Company's prior written consent, which may be withheld in Company's sole discretion. Company may assign this Agreement to any of Company's Affiliates without the consent of any of the other parties hereto. Company shall not assign this Agreement or assign any of its rights hereunder to any person or entity, other than an Affiliate, without Consultant's prior written consent, which shall not be unreasonably withheld. This Agreement shall be enforceable by or against any permitted assigns hereunder. Any attempted assignment of this Agreement in violation of the provisions of this section is void.

10. ENTIRE AGREEMENT

This Agreement contains the entire agreement of the parties with respect to its subject matter and as of the date this Agreement is fully executed, supersedes all previous and contemporaneous agreements and understandings, inducements or conditions, expressed or implied, oral or written, between the parties with respect to the subject matter hereof.

11. WAIVER OF BREACH

The failure of the parties to insist on strict performance of the provisions of this Agreement shall not be construed as a waiver of such provision or of any other default of the same or similar nature. No waiver, modification or change of any of its provisions shall be valid unless in writing and signed by the parties against whom such claimed waiver, modification or change is sought to be enforced. One party's waiver of any default by the other party of any provision of this Agreement is not a waiver of any other default and shall not affect the right of that party to require performance of the defaulted provision at any future time.

12. SEVERABILITY; HEADINGS

If any term or provision of this Agreement or application to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected and each term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law. The headings of sections in this Agreement are for convenience only and shall not affect or limit the interpretation of its provisions.

13. LEGAL COMPLIANCE

13.01 This Agreement shall be construed in a manner consistent with any and all applicable federal and state laws, including, without limitation, Medicare, Medicaid, the Health

Insurance Portability and Accountability Act of 1996 and other Federal and State statutes and regulations and the principles and interpretations related thereto. The parties intend to comply with the provisions of 42 U.S.C. 1395nn(a)(1) and 42 U.S.C. 1320a-7b(b), as such provisions may be amended from time to time. The parties intend that this Agreement meet the requirements of (i) the Personal Services and Management contract Safe Harbor to the Medicare and Medicaid Anti-Kickback statute as set forth in 42 C.F.R. Part 1001.952(d); and (ii) the Personal Services Arrangement exception to the Physician Ownership and Referral legislation as set forth in 42 U.S.C. 1395nn(e)(3) and the corresponding regulations, if any.

13.02 The parties represent that as of the date this Agreement is executed the Fee negotiated and agreed upon is fair market value for services rendered based upon arm's length bargaining and is consistent with the value of similar services. Furthermore, the parties represent that the Fee is not and has not been determined in a manner that takes into account the volume or value of any referrals or business otherwise generated for or with respect to a Facility, a Home Program or an Inpatient Services Program or between the parties for which payment may be made in whole or in part under Medicare or any other federal health care program.

#### 14. LIMITED RENEGOTIATION

14.01 Notwithstanding anything to the contrary in this Agreement, (a) in the event that the performance of either party of any term, covenant, condition or provision of this Agreement should jeopardize the licensure or certification of either party or (b) if there is a future change in Medicare, Medicaid, or other Federal or State statutes or regulations or written governmental interpretations thereof ("New Law") which renders any of the material terms of this Agreement unlawful or unenforceable, then (i) the unaffected provisions of this Agreement shall continue in full force and effect and (ii) either party, upon written notice to the other party ("Renegotiation Notice"), shall have the right to immediately initiate good faith renegotiation of the affected terms of this Agreement in order to restore, if possible, the intent and purpose of the affected provisions in the Agreement and to modify the Agreement as necessary so that such Agreement does not jeopardize the licensure or certification of either party, is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations.

14.02 If the parties are unable in good faith to come to a mutually satisfactory resolution regarding the affected terms of the Agreement and have failed to amend the Agreement (or enter into a new Agreement) within 90 days from date the Renegotiation Notice was received, then, unless the parties mutually agree otherwise in writing, the parties shall utilize binding arbitration in accordance with this Section to modify the Agreement as necessary so that such Agreement does not jeopardize the licensure or certification of either party, is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations.

14.03 The above referenced arbitration shall be triggered by one party providing the other party written notice of the arbitration required under this Section. Upon the other party's receipt of such written notice, both parties shall promptly appoint an arbitrator of choice from a list of arbitrators recognized by the American Health Lawyers Association (AHLA) Alternative Dispute Resolution Services. In accordance with the rules of the AHLA Alternative Dispute Resolution Service then in effect, such appointed arbitrators will appoint a third arbitrator from

the list and they shall hear the parties and make the determination as to necessary modifications to the Agreement so that the Agreement does not jeopardize the licensure or certification of either party and is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations. If AHLA or the AHLA Alternative Dispute Resolution Service is no longer in effect, then such arbitrators shall be chosen from a list provided by the American Arbitration Association in the same manner as set forth above and such arbitration shall be conducted in accordance with the Commercial Rules of the American Arbitration Association then in effect. The parties shall irrevocably grant the arbitrators the authority to determine the modifications necessary to the Agreement so that such Agreement does not jeopardize the licensure or certification of either party and is in compliance with such New Law and continues to be in compliance with other applicable laws and regulations. Arbitration shall be binding for settlement of the modifications necessary to the Agreement as stated in the foregoing sentence. The parties agree to immediately execute any amendment, addendum or new agreement as is necessary to memorialize such modifications to the Agreement. The parties shall share the costs of such arbitrators equally between them. Each party shall bear its own expenses of preparation for arbitration.

15. APPLICABLE LAW

This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Washington.

## **SCHEDULE B**

### **FRESENIUS MEDICAL SERVICES MEDICAL DIRECTOR DUTIES AND RESPONSIBILITIES**

The Medical Director is directly responsible for the creation, preservation and continuous improvement of high quality professional care of patients at a Facility. A Facility refers to all of the outpatient dialysis services provided by or administered out of an outpatient dialysis facility (including, for example, any and all nocturnal in-center programs, and any and all home dialysis programs)<sup>1</sup> which is owned or operated by a subsidiary or affiliate of Fresenius Medical Care North America ("FMCNA" or "Company"). The Medical Director is responsible for planning, organizing, conducting and directing the professional services of a Facility, and to that end, has specific duties and authorities as set forth (a) in this Medical Director Agreement ("Agreement"), (b) as required under the Conditions for Coverage for End-Stage Renal Disease Facilities, 42 C.F.R. § 494.1 *et seq.*, and the Interpretive Guidelines thereto promulgated by the Centers for Medicare & Medicaid Services ("CMS") (collectively, the "Conditions for Coverage"), (c) as required under state licensing or other applicable laws, and (d) as assigned to him/her in the Governing Body and Medical Staff Bylaws.

While the Governing Body is responsible for overall management of such Facility and the Area Manager (or other appointed Facility Chief Executive Officer) exercises responsibility for the management of a Facility, the Medical Director shall be responsible for the delivery of patient care and outcomes in the Facility and is accountable to the Governing Body for the quality of medical care provided to patients at the Facility.<sup>2</sup> As such, it is often stated in this document that the Medical Director shall "ensure" that a particular task is completed. Where the Medical Director is to "ensure" a task is completed, it is expected that the Medical Director will perform such task personally or, through appropriate and reasonable delegation, oversee that such task is properly completed.

A physician who meets all of the requirements of this Agreement, including but not limited to the requirements set forth in Section 3.01.4 of the Agreement, may also serve as Medical Director of Company's Inpatient Services program if Company is contracted to provide certain inpatient services at medical facilities. The responsibilities of such Medical Director are more fully described in Section II below.

Medical Director responsibilities include, but are not limited to, those set forth below.

---

<sup>1</sup>If a home dialysis program has a Medicare provider number different from the Medicare provider number of an outpatient dialysis facility, then such home dialysis program is a separate "Facility" for purposes of this document.

<sup>2</sup>A Facility must have a single Medical Director who meets all of the requirements under this Agreement and under the Conditions for Coverage. The Governing Body and such Medical Director may designate other physician(s) who meet all of the requirements under this Agreement, including but not limited to the requirements in Section 3.01.4 of the Agreement, and under the Conditions for Coverage to direct the home hemodialysis or peritoneal dialysis programs, provided that it is understood that any such home dialysis Medical Director reports to the Medical Director of the Facility who remains ultimately accountable for such programs, and that all home dialysis programs are under the same Governing Body and quality assessment and performance improvement program oversight as the in-center dialysis services.

## **I. FACILITY-BASED MEDICAL DIRECTOR DUTIES**

### **A. On-Call Availability**

1. Assist in ensuring that each attending physician (including the Medical Director if he/she is an attending physician) provides the Facility with instructions that clearly explain how he/she is to be contacted, including a valid e-mail address, office and other telephone numbers, pager or mobile phone numbers, and updates to any such information. Such requirement is due to the fact (a) that the health care of every patient must be under the continuing supervision of a physician who is available for situations involving the Facility, patients or staff and (b) the Facility must have a written plan for physician coverage during illness, vacation and holidays. The Medical Director shall ensure that Facility staff and patients are provided written instructions for obtaining emergency medical care.

