Purpose: Licensed optometrist continuing education (CE) and reducing barriers to licensure. To implement and comply with Section 8 of Second Substitute House Bill (2SHB) 1724 (chapter 425, Laws of 2023) codified as RCW 18.130.077 and to reduce barriers for entering into and remaining in the health care workforce, the Board of Optometry (board) is adopting an amendment to WAC 246-851-490 that removes the jurisprudence (JP) examination requirement from initial licensure.

The board is also adopting amendments to WAC 246-851-090 that adds the JP exam as a requirement for a licensed optometrist's first full CE reporting period, allowing it to count for a maximum of three hours within the existing CE hour requirements. The board is also adopting amendments to clarify the number of allowable CE hours in specific course settings by limiting the number of CE credit hours that may be obtained through asynchronous learning and adding a minimum number of CE credit hours that must be obtained through synchronous and in-person learning.
