

WA DOH Monthly Tribal Meeting Listening Session

MARCH 20, 2025

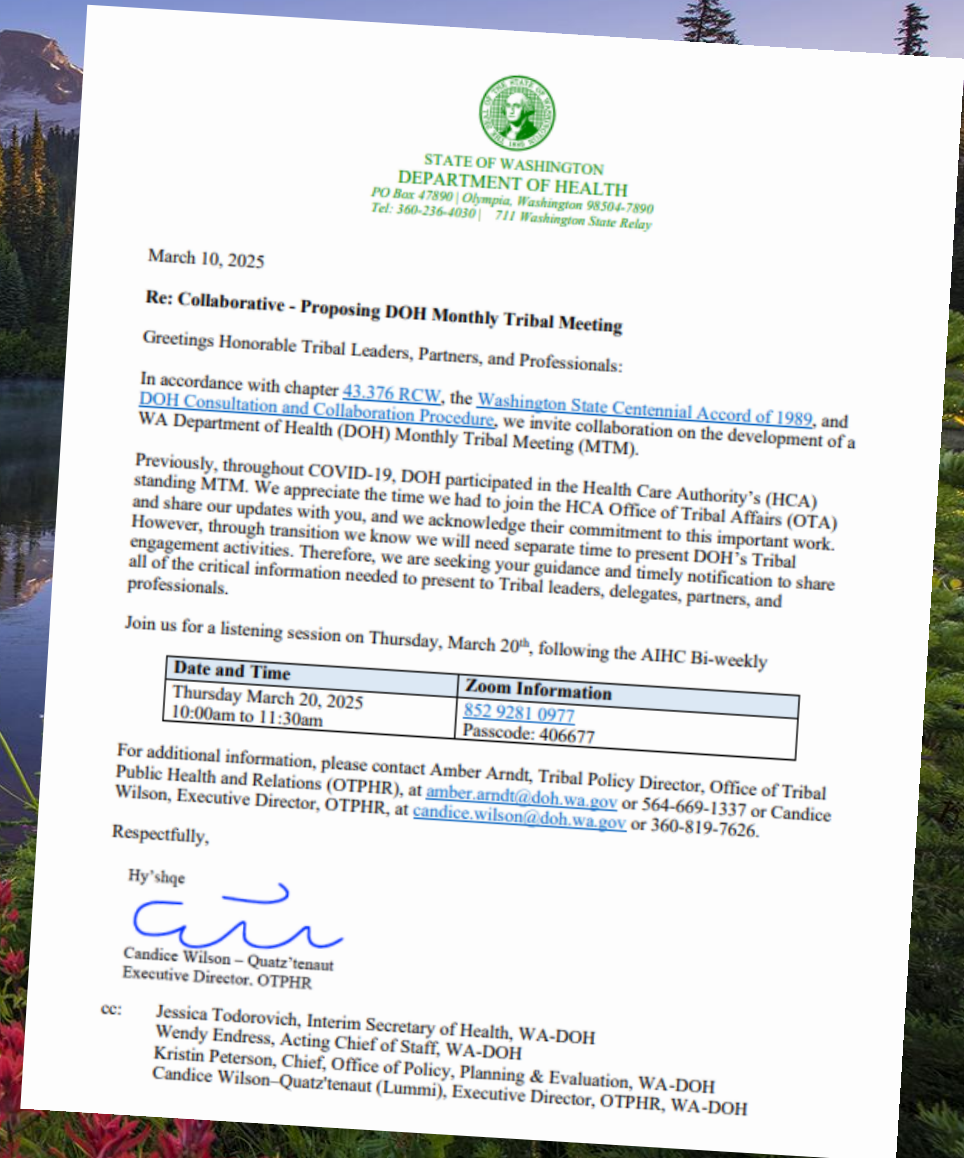

Overview

Monthly Tribal Meeting

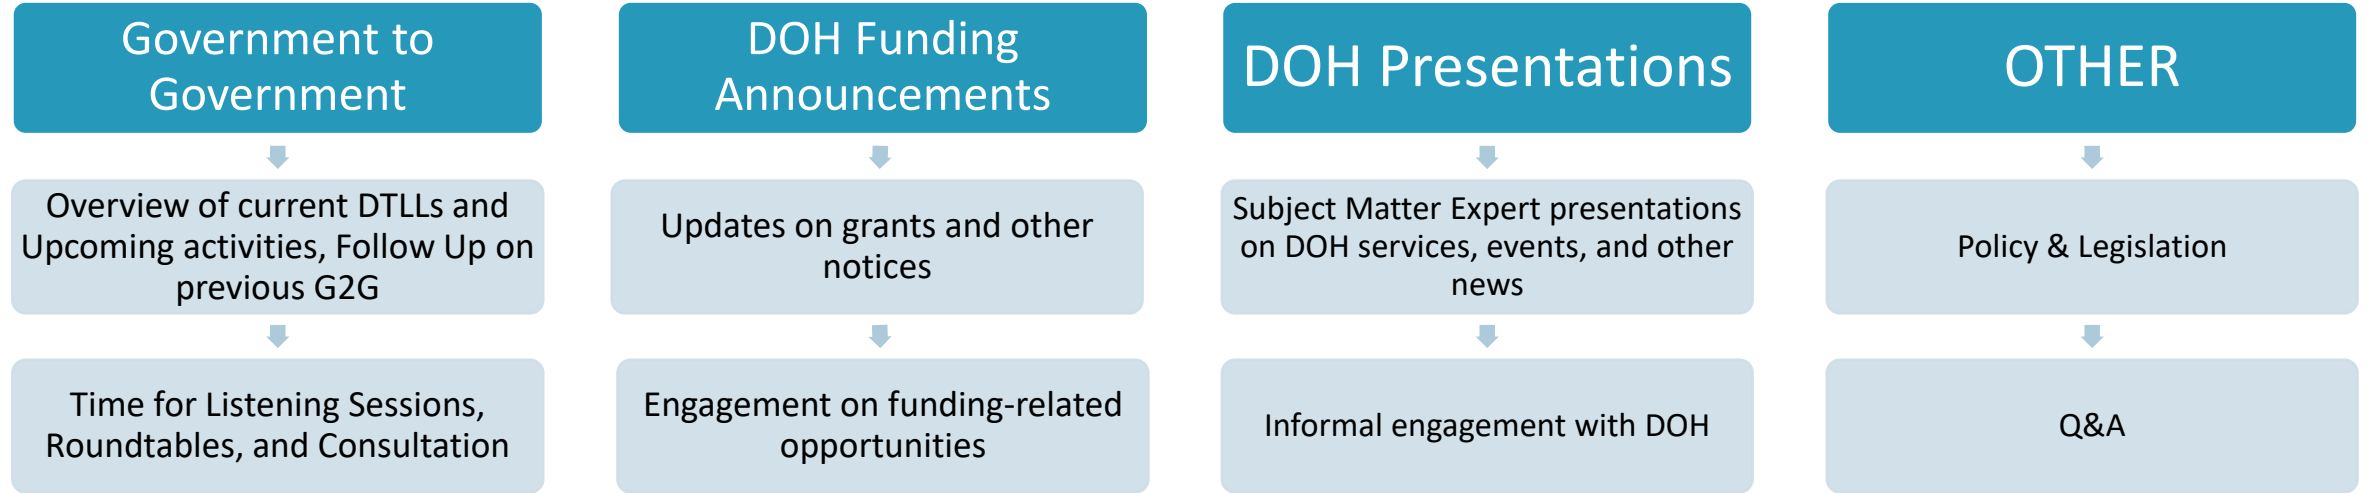

Previously, during COVID, DOH and other partners participated in the WA HCA's Monthly Tribal Meeting. However, DOH and other agencies have had to minimize our time in that space due to HCA's need to use that time for their critical engagement with Tribes. As such, DOH has been assessing our tribal engagement strategies and on March 10, 2025 we sent out a Collaborative DTLL to seek Tribal guidance in a DOH MTM or other ways we can ensure to create space to regularly engage with Tribes and Tribal partners.

@WaDeptHealth
@WaHealthSec

Proposed Priorities for DOH MTM

What are we missing?

DOH MTM –POLL

- How are we doing overall on engaging with you?
- How important would a dedicated MTM time be to you?
- Would you like to see the existing HCA MTM increased so we can have DOH MTM on the same day?
- Would you like to see the DOH MTM added to another meeting space?
- Would you prefer no additional time with DOH?

DOH team at the 2024 Centennial Accord with prior Secretary of Health Dr. Shah

DOH MTM –POLL Results- 9 entries

How are we doing overall on engaging with you?

Great	8/9	89%
Not enough	1/9	11%

How important would a dedicated DOH MTM time be to you?

Important	8/9	89%
Not Important	1/9	11%

Would you like to see the existing HCA MTM increased so we can have DOH MTM on the same day?

Yes	3/9	33%
No	6/9	67%

Would you like to see The DOH MTM added to another meeting space?

Yes	2/9	22%
No	7/9	78%

Would you prefer **no additional time** with DOH ?

Yes	1/9	11%
No	8/9	89%

Follow up question: With the almost unanimous preference for dedicated MTM time with DOH from the attendees – How much time?

Answer: Almost unanimously requested one hour so that it is streamlined, some meetings are unnecessarily long.

Comments