2. If an attending physician cannot be located or contacted and no coverage is available or responding, provide guidance, as Medical Director, to Facility staff on how to address patient issues (e.g., refer patient to hospital, etc.) until the attending or covering physician can be contacted. The Medical Director is to follow-up with unresponsive attending physicians and take appropriate action, in conjunction with the Governing Body as necessary, to prevent future occurrences.

3. Be on-call to fulfill Medical Director functions including, but not limited to, responding to any emergency involving the Facility, patients or staff that might impact patient care, whether during operating hours or when the Facility is not open. If not available (e.g., on vacation or otherwise not available), arrange for Medical Director coverage by a physician who meets all of the requirements under this Agreement, including but not limited to the requirements in Section 3.01.4 of the Agreement, and under the Conditions for Coverage and provide the Director of Operations/Area Manager with prior notice as to the physician providing such coverage and the duration of such coverage.

### **B. Clinical Management**

#### ***Policies and Procedures***

1. Participate, as a member of the Governing Body, in the development, by means of periodic review and approval, of Company's patient care policies and procedures manual(s) for the Facility. The Medical Director may suggest changes to such policies and procedures consistent with FMCNA Clinical Policy 138-010-005 – FMCNA Policy and Procedure Guidelines (as amended) ("Procedure to Modify Policies"). This policy requires the Medical Director to correspond in writing with the Chief Medical Officer and Vice President of Clinical Quality Management to establish agreement on any changes in the policy and procedure that might be relevant to local issues.

2. Ensure that all policies and procedures relative to patient admissions, patient care, infection control, and safety, are made available to Facility staff, attending physicians and non-physician providers granted privileges to care for patients in the Facility ("non-physician

providers”). The Medical Director shall further ensure that such policies and procedures are adhered to by all such individuals who treat patients in the Facility. Such efforts may include, but not be limited to, working cooperatively with the Area Manager and the Clinical Manager who shall assist the Medical Director in the oversight and review, monitoring and implementation of policies and procedures relating to:

- Patient care and the delivery of high-quality, safe and effective dialysis.
- Facility’s quality assessment and performance improvement program (“QAI program”).
- Interdisciplinary team participation in comprehensive patient assessments and reassessments, patient plans of care, and the QAI program.
  - REMINDER: The Medical Director is not a member of the interdisciplinary team (except in the capacity as attending physician for his/her own patients). The Medical Director’s involvement is to oversee that each attending physician and other interdisciplinary team member participate per Facility policies. The Medical Director is expected to get involved if the interdisciplinary team members fail to appropriately participate, complete documentation, respond to QAI activities, etc.
- Patient rights, admission, grievances and discharge.
- Prevention, treatment, and safe contact with patients with hepatitis and other contagious diseases.
- Compliance with standards and regulations issued by CMS, AAMI, OSHA, CDC, regarding infection control and water and dialysate quality as specified in the Conditions for Coverage and prevalent in the industry.
- Timely and appropriate referral of patients for transplant evaluation.
- Disaster preparedness plan.
- FMCNA compliance programs, policies and procedures.

***Patient Education on Treatment Options***

3. Ensure that patients are informed about all treatment modalities and settings, including but not limited to, transplantation, home dialysis modalities (home hemodialysis, intermittent peritoneal dialysis, continuous ambulatory peritoneal dialysis (CAPD) and continuous cycling peritoneal dialysis (CCPD)), in-center hemodialysis and nocturnal hemodialysis, including, when possible, providing such information, together with Facility or Company staff, to patients prior to the initiation of dialysis at treatment options education sessions that may be held at the Facility or in the community that the Facility serves.

4. Ensure that patients receive information regarding other facilities which provide any modality not offered by the Facility.

***Tracking Interdisciplinary Team Participation – Patient Comprehensive Assessments and Patient Plans of Care***

5. Ensure, with the assistance of Facility management, that appropriate qualified Facility staff are participating on each patient’s interdisciplinary team. The interdisciplinary team members include, at a minimum, a patient’s treating physician (who serves as the leader), the

patient or the patient's designee (if the patient chooses), a registered nurse, a social worker, and a dietitian ("interdisciplinary team"). Medical Director shall ensure that the patient or the patient's designee is invited to the interdisciplinary team meetings. Each patient's interdisciplinary team is responsible for developing for such patient an individualized and comprehensive assessment of his/her needs which is used to develop the patient's treatment plan and expectations for care (i.e., patient plan of care). A physician extender who serves in lieu of the attending physician to the extent that state practice laws, Facility policies and the Conditions for Coverage so allow, may participate in the assessment and development of the plan of care.

The Medical Director shall:

- Ensure that an interdisciplinary team provides each patient an individualized and comprehensive assessment (and reassessment) of his/her needs with the components and frequency as set forth in the Conditions for Coverage.
- Ensure that an interdisciplinary team completes the patient's plan of care with the components and frequency as set forth in the Conditions for Coverage.
- Ensure that an interdisciplinary team appropriately tracks each patient's transplantation referrals consistent with the Conditions for Coverage.
- Assist in resolving any conflict among interdisciplinary team members regarding patient care issues and, as necessary and consistent with Facility policies, elevate such conflicts to the Medical Advisory Board and/or the Chief Medical Officer.
- Ensure that all patients have a current, properly signed, patient comprehensive assessment and patient plan of care for stable and unstable patients, as applicable, and that all standing orders are current.
- Support efforts of Facility staff to ensure patient adherence to the dialysis schedule and other treatments.

### ***Quality Assessment and Performance Improvement***

6. Have operational responsibility for the QAI Program. The Medical Director shall provide leadership of the Facility's QAI Program by serving as the chair of the QAI Committee, which is appointed by and accountable to the Governing Body. The QAI Program is designed and implemented to objectively, systematically, and comprehensively monitor, evaluate and improve the quality and appropriateness of patient care and services by identifying opportunities and resolving identified problems through the use of continuous quality improvement (CQI) methodology to achieve measurable improvement of health outcomes and reduce medical errors. The goal of the QAI Program is to maximize the number of patients who achieve each patient target as outlined in the Measures Assessment Tool (MAT) which CMS indicates is the current professionally accepted clinical standards (based on current CMS Clinical Performance Measures (CPMs), the National Kidney Foundation Kidney Disease Outcomes Quality Initiative ("KDOQI") guidelines, etc.), and on the Fresenius Medical Services ("FMS") Quality Status Reports (QSRs). The Medical Director shall:

- Prepare for, attend and, as Chair, lead the monthly QAI Committee meetings consistent with the requirements in the Conditions for Coverage and the guidelines

promulgated by the FMCNA Medical Office, as such guidelines may be amended from time to time.

- Periodically review and approve the Facility's QAI Program (and the Medical Director may suggest changes consistent with the Procedure to Modify Policies).
- Review overall quality indicators related to improved patient health outcomes in the categories set forth in the Conditions for Coverage, inclusive of the target levels in the MAT. If the quality indicators do not meet such target levels, assist in developing and oversee the corrective action plan (including, but not limited to, communications from the Medical Director to attending physician individually, through Medical Staff meetings, etc. on the relevant issues) to bring such quality indicators in conformity with the MAT target levels. If an attending physician does not agree with the target levels set forth in the MAT, then ensure that such attending physician documents his/her disagreement with such target levels in the applicable patient's medical record and provide rationale and new targets that the QAI Committee is informed.
- Educate Facility staff, attending physicians and non-physician providers in the QAI Program objectives.
- Review the method of prioritizing the importance of improvement projects.
- Include and encourage all staff to participate towards achieving QAI Program goals.
- Communicate with the Governing Body regarding the status of QAI Program activities and regarding needs identified by the QAI team, particularly when resources are required to address QAI Program improvements.
- Provide clinical guidance regarding the development of performance improvement plans/activities.
- Participate in the evaluation of the effectiveness of performance improvement plans/activities.
- Oversee infection control and water and dialysate quality which duties are set forth in more detail below.

7. Review Clinical Variance Reports (CVRs) (adverse events) with Clinical Manager and QAI Committee to ensure appropriate intervention.

8. Monitor, with the Clinical Manager and QAI Committee, CVRs and assist in submission of MDRs when appropriate to do so.

9. For better focus on continuous improvement in the quality of care provided to patients and continuous compliance with the Conditions for Coverage, it is Company's and FMCNA's strong recommendation that the QAI Committee of each Facility and/or Home Program convene separately to discuss solely that Facility's and/or that Home Program's quality-related matters. The QAI Committees of multiple Facilities and/or Home Programs may consolidate their meetings if (a) such QAI Committees determine that consolidation may better identify trends, improve consistency of care and improve the overall quality of care provided to patients within a geographic area, and (b) the applicable FMCNA Regional Vice President, Group Vice President, Division President or Chief Medical Officer (or designee) has provided written approval permitting such consolidated QAI meetings, which written approval shall be renewed on an annual basis.

