I. Executive Summary

MED-Project WA, LLC (“MED-Project”) operates a Product Stewardship Plan for Covered Drugs from Households in the State of Washington, dated May 24, 2023, and approved by the Washington State Department of Health (the “Department”) on June 1, 2023, (“Approved Plan”). MED-Project is submitting this 2024 State of Washington Annual Report (“Report”) for the period between January 1, 2024, and December 31, 2024 (the “Reporting Period”) as described in Approved Plan Section X: Reporting. All capitalized terms used but not otherwise defined herein shall have their respective meaning set forth in the Approved Plan.

MED-Project has served the residents of the State since the implementation of its first take-back programs in King and Snohomish counties in 2017. MED-Project was the only approved Program Operator when the Drug Take-Back Program legislation was initially passed and at the inception of the State Drug Take-Back Program in 2020. The Covered Manufacturers that participated in the MED-Project Approved Program met the Covered Manufacturer compliance obligations under RCW 69.48, See RCW 69.48.020 through 69.48.200. Information included in this Annual Report occurred during the Reporting Period unless otherwise stated. MED-Project continues to administer an Approved Plan in the State of Washington.

Since inception of collection activities, MED-Project has collected over 1,050,000 pounds of Covered Drugs in the State through a wide network of over 765 service locations that includes conveniently located Collection Sites and Mail-Back Distribution Locations. MED-Project’s comprehensive outreach and education program has generated over 332 million impressions to State residents. The Drug Take-Back Law was modified in 2021 to allow other Program Operators to apply for program approval and one additional Program Operator was approved in 2022. According to the 2024 Final Annual Collection Reports, MED-Project Authorized Collectors attributed for over 70% of Collection Receptacles that collected weight in the State of Washington and attributed for over 80% of Covered Drugs collected from all Authorized Collectors that collected Covered Drugs in 2024. Further, MED-Project Collection Receptacles that collected weight in 2024, collected 72% more weight per Collection Receptacle on average than other Program Operator Collection Receptacles.

A. Notifications

MED-Project submitted a number of updates. The updates included:

- MED-Project submitted seven monthly Safety and Security Reports to the Department.
- On February 6, 2024, MED-Project notified the Department of several changes to the coordinated website.

- On April 12, 2024, MED-Project notified the Department of a change to the liners utilized in the Program.
- On July 1, 2024, MED-Project submitted an update to the Approved Plan, (“Updated Plan”). On December 6, 2024, the Department requested revisions to the Updated Plan.
- On August 8, 2024, MED-Project notified the Department of changes to the coordinated website in order to meet requirements established by WAC 246-480-070.
- On October 16, 2024, MED-Project submitted a substantive change request to the Department, requesting to make an update to a disposal facility. On October 21, 2024, the Department approved the request.
- On November 21, 2024, MED-Project notified the Department of changes to the coordinated website directed in a notice sent by the Department on September 24, 2024.
- On December 5, 2024, A letter was submitted to the Department requesting the approval of materials submitted in the July 1, 2024 Updated Plan in order to meet requirements established by WAC 246-480-070(15).
- On December 9, 2024, MED-Project submitted non-substantive change notification to the Department, notifying them of a change to the coordinated call center.
- On December 13, 2024, MED-Project notified the Department of the necessity to implement the 2024 Updated Plan changes to printed materials, call center, and website to meet the January 23, 2025 implementation date established by WAC 246-480-070(15).

B. 2024 Operations Overview

MED-Project supported 574 Collection Sites in the State. In addition, MED-Project supported 209 Mail-Back Distribution Locations and Retail Pharmacy locations.

MED-Project distributed outreach and educational materials to select Collection Sites and Mail-Back Distribution Locations. All public promotional material included in this Report are representative examples from the Reporting Period.

As outlined in the Approved Plan, the goal of the Program is to provide Covered Entities with convenient, safe, and accessible methods to dispose of Covered Drugs. MED-Project broadcasted a public service announcement (“PSA”) encouraging safe disposal of Covered Drugs and the use of mail-back services.

MED-Project continues to communicate with select Collection Sites to distribute outreach materials, review procedures as needed and improve the overall Program design. MED-Project updated the list of accepted and not accepted items in mail-back inserts, the MED-Project website, and Collection Receptacles. MED-Project also communicates with new sites upon activation and with sites that request additional information.

The following sections of the Report respond to specific reporting requirements in the Approved Plan and WAC 246-480 Regulations ("Regulations"). Each section of the Report restates the corresponding Approved Plan section. All figures are rounded to the nearest tenth place.

II. Participating Producers

Approved Plan Section X: *“A list of Covered Manufacturers participating in the Program.”*

Regulation Section 246-480-080(2)(a): *“A list of covered manufacturers participating with the program operator.”*

See Appendix A, Participating Covered Manufacturers.

III. Collection Method and Weight

A. Collection Weights

Approved Plan Section X: *“The amount, by weight, of Covered Drugs collected, including the amount by weight from each collection method used.”*

Regulation Section 246-480-080(2)(b): *“The amount, by weight, of covered drugs collected, including the amount by weight from each collection method used.”*

MED-Project reports the collection amounts across the State for each of the collection methods as follows:

- MED-Project collected 173,668.8 pounds from Collection Receptacles.
- MED-Project collected 4,481.4 pounds through the return of 5,338 Mail-Back Packages.
- MED-Project collected a total of 178,150.2 pounds through all collection methods.

B. Collection Sites

Approved Plan Section X: *“A list of Collection Sites with addresses.”*

Regulation Section 246-480-080(2)(c): *“The list of collection sites with addresses must:*

(i) Indicate collection sites added since previous annual report was submitted to the department;

(ii) Also be provided as a map; and

(iii) Identify any retail pharmacy, hospital or clinic with an on-site pharmacy, or law enforcement agency that offered to participate and was not included as an authorized collector within 90 days of the program operator receiving offer.

