

WASHINGTON STATE
Child Wellness Survey

2024-2025

The 2024-2025 Washington Child Wellness Survey (CWS) asked Washington families about their children aged 0-5. Parents and caregivers answered questions about their child's wellbeing. King County families participated in the Best Starts for Kids Health Survey instead, but those results are added to CWS data to show statewide trends.

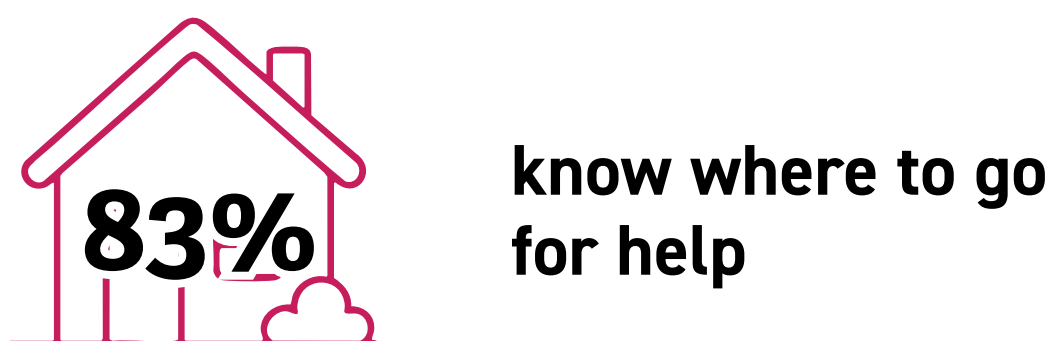

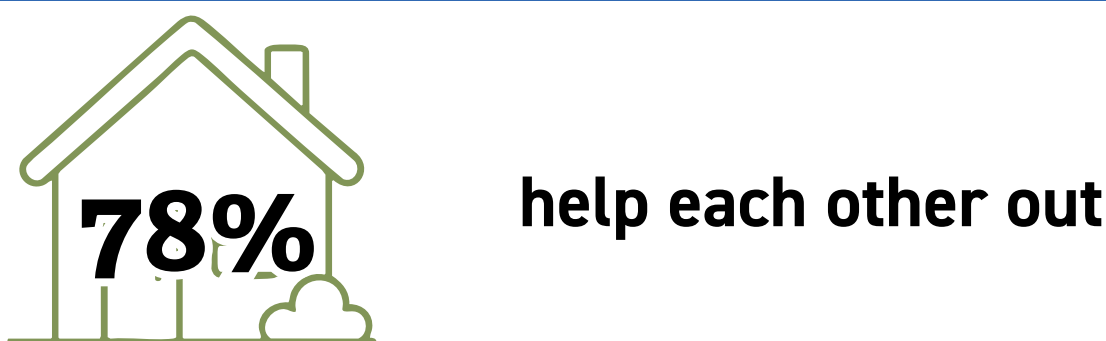

Caregiver Mental Health

Self-rated mental health of Washington parents and caregivers

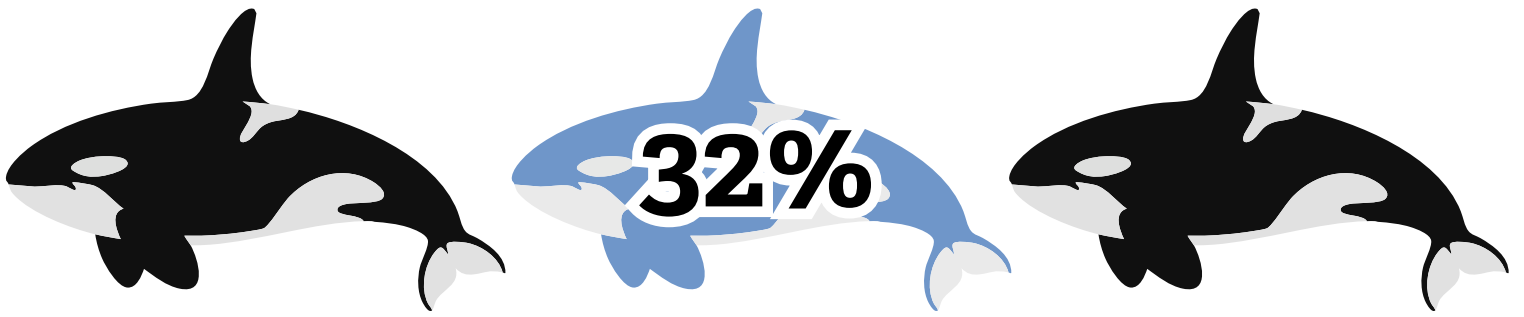

Neighborhood Traits

Percent of families that agree that people in their neighborhood...

