Overview: Avoiding Certification Delays

Submitting a complete application helps move the **Home Care Aide certification process** along. Delays can be intensified when applications are missing information, are incomplete, or documents are omitted.

Tips on the following:

- **Application fields**
- **Required forms**
- **Fees and Scheduling**
- **Navigating Systems**

Application Fields

- Email Address
- Background Check OCA number

The importance of email

To help staff avoid delays when submitting the DOH application, remind them to:

- **Provide a valid, legible email address.**
- **Check their spam and junk folders** for important emails from DOH.
- **Consider adding their employer's email** to ensure they get important updates too.
- **Let DOH know right away** if they change their email address.

Understanding the OCA Number

Before applying for Home Care Aide certification, it's important to know what the **OCA number** is, why it's needed, and where to find it.

Having this information ready helps **avoid delays** and ensures a **smoother application process**.

What is an OCA Number?

- A **7-digit unique number** assigned to a background check inquiry. (Example: **7654321**)
- A **required field for the DOH application**
- Also called an **Inquiry ID** -“Inquiry ID/OCA”. In most instances it will say both Inquiry ID/OCA, but sometimes, it will say one or the other. For example:

This is a screenshot from the Background Check System (from the BCS Entity User Guide):

Where Can the OCA number be found?

- Can be found in the Grid in the Background Check System, right next to the applicant's name.
- It is printed on the **Fingerprint Appointment Form** that you **must provide to your staff** to bring to their fingerprint appointment.

Background Check Type: **Washington State Name & Date of Birth Background Check**

An OCA number from a Name and Date of Birth Background Check is **not valid** for the DOH application and using it will delay processing the application!

Make sure the OCA number says **"Interim Fingerprint or Final Fingerprint"** before using it.

Fixing OCA Number Errors

The DOH application cannot be processed until the correct OCA number is provided.

- **Instruct staff to check their email and look for a message from DOH!** DOH will send details if there's an issue with the OCA number.
- **They should follow the instructions in the email** to contact either:
 - **Their employer** to get the correct OCA number.
 - **Background Check Central Unit** at **360-902-0299**
- **Important:** BCCU **does not provide OCA numbers over the phone** but will email the correct number **directly to DOH**.
- **After requesting the update, encourage staff to contact DOH** to confirm they received the email from BCCU.

Background Check: Avoid Delays

REMIND YOUR STAFF :

- **To check their email regularly!** DOH may request additional documentation regarding a background check or health condition.
 - **Respond immediately** to avoid delays in credential processing.
 - If DOH requests court documents or written explanations, **submit them promptly** to the **Exception Unit**.
- A **criminal history does not automatically disqualify** certification, but missing documentation **keeps their credential in pending status**.
- **No response = No progress!** Certification **will not move forward** until all required documents are received and processed.
