#### **Introduction and Project Rationale**

QualiCenters Inland Northwest, LLC, parent company – Fresenius Medical Care Holdings, Inc ("FME"), owns and operates a certificate of need ("CN") approved kidney dialysis facility named Fresenius Kidney Care QCI Walla Walla ("FKC Walla Walla") in Walla Walla, Washington within the Walla Walla ESRD Planning Area. FKC Walla Walla is currently CN-approved to operate seventeen (17) total in-center stations, inclusive of one (1) exempt isolation station.

FKC Walla Walla is the sole planning area provider in the Walla Walla ESRD Planning Area. Please see Figure 1 below for a map of the planning area.

FME submits this nonspecial ESRD CN-application requesting to expand FKC Walla Walla by three (3) in-center stations. FME requests approval for its proposed project under the standards established in WAC 246-310-824, "Kidney disease treatment centers—Exceptions."

#### WAC 246-310-824

#### Kidney disease treatment centers—Exceptions.

The department will not approve new stations in a planning area if the projections in WAC <u>246-310-812(4)</u> show no net need, and will not approve more than the number of stations projected as needed unless:

(1) The proposed project qualifies under WAC <u>246-310-818</u> for special circumstances one- or two-station expansions; or

- (2) All other applicable review criteria and standards have been met; and
- (3) One or more of the following have been met:
- (a) The department finds the additional stations are needed to be located reasonably close to the people they serve; or
- (b) Existing dialysis stations in the kidney disease treatment center requesting the exception are operating at 5.5 patients for a 4.8 planning area or, 3.7 patients per station for the 3.2 planning areas. Data used to make this calculation must be from the most recent quarterly modality report from the Network as of the letter of intent submission date; or
- (c) The applicant documents a significant change in ESRD treatment practice has occurred, affecting dialysis station use in the planning area; and
- (4) The department finds that exceptional circumstances exist within the planning area and explains the approval of additional stations in writing.

### WAC 246-310-824(1): The proposed project qualifies under WAC 246-310-818 for special circumstances one- or two-station expansions; or

This FKC Walla Walla request is submitted under 2025 Nonspecial Circumstances Cycle One. Therefore, WAC 246-310-824(1) which pertains to special circumstances is not applicable.

### WAC 246-310-824 (2): All other applicable review criteria and standards have been met; and

Please see the remainder of this application for materials to demonstrate FKC Walla Walla's conformance to all other applicable review criteria and standards.

### <u>WAC 246-310-824(3): One or more of WAC 246-310-824(3)(a) – (c) have been met</u> Both (3)(a) and (3)(c) applies to FKC Walla Walla.

(3)(a) is a criterion concerning whether additional stations are needed to be located reasonably close to the people they serve. See the following key findings that supports FKC Walla Walla's request related to this criterion:

- 1. The numeric need methodology does not incorporate adjustments for patient migration in its demand forecast for dialysis services. This can have a meaningful impact, especially for dialysis facilities that are located by other population centers that are near but not within the same Planning Area geographic boundary.
- According to the 4Q2024 ESRD Network 16 modality report, there were 50 incenter patients residing in Walla Walla County. However, under the same 4Q2024 modality report, FKC Walla Walla served 64 in-center patients.
- 3. Beginning in 2Q2019, the ESRD Network 16 modality reports began reporting by zip code the number of patients dialyzing in Washington State, enabling review of

out-of-state resident in-migration to a Washington State dialysis facility. Figure 2 below presents in-center patient census by quarter for zip code 97862 which is an Oregon zip code directly across the border from Walla Walla. The main town in zip code 97862 is Milton Freewater, OR. Between 2019 to 2021, there were relatively few patients from zip code 97862 reported as "dialyzing in Washington". However, there is a large spike observed by the end of 2021 which coincided with the permanent closure of Fresenius Kidney Care's Milton Freewater facility. Consequently, several patients previously receiving care at FKC Milton Freewater began receiving services at FKC Walla Walla. This is demonstrated by the large spike in patients found in Figure 2. As shown in the patient origin table provided in the Need section of this application, FKC Walla Walla continues to serve approximately 12-14 patients from zip code 97862.

4. Zip code 97862 is not captured in the numeric need methodology despite having 14 patients from that zip code reported in the 4Q2024 modality report as dialyzing in Washington State. This is a material factor to consider when assessing capacity needed in Walla Walla to ensure availability of services for Walla Walla residents and those located in the surrounding region who rely on FKC Walla Walla for dialysis services.

<sup>&</sup>lt;sup>1</sup> The ESRD Network 16 modality reports, including census estimates of patients dialyzing in Washington by zip code, referred to in this section are the same data sets used by the Department to construct its numeric need forecasts.

(3)(c) is a criterion concerning whether the applicant documents a significant change in ESRD treatment practice has occurred, affecting dialysis station use in the planning area. See the following key findings that supports FKC Walla Walla's request related to this criterion:

- 1. When the rules were finalized in 2017, though not effective until 2018, dialysis facilities were normally able to staff three shifts in the more urban counties. Today, post-COVID-19 pandemic, these extra shifts are becoming more and more challenging due to a historical shortage of staff brought on by the pandemic—which remains ongoing. This is important, as the assumptions embedded in the numeric need methodology such as the 4.8 patients per station standard are based on operational patterns from before 2020 that are not up-to-date, yet it directly impacts the need calculations.
- 2. Under WAC 246-310-812, projected station need is based on either a 4.8 resident in-center patients per station standard (4.8 planning area) or 3.2 resident in-center patients per station standard (3.2 planning area). Based on review of which counties are assigned which occupancy standard, it appears that counties with populations of less than 50,000 residents were classified as a 3.2 planning area. Walla Walla only has approximately 60,000 65,000 residents yet it is still held to the same station use rates as large, dense metropolitan populations. Therefore, the arbitrary 50,000 population threshold for the 4.8 planning area is not the most appropriate for Walla Walla. With changes in capabilities to staff dialysis centers, as noted above, the 3.2 planning area standard is a more reasonable standard to apply to Walla Walla. For reference, under the 4Q2024 modality report, FKC Walla Walla operated at 4.0 patients per station (i.e. 64 in-center patients divided by 16 stations counted in supply).

WAC 246-310-824(4): The department finds that exceptional circumstances exist within the planning area and explains the approval of additional stations in writing.

Please see the exceptional circumstances described above in our project rationale related to WAC 246-310-824(3). A summary list is presented below:

- 1. FKC Walla Walla is the sole planning area provider in the Walla Walla County planning area.
- 2. FKC Walla Walla serves approximately 64 in-center patients. Approximately 12-14 of these in-center patients in-migrate from zip code 97862 (Milton Freewater). These Milton Freewater patients are not captured in the numeric need methodology. FKC Walla Walla experienced an increase in patients from zip code 97862 following the permanent closure of the FKC Milton Freewater dialysis center. Importantly, FKC Walla Walla is the nearest facility to Milton Freewater. This is a material factor to consider when assessing capacity needed in Walla Walla to ensure availability of services for Walla Walla residents and those located in the surrounding region who rely on FKC Walla Walla for dialysis services.
- 3. The station-use assumptions embedded in the need methodology are not up-to-

date with current operational circumstances post-pandemic, especially for counties with lower population such as Walla Walla. Specifically, the assumption that facilities in metropolitan areas can effectively operate at 4.8 patients per station is not applicable to FKC Walla Walla. The town of Walla Walla is relatively small in population size and there are no other nearby populations centers to draw clinic staff from.

- 4. FKC Walla Walla has space available on its existing treatment floor to accommodate a 3-station expansion without requiring additional construction. Only minimal equipment costs are required.
- 5. The additional stations will allow for greater capacity of day shift slots available to patients. There are patients and staff on FKC Walla Walla's evening shift who would like day shift options. FKC Walla Walla will continue to provide evening shift services as needed by patients, but the expansion enables greater flexibility to accommodate patients' preference and reduce strain on staff.

Overall, additional stations will not only provide additional capacity to provide reasonable, local access to patients, but it will also enable more sustainable operations.

#### **Certificate of Need Review Criteria**

#### A. Need (WAC 246-310-210)

WAC 246-310-210 provides general criteria for an applicant to demonstrate need for healthcare facilities or services. WAC 246-310-800 through WAC 246-310-833 provide specific criteria for kidney disease treatment center applications. Documentation provided in this section must demonstrate that the proposed facility will be needed, available, and accessible to the community it proposes to serve. Some of the questions below only apply to existing facilities proposing to expand. If this does not apply to your project, so state.

1. List all other dialysis facilities currently operating in the planning area, as defined in WAC 246-310-800(15).

Please see Table 1 that lists certificate of need approved stations in the Walla Walla Dialysis Planning Area.

**Table 1. Walla Walla Dialysis Planning Area Providers** 

NAME	Station Count
FKC Walla Walla	16

Note: station count excludes 1 isolation station

- 2. Provide utilization data for the facilities listed above, according to the most recentNorthwest Renal Network / Comagine ESRD Network 16 modality report. Based on the standards in <u>WAC 246-310-812(5) and (6)</u>, demonstrate that all facilities inthe planning area either:
  - a) have met the utilization standard for the planning area;
  - b) have been in operation for three or more years; or
  - c) have not met the timeline represented in their Certificate of Need application.

Table 2 below presents the utilization reported by Walla Walla Dialysis Planning Area provider(s) according to the most recent quarterly ESRD Network 16 modality report as of the letter of intent submission date as required in WAC 246-310-812(5)-(6).

Table 2. Walla Walla Dialysis Planning Area Provider Utilization – 4Q2024

FKC Walla Walla	16	64	4.00

Note: station count excludes 1 isolation station

Source: ESRD Network 16 Modality Report (4Q2024).

FKC Walla Walla is pursuing this request under WAC 246-310-824 (see Introduction and Project Rationale section). Therefore, the standards under WAC 246-310-812(5) are not applicable to the proposed project. With that said, FKC Walla Walla has operated its respective stations for longer than three years (12/7/2020).

3. Complete the methodology outlined in <u>WAC 246-310-812</u>. For reference, copies of the <u>ESRD Methodology</u> for every planning area are available on our website. Please note, under <u>WAC 246-310-812(1)</u>, applications for new stations may only address projected station need in the planning area where the facility is to be located, <u>unless</u> there is no existing facility in an adjacent planning area. If this application includes an adjacent planning area, station need projections for each planning area must be calculated separately.

In-center dialysis station need was determined by applying the five-step methodology set forth in WAC 246-310-812. The specific methodology applied to the Walla Walla Dialysis Planning Area is detailed below:

# Step (a) Determine the Type of Regression Analysis to be Used

Determine the type of regression analysis to be used to project resident in-center station need by calculating the annual growth rate in the planning area using the end-of-year number of resident in-center patients for each of the previous six consecutive years, concluding with the base year.

- (i) If the planning area has experienced less than six percent growth in any of the previous five annual changes calculations, use linear regression to project station need; or
- (ii) If the planning area has experienced six percent or greater growth in each of the previous five annual changes, use nonlinear (exponential) regression to project station need.

Table 3 details the year-end number of in-center hemodialysis patients in the Walla Walla Dialysis Planning Area. As Table 3 demonstrates, every year except 2022 has growth less than 6%. As such, a linear regression is to be used to project station need.

Table 3. Walla Walla Dialysis Planning Area Year-End Resident In-Center Hemodialysis Patients and Annual Rate of Change from Prior Year.

Year	2019	2020	2021	2022	2023	2024
Number of Patients	63	64	49	56	51	50
Rate of Change from Prior			-			
Year		1.6%	23.4%	14.3%	-8.9%	-2.0%

Source: Northwest Renal Network Modality Reports. Please see https://doh.wa.gov/sites/default/files/2025-04/Methods-ESRD-2025.04.30-Final 0.pdf

### Step (b) Project the Number of Resident In-Center Patients

Project the number of resident in-center patients in the projection year using the regression type determined in (a) of this subsection. When performing the regression analysis use the previous five consecutive years of end-of-year data concluding with the base year.

Per WAC 246-310-800(17), the projection year for dialysis station need is defined as the fifth year after the base year. The base year is defined as the most recent calendar year for which December 31 data is available as of the first day of the application submission period from the *Northwest Renal Network's Modality Report*. In this case, the base year is 2024 and the projection year is 2029. Accordingly, Table 4 details the number of projected in-center patients in the Walla Walla Dialysis Planning Area in the years 2025 – 2029 using a linear regression.

Table 4. Walla Walla Dialysis Planning Area Projected Year-End Resident In-Center Hemodialysis Patients. Linear Projection.

# Step (c) Determine the Number of Dialysis Stations Needed

Determine the number of dialysis stations needed to serve resident in-center patients in the planning area in the projection year by dividing the result of (b) of this subsection by the appropriate resident in-center patient per station number from subsection (3) of this section. In order to assure access, fractional numbers are rounded up to the nearest whole number.

As noted above, the projection year is 2028. For the Walla Walla Dialysis Planning Area, the appropriate resident in-center patient per station number is 4.8. Assuming 36 patients in 2029 (step b), dividing by 4.8 and rounding up yields a surplus of eight (8) total stations needed in 2029.