(A) If potential authorized collector was included later, describe reason for delay.

(B) If potential authorized collector was not included, describe reason for exclusion.”

For a list of Collection Sites with addresses, see Appendix B, Table 2, Collection Site Locations.

For a map of all Collection Sites that participated in the Program, see Figure 1, Map of Active Collection Sites, below.

All sites that expressed interest in joining the Program were included as an Authorized Collector within 90 days of MED-Project receiving the Authorized Collector offer to participate.

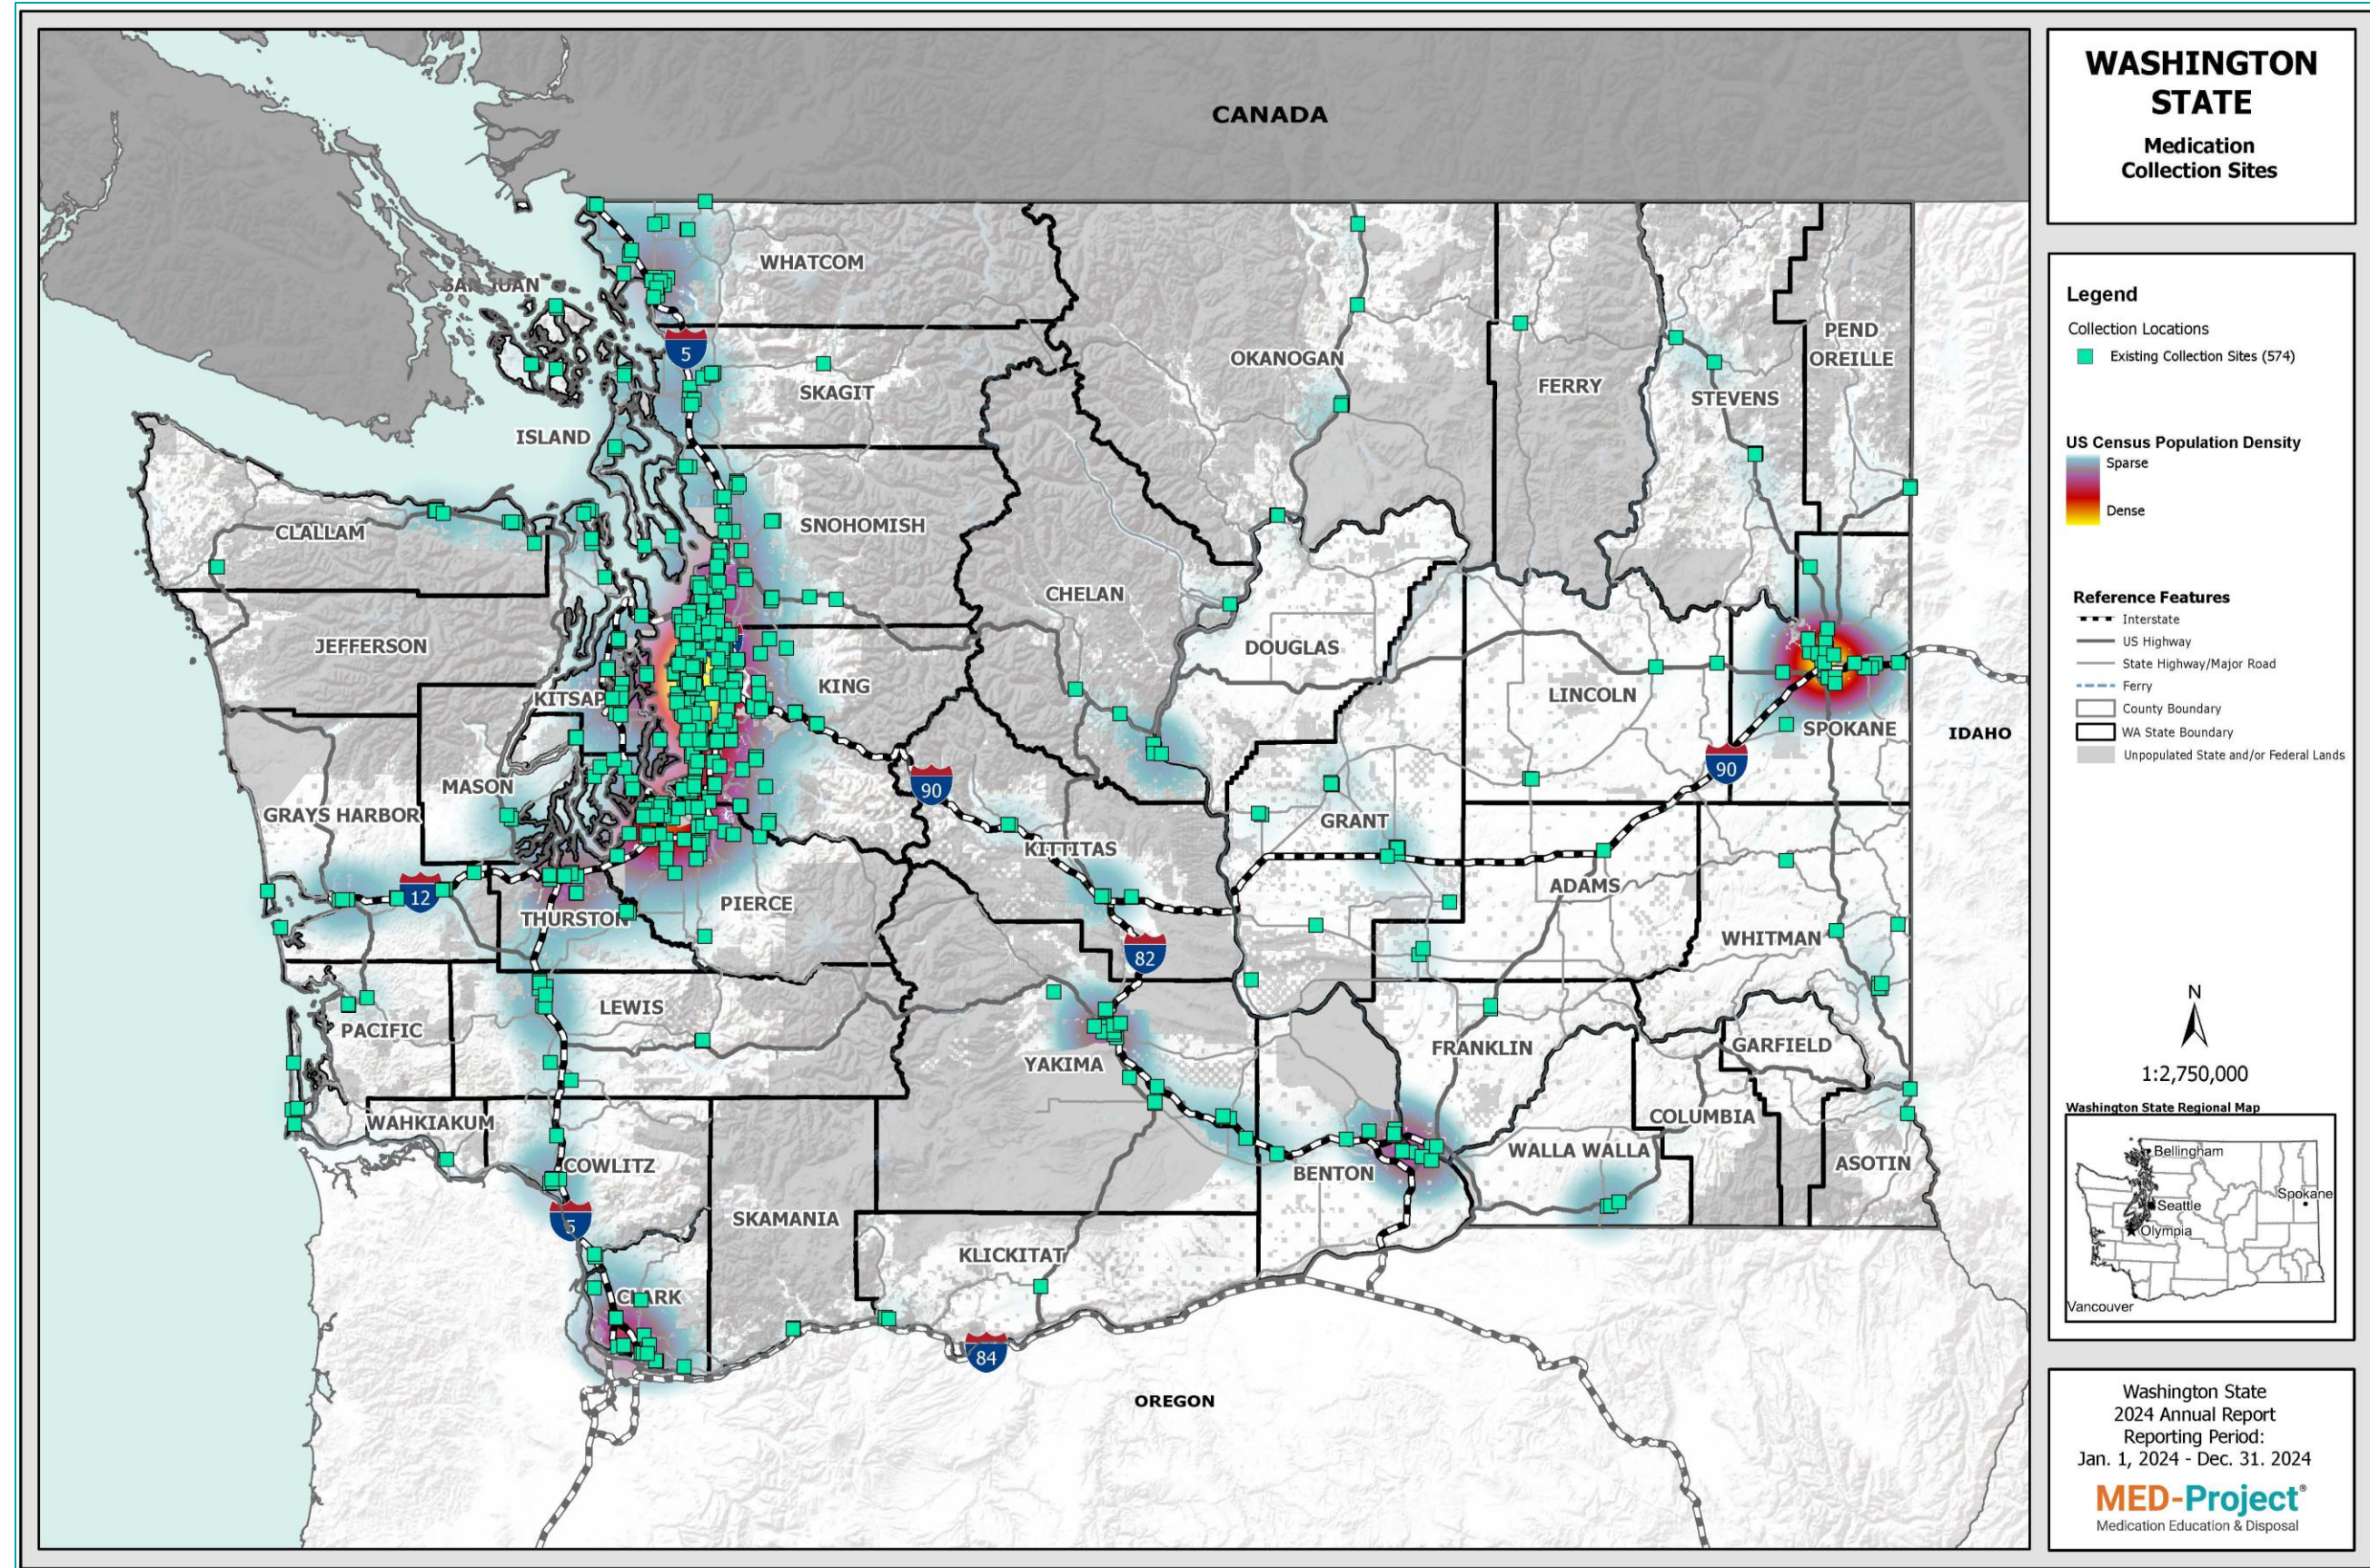

Figure 1: Map of Active Collection Sites

C. Prompt Collection, Maintenance, and Kiosk Inner Liner Requests

Approved Plan Section X: “A description of any Collection Site requests for Rapid Response that were not provided to the Collection Site.”

