	Beginning (date and time): The date and time of this filing				Other: 564-669-8421 (Work Mobile)				
	By (date and time): May 28, 2025, 11:59 PM				By (date): May 21, 2025				

Purpose of the proposal and its anticipated effects, including any changes in existing rules: The proposed rules update the requirements for radiologic imaging professionals, under chapter 246-926 WAC, to establish a new designation in the profession for MRI technologists. The changes to existing rules will outline the certification pathway for MRI technologists in Washington state and regulate the standards of this credential type to protect the safety of patient care. By establishing the

new MRI credential, the department anticipates that the radiologic imaging profession will have a clearer scope of practice. This proposed rule change will allow radiologic imaging professionals to become certified as MRI technologists through the nationally recognized accrediting organizations. Reasons supporting proposal: The department is proposing adding a new section to and updating sections of chapter 246-926 WAC to implement SHB 2355, which establishes a new certification of MRI technologists. The department is proposing a new section, WAC 246-926-125, and necessary amendments to WAC 246-926-020, 246-926-030, 246-926-095, 246-926-135, 246-926-150, 246-926-155, 246-926-165, and 246-926-990 to establish the new MRI credential. Rulemaking is necessary to establish a new credential type under the radiological technologist chapter, including rules on application processes, primary and alternative education and training pathways, national certification examinations, and fees. Statutory authority for adoption: RCW 18.84.040, 18.84.080, 43.70.250, and Substitute House Bill 2355 (chapter 94, Laws of 2024) in chapter 18.84 RCW Statute being implemented: RCW 18.84.080 Is rule necessary because of a: Federal Law? ☐ Yes ⊠ No Federal Court Decision? ☐ Yes ⊠ No State Court Decision? ☐ Yes ⊠ No If ves.