# Step (d) Determine Net Station Need

To determine the net station need for a planning area, subtract the number calculated in (c) of this subsection from the total number of certificate of need approved stations located in the planning area. This number does not include the one department recognized exempt isolation station defined in WAC 246-310-800(9). For example, a kidney dialysis facility that is certificate of need approved and certified for eleven stations would subtract the one exempt isolation station and use ten stations for the methodology calculations.

Subtracting existing stations from 2029 need identifies a surplus of stations. Nevertheless, FME submits this application pursuant the standards established in WAC 246-310-824, "Kidney disease treatment centers—Exceptions." See Project Rationale section above.

#### **Utilization Forecast Methodology**

Please see below for a description of the methodology used to construct the in-center and home patient projections.

#### **In-Center Patients**

Intervening period (2025 and January-May 2026) in-center census (65 patients) is based on average calendar year 2024 census reported for FKC Walla Walla. Modest growth is assumed for 2026 – 2029 once the new stations are available, increasing the forecasted patient census for FKC Walla Walla to 66 patients in 2026, 67 patients in 2027, 68 patients in 2028, and 69 patients in 2029. Zip code 99006 is where FKC Walla Walla primarily draws patients from. During year-to-date 2025, FKC Walla Walla has served on average 66 patients (range of 64 to 69 patients per month). Therefore, the assumed utilization growth is very modest relative to FKC Walla Walla recent and current census. Further, as documented in the introduction and project rationale, the additional stations will provide additional capacity and flexibility to serve patients during the daytime, which is typically preferred. The additional stations will also provide capacity in case there is a surge in patients.

The number of in-center treatments is calculated at 147.1 treatments per year based on calendar year 2024 utilization.

#### **Home Patients**

Home patient count is held constant at 17 patients and based on calendar year 2024 FKC Walla Walla census. The number of home treatments is calculated at 161.6 treatments per year based on calendar year 2024 utilization.

6. For existing facilities, provide patient origin zip code data for the most recent full calendar year of operation.

7. Identify any factors in the planning area that could restrict patient access to dialysisservices. <u>WAC 246-310-210(1), (2)</u>.

Patient access is critical to improving the health and quality of life of our patients. But patient access is multi-faceted and not simply represented by the aggregate number of stations available. Patients require access to the specific treatment modality and convenient hours of operation that meet their individual clinical and personal needs. Further, continuity of care with the same physician and dialysis care team is often integral to addressing patients' care needs.

Patients with limited financial means also face additional barriers to care due to the financial burden of out-of-pocket expenses. However, QCI strives to address this issue for our patients when needed by providing charity. A copy of our charity care policy is contained in Exhibit 6.

8. Identify how this project will be available and accessible to low-income persons, racial and ethnic minorities, women, mentally handicapped persons, and other under-served groups. WAC 246-310-210(2)

All individuals that are medically appropriate and who meet the requirements of FME's admission policy will have access to FKC Walla Walla. FKC Walla Walla's admission policy prohibits discrimination on the basis of race, income, ethnicity, sex or handicap. A copy of the admission policy is contained in Exhibit 7.

A copy of our charity care policy is contained in Exhibit 6.

9. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the limitations of the current site consistent with <u>WAC 246-310-210(2)</u>.

The proposed project is not a partial or full relocation. Therefore, this question is not applicable.

10. If this project proposes either a partial or full relocation of an existing facility, provide a detailed discussion of the benefits associated with

#### relocation consistentwith WAC 246-310-210(2).

The proposed project is not a partial or full relocation. Therefore, this question is not applicable.

#### 11. Provide a copy of the following policies:

- Admissions policy
- Charity care or financial assistance policy
- Patient Rights and Responsibilities policy
- Non-discrimination policy
- Any other policies directly associated with patient access (example, involuntary discharge)

Attached, please find the following exhibits applicable to the FKC Walla Walla clinic:

- Exhibit 6. Charity Care/Indigence Policy
- Exhibit 7A. Patient Admission Policy
- Exhibit 7B. Patient Rights and Responsibilities Policy
- Exhibit 7C. Patient Rights and Responsibilities List
- Exhibit 7D. Patient Acknowledgement of Receipt of Rights and Responsibilities
- Exhibit 7E. Patient Nondiscrimination

#### B. Financial Feasibility (WAC 246-310-220)

Financial feasibility of a dialysis project is based on the criteria in <u>WAC 246-310-220</u> and <u>WAC 246-310-815</u>.

- Provide documentation that demonstrates the immediate and long-range capital and operating costs of the project can be met. This should include but is not limitedto:
  - Utilization projections. These should be consistent with the projections provided under the Need section. Include all assumptions.
  - Pro Forma financial projections for at least the first three full calendar years ofoperation. Include all assumptions.
  - For existing facilities proposing a station addition, provide historical revenue and expense statements, including the current year. Ensure these are in the same format as the pro forma projections. For incomplete years, identify whether the data is annualized.

Please see Exhibit 8A for historical FKC Walla Walla expense and revenue statements. Exhibit 7B includes the required pro forma financial statements. Exhibit 8B also provides key financial pro forma assumptions and sources of information used to prepare the revenue and expense projections, including staffing and salaries, wages, and benefits assumptions.

Utilization projections, including the assumptions used to derive the forecasts, are presented and discussed in Table 7 above and surrounding text.

- 2. Provide the following agreements/contracts:
  - Management agreement.
  - Operating agreement
  - Medical director agreement
  - Development agreement
  - Joint Venture agreement

Note, all agreements above must be valid through at least the first three full years following completion or have a clause with automatic renewals. Any agreements in draft form must include a document signed by both entities committing to execute the agreement as submitted following CN approval.

The medical director agreement is included in Exhibit 9.

3. Provide documentation of site control. This could include either a deed to the site or a lease agreement for the site. If a lease agreement is provided, the terms must be for at least five years following project completion.

Included in Exhibit 10A is a copy of the lease agreement between QualiCenters Inland Northwest, LLC (Tenant) and Brenaker Properties, LLC (Landlord). Exhibit 10B contains a property summary report from the Walla Walla County Assessor's Office for the applicable parcel where FKC Walla Walla is located.

Pursuant to the Lease Commencement Date Certificate, the Commencement Date of the Lease is March 16, 2020 and the Lease Expiration Date is March 31, 2035.

4. Provide county assessor information and zoning information for the site. If zoninginformation for the site is unclear, provide documentation or letter from themunicipal authorities showing the proposed project is allowable at the identified site.

FKC Walla Walla is an existing facility. The proposed expansion will be completed at the same site where it currently operates. Therefore, this question is not applicable to the proposed project.

5. Complete the table below with the estimated capital expenditure associated with this project. Capital expenditure for the purposes of dialysis applications is defined under <u>WAC 246-310-800(3)</u>. If you have other line items not listed below, include the definition of the line item. Include all assumptions used to create the capital expenditure estimate.

Table 9. FKC Walla Walla Capital Expenditures, by Type

Item	TOTAL
a. Land Purchase	
b. Utilities to Lot Line	
c. Land Improvements	
d. Building Purchase	
e. Residual Value of Replaced Facility	
f. Building Construction	
g. Fixed Equipment (not already included in theconstruction contract)	
h. Movable Equipment	\$55,140
i. Architect and Engineering Fees	
j. Consulting Fees	
k. Site Preparation	
I. Supervision and Inspection of Site	
m. Any Costs Associated with Securing the Sources of Financing	
(include interim interest during construction)	
n. Washington Sales Tax	\$902
Total Estimated Capital Expenditure	\$56,042

6. Identify the entity responsible for the estimated capital costs identified above. If more than one entity is responsible, provide breakdown of percentages and amounts for all.

The applicant is the sole entity responsible for the capital costs identified above.

7. Provide a non-binding contractor's estimate for the construction costs for the project.

FKC Walla Walla's existing treatment floor is able to accommodate all three proposed expansion stations. No additional construction is required. Therefore, a non-binding contractor estimate for construction costs is not applicable to the proposed project.

8. Provide a detailed narrative regarding how the project would or would not impact costs and charges for services. WAC 246-310-220.

This project has no impact on either charges or payment, as reimbursement for kidney dialysis services is based on a prospective composite per diem rate. In the case of government payers, reimbursement is based on CMS (Center for Medicaid and Medicare) fee schedules which have nothing to do with capital expenditures by providers such as FME. In the case of private sector payers, FME negotiates national, state, and regional contracts with payers. These negotiated agreements include consideration/negotiation over a number of variables, including number of covered lives being negotiated; the provider's accessibility, including hours of operation; quality of care; the provider's patient education and outreach; its performance measures such as morbidity and/or mortality rates; and increasingly, consideration of more broad performance/quality measures, such as the CMS Quality Incentive Program ("QIP") Total Performance Score ("TPS").4

FME does not negotiate any of its contracts at the facility-level, thus, the capital costs associated with the proposed FKC Walla Walla project would have no impact on payer negotiations or levels of reimbursement. In this regard, facility-level activities, such as number of FTEs, operating expenses or capital expenditures have no effect on negotiated rates, since such negotiations do not consider facility-level operations. As such, the proposed FKC Walla Walla project will have no effect on rates FME would receive in the Walla Walla Dialysis Planning Area.

9. Provide documentation that the costs of the project, including any construction costs, will not result in an unreasonable impact on the costs and charges for healthservices in the planning area. WAC 246-310-220.

See our response above for an explanation of the basis for FME reimbursement. As described above, FME does not negotiate any of its contracts at the facility-level, thus,

<sup>&</sup>lt;sup>4</sup> Please see: http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/ESRDQIP/

the capital costs associated with the proposed FKC Walla Walla project will have no impact on payer negotiations or levels of reimbursement.

As a follow-up to this question regarding impacts on costs, charges and reimbursement, and what elements make up reimbursement, which is what the question focuses on, it should be noted that CMS has implemented QIP with the express purpose of linking payment for care directly to providers' performance on quality of care measures.<sup>5</sup> Over time, all payers will adapt some or all of these same standards, and will increasingly tie reimbursement to TPS measures.

10. Provide the historical and projected payer mix by revenue and by patients using the example table below. If "other" is a category, define what is included in "other."

Table 10. FKC Walla Walla Dialysis Center, Payer Mix, by Revenue and by Patient

Payor Class	Mix Based on Patients	Mix based on Revenue
Commercial	5.6%	38.0%
Medicaid / Medicaid Risk	10.5%	3.3%
Medicare	41.9%	38.2%
Medicare Advantage	29.1%	14.5%
Miscellaneous	12.8%	6.0%
Self Pay	0.0%	0.0%
TOTAL	100%	100%

<sup>\*</sup>Based on FKC Walla Walla CY2024 actuals.

11. If this project anticipates changes in payer mix percentages from historical to project, provide a brief explanation of why the changes are anticipated and any underlying assumptions.

The project's projected payer mix is based on FKC Walla Walla's CY2024 actuals.

12. Provide a listing of all new equipment proposed for this project. The list should include estimated costs for the equipment. If no new equipment is required, explain.

Please see Exhibit 11 for a list of new equipment.

<sup>\*\*</sup>Projected is assumed to be based on historical.

<sup>&</sup>lt;sup>5</sup> As stated on the CMS website, referenced above, the ESRD QIP will reduce payments to ESRD facilities that do not meet or exceed certain performance standards. The maximum payment reduction CMS can apply to any facility is two percent. This reduction will apply to all payments for services performed by the facility receiving the reduction during the applicable payment year (PY). Payment reductions result when a facility's overall score on applicable measures does not meet established standards. CMS publicly reports facility ESRD QIP scores; these scores are available online on Dialysis Facility Compare.

13. Identify the source(s) of financing (loan, grant, gifts, etc.) and provide supporting documentation from the source. Examples of supporting documentation include: a letter from the applicant's CFO committing to pay for the project or draft terms from a financial institution.

QCI will use existing reserves from its parent company, FME, to fund this project. A letter of financial commitment will be provided in screening.

14. If this project will be debt financed through a financial institution, provide are payment schedule showing interest and principal amount for each year over which the debt will be amortized. WAC 246-310-220

This is not applicable to the proposed project.

15. Provide the applicant's audited financial statements covering at least the mostrecent three years. WAC 246-310-220

Audited financial statements are included in Exhibit 12.

#### C. Structure and Process (Quality) of Care (WAC 246-310-230)

1. Provide a table that shows FTEs [full time equivalents] by category for the proposed facility. If the facility is currently in operation, include at least the lastthree full years of operation, the current year, and the first three full years of operation following project completion. There should be no gaps in years. Allstaff categories should be defined.

Historical and projected FTE staffing, by position and clinical setting, is provided below in Table 11.

### 2. Provide the assumptions used to project the number and types of FTEs identified for this project.

Information and assumptions used to prepare Table 11 include:

- The wage and salary figures are based on FKC Walla Walla 2024 actuals. They are held constant over the forecast period.
- It is assumed a FTE ("full time equivalent") employee works 2,080 hours per year.
- Non-productive hours are estimated at 10% of productive hours, based on FME experience.
- Benefits are calculated at 33.8% of wages and salaries based on FKC Walla Walla's 2024 actuals.
- FTEs for the intervening periods between historical actuals and project completion projections are based on 2024 actuals.
- The staff to patient ratio matrix below was used to construct minimum FTE counts for the projection years based on future patient counts presented in Table
   7.
- Projected FTEs are based on the greater of 2024 actuals or minimum FTE counts pursuant to applicable ratios.