Regulation Section 246-480-080(2)(d): “A description of prompt collection, maintenance, and kiosk inner liner supply requests.

(i) Describe whether agreements with collection sites include requirement for collection site to report need for prompt collection, maintenance, or inner liner supplies.

(ii) Describe any instances where program operator identified issues related to collection receptacle (kiosk) not being available to accept covered drugs when collection site was open for business, including issues identified during program operator inspection of receptacles; number of requests for prompt collection, maintenance, or inner liner supplies; and average number of days between request and collection or response.

(iii) Describe any instances where requests for prompt collection, maintenance, or inner liner supplies were not provided by the program operator as described in their approved plan. The description shall include the reason prompt collection, maintenance, or inner liner supplies were not provided and the number of days between request and collection or response.”

MED-Project amended all agreements with collection sites to include a requirement for collection sites to report need of prompt collection, maintenance, or inner liner supplies.

MED-Project was notified of 79 instances where Collection Receptacles were not available to accept covered drugs when the collection site was open for business. Note the 79 instances do not include any event reported in accordance with Regulation Section 246-480-080(2)(j). There was a total of 62 instances where Collection Receptacles were not available due to prompt collection, maintenance, or inner liner supplies. There were 39 instances where Collection Receptacles were not available due to prompt collection for an average of 4.7 business days between request and collection. There were 13 instances where Collection Receptacles were not available due to maintenance for an average of 21.8 business days between request and collection. There were 10 instances where Collection Receptacles were not available due to inner liner supplies for an average of 5.1 business days between request and

collection. For a list of all instances where Collection Receptacles were not available for collection, see Appendix C, Table 3.

MED-Project responded to all requests for prompt collection from Collection Sites.

D. Mail-Back Services

Approved Plan Section X: *“The number of Mail-Back Packages provided.”*

Regulation Section 246-480-080(2)(e): *“The number of mailers provided as reported by zip code and must include the number of mailers provided for each of the following categories:*

(i) Directly to individuals as the result of requests made through website or toll-free telephone number;

(ii) Directly to households without anyone requesting them;

(iii) To retail pharmacies that are not mail-back distribution locations;

(iv) To other businesses or organizations that are not mail-back distribution locations; and

(v) To mail-back distribution locations.”

- MED-Project distributed 3,266 Standard Mail-Back Packages, 491 Inhaler Mail-Back Packages, and 1,956 Injector Mail-Back Packages through the MED-Project website and call center.
- MED-Project did not distribute any Mail-Back Packages directly to households without anyone requesting them.
- MED-Project distributed 8,550 additional Mail-Back Packages to Mail-Back Distribution Locations and 40 additional Mail-Back Packages to Retail Pharmacy locations.
- MED-Project distributed 5,713 Mail-Back Packages to Covered Entities through the MED-Project website and call center.
- MED-Project distributed 120 Mail-Back Packages to other businesses or organizations that are not considered Mail-Back Distribution Locations or Retail Pharmacies, including 60 Standard Mail-Back Packages to WA DOH.

For the number of Mail-Back Packages provided by ZIP Code, see Appendix D, Mail-Back Packages Distributed, by ZIP Code.

E. Mail-Back Distribution Locations and Retail Pharmacy Locations

Approved Plan Section X: *“Locations where Mail-Back Packages were provided, if applicable.”*

Regulation Section 246-480-080(2)(f): *“The locations where mailers were provided and must include a list of:*

(i) Zip codes where individuals requested mailers from the single website, single toll-free telephone number, program operator specific website, or program operator specific telephone number;

(ii) Zip codes where households were sent mailers directly without requesting them. This list must indicate the percentage of households per zip codes that were sent mailers;

(iii) Nonresidential locations that are not mail-back distribution locations with addresses; and

(iv) Mail-back distribution locations with addresses.”

See Appendix D, Mail-Back Packages Distributed, by ZIP Code.

MED-Project did not distribute Mail-Back Packages directly to individuals who did not request Mail-Back Packages. MED-Project provided Mail-Back Packages to five non-residential locations that were not a Mail-Back Distribution Location. See Appendix E, Table 5, Non-Mail-Back Distribution Locations Provided with Mail-Back Packages.

See Appendix E, Table 6, Mail-Back Distribution Locations and Retail Pharmacy Locations.

F. Collection Events

Approved Plan Section X: *“Dates and locations of Collection Events held, if applicable.”*

Regulation Section 246-480-080(2)(g): *“Dates and locations of collection events held.”*

There were no Collection Events held.

G. Collection Outside of Population Centers

Regulation Section 246-480-080(2)(h): “A description of collection sites, mail-back distribution locations, take-back events, and other methods for accessing safe medication return in areas outside of population centers.

(i) List all law enforcement, retail pharmacies, and hospitals or clinics with on-site pharmacies on islands and outside population centers and indicate whether they are authorized collectors.

(ii) For each law enforcement facility, retail pharmacy, and hospital or clinic with on-site pharmacy that is not an authorized collector, describe the reason they are not participating. Include recruitment efforts and the result of those efforts.”