## ***Infection Control***

10. Assume accountability, as the leader of the QAI Committee, for oversight of infection control issues. The Medical Director shall:

- Ensure compliance by Facility staff with the standards and regulations regarding infection control issued by CMS, AAMI, OSHA, CDC as set forth in the Conditions for Coverage.
- Ensure adherence by Facility staff to Facility policies and procedures regarding infection control.
- Ensure that clinical staff report infection control issues to the Medical Director and QAI Committee and that infection control and patient safety issues are continuously reported and discussed in QAI meetings.
- Ensure that he/she is familiar with and able to describe the Facility's infection control program and reporting mechanisms.
- Ensure Facility reports all communicable diseases to the state and CDC as required pursuant to applicable federal and state laws and regulations.
- Ensure all Facility staff wear appropriate personal protective equipment when at risk for blood splatter and practice hand hygiene as appropriate and in accordance with Facility policies and procedures and the Conditions for Coverage.
- Participate in CQI activities that may decrease rates of infection and catheters.

## ***Water and Dialysate Quality***

11. Oversee the safety and quality of the water used for patient treatments. The Medical Director shall:

- Participate in Company-sponsored educational efforts regarding water and dialysate quality.
- Ensure that he/she is knowledgeable of the water treatment system installed and assure that the system, as installed, will produce water meeting AAMI quality standards.
- Oversee the performance of biomedical staff and the proper functioning of water treatment equipment by visual observation of the equipment on a quarterly basis.
- Ensure, as leader of the QAI Committee, that water and dialysate monitoring is continuously reported to the QAI Committee and documented within the QAI materials.
- Participate in analyzing and addressing water or dialysate quality test results outside of expected parameters.
- Review and sign each month the following reports: AAMI water quality reports, chlorine and chloramine log, and endotoxin/colony count reports.
- Ensure compliance by Facility staff with standards and regulations regarding water and dialysate quality issued by CMS and AAMI as set forth in the Conditions for Coverage.
- Ensure adherence by Facility staff with Facility policies and procedures regarding water and dialysate quality.
- Ensure Facility Staff shall immediately notify the Medical Director in the event of a chlorine or chloramine breakthrough.

- Consistent with Facility policies and procedures, develop standard protocols in conjunction with Company and/or Facility management which require blood and dialysate cultures and endotoxin levels be collected routinely. In the event of patient adverse reaction(s) potentially related to the water treatment or dialysate systems, then such tests shall be repeated with appropriate patient evaluation (including blood cultures).
- Ensure that he/she and other appropriate Facility staff are able recognize the need to evaluate the water system in the event of patient adverse reaction(s) potentially related to the water treatment or dialysate systems and to take indicated corrective action.
- Collaborate with Medical Advisory Board-initiated quality improvement programs regarding water and dialysate quality.

### ***Patient Involuntary Discharge Policies***

12. Ensure that all Facility staff and the interdisciplinary team members follow the Facility's patient discharge and transfer policies and procedures. If transfer or discharge is due to a patient's abusive or disruptive behavior which seriously impairs the delivery of care to the patient or the ability of the Facility to operate effectively, ensure that interdisciplinary team, before any such discharge or transfer:

- Is aware of ESRD Network rules regarding patient discharges.
- Reassesses the patient consistent with the comprehensive patient assessment process.
- Documents the problem and ongoing efforts to resolve the problem.
- Obtains a written discharge or transfer order signed by the attending physician and Medical Director.
- Documents efforts to place the patient in another facility.
- Notifies the state survey agency (e.g., state department of health) and the ESRD Network.

In the case of immediate severe threats to the health and safety of others, ensure that the Facility utilizes the abbreviated involuntary discharge procedure approved by the Governing Body.)

13. If a Medical Director objects to the discharge or transfer of a patient, the Medical Director shall confer with the Chief Medical Officer or his designee.

### ***Delivery of Oral Medications to Facility Patients***

14. Assist the Clinical Manager and other authorized Facility staff in overseeing the receipt and storage of oral non-narcotic medications from the patients' applicable pharmacy and the delivery of such oral medications to patients for their self-administration outside the Facility. The Medical Director shall:

- Review and approve policies and procedures relating to the receipt, storage and delivery of oral medications at the Facility and monitor compliance with such policies and procedures.
- Review on a periodic basis the records and/or logs of the Facility related to the receipt, storage and delivery of oral medications.

- Take such other actions, as a member of the Governing Body of the Facility, to ensure the safety and security of the delivery of oral medications to Facility patients.

### ***Miscellaneous***

15. Assist in the determination, development, implementation and monitoring of any plans of correction and corrective actions resulting from federal and/or state surveys.
16. Respond to communications and requests for information from the FMCNA Medical Office regarding federal and/or state survey deficiencies.

### **C. Physician and Non-Physician Provider Management**

#### ***Medical Staff Bylaws – Attending Physicians and Non-Physician Providers***

1. Serve as Chair of the Medical Staff, and prepare for and attend Medical Staff meetings to be held on a regular basis (at least semi-annually).
2. Ensure that attending physicians and other Medical Staff members are appropriately oriented to the Facility and to their responsibilities.
3. Review the Medical Staff Bylaws and assist in making any necessary changes, consistent with the procedures set forth in such Bylaws.
4. Ensure that the Facility has open enrollment for membership on the Medical Staff and for non-physician providers seeking privileges and assist and encourage eligible nephrologists to join the Medical Staff.
5. Participate in determining physician and non-physician provider privileges and support the credentialing process including review of applications, credentialing, verification reports, interviews, recommendations, and follow-up, if necessary.
6. Ensure that all Facility attending physicians and non-physician providers are provided a copy of (or access to) the Medical Staff Bylaws and Governing Body Bylaws and comply with such Medical Staff and Governing Body Bylaws and state and federal regulations.
7. Participate in taking disciplinary action with respect to Medical Staff members when necessary and consistent with the Medical Staff bylaws. The Medical Director acknowledges that the Governing Body may, after consultation with the FMCNA Law Department, report to, or seek involvement of the Network Medical Review Board, National Practitioner Data Bank, state department of health, state licensing organizations, state or national professional organizations,

and any other suitable agencies or organizations regarding a physician's inadequate provision of care based on the local standard of practice or inappropriate, unprofessional or illegal conduct.

## SCHEDULE C

### QUALITY PROGRAM

The Company's Quality Program emphasizes a limited number of quality outcomes that have the highest impact on patient survival and uses an UltraScore to identify facilities with the strongest quality outcomes and, equally importantly, to identify facilities whose quality outcomes are improving. The UltraScore is made up of two components:

The first component, the sub-score, represents the sum of five actionable outcomes that have been shown in published literature and the Company's own data to have a strong correlation with patient hospitalization and mortality. For hemodialysis programs, these five outcomes are the percentage of patients in a Facility with:

- a. eKt/V of 1.2 or greater
- b. Hemoglobin between 10-12 g/dl (Patients with a hemoglobin greater than 12 and not administered an ESA for the prior 30 days are considered to have met this target)
- c. Albumin of 4 g/dl or greater
- d. Phosphates between 3.0 to 5.5 mg/dl
- e. No catheters

For peritoneal dialysis programs, the sub-score is calculated from the same five outcomes except for the following modifications:

- a. The dose of dialysis is measured weekly as wKt/V and the outcome is the percentage of patients with wKt/V of 2.0 or greater.
- b. Peritonitis rates replace no catheters, with the calculation being the percentage of patients with one or fewer episodes of peritonitis in 24 months.

The second component of the UltraScore is the standardized mortality ratio (SMR) for the Facility. The use of the SMR automatically adjusts for differences in patients' age, sex, race and presence or absence of a diabetic diagnosis. The average SMR is 1.0.

The SMR will be calculated and used only for hemodialysis programs with 25 or more patients and for peritoneal dialysis programs with 10 or more patients. For Facilities with fewer than 25 hemodialysis patients or 10 peritoneal dialysis patients, the UltraScore will consist of only the five outcomes that make up the sub-score. When hemodialysis or peritoneal dialysis programs increase their census above these thresholds, the SMR component will be added to calculate the UltraScore.

In all other Facilities, the UltraScore is calculated using SMR and the formula  $\text{UltraScore} = \text{Sub-score} + 100(1 - \text{SMR})$ . For Facilities with  $\text{SMR} \geq 2.0$  (twice the average mortality), the maximum impact will be a subtraction of 100 points. For facilities with  $\text{SMR} = 0$ , the maximum impact will be an addition of 100 points.

1.7. Material Inducement. Landlord hereby recognizes and acknowledges that its obligation hereunder to Substantially Complete construction of Landlord's Work on or before the Substantial Completion Date constitutes a material inducement to Tenant to enter into this Lease. As such, and subject to delays contemplated in Sections 1.5(b) and 1.5(d), in the event that (i) Landlord fails to timely complete any of its Landlord's Work as required under this Article 1 by the timeframe indicated, and (ii) if such failure is not caused by the acts contemplated under Article 22 of this Lease, nor caused by (iii) a Tenant Delay as defined below, Tenant shall have the option to exercise any and all of the following remedies:

As used herein a Tenant Delay is any delay in providing information or documents by Tenant to Landlord as required in the Work Schedule above and necessary for Landlord to timely complete Landlord's Work. In the event of a Tenant Delay, the date provided for in Section 1.2 for Landlord to complete Landlord's Work shall be extended by one (1) day for each day of delay caused by Tenant.