	Staff to Patient Ratios (FTE Staff)
PCT (1)	1:8
RN (2)	1:20
Equipment Technician (3)	1:125
Social Worker (3)	1:125
Dietician (3)	1:125
Secretary (3)	1:125
Nurse Manager (4)	1

- A PCT works two shifts of patients each day, with 4 patients per shift. Ratio based on incenter patients.
- (2) A RN works two shifts of patients per day, with 10 patients per shift.
- (3) These FTEs are staffed based on staff-to-patient ratios identified in the table.
- (4) The Center for Medicare and Medicaid ("CMS") requires that a dialysis facility be staffed with one FTE manager, irrespective of size of the facility or number of patients.

### 3. Identify the salaries, wages, and employee benefits for each FTE category.

Salary and benefit information, by FTE category and clinical setting, is contained in the pro forma financials (Exhibit 8B).

4. Provide the name and professional license number of the current or proposedmedical director. If not already disclosed under 210(1) identify if the medical director is an employee or under contract.

FKC Walla Walla contracts with Providence Health & Services – Washington dba Providence Medical Group Walla Walla for medical director services. The current appointed medical director for FKC Walla Walla is Jennifer Leach, M.D. (MD60212127). Documentation related to the Medical Director agreement is included in Exhibit 9.

5. Identify key staff, if known. (nurse manager, clinical director, etc.)

FKC Walla Walla employs Alicia Garza, RN as its facility administrator.

6. For existing facilities, provide names and professional license numbers for current credentialed staff.

A list of current credentialed staff will be provided in screening.

<sup>&</sup>lt;sup>6</sup> As identified on Providence Health & Services' website, Dr. Leach is a part of Providence Medical Group - Southeast Washington (Walla Walla). Available at <a href="https://www.providence.org/doctors/nephrology/wa/walla-walla/jennifer-leach-1417165382">https://www.providence.org/doctors/nephrology/wa/walla-walla/jennifer-leach-1417165382</a>; accessed on May 26, 2025. Exhibit 9 to this application also includes a letter from Fresenius Medical Care and Providence confirming Dr. Leach is the current medical director designated to provide medical director services at FKC Walla Walla.

# 7. Describe your methods for staff recruitment and retention. If any barriers to staff recruitment exist in the planning area, provide a detailed description of your plan to staff this project.

FKC Walla Walla is an operational dialysis facility, which is staffed with qualified clinical and support personnel. Table 11 provides the number of current and proposed FTEs, by type. By virtue of our geographic location, any additional staff would be expected to principally come from Spokane as well as from neighboring counties in the region. To be effective in staff recruitment and retention, QCI offers competitive wage and benefit packages. Further, to ensure that we have adequate staff across all our facilities in Washington, we have built a local float pool of WA Licensed Patient Care Techs and RN's to ensure we have coverage for patient care. FME also has an internal staffing agency, Fresenius Travel, from which we can request assistance. We also have the capability of using outside staffing agencies to fill critical needs.

# 8. Provide a listing of proposed ancillary and support agreements for the facility. For existing facilities, provide a listing of the vendors.

See Table 12 below a list of ancillary and support vendors.

Please see our response above for a list of ancillary and support service vendors already in place.

10. For new facilities, provide a listing of ancillary and support services that will be stablished.

FKC Walla Walla is an existing facility. Therefore, this question is not applicable.

11. Provide a listing of ancillary and support services that would be provided on site and those provided through a parent corporation off site.

All patient care and support services except senior management, financial, legal, planning, marketing, architectural/construction and research and development are provided on-site at each clinic.

14. For new a new facility, provide a listing of healthcare facilities that the dialysis center would establish working relationships.

FKC Walla Walla is an existing facility. Therefore, this question is not applicable.

15. Provide a copy of the existing or proposed transfer agreement with a local hospital.

A transfer agreement will be provided in screening.

16. Clarify whether any of the existing working relationships would change as a result of this project.

There are no anticipated changes as a result of this project.

17. Fully describe any history in the last three calendar years of the applicant concerning the actions noted in Certificate of Need rules and regulations <a href="WAC246-310-230(5)(a)">WAC246-310-230(5)(a)</a>. If there is such history, provide documentation that the proposed project will be operated in a manner that ensures safe and adequatecare to the public to be served and in conformance with applicable federal and state requirements. This could include a corporate integrity agreement or plan of correction.

FME is committed to conducting its business activities in compliance with applicable law. The company has long maintained a corporate compliance program which includes a Code of Ethics and Business Conduct, ongoing compliance related education and training for employees, a Compliance Department to support the company and its employees with compliance concerns, including a compliance line for anonymous reporting, and monitoring and auditing of business activities.

FME, as one of the largest dialysis providers in the country, is routinely involved in claims, lawsuits, regulatory matters and investigations in the ordinary course of business. - A criminal conviction which is reasonably related to the applicant's competency to exercise responsibility for the ownership or operation of a healthcare facility; or
- . A revocation of a license to operate a healthcare facility; or
- A revocation of a license to practice as a health professional;
- Decertification as a provider of services in the Medicare or Medicaid program because of a failure to comply with applicable federal conditions of participation.

Please see response to question 17. Additionally, FME performs background checks on all newly hired employees. FME validates the professional licenses and/or certifications of certain employee categories as required by federal, state or local laws and regulations. FME screens current and new employees, potential new employees, Medical Directors, attending physicians, physician extenders (e.g., NP's, PA's), independent contractors, and vendors against the Office of Inspector General's List of Excluded Individuals/Entities and the General Services Administration's List of Parties Excluded from Federal Programs, as well as state specific exclusion lists, OFAC, etc. FME will not engage a person or company that is excluded from participating in federally funded health care programs such as Medicare.

As of the date of this application, to the best of the applicant's knowledge, no practitioner associated with this application has a history of the actions listed above.

19. Provide documentation that the proposed project will promote continuity in the provision of health care services in the planning area, and not result in an unwarranted fragmentation of services. WAC 246-310-230

The proposed project promotes continuity of care as it seeks to continue FKC Walla Walla's existing dialysis care services.

20. Provide documentation that the proposed project will have an appropriate relationship to the service area's existing health care system as required in <u>WAC 246-310-230</u>.

As an existing facility, FKC Walla Walla has an established relationship with the community. FKC Walla Walla has relationships with the local hospital (Providence St. Mary Medical Center), assisted living facilities (Brookdale, Whitman Place), and skilled nursing facilities (Odd Fellows, Park Manor, Regency at the Park, Milton Freewater Health and Rehab), among other healthcare facilities.

#### D. Cost Containment (WAC 246-310-240)

1. Identify all alternatives considered prior to submitting this project.

The following options evaluated in the alternatives analysis for the current nonspecial cycle include:

• Option One: Expand the existing facility by +3 stations —The Project

• Option Two: Do Nothing

 Provide a comparison of the project with alternatives rejected by the applicant. Include the rationale for considering this project to be superior to the rejected alternatives. Factors to consider can include, but are not limited to: patient access to healthcare services, capital cost, legal restrictions, staffing impacts, quality of care, and cost or operation efficiency.

Please see Tables 14-17, respectively. They provide a summary of advantages and disadvantages of each of the options based on the following evaluative criteria: Promoting availability, or access to healthcare services; Promoting Quality of Care; Promoting Cost and Operating Efficiency; and Legal Restrictions.

Table 13. Alternatives Analysis: Promoting Access to Healthcare Services.

Option:	Advantages/Disadvantages:				
Option One +3 Station Expansion at Existing Facility — The Project	<ul> <li>Residents of Walla Walla and the surrounding region will be better able to access needed dialysis services, now and in the future, close to home and not have to out-migrate to other facilities significantly further awayimproves access (A).</li> <li>Additional flexibility for patients to access dialysis during the day. (A).</li> </ul>				
Option Two Do nothing	Would do nothing to improve access (Disadvantage ("D")).

Option Two Do nothing	<ul> <li>Walla Walla and regional residents will need to travel further to receive care and will do so in increasing numbers over time, without added capacity. As such, patient care may become fragmented, which may harm access and quality of care (D)</li> </ul>

Table 15. Alternatives Analysis: Promoting Cost and Operating Efficiency.

Option:	Advantages/Disadvantages:
Option One +3 Station Expansion at Existing Facility — The Project	<ul> <li>Approval of the current project request will allow for the facility to have greater flexibility for patient choice and staffing. (A)</li> <li>Minimal capital costs required as existing treatment floor layout can accommodate additional stations. (A)</li> <li>Achieve economies of scale. (A)</li> </ul>
Option Two Do nothing	<ul> <li>Capital and additional operating costs would be least under this option, since there would be none (A).</li> <li>Suffers from significant disadvantages by not promoting access and continuity of care. Does nothing to address current high occupancy which has a high operational burden (D).</li> </ul>

Table 16. Alternatives Analysis: Legal Restrictions.

Option:	Advantages/Disadvantages:
Option One +3 Station Expansion at Existing Facility — The Project	This option requires certificate-of-need approval. (Neutral, "N")
Option Two Do nothing	There are no legal implications with this option. (N)

3. For existing facilities, identify your closest two facilities as required in WAC 246-310-827(3)(a).

The closest facilities to FKC Walla Walla include:

**FKC Columbia Basin** 6600 W Rio Grande Ave Kennewick, WA 99336

**FKC Leah Layne (Othello)** 530 S 1st Ave Othello, WA 99344

 For new facilities, identify your closest three facilities as required in WAC 246-310-827(3)(b).

This question is not applicable as FKC Walla Walla is an existing facility.

5. Do any other applications you submitted under this concurrent review cycle relyon the same facilities listed in response to questions 3 or 4? If yes, identify the applications. WAC 246-310-827(3)(c). (Note: A maximum of two applications can rely on the same three facilities.)

This question is not applicable. The applicant is not submitting other applications this review cycle.

## Exhibit 7A. Patient Admission Policy

### Clinical Services

Setting: | IC, HT

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

Purpose

To guide facility management on the admission process for all patients being admitted to an FKC dialysis facility.

Responsibility

Medical Director, Clinical Manager or Registered Nurse, Master's Social Worker, Registered Dietitian and Facility Secretary as defined in this policy, Patient Admission Services and Central Verification

Types of Admissions: Definitions

New Patient: Permanent admission of a patient who is new to outpatient dialysis.

Transfer Patient: A patient already receiving outpatient dialysis who is scheduled to receive ongoing and continued treatment at a new dialysis facility (permanent or seasonal).

Transient Patient: A patient already receiving outpatient dialysis who is scheduled for only 1 to 13 treatments.

### General Policy

This policy applies to New Patients, Transfer Patients or Transient Patients.

When medically appropriate and consistent with this policy, facilities shall admit and treat patients needing dialysis.

Each patient admitted will be followed by an attending physician on the facility's medical staff or physician who has been granted temporary privileges at the facility.

All services offered by FKC facilities are available to all patients provided:

- They are medically suitable based on the clinical assessment of the physician,
- and the willingness of a responsible party to pay for such services.

### Signing Admission Documents

The Clinical Manager or designee will conduct an admission interview with all new patients.

All admission documents must be signed before a patient receives their first dialysis treatment at the facility.

There may be patients who refuse to sign an admission form(s) or request to modify a form(s). In these situations, staff must consult with Clinical Services or Division Counsel prior to starting the patient's treatment.

### Clinical Services

Setting: IC, HT

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

The patient must sign admission documents unless unable due mental capacity/competency. Refer to the section below on Who is Authorized to Sign Admission Documents for patients who lack mental competency.

If a patient is competent, but unable to sign due to physical limitations, the patient may sign with an 'X" or a scribble or verbally consent. Staff should document that the patient consented to each document on the admission documents.

If a patient is visually impaired and their impairment prevents them from signing the consent, the patient may verbally indicate consent and the staff should document that the patient was unable to sign but acknowledged understanding and provided verbal consent in the patient's medical record.

Note: Patients or their Legally Authorized Persons will not be asked to sign consent forms for services that are not being provided (ex. blood transfusion consent) until the actual service is needed. Blank consent forms should never be signed or used.

Who is Authorized to Sign Admission Documents? Patients must have the mental capacity/competency to consent to treatment and sign admission forms for treatment to be given in the facility, except as described below. The facility staff cannot make determinations regarding mental capacity and competency and must presume competence unless a physician has declared the patient incompetent.

If a patient has been deemed by a physician to lack the mental capacity/competency to consent to treatment, a Legally Authorized Person may consent to the patient's treatment and may sign the admission forms. In the rare instance that the legally authorized person is unavailable to sign the consent in person, the documents may be mailed, emailed, or faxed to the Legally Authorized Person for signature. The patient cannot be admitted and treated until the clinic receives the signed documents. The original signed documents must be returned to the facility to maintain in the patient's medical record.