For a list of all law enforcement, retail pharmacies, and hospitals/clinics with on-site pharmacies outside of population centers see Appendix F, Sites Outside of Population Centers.

As part of MED-Project recruitment, MED-Project performed outreach to 44 sites by sending an opportunity to participate letter on May 16, 2024. MED-Project performed outreach to the sites listed in Appendix F. By the end of the Reporting Period one of the 44 sites listed in Appendix F had executed an agreement. The remaining sites did not express interest.

IV. Transporters and Disposal Facilities

Approved Plan Section X: “The transporters and disposal facility or facilities used.”

Regulation Section 246-480-080(2)(i): “Transporters and disposal facilities used.”

A. Transporter Information

See Appendix G, Transporters.

B. Disposal Facility Information

See Appendix H, Disposal Facilities.

V. Safety and Security Report

Approved Plan Section X: *“Whether any safety or security problems occurred during collection, transportation, or disposal of Covered Drugs, and, if so, completed and anticipated changes to policies, procedures, or tracking mechanisms to address the problem and improve safety and security.”*

Regulation Section 246-480-080(2)(j): *“Safety or security problems including, but not limited to, all instances where collection, transportation, or disposal did not follow processes described in the approved plan, including processes for prompt collection and maintenance. Safety and security problems described must include any instances where a secure collection receptacle (kiosk) is opened for a reason other than packaging the inner liner for shipping, installing a new inner liner, or maintenance on a kiosk that does not contain an inner liner. The description of whether safety or security problems occurred during collection, transportation, or disposal of covered drugs must include:*

- (i) Whether the problem occurred during collection, transportation, or disposal;*
- (ii) Whether the problem met criteria for reporting to law enforcement, Washington state pharmacy quality assurance commission, United States Drug Enforcement Administration, or other entity and whether the operator can confirm that the reporting happened;*
- (iii) If covered drugs were lost during transportation, whether transporter has policies for safely managing undeliverable packages that might include drugs;*
- (iv) If transporter delivered covered drugs to the wrong address, description of attempts to retrieve covered drugs and whether those attempts were successful;*
- (v) Program operator actions to ensure problem was reported, if required; appropriate investigation occurred; and risk of similar problem occurring in the future was minimized; and*

(vi) Changes to policies, procedures, or tracking mechanisms to address the problem and improve safety and security.”

There were no safety or security events during collection, transportation, or disposal of Covered Drugs during the Reporting Period, except for those described in Appendix I.

VI. Public Education, Outreach, and Evaluation Activities Implemented

Approved Plan Section X: *“A description of the public education, outreach, and evaluation activities implemented. MED-Project will provide all promotional and education materials developed for the Program with each annual report.”*

Regulation Section 246-480-080(2)(k): *“A description of public education, outreach, and evaluation activities implemented and shall include the following. "Promotional material" shall have the same definition as in WAC 246-480-070(4):*

(iv) Copies of all public promotional material, including signage and changes to websites and telephone number scripts, developed since last annual report;

(v) Description of how education and outreach efforts were implemented including:

(A) Date, type, and description of all social media and email promotion activity;

(B) Date, frequency, reach, and description of outreach for radio, television, print, and digital media platforms;

(C) List of brochures and posters available from single website and program operator specific website, number of times each was viewed, and number of times each was downloaded;

(D) Name, address, facility type, and date of email or hard copy distribution of brochures and posters to nonresidential entities; and

(E) Total number of views and number of unique visitors for each page of single website and program operator specific website.”

A. Public Education Activities

MED-Project provided disposal instructions to Covered Entities for Collection Receptacles and mail-back services offered through the Approved Plan. In addition, MED-Project maintained the MED-Project website and call center to provide information pertaining to MED-Project disposal options and outreach materials. The MED-Project website and call center were available in English and the Specified Languages as outlined in the Approved Plan: Spanish, Chinese, Vietnamese, Russian, and Tagalog. MED-Project's website, including the public promotional educational materials (brochures), can be translated into more than 100 languages via a translation tool. Printed posters and program brochures were available in English and Spanish.

MED-Project also continued to coordinate a single website and toll-free telephone number to access information about collection services with the other approved operator.

MED-Project completed updates to public promotional materials and the MED-Project website to meet the requirements of WAC 246-280-070. MED-Project included copies of all public promotional materials previously developed and used by the Program in respective Annual Reports. Appendix J of this Annual Report contains public promotional materials that were updated. The following MED-Project public promotional materials were available for viewing on the MED-Project website during the Reporting Period:

- The brochure was viewed and downloaded 377 times.
- The medication mail-back insert was viewed and downloaded 530 times.
- The inhaler mail-back insert was viewed and downloaded 189 times.
- The injector mail-back insert was viewed and downloaded 811 times.

The brochure and inserts were available online as a webpage and could be translated into more than 100 languages via a language translation tool on the website. See Appendix K for poster and brochure distribution information.

The MED-Project website lists all Collection Sites and Mail-Back Distribution Locations. The single coordinated website had 114,299 page views with 73,321 unique page views from 60,580 new users during the Reporting Period. See Appendix L for MED-Project website statistics and Appendix M for screenshots of MED-Project website pages and the single coordinated website.

B. Outreach Activities

MED-Project conducted the following outreach activities: provided broadcast TV, connected TV, streaming audio, print media, digital display, and online video advertising campaigns; sent broadcast emails; distributed public promotional materials; and posted information to the MED-Project website and social media platforms.

MED-Project's media outreach campaign utilized multiple platforms, including print advertisements in a newspaper, audio spots on a streaming audio service, and digital display ads on websites and mobile applications. Additionally, the campaign featured a PSA that aired on both broadcast TV and connected TV, as well as online video platforms. The reach percentage, and frequency for each media campaign are provided in the Media Outreach Summary in Appendix N. For social media and broadcast email activity, see Appendix O.

Broadcast emails, outlining the MED-Project services offered to Washington residents, were sent to Community Based Organizations, Law Enforcement Agencies (LEAs), Local Health Jurisdictions, Health Care Providers, and businesses and were issued quarterly.