Each Renewal Option may be exercised only by written notice delivered by Tenant to Landlord no later than sixty (60) days prior to the expiration of the then current term. Tenant may only exercise its Renewal Options if, on the date of delivery of the notice to Landlord, Tenant is not in default of this Lease beyond the expiration of any applicable cure periods. The Initial Term and all Option Terms are hereby referred to collectively as the “Lease Term”.

### **ARTICLE 3 - BASE RENT**

3.1. *Base Rent; Pro-ration for Partial Months.*

Commencing on the Commencement Date and during the Initial Term, Tenant shall pay to Landlord annual rent (“Base Rent”) as follows:

<b>Year</b>	<b>Base Rent per Square Foot</b>	<b>Annual Base Rent</b>	<b>Monthly Base Rent</b>
One	\$ 44.33	\$ 495,190.00	\$ 41,265.83
Two	\$ 45.09	\$ 503,608.23	\$ 41,967.35
Three	\$ 45.85	\$ 512,169.57	\$ 42,680.80
Four	\$ 46.63	\$ 520,876.45	\$ 43,406.37
Five	\$ 47.42	\$ 529,731.35	\$ 44,144.28
Six	\$ 48.23	\$ 538,736.79	\$ 44,894.73
Seven	\$ 49.05	\$ 547,895.31	\$ 45,657.94
Eight	\$ 49.88	\$ 557,209.53	\$ 46,434.13
Nine	\$ 50.73	\$ 566,682.09	\$ 47,223.51
Ten	\$ 51.59	\$ 576,315.69	\$ 48,026.31
Eleven	\$ 52.47	\$ 586,113.06	\$ 48,842.75
Twelve	\$ 53.36	\$ 596,076.98	\$ 49,673.08
Thirteen	\$ 54.27	\$ 606,210.29	\$ 50,517.52
Fourteen	\$ 55.19	\$ 616,515.86	\$ 51,376.32
Fifteen	\$ 56.13	\$ 626,996.63	\$ 52,249.72

Tenant shall pay Base Rent in advance on or before the first day of every calendar month, without any setoff or deduction except as provided elsewhere in this Lease. Payment of Base Rent shall be made to Landlord at the address specified in Section 26.15 of this Lease, or at such other place that Landlord may from time to time designate in writing. The Base Rent for the first full calendar month of the Initial Term shall be paid no later than fifteen (15) days after the Commencement Date. If any payment of Base Rent is for a period shorter than one full calendar month, Base Rent for that fractional calendar month shall accrue on a daily basis at a rate equal to 1/365 of the annual Base Rent.

3.1.1. *Calculation of Base Rent.* The parties agree that the Base Rent set forth in Section 3.1 above is based on a total project cost of Five Million Four Hundred Seventy-One Thousand Seven Hundred Sixteen and 00/100 (\$5,471,716) times a rent constant of 9.05%; which includes an estimated hard construction cost of Three Million Two Hundred Seventy-One Thousand Seven Hundred Eighty-One (\$3,271,788) as set forth on Exhibit F attached hereto.

Within thirty (30) days following the Substantial Completion Date, Landlord shall provide to Tenant with a summary of the actual hard construction costs (the “Actual Hard Construction Costs”), which shall include, but not be limited to, cost adjustments associated with any project scope changes caused by municipal permit review and inspection comments, revisions to the construction plan documents initiated by Tenant scope changes or omissions, or conflicts by design consultants. At Tenant’s request, Landlord shall provide appropriate supporting documentation (actual bids, invoices from subcontractors or other such supporting documents) to substantiate the Actual Hard Construction Costs, which shall be approved by Tenant, such Tenant approval not to be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, Tenant agrees that the reconciliation of Actual Hard Construction Costs does not affect the ability of Landlord or Tenant to agree on the Commencement Date under this Lease.

The parties shall then calculate the final Base Rent by recalculating the Total Project Cost to subtract the Estimated Hard Construction Costs and incorporate the Actual Hard Construction Costs, and multiplying the Total Project Cost times a rent constant of 9.05% and the parties shall confirm that the final Base Rent is Fair Market Value per Section 3.2.1 below. Any adjustment to the Base Rent originally set forth in Section 3.1 shall be documented by the parties via an amendment to this Lease or in the Commencement Date Certificate, in the form attached hereto as Exhibit C.

3.2. *Base Rent for Option Terms.* Base Rent for each Option Term shall be equal to an amount that is the lesser of (i) Fair Market Value of the Premises (as defined in Section 3.2.1 of this Lease) or (ii) the annual Base Rent paid during the previous year prior to the commencement of the applicable Option Term increased by ten percent (10%).

3.2.1. *Fair Market Value.* Fair Market Value shall be defined as the then fair market rental value of an improved space and served by the utilities detailed in Exhibit B of this Lease, that is comparable in size to the Premises, leased for a term comparable to the Option Term, and located in buildings equivalent in quality and location to the Building. Fair Market Value shall be based on an improved space that is not (i) subleased, (ii) subject to another tenant’s expansion or right of first refusal rights, or (iii) leased to a tenant that holds an ownership interest in or is otherwise affiliated with the Landlord.

3.2.2. *Determination of Fair Market Value.* Fair Market Value shall be determined as follows: Within thirty (30) days of Tenant's exercise of a Renewal Option pursuant to Section 2.2 of this Lease, each party, at its own cost and by giving notice to the other party, shall appoint a real estate appraiser with at least five (5) years full-time commercial appraisal experience in the area in which the Premises are located to appraise the Fair Market Value. The appraisers shall have fifteen (15) days to agree upon the Fair Market Value of the Premises. Any agreement reached by the two appraisers shall be binding upon Landlord and Tenant. In the event that the two appraisers are unable to agree on the Fair Market Value, they shall immediately and mutually select an independent third appraiser meeting the qualifications stated in this Section 3.2.2. The third appraiser's determination of the Fair Market Value of the Premises shall be made within ten (10) days, and Landlord and Tenant shall share the cost of retaining the third appraiser equally. The two appraisers or the third appraiser, as the case may be, shall immediately notify the parties of their determination of Fair Market Value of the Premises, which shall be binding on both Landlord and Tenant and which shall serve as the Base Rent for the Option Term.

3.3. *Late Payment of Base Rent.* If Landlord does not receive any payment of Base Rent within five (5) days after that Rent is due, interest shall accrue on such unpaid Base Rent at the rate of ten percent (10%) per annum until fully paid by Tenant.

#### **ARTICLE 4 - USE AND COMPLIANCE WITH LAWS**

4.1. *Permitted Use.* Tenant shall use and occupy the Premises for the purpose of an outpatient dialysis facility and related office and administrative uses (the "Permitted Use"). Tenant shall not use or occupy the Premises for any other purpose without prior written notification to the Landlord. Tenant shall not conduct any activity in the Premises that are offensive, or in a manner that violates federal, state, county, city, or government agency laws, statutes, ordinances, standards, rules, requirements, or orders now in force or hereafter enacted, promulgated, or issued (collectively, "Laws"). Tenant may operate on the Premises, at Tenant's option, on a three hundred sixty-five (365) days a year, seven (7) days a week, twenty-four (24) hours-a-day basis, subject, however, to zoning and other regulatory requirements.

4.2. *Condition of Premises; Repairs and Replacements.* Tenant shall keep the Premises in a neat and orderly fashion during the Lease Term. Tenant, at Tenant's sole expense, shall promptly make all repairs, replacements, alterations, or improvements to the Premises including any Alterations (as defined in Article 5), fixtures, and furnishings, in order to comply with all Laws to the extent that such Laws relate to or are triggered by Tenant's particular use of the Premises. Notwithstanding the foregoing, Tenant shall not be obligated to make any structural changes to the Building. Landlord, at Landlord's sole expense, shall promptly make all repairs, replacements, alterations, or improvements, retrofitting, or remediation needed to comply with all Laws to the extent that such Laws apply to the Building as a whole, or any of its structural components or mechanical or electrical systems.

#### **ARTICLE 5 – ALTERATIONS; TENANT'S RIGHT TO EXPAND**

5.1. *General.* Tenant may remodel the Premises during the Lease Term in accordance with the terms and conditions of Section 5.2 of this Lease. In addition, without the necessity of obtaining

Landlord's consent, Tenant may install such counters, partitions, walls, shelving, fixtures, fittings, machinery and equipment in the Premises as Tenant deems necessary to conduct its business (hereinafter defined as Alterations). Tenant may also install a television or satellite antenna on the roof of the Premises, flues and wall or roof penetrations and an emergency generator in a location close in proximity to the Premises. Tenant shall cooperate with Landlord with respect to the location and method of installation of such equipment, , and to avoid any violation of Landlord's construction material and labor warranties.