In the unusual instance when in person or fax options cannot be accomplished, the facility should reach out to their Division Counsel or Compliance for additional guidance.

NOTE: State laws vary on who may consent to treatment on the patient's behalf if the patient lacks capacity or competency to consent. In some states, family members or persons permitted by state law may consent to the patient's treatment and sign the admission forms even if such persons do not hold a power of attorney for healthcare or healthcare proxy as the Law Department will determine.

### Clinical Services Setting: | IC, HT

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

For purposes of this Policy, a 'Legally Authorized Person" is as follows:

- a) The patient's legal guardian or someone who holds a valid power of attorney for healthcare/healthcare proxy or who may sign on behalf of the patient under state law as determined by the Law Department.
- b) A parent or legal guardian if the patient is a minor.

NOTE: If there is any doubt the person is authorized to sign admission forms, contact the Law Department.

# Patient Appears Unable to Consent for Treatment

If a patient comes for his or her first treatment and does not appear to have the mental capacity/competency to sign the admitting documents, the nurse:

- must notify the patient's attending physician of the patient's perceived incapacity in order to assess the patient's ability to consent, and
- should seek confirmation whether a medical determination of incompetency or lack of capacity has been made in the medical record consistent with state law.

If the patient is deemed incompetent by a physician, the staff should attempt to contact any emergency contacts listed on the patient's admission paperwork in an attempt to find a family member who can:

- Provide proof of guardianship/power of attorney for healthcare or healthcare proxy (which must be provided at the time of admission, prior to treatment being provided), or
- Assist in providing valid consent to treatment, if permitted under state law, or who can obtain legal authority/guardianship to represent the patient.

The patient cannot be dialyzed if:

- The patient has been deemed by a physician to be incompetent or to lack mental capacity consistent with state law, and
- The patient does not have an appropriate legal guardian or an agent with a valid healthcare power of attorney or healthcare proxy, and

The law department determines that state law does not permit family members to give consent.

### Admission Process

All admissions must be processed through Patient Admission Services (PAS). PAS will receive patient information and medical records from referral sources.

The PAS will disseminate this information to the appropriate departments responsible for medically and financially clearing the patients. Upon receipt of the referral for admission, the facility will be notified of the pending admission by PAS to confirm placement.

### Clinical Services Setting: | IC, HT

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

PASs will obtain medical records and collaborate with the verification office to financially clear the patient.

### Medical Clearance

A patient will be medically cleared for treatment when dialysis is deemed necessary and appropriate, based on the clinical judgment of the attending physician.

Medical records will be reviewed prior to admission.

While the medical director is not required to review every admission, they have the authority to do so. The clinical manager or nurse in charge can clear the patient based on established criteria or conditions set by the medical director.

In cases where a patient is too acutely ill or not suitable for outpatient dialysis care, the medical director should consult with the attending nephrologist to discuss the inability to admit the patient. If the issue remains unresolved or if the medical director is the attending physician, the matter may be escalated to a member of the Medical Advisory Board (MAB) for review. The Clinical Manager and/or Director of Operations (DO) cannot admit a patient without medical approval from the medical director or, if escalated, an MAB member.

### Transient or Seasonal Admission Requirements

The accepting physician will medically clear the patient prior to admission. (See block on medical clearance). The attending physician or physician extenders will make all the medical, laboratory and pharmaceutical decisions for the patient while under the physician's care in accordance with the standard rules and procedures of the facility.

Dialyzers and/or supplies brought by a transient or seasonal patient will only be used in the rarest of circumstances. Use of a patient-provided item, such as a specialized dialyzer or medication, must be approved by the Medical Director and the Pharmacy and Therapeutics Committee PRIOR to the patient arriving for treatment at the facility.

If approved for a specific dialyzer or medication, a seasonal/transient patient's home facility must ship the item to the transient facility following proper storage and shipment procedures.

### **Special** Circumstances Admission **Requests**

Requests to admit a patient with an external device such as left ventricular assist device (LVAD), continuous medication infusion, or LifeVest Defibrillator or other non-routine request require approval from the corporate Medical Office. Refer to the Guidelines for Administration of Medical Services in Dialysis Facilities policy for requests to admit a patients with

clinical needs outside of standing dialysis care (ex. administering medications/nutritional supplements via a gastrostomy tube, tracheostomy care or chest tubes).

Staff must review the *Admission, Handling and Safe Movement of the Morbidly Obese Patient Policy* before admission to the facility to ensure the facility can safely care for a morbidly obese patient. The Governing Body will make the determination to accept or deny the patient based on special considerations outlined in the policy.

### Emergency Admission -Transfer

Patients may need to be transferred emergently in situations related to unplanned emergencies caused by severe weather, fire or other serious facility operating problems such as water treatment failure or other unexpected problems leading to facility closure. An emergency transfer is not expected to extend beyond 30 days and patients are expected to return to their "home" facility to continue their treatments when operations are able to resume. The emergency data entry process may be used for emergency transfers.

Click the link to the <u>Guidelines for Emergency Preparedness</u> policy for additional admission information entering data in the clinical systems for non-emergency such as a planned closure or emergency situations.

### Medical Record Requirements

PAS will collect the required information needed to admit a patient.

At a minimum, the required documents to admit a patient include:

- History and Physical or nephrology consult note or discharge summary or the most recent physician progress note
- Hepatitis B panel (HBsAg, anti-HBs, anti-HBc)
  - o If unable to obtain full panel:
    - For patients new to dialysis: at a minimum a Hepatitis B surface antigen (HBsAg) result obtained within 30 days prior to the admission date
    - For transient or transfer patients: All patients must have a documented hepatitis B antigen (HBsAg) or antibody (anti-HBs) result prior to admission to the facility. HBsAg results must have been reported within 30 days of admission. If the patient has hepatitis antibodies (anti-HBs), the results must have been reported within the past 12 months. Any discrepancies or questions related to admitting a patient and/or a patient's hepatitis results should be reported by the Clinical Manager to their Corporate Clinical Quality Manager.
- Current medication list and allergies
- Dialysis orders or the last treatment sheet

• For transients/travelers only: A PPD Test, IGRA (e.g., QuantiFERON, T-SPOT), or Chest X-ray within **one** year.

NOTE: On occasion, admitting facilities request additional medical information over the minimum required documents listed above. Patient Admission Services will attempt to get this information. However, inability to provide this information by the referring facility will not affect the admission of the patient.

### Patients with Prior Behavioral Issues

A referred patient who has exhibited prior behavioral issues and could be a threat to the health and safety of patients or staff may be denied admission to the dialysis facility.

The decision to admit a patient who has exhibited behavioral issues shall be made by the facility management in collaboration with the patient's attending physician and the Medical Director.

### Approved Forms of Identification

Patient Admission Services will request the referring facility, provider or patient to provide 1 photo ID prior to admission. Upon placement at the facility, staff will request 2 forms of identification. The two forms of ID must be provided within 6 treatments.

The two forms of identification can be:

- A driver's license, a state issued identification card, a passport, insurance cards or a birth certificate. (These documents will be copied and maintained in a separate folder for each patient. When the patient is discharged, they will be placed in the closed medical record.)
- If the patient does not bring in the required documents within 6 treatments, the Clinical Manager or Director of Operations must escalate to the Lead Social Worker who can review the situation and assist with obtaining the identification documents.

Failure to produce 2 forms of identification alone is not cause for discharge. Refer to the *Routine and Involuntary Patient Discharge Policy*, *Routine and Involuntary Patient Discharge Policy Addendum* and the *Routine and Involuntary Patient Discharge Procedure* for guidance on discharging a patient.

### Advance Directive/DNR Status

All new admissions to the facility will be asked if they have an Advance Directive and/or a valid state specific Do Not Resuscitate Order prior to or at their first treatment and during their comprehensive interdisciplinary assessment.

For more information, refer to the **Do Not Resuscitate Policy**.

#### Purpose

To comply with Federal Regulations that require dialysis facilities to:

- Educate staff regarding the rights of dialysis patients.

### Conditions for Coverage: Patients' Rights

The Conditions for Coverage, §494.70 Condition: Patients' Rights require dialysis facilities to inform patients or their representatives of their rights (including their privacy rights) and responsibilities when they begin their treatment and must protect and provide for the exercise of those rights. Patients' rights as stated in the Conditions for Coverage:

The patient has the right to –

- 1. Respect, dignity, and recognition of his or her individuality and personal needs, and sensitivity to his or her psychological needs and ability to cope with ESRD;

- 18. Be informed of the facility's policies for transfer, routine or involuntary discharge, and discontinuation of services to patients;
- 19. Receive written notice 30 days in advance of an involuntary discharge, if discharge is justified and not due to an immediate threat to the health and safety of others.

### **Policy**

All patients and/or their representatives will be informed of their rights (including privacy rights) and responsibilities.

Patient rights and the ability to exercise these rights must be protected by the facility.

The FMCNA Patient Rights and Responsibilities brochure explains the rights patients can expect to have while receiving treatment at this facility. The brochure also provides guidance as to certain responsibilities that are expected of the patient.

Each patient will be informed of their rights and given a copy of the FMCNA Patient Rights and Responsibilities within the first six (6) treatments in the facility. More in-depth discussions with patients about their rights and responsibilities are expected. These discussions may occur over a longer period of time.

Facilities should ensure that this information is provided to patients in a manner they can understand. For example, providing the FMCNA Patient Rights and Responsibilities brochure in the patient's primary language or having it interpreted based on assessment of the patient's language and

reading preferences, or enlisting the aid of communication aids or interpreters for patients who are blind or have low vision, or are deaf or hard of hearing.

Dialysis facilities must prominently display a copy of the patient's rights in a visible and accessible area in the facility and must include contact information for the State survey agency and ESRD Network.

The FMCNA Patient Rights and Responsibilities brochures are available in English and Spanish. They may be purchased from the FMS Marketing Online Ordering Center. Audio versions in English and Spanish may also be ordered through the FMS Marketing Online Ordering Center.

### Policy: Privacy Rights

Patients have the right to privately discuss their condition and treatment. There should be ready access to a room in the facility where patient and/or family meetings may be held in private.

Patients have the right to privacy during activities that may require the exposure of private body parts while in the dialysis facility. Privacy screens or curtains may be used to provide privacy. Blankets may also be used as long as staff are able to observe the patient's vascular access, bloodline connections, and face at all times.

Patients or their representatives must be provided unbiased education about transplantation and all dialysis treatment options regardless of whether these options are available in the current facility.

### Failure to Protect Patients' Rights

Evidence of failure to treat patients with respect and dignity, provide an opportunity for private communication, or prevent exposure of private body areas resulting in emotional discomfort for the patient, and evidence that cognizant patients/designees are not aware of their options for treatment or available grievance mechanisms could result in the facility receiving a Condition level citation.

#### MEDICAL DIRECTOR AGREEMENT

Providence Health & Services – Washington dba Providence Medical Group Walla Walla

This Medical Director Agreement ("Agreement"), effective as of March 1, 2021 ("Effective Date"), is between QualiCenters Inland Northwest L.L.C., a Colorado Limited Liability Company (LLC), ("Company"), and Providence Health & Services – Washington dba Providence Medical Group Walla Walla, a resident of or business entity organized in Washington ("Consultant"), and, for the limited purposes stated herein, Member Physicians who become parties hereto from time to time. This Agreement memorializes the terms on which Consultant has agreed to provide Medical Director Services to certain dialysis operations of Company.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be bound hereby, the parties hereto agree as follows:

Capitalized terms used herein and not otherwise defined shall have the meanings set forth on **Exhibit A**.

- 1. <u>ENGAGEMENT</u>. Company hereby engages Consultant to provide Medical Director Services to the Dialysis Operations, and Consultant agrees to provide such Medical Director Services on the terms and conditions set forth herein.
- 2. <u>TERM</u>. The term of this Agreement shall begin on the Effective Date and shall continue through February 28, 2026 unless sooner terminated as provided herein.

#### 3. COMPENSATION.

3.01 <u>Fee</u>.

3.01.1 <u>Annual Compensation</u>. During the term of, and subject to, this Agreement and commencing as of the Effective Date (also herein referred to as the "Commencement Date"), Company shall pay Consultant based on an annual rate ("Fee") as set forth in Table 1 below, prorated for partial years and payable in arrears on or before the last day of each month in equal monthly installments:

#### Table 1

Facility/Program Information		
Facility ID	Facility Name	Compensation
2106	QCI WALLA WALLA	\$82,710.66

3.01.2 <u>Fee Escalator.</u> As of March 1, 2022, and each anniversary of March 1, 2022 during the term of the Agreement, the Fee shall increase at an annual rate of 2.50 percent.