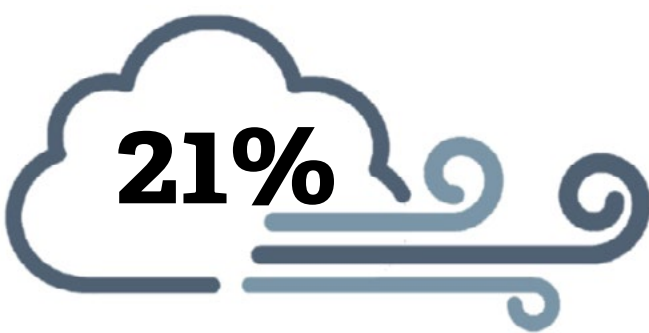

Impact of Emotion on Caregiving

of caregivers agree that how they are feeling affects how they care for their children

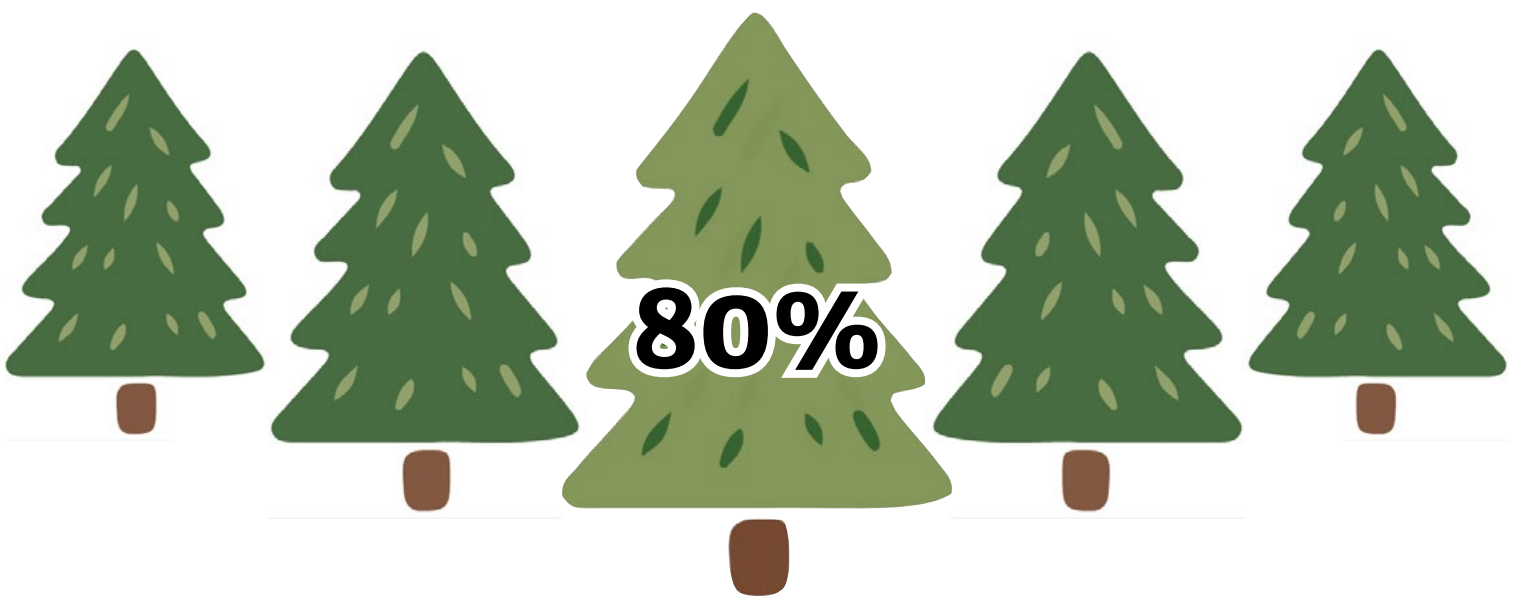

Caregiver Discrimination