MED-Project developed and distributed a digital promotional toolkit for Local Health Jurisdictions. The toolkit included ready-to-use resources, offering an efficient and flexible way for Local Health Jurisdictions to share information about MED-Project's services with their communities. In addition to social media images and captions, the toolkit included a promotional flyer and customizable press release, providing Local Health Jurisdictions with the opportunity to include individualized quotes and boilerplate information.

C. Language Services

Regulation Section 246-480-080(2)(k): *(i) List of languages that printed or downloadable public promotional material are available in, with description of any printed or downloadable promotional material not available in these languages.*

List or description of languages used in any television, radio, social media, or other nonprint promotional material;

(ii) List or description of languages available on the single website and program operator specific website; the single toll-free telephone number and program operator specific telephone number; and call centers associated with the single toll-free telephone number and program operator specific telephone number. This list or description must include the name of language service providers where applicable;

(iii) Description of how these languages or language services meet the language needs of people in Washington;

For a list of languages available on the MED-Project website, MED-Project call center, single coordinated website, and single coordinated phone number, see Appendix P:

MED-Project website: Table 15. The language provider for the MED-Project website was GTranslate.

MED-Project call center: Table 16. The language provider for the MED-Project call center was AnswerNet.

Single coordinated website: Table 17. The language provider for the single coordinated website was GTranslate.

Single coordinated phone number: Table 18. The language provider for the single coordinated phone number was AnswerNet.

The MED-Project website offers translations in over 100 languages, including all the languages specified by the Washington Secretary of State's voting materials language requirements. See Table 15; Languages on the MED-Project Website, for additional information.

MED-Project public promotion media campaigns were available in English, and all public promotional materials on the website were available in the languages available on the MED-Project website. MED-Project's brochure, Frequently Asked Questions, Standard Mail-Back Package insert, Injector Mail-Back Package insert, and Inhaler Mail-Back Package insert were available on the MED-Project website. Printed brochures and posters were available in English and Spanish.

D. Evaluation Activities

Regulation Section 246-480-080(2)(k): “(vi) *Description of evaluation activities shall include:*

(A) Evaluation of comments, questions, and concerns received from the public including evaluation of feedback themes and actions program operator has implemented or planned in response to feedback; and

(B) Evaluation of public education and outreach efforts, including evaluation of education and outreach implementation described in (g)(v) of this subsection.”

There were three media campaigns conducted that achieved reach results of 52%, 2%, and 6%, respectively, with a total annual reach of 55%

MED-Project tracks visits to the MED-Project website to promote the use of the Program and provide relevant information. As a measure of evaluation, MED-Project used the number of visits to the website as an indication of a resident's potential to participate in the Program. MED-Project also evaluated the number of website page views for the Find a Location and Mail-Back Services pages. MED-Project had 25,565

total visits to the website, including 10,270 visits to the Find a Location Page and 7,845 visits to the Mail-Back Services page.

In addition to the MED-Project specific website, MED-Project coordinated with the other Program Operator in maintaining a neutrally branded single coordinated website (www.medtakebackwashington.org). The single coordinated website had 114,299 page views, with 73,321 unique page views from 60,580 new users.

MED-Project reached out to 35 Local Health Jurisdiction contacts on October 24, 2024, to provide information about the supplemental services available in Population Centers where Collection Sites are not established. This communication was also used to determine if Local Health Jurisdiction preferences for supplemental services available in their communities have changed since the initial consultation was conducted in 2020. MED-Project received 14 responses. 93% of the respondents supported a public facility, such as a town hall or library, that offers Mail-Back Packages to residents on an ongoing basis, year-round. Additionally, 100% of the respondents supported an outreach campaign to raise awareness with residents about how to request Mail-Back Packages, targeted at households in incorporated cities and towns in the State. The responses MED-Project received were consistent with the supplemental services MED-Project currently provides.

MED-Project maintained a community feedback questionnaire on the community feedback page of the MED-Project website and collected feedback via the call center and email at washington@medproject.org.

MED-Project received four completed community feedback questionnaires from residents during the Reporting Period. Of the four respondents, two found Program services were easy to locate, two expressed a preference for dropping off Covered Drugs in a Collection Receptacle at a pharmacy or Law Enforcement Agency (LEA), while one preferred to have a Mail-Back Package sent directly to their home address. One had no preference. Of the respondents, one had utilized the Program.

Additionally, MED-Project received feedback from a resident via the call center regarding their inability to drop off medication due to a full Collection Receptacle. The feedback was promptly addressed by MED-Project call center staff, and the issue was promptly resolved.

One possible reason for the level of feedback that MED-Project received is that individuals are often more inclined to provide feedback when they experience issues, rather than when a service is operating smoothly. Given that the Program is designed to be an easy and accessible resource, it is possible that residents did not feel the need to submit feedback. Based on the number of responses from the community feedback questionnaire, and the content of the feedback, MED-Project did not implement any changes to the Program.

VII. Packaging Recycling

Approved Plan Section X: *“A description of how collected packaging was recycled to the extent feasible.”*

Regulation Section 246-480-080(2)(l): *“A description of how collected packaging was recycled to the extent feasible.”*

As described in the Approved Plan, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Approved Plan, MED-Project has concluded that separation of inner and/or outer packaging from Covered Drugs or recycling packaging would raise three significant concerns:

1. Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging.
2. Separating and recycling drug packaging could increase the potential of releases and leakage of Covered Drugs.
3. Separating and recycling drug packaging could increase diversion risks by adding additional steps to the collection process and because drug packaging is used in drug counterfeiting and would be a diversion target itself.

For these reasons, the Approved Plan does not provide for the separation and recycling of packaging from Covered Drugs.

