Getting Vaccinated to Protect Against COVID-19 Illness

Are you up to date on your COVID-19 vaccines?

COVID-19 vaccines are the best way to prevent severe illness, hospitalization and death. Talk to your healthcare provider or pharmacist to see if you are eligible for an updated dose this year. You can also check your immunization status and shot records for free at www.myirmobile.com.

COVID-19 Vaccine Safety

COVID-19 vaccines have been tested like all other vaccines and passed the same steps for approval. For more detailed information please see the CDCs vaccine safety page: Vaccine Safety

Is it safe to receive other vaccines at the same time as the COVID-19 vaccine?

Yes, it is safe to get a COVID-19 vaccine at the same time that you get other vaccines. You do not need to schedule other recommended vaccines separately from COVID-19 vaccination.

Where do I get the vaccine?

You can find a vaccine at Vaccines.gov

JUNE 2025 DOH 820-246

Is there a cost for COVID-19 vaccines?

*Most insurance plans cover the cost of COVID-19 vaccines. Children under 19 years old can receive vaccines through the Washington State **Childhood Vaccine Program** at no cost, regardless of insurance status.*

Adults that do not have insurance or insurance does not cover COVID-19 vaccine, may be eligible to receive one at low cost from a provider participating in the Washington State Adult Vaccine Program (AVP). Your AVP provider may charge an administrative fee to give the vaccine, but you may request this fee be waived if you are unable to pay.

*You can find participating providers by using the **AVP provider map.** You can call an AVP provider near you for more information on product availability and scheduling.*
