Purpose: Substance use disorder professionals and trainees – reducing barriers to joining the workforce and streamlining the credentialing process.

The Department of Health (department) is amending the following Substance Use Disorder Professionals and Substance Use Disorder Professionals Trainees rules in WAC 246-811-010, 246-811-025, 246-811-030, 246-811-035, 246-811-045, 246-811-046, 246-811-048, 246-811-049, 246-811-060, 246-811-070, 246-811-220, 246-811-240, 246-811-260, 246-811-990 and creating WAC 246-811-310.

The department is adopting these emergency rules to reduce barriers to entering and remaining in the behavioral health workforce, to streamline the substance use disorder professional (SUDP) and trainee credentialing process, and to implement recent legislation. Legislation being implemented includes Second Substitute House Bill (2SHB) 1724 (chapter 425, Laws of 2023), Engrossed Second Substitute House Bill (E2SHB) 2247 (chapter 371, Laws of 2024), and Second Substitute Senate Bill (2SSB) 6228 (chapter 366, Laws of 2024).

These emergency rules will streamline the credentialing process by: (1) allowing certain educational programs to meet the coursework requirements of WAC 246-811-030 without further department review; (2) removing the limit on trainee credential renewals; (3) removing the requirement for trainees to work in behavioral health agencies; (4) removing the seven-year cap on earned trainee experience; (5) lowering the experience requirements for approved supervisors; (6) removing the requirement that supervisors be on site with trainees after the first 50 hours of supervised experience; (7) reducing the minimum continuing education requirements for SUDPs; (8) implementing out of state substantial equivalency applicant criteria to align with RCW 18.130.077; and (9) reducing certification and renewal fees to \$100 per year.

The department initially implemented these changes through emergency rules that were filed on June 4, 2024, under WSR 24-12-078, and continued on October 2, 2024, under WSR 24-21-002. The department is now continuing these emergency rules with an additional amendment. The emergency rule amends the continuing education (CE) requirements in WAC 246-811-220, 246-811-240, and 246-811-260 to require 20 hours of continuing education per cycle, rather than 12 hours as was required in previous emergency rules. Because these emergency rules are being continued at the same time as permanent rulemaking, the department has had the opportunity to receive feedback from members of the profession about the appropriate amount of continuing education. The change from 12 to 20 hours is still intended to reduce barriers by reducing the number of CE hours currently required (28 hours) as part of the existing licensure requirements but reflects work down with interested parties. This emergency rule also implements a change that clarifies that CE completed as a professional development activity under WAC 246-811-260 counts toward the total continuing education requirement of 20 hours.

These emergency rules are being continued while permanent rulemaking is in progress under WSR 24-10-011, filed April 18, 2024.

New: WAC 246-811-310

Repealed: None

Amended: WACs 246-811-010, 246-811-025, 246-811-030, 246-811-035, 246-811-045, 246-811-046, 246-811-048, 246-811-049, 246-811-060, 246-811-070, 246-811-220, 246-811-240, 246-811-260, and 246-811-990

Suspended: None

Statutory authority for adoption: RCW 18.130.077, 18.130.800, and 18.205.060

Other authority: 2SHB 1724 (chapter 425, Laws of 2023), 2SSB 6228 (chapter 366, Laws of 2024), and E2SHB 2247 (chapter 371, Laws of 2024)

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding:

2SHB 1724 specifically required the department to adopt emergency rules reducing barriers to the workforce by July 1, 2024. Additionally, E2SHB 2247 and 2SSB 6228 included provisions that had to be implemented promptly.

2SHB 1724 required the department to remove barriers to obtaining credentials and required the adoption of emergency rules by July 1, 2024, while permanent rules are in progress. As a result, the department adopted and is continuing emergency rule amendments based on feedback from SUDPs, trainees, and other members of the behavioral health workforce about the barriers they face.

E2SHB 2247 removed the requirement that trainees may work only in licensed behavioral health agencies and removed the limitations on trainee renewals. Because these changes were made based on the department's recommendations under 2SHB 1724, the department implemented amendments promptly, consistent with the required timeline for 2SHB 1724 when possible.

2SSB 6228 capped certification and renewal fees for SUDPs and trainees at \$100, effective starting July 1, 2024. To avoid a conflict between statute and the fee schedule in WAC 246-811-990, the department amended the rule section through emergency rule.

Without emergency rules, the department would be unable to meet the implementation deadlines required by legislation. Additionally, many barriers for SUDPs would persist. For example, some SUDP trainees would be unable to obtain a full credential due to (1) a lack of available renewals for their trainee credential; (2) having obtained experience more than seven years in the past, with no ability to earn recent hours due to a lack of available renewals; or (3) difficulty finding an approved supervisor. Additionally, mobile clinics with SUDPs would be unable to meet requirements for on-site supervision, limiting capacity to provide services during an ongoing opioid crisis.

Through continued emergency rules, credentialing processes will be streamlined by removing requirements that the department conduct coursework reviews for individuals who complete degree programs in substance use disorder counseling; reducing the number of continuing education requirements from 28 to 20 hours; and lowering the amount of time an out-of-state applicant must be credentialed before meeting the experience, education, and examination requirements listed under current rule.