VIII. Program Goals

Approved Plan Section X: *“A summary of the Program's goals for collection amounts and public awareness, the degree of success in meeting those goals, and, if any goals have not been met, what effort will be made to achieve those goals the following year.”*

Regulation Section 246-480-080(2)(m): *“A summary of the program's goals for collection amounts and public awareness shall include:*

- (i) Description of goals for the reporting year;*
- (ii) Description of goals for the following year, including identification of any unmet goals carried forward; and*
- (iii) Description of how program operator calculates or quantifies progress toward goals, including any percentages included in goals.”*

Regulation Section 246-480-080(2)(n): *“A summary of degree of success in meeting goals shall include description of why goals were not met and*

what effort program operator will make to achieve those goals the following year.”

A. Collection Amount Goals

MED-Project estimated the typical full-year collection to be 300 pounds per Collection Site. See Approved Plan Section V. MED-Project collected 173,7668.8 pounds of Covered Drugs from 574 Collection Sites. MED-Project collected on average approximately 303 pounds of Covered Drugs per Collection Site during the Reporting Period to meet the 2024 collection amount goal. MED-Project collected a total of 178,150.2 pounds through all collection methods. This performance demonstrates MED-Project's high degree of success in meeting its collection amount goal.

B. Public Awareness Goals

MED-Project sustained continued outreach throughout the State designed to be viewed by 50% of State residents over the age of 18. MED-Project met that public awareness goal using the following media channels:

- Broadcast TV
- Connected TV
- Streaming audio
- Print media
- Online video
- Digital display

There were three media campaigns conducted that achieved reach results of 52%, 2%, and 6%, respectively, with a total annual reach of 55%. For additional information about media campaigns, please see Appendix N, Media Outreach Summary.

IX. Program Expenditures

Approved Plan Section X: “The Program’s annual expenditures itemized by the following categories, consistent with WAC 246-480-040(5) and WAC 246-480-080(2):

Administrative costs.

Collection and disposal costs.

Communications costs.”

Regulation Section 246-480-080(2)(o): *“The program's annual expenditures, itemized by program category shall be organized using the criteria described in WAC 246-480-040(5).”*

See Appendix Q, Annual Expenditures.

Appendix A

Participating Covered Manufacturers

Parent Company Name	Company Name	Street Address	City	State/Province	Zip/Postal Code	Country	Program Washington State	Add?	Drop?	Producer
60 Degrees Pharmaceuticals, Inc.	60 Degrees Pharmaceuticals, Inc.	1025 Connecticut Ave NW Suite Suite 1000	Washington	District of Columbia	20036	United States	Washington State	N/A	N/A	Parent Company is a Producer

Appendix I

Safety and Security Report

Event Category 1:

Description: Seven instances involved shipping discrepancies in which Covered Drug boxes and liners (“Boxes and Liners”) or Inhaler Mail-Back Packages were not transported per the Plan to the listed destruction facilities. With respect to certain discrepancies, MED-Project understands that there have been rare exceptions in which the Carrier cannot deliver a package to its destination or return it to the shipper for reasons including, but not limited to, the loss of shipping information, such as a damaged shipping label. The Vendor has reported that the Carrier has policies and procedures for managing such packages, including destruction at a permitted medical waste incinerator.

Corrective Actions Taken: MED-Project submitted a change request to the Department to add an additional destruction facility. With respect to certain discrepancies, MED-Project also notified the Collection Sites and encouraged the Collection Sites to evaluate any potential reporting obligations they may have to law enforcement, to the Washington State Pharmacy Quality Assurance Commission, and to the United States Drug Enforcement Administration (“DEA”). MED-Project additionally requested the Vendor provide a detailed report of its investigation, findings, and any changes in policy or procedures that Vendor has or is planning to make as a result of certain apparent discrepancies. MED-Project is not aware of any changes made to Vendor policies, procedures, or tracking mechanisms resulting from the instances described in Event 1.

Dates: MED-Project reported these events to the Department on February 14, 2024, May 15, 2024, July 15, 2024, October 15, 2024, November 15, 2024, and December 13, 2024.

Event Category 2:

Description: Eleven instances involved Collection Site Covered Drug collection activities that were not conducted per the Plan.

Corrective Actions Taken: MED-Project implemented corrective actions such as reminders for DEA regulatory and State licensing requirements, availability of MED-Project guidance for training materials, and 24/7/365 MED-Project Help Desk support availability for questions concerning the Collection Receptacle or supply needs.

Dates: MED-Project reported these events to the Department on May 15, 2024, June 14, 2024, July 15, 2024, September 13, 2024, and October 15, 2024.

Event Category 3:

Description: Three instances involved technician collection activities that were not conducted per the Plan.

Corrective Action Taken: MED-Project issued letters to the Collection Sites reminding them of DEA requirements for Collection Site DEA registrants, when applicable. The Vendor additionally confirmed that technicians training was verified, when applicable.

Dates: MED-Project reported these events to the Department on September 13, 2024, October 15, 2024, and December 13, 2024.

Appendix J

MED-Project Public Promotional Materials Developed During the Reporting Period³

What items can I dispose of in a drop box?

Please separate and remove any items and medication that are not accepted before disposing.

Accepted:
Medications in any dosage form, except for those identified as Not Accepted below, in their original container or sealed bag.

NOT Accepted:
Herbal remedies, vitamins, cosmetics, batteries, mercury-containing thermometers, sharps, and illicit drugs.

To learn more about drop-off locations, mail-back supply locations, and take-back events, visit medtakebackwashington.org.

What should you do with your expired or unwanted medication?

Medicine helps treat disease, manage chronic conditions, and improve health and well-being for millions of Americans. Adhering to your medication routine means taking your medicine as directed by your healthcare provider or as indicated on the label or packaging—the right dose, at the right time, in the right way. Then, store it securely, and dispose of it safely, to prevent accidental ingestion or misuse by others, including children and pets.

MED-Project programs and services make it safe, free, and convenient for you to dispose of medication.