#### 3.02 Adjustments.

- 3.02.1 Upon any Partial Termination, the Fee shall be reduced by the Fee amount specifically allocated to the Dialysis Operation to which the Partial Termination applies, or if no such specific allocation is provided herein, by an amount that reflects the reduction in workload of Consultant due to the Partial Termination as agreed by the parties. Upon any Temporary Suspension, the Fee may be reduced as agreed by the parties to reflect the reduction in workload and subject to a maximum reduction equal to the Fee amount specifically allocated to the Dialysis Operation to which the Temporary Suspension applies. If, as of the first Fee payment due date after a Partial Termination or Temporary Suspension, the parties are required hereunder to reach agreement on the Fee reduction but have not agreed, Company may reduce the Fee by an amount determined by it and such amount shall be held as cash reserves until such time as the parties agree. Company may make adjustments to the payments due to Consultant hereunder at any time to true up any adjustments in the Fee permitted hereunder.
- 3.02.2 In addition, the obligation to pay the Fee or a portion thereof related to the applicable Dialysis Operation may be temporarily suspended and not paid or accrued for any period of time during which a substitute Medical Director is required to be designated and approved hereunder but is not actually designated or approved and providing services.
- 3.03 General. The parties agree that the Fee payable hereunder shall be in consideration for all services to be provided hereunder and all covenants herein including, but not limited to, the restrictive covenants set forth in Section 6. The parties represent that, as of the date this Agreement is signed, the Fee is fair market value for services rendered based upon arm's length bargaining and is consistent with the value of similar services. Furthermore, the parties represent that the Fee is not and has not been determined in a manner that takes into account the volume or value of any referrals or business otherwise generated between the parties for which payment may be made in whole or in part under any other public healthcare program. Upon receipt by Company from Consultant of W-9 (available at www.irs.gov) and wire transfer instructions (form available in Medical Director Handbook), Company shall pay the Fee by wire transfer pursuant to such instructions. To the extent otherwise unpaid and overdue, Company may deduct from the Fee the fair market value of Company space, facilities, supplies, equipment, staff time or any other item or service actually utilized by Consultant or any of its affiliated physicians for any purpose not reasonably related to the performance of Medical Director Services hereunder. Consultant represents and warrants to Company that its affiliated physicians, if any, are not compensated by Consultant based on the volume or value of their referrals to any Dialysis Operation. Consultant also represents and warrants to Company that Consultant has not been formed for the sole purpose of entering into this Agreement.

8.02 Compliance. This Agreement shall be construed in a manner consistent with any and all applicable federal and state laws, including, without limitation, Medicare, Medicaid, the Health Insurance Portability and Accountability Act of 1996 and other federal and state statutes and regulations and the principles and interpretations related thereto. The parties intend to comply with the applicable provisions of 42 U.S.C. 1395nn(a)(1) and 42 U.S.C. 1320a-7b(b), as such provisions may be amended from time to time. - 8.03.1 Notwithstanding anything to the contrary in this Agreement, if the terms of this Agreement (a) become unlawful or unenforceable, (b) materially and adversely affect a party's or its Affiliate's licensure, accreditation, certification, or ability to refer, accept any referral, bill, present a bill or claim, or receive payment from any payor or (c) subjects a party to a substantial risk of prosecution or civil monetary penalty, then (i) the unaffected provisions of this Agreement shall continue in full force and effect and (ii) either party, upon written notice ("Renegotiation Notice") to the other party may initiate renegotiation of the affected terms of this Agreement to restore, if possible, the intent and purpose of the affected provisions in the Agreement and to modify the Agreement as necessary so that such Agreement does not cause such adverse result.
- 8.03.2 If the parties are unable in good faith to come to a mutually satisfactory resolution regarding the affected terms of the Agreement and have failed to amend the Agreement (or enter into a new Agreement) within ninety (90) days from the date the Renegotiation Notice was received, then, unless the parties mutually agree otherwise in writing, the parties shall utilize binding arbitration in accordance with this Section to modify the Agreement as necessary so that such Agreement does not cause an adverse event.

The parties agree to execute any agreement immediately to memorialize such modifications to the Agreement. The parties shall share the costs of such arbitrators equally between them. Each party shall bear its own expenses of preparation for arbitration.

#### 9. GENERAL.

- Independent Contractor. The parties agree Consultant and Medical Directors have not been, and will not be chosen as an inducement or reward for any past, current or future Company business transaction, opportunity, or government approval or concession, and that the selection process has not been, and will not be based on the volume or value of referrals provided by, or anticipated from, Consultant, any Medical Director or any affiliated person or entity. Consultant is acting and performing services hereunder as an independent contractor, and each Medical Director is acting and performing the Medical Director Services on behalf of and as an employee or independent contractor of Consultant. No Medical Director shall be considered an employee for purposes of any Company employment policy or employment benefit plan, and will not be entitled to any benefits under any such policy or benefit plan. Except as expressly set forth herein or as may be required by applicable law, Company shall neither have nor exercise any control or direction over the methods by which Consultant shall perform the duties hereunder, and Company shall not control how Medical Director Services are accomplished hereunder, as long as such duties are performed as required by this Agreement. Consultant shall be solely responsible for, and shall indemnify and hold Company harmless for payment of, all taxes due on all amounts paid to Consultant hereunder and for all employment taxes for all employees of Consultant. The parties shall cooperate if any taxing Authority asserts that Consultant or any Medical Director is not an independent contractor under this Agreement.
- 9.02 <u>Assignment</u>. This Agreement shall be binding on the successors and permitted assigns of the parties. Consultant and Member Physicians shall not assign or subcontract this Agreement or assign or subcontract any of their rights hereunder without Company's prior written consent, which may be withheld in Company's sole discretion. Company may assign this Agreement to any of Company's Affiliates or to any successor in interest to the assets and operations of Company without the consent of any other party hereto. This Agreement shall be enforceable by or against any permitted assigns hereunder. Any attempted assignment of this Agreement in violation of the provisions of this section is void.
- 9.03 Merger, Modification and Waiver. This Agreement contains the entire agreement of the parties with respect to its subject matter and as of the date this Agreement is fully executed, supersedes all previous and contemporaneous agreements and understandings, expressed or implied, oral or written, between the parties with respect to the subject matter hereof. The failure of the parties to insist on strict performance of the provisions of this Agreement shall not be construed as a waiver of such provision or of any other default of the same or similar nature. No waiver, modification or change of any of its provisions shall be valid unless in writing and signed by the parties. One party's waiver of any default by the other party of any provision of this Agreement is not a waiver of any other default and shall not affect the right of that party to require performance of the defaulted provision at any future time. All representations herein survive the execution and delivery of this Agreement.

- 9.04 <u>Severability</u>. If any term of this Agreement is determined to be invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be given effect to the fullest extent permitted by law; provided however, if the severed provision materially deprives a party of the benefits of this Agreement, including without limitation the benefits of Section 6, then such party may terminate this Agreement by notice to the other party.
- 9.05 <u>Applicable Law</u>. This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Washington.
- 9.06 Books and Records. If required by Section 952 of the Omnibus Reconciliation Act of 1980 (Section 1861(v)(l)(l) of the Social Security Act), as amended, and the regulations promulgated thereunder, the books and records of Consultant necessary to certify the nature and extent of costs associated with Consultant's performance of services under this Agreement shall be preserved by Consultant for such period of time as provided by law so as to be available for and subject to inspection by appropriate agencies of the United States. In addition, if and to the extent that Consultant uses the services of a related organization to provide services hereunder, Consultant will require such related organization to preserve and make available its books and records to the same extent Consultant is so required. If this Agreement is not subject to the provisions of Section 952 or regulations promulgated thereunder, this section of the Agreement shall be null and void. The provisions of this Section shall survive the expiration or termination of this Agreement.
- 9.07 Notices. All notices pursuant to this Agreement shall be in writing and shall be deemed duly given and properly served: (a) when delivered personally (with written confirmation of receipt), (b) two (2) business days after being mailed to the addressee by registered or certified mail, postage prepaid, return receipt requested, or (c) when received by the addressee if sent by a recognized express delivery service, in each case, to a party at the address as set forth below or at such other address as may be furnished by such party in accordance with these notice requirements:

- 9.11 <u>Joint Effort; Headings</u>. On or before April 15<sup>th</sup> of each year, Landlord shall provide Tenant with a detailed statement showing the actual Maintenance Expenses and Tax Expenses for the previous calendar year, together with backup documentation and Landlord's calculation of Tenant's Proportionate Share of Maintenance Expenses and Tax Expenses (the "Actual Expenses Statement"). Landlord shall indicate on Actual Expenses Statement whether there is a shortfall or overpayment by Tenant in its payment of Tenant's Proportionate Share of Maintenance Expenses and/or Tax Expenses for the prior calendar year. If a shortfall exists, Tenant shall pay, within thirty (30) days of receipt of the Actual Expenses Statement, the full amount of that shortfall. If an excess exists, Landlord shall refund the full amount of such excess to Tenant within thirty (30) days. No interest shall accrue on any shortfall or overpayment by Tenant of the estimated Tenant's Proportionate Share of Maintenance Expenses and/ or Tax Expenses. Should Landlord fail to reimburse Tenant hereunder, Tenant shall have the right to offset Base Rent.
- (iii) Landlord's Books and Records: Tenant's Audit Rights. Upon written notice to Landlord, Tenant and/or its authorized representatives may examine, inspect, audit, and copy the records of Landlord concerning Maintenance Expenses and Tax Expenses for the two (2) prior calendar years of the Lease Term at Landlord's office during normal business hours. If Tenant's audit reveals that Landlord overstated the actual Maintenance Expenses and/ or Tax Expenses any calendar year, Tenant shall submit a written claim to Landlord ("Tenant's Audit Claim") that shall describe in detail how the Maintenance Expenses and/ or Tax Expenses have been overstated. If Tenant's audit reveals that the Maintenance Expenses and/ or Tax Expenses were overstated by at least three percent (3%), Landlord shall pay for Tenant's reasonable costs of conducting the audit. Otherwise, Tenant shall pay its own costs.
- (iv) <u>Resolution of Tenant's Audit</u>. If Landlord agrees with Tenant's Audit Claim, Landlord shall reimburse Tenant for Tenant's overpayment or Tenant shall pay Landlord for any shortfall, within thirty (30) days. If Landlord disputes the results of Tenant's audit, the parties shall agree on a third party arbitrator to conduct its own independent audit of the Maintenance Expenses and/ or Tax Expenses for the calendar year or years in question. The parties shall cooperate with such third party arbitrator so that it can make a determination as to the validity of Tenant's Audit Claim. The determination of the third party arbitrator shall be given to the parties with sixty (60) days and shall be final and binding upon the parties. Upon the conclusion of the third party arbitrator's audit, all amounts owed by Landlord to Tenant or by Tenant to Landlord, as the case may be, shall be made within ten (10) days. The parties shall share the costs of retaining the third party

arbitrator equally. Should Landlord fail to reimburse Tenant hereunder, Tenant shall have the right to offset Base Rent.

- (v) <u>Confidentiality</u>. Tenant shall keep any information gained from the inspection of Landlord's records, books, and general ledger confidential and shall not disclose any information contained therein to any other party, except as required by law. If requested by Landlord, Tenant shall require those employees or agents inspecting Landlord's records, books, and general ledger to sign a confidentiality agreement prior to their inspection and review of the same.
- (vi) <u>Time Limitation to Bill Tenant for Maintenance Expenses and Tax Expenses</u>. In no event shall Tenant be required to pay any Maintenance Expenses and/ or Tax Expenses that Landlord failed to bill Tenant for and that accrued more than two (2) years prior to the date that Tenant is notified by Landlord of such expenses. In addition, Landlord may not seek reimbursement from Tenant due to an adjustment in Maintenance Expenses and/ or Tax Expenses more than two (2) years after furnishing an Actual Expenses Statement to Tenant.
- (vii) <u>Capital Expenditures</u>. Expenses incurred by Landlord that are considered to be capital improvements or capital replacements but that are not intended as a labor saving device pursuant to this Section 6.2 (b) or under generally accepted accounting and management practices shall not be included in Maintenance Expenses. Notwithstanding the foregoing, Landlord may charge as an Maintenance Expense any capital expenditures intended to reduce Maintenance Expenses or affect economies in the operation, maintenance, or repair of the Property provided that Landlord shall provide Tenant with (i) an estimate of the amount of reduction in Maintenance Expenses anticipated as a result of that capital improvement or replacement, (ii) an estimate of the cost of the capital improvement and the annual amortization charge of that capital expenditure, and (iii) reasonably sufficient information to support those estimates. All capital improvements or capital replacement expenditures included in Maintenance Expenses shall be amortized over Landlord's commercially reasonable determination of the useful life of that capital improvement or replacement in accordance with Generally Accepted Accounting Principles.
- 6.3. <u>Limitations on Repair and Maintenance Obligations and Defaults</u>. All of the foregoing in this Article 6 notwithstanding, neither Landlord nor Tenant shall be obligated to perform any maintenance, repair or replacement necessitated by the negligence or willful misconduct of the other party, or of the other's employees, contractors, or agents. The party whose negligence or willful misconduct caused the need for such maintenance, repair or replacement shall be responsible for same, at its sole cost. Neither party shall be in default of its repair and maintenance obligations under this Article 6 if Landlord or Tenant, as the case may be, begins performing repairs and maintenance and, due to the nature of the particular repair or maintenance obligation, more than thirty (30) days are reasonably required to complete such work and the responsible party is diligently prosecuting such work to completion.