5.2. Alterations; Notification to Landlord Required. Notwithstanding anything contained in Section 5.1, Tenant shall not be permitted to make any alteration or modification to the Premises after the Commencement Date without prior written notification to Landlord. Any alteration or modification which either (a) costs more than Two Hundred Thousand Dollars (\$200,000) in each instance or (b) affects the structural, electrical, mechanical or life safety systems of the Building shall require Landlord's prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed. Tenant shall be responsible for all associated with an Alteration that:

- (a) adversely impacts the structural integrity of the Building or any of its mechanical and electrical systems; or
- (b) results in Landlord being required to perform any work pursuant to any Law that Landlord could otherwise avoid or defer had the Alterations not been made.

5.3. Compliance with Laws and Insurance Requirements. Tenant shall ensure that its construction of all Alterations complies with all Laws and any applicable requirements. Tenant shall obtain all permits that may be required by any governmental entity having jurisdiction over the Premises.

5.4. Manner of Construction and Payment. Tenant shall have the right to use contractors and subcontractors of its choosing. All work relating to any Alterations shall be done in a good and workmanlike manner, using materials equivalent in quality to those used in the construction of the Premises. The construction of Alterations by Tenant shall be diligently prosecuted to completion, and Tenant shall ensure that all work is performed in a manner that does not obstruct access to the Property. In addition, Tenant shall take reasonable steps to ensure that its construction does not interfere either with other tenants' use of their premises or with any other work being undertaken by Landlord in the Building.

5.5. Payment for Alterations. Tenant shall promptly pay all charges and costs incurred in connection with its construction of all Alterations. Subject to the terms of Article 7 of this Lease, Tenant covenants not to suffer any mechanic's liens to be filed against the Property, Building, or Premises by reason of any work, labor, services or materials performed at or furnished to the Premises by Tenant, or by anyone acting through or on behalf of Tenant related to the construction of any Alteration.

5.6. Expansion Right. During the Lease Term, Tenant shall have the right to expand the square footage of the Building, parking areas located wholly within the Property, and/or the Premises (the "Expansion Space"), as the case may be, up to the maximum extent allowed by local zoning, building, and other requirements. Tenant shall send Landlord written notice of its intent to expand. Within five (5) days after Landlord's receipt of said notice, the parties shall appoint a

mutually acceptable independent real estate appraiser/ broker (the "Expansion Appraiser/ Broker") with at least five (5) years full-time experience in the area in which the Premises are located to provide an opinion of the fair market rental value of the proposed Expansion Space. The cost of the Expansion Appraiser/ Broker shall be shared equally by Landlord and Tenant. The Expansion Appraiser/ Broker shall have thirty (30) days to provide an opinion of the fair market rental value of the proposed Expansion Space. Any opinion given by the Appraiser/ Broker shall be binding upon Landlord and Tenant. Landlord shall have ten (10) days from the date the Expansion Appraiser/ Broker renders its opinion to notify Tenant as to whether Landlord shall construct the Expansion Space at Landlord's sole cost and expense. In the event Landlord elects to build the Expansion Space, the Expansion Appraiser's/ Broker's opinion shall serve as the Base Rent for the Expansion Space, which shall commence upon the date Landlord delivers the completed Expansion Space to Tenant. Landlord shall immediately commence to construct the Expansion Space using its best efforts and taking commercially reasonable steps to complete the Expansion Space. In the event Landlord elects not to build the Expansion Space, Tenant shall have the right to construct the Expansion Space at its sole cost and expense, and Tenant shall not be obligated to pay Base Rent for the Expansion Space during the remainder of the term of the Lease or any future option periods. In such event, Tenant shall be responsible for obtaining all permits and approvals required by governmental authorities having jurisdiction, including but not limited to any zoning, building and/or other requirements. Further, Tenant shall expand the Building, parking areas located wholly within the Property and/or the Premises in a first class, good and workmanlike manner consistent with the construction standards utilized in constructing the Building, which shall include but not be limited to comparable precautions for dealing with mine subsidence. Failure of Landlord to respond to Tenant's written request for approval on or before the 30<sup>th</sup> following Landlord's receipt of Tenant's written request for approval shall result in Landlord being deemed to have consented to Tenant's written request for approval.

Property (including surfacing, striping, paving and sealing), curbing, sidewalks and directional markers, water mains, gas and sewer lines, private roadways, landscape, and loading docks.

Tenant shall reimburse Landlord for the actual costs and expenses of the maintenance and repair contemplated in this Section 6.2(b) (the "Maintenance Expenses"), except for the replacement of the parking lot located wholly within the Property or any other capital expenditure, as defined in Section 6.2(b)(vii) below, as additional rent for the same periods and in the same manner, time, and place as the Base Rent.

(i) Payment of Estimated Maintenance Expenses. On or before December 31<sup>st</sup> of each year during the Lease Term, Landlord shall provide Tenant with a statement detailing Landlord's reasonable estimate of the Maintenance Expenses for the upcoming calendar year (the "Estimated Statement"). Tenant shall pay to Landlord, Landlord's estimate of Maintenance Expenses each month together with Tenant's payment of Base Rent.

(ii) Annual Reconciliation of Maintenance Expenses. On or before April 15<sup>th</sup> of each year, Landlord shall provide Tenant with a statement showing the actual Maintenance Expenses for the previous calendar year (the "Actual Expenses Statement"). Landlord shall indicate on Actual Expenses Statement whether there is a shortfall or overpayment by Tenant in its payment of Maintenance Expenses for the prior calendar year. If an excess exists, Landlord shall refund the full amount of such excess to Tenant within thirty (30) days. No interest shall accrue on any shortfall or overpayment by Tenant of the estimated Maintenance Expenses. Should Landlord fail to reimburse Tenant hereunder, Tenant shall have the right to offset Base Rent.

Upon written notice to Landlord, Tenant and/or its authorized representatives may examine, inspect, audit, and copy the records of Landlord concerning Maintenance Expenses for the two (2) prior calendar years of the Lease Term at Landlord's office during normal business hours. If Tenant's audit reveals that Landlord overstated the actual Maintenance Expenses any calendar year, Tenant shall submit a written claim to Landlord ("Tenant's Audit Claim") that shall describe in detail how the Maintenance Expenses have been overstated. If Tenant's audit reveals that the Maintenance Expenses taken as a whole were overstated by at least three percent (3%), Landlord shall pay for Tenant's reasonable costs of conducting the audit. Otherwise, Tenant shall pay its own costs.

(iv) Resolution of Tenant's Audit. If Landlord agrees with Tenant's Audit Claim, Landlord shall reimburse Tenant for Tenant's overpayment or Tenant shall pay Landlord for any shortfall, within thirty (30) days. If Landlord disputes the results of Tenant's audit, the parties shall agree on a third party arbitrator to conduct its own independent audit of the Maintenance Expenses for the calendar year or years in question. The parties shall cooperate with such third party arbitrator so that it can make a determination as to the validity of Tenant's Audit Claim. The determination of the third party arbitrator shall be given to the parties with sixty (60) days and shall be final and

binding upon the parties. Upon the conclusion of the third party arbitrator's audit, all amounts owed by Landlord to Tenant or by Tenant to Landlord, as the case may be, shall be made within ten (10) days. The parties shall share the costs of retaining the third party arbitrator equally. Should Landlord fail to reimburse Tenant hereunder, Tenant shall have the right to offset Base Rent.

(v) Confidentiality. Tenant shall keep any information gained from the inspection of Landlord's records, books, and general ledger confidential and shall not disclose any information contained therein to any other party, except as required by law. If requested by Landlord, Tenant shall require those employees or agents inspecting Landlord's records, books, and general ledger to sign a confidentiality agreement prior to their inspection and review of the same.

(vi) Time Limitation to Bill Tenant for Maintenance Expenses. In no event shall Tenant be required to pay any Maintenance Expenses that Landlord failed to bill Tenant for and that accrued more than two (2) years prior to the date that Tenant is notified by Landlord of such expenses. In addition, Landlord may not seek reimbursement from Tenant due to an adjustment in Maintenance Expenses more than two (2) years after furnishing an Actual Expenses Statement to Tenant.

(vii) Capital Expenditures. Expenses incurred by Landlord that are considered to be capital improvements or capital replacements but that are not intended as a labor saving device pursuant to this Section 6.2 (b) or under generally accepted accounting and management practices shall not be included in Maintenance Expenses. Notwithstanding the foregoing, Landlord may charge as an Maintenance Expense any capital expenditures intended to reduce Maintenance Expenses or affect economies in the operation, maintenance, or repair of the Building provided that Landlord shall provide Tenant with (i) an estimate of the amount of reduction in Maintenance Expenses anticipated as a result of that capital improvement or replacement, (ii) an estimate of the cost of the capital improvement and the annual amortization charge of that capital expenditure, and (iii) reasonably sufficient information to support those estimates. All capital improvements or capital replacement expenditures included in Maintenance Expenses shall be amortized over Landlord's commercially reasonable determination of the useful life of that capital improvement or replacement in accordance with Generally Accepted Accounting Principles.