Use as Directed

Use medication as directed. If there are specific instructions on the label, package, or package insert, please follow those instructions. If you have any questions, ask your health care providers.

Store Securely

Follow storage instructions as provided on medicine labels and the information accompanying the medicine. Keep medications in a secure location, safely away from people or pets.

Dispose Safely

Check your medicine cabinet and remove all expired and unwanted medication. If you do not know if a drug is still safe, check with your pharmacist. Count medication to keep track of amounts. Drop off or mail back expired or unwanted medications for safe disposal.

Disposal of Household Medication

MED-Project provides safe, free, and convenient disposal options for household medications in your community.

Drop Box

Conveniently located drop boxes are available in your area. To find a drop box near you, visit the Find a Location section of medtakebackwashington.org.

Mail-Back

Mail-back packages are available in your area. All mail-back packages are pre-addressed with postage pre-paid. To order a Mail-back package, visit the Mail-Back section of medtakebackwashington.org.

MED-Project may have mail-back package distribution or informational sites in your area.

To find out more about the disposal options in your area, visit medtakebackwashington.org.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medication.

¿Qué artículos puedo eliminar en un buzón?

Separe y desmonte todos los artículos y medicamentos no aceptados antes de desecharlos.

Aceptados:

medicamentos en cualquier forma de dosificación, excepto aquellos identificados como No Aceptados a continuación, en su envase original o bolsa sellada.

Si transfiere medicamentos a una bolsa sellada, asegúrese de reciclar el envase restante.

NO Aceptados:

remedios a base de hierbas, vitaminas, productos cosméticos, baterías, termómetros de mercurio, objetos punzantes y drogas ilegales.

Para obtener más información sobre los lugares de entrega, los lugares de devolución de suministros por correo y los eventos de devolución, visite medtakebackwashington.org.

Para más información sobre MED-Project, visite nuestro sitio web.

Para más información sobre Devolución Segura de Medicamentos visite medtakebackwashington.org o llame al (844) 4-TAKE-BACK

¿Qué se debe hacer con un medicamento caducado o no deseado?

Los medicamentos ayudan a tratar enfermedades, controlar afecciones crónicas y mejorar la salud y el bienestar de millones de estadounidenses. Cumplir con su rutina de medicamentos significa tomar su medicamento según las indicaciones de su proveedor de atención médica o según lo indicado en la etiqueta o el envase: la dosis correcta, en el momento correcto, de la manera correcta. Luego, guárdelo protegido y elimínelo de manera segura para evitar la ingestión accidental o el mal uso por parte de otras personas, incluidos niños y mascotas.

Los programas y servicios de MED-Project hacen que la eliminación de medicamentos sea segura, gratuita y conveniente para usted.

Ingerir según lo indicado

Ingiera el medicamento según las indicaciones. Si hay instrucciones específicas para la eliminación en la etiqueta, el envase o el prospecto, siga esas instrucciones. Si tiene alguna pregunta, consulte a sus proveedores de atención médica.

Almacenamiento protegido

Siga las instrucciones de almacenamiento provistas en las etiquetas de los medicamentos y en la información que los acompaña. Mantenga los medicamentos en un lugar protegido, lejos de personas o mascotas.

Eliminación segura

Revise su botiquín y elimine todos los medicamentos caducados y no deseados. Si no sabe si un medicamento sigue siendo seguro, consulte con su farmacéutico. Cuente los medicamentos para realizar un seguimiento de las cantidades. Deje o devuelva por correo los medicamentos caducados o no deseados para su eliminación segura.

Eliminación de medicamentos domésticos

MED-Project ofrece opciones seguras, gratuitas y convenientes para eliminar medicamentos domésticos en su comunidad.

Buzón

Buzones bien ubicados disponibles en su área. Para encontrar un buzón cercano, visite la sección Buscar una ubicación de medtakebackwashington.org.

Devolución por correo

Los paquetes de devolución por correo están disponibles en su área. Todos los paquetes de devolución por correo tienen la dirección y el franqueo prepagos. Para solicitar un paquete de devolución por correo, visite la sección Devolución por correo de medtakebackwashington.org.

MED-Project puede tener distribución de paquetes de devolución por correo o sitios informativos en su área.

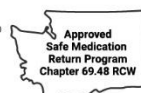

Para obtener más información sobre las opciones de eliminación cercanas, visite medtakebackwashington.org.

Para proteger su privacidad, se les recuerda a los pacientes que eliminen toda la información de identificación personal de las etiquetas o los envases de los medicamentos antes de desechar los medicamentos no deseados.

Accepted

Covered drugs: A Covered drug is any drug that is not excluded from the definition of covered drug and is a drug from a covered entity that the covered entity no longer wants and that the covered entity has abandoned or discarded or intends to abandon or discard. "Covered drug" includes legend drugs and over-the-counter drugs, brand name and generic drugs, drugs for veterinary use for household pets, and drugs in medical devices and combination products.

Not Accepted

- Herbal remedies and homeopathic drugs
- Vitamins, minerals, or supplements
- Cosmetics, shampoos, sunscreens, lip balm, toothpaste, antiperspirants, or other personal care products
- Biological drug products
- Drugs administered in a clinical setting
- Empty injector products or empty medical devices
- Exposed needles or sharps
- Pest pesticide products
- Batteries
- Mercury-containing thermometers
- Block drugs

Do not place medicine in the trash or recycling and never flush them down the sink or toilet.

Why Safe Medication Return?

Medications help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. You should dispose of these medications safely when they are no longer needed to prevent accidental ingestion or misuse by others, including children and pets. Do not place medicine in the trash or recycling and never flush them down the sink or toilet. Learn more about your free options to safely and securely dispose of household unwanted medication in Washington state.

Local take-back events offer immediate, safe, free, and convenient ways to dispose of expired or unwanted household medication. The local authorities and MSD Project or local intelligence may also sponsor local drug take-back events in your area. To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicine.

There are no upcoming take-back events at this time. Please check back later.