Nothing contained in this Section 7.1 shall restrict or prohibit Tenant from initiating a legal action or defending itself in an existing legal proceeding to determine the validity of any lien or attachment. In all such cases, Tenant shall indemnify, protect, defend, and hold Landlord harmless from and against all claims, demands, causes of action loss, damage, liability, costs, and expenses (including attorneys fees and court costs) relating to such liens and attachments. - 8.2. <u>HIPAA Compliance Provision</u>. Landlord acknowledges that Tenant is subject to the provisions of the Health Insurance Portability and Accountability Act of 1996 and related regulations ("HIPAA"), and that HIPAA requires Tenant to ensure the safety and confidentiality of patient medical records. Landlord further acknowledges that, in order for Tenant to comply with HIPAA, Tenant must restrict access to the portions of the Premises where patient medical records are kept or stored. Landlord hereby agrees that, notwithstanding the rights granted to Landlord pursuant to this Article 8, except for an emergency entry into the Premises taken pursuant to Section 8.1.1 of this Lease or when accompanied by an authorized representative of Tenant, neither Landlord nor its employees, agents, representatives or contractors shall be permitted to enter those areas of the Premises designated by Tenant as locations where patient medical records are kept and/or stored.
- 8.3. <u>Method of Entry</u>. Landlord shall at all times have a key or, if applicable, a card key with which to unlock all the doors in the Premises except for the locations in the Premises designated by Tenant as areas where patient records are kept or stored. In an emergency situation, Landlord shall have the right to use any means that Landlord considers proper to open the doors in and to the Premises. Any such entry into the Premises by Landlord shall not be considered a forcible or unlawful entry into the Premises or an actual or constructive eviction of Tenant from any portion of the Premises.

#### ARTICLE 9 – HVAC, UTILITIES AND SERVICES

- 9.1. <u>HVAC</u>. During the Lease Term, Tenant shall be responsible for regular maintenance and repair of the HVAC system servicing the Premises ("HVAC"). Landlord shall ensure that water, electricity, gas, sewer, and other standard utility services as outlined in the utility matrix in <u>Exhibit B</u>, attached hereto are provided to the Premises by maintaining, repairing and/or replacing all utility lines to the Premises. Landlord shall be responsible for all connection or hook-up charges and fees, including any impact and tapping fees, with respect to utility services supplied to the Premises and pay for the separate metering of the Premises. Tenant, at its sole cost and expense, shall be responsible for the distribution of all utilities within the Premises; maintenance, repair and/or replacement of any utilities within the Premises; and bringing telephone service and cable or satellite television service to the Premises.
- 9.3. <u>Payment of Utility Charges</u>. Tenant shall pay or cause the payment of all charges for gas, water, sewer, electrical, telephone and other utility services supplied to the Premises during the Lease Term. Landlord shall receive all savings, credits, allowances, rebates or other incentives granted or awarded by any third party as a result of any of Landlord's Work, and Tenant shall
- receive all savings, credits, allowances, rebates or other incentives granted or awarded by any third party as a result of any Tenant alterations or improvements to the Premises.
- 9.4. <u>Interruption of Utility Services</u>. In no event shall Landlord be liable for any interruption or failure in the supply of any utility to the Premises unless such interruption was caused by the negligence or willful misconduct of Landlord or any person or entity acting on behalf of Landlord. In such event, Tenant shall be entitled to an abatement of Base Rent for the period of such interruption if Landlord does not make repairs and restore all interrupted services to the Premises within two (2) business days.

# ARTICLE 12 - HAZARDOUS MATERIALS; MEDICAL WASTE

- 12.1. <u>Definition of Hazardous Materials</u>. Hazardous Materials shall mean any hazardous or toxic substance, material, or waste in any concentration that is or becomes regulated by the United States of America, the state in which the Property is located, or any local governmental authority having jurisdiction over the Building, and shall include:
- (a) Any "hazardous substance," as that term is defined in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 United States Code sections 9601-9675);

Landlord hereby represents and warrants that (a) as of the date of this Lease it has no knowledge of any Hazardous Materials located in, on, or under the Property, the Building or the Premises, (b) Landlord has provided Tenant with a copy of all tests and reports that Landlord has conducted prior to the date of this Lease which relate to the existence of Hazardous Materials including, without limitation, a Phase I Study, and (c) Landlord has not received any notices or other notifications from any governmental entity that the Property, the Building or the Premises is in violation of any environmental law. In the event that a Hazardous Material of whatever kind or nature and wherever located, including, but not limited to, soil, water, building components, above ground or below ground storage containers is found to be present at the Premises, the Building, or the Property, then so long as the presence of such Hazardous Material is not the fault of Tenant, or Tenant's employees, agents, contractors or invitees, Landlord will assume full responsibility and liability for treatment of same in accordance with all applicable Laws.
- 12.3. <u>Tenant's Use of Hazardous Materials</u>. Except as may be required in Tenant's ordinary course of business and as provided by law, Tenant shall not cause any Hazardous Materials to be

- 12.5. <u>Remediation Obligations</u>. If Landlord undertakes any cleanup, remediation, detoxification, or similar action pursuant to this Section 12.5 as a result of the presence, release, or disposal in or about the Property, the Building, or the Premises of any Hazardous Material, and that action requires that Tenant be denied access or use of the Premises to conduct its business on the Premises for a period of greater than one (1) business day, Base Rent payable under this Lease shall be abated for the period that Tenant is unable to conduct its business in the Premises; provided, however, Base Rent shall not be abated in the event the Hazardous Material was introduced by Tenant or Tenant's employees, contractors, agents, clients, customers or invitees.

Notwithstanding anything to the contrary contained herein, the foregoing provision shall not be construed to hold Landlord responsible for any loss, damage, liability or expense resulting from injuries caused by any negligence or intentional misconduct of Tenant, its agents, servants, contractors or employees. In case of any action or proceeding brought against Tenant by reason of such claim as is described in the initial sentence of this paragraph, Landlord, upon written notice from Tenant, covenants to defend such action or proceeding by counsel reasonably acceptable to Tenant.

## ARTICLE 14 - DAMAGE AND DESTRUCTION

- 14.1. Partial Damage or Destruction. If no more than twenty-five percent (25%) of the Property, Building, Premises or parking areas are partially destroyed from any cause and such damage or destruction renders the Premises partially inaccessible or unusable, Landlord shall promptly restore the Property, Building, Premises or parking areas to substantially the same condition as they were in immediately before the destruction within one hundred eighty (180) days after the date of such partial destruction. Base Rent shall be abated for the portion of the Premises not occupied by Tenant during the time of such restoration and for any portion of the Premises which may be occupied by Tenant but which are unfit for the purposes permitted under this Lease. In the event that Landlord fails to promptly begin construction to restore the Property, Building, Premises or parking areas, as the case may be, and such restoration is not complete within the one hundred eighty (180) day timeframe provided herein, Tenant shall have right to terminate this Lease upon ten (10) days notice to Landlord or exercise its rights under Section 17.4 of this Lease. Notwithstanding the foregoing, Landlord shall not be required to make any repairs or restorations that are prohibited by law, and Landlord shall not be liable for any inconvenience or annoyance to Tenant or its visitors, or injury to Tenant's business resulting in any way from such damage or the repair thereof.
- 14.2. <u>Complete Damage or Destruction</u>. If twenty-five percent (25%) or more of the Property, Building, Premises or parking areas are destroyed from any cause, such damage shall be deemed

- a complete destruction for purposes of this Lease. In such event, Landlord may, within sixty (60) days after the date of the casualty, commence its reconstruction. The following provisions shall apply in the event of a complete destruction:
- (a) Landlord or Tenant shall each have the right to terminate this Lease upon thirty (30) days written notice to the other party if Landlord's commercially reasonable determination of period for reconstruction will exceed three hundred sixty five (365) days from the date of the casualty;
- (b) Base Rent shall be fully abated during the period beginning on the date of the casualty and ending on the date of completion of Landlord's restoration obligations as provided in this Article 14. If Tenant occupies a portion of the Premises during Landlord's restoration of the Premises, Base Rent shall be abated only for the portion of the Premises not occupied by Tenant.
- 14.3. <u>Damage Near End of Term</u>. Notwithstanding any other provision of this Article 14 to the contrary, if any portion of the Property, Building, Premises or parking areas are destroyed or damaged by a casualty during the last twelve (12) months of the Lease Term, Landlord and Tenant shall each have the option to terminate this Lease by giving ten (10) days written notice to the other party within thirty (30) days of the date of the casualty.
- 14.4. <u>Effective Date of Termination; Rent Apportionment</u>. - 15.1. <u>Condemnation</u>. If any portion of the Premises or the parking lot serving the Premises is taken or condemned by any competent authority for any public or quasi-public use or purpose or is sold to the condemning authority in lieu of condemnation, and such condemnation renders the Premises inaccessible or unusable, Landlord and Tenant shall each have the right to terminate this Lease upon thirty (30) days written notice to the other party. Tenant shall have the right to make such claims as may be available to Tenant under applicable law, provided such claims do not reduce the amount of condemnation proceeds available to Landlord.
- 15.2. <u>Apportionment of Base Rent</u>. If this Lease is terminated under this Article 15, Tenant shall only be obligated to pay Base Rent for the period up to, but not including, the termination date of this Lease. Landlord shall return to Tenant any prepaid Base Rent allocable to any period on or after the Termination Date.

#### ARTICLE 16 - ASSIGNMENT AND SUBLEASING

- 16.1. <u>Restriction on Landlord's Right to Alienate Property</u>. Prior to the Commencement Date, except for a transfer to an entity wholly owned by Landlord, Landlord shall not be permitted to sell or otherwise transfer any portion of its interest in the Property or under this Lease without first obtaining the written consent of Tenant, which Tenant may grant or withhold in its sole discretion.
- 16.2. <u>Restricted Transfers by Tenant</u>. Except as provided in Section 16.3 of this Lease, Tenant shall not voluntarily assign, sublease or otherwise encumber any part of its interest in this Lease or in the Premises without Landlord's prior written consent, which shall not be unreasonably withheld, conditioned or delayed, except if Tenant's proposed assignee or sublessee does not

have the same or greater net worth than Tenant. Concurrent with Tenant's written request for Landlord's consent to a transfer, Tenant shall provide Landlord with (a) information regarding the proposed transferee, including their name, address, and ownership profile, (b) the nature of the proposed transferee's business and anticipated use of the Premises; (c) current audited financial statements of the proposed transferee, and (d) all material terms of the proposed transfer, including the base rent to be paid by the proposed transferee for the term of the proposed assignment or sublease, the portion of the Premises to be transferred, a general description of any planned alterations or improvements to be made by the proposed transferee to the Premises, the effective date of the transfer, and copies of other relevant documentation concerning the proposed transfer to the extent then available.

Consent given by Landlord to any such assignment or subletting shall not operate as a waiver of the necessity for a consent to any subsequent assignment or subletting.
- 16.2.2. <u>Release of Tenant</u>. If Landlord consents to any Restricted Transfer, Tenant and any guarantor of this Lease shall continue to be liable under this Lease accruing after the date of the Restricted Transfer.
- 16.3. <u>Permitted Transfers by Tenant</u>. Notwithstanding Section 16.1, Tenant may assign this Lease or sublease the Premises in whole or in part, upon written notice to Landlord, but without the consent of Landlord to:
- (a) any entity into which or with which Tenant has merged or consolidated;
- (b) any parent, subsidiary, successor, or wholly-owned affiliated entity of Tenant;

- (d) any partnership, the majority interest of which shall be owned by Tenant or a parent, subsidiary, successor or wholly-owned affiliate entity of Tenant;
- (e) any purchaser of substantially all of Tenant's assets located at the Premises, provided that any such assignee or successor shall agree in writing to assume and perform all of the terms and conditions of this Lease on Tenant's part to be performed from and after the effective date of such assignment or subletting; or
- (f) as a subtenant only, any doctor or medical director associated with Tenant, provided that no more than ten percent (10%) of the Premises are transferred pursuant to this Section 16.2(f).
- (g) any other party, provided that Tenant and any guarantor of this Lease agree in writing to remain liable under this Lease.
- 16.4. <u>Right to Collect Base Rent</u>. If this Lease is assigned, Landlord shall collect Base Rent directly from the assignee. If all or part of the Premises is subleased and Tenant defaults, Landlord shall have the right to collect the base rent payable by the sublessee to Tenant directly from the sublessee provided that Landlord shall apply all amounts collected to Tenant's monetary obligations under this Lease.

