**Re: Informative- Update Flu & RSV Immunization Dashboard Data**

Greetings Honorable Tribal Leaders, Partners, and Professionals:

In accordance with chapter [43.376 RCW](#), the [Washington State Centennial Accord of 1989](#), and [DOH Consultation and Collaboration Procedure](#), we are reaching out to share that we will be incorporating race/ethnicity at the county and state level, as a data group to the existing Washington Department of Health (WA-DOH) Office of Immunization's [RSV & Flu Immunization Dashboards](#).

All data will be summarized and de-identified – no individual or Tribal-specific information will be disclosed. To protect confidentiality, data from areas with small numbers of immunizations will be suppressed according to [Guidelines for Working With Small Numbers](#) in order to avoid any potential identification. The data is sourced from the [Washington State Immunization Information System](#) (WAIIS), and all participating providers have an Immunization Data Sharing Agreement in place to ensure the data is handled securely and responsibly. This enhancement brings the Flu & RSV Dashboards into alignment with the existing [COVID-19 Immunization Dashboard](#).

For additional information, please contact Lisa Niels, Immunization Tribal Liaison, at [Lisa.Niels@doh.wa.gov](mailto:Lisa.Niels@doh.wa.gov) or Candice Wilson, Executive Director, Office of Tribal Public Health and Relations (OTPHR), at [candice.wilson@doh.wa.gov](mailto:candice.wilson@doh.wa.gov) or 360-819-7626.

Best,