6.3. Limitations on Repair and Maintenance Obligations and Defaults. All of the foregoing in this Article 6 notwithstanding, neither Landlord nor Tenant shall be obligated to perform any maintenance, repair or replacement necessitated by the negligence or willful misconduct of the other party, or of the other's employees, contractors, or agents. The party whose negligence or willful misconduct caused the need for such maintenance, repair or replacement shall be responsible for same, at its sole cost. Neither party shall be in default of its repair and maintenance obligations under this Article 6 if Landlord or Tenant, as the case may be, begins performing repairs and maintenance and, due to the nature of the particular repair or maintenance obligation, more than thirty (30) days are reasonably required to complete such work and the responsible party is diligently prosecuting such work to completion.

For purposes of this Section 8.1.1, an emergency situation is one that poses a threat of imminent bodily harm or property damage. If Landlord makes an emergency entry into the Premises when no authorized representative of Tenant is present, Landlord shall provide notice to Tenant as soon as reasonably possible after that entry and shall take reasonable steps to secure the Premises until a representative of Tenant arrives at the Premises.

8.2. HIPAA Compliance Provision. Landlord acknowledges that Tenant is subject to the provisions of the Health Insurance Portability and Accountability Act of 1996 and related regulations ("HIPAA"), and that HIPAA requires Tenant to ensure the safety and confidentiality of patient medical records. notify or bill Tenant of after two (2) years. In addition, Landlord may not seek reimbursement from Tenant due to an adjustment in utility costs or charges that are more than two (2) years old.

9.4. Interruption of Utility Services. In no event shall Landlord be liable for any interruption or failure in the supply of any utility to the Premises unless such interruption was caused by the negligence or willful misconduct of Landlord or any person or entity acting on behalf of Landlord. In such event, Tenant shall be entitled to an abatement of Base Rent for the period of such interruption if Landlord does not make repairs and restore all interrupted services to the Premises within two (2) business days.

## ARTICLE 15 - CONDEMNATION

15.1. Condemnation. If forty percent (40%) or more of the Premises or the parking lot serving the Premises is taken or condemned by any competent authority for any public or quasi-public use or purpose or is sold to the condemning authority in lieu of condemnation, and such condemnation renders the Premises inaccessible or unusable for Tenant's use, Landlord and Tenant shall each have the right to terminate this Lease upon thirty (30) days written notice to the other party. Tenant shall have the right to make such claims as may be available to Tenant under applicable law, provided such claims do not reduce the amount of condemnation proceeds available to Landlord.

15.2. Apportionment of Base Rent. If this Lease is terminated under this Article 15, Tenant shall only be obligated to pay Base Rent for the period up to, but not including, the termination date of this Lease. Landlord shall return to Tenant any prepaid Base Rent allocable to any period on or after the Termination Date.

## ARTICLE 16 - ASSIGNMENT AND SUBLEASING

16.1. Restriction on Landlord's Right to Alienate Property. Prior to the Substantial Completion Date, Landlord shall not be permitted to sell or otherwise transfer any portion of its interest in the Property or under this Lease without first obtaining the written consent of Tenant, which Tenant may grant or withhold in its sole discretion.

16.2. Restricted Transfers by Tenant. Except as provided in Section 16.3 of this Lease, Tenant shall not voluntarily assign, sublease or otherwise encumber any part of its interest in this Lease or in the Premises without Landlord's prior written consent, which shall not be unreasonably withheld, conditioned or delayed (a "Restricted Transfer"). Concurrent with Tenant's written request for Landlord's consent to a transfer, Tenant shall provide Landlord with (a) information regarding the proposed transferee, including their name, address, and ownership profile, (b) the nature of the proposed transferee's business and anticipated use of the Premises; (c) current

audited financial statements of the proposed transferee, and (d) all material terms of the proposed transfer, including the base rent to be paid by the proposed transferee for the term of the proposed assignment or sublease, the portion of the Premises to be transferred, a general description of any planned alterations or improvements to be made by the proposed transferee to the Premises, the effective date of the transfer, and copies of other relevant documentation concerning the proposed transfer to the extent then available.

16.2.1. Standard of Landlord's Reasonableness. It shall not be deemed unreasonable for Landlord to withhold consent to subletting or assignment by Tenant under this Lease if Landlord in its sole judgment determines that the proposed transferee (a) is of a character or is engaged in a business which is not in keeping with Landlord's standards for the Property, as determined solely by Landlord; (b) has a use which conflicts with the general character of the Property; (c) does not meet the then current commercially reasonable financial standards required by Landlord; or (d) is unacceptable because Tenant is in default beyond any applicable cure period under this Lease at the time of the request for Landlord's consent. Consent given by Landlord to any such assignment or subletting shall not operate as a waiver of the necessity for a consent to any subsequent assignment or subletting.

16.2.2. Release of Tenant. If Landlord consents to any Restricted Transfer, Tenant and any guarantor of this Lease shall thereafter be released from all liability under this Lease accruing after the date of the Restricted Transfer.

16.3. Permitted Transfers by Tenant. Notwithstanding Section 16.1, Tenant may assign this Lease or sublease the Premises in whole or in part, upon written notice to Landlord, but without the consent of Landlord, provided, however, that Tenant and any guarantor of this Lease shall not be released from any and all obligations and liabilities under the Lease, to:

- (a) any entity into which or with which Tenant has merged or consolidated;
- (b) any parent, subsidiary, successor, or wholly-owned affiliated entity of Tenant;
- (c) any entity which acquires all or substantially all of the assets or issued and outstanding shares of capital stock of Tenant;
- (d) any partnership, the majority interest of which shall be owned by Tenant or a parent, subsidiary, successor or wholly-owned affiliate entity of Tenant;
- (e) any purchaser of substantially all of Tenant's assets located at the Premises, provided that any such assignee or successor shall agree in writing to assume and perform all of the terms and conditions of this Lease on Tenant's part to be performed from and after the effective date of such assignment or subletting; or
- (f) any medical director or any member of a medical director's practice associated with Tenant, provided that no more than ten percent (10%) of the Premises are transferred pursuant to this Section 16.2(f).
- (g) any other party, provided that Tenant and any guarantor of this Lease agree in writing to remain liable under this Lease.

16.4. Right to Collect Base Rent. If this Lease is assigned, Landlord shall collect Base Rent directly from the assignee. If all or part of the Premises is subleased and Tenant defaults, Landlord shall have the right to collect the base rent payable by the sublessee to Tenant directly

from the sublessee provided that Landlord shall apply all amounts collected to Tenant's monetary obligations under this Lease.

## ARTICLE 17 - DEFAULTS AND REMEDIES

17.1. *Default by Tenant.* The occurrence of any of the following shall constitute a default by Tenant under this Lease:

- (a) Tenant's first failure in any calendar year to pay when due any Base Rent or any other monetary obligation required to be paid under this Lease if the failure continues for ten (10) days after Tenant's receipt of written notice of its failure from Landlord to Tenant;
- (b) Tenant's second failure in any calendar year to pay when due any Base Rent or any other monetary obligation required to be paid under this Lease;
- (c) Tenant's failure to perform any other obligation under this Lease if the failure continues for thirty (30) days after Tenant's receipt of written notice of its failure from Landlord to Tenant. If the required cure of the noticed default cannot be completed within thirty (30) days, Tenant's failure to perform shall not constitute a default under this Lease if Tenant has taken steps to cure the failure and is diligently and continuously attempting to complete the cure as soon as reasonably possible;
- (d) The entry of an order for relief with respect to Tenant or any guarantor of this Lease under any chapter of the Federal Bankruptcy Code, the dissolution or liquidation of Tenant or any guarantor of this Lease, the appointment of a trustee or receiver to take possession of all or substantially all of Tenant's or any guarantor's assets or Tenant's interest under this Lease that is not discharged within thirty (30) days; or
- (e) The execution by Tenant or any guarantor of this Lease of an assignment for the benefit of creditors.

17.2. *Landlord's Remedies on Tenant's Default.* Upon the occurrence of any event of default by Tenant, Landlord shall have the following rights and remedies, each of which shall be cumulative and nonexclusive:

- (a) Terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord and, if Tenant fails to do so, Landlord may without prejudice to any other remedy which it may have for possession or arrearages under this Lease enter upon and take possession of the Premises and expel or remove Tenant from the Premises or any part thereof, without being liable for prosecution or any claim or damages therefore;
- (b) Recover from the following sums from Tenant:

- (i) any unpaid rent which has been earned at the time of such termination plus accrued interest thereon at the rate ten percent (10%) per annum; plus
  - (ii) the net present value, using a discount rate equal to ten percent (10%) per annum, of the unpaid rent for the balance of the Lease Term less any rental loss that Tenant proves could have been reasonably avoided; plus
  - (iii) any amounts reasonably expended by Landlord to restore the Premises to the condition the Premises were in as of the Commencement Date of this Lease;
- (c) Cure any default by Tenant by making any payment required to be made by Tenant (other than payments of Rent) or performing any of Tenant's other obligations under this Lease. Tenant shall repay any sums expended by Landlord pursuant to this Section within ten (10) days of Landlord's submission to Tenant of invoices and proof of payment. In the event that Tenant fails to reimburse Landlord hereunder, interest shall accrue on such sums at the rate of eighteen percent (18%) per annum unless such interest rate violates applicable usury laws, in which case interest shall accrue at the maximum allowable legal rate. No such payment or expenditure by Landlord shall be deemed a waiver of Tenant's default nor shall it affect any other remedy of Landlord by reason of such default; and
- (d) Accept any payments made by Tenant without waiving any rights under this Lease, including any rights that Landlord has to fully address and seek remedy for Tenant's default.