# ARTICLE 17 - DEFAULTS AND REMEDIES

- 17.1. <u>Default by Tenant</u>. The occurrence of any of the following shall constitute a default by Tenant under this Lease:
- (a) Tenant's failure to pay when due any Base Rent or any other monetary obligation required to be paid under this Lease if the failure continues for ten (10) days after Tenant's receipt of written notice of its failure from Landlord to Tenant;
- (b) Tenant's failure to perform any other obligation under this Lease if the failure continues for thirty (30) days after Tenant's receipt of written notice of its failure from Landlord to Tenant. If the required cure of the noticed default cannot be completed within thirty (30) days, Tenant's failure to perform shall not constitute a default under this Lease if Tenant has taken steps to cure the failure and is diligently and continuously attempting to complete the cure as soon as reasonably possible;
- (c) The entry of an order for relief with respect to Tenant or any guarantor of this Lease under any chapter of the Federal Bankruptcy Code, the dissolution or liquidation of Tenant or any guarantor of this Lease, the appointment of a trustee or receiver to take possession of all or substantially all of Tenant's or any guarantor's assets or Tenant's interest under this Lease that is not discharged within thirty (30) days; or
- (d) The execution by Tenant or any guarantor of this Lease of an assignment for the benefit of creditors.
- 17.2. <u>Landlord's Remedies on Tenant's Default</u>. Upon the occurrence of any event of default by Tenant, Landlord shall have the following rights and remedies, each of which shall be cumulative and nonexclusive:
- (a) Terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord and, if Tenant fails to do so, Landlord may without prejudice to any other remedy which it may have for possession or arrearages under this Lease enter upon and take possession of the Premises and expel or remove Tenant from the Premises or any part thereof, without being liable for prosecution or any claim or damages therefore;
- (b) Recover from the following sums from Tenant:
  - (i) any unpaid rent which has been earned at the time of such termination plus accrued interest thereon at the rate ten percent (10%) per annum; plus
  - (ii) the net present value, using a discount rate of ten percent (10%), of the unpaid rent for the balance of the Lease Term less any rental loss that Tenant proves could have been reasonably avoided; plus
  - (iii) any amounts reasonably expended by Landlord to restore the Premises to the condition the Premises were in as of the Commencement Date of this Lease;
- (c) Cure any default by Tenant by making any payment required to be made by Tenant (other than payments of Rent) or performing any of Tenant's other obligations under this Lease. Tenant shall repay any sums expended by Landlord pursuant to this Section within ten (10) days of Landlord's submission to Tenant of invoices and proof of payment. In the event that Tenant fails to reimburse Landlord hereunder, interest shall accrue on such sums at the rate of eighteen percent (18%) per annum unless such interest rate violates applicable usury laws, in which case interest shall accrue at the maximum allowable legal rate. No such payment or expenditure by Landlord shall be deemed a waiver of Tenant's default nor shall it affect any other remedy of Landlord by reason of such default; and

- (d) Accept any payments made by Tenant without waiving any rights under this Lease, including any rights that Landlord has to fully address and seek remedy for Tenant's default.
- 17.3. <u>Default by Landlord</u>. Landlord's failure to perform any its obligations under this Lease shall constitute a default by Landlord under the Lease if the failure continues for thirty (30) days after written notice of the failure from Tenant to Landlord. If the required cure of the noticed default cannot be completed within thirty (30) days, Landlord's failure to perform shall not constitute a default under this Lease if Landlord has taken steps to cure the failure within thirty (30) days and is diligently and continuously attempting to complete the cure as soon as reasonably possible.

Landlord hereby acknowledges that the infiltration of water into the Premises represents a health and safety hazard to Tenant, its employees, and its patients. Therefore, notwithstanding anything to the contrary contained in this Section 17.3, Tenant shall have the right to exercise its rights pursuant to Section 17.4 of this Lease in the event that Tenant provides Landlord with written notice of a roof leak or other water infiltration into the Premises and Landlord fails to fully repair the same within five (5) business days; provided, however, if the required repair cannot be completed within five (5) days, Landlord's failure to perform shall not constitute a default under this Lease if Landlord has taken steps to complete the repair and is diligently and continuously attempting to complete the repair as soon as reasonably possible.

- 17.4. <u>Tenant's Right of Self Help</u>. In the event of a default of this Lease by Landlord pursuant to Section 17.3, Tenant shall have the right, without waiving any claim of damages for breach of this Lease, at any time thereafter to cure such default for the account of Landlord. In exercising its self help rights pursuant to this Section 17.4, Tenant shall have the right to use contractors of its choosing. Landlord hereby grants to Tenant and Tenant's contractors a license, effective during the Lease Term, to enter those portions of the Property, Building, and Premises that are reasonably necessary for Tenant to take such action. Any reasonable amount paid or any liability reasonably incurred by Tenant in exercising its self help rights pursuant to this Section 17.4 shall be deemed paid or incurred for the account of Landlord and Landlord shall reimburse Tenant therefore within ten (10) days of Tenant's submission of invoices and proof of Tenant's payment of such invoices. In the event that Landlord fails to reimburse Tenant as provided herein, such failure shall be considered a material breach of this Lease and the following provisions shall apply:
  - (i) Interest shall accrue on such unpaid amounts at the rate of eighteen percent (18%) per annum unless such interest rate violates applicable usury laws, in which case interest shall accrue at the maximum allowable legal rate; and
  - (ii) Tenant may deduct the full cost incurred in curing Landlord's default and any accrued interest thereon pursuant to Section 17.4(i) of this Lease from future payments of Base Rent.

#### ARTICLE 18 - HOLDING OVER

18.1. <u>Holdover Rent</u>. If Tenant remains in possession of the Premises after the expiration or earlier termination of this Lease, Tenant's occupancy shall be deemed a month-to-month tenancy upon the same terms and conditions of this Lease except that (a) Base Rent shall be equal to One hundred ten (110%) of the Base Rent paid by Tenant to Landlord for the month in which this Lease expired or was otherwise terminated and (b) Tenant shall not have any right to extend the Lease Term.

18.2. <u>Limitation on Tenant's Liability for Holdover</u>. Tenant shall not be liable for any damages sustained by Landlord on account of Tenant's holdover unless Landlord provides Tenant with thirty (30) days written notice to vacate the Premises and Tenant thereafter fails to do so.

#### **ARTICLE 19 - SURRENDER OF PREMISES**

- 19.1. <u>Surrender of Premises</u>. Upon the expiration or earlier termination of this Lease, Tenant, at its sole cost and expense, shall remove all debris and rubbish from the Premises. Tenant shall quit the Premises and surrender possession thereof to Landlord in broom clean condition except for reasonable wear and tear and damage caused by acts of God, Landlord, casualties, and/or condemnation.
- 19.2. <u>Removal of Tenant's Trade Fixture and Personal Property</u>. Tenant shall remove from the Premises all movable trade fixtures and personal property of Tenant including furniture, equipment, freestanding cabinetwork, and other articles of personal property owned by Tenant. Tenant's water treatment equipment and process piping shall be considered one of Tenant's trade fixtures for purposes of this Lease. Tenant shall repair all damage to the Premises and the Building resulting from such removal. If Tenant fails to remove any of its trade fixtures or personal property on or before the expiration or earlier termination of this Lease, Landlord, at Tenant's sole cost and expense, shall have the right to remove and store Tenant's trade fixtures and personal property in an off-site storage facility. Landlord shall not be liable for any damage caused as a result of such removal, and Tenant shall pay Landlord for its removal and storage expenses within ten (10) days of Landlord's written demand for reimbursement of such expenses.
- 19.3. <u>Removal of Alterations</u>. Tenant shall have the right, but not the obligation, to remove Alterations not otherwise deemed trade fixtures which were installed on or in the Premises by Tenant during the Lease Term pursuant to Article 5 of this Lease. In the event that Tenant removes any Alterations pursuant to this Section 19.3, Tenant shall, at Tenant's expense, repair all damage to the Building and the Premises resulting from such removal. In the event Tenant does not remove any Alterations prior to the expiration or earlier termination of this Lease, such Tenant Alterations not so removed shall be conclusively deemed abandoned by Tenant and title thereto shall pass to Landlord without any payment or credit to Tenant.

#### **ARTICLE 20 - ESTOPPEL CERTIFICATES**

20.1. Obligation to Provide Estoppel Certificates. Within twenty-one (21) days after receipt of a written request by Landlord, Tenant shall execute and deliver a commercially reasonable estoppel certificate or other form required by any existing or prospective lender, mortgagee, or purchaser of all or part of the Property or the Building. Tenant shall be permitted to indicate in the estoppel certificate any relevant and factual exceptions to the statements contained therein that may exist at the time Tenant executes the certificate. Tenant shall also execute and deliver such other documents or instruments may be reasonably required for the purpose of supporting Landlord's underlying transaction.

#### ARTICLE 21 - SUBORDINATION, NONDISTURBANCE, AND ATTORNMENT

21.1. <u>Automatic Subordination of this Lease</u>. This Lease shall at all times be subject and subordinate to the lien of any mortgages, deeds of trust, ground leases, or other encumbrances recorded now or subsequently against the Premises or the Property and all renewals, modifications, re-financings and extensions thereof (collectively, "Encumbrances"). This clause shall be self-operative, but within twenty-one (21) days after the receipt of a written request from

Landlord or any Encumbrance holder, Tenant shall execute a commercially reasonable subordination agreement together with any customary additional documents evidencing the priority of the Encumbrance and the subordination of this Lease with respect to such Encumbrance. Notwithstanding the foregoing, Tenant shall not be required to execute any agreement or other documentation that materially increases Tenant's obligations during the remainder of the Lease Term or adversely alters or negates any of Tenant's rights and remedies granted under this Lease or applicable law.

- 21.2. <u>Non-Disturbance and Attornment</u>. Provided that Tenant's occupancy of the Premises is not disturbed and that the terms and conditions of this Lease are honored by the transferee of Landlord's interest in the Property, Tenant covenants and agrees to attorn to the transferee of Landlord's interest in the Property by foreclosure, deed in lieu of foreclosure, exercise of any remedy provided in any Encumbrance or underlying lease, or operation of law, and to recognize such transferee as the new landlord under this Lease. In the event any Encumbrance holder notifies Tenant of such a transfer of Landlord's interest in the Property, Landlord agrees that Tenant shall not be liable for making payments of Base Rent or any other sums due pursuant the terms of this Lease directly to the transferee.
- 21.3. <u>Modifications of Lease Required by Landlord's Lender or Governmental Entity</u>. If any institutional lender of Landlord, or governmental entity having jurisdiction over the Premises for purposes of a short plat or otherwise, requests a modification of this Lease, Tenant shall endeavor in good faith to agree to that modification and to prepare and execute an amendment to this Lease so long as (a) Base Rent and any other amounts required to be paid under this Lease are not changed, (b) the time for and manner of payments under this Lease are not changed, (c) the Lease Term (including any Option Terms and the times governing Tenant's exercise of any options) is not changed, (d) Tenant's possession of the Premises and rights to possession and use of other parts of the Building and Property are not changed, (e) Landlord's obligations to Tenant under this Lease are not reduced, (f) Tenant's obligations to Landlord under this Lease are not increased, and (g) the proposed modification does not materially or adversely change the other rights and obligations of Tenant under this Lease or applicable law. As a condition of Tenant's obligation to execute an amendment, Landlord shall reimburse Tenant for its costs, including reasonable attorney fees that are incurred in connection with the review, negotiation, and preparation of the amendment.

#### **ARTICLE 22 - FORCE MAJEURE**

22.1. <u>Force Majeure</u>. Except for the payment of any monies due by one party to the other under the terms and conditions of this Lease, whenever a period of time is prescribed herein for the taking of an action by Landlord or Tenant, such party shall not be liable or responsible for, and there shall be excluded from the computation of any such period of time, any delays due to strikes, acts of God, shortages of labor or materials, war, terrorist acts, civil disturbances, governmental delay, governmental action or inaction, and any other causes beyond the reasonable control of the performing party.

#### **ARTICLE 23 - SIGNS**

23.1. <u>Building Name</u>: <u>Landlord's Signage Rights and Obligations</u>. Subject to Tenant's signage rights under this Article 23, Landlord may at any time change the name of the Building and install, affix, and maintain all signs on the exterior of the Building as Landlord may, in Landlord's sole discretion, desire. Tenant may use the name of the Building or pictures or illustrations of the Building in its advertising or other publicity during the Lease Term. Landlord

shall, at its sole cost and expense, install Tenant's name and suite number on all signage located on the Property.

- 23.2. <u>Tenant's Signage Rights</u>. Tenant shall have the right, at its sole cost and expense, to erect, affix or display such signs or sign advertising its business as Tenant may consider necessary or desirable on the exterior or interior walls, doors, or windows of the Premises, and in locations on the Building, the Property and/or exterior monuments where other tenant's signs are located. In addition, Tenant shall have the right to install directional signs in the parking areas of the Property that indicate the location of the Premises. The location of all signs installed by Tenant pursuant to this Section 23.2 shall be subject to Landlord's consent, which shall not be unreasonably withheld, conditioned or delayed.
- 23.3 <u>Compliance with Laws</u>. Notwithstanding anything contained in this Article 23 to the contrary, Tenant's signage shall be subject to all governmental and quasi-governmental consents, approvals and permits as may be necessary in order for Tenant to erect its signage. Landlord agrees to cooperate with Tenant, at no cost to Landlord, in the filing any required applications for governmental approvals for signage.
- 23.4. <u>Removal of Tenant's Signs Upon Lease Termination</u>. Tenant shall promptly and permanently remove all of its signs installed pursuant to Section 23.2 of this Lease upon the termination or earlier expiration of this Lease.