- How do we get pulled into DOH meetings with other units to ensure that OTPHR is working with the DOH staff having meetings with tribes in the beginning of the conversation? How do we guide DOH through tribal engagements, what can tribes do to ensure that OTPHR is pulled in in the very beginning of communications?
 - Sharing the postings of the rulemaking postings by DTLL, sharing what the upcoming projects DOH has going on.
 - Launched an internal DOH sharepoint site for easier coordination, training, and support for DOH offices.
 - We have initiated new employee trainings, continuing education trainings, and other resources, guides, toolkits.
- Having Tribal people in leadership roles makes DOH great, would be nice to look for other creative ways to get information out- DTLLs don't always go to the correct people. Have a place where people can go in real time to see the updates. Having another meeting is an added burden. – finding a way to be efficient to share out information. The Medicaid cuts are going to be very hard on everyone and the tribes. – look for all avenues to share information a resource site to remind people to go to to get information in real time. Meetings are good but not a lot of time.
- Need Tribal Leaders in the decisionmaking for this to move forward

Next Steps

- We need input from Tribal Leaders/Delegates
 - Tribal engagement through coordinated workgroups TBD
- DOH will develop a proposal for a 1 hour DOH MTM based on listening session poll results; OR
- DOH will continue to coordinate presentations and formal government-to-government in existing meeting spaces as available and appropriate

Listening Session Attendants

3/20/25 Listening Session Attendants

Tribal Leaders or Delegates

Michael Christensen - Nisqually Tribe

Desiree White – Skokomish Tribe

Andrew Shogren – Jamestown Sklallam

Liz Henry - Kalispel Healthcare Admin.

Sarah Sullivan – Swinomish Indian Tribe

Tara Olsen – (LNHC) Lummi Nation Healthcare Admin.

Kim Coombs – Shoalwater Bay Tribal

Dr. Frank James – Lummi Nation

Tribal Organizations or Other Partners

Rebecca Descombes – NPAIHB

Jessica McKee - AIHC

Faith Turk – AIHC
