Chris Pettit
WA DOH Office of Drinking Water

Your request for Continuing Education Unit (CEU) assignment of the following training has been approved:

Course Title: DOH Drinking Water State Revolving Fund Workshop
Course Sponsor: WA DOH Office of Drinking Water
CEU Assigned: 0.7

COURSE IDENTIFICATION

The above-named course has been approved and assigned a course identification number of **A3549**. You must refer to this identification number on the Training Roster and on any other correspondence regarding this CEU assignment. Renewed courses keep their same course identification number.

SUBMIT COURSE COMPLETION DOCUMENTS

DOH recommends that the [Training Roster](#) be submitted to WCS within 30 days of the completion of training. Once received, CEUs will be recorded on the transcripts of certified waterworks operators that have a certification number listed and have not yet met the professional growth requirement for the current reporting period. Participants must complete the entire course. No partial CEU may be awarded.

COURSE EXPIRATION

This CEU assignment is valid for three (3) years from today. Should you wish you renew this CEU assignment, you are required to submit a new [Request for Course Evaluation and CEU Assignment](#) package. Renewed courses will keep their same course identification number.

ADVERTISE YOUR COURSE

Your training has been posted to our [List of Approved Live Training](#). In addition, you may wish to include your training on the WaterOperator.org calendar. You can request your training be added to the calendar by emailing info@wateroperator.org. Please note this third-party service is not affiliated with WCS or DOH in any way.

COURSE SPONSOR REQUIREMENTS

This CEU assignment is valid only for training held within Washington state or conducted remotely following additional [remote training criteria](#). This course may not be transferred to a different training sponsor. Review the [Training Course Sponsor](#) portion of the WCS website for additional information.

QUESTIONS

If you have questions about this CEU assignment or the professional growth requirement, please call our office at (253-288-3357) or visit Washington Certification Services online at www.wacertservices.org.

Thank you for your contribution to the continuing education of certified waterworks operators.
