RE: Determination of Reviewability #25-14 – Department’s Decision

Jungwon Park, MD:

Thank you for your September 9, 2025, email notifying the Certificate of Need (CN) program that Cascadian Plastic Surgery PLLC will not be seeking licensure as an Ambulatory Surgical Facility (ASF).

CONCLUSION

Because Cascadian Plastic Surgery PLLC will not be licensed as an ASF, the CN program does not have regulatory oversight of this facility and Certificate of Need review is not required at this time.

CHANGES THAT MAY AFFECT THIS DECISION

This determination is based on the understanding that Cascadian Plastic Surgery PLLC will not be licensed as a healthcare facility type regulated by the CN program. If, in the future, the facility pursues ASF licensure or any other licensure that falls under CN oversight, a new Determination of Reviewability or full Certificate of Need review will be required.

If you have any questions or would like to arrange for a meeting to discuss this decision, please call (360) 236-2955.

Sincerely,

Eric Hernandez, Program Manager
Office of Community Health Systems