17.3. Default by Landlord. Landlord's failure to perform any its obligations under this Lease shall constitute a default by Landlord under the Lease if the failure continues for thirty (30) days after written notice of the failure from Tenant to Landlord. If the required cure of the noticed default cannot be completed within thirty (30) days, Landlord's failure to perform shall not constitute a default under this Lease if Landlord has taken steps to cure the failure within thirty (30) days and is diligently and continuously attempting to complete the cure as soon as reasonably possible.

Landlord hereby acknowledges that the infiltration of water into the Premises represents a health and safety hazard to Tenant, its employees, and its patients. Therefore, notwithstanding anything to the contrary contained in this Section 17.3, Tenant shall have the right to exercise its rights pursuant to Section 17.4 of this Lease in the event that Tenant provides Landlord with written notice of a roof leak or other water infiltration into the Premises and Landlord fails to commence to repair the same within five (5) business days, and is diligently and continuously attempting to complete the cure as soon as reasonably possible.

17.4. Tenant's Right of Self Help. In the event of a default of this Lease by Landlord pursuant to Section 17.3, Tenant shall have the right, without waiving any claim of damages for breach of this Lease, at any time thereafter to cure such default for the account of Landlord. In exercising its self help rights pursuant to this Section 17.4, Tenant shall have the right to use contractors of its choosing. Landlord hereby grants to Tenant and Tenant's contractors a license, effective during the Lease Term, to enter those portions of the Property, Building, and Premises that are reasonably necessary for Tenant to take such action. Any reasonable amount paid or any liability reasonably incurred by Tenant in exercising its self help rights pursuant to this Section 17.4 shall be deemed paid or incurred for the account of Landlord and Landlord shall reimburse Tenant therefore within ten (10) days of Lessee's submission of invoices and proof of Tenant's payment of such invoices. In the event that Lessor fails to reimburse Lessee as provided herein, such

failure shall be considered a material breach of this Lease and the following provisions shall apply:

- (i) Interest shall accrue on such unpaid amounts at the rate of eighteen percent (18%) per annum unless such interest rate violates applicable usury laws, in which case interest shall accrue at the maximum allowable legal rate; and
- (ii) Tenant may deduct the full cost incurred in curing Lessor's default and any accrued interest thereon pursuant to Section 17.4(i) of this Lease from future payments of Base Rent.

#### **ARTICLE 18 - HOLDING OVER**

18.1. Holdover Rent. If Tenant remains in possession of the Premises after the expiration or earlier termination of this Lease, Tenant's occupancy shall be deemed a month-to-month tenancy upon the same terms and conditions of this Lease except that (a) Base Rent shall be equal to One hundred twenty-five (125%) of the Base Rent paid by Tenant to Landlord for the month in which this Lease expired or was otherwise terminated and (b) Tenant shall not have any right to extend the Lease Term.

18.2. Limitation on Tenant's Liability for Holdover. Tenant shall not be liable for any damages sustained by Landlord on account of Tenant's holdover unless Landlord provides Tenant with thirty (30) days written notice to vacate the Premises and Tenant thereafter fails to do so.

#### **ARTICLE 19 - SURRENDER OF PREMISES**

19.1. Surrender of Premises. Upon the expiration or earlier termination of this Lease, Tenant, at its sole cost and expense, shall remove all debris and rubbish from the Premises. Tenant shall quit the Premises and surrender possession thereof to Landlord in broom clean condition except for reasonable wear and tear and damage caused by acts of God, Landlord, casualties, and/or condemnation.

19.2. Removal of Tenant's Trade Fixture and Personal Property. Tenant shall remove from the Premises all movable trade fixtures and personal property of Tenant including furniture, equipment, freestanding cabinetwork, and other articles of personal property owned by Tenant. Tenant's water treatment equipment and process piping shall be considered one of Tenant's trade fixtures for purposes of this Lease. Tenant shall repair all damage to the Premises and the Building resulting from such removal. If Tenant fails to remove any of its trade fixtures or personal property on or before the expiration or earlier termination of this Lease, said trade fixtures and personal property shall become the property of Landlord.

19.3. Removal of Tenant Alterations. Tenant shall have the right, but not the obligation, to remove Alterations installed on or in the Premises by Tenant during the Lease Term pursuant to Article 5 of this Lease. In the event that Tenant removes any Alterations pursuant to this Section 19.3, Tenant shall, at Tenant's expense, repair all damage to the Building and the Premises resulting from such removal. In the event Tenant does not remove any Alterations prior to the expiration or earlier termination of this Lease, such Tenant Alterations not so removed shall be

conclusively deemed abandoned by Tenant and title thereto shall pass to Landlord without any payment or credit to Tenant.

## **ARTICLE 20 - ESTOPPEL CERTIFICATES**

20.1. *Obligation to Provide Estoppel Certificates.* Within twenty-one (21) days after receipt of a written request by Landlord, Tenant shall execute and deliver a commercially reasonable estoppel certificate or other form required by any existing or prospective lender, mortgagee, or purchaser of all or part of the Property or the Building. Tenant shall be permitted to indicate in the estoppel certificate any exceptions to the statements contained therein that may exist at the time Tenant executes the certificate. Tenant shall also execute and deliver such other documents or instruments may be reasonably required for the purpose of supporting Landlord's underlying transaction.

## **ARTICLE 21 - SUBORDINATION, NONDISTURBANCE, AND ATTORNMEN**

21.1. *Automatic Subordination of this Lease.* This Lease shall at all times be subject and subordinate to the lien of any mortgages, deeds of trust, ground leases, or other encumbrances recorded now or subsequently against the Premises or the Property and all renewals, modifications, re-financings and extensions thereof (collectively, "Encumbrances"). This clause shall be self-operative, but within twenty-one (21) days after the receipt of a written request from Landlord or any Encumbrance holder, Tenant shall execute a commercially reasonable subordination agreement together with any customary additional documents evidencing the priority of the Encumbrance and the subordination of this Lease with respect to such Encumbrance. Notwithstanding the foregoing, Tenant shall not be required to execute any agreement or other documentation that materially increases Tenant's obligations during the remainder of the Lease Term or adversely alters or negates any of Tenant's rights and remedies granted under this Lease or applicable law.

21.2. *Non-Disturbance and Attornment.* Provided that Tenant's occupancy of the Premises is not disturbed and that the terms and conditions of this Lease are honored by the transferee of Landlord's interest in the Property, Tenant covenants and agrees to attorn to the transferee of Landlord's interest in the Property by foreclosure, deed in lieu of foreclosure, exercise of any remedy provided in any Encumbrance or underlying lease, or operation of law, and to recognize such transferee as the new landlord under this Lease. In the event any Encumbrance holder notifies Tenant of such a transfer of Landlord's interest in the Property, Landlord agrees that Tenant shall not be liable for making payments of Base Rent or any other sums due pursuant the terms of this Lease directly to the transferee.

21.3. *Modifications of Lease Required by Landlord's Lender.* If any institutional lender of Landlord requests a modification of this Lease, Tenant shall endeavor in good faith to agree to that modification and to prepare and execute an amendment to this Lease so long as (a) Base Rent and any other amounts required to be paid under this Lease are not changed, (b) the time for and manner of payments under this Lease are not changed, (c) the Lease Term (including any Option Terms and the times governing Tenant's exercise of any options) is not changed, (d) Tenant's possession of the Premises and rights to possession and use of other parts of the Building and Property are not changed, (e) Landlord's obligations to Tenant under this Lease are

not reduced, (f) Tenant's obligations to Landlord under this Lease are not increased, and (g) the proposed modification does not materially or adversely change the other rights and obligations of Tenant under this Lease or applicable law. As a condition of Tenant's obligation to execute an amendment, Landlord shall reimburse Tenant for its costs, including reasonable attorney fees, that are incurred in connection with the review, negotiation, and preparation of the amendment.

## ARTICLE 22 - FORCE MAJEURE

22.1. *Force Majeure.* Except for the payment of any monies due by one party to the other under the terms and conditions of this Lease, whenever a period of time is prescribed herein for the taking of an action by Landlord or Tenant, such party shall not be liable or responsible for, and there shall be excluded from the computation of any such period of time, any delays due to strikes, acts of God, governmental approval delays, shortages of labor or materials, war, terrorist acts, civil disturbances and other causes beyond the reasonable control of the performing party.