#### **ARTICLE 24 - PARKING**

24.1. <u>Grant of Parking Rights</u>. Landlord, at no cost to Tenant, shall provide Tenant with sufficient parking for Tenant's employees and patients in locations per the parking plan attached hereto as <u>Exhibit A-1</u> in an amount of no less than 5 spaces per 1,000 square feet with 10% of said parking to be designated, at Landlord's sole cost and expense, as handicapped parking plus one ambulance space. Such parking shall be provided in accordance with all applicable federal, state and local laws, ordinances and regulations. Tenant shall have the exclusive right during the Lease Term to use forty-seven (47) assigned parking spaces of which at least five (5) shall be designated as handicapped parking.

#### **ARTICLE 25 - BROKERS**

25.1. <u>Brokers</u>. Landlord and Tenant each represents and warrants to the other that it has had no dealings with any real estate broker or agent in connection with the negotiation of this Lease, except for CBRE, Inc. and NAI Black ("Broker"), whose fees shall be paid by Landlord. Landlord and Tenant hereby represent to each other that they know of no other real estate broker or agent who is entitled to a commission or finder's fee in connection with this Lease. Each party shall indemnify, protect, defend, and hold harmless the other party against all claims, demands, losses, liabilities, lawsuits, judgments, and costs and expenses (including reasonable attorney fees) for any leasing commission, finder's fee, or equivalent compensation alleged to be owing on account of the indemnifying party's dealings with any real estate broker or agent other than Broker. The terms of this Article 25 shall survive the expiration or earlier termination of this Lease.

## ARTICLE 26 - MISCELLANEOUS PROVISIONS

26.1. <u>Quiet Enjoyment</u>. Provided that Tenant performs all of its obligations under this Lease, Tenant shall peaceably and quietly hold and enjoy the Premises for the Lease Term, without hindrance from Landlord or any party claiming by, through, or under Landlord.

- 26.2. <u>Minimization of Interference</u>. Landlord shall exercise its rights and perform its obligations under this Lease in such a way as to minimize any resulting interference with Tenant's use of the Premises. Tenant shall exercise its rights and perform its obligations under this Lease in such a way as to reasonably minimize any resulting interference with the operation of the Property and the Building.
- 26.3. <u>Application of Payments</u>; <u>No Accord and Satisfaction</u>. All payments received by either party under the terms of this Lease shall be applied to the oldest payment obligation then owed by the payor. No designation contained in a separate writing or on a check or money order shall (a) modify this clause or have any force or effect without the written consent of the other party or (b) constitute an accord and satisfaction. Each party may accept checks or payments without prejudice to its right to recover all other amounts due under this Lease and to pursue all other remedies provided for in this Lease and applicable law. In no event shall the provisions of this Section 26.3 limit, hinder or otherwise prevent Tenant from exercising any of its offset rights pursuant to the terms of this Lease.
- 26.4. <u>No Waivers</u>. No waiver of any provision of this Lease shall be implied by any failure of either party to enforce any remedy for the violation of that provision, even if that violation continues or is repeated. Any waiver by a party of any provision of this Lease must be in writing, and such written waiver shall affect only the provision(s) specified and only for the time and in the manner stated in the writing.
- 26.5. <u>Captions</u>. The captions of articles and sections of this Lease are for convenience only and shall have no effect on the interpretation of the provisions of this Lease.
- 26.6. Time of the Essence. Time is of the essence of this Lease and each of its provisions.
- 26.7. <u>Recording—Memorandum of Lease</u>. This Lease shall not be recorded but, at the request of the other party, Landlord and Tenant shall execute, acknowledge before a notary public, and deliver a memorandum of lease. The costs of recording any memorandum of lease shall be borne by the party requesting its execution.
- 26.8. <u>Authority</u>. Landlord and Tenant each warrant and represent to each other that the individuals executing this Lease are duly authorized to execute and deliver this Lease and, once fully executed and delivered, this Lease constitutes a valid, legal and binding obligation enforceable in accordance with the terms and conditions contained herein.
- 26.9. <u>Binding Effect</u>. This Lease shall bind and benefit the parties to this Lease and their legal representatives and successors in interest.
- 26.10. <u>Governing Law; Venue</u>. This Lease shall be construed and enforced in accordance with the laws of the state in which the Property is located without regard to the conflict of law principles thereof. Any action or proceeding in respect of any claim arising out of or related to this Lease, whether in tort or contract or at law or in equity, shall be filed in the state or federal court of competent jurisdiction located geographically closest to the Premises.
- 26.11. <u>Attorney Fees and Costs</u>. If either party undertakes litigation against the other party arising out of or in connection with this Lease, the prevailing party shall be entitled to recover from the other party reasonable attorney fees and all incurred court costs.
- 26.12. <u>Interpretation of Lease Provisions</u>. Landlord and Tenant hereby acknowledge that the terms and conditions of this Lease were reached after an arms length negotiation, that both parties participated in the drafting and preparation of this Lease, and that both parties had the opportunity to seek the advice of counsel prior to the execution and delivery of this Lease. As such, Landlord and Tenant herby agree that the rule of construction that a document be construed most strictly against the party that prepared the document shall not be applied.

- 26.13. <u>Severability</u>. If a court of competent jurisdiction holds any provision of this Lease invalid or unenforceable in whole or in part for any reason, the validity and enforceability of the remaining clauses shall not be affected.
- 26.14. <u>Exhibits; Entire Agreement; Amendments</u>. The Exhibits attached to this Lease are a part of this Lease and incorporated into this Lease by reference. Neither party has been induced to enter into this Lease by, and neither party is relying on, any representation or warranty outside those expressly set forth in this Lease. This Lease may be amended only by an agreement in writing signed by Landlord and Tenant.

# 26.22. Dispute Resolution.

# (a) Mediation of Disputes.

- (i) Mediation. In the event of any dispute between any parties to this Lease that the parties cannot themselves timely resolve to their mutual satisfaction, such dispute may be submitted to mediation. In the event Landlord and Tenant agree to mediation, mediation proceedings shall take place in Walla Walla, Washington by a duly qualified neutral attorney experienced in mediation or other professional mediator chosen by the parties if the parties can so agree upon selection of the mediator within ten (10) days of either party sending written notice to the other party requesting mediation of the dispute. In the event that the parties cannot timely agree upon selection of the mediator, then said mediator shall be selected in the same manner as the single arbitrator as provided in subsection 26.22(b)(iii) below.
- (ii) <u>Mediation Proceedings</u>. The mediation shall take place not later than thirty (30) days after selection of the mediator; during which, with the assistance and counseling of said mediator, the parties shall, in good faith, attempt to resolve their dispute. Any remaining unagreed disputes or issues following completion of said mediation proceedings shall be set forth in writing and be subject to final and binding arbitration in the manner set forth in subsection 26.22(b) below. Each party to the mediation shall be responsible for their own costs and expenses. The costs of the mediation proceedings itself, and the fees and costs of the mediator, shall be shared equally by the parties to the dispute. The parties to the mediation shall be required to maintain the confidential nature of said proceedings.

## (b) Arbitration of Disputes.

- (i) <u>Arbitration</u>. After completion of the subsection 26.22(a) mediation proceedings, or in the event the parties do not otherwise agree to mediation, Landlord and Tenant shall resolve exclusively by final and binding arbitration all remaining claims, demands, causes of action, disputes, controversies or other matters in question (collectively, "claims") arising out of, or related to, the terms of this Lease, and whether such claims originate from contract, tort or otherwise, and whether provided by statute (federal, state or local statutes or laws, and rules, regulations and ordinances interpreting the same), equity or common law that either party may have against the other, or employees or agents in their capacity as such or otherwise.
- (ii) <u>Arbitration Procedures</u>. Any arbitration hereunder shall be in accordance with RCW 7.04 (if applicable to the type of dispute at issue), the Federal Arbitration Act ("FAA") (if

RCW 7.04 is not applicable) and to the extent that any issue or procedure covering the arbitration is not adequately addressed by RCW 7.04 or the FAA (as determined by the arbitrator), or if RCW 7.04 and the FAA do not apply, and to the extent not otherwise provided in this Lease, said issue or procedure shall then be in accordance with the then current rules of the American Arbitration Association ("AAA") that are applicable to the claims asserted. The arbitrator shall apply the substantive law of the State of Washington (excluding Washington choice of law principles that might call for application of some other state's law), or federal law, or both, as applicable to the claims asserted. The arbitrator shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, or enforcement of this arbitration provision, including any claim that all or part of this provision is void or voidable, and any claim that an issue or dispute related to or arising out of this Lease is not subject to arbitration. The type and amount of discovery allowed in the arbitration proceedings shall be in the sole discretion of the arbitrator. Any and all of the arbitrator's orders, decisions and awards shall be final and binding, and may be enforceable in, and judgment upon any award rendered by the arbitrator, may be confirmed and entered by, any federal or state court having jurisdiction. All proceedings conducted pursuant to this Lease, including any order, decision or award of the arbitrator, shall be kept confidential by the parties.

- Number of Arbitrators; Venue; Written Decision and Findings. Unless otherwise specifically required by RCW 7.04, the FAA, or AAA (depending on the applicability to the issue in dispute as determined under subsection 26.22(b)(ii)), the arbitration shall be by a single arbitrator. Said arbitrator shall first be appointed by agreement of the parties, if such agreement can be reached within ten (10) days of receipt of notice by one party that the other party has commenced arbitration proceedings. In the absence of timely agreement, if the mediator which first heard the dispute pursuant to subsection 26.22(a) was chosen pursuant to the provisions of this subsection 26.22(b)(iv), then said individual who served as mediator shall also serve as the single arbitrator. In the absence of timely agreement, and if the subsection 26.22(a) mediator was not chosen pursuant to the provision of this subsection 26.22(b)(iii), then the parties shall request a list of seven (7) arbitrators versed in the area of law that is the subject of the claim from the AAA in Seattle, Washington. The parties shall select the single arbitrator from said list, by agreement if possible, and in the absence of agreement, within ten (10) days of receipt of said list, the arbitrator shall be selected from said list by each party, in turn striking a name from said list until only a single name remains, who shall be the sole arbitrator. The parties agree that venue for arbitration shall be in Walla Walla, Washington and that any arbitration proceeding commenced in any other venue shall be transferred to Walla Walla, Washington upon the written request of any party to this Lease. The arbitrator shall issue written findings and award setting forth his or her decisions concerning said arbitration.
- (iv) <u>Costs of Arbitration</u>. When arbitration is actually conducted pursuant to this Lease the parties shall share equally the obligation for payment of all of the arbitrator's fees and facility charges, if applicable, to secure the place of arbitration
- (v) <u>Waiver of Trial</u>. The parties acknowledge that by signing this Lease, each party is waiving any right that party may otherwise have to a jury trial, or a court trial, in regard to any claim hereunder, including a claim for breach of this Lease.

## **GENERAL INFORMATION**

A "Building Shell Premises" construction project is one in which Landlord constructs a building shell structure, utilities, parking, landscaping, and site improvements to Tenant's specifications. Tenant's specifications are intended to allow Landlord's completed project to function as a "Build to Suit" structure accommodating interior build out by Tenant into an outpatient dialysis facility.

Landlord is to provide the Tenant a site survey (ALTA) in an AUTOCAD file format which shall include but not limited to property boundaries, utility locations, roads curbing, sewers and topography. Landlord shall be responsible for hiring Registered Architects, Engineers, and any other persons necessary to prepare and present to Tenant the following (all of which shall be referred to collectively as the "Plans"): a complete set of construction documents for the building shell (which shall be based on the preliminary plan of the building shell and interior build-out prepared by the Tenant and approved by the Landlord and a site plan containing but not limited to the property boundaries, set backs, curb cuts, topography, parking layout, exterior lighting, depiction of the location of all incoming required utilities, including, but not limited to: Electrical service, Gas service, Domestic Water supply, Waste Line (Sewer), Telephone service, and Cable TV service sufficient for permitting and construction. The Landlord's Architect/Engineers, after signing a confidentiality agreement, shall receive the Tenant's proprietary details and Master Specifications to incorporate into the Plans. The first set of Plans (the "Draft Plans") shall be 50% complete construction documents, and shall be presented to Tenant for Tenant's approval. The cost of any such modifications shall be the sole responsibility of the Landlord, provided all such modifications shall be consistent with the various descriptions of the anticipated construction contained in this Lease. A final set of Plans 100% (the "Final Plans") shall be submitted to Tenant for Tenant's approval. Final Plans are to be submitted in AutoCAD 2004, PDFs (a single file with all sheets in order) and hardcopy to Tenant's Project Manager.

All plans and construction shall be completed in compliance with all applicable laws, codes, regulations, including zoning requirements and all authorities having jurisdiction. In addition, all plans and construction must meet National Fire Protection Association (NFPA) 101, Life Safety Code 2000 and all other referenced NFPA codes. Landlord will secure any/all required federal, state and/or local inspections for this Building Shell Project. The Landlord is required to have the Tenant's Project Manager involved in but not directly managing the design process, bidding process, selection of the General Contractor and the construction process of the building shell work. Landlord shall provide to tenant all necessary documents for code, regulatory reviews or inspections.