## ARTICLE 23 - SIGNS

23.1. *Building Name; Landlord's Signage Rights and Obligations.* Subject to Tenant's signage rights under this Article 23, Landlord may at any time change the name of the Building and install, affix, and maintain all signs on the exterior of the Building as Landlord may, in Landlord's sole discretion, desire. Tenant may use the name of the Building or pictures or illustrations of the Building in its advertising or other publicity during the Lease Term. Landlord shall, at its sole cost and expense, install Tenant's name and suite number on all signage located on the Property.

23.2. *Tenant's Signage Rights.* Tenant shall have the right, at its sole cost and expense, to erect, affix or display such signs or sign advertising its business as Tenant may consider necessary or desirable on the exterior or interior walls, doors, or windows of the Premises, and in locations on the Building, the Property and/or exterior monuments where other tenant's signs are located. If permitted by the applicable association(s), Tenant shall have the right to install directional signs in the parking areas of the Property that indicate the location of the Premises. The location of all signs installed by Tenant pursuant to this Section 23.2 shall be subject to Landlord's consent, which shall not be unreasonably withheld, conditioned or delayed. All such signs and the location thereof shall be subject to local ordinances governing the same and it shall be Tenant's responsibility to comply fully with local ordinances.

23.3. *Compliance with Laws.* Notwithstanding anything contained in this Article 23 to the contrary, Tenant's signage shall be subject to all governmental and quasi-governmental consents, approvals and permits as may be necessary in order for Tenant to erect its signage. Landlord agrees to cooperate with Tenant, at no cost to Landlord, in the filing any required applications for governmental approvals for signage.

23.4. *Removal of Tenant's Signs Upon Lease Termination.* Tenant shall promptly and permanently remove all of its signs installed pursuant to Section 23.2 of this Lease upon the termination or earlier expiration of this Lease.

## ARTICLE 24 - PARKING

24.1. Grant of Parking Rights. Landlord, at no cost to Tenant, shall provide Tenant with sufficient parking for Tenant's employees and patients in a location adjacent to the Premises in an amount of no less than 70 parking spaces with 6 of said parking spaces to be designated, at Landlord's sole cost and expense, as handicapped parking plus one ambulance space per the parking plan attached hereto as Exhibit B-2. Such parking shall be provided in accordance with all applicable federal, state and local laws, ordinances and regulations. Except as may be required under the covenants, conditions and restrictions referenced in Exhibit D hereafter and except for repaving and/or re-striping, Landlord shall not be permitted to make changes to any parking spaces located within seventy-five feet (75') of the Premises during the Lease Term.

## ARTICLE 25 - BROKERS

25.1. Brokers. Landlord and Tenant hereby represent to each other that they know of no other real estate broker or agent who is entitled to a commission or finder's fee in connection with this Lease. Each party shall indemnify, protect, defend, and hold harmless the other party against all claims, demands, losses, liabilities, lawsuits, judgments, and costs and expenses (including reasonable attorney fees) for any leasing commission, finder's fee, or equivalent compensation alleged to be owing on account of the indemnifying party's dealings with any real estate broker or agent other than Broker. The terms of this Article 25 shall survive the expiration or earlier termination of this Lease.

## ARTICLE 26 - MISCELLANEOUS PROVISIONS

26.3. Application of Payments: No Accord and Satisfaction. All payments received by either party under the terms of this Lease shall be applied to the oldest payment obligation then owed by the payor. No designation contained in a separate writing or on a check or money order shall (a) modify this clause or have any force or effect without the written consent of the other party or (b) constitute an accord and satisfaction. Each party may accept checks or payments without prejudice to its right to recover all other amounts due under this Lease and to pursue all other remedies provided for in this Lease and applicable law. In no event shall the provisions of this Section 26.3 limit, hinder or otherwise prevent Tenant from exercising any of its offset rights pursuant to the terms of this Lease.

26.4. No Waivers. No waiver of any provision of this Lease shall be implied by any failure of either party to enforce any remedy for the violation of that provision, even if that violation continues or is repeated. Any waiver by a party of any provision of this Lease must be in writing,

and such written waiver shall affect only the provision(s) specified and only for the time and in the manner stated in the writing.

26.6. Time of the Essence. Time is of the essence of this Lease and each of its provisions.

26.7. Recording—Memorandum of Lease. This Lease shall not be recorded but, at the request of the other party, Landlord and Tenant shall execute, acknowledge before a notary public, and deliver a memorandum of lease. The costs of recording any memorandum of lease shall be borne by the party requesting its execution.

As such, Landlord and Tenant hereby agree that the rule of construction that a document be construed most strictly against the party that prepared the document shall not be applied.

26.13. Severability. If a court of competent jurisdiction holds any provision of this Lease invalid or unenforceable in whole or in part for any reason, the validity and enforceability of the remaining clauses shall not be affected.

**Affiliation/Transfer Agreement**

## PATIENT TRANSFER AGREEMENT

This Patient Transfer Agreement (“Agreement”) is entered into this 16<sup>th</sup> day of April, 2008 (the “Effective Date”), between Providence **St. Peter Hospital** (“Hospital”), and Renal Care Group Northwest, Inc., a Delaware corporation (“Transferring Facility”) and an affiliate of Fresenius Medical Care Holdings, Inc., d/b/a Fresenius Medical Care North America, a New York Corporation.

To facilitate continuity of patient care and the timely transfer of patients and records from Transferring Facility to Hospital, the parties agree as follows:

1. If a determination is made by the attending physician that a patient requires transfer from the Transferring Facility to the Hospital, Hospital agrees to admit the patient as promptly as possible, as long as it has the available space, qualified personnel and appropriate services for the treatment of the patient, and the requirements of applicable federal and state laws and regulation are met.
2. Transferring Facility has the responsibility for transferring the patient to the Hospital and agrees to use qualified personnel and necessary equipment, including medically appropriate life support measures, during the transfer.
3. Transferring Facility agrees to provide the Hospital with appropriate documentation as necessary to ensure continuity of patient care. This information should include, as a minimum, the patient’s medical record (i.e., summary of physician findings, nursing notes, flow sheets, lab and radiology reports, copy of EKG, relevant transfer forms, signed consent for transfer, etc.). This documentation will be sent to the Hospital at the time of transfer unless doing so would jeopardize the patient; in which case, the documentation will be sent as promptly as possible after the transfer.
4. To the extent possible, patients will be stabilized prior to transfer to ensure the transfer will not, within reasonable medical probability, result in harm to the patient or jeopardize their survival.
5. All transfers will be done in accordance with applicable federal and state laws and regulations and in accordance with the standards of The Joint Commission.
6. Transferring Facility will be responsible for the transfer or other appropriate disposition of the patient’s personal effects, particularly money and valuables.

7. Charges for services performed by either party shall be collected by the party rendering the service from the patient, third party payor, or other sources normally billed by the party. Neither party shall have any liability to the other for such charges, except to the extent such liability would exist separate from this Agreement. The parties shall cooperate with each other in exchanging information about financial responsibility for services rendered by them to patients transferred to the Hospital.

8. Transferring Facility shall indemnify, hold harmless and defend the Hospital, its agents and employees from and against any claim, loss damage, cost, expense or liability, including reasonable attorney's fees, arising out of or related to the performance or nonperformance by the Transferring Facility, its agents and employees of any duty or obligation of the Transferring Facility under this Agreement.

9. Hospital shall indemnify, hold harmless and defend the Transferring Facility, its agents and employees from and against any claim, loss damage, cost, expense or liability, including reasonable attorney's fees, arising out of or related to the performance or nonperformance by the Hospital, its agents and employees of any duty or obligation of the Hospital under this Agreement.

10. The parties shall maintain at their own expense comprehensive general and professional liability insurance and property damage insurance adequate to insure them against risks arising out of this Agreement, with limits no less than those customarily carried by similar facilities. Upon request, each party shall furnish the other party with evidence of such insurance. During the term of this Agreement, each party shall immediately notify the other of any material change in such insurance.

11. Nothing in this Agreement shall be construed as limiting the rights of either party to contract with any other facility or entity on a limited or general basis.

12. Transferring Facility represents and warrants that neither Transferring Facility nor Transferring Facility's shareholders, owners, principals, partners or members (if applicable) are presently debarred, suspended, proposed for debarment, declared ineligible, or excluded from participation in any federally funded health care program, including Medicare and Medicaid. Transferring Facility agrees to immediately notify Hospital of any threatened, proposed, or actual debarment, suspension, or exclusion from any federally funded health care program, including Medicare and Medicaid.

13. This Agreement shall be in effect on the date it is signed by both parties and shall continue until terminated as follows: (i) either party may terminate this Agreement immediately upon a breach of its terms by the other party, or (ii) either party may terminate this Agreement without cause by giving the other party not less than ninety (90) days written notice.

14. This Agreement may be signed in counterparts each of which will be considered an original.

15. This Agreement shall be interpreted and construed in accordance with laws of the state in which Hospital is located. Venue for any action to enforce its terms shall be in the county in which Hospital is located. This Agreement embodies the entire agreement of the parties relating to transfer of patients from Transferring Facility to Hospital, and supercedes all prior agreements, representations and understandings of the parties. This Agreement may only be modified or amended in writing. Amendments and modifications must be signed by both parties to be effective.
